9.14 RECOVERY RESTRICTION

RFP Reference: 17.

SCOPE OF WORK FOR PROGRAM RECOVERIES

RFP Reference: 17.

> The Contractor shall not attempt TPL recovery for programs other than those described in Sections 5 through 7 of the Scope of Work without the written approval of AHCCCS.

HMS's current contract performance for AHCCCS provides services in support of the Scope of Work as outlined in the procurement in Sections 5 through 7. Our standard business practices strictly adhere to each of our clients' requirements and are documented internally for our operations teams. The Project Requirements Document (PRD) aligns each client's contractual requirements stated in the Scope of Work to the services required to be performed. The PRD ensures that AHCCCS services are strictly followed while work is performed for the contract. Should AHCCCS and HMS agree to modify the requirements during the contract, the PRD will be updated to reflect the changes so that our Operations staff adjust the work process accordingly.
