

## You Have Voice and Choice In Your Health Care Decisions

**Voice:** You are your best advocate. Speak up to ensure that you receive the medical and behavioral health services that you need. You are a vital part of a service delivery team and an equal partner in the planning and delivery of services.

**Choice:** You have the right to request covered services and choose where to receive these services within your network.

**Be Involved:** You have a right to be actively involved in the service planning process. The plan focuses on you and your needs. You can ask your team about your covered service options.

The Arizona Health Care Cost Containment System (AHCCCS) is committed to ensuring the availability of timely, quality health care.
