11. STATEMENT OF INTENT TO PROVIDE CERTIFICATE OF INSURANCE [SPECIAL INSTRUCTIONS, SECTION 4]

Upon notification of contract award, CNSI will submit the applicable certificate(s) of insurance to AHCCCS, as required within this RFP document, within five business days of such notification.

The certificates of insurance will be a valid ACORD form, which will hold as evidence that CNSI has the insurance required by the resulting Contract. An authorized representative of the insurer will sign the contract.

CNSI will provide these certificates of insurance and policy endorsements before commencement of work under the resulting Contract. CNSI will maintain these insurance policies throughout the life of the Contract to insure against any material breach of contract.

All certificates required by the resulting Contract will be sent directly to the Department, and the State's project/contract number and project description will be noted on the certificate of insurance.
