

APEP

AHCCCS Provider Enrollment Portal

New system went live for providers on 08/31/2020

Challenges

- Staff orientation / Learning Curve
- Provider training and orientation
- Call volume increase

Strategies for success

- Online training provided to over 1400 providers in August
- Online videos and written tutorials for providers
- Email box established for APEP questions
- Increased call center staff

Processing Time

- **Goal is, and always was, to process applications in 30 days**
 - Prior to August 2020, the team focused on ensuring there was not a backlog when we migrated to the new system. This strategy resulted in very low processing times.
 - Current time frame is about 39 days for new applications and updates.
 - If there is a need for an expedited process, it will still take a minimum of 8 days for processing in APEP

Re-Registration Process

- **All Providers will need to Re-Register in APEP**
 - It will take about 15 months to complete this process for all 98,000 Arizona providers
 - About 7,000 providers each month will receive a letter with a unique application number to begin the re-registration process
 - This process is to ensure that converted information for each provider is accurate
 - For many providers, the re-registration will be considered a revalidation and be good for 4 years

Re-Registration Process

- **All Providers will need to Re-Register in APEP**
 - If a provider needs to update their existing record before they receive their re-registration letter/unique application number they can contact our call center. 602-417-7670 Option 5
 - It will take 3 - 5 days to receive a unique application number so it is important to plan ahead when this occurs

What can Providers do to help?

- Use APEP as opposed to submitting paper applications
- Be patient and allow at least 30 days for processing
- Try to refrain from calling and also using multiple email addresses for the same question/concern

Questions can be sent to:

- APEP related:
 - APEPTrainingQuestions@azahcccs.gov
- All others:
 - PRnotice@azahcccs.gov

Questions?

Thank You.

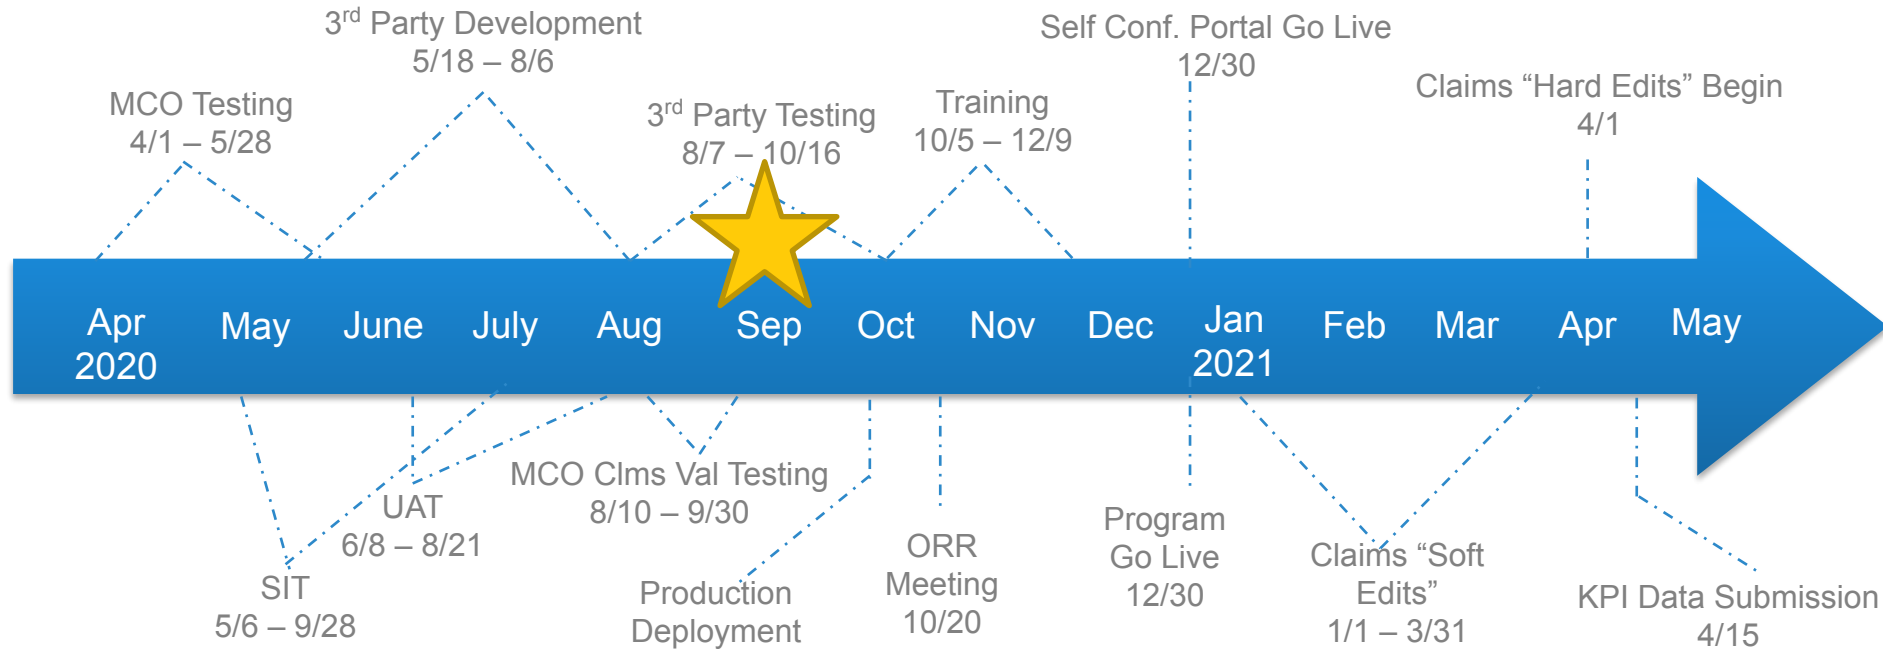

Electronic Visit Verification
