The Arizona Health Care Cost Containment System (AHCCCS) is Arizona's Title XIX Medicaid program operating under an Arizona Section 1115 Waiver Demonstration and Title XXI Children's Health Insurance Program (CHIP) program operating under Title XXI Arizona State Plan authority. In 1982, Arizona introduced its innovative Medicaid program by establishing AHCCCS, a demonstration program based on principles of managed care. In doing so, AHCCCS became the first statewide Medicaid managed care system in the nation.

The purpose of the Contract between AHCCCS and the Contractor is to implement and operate the AHCCCS Complete Care (ACC) Program pursuant to A.R.S. § 36-2901 et seq. In addition, select ACC Contractors shall have expanded responsibilities as an ACC Contractor with a Regional Behavioral Health Agreement (ACC-RBHA). The Competitive Contract Expansion (CCE) Solicitation #YH20-0002, effective October 1, 2022, is an amendment to the ACC Contract #YH19-0001. The terms delineated in the CCE apply to the ACC-RBHA Contractor **in addition to** the terms delineated in the ACC Contract. An '**(ACC-RBHA)**' indicator is utilized in this Contract to identify specific responsibilities for the ACC-RBHA Contractor.

The Contractor shall be responsible for the provision of integrated care addressing **physical health and behavioral health needs** as specified in this Contract and as specified below:

(ACC) - Physical health and behavioral health services to Title XIX/XXI eligible members including adults with General Mental Health/Substance Use (GMH/SU) needs and children, including those with Special Health Care Needs (SHCN) (e.g., members with a Children's Rehabilitation Services [CRS] designation).

The Contractor is not responsible for the provision of physical health or behavioral health services for Arizona Long Term Care System Elderly/Physically Disabled (ALTCS E/PD), Division of Child Safety/Comprehensive Health Plan (DCS/CHP), Department of Economic Security/Division of Developmental Disabilities (DES/DDD), or American Indian Health Plan (AIHP) members.

Additionally, the ACC-RBHA Contractor is not responsible for the provision of physical health care services for Title XIX/XXI eligible members with an SMI designation who opt-out for cause from the ACC-RBHA Contractor to another ACC Contractor to receive physical health services as specified in AHCCCS Contractor Operation Manual (ACOM) Policy 442; however, the ACC-RBHA Contractor continues to remain responsible for provision of behavioral health services for these members. Refer to Section D, Paragraph 3, Enrollment and Disenrollment.

In the event that a provision of State or Federal law, regulation, or policy is repealed or modified during the term of this Contract, effective on the date the repeal or modification by its own terms takes effect:

AHCCCS Mission and Vision: The AHCCCS mission and vision are to reach across Arizona to provide comprehensive quality health care to those in need while shaping tomorrow's managed health care from today's experience, quality, and innovation. AHCCCS is dedicated to continuously improving the efficiency and effectiveness of the Medicaid program while supporting member choice in the delivery of the highest quality care to its customers. Navigating the complex health care system is one of the greatest challenges for individuals in obtaining medically necessary health care. AHCCCS continues its work to reduce fragmentation of service delivery and to create a more effective health care system. AHCCCS' efforts to further integrate care delivery systems and properly align incentives are designed to transition the structure of the Medicaid program to improve health outcomes and better manage limited resources. The Contractor is expected to address the whole health needs of Arizona's Medicaid population and improve the member experience.

AHCCCS continues to pursue multiple long-term strategies that can effectively bend the cost curve including system alignment and integration, payment modernization, program integrity, Health Information Technology (HIT), and continuous Quality Improvement (QI) initiatives.

AHCCCS expects the Contractor to implement program innovation and best practices on an ongoing basis. Furthermore, it is important for the Contractor to continuously develop mechanisms to improve program efficiency and reduce administrative cost. Over the term of the Contract, AHCCCS will work collaboratively with the Contractor to evaluate methods to reduce program complexity, administrative burden, and unnecessary administrative and medical costs; and to improve care coordination, disease/chronic Care Management, and leverage joint purchasing power.

AHCCCS has remained a leader in Medicaid through the diligent pursuit of excellence and cost-effective managed care in collaboration with Contractors.

The Contractor shall continuously add value to the ACC Program. A Contractor adds value when it:

The Contractor shall collaborate with AHCCCS and be innovative in the implementation of these initiatives. Whole Person Care Initiative: AHCCCS' Whole Personal Care Initiative (WPCI) is the next system innovation in integrated health care delivery to address social risk factors of health--commonly referred to as Social Determinants of Health (SDOH), which impact a member's health and well-being.

The Contractor shall implement strategies and practices to expand upon existing efforts to address a member's whole person care.

The Contractor shall utilize the AHCCCS-Approved Statewide Closed-Loop Referral System (CLRS) and actively promote provider network utilization of the CLRS to properly refer members to Community Based Organizations (CBOs) providing services addressing social risk factors of health. The Contractor shall have organizational, management, staffing and administrative systems capable of meeting all Contract requirements with clearly defined lines of responsibility, authority, communication, and coordination within, between and among Contractor's departments, units, or functional areas of operation.

Integrated Service Delivery (ACC): Integrating the delivery of behavioral and physical health care is essential in improving the overall health of members. From a member perspective, this approach improves individual health outcomes, enhances care coordination, and increases member satisfaction. From a system perspective, it increases efficiency, reduces administrative burden, and fosters transparency and accountability.

Coordinating and integrating care is expected to produce improved access to primary care services, increased prevention, early identification, and intervention to reduce the incidence of serious physical illnesses, including chronic disease. Increasing and promoting the availability of integrated, whole person care for members with chronic behavioral and physical health conditions will help members achieve better overall health and an improved quality of life.

The Contractor shall develop specific strategies to promote the integration of physical health and behavioral health service delivery and care integration activities. Strategies are expected to focus on, but not be limited to:

1. Implementing care coordination and Care Management best practices for physical health and behavioral health care.

Providers of integrated care shall operate as a team that functions as the single-point of whole-health treatment and care for all of a member's health care needs. 10. Maintaining organizational structure and operational systems and practices that support the delivery of integrated services for physical health and behavioral health care.
11. Using the following strategies to achieve system goals:
 - a. Early screening, identification and intervention that reduces the incidence and severity of serious physical, and mental illness,

The Contractor shall ensure system goals result in the following outcomes:

1. Reduced rates of unnecessary or inappropriate emergency room use.
2. Reduced need for repeated hospitalization and re-hospitalization.
3. Reduction or elimination of duplicative health care services and associated costs.
4. Improved member's experience of care and individual health outcomes.

Integrated Service Delivery for Individuals with A Serious Mental Illness Designation (ACC-RBHA): In addition to the above, under this Contract, the ACC-RBHA Contractor is the entity that is responsible for administrative and clinical integration of health care service delivery for members with an SMI designation, which includes coordinating Medicare and Medicaid benefits for members with an SMI designation who are dual eligible. AHCCCS expects the ACC-RBHA Contractor to embrace the principles below and demonstrate an unwavering commitment to treat each and every member with dignity and respect as if that member were a relative or loved one seeking care. The Contractor shall comply with all terms, conditions, and requirements in this Contract while embedding the following principles in the design and implementation of an integrated health care service delivery system:

1. Physical, behavioral, peer, and family support providers shall share the same mission to place the member's whole-health needs above all else, as the focal point of care.
2. All aspects of the member experience, including engagement, treatment planning, service delivery and customer service shall be designed to promote recovery and wellness as defined by the member.
3. Member input shall be incorporated into developing individualized treatment goals, wellness plans, and services.

System Values and Guiding Principles: The Contractor shall ensure effective coordination of care for delivery of services to eligible members. The following values, guiding system principles and goals are the foundation for the development of this Contract. 19. Transparency.

The Arizona Association of Health Plans: To assist in reducing the burden placed on providers and to enhance Contractor collaboration, the Contractor is required to be a member of the Arizona Association of Health Plans (AzAHP). AzAHP is an organization dedicated to working with elected officials, AHCCCS, Health Care Plans, health care providers, and consumers to keep quality health care available and affordable for all Arizonans.

Assisting Individuals with Eligibility Verification and Screening Application for Public Benefits (ACC): The Contractor shall have processes in place to assist providers to comply with A.R.S. § 36-3408 for screening individuals requesting covered services for Medicaid and Medicare eligibility and other public health benefits as specified in AMPM Policy 650.

The Contractor shall ensure that providers have access to and are familiar with the eligibility key codes and/or AHCCCS rate code and assist with interpreting provider responsibility for the delivery of Title XIX/XXI covered services as specified in AMPM Policy 650.

The Contractor shall develop and make available to providers policies and procedures that include specific contact information for requests from providers on who a member can contact in the behavioral health system for an appointment if an individual who refuses to participate in the screening/application process later chooses to participate.

Assisting Individuals with Eligibility Verification and Screening Application for Public Benefits (ACC-RBHA): In addition to the above, the Contractor shall develop and make available to providers policies and procedures that include specific information on how to set up a clinical consultation with a Behavioral Health Medical Professional (BHMP) should an individual with an SMI designation be unwilling to complete the AHCCCS screening/application process or to enroll in a Medicare Part D plan as specified in AMPM Policy 650. The Contractor shall require providers to submit notification to the Contractor when an individual with an SMI designation refuses to participate in the screening/eligibility process. The Contractor is responsible for providing written notification of the intended termination of behavioral health services to the member.

Serious Mental Illness Eligibility: The Contractor shall ensure the identification and assessment of enrolled members by qualified clinicians to identify those individuals who may meet the SMI eligibility criteria as specified in AMPM Policy 320-P.

Serious Mental Illness Eligibility Evaluations and Determination (ACC): For members enrolled with an ACC Contractor who, after enrollment, have an SMI designation, the member shall be transitioned to an ACC-RBHA Contractor for both physical health and behavioral health service provision upon turning 18; or for American Indian members, one of the below options, based on the member's election:

1. AIHP for both physical health and behavioral health service provision.
2. AIHP for physical health and a Tribal Regional Behavioral Health Authority (TRBHA) for behavioral health care coordination, if available.

Members with an SMI designation may later request, and be granted, the option to transfer their physical health care services (opt-out) from the assigned ACC-RBHA Contractor to an ACC Contractor. Refer to ACOM Policy 442 and Section D, Paragraph 3, Enrollment and Disenrollment.

Payment for evaluations conducted for the purpose of an SMI Eligibility Determination is the responsibility of the Contractor and may not be conducted by Contractor staff. The Contractor is responsible for coordinating SMI eligibility evaluations, including urgent evaluations, when a member is hospitalized for psychiatric reasons. The Contractor shall ensure SMI eligibility evaluations (including decertifications), and all required documentation is completed accurately and referred timely and comprehensively to the AHCCCS designee authorized to render SMI Eligibility Determinations.

As part of the Contractor's Care Management and/or high needs/high cost program, as specified in Section D, Paragraph 23, Medical Management, the Contractor shall have a robust process to identify and refer members who may meet SMI eligibility criteria to receive an SMI eligibility assessment as specified in AMPM Policy 320-P. The Contractor shall ensure SMI Eligibility Determination Evaluation Packets include at a minimum, the following documentation:

1. AMPM Policy 320-P, Attachment A, SMI Determination Form.
2. Consent Form(s).
3. Comprehensive Assessment.
4. Waiver to extend three-day SMI Eligibility Determination timeframe, as applicable.
5. Additional records available for consideration.
6. All Signed Release(s), if appropriate.

The Contractor shall cooperate with AHCCCS and the SMI Eligibility Determination designee by establishing and implementing systems or processes for communication, consultation, data sharing, and the exchange of information. The Contractor shall immediately establish SMI services and ensure effective and comprehensive care coordination based on the presenting needs of the member once an SMI Eligibility Determination has been rendered.

The Contractor shall comply with all requirements specified in AMPM Policy 320-P.

Serious Mental Illness Eligibility Evaluations and Determination (ACC-RBHA): In addition to the above, the ACC-RBHA Contractor is responsible for coordinating SMI evaluations for Non-Title XIX/XXI members and members who are incarcerated and have suspended Medicaid eligibility.

Adherence to the above requirements may be subject to review through AHCCCS audits and/or Operational Reviews (ORs).

Serious Mental Illness Decertification: SMI Decertification is the process that results in the removal of the SMI behavioral health category designation from the member's record. Refer to AMPM Policy 320-P. An SMI Decertification may occur in one of the following ways:

Administrative: A member who has an SMI designation may request an SMI Administrative Decertification if the member has not received behavioral health services for a period of two or more years. The Contractor shall direct the member to notify AHCCCS/Division of Health Care Management (DHCM) Clinical Resolution Unit; AHCCCS will evaluate the member's request and make a determination.

Clinical: An SMI Clinical Decertification is a determination that a member who has an SMI designation no longer meets SMI criteria. The Contractor shall coordinate with the AHCCCS designee which conducts SMI Eligibility Determinations. The AHCCCS designee will evaluate the submitted documents to determine if there is sufficient clinical documentation for SMI Clinical Decertification

Special Medicaid Eligibility-Members Awaiting Transplants (i.e., State Only Transplants): The Contractor shall be responsible for the following members who subsequently lose Title XIX/XXI eligibility:

1. **(ACC)** Members who subsequently lose Title XIX/XXI eligibility.
2. **(ACC-RBHA)** SMI members eligible to receive physical health care services under this Contract for whom medical necessity for a transplant has been established.

These members may become eligible for and select one of two extended eligibility options as specified in A.R.S. § 36-2907.10 and A.R.S. § 36-2907.11. The extended eligibility is authorized only for those individuals who have met all of the following conditions:

1. The individual has been determined Title XIX ineligible due to excess income.
2. The individual has been placed on a donor waiting list before eligibility expired.

3. The individual has entered into a contractual arrangement with the transplant facility to pay the amount of income that is in excess of the eligibility income standards (referred to as transplant share of cost).

The following options for extended eligibility are available to these members:

Option One: Extended eligibility is for one 12-month period immediately following the loss of AHCCCS eligibility. The member is eligible for all AHCCCS covered services as long as they continue to be medically eligible for a transplant. The member must be enrolled under rate code 3100 or 310z. If determined medically ineligible for a transplant at any time during the period, eligibility will terminate at the end of the calendar month in which the determination is made.

Option Two: The member loses AHCCCS eligibility but maintains transplant candidacy status as long as medical eligibility for a transplant is maintained. At the time that the transplant is scheduled to be performed the transplant candidate will reapply and will be re-enrolled with their previous Contractor to receive all covered transplant services. The member must be enrolled under rate code 3200 or 320z. Option two-eligible individuals are not eligible for any non-transplant related health care services from AHCCCS.

3. ENROLLMENT AND DISENROLLMENT

AHCCCS members are enrolled with the Contractor in accordance with the AHCCCS Rules set forth in 9 A.A.C. 22 Article 17, and 9 A.A.C. 31 Articles 3 and 17. AHCCCS has the exclusive authority to enroll and disenroll members. AHCCCS operates as a mandatory managed care program and choice of enrollment or auto-assignment (passive enrollment) is used pursuant to the terms of the Arizona Section 1115 Waiver Demonstration Special Terms and Conditions [42 CFR 438.54(d)].

The Contractor shall not disenroll any member for any reason unless directed to do so by AHCCCS [42 CFR 457.1201(m), 42 CFR 457.1212, 42 CFR 457.1230(c), 42 CFR 438.56(b)(1), 42 CFR 438.56(b)(3)].

The Contractor may not request disenrollment because of an adverse change in the member's health status, or because of the member's utilization of medical services, diminished mental capacity, or uncooperative or disruptive behavior resulting from their special needs [Section 1903(m)(2)(A)(v) of the Social Security Act, 42 CFR 457.1201(m), 42 CFR 457.1212, 42 CFR 438.56(b)(2)].

An AHCCCS member may request disenrollment at the following times (refer to ACOM Policy 401) [42 CFR 457.1201(m), 42 CFR 457.1212, 42 CFR 438.56(c)(1), 42 CFR 438.56(c)(2)(i)-(iii)]:

1. For cause at any time, which includes poor Quality of Care (QOC), lack of access to services covered under the Contract, or lack of access to providers experienced in addressing the member's care needs [42 CFR 438.56(d)(2)(v)].
2. Without cause during the 90 days after initial enrollment or during the 90 days following notification of enrollment, whichever is later.

3. Without cause at least once every 12 months.
4. Without cause upon reenrollment if a temporary loss of enrollment has caused the member to miss the annual disenrollment period.

When a member requests disenrollment for cause, the member shall use the Contractor's Grievance and Appeal System process for the request and the Contractor shall issue a decision no later than 30 days from the date of the request. If as a result of the grievance process, the Contractor approves the disenrollment, AHCCCS is not required to make a determination [42 CFR 438.56(d)(5)(iii)]. If the Contractor approves a request for disenrollment, the effective date of an approved disenrollment shall be no later than the first day of the second month following the month in which the member or Contractor files the request [42 CFR 438.56(e)(1)]. If, as a result of the grievance process, the Contractor denies the request for disenrollment, the Contractor shall notify members of their right to request a State Fair Hearing no later than 30 days from the date of the adverse determination.

AHCCCS will disenroll the member from the Contractor [42 CFR 457.1201(m), 42 CFR 457.1212, 42 CFR 438.56(d)(2)]:

1. When the member becomes ineligible for the AHCCCS program.
2. When the member moves out of the Contractor's service area (unless otherwise indicated).
3. When the member changes Contractors during the member's open enrollment and annual enrollment choice period.
4. When the Contractor does not, because of moral or religious objections, cover the service the member seeks unless the Contractor offered a solution that was accepted by AHCCCS as specified in Section D, Paragraph 9, Scope of Services.
5. When the member is approved for a Contractor change through ACOM Policy 401 [42 CFR 438.56].
6. When the member is eligible to transition to another AHCCCS Program.
7. When the member needs related services (for example, a cesarean section and a tubal ligation) to be performed at the same time; not all related services are available within the provider network; and the member's Primary Care Provider (PCP) or another provider determines that receiving the services separately would subject the member to unnecessary risk.
8. For cause.

American Indians: American Indians have the following options for receiving care:

1. ACC Contractor (ACC-RBHA Contractor for SMI members) for both physical health and behavioral health services.
2. AIHP for physical health and behavioral health services.

3. AIHP for physical health services and elect to have behavioral health care coordinated through a TRBHA (when available).

American Indian members can change enrollment between AIHP and a Contractor at anytime. However, a member can change from one Contractor to another only once a year. Any change in enrollment will be reflected on the member roster provided by AHCCCS to the Contractor. All American Indian members, whether receiving services through AIHP or enrolled with a Contractor may choose to receive services at any time from an Indian Health Service (IHS) Facility, a Tribally-Operated 638 Health Program, or an Urban Indian Health Program (I/T/U) [ARRA Section 5006(d), and SMDL 10-001].

Arizona Long Term Care Services Eligibility Determination During Hospitalization: If it is determined that a member may qualify for ALTCS during an individual's acute hospitalization, AHCCCS will process an application for ALTCS eligibility. Enrollment of an applicant who is determined eligible will be effective during the hospital stay.

Enrollment Guarantees: Upon initial capitated enrollment as a Title XIX-eligible member, the member is guaranteed a minimum of five full months of continuous enrollment. Upon initial capitated enrollment as a Title XXI-eligible member, the member is guaranteed a minimum of 12 full months of continuous enrollment. The enrollment guarantee is a one-time benefit. If a member changes from one Contractor to another within the enrollment guarantee period, the remainder of the guarantee period applies to the new Contractor. AHCCCS Rules at 9 A.A.C 22 Article 17, and 9 A.A.C. 31 Article 3, describe other reasons for which the enrollment guarantee may not apply.

Hospital Presumptive Eligibility: As required under the Affordable Care Act (ACA), AHCCCS has established standards for Hospital Presumptive Eligibility (HPE) in accordance with Federal requirements. Qualified hospitals that elect to participate in the HPE Program will implement a process consistent with AHCCCS standards, which determines applicants presumptively eligible for AHCCCS Medicaid covered services. Individuals determined presumptively eligible who have not submitted a full application to AHCCCS will qualify for Medicaid services from the date the hospital determines the individual to be presumptively eligible through the last day of the month following the month in which the determination of presumptive eligibility was made by the qualified hospital. For individuals who apply for presumptive eligibility and who also submit a full application to AHCCCS, coverage of Medicaid services will begin on the date that the hospital determines the individual to be presumptively eligible and will continue through the date that AHCCCS issues a determination on that application.

All individuals determined presumptively eligible for AHCCCS will be enrolled with AHCCCS Fee-For-Service (FFS) for the duration of the HPE eligibility period. If a member made eligible via HPE is subsequently determined eligible for AHCCCS via the full application process, Prior Period Coverage (PPC) for the member will also be covered by AHCCCS FFS, and the member will be enrolled with the Contractor only on a prospective basis.

Member Choice of Contractor (ACC): AHCCCS members eligible for services covered under this Contract have a choice of available Contractors. Previously enrolled members who have been disenrolled for less than 90 days will be automatically enrolled with the same Contractor, if still available, pursuant to the terms of the Arizona Section 1115 Demonstration Waiver Special Terms and Conditions [42 CFR 457.1201(m), 42 CFR 457.1212, 42 CFR 438.56(g)].

The effective date of enrollment for a new Title XIX member with the Contractor is the day AHCCCS takes the enrollment action. The Contractor is responsible for payment of medically necessary covered services retroactive to the member's beginning date of eligibility, as reflected in Pre-Paid Medicaid Management Information System (PMMIS).

The effective date of enrollment for a Title XXI member will be the first day of the month following notification to the Contractor. In the event that eligibility is determined on or after the 25th day of the month, eligibility will begin on the first day of the second month following the determination [42 CFR 457.1201(m), 42 CFR 457.1212].

Members who do not choose a Contractor prior to AHCCCS being notified of their eligibility are automatically assigned to a Contractor based on re-enrollment rules, family continuity, or the auto-assignment algorithm. If a member is auto-assigned, AHCCCS sends a Choice Notice to the member and allows the member 90 days to choose a different Contractor. Refer to Section D, Paragraph 6, Auto-Assignment Algorithm.

Member Choice of Contractor (ACC-RBHA): There is a single ACC-RBHA Contractor in each GSA; therefore, choice of Contractor in a GSA is not available for ACC-RBHA members.

Newborns: Newborns born to AHCCCS eligible mothers enrolled with an ACC Contractor or RBHA Contractor at the time of the child's birth will be enrolled with the mother's Contractor, when newborn notification is received by AHCCCS. The Contractor is responsible for notifying AHCCCS of a child's birth to an enrolled member. Capitation for the newborn will be retroactive to the date of birth if notification is received no later than one day from the date of birth. In all other circumstances, capitation for the newborn will begin on the date notification is received by AHCCCS. The effective date of AHCCCS eligibility for the newborn will be the newborn's date of birth, and the Contractor is responsible for all covered services to the newborn, whether or not AHCCCS has received notification of the child's birth. AHCCCS is available to receive notification 24 hours a day, seven days a week via the AHCCCS website. Each eligible mother of a newborn is sent a Choice Notice advising her of her right to choose a different Contractor for her child; the date of the change will be the date of processing the request from the mother. If the mother does not request a change within 90 days, the child will remain with the mother's Contractor.

In addition, babies born to mothers enrolled in the Federal Emergency Services (FES) Program DES/DDD, ALTCS-EPD, or DCS/CHP are auto-assigned to an ACC Contractor. Mothers are sent a Choice Notice advising them of their right to choose a different Contractor for their child, which allows them 90 days to make a choice. In the event the mother chooses a different Contractor, AHCCCS will recoup all capitation paid to the originally assigned Contractor and the baby will be enrolled retroactive to the date of birth with the second Contractor. The second Contractor will receive prior period capitation from the date of birth to the day before assignment and prospective capitation from the date of assignment forward. The second Contractor will be responsible for all covered services to the newborn from date of birth.

Refer to ACOM Policy 401.

Opt-Out for Cause: Individuals who have been determined to be SMI (refer to A.R.S. § 36-550(4)) may opt-out of enrollment with an ACC-RBHA Contractor for physical health services (enrollment in the ACC-RBHA will continue for behavioral health services) and be transferred to a different ACC Contractor in the member's GSA if one or more the applicable opt out criteria are satisfied. Refer to ACOM Policy 442.

Prior Period Coverage: AHCCCS provides PPC for Title XIX members for the period of time prior to the Title XIX member's enrollment during which the member is eligible for covered services. PPC refers to the time frame from the effective date of eligibility (usually the first day of the month of application) until the date the member is enrolled with the Contractor. The Contractor receives notification from AHCCCS of the member's enrollment. The Contractor is responsible for payment of all claims for medically necessary covered services provided to members during PPC, including services provided prior to the Contract year in a GSA where the Contractor was not contracted at the time of service delivery, except in certain services for members transitioning to Title XIX from ACC-RBHA Non-Title XIX/XXI eligibility as specified below. AHCCCS FFS is responsible for the payment of claims for PPC for members who are found eligible for AHCCCS initially through HPE and later are enrolled with the Contractor. Therefore, for those members, the Contractor is not responsible for PPC.

PPC for members who are initially eligible as Non-Title XIX/XXI and assigned to an ACC-RBHA Contractor and who transition to Title XIX eligibility:

1. The member retains behavioral health assignment with the ACC-RBHA Contractor through the Title XIX PPC period.
2. The member is enrolled with the Contractor for physical health services through the Title XIX PPC period.
3. The ACC-RBHA Contractor is responsible for payment of all behavioral health claims for medically necessary Non-Title XIX/XXI and Title XIX behavioral health covered services provided to members during the prior period coverage timeframe.
4. The Contractor is responsible for payment of all physical health claims for medically necessary Title XIX physical health covered services during the PPC period and prospectively.
5. The member is enrolled with the Contractor for both physical and behavioral health Title XIX services the day AHCCCS is notified of the member's Title XIX eligibility.

Prior Quarter Coverage: Pursuant to the January 2019 CMS approval of the Arizona 1115 Waiver Demonstration authority, AHCCCS is waived from approving Prior Quarter Coverage eligibility (also referred to as Retroactive Coverage in the Centers for Medicare and Medicaid Services (CMS) Waiver Approval) for individuals who are NOT in the following three categories: children under 19, individuals who are pregnant, and individuals who are in the 60-day postpartum period beginning the last day of pregnancy. Effective July 1, 2019, only the three populations above are exempted from the waiver of PPC eligibility, and these individuals may be determined to qualify for AHCCCS coverage during any of the three months prior to the month of application when they meet the eligibility requirements for that

month. Prior Quarter Coverage eligibility expands the time period during which AHCCCS pays for covered services for eligible individuals to any of the three months prior to the month the individual applied for AHCCCS, if the individual met AHCCCS eligibility requirements during that particular month. AHCCCS Contractors are not responsible for payment for covered services received during the prior quarter. Upon verification or notification of Prior Quarter Coverage eligibility, providers will be required to bill AHCCCS for services provided during a prior quarter eligibility period.

4. ANNUAL AND OPEN ENROLLMENT CHOICE

Annual Enrollment Choice (ACC): AHCCCS conducts an Annual Enrollment Choice (AEC) for ACC members in GSAs that have choice of multiple Contractors (i.e., ACC members without an SMI designation) on their annual anniversary date [42 CFR 438.56(c)(2)(ii)]. During AEC, members may change Contractors subject to the availability of other Contractors within their GSA. AHCCCS provides enrollment and other information required by Medicaid Managed Care Regulations 60 days prior to the member's AEC date. The member may choose a new Contractor by contacting AHCCCS to complete the enrollment process. If the member does not participate in the AEC, no change of Contractor will be made (except for approved changes under ACOM Policy 401). This holds true if a Contractor's Contract is renewed and the member continues to live in a Contractor's service area.

Annual Enrollment Choice (ACC-RBHA): ACC members with an SMI designation are provided one available Contractor in each GSA; therefore, AEC is not available for this population.

Open Enrollment (ACC): AHCCCS may hold an open enrollment in any GSA or combination of GSAs as deemed necessary. In the event AHCCCS adds a Contractor to a GSA where choice of Contractor is currently unavailable, members currently enrolled in that GSA may be provided an open enrollment period to choose a Contractor. Members who do not elect to change Contractors will remain with the Contractor of enrollment. AHCCCS may also offer open enrollment to the members assigned to the Contractor should a change in ownership occur, refer to Section D, Paragraph 36, Subcontracts.

Open Enrollment (ACC-RBHA): ACC members with an SMI designation are provided one available Contractor in each GSA; therefore, open enrollment is not available for this population.

5. PEER AND FAMILY INVOLVEMENT AND PARTICIPATION

The Contractor shall embed the following principles with respect to peer and family involvement in the design and implementation of an integrated health care service delivery system:

1. Behavioral, physical, peer, family support providers shall share the same mission to place the member's whole-health needs above all else as the focal of point of care.
2. Utilize peer and family delivered support services/specialists and embed peer and family voice at all levels of the system. The Contractor shall submit information noting Peer/Recovery Support Specialist (PRSS) and Credentialed Parent Peer/Family Support Partner (CPPFSP) Involvement in Service Delivery as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Refer to AMPM Policy 963 and AMPM Policy 964 for requirements regarding the provision of peer support services and CPPFSP within the AHCCCS program.

3. Maximize the use of existing behavioral health and physical health infrastructure including Peer-Run Organizations (PROs) and Family-Run Organizations (FROs).

The Contractor's Office of Individual and Family Affairs (OIFA) shall ensure behavioral health providers are creating opportunities for members and family members to participate in improving services at the provider site and that changes are being made as a result of participation. Child and Family Teams (CFTs) and Adult Recovery Teams (ARTs) do not fulfill this requirement.

Collaboration with Peers and Family Members: At least every six months, the Contractor's OIFA shall meet with a broad spectrum of peers, family members, and providers including PROs and FROs, advocacy organizations, and any other individuals that have an interest in participating in improving the system. The purpose of these meetings is to gather input, discuss issues, identify challenges and barriers, problem solve, share information, and strategize on ways to strengthen the service delivery system. The Contractor shall invite AHCCCS/OIFA to participate at these meetings.

Committees: The Contractor is required to have meaningful peer (i.e., an individual who is receiving or has received behavioral health services) and family member participation on all Contractor committees, except for those that pertain to issues of member and/or provider confidentiality, to provide input and feedback for decision making. Each committee shall work with the Contractor's OIFA to include peers and family members, enrolled with the Contractor. The Contractor shall submit a Roster of Peer and Family Committee Members as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

At a minimum, the Contractor shall have a Governance Committee and Member Advocacy Council (MAC). The Contractor shall ensure that the composition of the committees is diverse and representative of the Contractor's current membership throughout the region with respect to the members' race, ethnic background, primary language, age, and Medicaid eligibility category.

Governance Committee: The Contractor shall rely on the Contractor's OIFA to assist with and participate in a formal Governance Committee. The Governance Committee membership shall include peers and family of members enrolled with the Contractor who are receiving or have received physical health and behavioral health services. The Governance Committee shall meet and interact with Contractor leadership to direct strategic planning process improvement and decision making for the Contractor's physical and behavioral health delivery system. The Contractor's OIFA Administrator and OIFA staff in attendance shall not be recorded as representation of Peers and Family Members.

Member Advocacy Council: The Contractor's OIFA shall facilitate a MAC consisting of peers and family members enrolled with the Contractor who are receiving or have received physical health and behavioral health services, and an individual from the Contractor's Executive Management team. The MAC may also include professionals and advocates. The purpose of the MAC is to gather and discuss issues and barriers, identify challenges and problem solve, and share information and strategize on ways to strengthen the service delivery system. Discussion of issues and opportunities resulting from the MAC meetings are to be included on the agenda and addressed by the Contractor's Executive Management Committee and/or Governance Committee. Meeting minutes are to reflect the results of the discussion and any direction of interventions or activities assigned by the Executive Management Committee and/or Governance Committee to Contractor operational units. AHCCCS will review the proposed PRO or FRO and determine if the provider meets the definition and criteria for a PRO or FRO, as defined in Section C, Definitions and SAMHSA.gov.

6. AUTO-ASSIGNMENT ALGORITHM

Auto Assignment Algorithm (ACC): Members who do not exercise their right to choose, and those who are not assigned a Contractor based on family continuity rules, are assigned to a Contractor through an auto-assignment algorithm. The algorithm is a mathematical formula used to distribute members to the various Contractors in a manner that is predictable and consistent with AHCCCS goals.

Assignment by the algorithm applies to the following members who do not exercise their right to choose a Contractor within the prescribed time limits:

1. New members and members re-enrolling after the 90-day re-enrollment window.
2. Members enrolled with a Contractor that is not available after the member moves to a new GSA.
3. Infants, born to a mother enrolled in the FES Program, DES/DDD, ALTCS-EPD, CHP, and with no family continuity with an ACC Contractor.

4. Members who were enrolled with an ACC-RBHA Contractor and with an SMI designation but who have been determined to no longer qualify as SMI and who do not have family continuity with an ACC Contractor.

Once auto-assigned, AHCCCS sends a Choice Notice to the member, allowing the member 90 days to choose a different Contractor from the auto-assigned Contractor.

AHCCCS may change the auto-assignment algorithm at any time during the term of the Contract in response to Contractor-specific issues (e.g., imposition of an enrollment cap) or in the best interest of the AHCCCS Program and/or the State.

Enhanced Auto Assignment Algorithm: After a Request for Proposal (RFP), New Contractors and Successful Incumbent Contractors below the GSA/County-specific enrollment thresholds listed in the RFP may receive members under an enhanced auto-assignment algorithm. If utilized by AHCCCS, the enhanced auto-assignment algorithm will be based on the factors used in the auto-assignment algorithm policy and will continue to favor those Contractors below the threshold, for a time established by AHCCCS. In this situation, Contractors not qualifying for the enhanced auto-assignment algorithm will not receive any members via auto-assignment for this time period. AHCCCS may evaluate the enrollment by Contractor to determine whether to continue and/or reinstate the enhanced algorithm. All efforts will be made to auto-assign members based on the methodology in ACOM Policy 314, and the thresholds by GSA/County listed in the RFP; however, the number of assigned members may vary due to issues such as family continuity, newborns, 90-day re-enrollment, etc. Refer to ACOM Policy 314, Auto-Assignment Algorithm.

Maximum Enrollment: A Contractor in the Central GSA or Pima County will no longer be eligible for auto-assignment of members once the Contractor's membership reaches 45 percent and until the membership drops below 44 percent of the County's total enrollment. For purposes of the maximum enrollment calculation, Contractor membership is limited to populations covered by the ACC Contract. Member choices will not be impacted by the auto-assignment algorithm freeze.

Refer to ACOM Policy 314.

Auto Assignment Algorithm (ACC-RBHA): ACC members with an SMI designation are provided one available Contractor in each GSA; therefore, auto-assignment is not available for this population.

7. ACCOMMODATING AHCCCS MEMBERS

The Contractor shall ensure that members are provided covered services without regard to disability, race, color, national origin, age, sex, gender, sexual orientation, or gender identity, and will not use any policy or practice that has the effect of discriminating on the basis of these [42 CFR 457.1201(d), 42 CFR 457.1230(a), 42 CFR 438.3(d)(4), 42 CFR 438.206(c)(2), 45 CFR Part 92].

For example, the Contractor shall provide appropriate auxiliary aids and services to individuals with impaired sensory, manual, or speaking skills. The Contractor shall provide accommodations to members and individuals with disabilities at no cost to afford such individuals an equal opportunity to benefit from the covered services [45 CFR 92.202 – 92.205].

If the Contractor knowingly executes a subcontract with a provider with the intent of allowing or permitting the provider to implement barriers to care (i.e., the terms of the subcontract act to discourage the full utilization of services by some members) the Contractor may be in default of its Contract.

If the Contractor identifies a problem involving discrimination or accommodations for individuals with disabilities by one of its providers, the Contractor shall promptly intervene and require a Corrective Action Plan (CAP) from the provider. Failure to take prompt corrective measures may place the Contractor in default of its Contract.

10. SPECIAL HEALTHCARE NEEDS

AHCCCS has specified in its *Quality Assessment and Performance Improvement Strategy* certain populations with SHCN and the mechanisms used to identify individuals with SHCN as specified by the State [42 CFR 457.1230(c), 42 CFR 438.208(c)(1)].

Members with SHCN are those members who have serious and chronic physical, developmental, and/or behavioral conditions requiring medically necessary services of a type or amount beyond that required by members generally, that lasts or is expected to last one year or longer and may require ongoing care not generally provided by a PCP.

The following populations that meet this definition include but are not limited to:

1. Members with qualifying CRS conditions.
2. Members diagnosed with HIV/AIDS.

3. Members diagnosed with Opioid Use Disorder (OUD), separately tracking pregnant members and members with co-occurring pain and OUD.
4. Members who are being considered for or are actively engaged in a transplant process and for up to one-year post transplant.
5. Members enrolled in the ALTCS:
 - a. Members enrolled in the ALTCS program serving individuals who are elderly and/or have a physical disability, and
 - b. Members enrolled in the ALTCS program serving individuals who have a developmental and/or intellectual disability.
6. Members who are engaged in care or services through the Arizona Early Intervention Program (AzEIP).
7. Members who are enrolled in CHP.
8. Members who transition out of CHP up to one year post transition.
9. Members with an SMI designation.
10. Any child that has a CALOCUS level of 4+.
11. Members who have a Seriously Emotionally Disturbed (SED) diagnosis flag in the system.
12. Substance exposed newborns and infants diagnosed with Neonatal Abstinence Syndrome (NAS).
13. Members diagnosed with Severe Combined Immunodeficiency (SCID).
14. Members with a diagnosis of autism or at risk for autism.

Many children with SHCN, including children with CRS-qualifying medical conditions typically require complex care and are medically fragile. For these children, health care service delivery involves multiple clinicians, covering the entire Continuum of Care (CoC). In addition to a PCP, these children may receive services from subspecialists who manage care related to their condition(s) and coordinate with other specialty services including but not limited to behavioral health, pharmacy, medical equipment and appliances, therapies, diagnostic services, and telemedicine visits.

Comprehensive care includes a multidisciplinary team made up of subspecialists and caregivers such as pulmonologists, cardiologists, nutritionists, psychologists, and therapists. Because of the complexity of the needs of these children including multiple surgeries, hospitalization, and clinical care it is imperative that there be integrated health information and care coordination for the member. Services shall be provided using an integrated family-centered, culturally competent, multi-specialty, interdisciplinary approach that includes the following elements:

1. A process for using a centralized, integrated medical record that is accessible to the Contractor and service providers consistent with State and Federal privacy laws to facilitate well-coordinated, interdisciplinary care.

2. A process for developing and implementing a Service Plan accessible to the Contractor and service providers that is consistent with State and Federal privacy laws and that contains the clinical, medical, and administrative information necessary to monitor coordinated treatment plan implementation.
3. Collaboration with individuals, groups, providers, organizations, and agencies charged with the administration, support, or delivery of services for persons with SHCN.

AHCCCS monitors quality and appropriateness of care/services for routine and SHCN members through ORs of Contractors and the review of required Contractor deliverables set forth in Contract, program specific performance measures, and Performance Improvement Projects (PIPs).

The Contractor shall implement mechanisms to comprehensively assess each member identified as having SHCN, in order to identify any ongoing special conditions of the member which require a course of treatment or regular care monitoring, or transition to another AHCCCS program [42 CFR 457.1230(c), 42 CFR 438.208(c)(2) and (c)(3)(iii)-(v), 42 CFR 438.240(b)(4), 42 CFR 441.3010(c)(3)]. The assessment mechanisms shall use appropriate health care professionals with the appropriate expertise [42 CFR 457.1230(c), 42 CFR 438.240(c)(2), 42 CFR 438.208(c)(2)]. The Contractor shall share with other entities providing services to that member the results of its identification and assessment of that member's needs so that those activities need not be duplicated [42 CFR 457.1230(c), 42 CFR 438.208(b)(4) and (c)(3)].

The Contractor shall ensure that members with SHCN that are determined through assessment to need a course of treatment or regular care monitoring have an individualized physical and behavioral treatment or service plan. In addition, the Contractor shall conduct multidisciplinary staffings for members with challenging behaviors or health care needs [42 CFR 457.1230(c), 42 CFR 438.208(c)(3)].

For members with SHCN determined to need a specialized course of treatment or regular care monitoring, the Contractor shall have procedures in place to allow members to directly access a specialist (for example through a standing referral or an approved number of visits) as appropriate for the member's condition and identified needs [42 CFR 457.1230(c), 42 CFR 438.208(c)(4)]. For members transitioning, refer to Section D, Paragraph 8, Transition Activities.

The American Academy of Pediatrics (AAP) describes care from a medical home as:

1. Accessible.

The purpose of the PASRR Level II evaluation is to determine whether a member who has a mental illness or an intellectual disability needs the level of care provided in a NF and/or needs specialized services. When the PASRR Level II evaluation determines that the member needs a different level of care than can be provided in a NF, the Contractor shall arrange for the provision of other covered services appropriate to the member's needs. When the PASRR Level II evaluation determines that the member needs specialized services while in the NF, the Contractor shall arrange for the provision of covered specialized services appropriate to the member's needs. The Contractor may, at its option, recoup the withholding from the NF, that admitted the member without the proper PASRR.

The Contractor shall have identified staff members to assist the member in coordinating necessary services and ensure that requests for behavioral health services made by the member, family, guardian, or any health care professional are referred within one business day to ensure that the request results in the member receiving a referral to a behavioral health provider. A direct referral for a behavioral health assessment may be made by the member or a health care professional. For referrals received from a PCP requesting a member receive a psychiatric evaluation or medication management, an appointment with a behavioral health medical professional shall be provided according to the needs of the member and within AHCCCS appointment standards with appropriate interventions to prevent a member from experiencing a lapse in medically necessary psychotropic medications.

Sharing of Data: On a recurring basis (no less than quarterly based on adjudication date), AHCCCS shall provide the Contractor an electronic file of claims and encounter data for members enrolled with the Contractor who have received services, during the member's enrollment period, from another contractor or through AHCCCS FFS for purposes of member care coordination. The Medicaid services shall be identified in the member's IEP as medically necessary for the child to obtain a public-school education. Refer to AMPM Policy 710.

Medicaid School Based (MSB) services are provided in a school setting or other approved setting specifically to allow children to receive a public-school education. They do not replace medically necessary services provided outside the school setting or other MSB approved alternative setting. Currently, services include audiology, therapies (OT, PT, and speech/language), behavioral health evaluation and counseling, nursing, and attendant care (health aid services provided in the classroom), and specialized transportation to and from school on days when the child receives an AHCCCS-covered MSB service.

The Contractor's evaluations and determinations of medical necessity shall be made independent of the fact that the child is receiving MSB services. If a request is made for services that also are covered under the MSB program for a child enrolled with the Contractor, the request shall be evaluated on the same basis as any request for a covered service.

The Contractor and its providers shall coordinate with schools and school districts that provide MSB services to the Contractor's enrolled members. Services should not be duplicative. Whenever possible, members shall be assigned to VFC registered providers within the same or a nearby community within the respective GSA. When that is not possible, the Contractor shall develop processes to ensure vaccinations are available through a VFC enrolled provider or through the appropriate County Health Department. In all instances, the vaccines are to be provided through the VFC program. The Contractor shall develop processes to pay the administration fee to whoever administers the vaccine regardless of their contract status with the Contractor. Refer to AMPM Policy 430.

Arizona State law requires the reporting of all immunizations given to children under the age of 19. Immunizations shall be reported at least monthly to the ADHS Immunization Registry. Reported immunizations are held in a central database known as Arizona State Immunization Information System (ASIIS), which can be accessed by providers to obtain complete, accurate immunization records. Quality of Care Concerns and Investigations: The Contractor shall establish and implement mechanisms to assess the quality and appropriateness of care provided to members, including members with SHCN, [42 CFR 438.208(c)(4), 42 CFR 438.330(a)(1), 42 CFR 438.330(b)(4)].

The Contractor shall assess incidents for potential QOC concerns and develop a process that delineates between concerns not meeting QOC criteria (which includes incidents of: HCAC, OPPC, abuse, neglect, exploitation, injuries, high profile cases, suicide attempts, SUD/opioid-related concerns, alleged human rights violations, and unexpected death). The Contractor shall develop a process to report incidents to the AHCCCS Quality Management Team as specified in Section F, Attachment F3, Contractor Chart of Deliverables. The Contractor shall also report Adverse Actions to Provider as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

The Contractor shall develop and implement policies and procedures that analyze QOC concerns through identifying the concern(s), initial assessment of the severity of the concern(s), and prioritization of action(s) needed to resolve immediate care needs when appropriate. The Contractor shall establish a process to ensure that all staff (including subcontractor and delegated entity staff, when applicable) and providers are trained on how to refer suspected QOC concerns to the Contractor's QM/PI Program QM QOC concern staff. This training shall be provided during new employee orientation (within 30 days of hire) and annually, thereafter.

The Contractor shall monitor contracted providers for compliance with the Contractor's Quality Management requirements, as well as member health and safety; the Contractor's QM QOC concern staff shall lead all monitoring and investigative efforts. The Contractor shall establish mechanisms to track and trend member and provider concerns. The Contractor shall comply with requirements, as specified in Contract and AMPM Policy 960.

Credentialing: The Contractor shall demonstrate that its providers are reviewed and credentialed through the Contractor's Credentialing Committee [42 CFR 457.1230(a), 42 CFR 438.206(b)(6)]. The Contractor shall refer to AMPM Chapter 900 and Section F, Attachment F3, Contractor Chart of Deliverables for related reporting requirements.

The Contractor shall comply with the uniform temporary/provisional credentialing, initial credentialing, and recredentialing practices for all provider types as specified below [42 CFR 457.1208, 42 CFR 457.1233(a), 42 CFR 438.206(b)(6), 42 CFR 438.12(a)(2), 42 CFR 438.214(b)]:

1. Maintain documentation of temporary/provisional credentialing, initial credentialing, and recredentialing for individual and organizational providers who have signed contracts or participation agreements with the Contractor or those that meet the requirements of AMPM Policy 950 [42 CFR 438.206(b)(1)-(2)].
2. Demonstrate that its providers are reviewed and credentialed through the Contractor's Credentialing Committee which is chaired by the Contractor's local Medical Director/CMO.
3. Comply with the requirements, including the submission of the Credentialing Report, specified in AMPM Policy 950 and Section F, Attachment F3, Contractor Chart of Deliverables.
4. Does not discriminate against particular providers that serve high-risk populations or specialize in conditions that require costly treatment.
5. Does not employ or contract with providers excluded from participation in Federal health care programs [42 CFR 457.1233(a), 42 CFR 438.214].

Credential Verification Organization Contract: The AzAHP has established a Contract with a Credential Verification Organization (CVO) that is responsible for:

1. Receiving completed applications, attestations, and primary source verification documents.
2. Conducting annual CVO entity site visits to ensure compliance with AHCCCS requirements.

The AHCCCS Contractor shall utilize the contracted CVO as part of its credentialing and recredentialing process, regardless of membership in the AzAHP. This requirement eases the administrative burden for providers that Contract with AHCCCS Contractors which often results in duplicative submission of information used for credentialing purposes. The Contractor shall follow the AHCCCS recredentialing timelines for providers that submit their credentialing data and forms to the AzAHP CVO.

The Contractor is responsible for completing the credentialing process. The Contractor shall continue to include utilization, performance, compliance, and QOC documentation, as specified in the AMPM, to complete the credentialing or recredentialing files that are brought to the Credentialing Committee for a decision. In addition, the Contractor shall also meet AMPM Policy 950 requirements for temporary/provisional credentialing.

Credentialing Timelines: The Contractor is required to process credentialing applications in a timely manner. To assess the timeliness of temporary/provisional and initial credentialing, a Contractor shall:

1. Notify providers of credentialing decisions (approved or denied).
2. Calculate and report to AHCCCS as specified in AMPM Policy 950.
3. Report the credentialing information with regard to all credentialing applications, as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

Additionally, the Contractor shall ensure that they have a process in place to monitor occurrences which may have jeopardized the validity of the credentialing process, at a minimum, on an annual basis.

Subcontractor Monitoring: The Contractor shall develop and submit a Subcontractor Performance Monitoring Plan as a component of its QM/PI Program, to include language that addresses, at a minimum, the timely handling, completion, and submission of (in accordance with Contract and Policy requirements) the following quality management functions:

1. IAD Report.
2. QOC Concerns and investigations.
3. AHCCCS required Performance Measure calculations and reporting.
4. PIPs.
5. Provisional, initial, organizational, and recredentialing processes and requirements.
6. Medical Record Reviews.
7. Peer Review processes.

AHCCCS will accept the AzAHP review process to meet this audit requirement. A CAP shall be developed and implemented when provider monitoring activities reveal poor performance, as follows:

1. When performance falls below the minimum performance level.
2. When performance shows a statistically significant decline from previous period performance.

Provider Quality Monitoring: Provider Quality Monitoring functions include, but are not limited to, the service site assessments of all providers as specified in AMPM Policy 910. The Contractor shall conduct comprehensive quality audits of each location where members receive services.

The Contractor shall ensure:

1. Corrective actions are implemented in order to bring the provider into compliance in instances where concerns are identified.
2. Any potential QOC concerns are immediately (within 24 hours) referred to the Contractor QM/PI Program QM QOC staff for review.
3. Utilization of standardized monitoring tools by provider type, as required by AHCCCS.
4. IRR of quality monitoring processes that includes documented testing and results of individuals completing provider quality monitoring activities.

Accreditation: The Contractor is required to inform the AHCCCS QI Team as to whether it has been accredited by a private independent accrediting entity. If the Contractor has received accreditation by a private independent accrediting entity, the Contractor shall provide AHCCCS with a copy of its most recent accreditation review, including the following [42 CFR 438.332(a) and [42 CFR 438.332(b)(1)-(3)]:

1. Accreditation status, survey type, and level (as applicable).
2. Accreditation results including summaries of findings, recommended/required actions or improvements, and CAPs.
3. The expiration date of the accreditation.

The Contractor's accreditation status (inclusive of the name of the accrediting entity, accreditation program, and accreditation level, when applicable) shall be made available on the AHCCCS website [42 CFR 438.332(c)(1)]. Should the Contractor renew or lose its accreditation (either due to non-renewal or revocation), the Contractor shall provide AHCCCS written notification (in the case of losing its accreditation) or a copy of the renewal certificate, as applicable, within 15 calendar days of notification or receipt from the accrediting entity.

National Committee for Quality Assurance Accreditation: The Contractor shall achieve NCQA First Health Plan Accreditation, inclusive of the NCQA Medicaid Module by October 1, 2023.

Accreditation Administrative Actions:**First Surveys**

First Survey Provisional Status: For First Surveys, if the Contractor receives a **Provisional** status the Contractor shall:

1. Notify AHCCCS of the Provisional status.
2. Work with NCQA timely to resolve any corrective actions in order to obtain Accredited status.
3. Undergo a Resurvey within 12 months of the accreditation decision.
4. Provide AHCCCS all relevant documentation related to the Provisional status including, but not limited to, NCQA's written decision, related report(s), any related NCQA corrective action(s), Contractor CAPs developed to address the deficiencies, CAP Survey timeline and results.

First Survey Denied Status: For First Surveys, if the Contractor receives a **Denied** status, the Contractor may be subject to Administrative Actions. Additionally, the Contractor shall re-apply for accreditation status within one year from the date of the initial Denied status.

Renewal Surveys

Renewal Survey Provisional Status: For Renewal Surveys, if the Contractor receives a **Provisional** accredited status the Contractor shall:

1. Notify AHCCCS of the Provisional status.
2. Work with NCQA timely to resolve any corrective actions in order to obtain Accredited status.
3. Undergo a Resurvey within 12 months of the accreditation decision.
4. Provide AHCCCS all relevant documentation related to the Provisional status including, but not limited to, NCQA's written decision, related report(s), any related NCQA corrective action(s), Contractor CAPs developed to address the deficiencies, CAP Survey timeline and results.
5. Be subject to Administrative Actions.

Renewal Survey Denied Status: For Renewal Surveys, if the Contractor receives a **Denied** status, the Contractor shall be subject to Administrative Actions. Additionally, the

Contractor shall apply for an Expedited Survey with NCQA within six months of the date of the initial Denied status. If NCQA denies the request for an Expedited Survey, the Contractor shall submit the denial to AHCCCS and shall re-apply for accreditation status within one year from the date of the initial Denied status.

AHCCCS intends to utilize the Contractor's Accreditation status as a factor in the auto-assignment algorithm. Details will be specified in ACOM Policy 314.

Upon request from AHCCCS, the Contractor shall provide any and all documents related to Accreditation.

Performance Improvement Projects (ACC): Performance Improvement Projects: The Contractor shall implement PIPs designed to achieve and sustain significant improvement, through ongoing measurements and interventions, in clinical and non-clinical focus areas, as specified in AMPM Chapter 900, that include the following [42 CFR 438.330(d)(i)-(iv)]:

1. Measurement of performance using objective quality indicators.
2. Implementation of interventions to achieve improvement in access to and quality of care.
3. Evaluation of the effectiveness of the interventions based on measures/indicators collected as part of the PIP.

4. Planning and initiation of PIP activities for increasing or sustaining improvement.

PIPs are mandated by AHCCCS; however, the Contractor shall also identify and implement additional PIPs meaningful to the population served, based on self-identified opportunities for improvement, as supported by root cause analysis, external/internal data, surveillance of trends, or other information available to the Contractor. If the Contractor holds AHCCCS Contracts for more than one population/LOB, the Contractor shall:

1. Submit separate reports for each population/LOB,
2. Submit rates and results specific to population/LOB for which the submission pertains, and
3. Ensure the inclusion of applicable subpopulation data and disparity analysis within its reporting, with the identification of targeted interventions to be implemented specific to the analysis findings.

Upon notification and direction from AHCCCS, the Contractor shall:

1. Participate in mandatory technical assistance sessions. The Contractor may also request technical assistance, as needed.
2. Participate in AHCCCS workgroup sessions aimed to identify barriers and implement interventions, including any interventions mandated by AHCCCS, to address system performance.
3. Propose and implement Contractor-specific CAPs for identified deficiencies.

The Contractor shall report the status and results of each PIP to AHCCCS, no less than once per year and as requested, using the AHCCCS Performance Improvement Project (PIP) Reporting Template(s) included on the AHCCCS Quality Management/Performance Improvement (QM/PI) Reporting Templates & Checklist webpage, and as specified in AMPM Policy 980, the AHCCCS Quality Management/Performance Improvement (QM/PI) Reporting Templates & Checklist webpage, and Section F, Attachment F3, Contractor Chart of Deliverables. Performance for each PIP shall be monitored by the Contractor (minimally) on an annual basis, or more frequently, so information related to the Contractor's performance can be reviewed and evaluated, with interventions revised accordingly [42 CFR 438.330(d)(1), 42 CFR 438.330(d)(3)]. The Contractor's PIP report submissions may be provided to AHCCCS' EQRO for review, evaluation, and potential inclusion within the AHCCCS EQR Annual Technical Reports and findings. In addition, AHCCCS may elect to require validation of the Contractor's AHCCCS-mandated and Contractor self-selected PIP reports by AHCCCS' EQRO.

Performance Improvement Projects (ACC-RBHA): In addition to the above, the Contractor shall also include separate reporting and analysis of its ACC/KidsCare and SMI populations, in accordance with PIP template reporting instructions.

Performance Measures: To meet QM/PI Program and reporting requirements, standardized performance measures shall be calculated and reported on an annual basis or more frequently, as determined by AHCCCS [42 CFR 438.330 (c)]. Performance measures shall be monitored and evaluated in accordance with Section D, Paragraph 22, Quality Management and Performance Improvement, AHCCCS instruction and AMPM Chapter 900. AHCCCS may utilize/require administrative, hybrid, or other methodologies for calculating and reporting performance measure rates, as defined by the CMS (Adult and Child) Core Sets, the NCQA for selected HEDIS® measures, other entities for nationally recognized measure sets, or as determined by AHCCCS.

For Contract Year Ending (CYE) 2023 (10/1/2022 through 9/30/2023) performance measures shall be reflective of the Calendar Year (CY)/Measurement Year (MY) 2023 (1/1/2023 through 12/31/2023) measurement period in alignment with the applicable CMS (Adult and Child) Core Set and NCQA HEDIS® technical specification requirements.

AHCCCS Performance Measures (Statewide Aggregate Rates): Statewide aggregate performance measure rate calculations are conducted by AHCCCS' EQRO utilizing the CMS Core Set of Adult and/or Child Health Care Quality Measures for Medicaid (Adult and Child Core Set) technical specifications. Performance measure selection and methodologies utilized for calculating the measures align with that outlined in the CMS (Adult and Child) Core Set Lists and associated specifications. AHCCCS may utilize other performance measures and/or methodologies, such as NCQA HEDIS®, or develop methodologies for measurement that are reflective of the Arizona system of care delivery model.

Performance is evaluated annually using the official performance measure rates described in the preceding paragraph; these rates are considered the official measurements for statewide reporting. In lieu of AHCCCS-calculated statewide aggregate rates, AHCCCS may elect to utilize Contractor-calculated performance measure rates (e.g., administrative, hybrid, or other methodologies) that have undergone validation by AHCCCS' EQRO and have been aggregated for official statewide reporting.

Official statewide performance measure rates shall be compared with the CMS Child and Adult Health Care Quality Measures, national Medicaid Median (CMS Medicaid Median), ad/or the NCQA HEDIS® Medicaid Mean for selected HEDIS®-Only measures, that aligns with the CY/MY for which the data reflects.

CMS-416: AHCCCS utilizes the methodology established within the CMS Instructions for Completing Form CMS-416: Annual Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Participation Report for reporting EPSDT Participation. The aggregate rate for Title XIX, as well as the aggregate rate for Title XXI, are generated one time per year and reported to CMS within specified timeframes. AHCCCS may, in lieu of generating the rates, opt to utilize CMS-generated rates for reporting purposes. AHCCCS may require the Contractor to implement a CAP or participate in mandatory workgroup activities when statistically significant declines in the Title XIX and/or Title XXI aggregate rates are identified.

Hybrid Performance Measures: AHCCCS may conduct hybrid performance measure reviews/audits for any CMS Child or Adult Core Set measure, NCQA HEDIS®, or other standardized measure to monitor and evaluate performance for performance measures and/or PIPs. AHCCCS conducted hybrid performance measure reviews/audits shall be reflective of statewide performance; however, AHCCCS reserves the right to conduct/require hybrid performance measure reviews/audits to monitor Contractor, population, and/or LOB performance. Contractor reported rates may be reported publicly, and the Contractor may be required to implement a CAP when:

1. Deficiencies are identified within hybrid performance measure rates.
2. Hybrid performance measure rates do not meet performance requirements.
3. Declines in hybrid performance measure rates occur.

Hybrid Data Collection Procedures: AHCCCS may require the Contractor to submit data for standardized performance measures and/or PIPs within specified timelines in accordance with AHCCCS instructions for collecting and reporting the data. AHCCCS may elect to utilize AHCCCS' EQRO for conducting hybrid performance measure review/audit activities.

Contractor Performance Measures (Contractor Specific-Rates): The Contractor shall comply with AHCCCS QM/PI Program requirements to improve the care, coordination, and services provided to AHCCCS members as demonstrated through performance metrics and performance measure reporting. The Contractor shall calculate and report (in accordance with AHCCCS instruction) all measures included as part of the CMS (Adult and Child) Core Set List for the associated measurement period, as well as select NCQA HEDIS® or other AHCCCS-required performance measures as listed below.

HEDIS® OR OTHER ADULT/CHILD MEASURES
Annual Dental Visit (ADV)
Inpatient Utilization (IPU)
Mental Health Utilization (MPT)
Use of Opioids at High Dosage (HDO)
Initial Visit within 30 days for Members Newly Identified with a CRS Condition (AHCCCS) - Tabled

As measure sets are updated, performance measures required by AHCCCS may also be updated to reflect the changes.

As part of the Contractor's performance measure data calculations, reporting, monitoring, and analysis activities, the Contractor shall:

1. Ensure qualified staff and personnel are utilized in the data collection, calculation, monitoring, evaluation, and reporting process.
2. Calculate, monitor, analyze, and report performance measure rates (including all submeasure and stratified rate reporting required as part of the associated performance measure technical specifications). Reporting shall be specific to population/LOB.
3. Analyze (and report in accordance with AHCCCS instruction and request) performance measure data specific to applicable subpopulations (e.g., members with SHCN, including, but not limited to EPSDT, maternal, behavioral health category, and CRS designated members).
4. Analyze (and report in accordance with AHCCCS instruction and request) performance measure data by placement (e.g., HCBS vs. NF), SOC delivery model, GSA, or county, applicable member designations, and/or other applicable demographic and SDOH factors.
5. Conduct routine monitoring and implement population/subpopulation-specific targeted interventions, meant to ameliorate, or eliminate identified disparities, which are based on an analysis of previous performance.

The Contractor is responsible for collecting valid and reliable data in accordance with associated measure specifications, as well as the technical guidance and instructions provided by AHCCCS and/or AHCCCS' EQRO when conducting performance measure validation activities. Responsibility for validation and oversight of performance measure data collection and rate reporting in alignment with AHCCCS requirements remains with the Contractor, despite utilization of a vendor or subcontractor to conduct performance measure calculations or hybrid reviews on its behalf. The Contractor shall comply with all manuals, documents, and guides referenced within the Contract and AMPM Chapter 900, in accordance with AHCCCS instructions.

Hybrid Performance Measures: The Contractor shall participate in hybrid performance measure reviews/audits for all measures identified by AHCCCS, at the intervals specified by AHCCCS. The Contractor shall also participate in hybrid immunization audits to assess the immunization status

of members at 24 months of age and by 13 years of age, at the intervals specified by AHCCCS. Hybrid performance measure reviews/audits and related processes may be subject to validation by AHCCCS' EQRO.

The number of records that each Contractor collects will be based on CMS (Adult and Child) Core Set measure specifications, NCQA HEDIS® specifications, EQRO, or other sampling guidelines in accordance with instructions provided by AHCCCS. The number of records that each Contractor collects may be affected by the Contractor's previous performance rate for the associated measure. The Contractor shall comply with and implement the hybrid methodology data collection as directed by AHCCCS or AHCCCS' EQRO. If records are missing for more than five percent of the Contractor's final sample, the Contractor is subject to sanctions by AHCCCS.

Hybrid Data Collection Procedures: When requested by AHCCCS, the Contractor shall submit data for standardized performance measures and/or PIPs (when applicable) within specified timelines and according to AHCCCS instructions for collecting and reporting the data. The Contractor shall collect data from medical records, electronic health records, or through other AHCCCS approved mechanisms in accordance with the technical specifications and/or methodology identified by AHCCCS. Data collected for performance measures and/or PIPs shall be completed in accordance with the instructions and timelines provided by AHCCCS and/or AHCCCS' EQRO, when applicable. For AHCCCS-directed hybrid studies, data shall be reported utilizing a standardized format for each hybrid measure, with allowable supporting documentation submitted, in accordance with AHCCCS provided instructions.

The Contractor shall also ensure that data collected by multiple parties/individuals for performance measures and PIP reporting is consistent and comparable through an implemented IRR process, as specified in AMPM Policy 970 and 980. Failure to follow the data collection and reporting instructions that accompany the data request may result in regulatory actions including, but not limited to, sanctions imposed on the Contractor.

The Contractor shall implement a process for internally monitoring, evaluating, and reporting all performance measure rates, utilizing a standardized methodology. The Contractor shall evaluate performance, based on the unique population/LOB and applicable subpopulations. The Contractor shall have a mechanism for its QM/PI Committee to report the Contractor's performance on an ongoing basis to its CEO, stakeholders, and other key staff.

The Contractor shall calculate, evaluate, and report performance measure rates in accordance with AHCCCS instructions. Contractor-calculated rates that have been validated by AHCCCS' EQRO are the official rates utilized for determination of Contractor compliance with performance requirements. AHCCCS reserves the right to calculate and report rates, in lieu of Contractor calculated rates, which may be utilized as the official rates when determining Contractor compliance with performance measure requirements. Contractor-calculated rates that have been validated and compiled by AHCCCS' EQRO are the official rates utilized for the LOB aggregate rates; however, AHCCCS may elect to utilize performance measure rates that have been calculated by AHCCCS' EQRO as the official LOB rates.

Contractor Performance Measure Reporting: The Contractor shall include all Medicaid Managed Care enrolled members within its performance measure reporting and report rates specific to population/LOB. The Contractor shall adhere to the continuous enrollment criteria as outlined in the associated measure specifications, and/or as directed by AHCCCS.

The Contractor shall analyze (and report, in accordance with AHCCCS instruction and request), performance measure data specific to:

1. Applicable subpopulations (e.g., members with SHCN, including, but not limited to: EPSDT, maternal, behavioral health category, and CRS designated members).
2. Placement (e.g., HCBS vs. NF).
3. SOC delivery model.
4. GSA or County.
5. Applicable member designations.
6. Other applicable demographic and SDOH factors not required as part of the associated performance measure specifications.

Based on the evaluation and analysis of current and previous performance, the Contractor shall conduct and report disparity analysis findings and activities meant to ameliorate or eliminate identified disparities.

The Contractor is responsible for monitoring and reporting the status of, and any discrepancies identified in encounters, received by AHCCCS including paid, denied, and pended for purposes of performance measure monitoring. Reporting shall be directed to the AHCCCS QI Manager and conducted upon identification and prior to the official statewide rate calculations being conducted.

The Contractor's performance measure monitoring shall be reported to AHCCCS as part of its QM/PI Program Plan (inclusive of Work Plan and Work Plan Evaluation) in accordance with this section; Section F, Attachment F3, Contractor Chart of Deliverables; AMPM Chapter 900; and as required by AHCCCS. In addition, the Contractor is required to submit quarterly performance measure monitoring results to AHCCCS within its Performance Measure Monitoring Report as specified in AMPM Chapter 900 and Section F, Attachment F3, Contractor Chart of Deliverables. The Contractor shall report in alignment with the requirements found in AMPM Chapter 900.

Quality Improvement Performance Requirements: Contractor performance is evaluated annually using the official rates specified in the Contractor Performance Measures (Contractor-Specific Rates) section above. These rates are considered the official measurements for each performance measure. Contractor specific official rates will be compared with the population/LOB aggregate rates, as applicable, and the NCQA HEDIS® Medicaid Mean or the CMS Medicaid Median [for selected CMS (Adult and Child) Core Set-Only Measures], as identified by AHCCCS. The Contractor shall perform in accordance with established standards, as specified in this section.

Contractor performance that does not meet established standards, per official reporting, may be subject to regulatory action (which may include sanctioning) for each deficient measure (measure/submeasure) rate.

The Contractor shall meet and sustain, as well as ensure that each subcontractor meets and sustains, the NCQA HEDIS® Medicaid Mean/CMS Medicaid Median for each performance measure (measure/submeasure) rate [42 CFR 438.330(b)(1)-(2) and (d)(1)]. It is equally important that, in addition to meeting the NCQA HEDIS® Medicaid Mean/CMS Medicaid Median, the Contractor continually improves performance measure outcomes from year to year.

The Contractor shall show demonstrable and sustained improvement toward meeting (or maintaining, if above) the associated population/LOB aggregate rate, as applicable, and the associated NCQA HEDIS® Medicaid Mean/CMS Medicaid Median. AHCCCS will require the Contractor to implement a CAP for performance measures that do not meet the associated NCQA HEDIS® Medicaid Mean/CMS Medicaid Median. AHCCCS may require the implementation of a CAP for measures that are below the associated population/LOB aggregate rates. AHCCCS may require the implementation of a CAP for measures that show a statistically significant decline in one or more of its rates. This includes measures that show a statistically significant decline in one or more of its (measure/submeasure) rates even when the rate(s) meet or exceed the associated NCQA HEDIS® Medicaid Mean/CMS Medicaid Median, as well as those that meet or exceed the associated population/LOB aggregate rate. In addition, AHCCCS may require the Contractor to implement a CAP or participate in mandatory workgroup activities when statistically significant declines in the aggregate population/LOB-specific rate(s) are identified even when the rate(s) meets or exceeds the associated NCQA HEDIS® Medicaid Mean/CMS Medicaid Median.

AHCCCS may impose sanctions on the Contractor if it does not show statistically significant improvement in its official rates. Sanctions may also be imposed for:

1. Statistically significant declines in official rates, even if they meet or exceed the associated population/LOB aggregate rate, as applicable, and/or the associated NCQA HEDIS® Medicaid Mean/CMS Medicaid Median.
2. Any rate that does not meet the associated NCQA HEDIS® Medicaid Mean/CMS Medicaid Median.
3. A rate that has a significant impact to the population/LOB or statewide aggregate rate, and (including a significant impact to the population/LOB or statewide aggregate rate based on the Contractor's failure to utilize the performance measure calculation methodology required by AHCCCS).
4. Any rate that falls from a higher to lower performing percentile/quartile based on the associated NCQA HEDIS® Medicaid Mean/CMS Medicaid Median benchmark data.

AHCCCS may require the Contractor to demonstrate that they are allocating increased administrative resources to improve rates for a particular measure or service area.

Upon notification and direction from AHCCCS, the Contractor shall:

1. Participate in mandatory technical assistance sessions. The Contractor may also request technical assistance as needed.

2. Participate in AHCCCS workgroup sessions and initiatives aimed to identify barriers and develop action plans to address system performance.
3. Propose and implement Contractor-specific CAPs for official statewide aggregate rates on the CMS Scorecard that:
 - a. Do not meet the published NCQA HEDIS® Medicaid Mean/CMS Medicaid Median, or
 - b. Demonstrate a significant decline for the applicable measurement period.
4. Propose and implement Contractor-specific CAPs, for measures demonstrating statistically significant disparities based on AHCCCS' evaluation and analysis of measure performance, inclusive of targeted interventions meant to ameliorate or eliminate identified disparities.

Quality Improvement Corrective Action Plans: An evidence-based CAP, inclusive of elements specified in AMPM Policy 920, shall be received by AHCCCS within 30 days of the notification of deficiency(ies) from AHCCCS. Proposed CAPs shall be approved by AHCCCS prior to implementation and CAP updates shall be submitted at intervals specified by AHCCCS. AHCCCS may conduct one or more follow-up desktop or on-site reviews to verify compliance with a CAP. The Contractor shall also identify and implement additional CAPs based on self-identified opportunities for improvement, as supported by root cause analysis, external/internal data, surveillance of trends, or other information available to the Contractor. Self-implemented CAPs and associated CAP updates shall be submitted upon AHCCCS request.

Quality Improvement Deliverable Extension Requests: If an extension of time is needed to complete a report, the Contractor shall submit a formal request for AHCCCS' consideration via email communication sent before the deliverable due date to the AHCCCS/DHCM, OCO and QI Team Manager, in accordance with AMPM Policy 920 requirements.

Member Satisfaction Surveys: The Contractor shall, as requested by AHCCCS, participate in member satisfaction surveys in accordance with CMS' External Quality Review Protocol [42 CFR 438.340(a), 42 CFR 438.340(b)(4)]. AHCCCS may provide the survey tool or require the Contractor to develop the survey tool which shall be approved in advance by AHCCCS and as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

Member satisfaction survey findings or performance rates for survey questions may result in Administrative Action. The results of the surveys may become public information and available to all interested parties on the AHCCCS website. The Contractor may be required to participate in workgroups and other efforts that are initiated based on the survey results. The Contractor may participate in or conduct additional surveys based upon findings from the previously conducted member satisfaction survey, as approved by AHCCCS, as part of designing its QI or CAP activities.

Refer to Section D, Paragraph 18, Surveys for additional information specific to member survey requirements.

Health Disparity Summary & Evaluation Report: The Contractor shall develop and implement a strategic plan that includes an analysis of the effectiveness of implemented strategies and interventions in meeting its health equity goals and objectives during the previous Calendar Year, a detailed overview of the Contractor's identified health equity goals/objectives for the upcoming Calendar Year, and targeted strategies/interventions planned for the upcoming Calendar Year to achieve its goals. The Contractor shall submit the Health Disparity Summary & Evaluation Report as specified in AMPM Policy 920 and Section F, Attachment F3, Contractor Chart of Deliverables.

Engaging Members through Technology Executive Summary: The Contractor shall develop and implement a strategic plan for the upcoming calendar year to engage and educate its membership, as well as improve access to care and services, through telehealth services and web-based applications intended to assist members with self-management of health care needs. Within its plan, the Contractor shall identify web/mobile-based applications utilized in its outward-facing communication with members. The Contractor shall also identify subpopulations that can benefit from web/mobile based applications used to assist members with self-management of health care needs (e.g., chronic conditions, pregnancy, SDOH resources, or other health related topics the Contractor considers to be most beneficial to members), implementing and evaluating targeted Engaging Members through Technology (EMTT) related activities specific to these areas. The Contractor shall submit an EMTT Executive Summary, in report format and as a component of the Contractor's QM/PI Program Plan submission, as specified in AMPM Policy 920 and Section F, Attachment F3, Contractor Chart of Deliverables.

Contractor's Best Practices and Follow Up on Previous Year's External Quality Review Report Recommendations: The Contractor shall submit its Best Practices and Follow Up on Previous Year's EQR Report Recommendations, as specified in AMPM Policy 920 and Section F, Attachment F3, Contractor Chart of Deliverables.

Ambulatory Medical Record Review Audit: The Contractor shall conduct an Ambulatory Medical Record Review (AMRR) audit according to the requirements specified below, as well as within AMPM 940. The audit shall include the following provider types, including PCPs that serve children (i.e., children defined as less than 21 years of age) and obstetricians/gynecologists. The Medical Record review process shall consist of monitoring a group practice based on the following number of practitioners within the group practice:

- Group practice with 1-2 practitioners, 8 charts per practitioner.
 - Group practice with 3-6 practitioners, 4 charts per practitioner.
 - Group practice with 7-15 practitioners, 2 charts per practitioner.
 - Group practice with 16+ practitioners, a maximum of 30 charts shall be reviewed.
1. If the score after review of the required number of charts identified above, is less than 85 percent, technical assistance shall be provided to the practitioner, and the practitioners shall also be audited the following year.
 2. If the score after eight charts is 85 percent or greater, yet areas of deficiency are found, technical assistance shall be given to the practitioner.

3. For providers that do not treat children or pregnant members, the following process shall occur unless a different methodology is reviewed and approved by AHCCCS:
 - a. A random sample of 30 providers per GSA will be pulled for audit each year. Eight charts will be audited per provider,

The Contractor shall remain responsible for compliance with all requirements set forth in Section F, Attachment F1, Member Grievance and Appeal System Standards, Section F, Attachment F2, Provider Claim Dispute Standards, 42 CFR Part 438 Subpart F and any other requirements related to the Grievance and Appeal System under Federal, State, or local law, statute, ordinance, rule, regulation, or court decree.

The Contractor may delegate the Grievance and Appeal System process to Administrative Services Subcontractors; however, the Contractor shall ensure that the delegated entity complies with applicable Federal and State laws, regulations, and policies, including, but not limited to 42 CFR Part 438 Subpart F. The Contractor shall remain responsible for compliance with all requirements. The Contractor is not permitted to delegate the Grievance and Appeal System requirements to its providers.

Information to members shall meet cultural competency and LEP requirements as specified in Section D, Paragraph 17, Member Information and Section D, Paragraph 19, Cultural Competency.

The Contractor shall provide the appropriate professional, paraprofessional, and clerical personnel for the representation of the Contractor in all issues relating to the Grievance and Appeal System and any other matters arising under this Contract which rise to the level of administrative hearing or a judicial proceeding. Unless there is an agreement with the State in advance, the Contractor shall be responsible for all attorney fees and costs awarded to the claimant in a judicial proceeding.

The Contractor shall indemnify, defend, and hold harmless the State from and against any and all claims, losses, liability, costs, and expenses, including, but not limited to, attorney's fees and costs, arising out of litigation against AHCCCS including, but not limited to, lawsuits challenging the Contractor's failure to conform to any requirements related to the Grievance and Appeal System under Federal, State, or local law, statute, ordinance, rule, regulation, or court decree.

The Contractor shall also ensure that it timely provides written information, to both members and providers, which clearly explains the Grievance and Appeal System requirements. This information shall include a description of:

1. The right to a State fair hearing, the method for obtaining a State fair hearing.
2. The rules that govern representation at the hearing.
3. The right to file grievances, appeals and claim disputes.
4. The requirements and timeframes for filing grievances, appeals and claim disputes.
5. The availability of assistance in the filing process.
6. The toll-free numbers that the member can use to file a grievance or appeal by phone.
7. That benefits will continue when requested by the member in an appeal or State fair hearing request concerning certain actions which are timely filed.
8. That the member may be required to pay the cost of services furnished during the appeal/hearing process if the final decision is adverse to the member.
9. That a provider may file an appeal on behalf of a member with the member's written consent.

The future enrollment of a Contractor's member to another Contractor and/or the member's subsequent loss of AHCCCS eligibility are not valid reasons to deny or limit a member's service authorization request submitted to the Contractor during the time period in which the member was enrolled with that Contractor.

The Contractor shall not take the position during the grievance and appeals process that a former member's subsequent enrollment with another Contractor or that member's subsequent loss of AHCCCS eligibility are valid reasons for the Prior Contractor to deny or dismiss an appeal of the adverse benefit determination if the member submitted the service authorization request to the Prior Contractor during a period of enrollment with the Prior Contractor. The Prior Contractor is required to substantiate that the denial or reduction of the service authorization request is based upon medical necessity, the exclusion of the service from the scope of AHCCCS covered services, and/or cost-effectiveness. If the authorization decision of the Prior Contractor is overturned on appeal, the Prior Contractor is financially responsible for coverage of those services notwithstanding the member's subsequent enrollment with a different Contractor or the member's subsequent loss of AHCCCS eligibility.

The Contractor shall provide reports on the Grievance and Appeal System as required in the AHCCCS Grievance and Appeal System Reporting Guide and Section F, Attachment F3, Contractor Chart of Deliverables.

Grievance and Appeal System (ACC-RBHA): In addition to the above Title XIX/XXI Grievance and Appeal System processes, the ACC-RBHA Contractor is also required to adhere to the SMI Grievance and Appeal System requirements specified below.

The Contractor shall implement grievance and appeal process as specified in A.A.C. Title 9, Chapter 21, Article 4 for members with a SMI designation, hereinafter “the SMI grievance and appeal processes.” The Contractor shall ensure that the SMI grievance and appeal processes comply with all applicable requirements in Arizona State laws and administrative regulations including the ACOM, AMPM, A.A.C. Title 9, Chapter 21, Article 4, and the requirements specified in this Contract.

The Contractor’s SMI grievance and appeal department and personnel shall be available to members and other stakeholders via a published, direct telephone number or by a telephone prompt on the Contractor’s primary messaging system.

The Contractor shall provide written notification of the Contractor’s SMI grievance and appeal processes to all subcontractors and providers at the time of entering into a subcontract or other agreement with a provider. The Contractor shall provide written notification with information about the Contractor’s SMI grievance and appeal processes to members in its Member Handbook. The Contractor shall provide written notification to members at least 30 days prior to the effective date of a change in any part of a SMI grievance or appeal policy.

The Contractor shall administer all of the SMI grievance and appeal processes competently, expeditiously, and equitably for all members, subcontractors, and providers to ensure that SMI grievances and SMI appeals are efficiently and effectively adjudicated and/or resolved. The Contractor shall not engage in conduct to prohibit, discourage, or interfere with a member’s right to assert an SMI grievance or SMI appeal.

The Contractor shall regularly review data regarding SMI grievances and SMI appeals to identify trends and opportunities for system improvement, take action to correct identified deficiencies, and otherwise implement modifications which improve SMI grievance and SMI appeal operations and efficiency. The Contractor shall regularly review SMI grievance and SMI appeal data to identify members who utilize SMI grievance and SMI appeal processes at a significantly higher rate than other members and shall take appropriate clinical interventions where appropriate.

The Contractor shall provide all professional, paraprofessional, and clerical/administrative resources to represent the Contractor’s in any of its SMI cases that rise to the level of an administrative or judicial hearing or proceeding. Absent written agreement to the contrary, the Contractor shall be responsible for payment of attorney fees and costs awarded to a claimant in any administrative or judicial proceeding.

The Contractor shall:

2. Fully cooperate with AHCCCS in the event AHCCCS decides to intervene in, participate in, or reviews any Notice, SMI grievance, or SMI appeal process or proceeding.
3. Comply with and/or implement any AHCCCS directive within the time specified pending formal resolution of the issue.
4. At all relevant times take into consideration the best clinical interests of the member when addressing provider or member SMI grievance and/or SMI appeal related concerns.

Appeals for Members with Serious Mental Illness: An SMI Appeal is an appeal filed pursuant to the provisions of A.A.C. R9-21-401 et seq. regarding decisions pertaining to behavioral health services for SMI members (or to eligibility decisions for those members seeking to become SMI eligible), including fees and waivers; assessments and further evaluations; service and treatment plans and planning decisions; and the implementation of those decisions. The SMI Appeals process may be utilized only by those members who already have an SMI designation or who are seeking to become SMI eligible.

It is important to note that a person designated as SMI, who is also Title XIX/XXI eligible, may appeal an adverse benefit determination (defined under 42 CFR 438.400 to include the denial or limited authorization of a requested service; the reduction, suspension, or termination of a previously authorized service; and/or the failure to provide a service in a timely manner) under either the SMI Appeals process or the Title XIX/XXI appeal process.

The SMI appeals process is a mediated process consisting of one or more appeal conferences at which the parties to the appeal discuss the appeal and seek a mediated resolution. If resolution is not achieved, the appellant may request an administrative hearing to decide the issue on appeal. The Contractor shall require all staff facilitating SMI Appeal conferences to have training in mediation, conflict resolution, or problem-solving techniques. Refer to A.A.C. R9-21-401 et seq.

Grievances for Members with Serious Mental Illness: An SMI Grievance is an allegation of a rights violation against an SMI member relating to the provision of behavioral health services by a mental health agency, pursuant to A.A.C. R9-21-201 et seq. and A.A.C. R9-21-403 et seq. Anyone may file an SMI Grievance, but this process is limited to allegations of rights violations by a mental health agency against an SMI member relating to behavioral health services only. An SMI Grievance for the purposes of this paragraph is not the same as a Title XIX/XXI member grievance as specified in 42 CFR Part 438 subpart F which is defined as a member's expression of dissatisfaction with any matter, other than an adverse benefit determination, and may also be referred to as a complaint. A member designated SMI may file both an SMI Grievance and a complaint about any issue and shall not be required to exhaust the complaint process prior to filing an SMI Grievance.

The Contractor shall require investigators who conduct SMI Grievance investigations to be certified by the Council on Licensure, Enforcement, and Regulation (CLEAR) or by an equivalent certification program identified by the Contractor, which shall be submitted to AHCCCS for prior approval.

The Contractor shall submit a Non-Title XIX/XXI and SMI Grievance and Appeal Report as specified in Section F, Attachment F3, of the Contractor Chart of Deliverables.

The Contractor is responsible for responding to requests from the AHCCCS Clinical Issue Resolution Unit involving member complaints, concerns, and issues brought to AHCCCS' attention by AHCCCS members, family members, providers, and other concerned parties. Upon request, the Contractor shall provide the Clinical Resolution Unit with a written summary that describes the steps taken to resolve the issue, including findings, the resolution, and if indicated, a need for corrections. The Contractor shall acknowledge receipt of an issue referral expeditiously and according to the urgency and response timeframe identified by the AHCCCS/DHCM, Clinical Resolution Unit as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

26. NETWORK DEVELOPMENT

The Contractor shall develop, maintain, and monitor a comprehensive provider network that is diverse and supports the needs of AHCCCS members. The Contractor's network shall be supported by written agreements which are sufficient to provide all covered services to AHCCCS members, including those with LEP or physical or cognitive disabilities [42 CFR 457.1230(a), 42 CFR 438.206(b)(1)].

The Contractor shall ensure covered services are accessible in terms of location and hours of operation as specified by AHCCCS Network requirements. The Contractor shall provide a comprehensive provider network that ensures its membership has access at least equal to community standards [42 CFR 457.1230, 42 CFR 438.206(b)(1)].

Regardless of the setting, the Contractor shall develop and implement organizational structures and procedures that promote collaboration and consultation among multi-specialty Treatment Team members and community providers.

The Contractor's network shall include:

1. Community-based providers including physicians, preventive, primary care, family planning, dental, behavioral health (including adult and child psychiatrists), laboratory, x-ray, therapy services, and other specialty providers through a network of community-based providers in accordance with network standards and which maximize member choice and ensure timely access to covered services [42 CFR 457.1230(a), 42 CFR 438.206(b)(7)].
2. Innovative service delivery mechanisms such as field clinics and virtual clinics that incorporate the use of telemedicine, teleconferencing among providers, and an Integrated Medical Record to provide multi-specialty, interdisciplinary care when needed in other areas of the State.

3. Community-based, family support providers in urban, suburban, and rural areas of the State.

There shall be sufficient providers for the provision of all covered services, including emergency medical care on a 24-hour-a-day, seven-days-a-week basis [42 CFR 438.206(1)(i)(iii)]. The development of home and community based services shall include provisions for the availability of services on a seven-day-a-week basis and for extended hours, as dictated by member needs [42 CFR 438.206(b)(1), 42 CFR 438.206(c)(1)(i)-(iii)]. The Contractor is required to have available non-emergent after-hours physician or primary care services within its network. If the Contractor's network is unable to provide medically necessary services required under Contract, the Contractor shall ensure timely and adequate coverage of these services through an out-of-network provider until a network provider is contracted. The Contractor shall ensure coordination with respect to authorization and payment issues in these circumstances [42 CFR 457.1230(a), 42 CFR 438.206(b)(4) and (5)].

The Contractor is expected to develop a provider network that supports the provision of covered behavioral health services. The Contractor may not subcontract for or delegate to another entity for the delivery of behavioral health services. The Contractor shall use processes, strategies, evidentiary standards, or other factors in determining access to out-of-network providers for behavioral health or SUD benefits that are comparable to, and applied no more stringently than, the processes, strategies, evidentiary standards, or other factors in determining access to out-of-network providers for medical/surgical benefits in the same classification [42 CFR 457.1201(1), 42 CFR 438.910(d)(3)].

In order to support access to behavioral health services, and to ensure the continuity and transition of member care, the Contractor is strongly encouraged to Contract with behavioral health providers who have been participating in the following Access to Care initiatives:

1. Services for members diagnosed with ASD.
2. Services for members in DCS custody.
3. Arizona State Opioid Response.
4. SUD.
5. First Episode Psychosis.

The Contractor is further encouraged to designate appropriate staff within Member Advocacy and/or Care Management Units who will be responsible for identifying and tracking transitioning members who are participating in these initiatives in order to minimize any potential gaps in care.

The Contractor is expected to design a network that provides a geographically convenient flow of members among network providers to maximize member choice. The Contractor shall allow each member to choose their network provider to the extent possible and appropriate [42 CFR 457.1201(j), 42 CFR 438.3(l)]. Services shall be accessible to members in terms of timeliness, amount, duration, and scope as those are available to beneficiaries under FFS Medicaid [42 CFR 457.1230(d), 42 CFR 438.210(a)(2)].

The Contractor shall ensure its provider network provides physical access, accessible equipment, reasonable accommodations, culturally competent communications for all members including those with physical or cognitive disabilities [42 CFR 457.1230(a), 42 CFR 438.206(c)(3)]. The Contractor shall meet minimum network standards as specified in ACOM Policy 436. The Contractor may request an exception to these network standards; it shall submit such a request for AHCCCS approval as specified in ACOM Policy 436 and Section F, Attachment F3, Contractor Chart of Deliverables. The Contractor shall maintain a sufficient network in accordance with the requirements specified in ACOM Policy 436, 42 CFR 457.1218, 42 CFR 438.68, 42 CFR 438.206(c)(1), 42 CFR 438.207(a), 42 CFR 438.207(c). In the event a Contractor is not able to meet network standards, AHCCCS may review requested exceptions as specified in ACOM Policy 436 [42 CFR 457.1218, 42 CFR 438.68].

The provider network shall be designed to reflect the needs and service requirements of AHCCCS' culturally and linguistically diverse member population. The Contractor shall design its provider networks to maximize the availability of community based primary care and specialty care access, including specialists that treat individuals with qualifying medical conditions under A.A.C. R9-22-1303, to ensure a reduction in utilization of emergency services, one day hospital admissions, hospital based outpatient surgeries (when lower cost surgery centers are available), and hospitalization for preventable medical problems.

The Contractor's network of behavioral health providers shall include, at a minimum the following:

1. Locally established, Arizona-based, independent PROs and FROs. The Contractor shall provide technical assistance and support to PROs and FROs as necessary.
2. Master's and doctoral level trained clinicians in the fields of social work, counseling, marriage and family therapy, psychology and substance abuse counseling, who are trained in implementation of best practices for medically and behaviorally complex conditions such as intellectual/cognitive disabilities, trauma-related disorders, SUD, sexual offenders, sexual abuse victims, services for those in need of dialectical behavior therapy, and special age groups such as transition age youth and members aged birth to five years old.

The Contractor shall develop incentive plans to recruit and retain locally based BHPs and BHMPs.

To ensure early intervention for newly enrolled members and to minimize disruption and facilitate continuity of services to existing members receiving services at the Human Services Campus in downtown Phoenix, Contractors in the Central GSA are expected to Contract with all appropriate service providers for services delivered at the Campus in downtown Phoenix. If the Contractor fails to negotiate a Contract, the Contractor shall allow members to access services from the non-contracted providers on the Campus and reimburse providers for services at the Campus at the AHCCCS FFS rate.

The Contractor shall not discriminate with respect to participation in the AHCCCS program, reimbursement or indemnification against any provider based solely on the provider's type of licensure or certification [42 CFR 457.1208, 42 CFR 438.12(a)(1)-(2)]. In addition, the Contractor shall not discriminate against particular providers that service high-risk populations or specialize in conditions that require costly treatment [42 CFR 457.1208, 42 CFR 457.1233(a), 42 CFR 438.12(a)(2), 42 CFR 438.214(c)].

This provision, however, does not prohibit the Contractor from limiting provider participation to the extent necessary to meet the needs of the Contractor's members. This provision also does not interfere with measures established by the Contractor that are designed to maintain quality of services and control costs and are consistent with its responsibilities under this Contract nor does it preclude the Contractor from using different reimbursement amounts for different specialists or for different practitioners in the same specialty [42 CFR 457.1208, 42 CFR 438.12(b)(1)-(3)]. If a Contractor declines to include individuals or groups of providers in its network, it shall give the affected providers timely written notice of the reason for its decision [42 CFR 457.1208, 42 CFR 438.12(a)(1)]. The Contractor may not employ or Contract with providers who are excluded from participation in Federal health care programs, under either Section 1128 or Section 1128A of the Social Security Act [42 CFR 457.1233(a), 42 CFR 438.214(d)(1)].

Arizona Early Intervention Program: The Contractor shall comply with the requirements of the AzEIP. The AzEIP is implemented through the coordinated activities of the ADES, ADHS, DCS, Arizona State Schools for the Deaf and Blind (ASDB), AHCCCS, and ADE. The AzEIP Program is governed by the Individuals with Disabilities Act (IDEA), Part C (P.L.105-17). AzEIP, through Federal regulation, is stipulated as the payor of last resort to Medicaid, and is prohibited from supplanting another entitlement program, including Medicaid. The Contractor shall pay all AHCCCS registered AzEIP providers, regardless of their Contract status with the Contractor, when service plans identify and meet the requirement for medically necessary EPSDT covered services. Refer to AMPM Policy 430. AHCCCS has developed an AzEIP Speech Therapy Fee Schedule and rates incorporating one procedure code, with related modifiers, settings, and group sizes. The Contractor shall utilize this methodology for payment for the speech therapy procedure when provided to an AHCCCS member who is a child identified in the AHCCCS system as an AzEIP recipient. Irrespective of services covered by AzEIP, the Contractor remains responsible for timely coverage of all medically necessary services as specified in this Contract. Consistent with A.A.C. R9-22-705 K., in the absence of a Contract, Contractors shall pay claims at rates not less than the AHCCCS AzEIP FFS rates. In the event the Contractor intends to Contract for AzEIP services at rates that are lower than the AHCCCS AzEIP rates, the Contractor shall notify AHCCCS of the proposed rates at least 90 days in advance of implementation. The Contractor shall provide the proposed rates with an explanation of how it intends to track, evaluate, and mitigate any potential negative impacts to access to care. AHCCCS will review the proposed rates to consider if an adjustment to the Contractor's capitation rates may be warranted.

Centers of Excellence: The Contractor shall Contract with Centers of Excellence which implement evidence-based practices and track outcomes for members with SHCN. Refer to Section D, Paragraph 11, Behavioral Health Service Delivery and Section D, Paragraph 72, Value-Based Purchasing.

Court Ordered Evaluation Providers: The Contractor is expected to seek contracts with providers offering COE services in its awarded GSAs in order to ensure timely follow up and care coordination for its members.

Durable Medical Equipment Service Delivery: DME (e.g., wheelchairs, walkers, hospital beds, and oxygen equipment) is critical in optimizing the member's independence and functional level, both physically and mentally, and to support service delivery in the most integrated setting and foster engagement in the community. The Contractor is required to provide medically necessary DME to members in a timely manner consistent with AHCCCS Policy. The Contractor shall track and report timeliness of DME Service Delivery as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

Graduate Medical Education Residency Training Programs: AHCCCS is committed to workforce development and support of the medical residency and dental student training programs in the State of Arizona. AHCCCS expects the Contractor to support these efforts. AHCCCS encourages plans to Contract with or otherwise support the many Graduate Medical Education (GME) Residency Training Programs currently operating in the State and to investigate opportunities for resident participation in Contractor MM and committee activities. In the event of a Contract termination between the Contractor and a GME Residency Training Program or training site, the Contractor may not remove members from that program in such a manner so as to harm the stability of the program. AHCCCS reserves the right to determine what constitutes risk to the program. Further, the Contractor shall attempt to Contract with graduating residents and providers that are opening new practices in, or relocating to, Arizona, especially in rural or underserved areas (A.A.C. R9-22-712.05, A.R.S. § 36-2903.01(G)(9), A.R.S. § 36-2903.01(G)(9)(d), A.R.S. § 36-2907.06).

Homeless Clinics: Contractors serving counties that have homeless clinics offering primary care services are encouraged to Contract with these clinics and minimally reimburse at the AHCCCS FFS rates. Consistent with A.A.C. R9-22-705 K., in the absence of a Contract, the Contractor shall minimally pay the AHCCCS FFS rates. In the event the Contractor intends to Contract at rates that are lower than the AHCCCS FFS rates, the Contractor shall notify AHCCCS of the proposed rates at least 90 days in advance of implementation. The Contractor shall provide the proposed rates with an explanation of how it intends to track, evaluate, and mitigate any potential negative impacts to access to care.

Contracts shall stipulate the following:

1. Only those members who request a homeless clinic as a PCP may be assigned to them.
2. Members assigned to a homeless clinic may be referred out-of-network for needed specialty services.

The Contractor shall make resources available to assist homeless clinics with administrative issues such as obtaining prior authorization and resolving claims issues.

Multi-Specialty Interdisciplinary Clinics: For members with SHCN, including members with CRS conditions who could benefit from a multidisciplinary approach, covered services shall be delivered through a combination of established MSICs, Field Clinics, Virtual Clinics, and in community settings. The Contractor is expected to Contract with all MSICs in the awarded GSAs and attempt to Contract with any additional MSICs which have provided services to the Contractor's members.

In the event the Contractor and an MSIC fail to negotiate a Contract, the Contractor shall continue to allow members to utilize the MSIC. In the absence of a Contract, consistent with A.A.C. R9-22-705 K., the Contractor shall reimburse the MSIC at the AHCCCS MSIC fee schedule.

With regard to procedure code T1015 and its application in the MSIC, the MCO shall not make payments for T1015 unless it is:

1. Billed by an MSIC.
2. For a CRS or former CRS member.

The MSIC may include all services provided to a member on a single date of service on one claim form or multiple claim forms. If multiple claim forms, the MSIC National Provider Identifier (NPI) shall be used as the rendering provider on each claim. A single MSIC is eligible for only one T1015 code payment per member/per day.

The use of procedure code T1015 and its application to Federally Qualified Health Care Center/Rural Health Clinic (FQHCs/RHCs) remains unchanged.

If the Contractor fails to negotiate contracts with all currently established MSICs in each of the Contractor's awarded GSAs, the Contractor shall establish contracts for multispecialty interdisciplinary care provided at one location by a variety of providers. At a minimum, access to the following providers at each multispecialty interdisciplinary care site shall be available:

1. Physicians.
2. Nurse Practitioners.
3. Physician Assistants.
4. Licensed Behavioral Health Professionals.
5. Rehabilitation providers.

The Contractor shall take appropriate steps to include the availability of the following specialty providers at the single location:

1. Cardiologist.
2. Dentist.
3. Social Worker (SW).
4. Nutritionist.
5. Physiatrist.
6. Otolaryngologists.
7. Gastroenterologist.
8. Neurologist.
9. Ophthalmologist.
10. Surgeon.
11. Orthopedist.

12. Plastic surgeon.
13. Urologist.
14. Audiologist.

In the event the Contractor and an MSIC fail to negotiate a Contract, the Contractor shall submit a description outlining the alternative delivery model, including proposed multispecialty interdisciplinary care providers, to AHCCCS for review and approval as specified in ACOM Policy 436 and Section F, Attachment F3, Contractor Chart of Deliverables.

In addition to the clinic settings specified above, the Contractor shall also ensure a network of community-based providers to include primary care, dental, and other specialty providers throughout the awarded GSAs. Members shall not be restricted from receiving services from these community-based providers.

The Contractor shall establish a process to ensure coordination of care for members that includes allowing members with a CRS designation turning 21 the choice to continue being served by an MSIC that is able to provide services and coordinate care for adults with SHCN.

Network Development and Management Plan: The Contractor shall develop and maintain a Provider Network Development and Management Plan (NDMP) to demonstrate that it maintains a network of providers that is sufficient in number, mix, and geographic distribution to meet the needs of the anticipated number of members in the service area and which ensures the provision of covered services [42 CFR 457.1230(b), 42 CFR 438.207(b)(1) (b)(2)]. The submission of the NDMP to AHCCCS is an assurance of the adequacy and sufficiency of the Contractor's provider network. The NDMP Plan shall be evaluated, updated annually, and submitted to AHCCCS as specified in Section F, Attachment F3, Contractor Chart of Deliverables. The NDMP shall include the requirements specified in ACOM Policy 415.

The Contractor shall continually assess network sufficiency and capacity using multiple data sources such as appointment standards, member grievances, appeals, quality data, QI data, utilization of services, member satisfaction surveys, and demographic data requirements. The Contractor shall also develop non-financial incentive programs to increase participation in its provider network when feasible [42 CFR 438.604(a)(5), 42 CFR 438.606, 42 CFR 438.207(b)-(c), 42 CFR 438.206].

AHCCCS may impose Administrative Actions for material deficiencies in the Contractor's provider network.

Targeted Investment Providers: Refer to Paragraph 50, Compensation for contracting requirements related to the TI Program.

Telehealth: Telehealth is defined as health care services delivered via asynchronous (store and forward), remote patient monitoring, teledentistry, telemedicine (interactive audio and video), or telephonic (audio-only). Telehealth shall not replace provider choice and/or member preference for physical delivery of services. The Contractor shall be responsible for the oversight, administration, and implementation of telehealth services in compliance with State and Federal laws and the requirements of this Contract and all incorporated references. The Contractor shall ensure that telehealth is available and utilized, when appropriate, to ensure geographic accessibility of services to members. The Contractor shall be responsible for developing and expanding the use and availability of telehealth services, when indicated and appropriate. Refer to AMPM Policy 320-I.

Treat and Refer: If there are at least three Treat and Refer providers registered with AHCCCS in any/all areas served by the Contractor, the Contractor is required to enter into a Contract with at least one provider.

Workforce Development: In accordance with ACOM Policy 407 the Contractor shall establish and maintain a WFDO. The WFDO works together with the Contractor's Network and QM functions to ensure the provider network has:

1. Sufficient workforce capacity - An appropriate number of qualified workers needed to provide service.
2. Required level of workforce capability – Workers who are interpersonally, clinically, culturally, and technically competent in the skills needed to provide services.
3. Connected workplaces – Providers with an internal capacity for developing their workforce and or are connected to external workforce development resources.

The Contractor's WFDO shall consist of the following components:

1. A Workforce Development Administrator.
2. A WFDO that is organizationally aligned with the Contractor's Network Management and QM functions. The WFDO is the organizational structure, personnel, processes and resources, the Contractor implements to monitor and assess current workforce capacity and capability, forecast and plan future workforce capacities and capabilities and when indicated, deliver technical assistance to provider organizations to strengthen their WFD programs.
3. A Professional Development Plan for the Workforce Development Administrator.

AHCCCS may validate the submission of applicable voids and replacement encounters upon completion of any approved recoupment that meets the qualifications of this section. All replaced or voided encounters shall reach adjudicated status within 120 days of the approval of the recoupment. Refer to ACOM Policy 412 and AHCCCS Encounter Manual for further guidance.

Claims for services associated with transplants are paid in accordance with A.A.C. R9-22-712.61(A) and (C), except for inpatient transplant evaluation services which are paid using the APR-DRG payment methodology. Refer to Section D, Paragraph 50, Compensation.

The Contractor may conduct prepayment, concurrent and post-payment medical reviews of all hospital claims including outlier claims. Erroneously paid claims may be subject to recoupment. If the Contractor fails to identify lack of medical necessity through prepayment and/or concurrent medical review, lack of medical necessity shall not constitute a basis for recoupment of paid hospital claims, including outlier claims, unless the Contractor identifies the lack of medical necessity through a post-payment medical review of information that the Contractor could not have discovered during a prepayment and/or concurrent medical review through the exercise of due diligence. The Contractor shall comply with Section D, Paragraph 37, Claims Payment/Health Information System.

40. RESPONSIBILITY FOR NURSING FACILITY REIMBURSEMENT

The Contractor shall provide medically necessary nursing facility services as specified in Section D, Paragraph 9, Scope of Services. The Contractor shall also provide medically necessary nursing facility services for any enrolled member who has a pending ALTCS application who is currently residing in a NF and is eligible for services provided under this Contract. If the member becomes ALTCS eligible and is enrolled with an ALTCS Contractor before the end of the maximum 90 days per Contract Year of nursing facility coverage, the Contractor is only responsible for nursing facility reimbursement during the time the member is enrolled with the Contractor as shown in the PMMIS. Nursing facility services covered by another liable party (including Medicare) while the member is enrolled with the Contractor, shall be applied to the 90 day per Contract Year limitation.

Pre-Admission Screening and Resident Review Requirements: The Contractor shall ensure members are screened using the PASRR prior to admission to a nursing facility as specified in AMPM Policy 680-C. Refer to Section D, Paragraph 9, Scope of Services.

The Contractor shall not deny nursing facility services when the member's eligibility, including prior period coverage, had not been posted at the time of admission. In such situations the Contractor shall impose reasonable authorization requirements. There is no ALTCS enrollment, including prior period coverage that occurs concurrently with AHCCCS acute enrollment.

The Contractor shall notify the Assistant Director of AHCCCS/Division of Member and Provider Services (DMPS) when a member has been residing in a NF or receiving HCBS for 45 days as specified in Section D, Paragraph 9, Scope of Services, under the heading *Nursing Facility Services*. This will allow AHCCCS time to follow up on the status of the ALTCS application if the stay goes beyond the 90 day per Contract Year maximum.

For information on Value- Based Purchasing (VBP) Differential Adjusted Payments (DAP) refer to Section D, Paragraph 50, Compensation.

41. PHYSICIAN INCENTIVES

The Contractor shall ensure compliance with all applicable physician incentive requirements, including but not limited to [Section 1903(m)(2)(A)(x) of the Social Security Act, 42 CFR 457.1201(h), 42 CFR 457.1207, 42 CFR 438.10(f)(3), 42 CFR 438.3(i), 42 CFR 422.208(c)(1)-(2), and 42 CFR 422.210]. These regulations, in part, prohibit Contractors from operating any physician incentive plan that directly or indirectly makes payments to a physician or physician group as an inducement to limit or reduce medically necessary services to a member.

The Contractor shall not enter into contractual arrangements that place providers at substantial financial risk as specified in 42 CFR 422.208 unless prior written approval of the contractual arrangement is received by AHCCCS.

For those proposed contractual arrangements which meet the definition of substantial financial risk, the following shall be submitted to the AHCCCS for review and approval as specified in Section F, Attachment F3, Contractor Chart of Deliverables [Section 1903(m)(2)(A)(x) of the Social Security Act, 42 CFR 457.1201(h), 42 CFR 422.208(c)(2), 42 CFR 438.3(i), 42 CFR 438.6(g)]:

1. The type of incentive arrangement.
2. A plan for a member satisfaction survey.
3. Details of the stop-loss protection provided.
4. A summary of the compensation arrangement that meets the substantial financial risk definition.
5. Any other items requested by AHCCCS.

Upon request from CMS or AHCCCS, the Contractor shall promptly disclose all requested information regarding its physician incentive plans. In addition, the Contractor shall provide the information specified in 42 CFR 422.210 to any member who requests it.

Any Contractor-selected and/or developed physician incentive that meets the requirements of 42 CFR 417.479 shall be approved by AHCCCS prior to implementation as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

AHCCCS shall review the VBP deliverables required under Section D, Paragraph 72, Value-Based Purchasing.

42. MATERIAL CHANGE TO BUSINESS OPERATIONS

The Contractor is responsible for evaluating all operational changes, including unexpected or significant changes, and determining whether those changes are material changes to the Contractor's business operations [42 CFR 438.207(c)]. All material changes to business operations shall be approved in advance by AHCCCS.

The Contractor shall submit the request for approval of a material change to business operations as specified in ACOM Policy 439 and as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

The Contractor may be required to conduct meetings with providers and/or members to address issues related changes to business operations, changes in policy, reimbursement matters, prior authorizations and other matters as identified or requested by AHCCCS.

Refer to Section D, Paragraph 28, regarding material changes by the Contractor that may impact the provider network.

Refer to Section D, Paragraph 60, for additional submission requirements regarding system changes and upgrades.

43. PERFORMANCE BOND OR BOND SUBSTITUTE

In addition to the initial minimum capitalization or equity per member requirements, the Contractor shall be required to establish and maintain a performance bond, in accordance with ACOM Policy 305 for as long as the Contractor has liabilities of \$50,000 or more outstanding including contingent liabilities reported in the Contractor's financial statements, or 15 months following the termination date of this Contract, whichever is later, and will be in the amount and for the term determined by AHCCCS, to guarantee payment of the Contractor's obligations under this Contract including but not limited to payments due to contracted providers, non-contracted providers, and any other entity that subcontracts for the performance of the Contractor's obligations under this Contract whether related to coverage for services to enrollees or for the administration of this Contract (A.R.S. § 36-2903(M)) [42 CFR 438.116].

In lieu of a performance bond, AHCCCS, in its sole discretion, may accept a bond substitute or combination of bond substitutes of the types specified in ACOM Policy 305. The Contractor agrees to perform any and

all acts and execute any and all documents including, but not limited to, security agreements and necessary filings pursuant to the Arizona Uniform Commercial Code, necessary to grant AHCCCS an enforceable security interest in such bond substitute to secure performance of the Contractor's obligations under this Contract. The Contractor is solely responsible for establishing the creditworthiness of all forms of bond substitutes. AHCCCS may, after written notice to the Contractor, withdraw its permission for a bond substitute or bond substitutes, in which case the Contractor shall provide AHCCCS with performance bond or an alternate form of bond substitute acceptable to AHCCCS as specified in ACOM Policy 305.

For each year that the Contractor has actual or contingent liabilities of \$50,000 or more, the Contractor shall provide documentation of the performance bond or bond substitute in a form acceptable to AHCCCS as specified in ACOM Policy 305. The Contractor shall provide a written attestation, through the Performance Bond Annual Attestation Statement, consistent with 42 CFR 438.604 and 42 CFR 438.606, that the documentation of the performance bond is accurate, complete, and truthful as specified in ACOM Policy 305 and as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

A Contractor that fails to maintain or renew the Performance Bond or Bond Substitute is considered in material breach of this Contract and is subject to Administrative Action.

Following a Change in Organizational Structure of a Contractor or a Contractor's parent company, AHCCCS reserves the right to require additional performance bond assurances on behalf of the new entity, including, but not limited to, expanding the performance bond or bond substitute to include service dates prior to the Change in Organizational Structure.

In the event of a default by the Contractor, AHCCCS shall, in addition to any other remedies it may have under this Contract, obtain payment under the performance bond or bond substitute to remedy the breach, including but not limited to one or more of the following purposes:

1. Paying any damages sustained by providers, non-contracting providers, and other subcontractors by reason of a breach of the Contractor's obligations under this Contract.
2. Reimbursing AHCCCS for any payments made by AHCCCS on behalf of the Contractor.
3. Reimbursing AHCCCS for any administrative expenses incurred by reason of a breach of the Contractor's obligations under this Contract, including, but not limited to, expenses incurred after termination of this Contract for reasons other than for the convenience of AHCCCS under Section E, Paragraph 48, Termination for Convenience.
4. Reimbursing expenditures incurred by AHCCCS in the direct operation of the Contractor under Section E, Paragraph 43, Temporary Management/Operation of a Contractor.
5. Paying any sanctions imposed under Section D, Paragraph 68, Administrative Actions, to the extent the sanctions are not offset against payments due from AHCCCS to the Contractor as specified in Section E, Paragraph 38, Right of Offset.

Compliance with the requirements of this Section does not relieve the Contractor from the obligation to pay AHCCCS for any damages resulting from breach of this Contract if the Performance Bond or bond substitute is insufficient to fully indemnify AHCCCS.

The Contractor may not change the amount, duration, type, or scope of the performance bond or bond substitute without prior written approval from AHCCCS. Refer to ACOM Policy 305.

The Contractor shall not pledge any bond substitute as collateral or security for any other loan, or debt or obligation of the Contractor, or pledge the bond substitute as security to creditors. The Contractor shall be in material breach of this Contract if it fails to maintain or renew the performance bond or bond substitute as required by this Contract and as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

44. AMOUNT OF PERFORMANCE BOND OR BOND SUBSTITUTE

The Contractor shall provide a performance bond or bond substitute in an amount equal to 100 percent of the total capitation payment (including delivery supplement and excluding premium tax) due to the Contractor in the first month of the Contract Year. The Contractor shall provide the performance bond or bond substitute no later than 30 days following notification by AHCCCS of the amount. It is the Contractor's responsibility to self-monitor the required performance bond or bond substitute amount and notify AHCCCS of the need to increase the amount when necessary, and whether a rider to the existing performance bond will be used to increase the amount. If a new performance bond will be used to increase the amount, AHCCCS shall approve the new performance bond prior to execution. When the amount of the performance bond or bond substitute falls below 90 percent of the monthly capitation amount (including delivery supplement and excluding premium tax), the amount of the performance bond or bond substitute shall be increased to at least 100 percent of the monthly capitation amount (including delivery supplement and excluding premium tax). If AHCCCS notifies the Contractor of a needed change in performance bond or bond substitute amount, the Contractor shall do so no later than 30 days following notification by AHCCCS. The Contractor may not change the amount, duration, or type of the performance bond or bond substitute without prior written approval from AHCCCS. Refer to ACOM Policy 305.

45. ACCUMULATED FUND DEFICIT

The Contractor and its owners shall review for accumulated fund deficits on a quarterly and annual basis. In the event the Contractor has a fund deficit, the Contractor and its owners shall fund the deficit through capital contributions in a form acceptable to AHCCCS. The capital contributions shall be for the period in which the deficit is reported and shall occur within 30 days of the financial statement due to AHCCCS. AHCCCS at its sole discretion may impose a different timeframe other than the 30 days required in this paragraph. AHCCCS may, at its option, impose enrollment caps in any or all GSAs, if applicable, and/or sanction the Contractor as a result of an accumulated deficit, even if unaudited.

46. ADVANCES, EQUITY DISTRIBUTIONS, LOANS, AND INVESTMENTS

The Contractor shall not, without the prior approval of AHCCCS, make any advances, equity distributions, loans, loan guarantees, profit sharing agreements, or investments, including, but not limited to those to related parties or affiliates including another fund or LOB within its organization.

The Contractor shall not, without prior approval of AHCCCS, make individual or cumulative loans, loan guarantees, or advances, to providers equal to or in excess of \$50,000 per Provider TIN within a Contract

year. The Contractor is required to report all repayment of advances, loans, loan guarantees, or investments as specified in Section F, Attachment F3, Contractor Chart of Deliverables and ACOM Policy 418. All requests for prior approval are to be submitted to AHCCCS as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Refer to ACOM Policy 418 for further information.

47. FINANCIAL REPORTING AND VIABILITY STANDARDS

The Contractor shall comply with the AHCCCS-established financial viability standards or any revisions or modifications of the standards, in conformance with the AHCCCS Financial Reporting Guide. On a quarterly basis, AHCCCS will review the following ratios with the purpose of monitoring the financial health of the Contractor: current ratio; equity per member; Medical Loss Ratio (MLR); and the administrative cost percentage [42 CFR 438.116 (a) and (b)]. These same standards will be reviewed for the financial statements applicable to the Contractor’s Medicare LOB if the Contractor is certified by AHCCCS.

Sanctions may be imposed if the Contractor does not meet these financial viability standards. AHCCCS will take into account the Contractor’s unique programs for managing care and improving the health status of members when analyzing medical loss and administrative ratio results. However, if a critical combination of the financial viability standards is not met, or if the Contractor’s experience differs significantly from other Contractors, additional monitoring, such as monthly reporting, may be required.

The Contractor shall cooperate with AHCCCS reviews of the ratios and financial viability standards below. The ratios and financial viability standards are as follows:

FINANCIAL VIABILITY STANDARDS	
CURRENT RATIO	<p>Current assets, less due from affiliates, divided by current liabilities. "Current Assets" includes any investments that can be converted to cash within three business days without significant loss of value (i.e., more than 10 percent). The Contractor may request a waiver from AHCCCS to include the portion of the due from affiliates balance resulting from a qualifying cash sweep arrangement or a qualifying centralized cash arrangement with or for other Arizona Medicaid lines of business (including the Non-title XIX/XXI Contract). Refer to the AHCCCS Financial Reporting Guide.</p> <p>Standard: At least 1.00</p>

The Contractor shall infuse capital to meet the equity per member within 30 days of falling below the required amount.</p> <p>The Contractor shall demonstrate compliance with the SMI equity per member standard at any time during the Contract cycle. The ACC equity per member requirement must be maintained throughout the Contract term. All components of the calculation should include annual audit adjustments.
	<i>Standard: At least \$350</i>

Additional information regarding the Equity per Member Requirement may be found in ACOM Policy 305.

Financial Reports: The Contractor shall provide clarification of accounting issues found in financial reports identified by AHCCCS upon request and provide annual financial reports audited by an independent Certified Public Accountant prepared in accordance with Generally Accepted Auditing Standards (GAAS) and the Cost Allocation Plan. The Contractor shall have the annual Supplemental Reports audited and signed by an independent Certified Public Accountant. [42 CFR 438.3(m)].

The Contractor shall comply with all financial reporting requirements specified in Section F, Attachment F3, Contractor Chart of Deliverables, and the AHCCCS Financial Reporting Guide [42 CFR 457.1201(k), 42 CFR 438.3(m)] a copy of which may be found on the AHCCCS website. The required reports are subject to change during the Contract term and are summarized in Section F, Attachment F3, Contractor Chart of Deliverables.

The Contractor shall prepare deliverables in accordance with Generally Accepted Accounting Principles (GAAP) in electronic copy form. Where specific guidance is not found in authoritative literature or where multiple acceptable methods to record accounting transactions are available, the Contractor shall, when directed by AHCCCS, comply with the requirements in conformance with the AHCCCS Financial Reporting Guide [42 CFR 438.3(m)].

Flat File Submissions: The Contractor shall utilize the flat file specifications as stated in the AHCCCS Financial Reporting Guide for the required Unaudited Financial Information for Contractor Draft Audit Financial Adjustments and Final Audit Financial Adjustments flat file submissions. The Contractor shall submit flat files as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

Medical Loss Ratio Annual Requirement: The Contractor shall submit a MLR Report in compliance with 42 CFR 457.1203 and 42 CFR 438.8, as specified in Section F, Attachment F3, Contractor Chart of Deliverables. All components of the calculation should include annual audit adjustments and true up of any estimates to present on an incurred date of service basis. Any retroactive changes to capitation rates after the Contract year end will need to be incorporated into the MLR calculation. If the retroactive capitation rate adjustment occurs after the MLR report has been submitted to AHCCCS, a new report incorporating the change will be required to be submitted within 30 days of the capitation rate adjustment payment by AHCCCS. Refer to the AHCCCS Financial Reporting Guide.

The Contractor shall submit annual audit adjustments with the Draft and Final Audit Financial Reporting Packages and comply with all financial reporting requirements contained in Section F, Attachment F3, Contractor Chart of Deliverables and the AHCCCS Financial Reporting Guide. Reporting is required for both the ACC, ACC—RBHA, and Medicare LOBs, regardless of the licensing or certifying entity for the Medicare Advantage Plan. If the Contractor is a Medicare Advantage Plan licensed through the Department of Insurance and Financial Institutions, quarterly reporting to AHCCCS is required for informational purposes only. The required reports are subject to change during the Contract term and are summarized in Section F, Attachment F3, Contractor Chart of Deliverables. Refer to ACOM Policy 106 [42 CFR 457.1201(k), 42 CFR 438.3(m)].

The Contractor shall comply with the financial viability standards, or any revisions or modifications of the standards, in conformance with the AHCCCS Financial Reporting Guide, Financial Ratios and Standards [42 CFR 438.116 (a) and (b), 42 CFR 438.3(m)].

The Contractor shall submit unaudited financial information, including financial statements, in an Excel file through SharePoint via the Financial Reporting Package as specified in Section F, Attachment F3, Contractor Chart of Deliverables. The Contractor shall utilize the AHCCCS prepared Excel template as specified in the AHCCCS Financial Reporting Guide.

The Contractor shall submit unaudited financial information of any entity with a controlling interest in the Contractor (balance sheet and statement of revenues and expenses only) and shall also submit complete audited financial statements of any entity with a controlling interest in the Contractor through SharePoint via the Financial Reporting Package as specified in Section F, Attachment F3, Contractor Chart of Deliverables. For purposes of this Contract requirement, an entity is considered to have a controlling interest in the Contractor when that entity, directly or through one or more subsidiaries, has the authority to direct the operational or financial activities of the Contractor.

48. AFFILIATED CORPORATION

Affiliated Corporation (ACC): Within 120 days of Contract award, a non-governmental Contractor shall have established an affiliated corporation for the purposes of this Contract, whose sole activity is the performance of the requirements of this Contract or other contracts with AHCCCS (A.R.S. § 36-2906.01).

Affiliated Corporation (ACC-RBHA): In addition to the above, A.R.S. § 36-3410(C) prohibits a RBHA and its subsidiaries from providing behavioral health services directly to clients. Because Contract requires that the Contractor be an affiliated corporation for the purposes of this Contract, whose sole activity is the performance of the requirements of this Contract or other contracts with AHCCCS (A.R.S. § 36-

2906.01), the statutory prohibition on direct behavioral health service delivery applies to the Contractor and any subsidiary of the Contractor.

49. CHANGE IN CONTRACTOR ORGANIZATIONAL STRUCTURE

A change in Contractor organizational structure shall require prior approval of AHCCCS, as specified in ACOM Policy 317 and Section F, Attachment F3, Contractor Chart of Deliverables. The Contractor shall submit notification and a detailed transition plan to AHCCCS 180 days prior to the effective date as specified in ACOM Policy 317. The purpose of the plan review is to ensure uninterrupted services to members, evaluate the new entity's ability to maintain and support the Contract requirements, and to ensure that services to members are not diminished and that major components of the organization and AHCCCS programs are not adversely affected by any change in organizational structure. AHCCCS reserves the right to obtain stakeholder input on proposed changes in a Contractor's organizational structure through a public notice and feedback process. In addition, AHCCCS reserves the right to temporarily suspend a Contractor's new member enrollment including, but not limited to, auto-assignment pending AHCCCS review and final determination regarding a Contractor's Change in Organizational Structure.

A change in organizational structure may require a Contract amendment. If the Contractor does not obtain prior approval, or AHCCCS determines that a change in organizational structure is not in the best interest of the State, AHCCCS may terminate this Contract as specified in Section E, Contract Terms and Conditions. AHCCCS may offer open enrollment to the members assigned to the Contractor should a change in organizational structure occur.

AHCCCS will not permit one organization to own or manage more than one Contract within the same LOB in the same GSA.

50. COMPENSATION

The method of compensation under this Contract for Title XIX members will be PPC and prospective capitation, special provisions for payments, and reinsurance as specified in this Contract, and appropriate laws, regulations, and policies [42 CFR 438.6(b)(1)]. Title XIX members are also eligible for delivery supplement payments during the prospective time period. The method of compensation under the Contract for Title XXI members will be prospective capitation, delivery supplement payments, special provisions for payment, as specified in this Contract, and appropriate laws, regulations, and policies [42 CFR 438.6(b)(1)]. Title XXI members are not eligible for PPC services; therefore, the Contractor will not receive PPC capitation for Title XXI members.

Final capitation rates are identified and developed, and payment is made in accordance with 42 CFR 438.3(c) [42 CFR 457.1201(c)]. Capitation payments may only be made by the State and retained by the Contractor for Medicaid-eligible members, except for the administrative component of the State Only Transplants Option one and Option two specified below [42 CFR 457.1201(c), 42 CFR 438.3(c)(2)].

The Contractor will not receive compensation for value-added services and shall not report the cost of value-added services as allowable medical or administrative costs.

The Contractor shall comply with Rates and Reimbursement Guidance as directed by AHCCCS and subsequently made available on the AHCCCS website at:

<https://www.azahcccs.gov/PlansProviders/RatesAndBilling/ManagedCare/>

Refer to Section D, Paragraph 3, Enrollment and Disenrollment for information regarding Prior Period Coverage for members transitioning to Title XIX from RBHA Non-Title XIX/XXI eligibility.

Subject to the availability of funds, AHCCCS shall make payments to the Contractor in accordance with the terms of this Contract provided that the Contractor's performance is in compliance with the terms and conditions of this Contract. Payment shall comply with requirements of A.R.S. Title 36. AHCCCS reserves the option to make payments to the Contractor by wire or National Automated Clearing House Association (NACHA) transfer and will provide the Contractor at least 30 days' notice prior to the effective date of any such change.

Where payments are made by electronic funds transfer, AHCCCS shall not be liable for any error or delay in transfer or indirect or consequential damages arising from the use of the electronic funds transfer process. Any charges or expenses imposed by the bank for transfers or related actions shall be borne by the Contractor.

Except for adjustments made to correct errors in payment, and as otherwise specified in this Contract, any savings remaining to the Contractor as a result of favorable claims experience and efficiencies in service delivery at the end of the Contract term may be kept by the Contractor.

All funds received by the Contractor pursuant to this Contract shall be separately accounted for in accordance with generally accepted accounting principles.

Except for monies received from the collection of TPL, the only source of payment to the Contractor for the services provided hereunder is from funds under the control of AHCCCS. An error discovered by the State, in the amount of fees paid to the Contractor, with or without an audit, will be subject to adjustment or repayment by AHCCCS via a recoupment from future payment(s) to the Contractor, or by making an additional payment to the Contractor. When the Contractor identifies an overpayment, AHCCCS shall be notified and reimbursed within 30 days of identification [42 CFR 457.1285, 42 CFR 438.608(c)(3)].

No payment due the Contractor by AHCCCS may be assigned or pledged by the Contractor. This section shall not prohibit AHCCCS at its sole option from making payment to a fiscal agent hired by the Contractor.

Should any part of the scope of work under this Contract relate to a State program that is no longer authorized by law (e.g., which has been vacated by a court of law, or for which CMS has withdrawn Federal authority, or which is the subject of a legislative repeal), the Contractor shall do no work on that part after the effective date of the loss of program authority. The State will adjust capitation rates to remove costs that are specific to any program or activity that is no longer authorized by law. If the Contractor works on a program or activity no longer authorized by law after the date the legal authority for the work ends, the Contractor will not be paid for that work.

If the State paid the Contractor in advance to work on a no-longer-authorized program or activity and under the terms of this Contract the work was to be performed after the date the legal authority ended, the payment for that work shall be returned to the State. However, if the Contractor worked on a program

or activity prior to the date legal authority ended for that program or activity, and the State included the cost of performing that work in its payments to the Contractor, the Contractor may keep the payment for that work even if the payment was made after the date the program or activity lost legal authority (CMS, Medicaid, and Chip Operations Group Letter Dated September 4, 2020).

Capitation Payments: The Contractor will be paid capitation for all prospective and PPC member months, including partial member months. This capitation includes the cost of providing medically necessary covered services to members. The Contractor will not receive PPC capitation for KidsCare member or newborns of members who are enrolled at the time of delivery. There is no PPC capitation for members enrolled with the Contractor who are initially found eligible for AHCCCS through HPE. These members will receive coverage of services during the PPC period through AHCCCS FFS.

Capitation will be paid in the following Risk Groups:

1. Age < 1.
2. Age 1-20.
3. Age 21+.
4. Duals.
5. Title XIX eligible Social Security Income members Without Medicare (SSIWO).
6. Prop 204 Childless Adults.
7. Expansion Adults.
8. SMI (ACC-RBHA).
9. Crisis 24 Hour Group (ACC-RBHA).

The Contractor will be denied payment for newly enrolled members when, and for so long as, payment for those members is denied by CMS under 42 CFR 438.730(e) [42 CFR 457.1270, 42 CFR 438.726(b), 42 CFR 438.700(b)(1)–(6), 42 CFR 438.730(e)(1)(i), 42 CFR 438.730(e)(1)(ii), Section 1903(m)(5)(B)(ii) of the Social Security Act].

The Contractor shall develop and maintain internal controls and systems to separately account for both AHCCCS-related revenue and expenses and non-AHCCCS-related revenue and expenses by type and program and develop and maintain internal controls to prevent and detect fraud, waste, and program abuse. The Contractor shall separately account for all funds received under this Contract in conformance with the requirements in the AHCCCS Financial Reporting Guide [42 CFR 438.3(m)].

Capitation Rate Development: Capitation rates are developed by AHCCCS according to the applicable provisions of 42 CFR Part 438 and applicable Actuarial Standards of Practice and following generally accepted actuarial principles and practices. AHCCCS provides the following data to its actuaries for the purposes of rebasing and/or updating the capitation rates:

1. Utilization and unit cost data derived from fully adjudicated and approved encounters, as well as individual encounter level detail as needed.
2. Both audited and unaudited financial statements reported by the Contractor.
3. Market Basket Inflation Trends.
4. AHCCCS FFS schedule pricing adjustments (if applicable).
5. Historical and projected enrollment by risk group.
6. Programmatic or Medicaid covered service changes that affect reimbursement.
7. Additional administrative requirements for the Contractor that affect reimbursement.

AHCCCS adjusts capitation rates to best match payment to risk. This further ensures the actuarial basis for the capitation rates. AHCCCS will utilize fully adjudicated and approved encounters to calculate risk adjustment, acuity adjustment, or a combination thereof, that will be applied to all capitation rates for all risk groups (excluding supplemental payments). Notwithstanding the encounter submission deadline as specified in Section D, Paragraph 61, Encounter Data Reporting, if risk adjustment is utilized, the encounter data used for the risk adjustment will be based on a lag period determined appropriate by the actuary but not less than three months.

The Contractor is strongly encouraged to ensure that encounters are submitted timely. Unique Contractor encountering issues such as missing encounters, missing diagnosis codes, etc., will not be considered acceptable causes for delays for purposes of calculating risk adjustment, capitation, or reconciliations.

Additional elements that may be considered in capitation rate development include:

1. Reinsurance (as specified in Section D, Paragraph 53, Reinsurance).
2. Age/Gender.
3. Medicare enrollment.
4. GSA adjustments.
5. Risk sharing arrangements for specific populations.

6. Member specific statistics, e.g., member acuity, member choice, member diagnosis.
7. Supplemental information requested from Contractors.

AHCCCS will not include in the data provided to Actuaries for setting capitation rates encounters for Title XIX services billed by an IHS or a tribally owned or operated facility. Members enrolled with the Contractor who are initially found eligible for AHCCCS through HPE will receive coverage of services during the prior period through AHCCCS FFS.

The capitation rates and Contractor Specific Requirements reflect that the Contractor is not responsible for the prior period cost of medically necessary covered services to those members.

Information is reviewed by AHCCCS' actuaries each year to determine if adjustments are necessary. The Contractor may cover services that are not covered under the Arizona State Plan or the Arizona Medicaid Section 1115 Demonstration Waiver Special Terms and Conditions approved by CMS; however, those services are not included in the data provided to actuaries for setting capitation rates [42 CFR 438.6(e)] (Section 1903(i) and 1903(i)(17) of the Social Security Act). GME payments are not included in the capitation rates but are paid out separately consistent with the terms of the Arizona State Plan.

Capitation rate development will not include costs for amounts expended for providers excluded by Medicare, Medicaid, or CHIP, except for emergency services.

Community Reinvestment: The Contractor shall demonstrate a commitment to the communities served by the Contractor through community reinvestment activities including contributing six percent of its annual profits to community reinvestment. The Contractor shall submit a plan, detailing its anticipated community reinvestment activities, as specified in Section F, Attachment F3, Contractor Chart of Deliverables. The Contractor shall submit a Community Reinvestment Report of actual expenditures as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Refer to ACOM Policy 303.

Delivery Supplement: When the Contractor has an enrolled member who delivers during a prospective enrollment period, the Contractor will be entitled to a supplemental payment. Supplemental payments will not apply to members who deliver in a PPC time period, integrated SMI members, non-integrated SMI members, or State Only Transplant members. Refer to ACOM Policy 310.

Federally Qualified Health Centers and Rural Health Clinics: The Contractor shall pay each FQHC and RHC the unique, all-inclusive per visit rate as established by AHCCCS for all visits eligible to receive the PPS rate, except for instances in which Medicaid is not the primary payer of the claim, in which case established system logic to pay the lesser of amount may prevail. The FQHC Fee Schedule includes any adjustments for FQHC DAP as listed in the Arizona State Plan.

Premium Tax: A.R.S. § 36-2905 and A.R.S. § 36-2944.01 require that the Contractor report and pay premium tax quarterly to Department of Insurance and Financial Institutions (DIFI) based on Title XIX/XXI payments received from AHCCCS during the quarter being reported. Capitation payments, reinsurance payment, reconciling payments/recoupments, supplemental payments, and cost settlements will have

the Premium Tax included in the payments/recoupments. Premium tax report(s) shall be due to DHCM as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Refer to ACOM Policy 304.

Provider Rate Requirements

Hospital Rates: AHCCCS will increase hospital base reimbursement rates that include newborn screening costs to reflect changes implemented by ADHS for Newborn Screening Program fees. AHCCCS expects the Contractor to apply the fee schedule adjustments to contracted hospital rates that include newborn screening costs to contracted rates that are in place three months prior to the effective date of the fee schedule increases. If the Contractor does not intend to increase rates by at least the fee schedule rate increases, the Contractor shall notify AHCCCS of the proposed rates and adjustments 60 days in advance of implementation and provide an explanation of how it intends to track, evaluate, and mitigate any potential negative impacts to access to care that could result. AHCCCS will review the proposed rates to consider if an adjustment to the Contractor's capitation rates may be warranted.

Practitioner/Dentist Rates: As required by Laws 2020, Ch.46, Sec.2, AHCCCS increased base reimbursement rates for services reimbursed under the AHCCCS dental fee schedule and physician fee schedule. AHCCCS expects the Contractor to apply the fee schedule adjustments to contracted rates that are in place three months prior to the effective date of the fee schedule increases. If the Contractor does not intend to increase rates by at least the fee schedule rate increases, the Contractor shall notify AHCCCS of the proposed rates and adjustments 60 days in advance of implementation and provide an explanation of how it intends to track, evaluate, and mitigate any potential negative impacts to access to care that could result. AHCCCS will review the proposed rates to consider if an adjustment to the Contractor's capitation rates may be warranted.

Reconciliations

Cost Settlement for COVID Vaccine: The Contractor is responsible for COVID vaccine administration and submitting those expenses as encounters. AHCCCS will make cost-settlement payments to the Contractor based upon adjudicated/approved encounter data. Refer to ACOM Policy 302.

Fixed Administrative Cost Component Reconciliation: AHCCCS shall complete a reconciliation of the fixed administrative cost component by comparing the actual member months to the assumed members months that were used to calculate the administrative Per Member Per Month (PMPM) in the capitation rates. If the Contractor's actual member months are different than assumed member months, AHCCCS shall recoup or reimburse the difference in the administrative PMPM attributable to any difference in member months, subject to MLR requirements. Populations included in this reconciliation are all ACC risk groups except for Delivery Supplement. Refer to ACOM Policy 326.

Reconciliation of Costs to Reimbursement: AHCCCS will reconcile the Contractor's total medical cost expenses (prospective and PPC) to net capitation paid (prospective and PPC), excluding COVID-19 Vaccine expenses, to the Contractor. Refer to the ACOM Policy which supersedes ACOM Policy

311. This reconciliation will limit the Contractor's profits and losses as follows. AHCCCS intends to review the limitation of profit and loss on an annual basis using a data driven approach.

PROFIT	MCO SHARE	STATE SHARE	MAX MCO PROFIT	CUMULATIVE MCO PROFIT
<= 2%	100%	0%	2%	2%
> 2% and <= 6%	50%	50%	2%	4%

<= 2%	100%	0%	2%	2%
> 2%	0%	100%	0%	2%

Special Provisions for Payments

In accordance with 42 CFR 438.6, the Contractor shall be subject to a withhold arrangement, shall be eligible for incentive payments, shall participate in delivery system and provider payment initiatives, and shall pass-through payments to specified providers. These provisions are specified below.

Delivery System and Provider Payment Initiatives

42 CFR Sections 438.6(c) and 438.6(d) provide the State flexibility to implement delivery system and provider payment initiatives. AHCCCS reserves the right to utilize this flexibility to require Contractor participation in initiatives that may require certain payment levels and/or certain directed payments to providers to support State actions that are critical to ensuring timely access to high-quality care. AHCCCS will obtain prior written approval from CMS prior to implementation, if applicable, and Contractors will be required to implement, as directed by AHCCCS guidance. AHCCCS anticipates that most initiatives will involve payments to the Contractor outside of the monthly base capitation payments, made as a separate lump sum payment. AHCCCS will compute directed payment amounts and ensure the associated payments and/or capitation rates meet actuarial soundness requirements, as applicable.

These delivery system reform initiatives [42 CFR 438.6(c)]:

1. Make participation in the delivery system reform initiative available, using the same terms of performance, to a class of providers providing services under the Contract related to the reform initiative.
2. Use a common set of performance measures across all payers and providers.
3. Does not set the amount or frequency of the expenditures.
4. Does not allow AHCCCS to recoup any unspent funds allocated for these arrangements from the Contractor [42 CFR 438.6(c)(1)(ii)].

Access to Professional Services Initiative: Access to Professional Services Initiative (APSI) is a program to preserve and promote access to medical services through scheduled lump sum directed payments to Contractors. The payments are a uniform percentage increase to the contracted rates between the qualified practitioners and the Contractors for professional

services provided by qualified practitioners affiliated with designated hospitals as specified in ACOM Policy 330.

Federal regulation mandates that APSI payments be prior-approved by CMS before they shall be implemented. AHCCCS submits the preprint to CMS annually for approval. AHCCCS will notify the Contractor when CMS approves the APSI preprint.

AHCCCS will compute the Qualified Practitioners interim rate increase on a quarterly basis and will make available to the Contractor the associated amounts of payments owed. Interim payments are calculated using projected experience for the Contract Year. The Contractor will be paid outside of the monthly capitation payments through a separate quarterly interim lump sum payment. No sooner than nine months after the Contract year end there will be an adjustment to the prior year's costs based on a reconciliation of lump sum payments compared to the actual encounters. The final payment is based on actual experience from the Contract Year being reconciled.

AHCCCS may amend the APSI components annually or during the Contract year and will provide guidance to the Contractor as applicable.

American Rescue Plan Act Directed Payments

Home and Community Based Services and Rehabilitation Providers: AHCCCS seeks to provide enhanced support to HCBS and Rehabilitation providers in order to support direct care workers and enhance, expand, or strengthen home and community-based services through a lump sum directed payment methodology. AHCCCS will compute the increase and will make available to the Contractor the associated amounts of payments owed to providers. The Contractor will be paid outside of the monthly capitation payments through a single separate payment. Federal regulation mandates that these payments be prior-approved by CMS before they shall be implemented. AHCCCS will notify the Contractor when CMS approves the HCBS directed payment.

Differential Adjusted Payments: AHCCCS has introduced multiple Differential Adjusted Fee Schedules to distinguish providers who have committed to supporting designated actions that improve patients' care experience, improve members' health, and reduce cost of care growth. Federal regulation mandates that these payments be prior approved by CMS before they shall be implemented. AHCCCS will notify the Contractor when CMS approves the DAPs. AHCCCS may amend the DAP components annually, including but not limited to, the qualifications, rate adjustments, and/or providers eligible for the increases. The Contractor will support the Rate Differential in accordance with 42 CFR 438.6(c)(1)(iii)(B). The DAPs require that the Contractor shall adjust payments for specific qualifying providers, in addition to any AHCCCS FFS rate changes adopted by the Contractor, to the qualified providers. This DAP increase to

rates shall be included on all payments made to qualifying providers (including sub-capitation and block payment arrangements). These DAP payments are specified in the public notice documents on the AHCCCS website; refer to *Public Notices and Opportunities for Public Comment – Rates and Supplemental Payments, Rates Section - Notice of Differential Adjusted Payments*:

<https://www.azahcccs.gov/AHCCCS/PublicNotices/>

Qualifying Providers: AHCCCS will provide a reference file that will contain the qualifying DAP providers, or a provider file for individual provider flags, for applicable DAP categories. In addition, AHCCCS will post listings of the qualifying providers by DAP category on the AHCCCS Fee-For-Service Fee Schedules - Differential Adjusted Payments - “Qualifying Provider” web page on the AHCCCS website:

<https://www.azahcccs.gov/PlansProviders/RatesAndBilling/FFS/qualifyingproviders.html>

The Contractor shall utilize these files with information specified in the DAP public notice on the AHCCCS website to increase the rates that the Contractor would otherwise pay by the appropriate percentage for contracted and non-contracted providers. For contracted providers, the DAP category is reflected as an increase in the provider contracted rates. For non-contracted providers not reimbursed at a provider-specific rate, the applicable AHCCCS MCO fee schedule (also supplied as a reference file extract) shall be used as the default base rate to which the applicable increase or increase percentages shall be applied for the qualified providers. For non-contracted providers reimbursed at a provider-specific rate, the AHCCCS supplied rates are reflective of the percent increase.

Hospital Enhanced Access Leading to Health Improvement Initiative: AHCCCS seeks to provide enhanced support to hospitals in order to preserve and enhance access to these facilities that deliver essential services to Medicaid members in Arizona. The Hospital Enhanced Access Leading to Health Improvements Initiative (HEALTHII) is a program to preserve and promote access to medical services through an increase in the amounts specified by AHCCCS to the Contractor’s reimbursement to contracted hospitals. Federal regulation mandates that these payments be prior approved by CMS before they shall be implemented. AHCCCS will notify the Contractor when CMS approves the HEALTHII. The Contractor shall not supplant contracted hospital reimbursement rates with payments made under the HEALTHII directed payment program.

AHCCCS will compute the annual interim HEALTHII rate increase using projected experience for the Contract Year and will pay out 25 percent of the total on a quarterly basis. Lump sum payments made outside of monthly capitation will be sent to the Contractor with payment directions. No later than 12 months after the end of the Contract period, AHCCCS intends to adjust final HEALTHII payment amounts by Contractor and provider based on actual utilization incurred and will direct Contractors to adjust payments at that time. AHCCCS may amend the HEALTHII components annually or during the Contract period and will provide guidance to the Contractor as applicable.

Pediatric Services Initiative: AHCCCS seeks to provide enhanced support to ensure the financial viability of the State's Qualified Children's Hospitals as defined in ACOM Policy 327.

Pediatric Services Initiative (PSI) is a program to preserve and promote access to medical services through a uniform dollar increase to the Contractor's rates for inpatient and outpatient services provided by Qualified Children's Hospitals. Federal regulation mandates that these payments be prior approved by CMS before they shall be implemented. Annually, AHCCCS will notify the Contractor when CMS approves the PSI initiative. The rate increase is intended to supplement, not supplant, payments to Qualified Children's Hospitals as defined in ACOM Policy 327.

AHCCCS will compute the interim rate increase on a quarterly basis and will make available to the Contractor the associated amounts of payments owed. Interim payments are calculated using projected experience for the Contract Year. The Contractor will be paid outside of the monthly capitation payments through a separate quarterly interim lump sum payment. No sooner than nine months after the Contract year end there will be an adjustment to the prior year's costs based on a reconciliation of lump sum payments compared to the actual encounters. The final payment is based on actual experience from the Contract Year being reconciled. Requirements are further specified in ACOM Policy 327.

AHCCCS may amend the PSI components annually or during the Contract period and will provide guidance to the Contractor as applicable.

Rural Hospital Pass-Through Payment: In accordance with A.R.S. § 36-2905.02 and A.A.C. R9-22-712.07, rural hospitals, as defined in A.A.C. R9-22-712.07, shall receive additional payments from AHCCCS in order to increase inpatient reimbursement. The Contractor shall be required to pass-through payments to qualifying rural hospitals. AHCCCS will compute the participating provider payments during the Contract year and will make available to the Contractor a list of qualifying rural hospitals and associated pass-through payment amounts for the Contract year. At the same time, the Contractor will be paid outside of the monthly capitation payments through a separate payment in an amount equal to the pass-through payments due qualifying rural hospitals. The rural hospital payments are pass-through payments under 42 CFR 438.6(d). The pass-through payments shall not supplant any payments to eligible providers.

State Only Transplants Option One and Option Two: The Contractor will be paid capitation, from State Only funding, for an administrative component for those member months the member is enrolled with the Contractor. For Option one members the Contractor will be paid the administrative component up to a 12-month continuous period of extended eligibility. For Option 2 members the administrative component will be paid for the period of time the transplant is scheduled or performed. All medically necessary covered services will be reimbursed 100 percent with no deductible through Reinsurance payments based on adjudicated encounters. Delivery supplemental payments will not apply to members who deliver during the 12-month continuous period of extended eligibility specified as Option one.

Targeted Investment Program: AHCCCS' TI program outlines requirements that providers agree to implement to support and enable their ability to offer improved integration of physical and behavioral health services for members. These requirements, identified as core components, are found at: www.azahcccs.gov/PlansProviders/TargetedInvestments/. The Contractor shall consider alignment with these core components when developing and implementing strategies to support integration efforts.

The TI program is authorized under the Arizona Section 1115 Waiver Demonstration for five years beginning in CYE 17. CMS has approved a one-year extension of the TI program for the sixth year beginning in CYE 22. AHCCCS has requested an extension of the TI program with submission of its Arizona Section 1115 Waiver Demonstration Renewal Request; continuation of the TI program is subject to CMS approval. The TI program is AHCCCS' strategy to provide financial incentives to eligible AHCCCS providers to develop systems for integrated care. Federal regulation mandates that these payments be prior approved by CMS before they shall be implemented.

In order to ensure the stability of AHCCCS' delivery system efforts, the Contractor is strongly encouraged to Contract with eligible PCPs, behavioral health providers, integrated clinics and hospitals participating in TI. The Contractor will provide financial incentives (referenced below) under the TI initiative to the participating providers who demonstrate PI by meeting certain benchmarks for integrating and coordinating physical and behavioral health care. Contractors are encouraged to:

1. Maintain membership numbers for those members assigned to contracted/TI eligible participating providers, as appropriate.
2. Increase member assignment to high performing contracted/TI eligible participating providers, as appropriate.

The Contractor is required to Contract with eligible TI providers serving adults transitioning from the criminal justice system participating in the TI program.

In the event the Contractor and the provider fail to negotiate a Contract, the Contractor shall permit members to continue receiving services from these providers and consistent with A.A.C. R9-22-705 K., shall reimburse the provider not less than the AHCCCS FFS rates.

AHCCCS will collect information via the PAT file and evaluate the Contractor's network. If AHCCCS determines a material impact to TI participating provider(s), AHCCCS may require the Contractor to take steps to rectify the material impact.

AHCCCS will compute the participating provider financial incentives after completion of the Contract year and will make available to the Contractor a list of TI providers and associated amounts of financial incentive payments owed for the Contract year. Also, after completion of the Contract year, AHCCCS will adjust capitation rates in the form of a lump sum payment to the Contractor in an amount equal to the financial incentive payments due to TI providers

plus an administrative payment for the Contractor. Requirements are further specified in ACOM Policy 324.

Incentive Arrangements: This Contract provides for the following incentive arrangements between AHCCCS and the Contractor:

1. **Alternative Payment Model Initiative-Quality Measure Performance Incentive:** The Alternative Payment Model (APM) Withhold and Quality Measure Performance (QMP) incorporates an incentive arrangement under which the Contractor may receive additional funds over and above the capitation rates for performance on select performance measures identified in ACOM Policy 306. AHCCCS will make a lump-sum payment to the Contractor after the completion of the Contract year and the computation of the performance measures.
2. **Alternative Payment Model Initiative-Performance Based Payments:** The Alternative Payment Model-Performance Based Payment (APM-PBP) incorporates an incentive arrangement under which the Contractor may receive additional funds over and above the capitation rates for implementing APM arrangements with providers who successfully meet targets established by the Contractor that are aimed at QI, such as reducing costs, improving health outcomes, or improving access to care. In accordance with ACOM Policy 307, for those APM arrangements which result in PBP to providers, AHCCCS will make a lump-sum payment to the Contractor after the completion of the Contract year.

The Contractor shall submit the VBP/APM Quality Narrative report and VBP/AMP Quality Measures Results Report as specified in Section F, Attachment F3, Contractor Chart of Deliverables. The Contractor shall submit data for the prior Contract period as requested by AHCCCS. Refer to ACOM 307.

The Contractor shall submit the VBP/APM Strategic Plan as specified in Section F, Attachment F3, Contractor Chart of Deliverables

The Contractor shall not receive incentive payments in excess of five percent of the approved capitation payments attributable to the members or services covered by the incentive arrangements.

These incentive arrangements:

1. Are for a fixed period of time and performance is measured during the rating period under the Contract in which the incentive arrangement is applied.
2. Are not to be renewed automatically.
3. Are made available to both public and private contractors under the same terms of performance.
4. Do not condition Contractor participation in the incentive arrangement on the Contractor entering into or adhering to intergovernmental transfer agreements.
5. Are necessary for the specified activities, targets, performance measures, or quality-based outcomes that support program initiatives as specified in the State's quality strategy at 42 CFR 438.340[42 CFR 438.6(b)(2)].

Withhold Arrangement: The APM Initiative – Withhold and QMP incorporates a withhold arrangement of one percent of the Contractor’s capitation, excluding Crisis capitation, and a portion of, or all of, the withheld amount will be paid to the Contractor for performance on select performance measures identified in ACOM Policy 306. AHCCCS will apply the withhold after the completion of the Contract year by recouping the full amount of the annual withhold. Also, after the completion of the Contract year and the computation of the performance measures, AHCCCS will reconcile the Contractor’s earned portion of the withhold against the withheld funds and will make a lump sum payment to the Contractor. The Contractor will not be paid greater than 100 percent of the withhold.

This withhold arrangement is:

1. For a fixed period of time and performance is measured during the rating period under the Contract in which the withhold arrangement is applied.
2. Not to be renewed automatically.
3. Made available to both public and private Contractors under the same terms of performance.
4. Does not condition Contractor participation in the withhold arrangement on the Contractor entering into or adhering to intergovernmental transfer agreements.
5. Necessary for the specified activities, targets, performance measures, or quality-based outcomes that support program initiatives as specified in the AHCCCS quality strategy under 42 CFR 438.340 [42 CFR 438.6(b)(3)].
6. **Other Financial Obligations:** The Contractor shall comply with any limitations imposed by AHCCCS on the Contractor’s Block Payment arrangements in subcontracts for certain types of providers. Refer to the AHCCCS Financial Reporting Guide [42 CFR 438.3(m)].

51. CAPITATION ADJUSTMENT

Change in Member Status: The Contractor shall reimburse AHCCCS and/or AHCCCS may deduct from future monthly capitation for any portion of a month during which the Contractor was not at risk due to, for example:

1. Death of a member.
2. Inmate of a public institution.
3. IMD stays greater than 15 cumulative days during the calendar month for members aged 21 – 64.
4. Duplicate capitation to the same Contractor.
5. Adjustment based on change in member’s Contract type.
6. Voluntary withdrawal.

AHCCCS reserves the right to modify its policy on capitation recoupments at any time during the term of this Contract.

Contractor Default: If the Contractor is in any manner in default in the performance of any obligation under this Contract, AHCCCS may, at its option and in addition to other available remedies, adjust the amount of payment until there is satisfactory resolution of the default.

Inmate of a Public Institution Reporting: Several counties are submitting daily files of all inmates entering their jail and all inmates released. AHCCCS will match these files against the database of active AHCCCS members. AHCCCS members who become incarcerated will be disenrolled from their Contractor and placed in a “no-pay” status for the duration of their incarceration or their eligibility period if shorter. AHCCCS will provide the Contractor with incarceration information for the member on the Contractor’s 834 file. The file will indicate an “IE” code for *ineligible* associated with the disenrollment. The file will also include a data element indicating the County of jurisdiction and “CTYPRI” as the new health plan of enrollment due to incarceration. Upon release from jail, the member will be re-enrolled with their previous Contractor unless that plan is no longer available to the member. If the plan the member was enrolled in prior to incarceration is no longer available, the member will be auto-assigned using the current enrollment rules. A member is eligible for covered services until the effective date of the member’s “no-pay” status.

If the Contractor becomes aware of a member who becomes an inmate of a public institution and who is not identified in the AHCCCS reporting above, the Contractor shall notify AHCCCS for an eligibility determination.

Notifications shall be sent via email to the following email address: MCDUJustice@azahcccs.gov.
Notifications shall include:

1. AHCCCS ID.
2. Name.
3. Date of Birth (DOB).
4. When incarcerated.
5. Where incarcerated.

Refer to the AHCCCS Medical Assistance Eligibility Policy Manual Chapter 500, 525 Not an Inmate and section MA1502J of the EPM; AHCCCS Medical Assistance Eligibility Policy Manual Chapter 1500, 1502 Types of Changes, V. Incarcerated

Rate Adjustments: The rates set forth in Contract Section B shall not be subject to renegotiation during the term of the Contract.

Rates are based on public or private payment rates for comparable services for comparable populations, consistent with actuarially sound principles as specified in 42 CFR 457.10 [42 CFR 457.1203(a)]. Capitation rates may be modified during the term of the Contract when changes to provisions in the Contract require

adjustment to maintain actuarially sound rates. In addition, AHCCCS, at its sole discretion, may adjust capitation rates to address fundamental changes in circumstances such as:

1. Program changes.
2. Legislative requirements.
3. Updated encounter experience.
4. Rate setting assumptions.
5. CMS Mandates.

If a capitation rate adjustment is determined necessary, the adjustment and assumptions may be discussed with the Contractor prior to modifying capitation rates. The Contractor may request a review of a program change if it believes the program change was not equitable; AHCCCS will not unreasonably withhold such a review.

The Contractor is responsible for notifying AHCCCS of program and/or expenditure changes initiated by the Contractor during the Contract term that may result in material changes to the current or future capitation rates.

52. MEMBER BILLING AND LIABILITY FOR PAYMENT

AHCCCS registered providers may charge AHCCCS members for services which are excluded from AHCCCS coverage, which are provided in excess of AHCCCS limits, or as otherwise specified in A.A.C. R9-22-701.10(2).

Except for permitted copayments and calculated share of cost, the Contractor or its subcontractors shall ensure that members are not held liable for:

1. The Contractor's or any subcontractor's debts in the event of Contractor's or the subcontractor's insolvency [42 CFR 438.106(a), 42 CFR 438.606, 42 CFR 438.116, Section 1932(b)(6) of the Social Security Act].
2. Covered services provided to the member except as permitted under A.A.C. R9-22-701.10(2), 42 CFR 457.1226, 42 CFR 457.1233(b), 42 CFR 438.106(b)(1)-(2) and (c), 42 CFR 438.3(k), 42 CFR 438.230(c)(1)-(2), Section 1932(b)(6) of the Social Security Act].
3. Payments to the Contractor or any subcontractors for covered services furnished under a Contract, referral, or other arrangement, to the extent that those payments are in excess of the amount the member would owe if the Contractor or any subcontractor provided the services directly [42 CFR 438.106(c), 42 CFR 438.3(k), 42 CFR 438.230, Section 1932(b)(6) of the Social Security Act].

53. REINSURANCE

Reinsurance is a stop-loss program provided by AHCCCS to the Contractor for the partial reimbursement of covered medical services for the Contract Year as specified in this paragraph. The reinsurance Contract Year is the year beginning on October 1 and ending on September 30. Reinsurance is paid for services incurred for a member beyond an annual deductible level. AHCCCS is self-insured for the reinsurance program which is characterized by an initial deductible level and a subsequent coinsurance percentage. The coinsurance percentage is the rate at which AHCCCS will reimburse the Contractor for covered services incurred above the deductible. The deductible is the responsibility of the Contractor. Deductible levels are subject to change by AHCCCS during the term of this Contract. Any change to reinsurance deductibles would have a corresponding impact on capitation rates. Refer to the AHCCCS Reinsurance Policy Manual for further details on the Reinsurance Program.

AHCCCS will reimburse a Contractor for costs incurred in excess of the applicable deductible level, subject to coinsurance percentages and Medicare/TPL payment, less any applicable quick pay discounts, slow payment penalties, and interest. PPC and prospective expenses are included under the reinsurance program. For reimbursement of reinsurance encounters in sub capitated arrangements, refer to the AHCCCS Reinsurance Policy Manual.

AHCCCS may perform medical audits on reinsurance cases. Terms of the audit process will be disclosed prior to implementation of the audits providing the Contractor with appropriate advance notice.

Reinsurance as specified in this paragraph applies to all members receiving physical health services covered under this Contract.

The table below represents deductible and coinsurance levels. Refer to the specific case types below for coverage details.

REINSURANCE CASE TYPE	DEDUCTIBLE*	COINSURANCE
REGULAR REINSURANCE	\$P75,000	75%
CATASTROPHIC REINSURANCE	N/A	85%
TRANSPLANT AND OTHER CASE TYPES	Refer to specific paragraphs below	Refer to specific paragraphs below

**Annual deductible levels apply to all members eligible for reinsurance except for State Only Transplant.*

Catastrophic Reinsurance: The Catastrophic Reinsurance program encompasses members receiving certain biologics/high cost specialty drugs as well as those members who are diagnosed with Hemophilia, von Willebrand's Disease or Gaucher's Disease, as follows:

Biologics/High Cost Specialty Drugs: Catastrophic reinsurance is available to cover the cost of certain biologics/high cost specialty drugs when medically necessary, including other high cost, low frequency drugs identified by AHCCCS on a case by case basis. Refer to the AHCCCS Reinsurance Policy Manual for a complete list of the approved biologics/high cost specialty drugs. When a biosimilar (generic equivalent) of a biologic/high cost specialty drug is available, and AHCCCS has determined that the biosimilar is more cost-effective than the brand name biologic/high cost product, AHCCCS will reimburse 85 percent of the lesser of the biologic/high

cost specialty drug or its biosimilar equivalent for reinsurance purposes unless the biosimilar equivalent is contraindicated for a specific member. If the AHCCCS P&T Committee mandates the utilization of only the brand name biologic/high cost specialty drug rather than the biosimilar, AHCCCS will reimburse 85 percent of the paid amount of the branded biologic/high cost specialty drug. All biologic/High Cost specialty drugs must be encountered on a Form C pharmacy claim to be eligible for reinsurance. Members transitioning to different biologics and/or High Cost specialty drugs or receiving multiple biologics and/or High Cost specialty drugs must request authorization from AHCCCS/DHCM, MM for each separate drug in order to receive Reinsurance.

Hemophilia: Catastrophic reinsurance coverage is available for all members diagnosed with Hemophilia. AHCCCS holds a specialty Contract for anti-hemophilic agents and related services for Hemophilia or von Willebrand's. The Contractor shall exclusively utilize the AHCCCS Contract for Hemophilia Factor and Blood Disorders as the authorizing payor. As such, the Contractor will provide prior authorization, care coordination, and reimbursement for all components covered under the Contract for their members. The Contractor will comply with the terms and conditions of the AHCCCS Contract. Reinsurance coverage for anti-hemophilic blood factors will be limited to 85 percent of the AHCCCS contracted amount or the Contractor's paid amount, whichever is lower.

Gaucher's Disease: Catastrophic reinsurance is available for members diagnosed with Gaucher's Disease classified as Type I and are dependent on enzyme replacement therapy.

For additional detail and restrictions refer to the AHCCCS Reinsurance Policy Manual. There are no deductibles for catastrophic reinsurance cases. For members receiving biologic/high specialty drugs, AHCCCS will reimburse at 85 percent of the cost of the drug only. For those members diagnosed with Hemophilia, von Willebrand's Disease and Gaucher's Disease, all medically necessary covered services provided during the reinsurance Contract Year shall be eligible for reimbursement at 85 percent of the AHCCCS allowed amount or the Contractor's paid amount, whichever is lower, depending on the subcap/CN1 code indicated on the encounter.

Gene therapies will be evaluated on a case-by-case basis for members with hemophilia, von Willebrand's, Gaucher's and all other disease states.

The Contractor shall notify AHCCCS of cases identified for catastrophic reinsurance coverage (Catastrophic Reinsurance Request), as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Catastrophic reinsurance will be paid for a maximum 30-day retroactive period from the date of notification to AHCCCS. For continuation of previously approved catastrophic reinsurance, the Contractor shall submit the Catastrophic Reinsurance Request and Catastrophic Reinsurance and Crossover Member List as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

Other Catastrophic Reinsurance: For all reinsurance case types other than transplants, the Contractor is reimbursed 100 percent for all medically necessary covered expenses provided in a reinsurance Contract year, after the Contractor paid amount in the reinsurance case reaches \$1,000,000. It is the responsibility of the Contractor to notify AHCCCS/DHCM, Reinsurance Supervisor and Reinsurance Analyst once a reinsurance case reaches \$1,000,000. Failure to notify

AHCCCS or failure to adjudicate encounters appropriately within 15 months from the end date of service will disqualify the related encounters for 100 percent reimbursement consideration.

Von Willebrand's Disease: Catastrophic reinsurance coverage is available for all members diagnosed with von Willebrand's Disease who are non-DDAVP responders and dependent on Plasma Factor VIII.

Encounter Submission and Payments for Reinsurance: Contractors are reimbursed for reinsurance claims by submitting encounters that associate to a reinsurance case. All reinsurance associated encounters, except as provided below for "Disputed Matters," shall reach an adjudicated/approved status within 15 months from the end date of service, or date of eligibility posting, whichever is later. For all reinsurance case types, for services or pharmaceuticals, in the instances in which AHCCCS has specialty contracts or legislation/policy limiting the allowable reimbursement, the amount to be used in the computation of reinsurance will be the lesser of the contracted/mandated amount or the Contractor paid amount.

Encounters for claims which cross over reinsurance Contract years will not be eligible for reinsurance. The association of an encounter to a reinsurance case does not automatically qualify the encounter for reinsurance reimbursement.

AHCCCS will not pay reinsurance on encounters for interim claims. The final claim submitted by a hospital associated with the full length of the patient stay due to a change in Contractor will be eligible for reinsurance consideration as long as the days of the hospital stay do not cross reinsurance Contract years.

The Contractor shall void encounters for any claims that are recouped in full. For recoupments that result in a reduced claim value or any adjustments that result in an increased claim value, replacement encounters shall be submitted and reach adjudicated/approved status within 15 months of end date of service to receive adjusted reinsurance benefits. Refer to the AHCCCS Reinsurance Policy Manual for further details. The Contractor should refer to Section D, Paragraph 61, Encounter Data Reporting, for additional encounter reporting requirements.

When a member changes Contractors within a reinsurance Contract year, for reinsurance purposes, costs incurred for that member do not follow the member to the receiving Contractor. Encounters from the Contractor the member is leaving (for dates of service within the current reinsurance Contract year) will not be applied toward the receiving Contractor's deductible level.

Regular Reinsurance: Regular reinsurance covers partial reimbursement of covered inpatient hospital services. Inpatient services are those services provided in acute care hospitals (provider type 02), accredited psychiatric hospitals (provider type 71), and specialty per diem hospitals (provider type C4) only. Same-day admit-and-discharge services do not qualify for reinsurance. Regular reinsurance does not cover services provided by any other inpatient provider type, including but not limited to residential treatment centers and subacute facilities. Refer to the AHCCCS Reinsurance Policy Manual for additional details.

When Skilled Nursing Facility (SNF) (provider type 22) services are provided within 30 days following acute hospital stay, the per diem cost of a continuous NF stay up to 90 days of services in any Contract year shall be eligible for reinsurance coverage. A second admission to a SNF in the same Contract year is not

eligible for reinsurance unless there is an additional inpatient stay directly preceding the second admission. The total number of NF days eligible for reinsurance shall not exceed 90 days per Contract year regardless of whether there is one or multiple post-hospitalization nursing facility admissions. The Contractor shall submit their Nursing Facility Contracted Rates for Reinsurance as specified in Section F, Attachment F3, Contractor Chart of Deliverables and the AHCCCS Reinsurance Policy Manual.

Regular and Catastrophic Reinsurance Cases Payment: AHCCCS will reimburse a Contractor for costs incurred in excess of the applicable deductible level, subject to coinsurance percentages and Medicare/TPL payment, less any applicable quick pay discounts, slow payment penalties, and interest. For reimbursement of reinsurance encounters in subcapitated arrangements, refer to the AHCCCS Reinsurance Policy Manual.

All catastrophic claims are subject to medical review by AHCCCS.

Transplant Reinsurance: This program covers members who are eligible to receive covered major organ and tissue transplants. Refer to the AMPM Policy 310-DD and the AHCCCS Reinsurance Policy Manual for covered services and types of organ and tissue transplants. The Contractor shall notify AHCCCS when a member is referred to a transplant facility for evaluation for an AHCCCS-covered organ transplant. Transplant reinsurance will be paid for a maximum 30-day retroactive period from the date of notification to AHCCCS. In order to qualify for reinsurance benefits, the Transplant Reinsurance Request shall be received by AHCCCS as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

For continuation of previously approved transplant reinsurance, the Contractor shall submit the Transplant Reinsurance Crossover Member List with members that have a component that crosses the Contract year, notification to AHCCCS shall be submitted, as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

If a Contractor intends to use a non-contracted transplant facility for a covered transplant and AHCCCS already holds a contract for that transplant type, or a non-contracted transplant type at a contracted transplant facility, the Contractor must obtain prior approval from the AHCCCS/DHCM, MM. An approved transplant performed at a non-contracted facility will be reimbursed at 85 percent of the lesser of 1) the AHCCCS transplant contracted rate for the same organ or tissue, if available, or 2) the health plan paid amount. Depending on the unique circumstances of each approved non-contracted transplant, AHCCCS/DHCM, Finance/Reinsurance may consider, on a case-by-case basis, the Contractor's reinsurance coverage at 85 percent of the Contractor's paid amount for comparable case/component rates. If no prior approval is obtained, and the Contractor incurs costs at the out-of-State facility, those costs are not eligible for either transplant or regular reinsurance.

Depending on the unique circumstances of each approved out-of-State transplant, AHCCCS/DHCM, Finance/Reinsurance may consider, on a case-by-case basis, the Contractor's reinsurance coverage at 85 percent of the Contractor's paid amount for comparable case/component rates. If no prior approval is obtained, and the Contractor incurs costs at the out-of-State facility, those costs are not eligible for either transplant or regular reinsurance.

Transplant Reinsurance Cases : Reinsurance coverage for transplants received at an AHCCCS contracted facility is paid at the lesser of 85 percent of the AHCCCS Contract amount for the transplant services

rendered or 85 percent of the Contractor's paid amount. Transplant contracts include per diem rates for inpatient follow up care post-transplant (day 11+ for kidneys and day 61+ for all other transplants). Reinsurance for inpatient follow up care post-transplant follows the regular reinsurance reimbursement, including a deductible requirement. Reinsurance coverage for transplants received at a non-AHCCCS contracted facility is paid the lesser of 85 percent of the lowest AHCCCS contracted rate, for the same organ or tissue, or the Contractor paid amount. The AHCCCS contracted transplant rates may be found on the AHCCCS website.

Reinsurance payments are linked to transplant encounter submissions. The Contractor is required to submit all supporting encounters for transplant services and additional documentation as identified in the AHCCCS Reinsurance Policy Manual. In order to receive reinsurance payment for transplant stages, billed amounts and health plan paid amounts for adjudicated encounters shall equal the amounts on the required documentation submitted to AHCCCS. Timeliness for each component payment will be calculated based on the latest adjudication date for the complete set of encounters related to the component. Clean claims shall be received no later than 15 months from the end date of service for each particular transplant stage. Refer to the AHCCCS Reinsurance Policy Manual for the appropriate billing of transplant services.

Transplant Extended Eligibility Option One and Option Two: Individuals who are currently on the transplant waiting list and subsequently lose AHCCCS eligibility may become eligible for and select one of two eligibility options. Extended eligibility is authorized only for members who have met all of the following conditions:

1. The individual has been determined ineligible due to excess income.
2. The individual was on the transplant waitlist before AHCCCS eligibility expired.
3. The individual entered into a contractual arrangement with the transplant facility to pay the amount of income, which is in excess of the eligibility income standards (referred to as transplant share of cost).

Option One: Extended eligibility is for one twelve-month continuous period of time. During that time, the member is eligible for all AHCCCS covered services including transplant as long as they continue to remain on the transplant waiting list. All medically necessary covered services provided to Option one members, unrelated to the transplant, shall be eligible for reimbursement, with no deductible, at 100 percent of the Contractor's paid amount based on adjudicated encounters.

The member must be enrolled under rate code 3100 or 310z. If determined medically ineligible for a transplant at any time during the period, eligibility for AHCCCS covered services will terminate at the end of the calendar month in which the determination is made.

Option Two: Extended eligibility covers transplant services only. The member must be enrolled under rate code 3200 or 320z. At the time that the transplant is scheduled to be performed, the transplant candidate will reapply and will be re-enrolled with her/her previous Contractor to receive all covered transplant services.

Reinsurance coverage for State Only Option one and Option two members (as specified in Section D, Paragraph 2, Eligibility) for transplants received at an AHCCCS contracted facility is paid at the lesser of 1) 100 percent of the AHCCCS Contract amount for the transplantation services rendered, less the transplant share of cost; or 2) 100 percent of the Contractor paid amount, less the transplant share of cost, refer to the AHCCCS Reinsurance Policy Manual. For transplants received at a facility not contracted with AHCCCS, payment is made at the lesser of 100 percent of the lowest AHCCCS contracted amount for the transplant services rendered less the transplant share of cost, or 100 percent of the Contractor paid amount, less the transplant share of cost. All Option one and Option two transplants are subject to the terms regarding out of State transplants set forth above and in the AHCCCS Reinsurance Policy Manual. The AHCCCS contracted transplantation rates may be found on the AHCCCS website. When a member is referred to a transplant facility for an AHCCCS-covered organ transplant, the Contractor shall notify AHCCCS as specified in the AMPM Policy 310-DD Attachment A.

Disputed Matters: For encounters which are the subject of a member appeal, provider claim dispute, grievance, or other legal action, including an informal resolution originating from a request for a formal claim dispute or member appeal, the Contractor has the greater of: 1) 90 days from the date of the final decision in that proceeding/action or 2) 15 months from the end date of service/date of eligibility posting to file the reinsurance encounter AND for the reinsurance encounter to reach adjudicated/approved status. Therefore, reinsurance encounters for disputed matters will be considered timely if both the Notice of Decision is received and the encounters reach adjudicated/approved status no later than 90 days from the date of the final decision in that proceeding/action even though the 15 month deadline may have expired. Failure to submit the Notice of Decision and the encounters within the applicable timeframes above will result in the denial of reinsurance.

54. COORDINATION OF BENEFITS AND THIRD PARTY LIABILITY

AHCCCS is the payor of last resort unless specifically prohibited by applicable State or Federal law. This means AHCCCS shall be used as a source of payment for covered services only after all other sources of payment have been exhausted. The Contractor shall take reasonable measures to identify potentially legally liable third party sources. Refer to ACOM Policy 434.

If the Contractor discovers the probable existence of a liable third party that is not known to AHCCCS, or identifies any change in coverage, the Contractor shall report the information as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Failure to report these cases may result in one of the remedies specified in Section D, Paragraph 68, Administrative Actions.

AHCCCS will provide the Contractor with a file of all other coverage information, for the purpose of updating the Contractor's files, as specified in the AHCCCS Technical Interface Guidelines (TIG).

The Contractor shall coordinate benefits in accordance with 42 CFR 433.135 et seq., A.R.S. § 36-2903, and A.A.C. Title 9, Chapter 28, Article 9 so that costs for services otherwise payable by the Contractor are cost avoided or recovered from a liable third party [42 CFR 434.6(a)(9)]. The term "State" shall be interpreted to mean "Contractor" for purposes of complying with the Federal regulations referenced above. The Contractor may require subcontractors to be responsible for coordination of benefits for services provided

pursuant to this Contract. The two methods used for coordination of benefits are Cost Avoidance and Post-Payment Recovery. The Contractor shall use these methods as specified in A.A.C. Title 9, Chapter 28, Article 9, State and Federal law, and ACOM Policy 434. For Contractor cost sharing responsibilities for members covered by both Medicare and Medicaid see ACOM Policy 201 [42 CFR 433 Subpart D, 42 CFR 447.20].

The Contractor shall cost avoid a claim if it has established the probable existence of a liable party at the time the claim is filed. There are limited circumstances when cost avoidance is prohibited, and the Contractor shall apply post-payment recovery processes as specified further below.

All TPL reporting requirements are subject to validation through periodic audits and/or ORs which may include Contractor submission of an electronic extract of the casualty cases, including open and closed cases. Data elements may include but are not limited to the member's first and last name; AHCCCS ID; date of incident; claimed amount; paid/recovered amount; and case status. The AHCCCS TPL Unit shall provide the format and reporting schedule for this information to the Contractor.

Contract Termination: Upon termination of this Contract, the Contractor shall complete existing TPL cases or make any necessary arrangements to transfer the cases to AHCCCS' authorized TPL representative.

Cost Avoidance: For purposes of cost avoidance, establishing liability takes place when the Contractor receives confirmation that another party is, by statute, Contract, or agreement, legally responsible for the payment of a claim for a health care item or service delivered to a member. If the probable existence of a party's liability cannot be established, the Contractor shall adjudicate the claim. The Contractor shall then utilize post-payment recovery which is specified in further detail below. If AHCCCS determines that the Contractor is not actively engaged in cost avoidance activities, the Contractor shall be subject to Administrative Action.

If a third-party insurer other than Medicare requires the member to pay any copayment, coinsurance or deductible, the Contractor is responsible for making these payments in accordance with ACOM Policy 434.

Claims for inpatient stay for labor, delivery, and postpartum care, including professional fees when there is no global OB package, shall be cost avoided [42 CFR 433.139].

Medicare Fee-For-Service Crossover Claims Payment Coordination: AHCCCS delegates to Contractors, coordination of benefits payment activities with legally liable third parties, including Medicare. For dual eligible members, the Contractor shall coordinate Medicare FFS crossover claims payment activities with the Medicare Benefits Coordination and Recovery Center (BCRC) in accordance with 42 CFR 438.3(t).

The Contractor shall be registered with the BCRC as an AHCCCS trading partner to electronically process Medicare FFS crossover claims. An Attachment to the existing AHCCCS Medicare FFS Coordination of Benefits Agreement (COBA) shall be executed by Contractors and AHCCCS to register with the BCRC as a trading partner. Upon completion of the registration process, the BCRC shall issue each Contractor a unique COB ID number upon completion of BCRC readiness review activities.

Upon receipt of its BCRC COB ID number, the Contractor shall coordinate with BCRC regarding the electronic exchange and transmission of necessary BCRC-provided data files and file layouts, including eligibility and claim data files to coordinate payment of Medicare FFS crossover claims only.

Further information and resources for Contractors regarding the Medicare FFS cross-over claims process and BCRC requirements are available on the BCRC web page:

www.cms.gov/Medicare/Coordination-of-Benefits-and-Recovery/Coordination-of-Benefits-and-Recovery-Overview/Overview.html

Members Covered by both Medicare and Medicaid (Duals): Refer to Section D, Paragraph 56, Medicare Services and Cost Sharing.

Post-Payment Recoveries: Post-payment recovery is necessary in cases where the Contractor has not established the probable existence of a liable third party at the time services were rendered or paid for, was unable to cost-avoid, or post-payment recovery is required. In these instances, the Contractor shall adjudicate the claim and then utilize post-payment recovery processes which include Pay and Chase, Retroactive Recoveries Involving Commercial Insurance Payor Sources, and other TPL recoveries. Refer to ACOM Policy 434.

Pay and Chase: The Contractor shall pay the full amount of the claim according to the AHCCCS Capped-Fee-For-Service Schedule or the contracted rate and then seek reimbursement from any third party if the claim meets the requirements specified in ACOM Policy 434.

Retroactive Recoveries Involving Commercial Insurance Payor Sources: For a period of two years from the date of service, the Contractor shall engage in retroactive third party recovery efforts for claims paid to determine if there are commercial insurance payor sources that were not known at the time of payment. In the event a commercial insurance payor source is identified, the Contractor shall seek recovery from the commercial insurance. The Contractor is prohibited from recouping related payments from providers, requiring providers to take action, or requiring the involvement of providers in any way, unless the provider was paid in full, from both the Contractor, and the commercial insurance.

Refer to ACOM Policy 434 for details regarding retroactive recoveries, encounter adjustments as a result of retroactive recoveries and the processes for identifying claims that have a reasonable expectation of recovery.

Other Third Party Liability Recoveries: The Contractor shall identify the existence of potentially liable parties using a variety of methods, including referrals, and data mining. The Contractor shall not pursue recovery in the following circumstances, unless the case has been referred to the Contractor by AHCCCS or AHCCCS' authorized representative:

1. Motor Vehicle Cases.
2. Other Casualty Cases.
3. Tortfeasors.
4. Restitution Recoveries.
5. Worker's Compensation Cases.

Upon identification of a potentially liable third party for any of the above situations, the Contractor shall, within 10 business days, report the potentially liable third party to AHCCCS' TPL Contractor for determination of a mass tort, total plan case, or joint case, as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Failure to report these cases may result in one of the remedies specified in Section D, Paragraph 68, Administrative Actions. A mass tort case is a case where multiple plaintiffs or a class of plaintiffs have filed a lawsuit against the same tortfeasor(s) to recover damages arising from the same or similar set of circumstances (e.g., class action lawsuits) regardless of whether any reinsurance or FFS payments are involved. A total plan case is a case where payments for services rendered to the member are exclusively the responsibility of the Contractor; no reinsurance or FFS payments are involved. By contrast, a "joint" case is one where FFS payments and/or reinsurance payments are involved. The Contractor shall cooperate with AHCCCS' authorized representative in all collection efforts.

Joint and Mass Tort Cases: AHCCCS' authorized representative is responsible for performing all research, investigation, and payment of lien-related costs, subsequent to the referral of any and all relevant case information to AHCCCS' authorized representative by the Contractor. In joint and mass tort cases, AHCCCS' authorized representative is also responsible for negotiating and acting in the best interest of all parties to obtain a reasonable settlement and may compromise a settlement in order to maximize overall reimbursement, net of legal and other costs.

The Contractor is responsible for responding to requests from AHCCCS or AHCCCS' TPL contractor to provide a list of claims related to the joint or mass tort case within 10 business days of the request. The Contractor will be responsible for their prorated share of the contingency fee. The Contractor's share of the contingency fee will be deducted from the settlement proceeds prior to AHCCCS remitting the settlement to the Contractor.

Total Plan Cases: In "total plan" cases, the Contractor is responsible for performing all research, investigation, the mandatory filing of initial liens on cases that exceed \$250, lien amendments, lien releases, and payment of other related costs in accordance with A.R.S. § 36-2915 and A.R.S. § 36-2916.

The Contractor shall use the AHCCCS-approved casualty recovery correspondence when filing liens and when corresponding to others in regard to casualty recovery. The Contractor may retain up to 100 percent of its recovery collections if all of the following conditions exist:

1. Total collections received do not exceed the total amount of the Contractor's financial liability for the member.
2. There are no payments made by AHCCCS related to FFS, reinsurance, or administrative costs (e.g., lien filing).
3. Such recovery is not prohibited by State or Federal law.

Prior to negotiating a settlement on a total plan case, the Contractor shall notify AHCCCS or AHCCCS' authorized TPL Contractor to ensure that there is no reinsurance or FFS payment that

has been made by AHCCCS. Failure to report these cases prior to negotiating a settlement amount may result in one of the remedies specified in Section D, Paragraph 68, Administrative Actions.

The Contractor shall report settlement information to AHCCCS, utilizing the AHCCCS-approved casualty recovery Settlement Notification Form (see ACOM Policy 434), within 10 business days from the settlement date or in an AHCCCS-approved monthly file, as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Failure to report these cases may result in one of the remedies specified in Section D, Paragraph 68, Administrative Actions.

Timely Filing: The Contractor shall not deny a claim for timeliness if the untimely claim submission results from a provider's efforts to determine the extent of liability.

Title XXI (KidsCare) and Breast and Cervical Cancer Treatment Program: Eligibility for KidsCare and BCCTP benefits require that the applicant/member not be enrolled with any other creditable health insurance plan. If the Contractor becomes aware of any such coverage, the Contractor shall notify AHCCCS immediately. AHCCCS will determine if the other insurance meets the creditable coverage definition in A.R.S. § 36-2982(G).

The Contractor shall submit reports regarding cost avoidance/saving/recovery activities, as specified in Section F, Attachment F3, Contractor Chart of Deliverables. The report shall be submitted in a format as specified in the AHCCCS Program Integrity Reporting Guide.

55. COPAYMENTS

The Contractor is required to comply with A.A.C. R9-22-711, ACOM Policy 431 and other directives by AHCCCS. Those populations exempt from copayments or subject to non-mandatory (also known as nominal or optional) copayments may not be denied services due to the inability to pay the copayment [42 CFR 438.108]. However, for those populations subject to mandatory copayments services may be denied for the inability to pay the copayment. Members with a CRS qualifying condition are currently exempt from mandatory and optional copayments.

When a member meets the criteria for copay exemption (i.e., members who are placed in NFs or residential facilities such as an Assisted Living Home when such placement is made as an alternative to hospitalization), the Contractor shall notify AHCCCS as specified in Section F, Attachment F3, Contractor Chart of Deliverables and ACOM Policy 431.

56. MEDICARE SERVICES AND COST SHARING

Dual eligible members shall have choice of all providers in the Contractor's network. The Contractor shall coordinate Medicare services based on a dual eligible member's coverage choices through Original Medicare (FFS), a Medicare Advantage Plan, Medicare, or a State-contracted Medicare Advantage Dual Eligible Special Needs Plan (D-SNP) with prescription drug coverage (a Medicare Advantage Part C D-SNP that covers Medicare Parts A, B, and D services).

Certain Medicare covered Part B preventive services are available to dual eligible members at little, or no, out-of-pocket cost. Refer to www.medicare.gov for further information.

Medicare Cost Sharing: The Contractor shall pay Medicare coinsurance and/or deductibles for covered services provided to dual eligible members within the Contractor's network. However, there are different cost sharing responsibilities that apply to dual members based on a variety of factors. The Contractor shall limit their cost sharing responsibility according to A.A.C. R9-29-301 and A.A.C. R9-29-302 and as further specified in ACOM Policy 201. Refer to Section D, Paragraph 9, Scope of Services, *Prescription Medications*, regarding coverage of Medicare Part D medications.

In Original Medicare (FFS), a dual eligible member may access Medicare services from any provider participating in Medicare. Dual eligible members who choose to obtain Medicare-covered services from a "non-participating" Medicare provider may be required to pay for the entire charge at the time of service, which may be greater than the Medicare-approved amount. Dual eligible members are to be encouraged to obtain Medicare covered services from participating Medicare providers that accept "assignment," the Medicare-approved amount as payment in full for Medicare covered services.

For a dual eligible member enrolled in a Medicare Advantage Plan or a State-contracted Medicare Advantage D-SNP for Medicare covered services, the dual eligible member shall follow the Medicare Advantage Plan or D-SNP's rules as approved by CMS, including but not limited to those governing use of the plan's provider network in obtaining covered services.

When a dual eligible member is in a medical institution and that stay is funded by Medicaid for a full calendar month, the dual eligible member is not required to pay copayments for their Medicare covered prescription medications for the remainder of the calendar year. To ensure appropriate information is communicated for these members to CMS, the Contractor shall notify AHCCCS pursuant to ACOM Policy 201 and as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

57. MARKETING

Marketing (ACC): The Contractor shall comply with all State and Federal provisions regarding marketing including ACOM Policy 101 [42 CFR 457.1224, 42 CFR 438.104]. The Contractor shall submit all proposed marketing materials for approval as specified in Section F, Attachment F3, Contractor Chart of Deliverables and as specified in ACOM Policy 101. All marketing materials that have been approved by the AHCCCS Marketing Committee may be distributed by the Contractor for a period of two years from the date of approval and shall be re-approved after that time. Pursuant to 42 CFR 438.104, the AHCCCS Marketing Committee will consult with the Arizona State Medicaid Advisory Committee (SMAC) in reviewing submitted marketing materials.

The Contractor shall submit a Marketing Activities Report of pre-approved events the Contractor participated in within the past six months, as specified in Section F, Attachment F3, Contractor Chart of Deliverables. The AHCCCS Marketing Committee will review the Contractor's submission to determine if the Contractor's participation in the events comply ACOM Policy 101. If AHCCCS determines a violation occurred, the Contractor may be subject to Administrative Action.

Marketing (ACC-RBHA): The ACC-RBHA Contractor shall not conduct any marketing activities for the purpose of increasing membership.

58. CORPORATE COMPLIANCE

Corporate Compliance Program: The requirements of 42 CFR 457.1285 and 42 CFR 438.608 are imposed on the Contractor and the Contractor shall ensure compliance with those provisions. The Contractor shall have a Corporate Compliance Program that is designed to guard against fraud, waste, and abuse and is supported by other administrative procedures including a Corporate Compliance Plan.

The Contractor shall appoint a Corporate Compliance Officer in accordance with Section D, Paragraph 15, Staffing Requirements. The Contractor's written Corporate Compliance Plan shall adhere to Contract and ACOM Policy 103 and shall be submitted to AHCCCS/OIG as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

3. Effective lines of communication between the Corporate Compliance Officer and the Contractor's employees.
4. Enforcement of standards through well-publicized disciplinary guidelines.

6. Establishment and implementation of procedures and a system with dedicated staff for routine monitoring and auditing of compliance risks, prompt response to compliance issues as they are raised, investigation of potential compliance problems as identified in the course of self-evaluation and audits, correction of such problems promptly and thoroughly to reduce the potential for recurrence, ongoing compliance with requirements under the Contract, and external monitoring and auditing of subcontractors.

7. Submission of an External Audit Plan/Schedule, and Audit Report of all individual provider audits to AHCCCS/OIG as specified in ACOM Policy 103 and Section F, Attachment F3, Contractor Chart of Deliverables.

AHCCCS supports new and evolving technologies that create efficiencies, improve QOC, and lead to better health care outcomes while containing costs. Examples of such technologies supported, in part, by the Health Information Technology for Economic and Clinical Health Act (HITECH) include the use of HIT in EHRs, e-prescribing, and a HIE infrastructure. Expanding technological capability is expected to reduce total spending on health care by diminishing the number of inappropriate tests, duplicate procedures, paperwork, and administrative overhead, which will result in fewer adverse events. The use of HIT for health care service delivery and health Care Management is critical to the effectiveness in the following areas:

1. Access to care.
2. Care coordination.
3. Prescribing practices, for example, poly-pharmacy.
4. Evidence based care.
5. MM programs.
6. EPSDT services.
7. Coordination with community services.
8. Referral management.
9. Discharge planning.
10. Performance measures.
11. PIPs.
12. Medical record review.

13. QOC review processes.
14. QI.

R9-22-701.10. The system shall be adaptable to updates in order to support future AHCCCS claims related policy requirements on a timely basis as needed.

On a recurring basis, monthly based on adjudication date, AHCCCS shall provide the Contractor an electronic file of claims and encounter data, for members enrolled with the Contractor who have received services that adjudicated from another Contractor or through AHCCCS FFS for purposes of member care coordination. Data sharing will comply with Federal privacy regulations.

In addition, the Contractor shall implement and meet the following milestones in order to make claims processing and payment more efficiently and timely:

1. Receive 85 percent of total claims (e.g., professional, institutional, and dental), with a minimum 60 percent requirement by form type, based on volume of actual claims excluding claims processed by PBMs electronically.
2. Produce and distribute 75 percent of remittances electronically.

With the completion of required documents as specified in the AHCCCS Encounter Manual, each Contractor is assigned a Transmission Submitter Number (TSN) for encounter submissions. The Contractor may elect to obtain additional TSNs based upon processing or tracking needs.

Contractor Responsibilities: The Contractor is responsible for any incorrect data, delayed submission, or payment (to the Contractor or its subcontractors), and/or penalty applied due to any error, omission, deletion, or incorrect data submitted by the Contractor. Any data that does not meet the standards required by AHCCCS shall not be accepted by AHCCCS.

The Contractor is required to provide an attestation that any data transmitted is accurate, complete, and truthful, to the best of the Contractor's CEO, CFO, or designee's knowledge under penalty of perjury [42 CFR 438.606] as specified in AHCCCS in the HIPAA Transaction Companion Guides and Trading Partner Agreements and as specified in Section F, Attachment F3, Contractor Chart of Deliverables [42 CFR 457.1201(o), 42 CFR 457.1201(n)(2), 42 CFR 438.606].

Neither the State of Arizona nor AHCCCS shall be responsible for any incorrect or delayed payment to the Contractor's subcontractors resulting from error, omission, deletion, or erroneous input data caused by the Contractor in the submission of AHCCCS claims.

The audit shall include, at a minimum, a review of Contractor compliance with all security requirements as specified in the AHCCCS Security Rule Compliance Summary Checklist in ACOM Policy 108. In addition, the audit shall include a review of Contractor policies and procedures to verify that appropriate security requirements have been adequately incorporated into the Contractor's business practices, and the production processing systems.

The audit shall result in a findings report and as necessary a CAP, detailing all issues and discrepancies between the security requirements and the Contractor's policies, practices, and systems. The CAP shall also include timelines for corrective actions related to all issues or discrepancies identified. The annual report shall include the findings and CAP and shall be submitted to AHCCCS for review and approval. AHCCCS will verify that the required audit has been completed and the approved remediation plans are in place and being followed.

Electronic Transactions: The Contractor is required to accept and generate all required HIPAA compliant electronic transactions from or to any provider or their assigned representative interested in and capable of electronic submission of eligibility verifications, claims, claims status verifications, prior authorization requests, or the receipt of electronic remittance. The Contractor shall be able to make claims payments via electronic funds transfer and have the capability to accept electronic claims attachments.

Electronic Visit Verification: Pursuant to Section 1903 of the Social Security Act (42 U.S.C. 1396b), AHCCCS is mandated to implement EVV for non-skilled in-home services and home health services. The Contractor is required to monitor member access to care and provider compliance standards as directed by AHCCCS. The Contractor shall implement policies and procedures to monitor, analyze and take appropriate action to ensure member access to care to services and to support provider compliance with requirements covered under the EVV program as specified in AMPM Policy 540.

The Contractor shall sign a participation agreement, with the HIE, to ensure each Contractor has access to the HIE for any permitted uses, as described in the HIE Participation Agreement. To further the integration of technology-based solutions and the promotion of interoperability of EHR within the system of care, AHCCCS will increase opportunities for providers and Contractors to utilize technological functions for processes that are necessary to meet Medicaid requirements. Expanding the adoption and use of HIT may reduce total spending on health care by diminishing the number of inappropriate tests and procedures, reducing paperwork and administrative overhead, and decreasing the number of adverse events resulting from medical errors. The Contractor is expected to actively participate in offering information and providing provider support and education to further expand provider adoption and use of HIT.

It is AHCCCS' expectation that the Contractor will review operational processes to reduce provider hassle factors by implementing technological solutions for those providers utilizing electronic health records and to incentivize providers to implement and meaningfully use HIT as a standard of doing business with the AHCCCS program. AHCCCS also anticipates establishing minimum standards, goals, and requirements related to operational areas where improved efficiencies or effectiveness could be achieved. AHCCCS anticipates accelerating statewide HIE participation for all Medicaid providers and Contractors by:

1. Requiring that behavioral health and physical health providers use the HIE for the secure sharing of clinical information between physical and behavioral health providers.
2. Ensuring providers utilize ADT alerts to facilitate timely follow up with members after admission or discharge from hospitals and emergency rooms.
3. Supporting the acceleration of electronic prescribing by Arizona Medicaid providers.
4. Joining the HIEs Board of Directors and advisory councils to enable and provide input into governance and policy making, and the availability of information technology service offerings.

5. Identifying value-based purchasing opportunities that link with a provider's adoption and use of HIT.

The Contractor shall encourage providers that are participating in the Medicaid Promoting Interoperability Program (formerly the EHR Incentive Program) (i.e., eligible hospitals and eligible professionals) to continue to promote interoperability, accelerate the participation of other provider types in their network, and participate in planning activities that will result in improved care coordination and health care delivery for members.

The Contractor is expected to collaborate with AHCCCS and the HIE to support projects and initiatives in areas where HIT and HIE can bring significant change and progress including efforts focused on:

1. Coordinating the secure sharing of clinical health information between providers and across the CoC facilities.
2. Identifying partnerships for integrated care among other health care delivery participants.
3. Identifying and implementing strategies that improves care coordination and health outcomes for high need/high cost members.
4. Coordinating care for members who are enrolled in the AIHP.
5. Coordinating care for members who are transitioning between AHCCCS and Qualified Health Plans.

10. Participating in QI activities and reporting as identified by the Contractor or AHCCCS.
11. Other activities as identified by AHCCCS and that are allowed under the Permitted Use Policy of the HIE organization.

To support outreach to the providers in each Contractor's network, each Contractor is recommended to develop, with the HIE, a recruitment plan that can achieve a 10 percent increase in the number of providers that join the HIE.

Health Insurance Portability and Accountability Act: The Contractor shall comply with the Administrative Simplification requirements of 45 CFR Parts 160 and 162 that are applicable to the operations of the Contractor by the dates required by the implementing Federal regulations as well as all subsequent requirements and regulations as published.

The Contractor shall implement Section III-Patient Access Application Programming Interface (API), Section IV-Provider Directory API, and Section V-Payer to Payer Data Exchanges in accordance with AHCCCS effective dates. The Contractor shall implement the API in accordance with 42 CFR 431.60 and 42 CFR 431.70, which must include all of the provider directory information specified in 42 CFR 438.10(h)(1) and (2).

The Contractor shall ensure that changing or making major upgrades to the information systems affecting claims processing, payment, or any other major business component, is accompanied by a plan which includes a timeline, milestones, and outlines adequate testing to be completed before implementation. The Contractor shall notify and provide the system change plan to AHCCCS for review and comment as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

61. ENCOUNTER DATA REPORTING

Complete, accurate, and timely reporting of encounter data is crucial to the success of the AHCCCS program. AHCCCS uses encounter data to pay reinsurance benefits, set FFS and capitation rates, determine reconciliation amounts, determine disproportionate share payments to hospitals, and to determine compliance with performance standards.

Furthermore, increased emphasis on encounter data is highlighted in the Medicaid Managed Care Regulations published on May 6, 2016. The Contractor shall submit encounter data to AHCCCS for all services for which the Contractor incurred a financial liability and claims for services eligible for processing by the Contractor where no financial liability was incurred including services provided during prior period coverage [42 CFR 457.1233(d), 42 CFR 457.1285, 42 CFR 438.242(c)(1)-(4), 42 CFR 438.604(a)(1)-(4), 42 CFR 438.606, 42 CFR 438.8, 42 CFR 438.818]. This requirement is a condition of the CMS grant award [42 CFR 438.242(b)(1)][42 CFR 455.1(a)(2)].

New Contractors shall successfully exchange encounter data for all applicable form types with AHCCCS no later than 120 days after the start of the Contract or be subject to possible corrective actions up to and including sanctions and enrollment caps.

Encounter Corrections: The Contractor is required to monitor and resolve pended encounters and encounters denied by AHCCCS.

The Contractor is further required to submit replacement or voided encounters in the event that claims are subsequently corrected following the initial encounter submission. This includes corrections as a result of inaccuracies identified by fraud and abuse audits, or investigations conducted by AHCCCS or the Contractor. The Contractor shall void encounters for claims that are recouped in full. For recoupments that result in a reduced claim value or adjustments that result in an increased claim value, replacement encounters shall be submitted. Refer to the AHCCCS Encounter Manual for instructions regarding the submission of corrected, replaced, or voided encounters.

Encounter Performance Standards: AHCCCS has established encounter performance standards as specified in the AHCCCS Encounter Manual. All encounters including approved, pended, denied, and voided encounters, impact completeness, accuracy, and timeliness rates. Rates below the established standards (pended encounters that have pended for more than 120 days for example), or poor encounter performance overall, may result in CAPs, and/or sanctions.

Encounter Reporting: The Contractor shall produce reports for the purposes of tracking, trending, reporting process improvements, and monitoring submissions and revisions of encounters. The Contractor shall submit these reports to AHCCCS as required per the AHCCCS Encounter Manual, TIG, or as directed by AHCCCS and as further specified in Section F, Attachment F3, Contractor Chart of Deliverables.

On a monthly basis AHCCCS will produce encounter reconciliation files containing the prior 30 months of approved, voided, plan-denied, pended, and AHCCCS-denied encounters received and processed by AHCCCS. These files shall be utilized to compare the encounter financial data reported with plan claims data, and to compare submitted encounters to processed claims to validate completeness of encounter submissions.

Encounter Submissions: Encounters shall be submitted in the format prescribed by AHCCCS. Encounter data shall be provided to AHCCCS as specified in the HIPAA Transaction Companion Guides, Trading Partner Agreements, the AHCCCS TIG and the AHCCCS Encounter Manual, including, but not limited to, inclusion of data to identify the physician who delivers services to patients per Section 1903(m)(2)(A)(xi) of the Social Security Act.

Professional, Institutional, and Dental Encounters not involving services eligible for Federal Drug Rebate processing shall be received by AHCCCS no later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. Failure to submit encounters within 210 days may result in sanctions as specified in the AHCCCS Encounter Manual.

Covered outpatient drugs dispensed to individuals eligible for medical assistance who are enrolled with the Contractor shall be subject to the same rebate requirements as the State is subject under Section 1927 of the Social Security Act; the State shall collect such rebates from manufacturers (Section 1903(m)(2)(A)(xiii) of the Social Security Act and SMDL 10-006). To ensure AHCCCS compliance with this requirement, pharmacy related encounter data and other encounters involving services eligible for Federal Drug Rebate processing shall be provided to AHCCCS no later than 30 days after the end of the quarter in

which the pharmaceutical item was dispensed. The Contractor shall report information on the total number of units of each dosage form and strength and package size by National Drug Code of each covered outpatient drug dispensed (other than covered outpatient drugs that under subsection (j)(1) of Section 1927 of the Social Security Act [42 USCS § 1396r-8] are not subject to the requirements of that Section) and such other data as specified by AHCCCS (Section 1903(m)(2)(A)(xiii) of the Social Security Act and SMDL 10-006).

The Contractor's health plan paid amount per pharmacy encounter that is submitted to AHCCCS shall be equal to the adjudicated and approved reimbursement amount between the PBM and the PBM's network pharmacy or in an emergent situation, a reimbursement made to a non-network pharmacy. A network pharmacy includes hospital outpatient, retail, compounding, specialty, long-term care pharmacies, or any other pharmacy type included in the PBM's Pharmacy Network.

A Contractor shall prepare, review, verify, certify, and submit, encounters for consideration to AHCCCS. Upon submission, the Contractor shall provide attestation that the services listed were actually rendered.

The Contractor shall be subject to sanctions for noncompliance with encounter submission completeness, accuracy, and timeliness requirements.

Encounter Supporting Data Files: AHCCCS provides the Contractor with periodic (no less than twice monthly) full replacement files containing provider and medical coding information as stored in PMMIS. These files shall be used by the Contractor in conjunction with the Contractor's data to ensure accurate Encounter Reporting. Refer to the AHCCCS Encounter Manual or TIG for further information regarding the content and layouts of these files.

Encounter Validation Studies: Per CMS requirements, AHCCCS will conduct encounter validation studies of the Contractor's encounter submissions. These studies may result in sanctions of the Contractor and/or require a CAP for noncompliance with related encounter submission requirements.

The purpose of encounter validation studies is to compare recorded utilization information from a medical record or other source with the Contractor's submitted encounter data. Any and all covered services may be validated as part of these studies. The criteria used in encounter validation studies may include timeliness, correctness, and omission of encounters. Refer to the AHCCCS Encounter Data Validation Technical Document for further information.

62. ENROLLMENT AND CAPITATION TRANSACTION UPDATES

AHCCCS produces daily enrollment transaction updates identifying new members and changes to existing members' demographic, eligibility and enrollment data as specified in the HIPAA Transaction Companion Guides, Trading Partner Agreements, and the AHCCCS TIG available on the AHCCCS website. These files shall be utilized by the Contractor to update its member records on a timely and consistent basis. The daily enrollment transaction update, that is run immediately prior to the monthly enrollment and capitation

transaction, is referred to as the "last daily" and will contain all rate code changes made for the prospective month, as well as any new enrollments and disenrollments as of the first of the prospective month.

AHCCCS also produces a daily Manual Payment Transaction as specified in the TIG, available on the AHCCCS website, which identifies enrollment or disenrollment activity that was not included on the daily enrollment transaction update due to internal edits. The Contractor shall use the Manual Payment Transaction in addition to the daily enrollment transaction update to update its member records.

A daily capitation transaction as specified in the HIPAA Transaction Companion Guides, and Trading Partner Agreements, will be produced to provide the Contractor with member-level capitation payment information. This file will show changes to the prospective capitation payments, as sent in the monthly file, resulting from enrollment changes that occur after the monthly file is produced. This file will also identify mass adjustments to and/or manual capitation payments that occurred at AHCCCS after the monthly file is produced.

On a daily and monthly basis AHCCCS provides the Contractor with the Rate Code Summary electronic file as specified in the TIG available on the AHCCCS website, which summarizes the capitation activity for the processing cycle.

The enrollment and capitation transaction updates distributed monthly are generally produced two days before the end of every month. The update will identify the total active population for the Contractor as of the first day of the next month. These updates contain the information used by AHCCCS to produce the monthly capitation payment for the next month. The Contractor shall reconcile the member files (including the member's Medicare status, TPL information, etc.) with the AHCCCS monthly update. After reconciling the monthly update information, the Contractor will work to resolve any discrepancies and record the results of the reconciliation. Results of the reconciliation will be made available to AHCCCS upon request. After completion of the reconciliation the Contractor will resume posting daily updates beginning with the last two days of the month.

The last two daily updates are different from the regular daily updates in that they pay and/or recoup capitation for the next month. If the Contractor detects an error through the monthly update process, the Contractor shall notify AHCCCS/ISD.

The Contractor shall collaborate with AHCCCS on select initiatives specified in the State's HCBS Spending Plan. Several initiatives improve and expand services provided to AHCCCS members, such as the provision of home-delivered meals, acute care services, and reimbursement for parents as paid caregivers. Services expanded under the HCBS Spending Plan will continue to be delivered as defined by their service description for this contract period. The Contractor is also expected to support additional HCBS Spending Plan initiatives, as identified by AHCCCS, and as agreed upon by the Contractor. These initiatives will target activities that support the HCBS workforce and develop or enhance existing training to support career development of direct care workers, behavioral health technicians, or behavioral health paraprofessionals. A description of all HCBS Spending Plan initiatives is available on the AHCCCS ARPA website: <https://www.azahcccs.gov/AHCCCS/Initiatives/ARPA/index.html>.

Over the term of the Contract, the Contractor shall support AHCCCS to review, develop, and define administrative and operational processes necessary for implementation of applicable HCBS Spending Plan initiatives. The Contractor shall provide regular updates, at a minimum every 90 days, to AHCCCS on the status of these initiatives. Activities under the HCBS Spending Plan are evolving and dependent on State and Federal programmatic and expenditure authority. If revisions or modifications to the HCBS Spending Plan are required, AHCCCS will document and communicate any impact to the Contractor accordingly.

AHCCCS reserves the right to audit the HCBS Spending Plan initiatives funds distributed to Contractors and may require reporting to verify funds were distributed or spent in the manner defined in the HCBS Spending Plan and State Medicaid Director Letter MD # 21-003 (SMD).

Under Federal law, temporary management may be imposed if AHCCCS determines that there is continued egregious behavior by the Contractor, including but not limited to the following: substantial failure to provide medically necessary services the Contractor is required to provide; imposition on members premiums or charges that exceed those permitted by AHCCCS, discrimination among members on the basis of health status or need for health care services; misrepresentation or falsification of information to AHCCCS or CMS; misrepresentation or falsification of information furnished to a member or provider; distribution of marketing materials that have not been approved by AHCCCS or that are false or misleading; or behavior contrary to any requirements of Sections 1903(m) or 1932 of the Social Security Act. Temporary management may also be imposed if AHCCCS determines that there is substantial risk to members' health or that temporary management is necessary to ensure the health of members while the Contractor is correcting the deficiencies noted above or until there is an orderly transition or reorganization of the Contractor. Under Federal law, temporary management is mandatory if AHCCCS determines that the Contractor has repeatedly failed to meet substantive requirements in Sections 1903(m) or 1932 of the Social Security Act. Pursuant to 42 CFR 438.706,

AHCCCS shall not delay imposition of temporary management to provide a hearing before imposing this sanction [42 CFR 457.1270, 42 CFR 438.706(a)-(d); section 1932(e)(2)(B)(ii) of the Social Security Act].

If AHCCCS undertakes direct operation of the Contractor, AHCCCS, through designees appointed by the Director, shall be vested with full and exclusive power of management and control of the Contractor as necessary to ensure the uninterrupted care to persons and accomplish the orderly transition of persons to a new or existing Contractor, or until the Contractor corrects the Contract performance failure to the satisfaction of AHCCCS. AHCCCS shall have the power to employ any necessary assistants, to execute any instrument in the name of the Contractor, to commence, defend and conduct in its name any action or proceeding in which the Contractor may be a party; such powers shall only apply with respect to activities occurring after AHCCCS undertakes direct operation of the Contractor in connection with this Section.

44. TERM OF CONTRACT AND OPTION TO RENEW

The initial term of this Contract shall be for three initial years (October 1, 2018 - September 30, 2021), with two (2) two-year options to extend (October 1, 2021 - September 30, 2023) and (October 1, 2023 - September 30, 2025), not to exceed a total contracting period of seven years. Effective October 1, 2020 the State authorizes an additional two-year option to extend (October 1, 2025 - September 30, 2027), not to exceed a total contracting period of nine years. The Contract year is October first through September 30 with an annual October first renewal. The terms and conditions of any such Contract extension shall remain the same as the original Contract except, as otherwise amended. Any Contract extension or renewal shall be through Contract amendment and shall be at the sole option of AHCCCS.

If the Contractor has been awarded a Contract in more than one GSA, each such Contract will be considered separately renewable. AHCCCS may renew the Contractor's Contract in one GSA, but not in another. In the event AHCCCS determines there are issues of noncompliance by the Contractor in one GSA, AHCCCS may request an enrollment cap for the Contractor's contracts in all other GSAs. Further, AHCCCS may require the Contractor to renew all currently awarded GSAs or may terminate the Contract if the Contractor does not agree to renew all currently awarded GSAs.

Contract amendments, including renewals, are subject to approval by CMS. When the Contracting Officer issues an amendment to extend or renew the Contract, the provisions of such extension or renewal will be deemed to have been accepted 30 days after the date of mailing by the Contracting Officer, unless a different time period is specified by AHCCCS, even if the extension or renewal amendment has not been signed by the Contractor, unless within that time the Contractor notifies the Contracting Officer in writing that it refuses to sign the extension or renewal amendment. Failure of an existing Contractor to accept an amendment to extend or renew may result in immediate suspension/termination of member assignment. If the Contractor provides such notification, the Contracting Officer may initiate Contract termination proceedings.

If the Contractor chooses not to renew this Contract, the Contractor may be liable for certain costs associated with the transition of its members to a different Contractor. The Contractor is required to provide 180 days advance written notice to the AHCCCS Procurement Officer of its intent not to renew the Contract. If the Contractor provides the AHCCCS Procurement Officer written notice of its intent not to renew this Contract at least 180 days before its expiration, this liability for transition costs may be waived by the Contracting Officer.

45. TERMINATION

AHCCCS reserves the right to terminate this Contract in whole or in part by reason of force majeure, due to the failure of the Contractor to comply with any term or condition of the Contract, including, but not limited to, circumstances which present risk to member health or safety, and as authorized by the Balanced Budget Act of 1997 and 42 CFR 438.710. The term force majeure means an occurrence that is beyond the control of AHCCCS and occurs without its fault or negligence. Force majeure includes acts of God and other similar occurrences beyond the control of AHCCCS which it is unable to prevent by exercising reasonable diligence.

AHCCCS reserves the right to terminate this Contract and transition members to a different Contractor, or provide Medicaid benefits through other Arizona State plan or Section 1115 Demonstration Waiver, if the State determines that the Contractor has failed to carry out the substantive terms of its Contract or has failed to meet the applicable requirements of sections 1932, 1903(m) or 1905(t) of the Social Security Act [42 CFR 457.1270, 42 CFR 438.708(a), 42 CFR 438.708(b), sections 1903(m), 1905(t), and 1932 of the Social Security Act].

If the Contractor is providing services under more than one Contract with AHCCCS, AHCCCS may deem unsatisfactory performance under one Contract to be cause to require the Contractor to provide assurance of performance under any and all other Contracts. In such situations, AHCCCS reserves the right to seek remedies under both actual and anticipatory breaches of Contract if adequate assurance of performance is not received. The Contracting Officer shall mail written notice of the termination and the reason(s) for it to the Contractor by certified mail, return receipt requested [Section 1932(e)(4) of the Social Security Act, 42 CFR 457.1270, 42 CFR 438.722(a)-(b)]. Pursuant to the Balanced Budget Act of 1997, 42 CFR 438.710, and 42 CFR 438.10, AHCCCS shall provide the Contractor with a pre-termination hearing before termination of the Contract.

Upon termination, all documents, data, and reports prepared by the Contractor under the Contract shall become the property of and be delivered to AHCCCS immediately on demand.

The Contractor shall retain, preserve, and make records available, within the timeframes required by State and Federal law, including but not limited to, those records related to member grievances and appeal records, litigation, base data, MLR reports, claims settlement and those covered under HIPAA, as required by Contract, State and Federal law, including but not limited to 45 CFR 164.530(j)(2), 42 CFR 457.1201(q), and 42 CFR 438.3(u). 46. TERMINATION - AVAILABILITY OF FUNDS

If, funds are not presently available to support the continuation of performance under this Contract beyond the current fiscal year, this Contract may be terminated at the end of the period for which funds are available. No legal liability on the part of AHCCCS for any payment may arise under this Contract until funds are made available for performance of this Contract.

Notwithstanding any other provision in the Agreement, this Agreement may be terminated by Contractor, if, for any reason, there are not sufficient appropriated and available monies for the purpose of maintaining this Agreement. In the event of such termination, the Contractor shall have no further obligation to AHCCCS.

47. TERMINATION FOR CONFLICT OF INTEREST

AHCCCS may cancel this Contract without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the Contract on behalf of AHCCCS is, or becomes at any time while the Contract or any extension of the Contract is in effect, an employee of, or a consultant to, any other party to this Contract with respect to the subject matter of the Contract. The cancellation shall be effective when the Contractor receives written notice of the cancellation unless the notice specifies a later time.

If the Contractor is a political subdivision of the State, it may also cancel this Contract as provided by A.R.S. § 38-511.

48. TERMINATION FOR CONVENIENCE

AHCCCS reserves the right to terminate the Contract in whole or in part at any time for the convenience of the State without penalty or recourse. The Contracting Officer shall give written notice by certified mail, of the termination at least 90 days before the effective date of the termination. Upon receipt of written notice, the Contractor shall stop all work, as directed in the notice, notify all subcontractors of the effective date of the termination, and minimize all further costs to the State. In the event of termination under this paragraph, all documents, data, and reports prepared by the Contractor under the Contract shall become the property of and be delivered to AHCCCS immediately upon demand. The Contractor shall be entitled to receive just and equitable compensation for work in progress, work completed, and materials accepted before the effective date of the termination.

49. THIRD PARTY ANTITRUST VIOLATIONS

The Contractor assigns to the State any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor toward fulfillment of this Contract.

50. TYPE OF CONTRACT

Fixed-Price, stated as capitated per member per month, except as otherwise provided.

51. WARRANTY OF SERVICES

The Contractor warrants that all services provided under this Contract will conform to the requirements stated herein. AHCCCS' acceptance of services provided by the Contractor shall not relieve the Contractor from its obligations under this warranty. In addition to its other remedies, AHCCCS may, at the Contractor's expense, require prompt correction of any services failing to meet

the Contractor's warranty herein. Services corrected by the Contractor shall be subject to all of the provisions of this Contract in the manner and to the same extent as the services originally furnished.

23. Define an expedited authorization request for expedited authorization decisions not involving medications: An expedited authorization request is a request for a service that is not a medication in which either the requesting provider indicates, or the Contractor determines, that following the standard timeframes for issuing an authorization decision could seriously jeopardize the member's life or health or ability to attain, maintain, or regain maximum function. For expedited authorization decisions (those not involving medications), the Contractor shall provide a Notice of Adverse Benefit Determination to the member/HCDM, and DR as expeditiously as the member's health condition

 - c. A denial, in whole or in part, of a payment for a service. A denial, in whole or in part, of a payment for a service because the claim does not meet the definition of a clean claim at 42 CFR 447.45(b) is not an adverse benefit determination,
 - d. Failure to provide services in a timely manner, as defined by the State,

27. For decisions involving issues of medical necessity when a decision is not reached within the required time frame or when there is insufficient or conflicting information regarding medical necessity, the Contractor must extend the timeframe to render a decision, by up to 14 days, and shall document efforts to consult with the ordering provider (peer to peer), to obtain clinical information to assist in a decision. Obtaining an extension and peer to peer consultation is in these circumstances is in the member's best interest. 28. The Notice of Adverse Benefit Determination for a service authorization decision that is not completed within the standard, expedited, or medication authorization request timeframes, whichever is applicable, will be made on the date that the timeframes expire [42 CFR 438.404(c)(5)]. If the Contractor extends the timeframe to make a standard or expedited authorization decision, the Contractor shall give the member written notice of the reason to extend the timeframe and inform the member of the right to file a grievance if the member disagrees with the decision. The Contractor shall issue and carry out its decision as expeditiously as the member's health condition requires and no later than the date the extension expires, and the decision constitutes as a denial [42 CFR 438.404(c)(5)]. If the decision has not been completed within the time and in the best interest of the member, for expedited or standard requests an extension of up to 14 days is required to obtain additional information.
29. If the Contractor extends the timeframe to make a standard or expedited authorization decision, the Contractor shall give the member written notice of the reason to extend the timeframe and inform the member of the right to file a grievance if the member disagrees with the decision. The Contractor shall issue and carry out its decision as expeditiously as the member's health condition requires and no later than the date the extension expires [42 CFR 438.210(d)(1)(ii), 42 CFR 438.404(c)(4)(i)-(ii)].
30. The Contractor shall notify the requesting provider, in writing, of the decision to deny or reduce a service authorization request.
31. The Contractor shall provide a Notice of Adverse Benefit Determination: 1) at least 10 days before the date of a termination, suspension or reduction of previously authorized AHCCCS services, except as provided in (a)-(e) below; 2) at least five days before the date of adverse benefit determination in the case of suspected fraud; 3) at the time of any adverse benefit determination affecting the claim when there has been a denial of payment for a service, in whole or in part; 4) within 14 calendar days from receipt of a standard service authorization request, within 72 hours from receipt of an expedited service authorization request, unless an extension is in effect, or within 24 hours from receipt of a medication authorization request, unless additional information is needed from the prescriber in which case the determination shall be provided no later than seven days from receipt of the initial request. For service authorization decisions, the Contractor shall also ensure that the Notice of Adverse Benefit Determination provides the member with advance notice and the right to request continued benefits for all terminations and reductions of a previously authorized service and for denials when the physician asserts that the requested service/treatment which has been denied is a necessary continuation of a previously authorized service [42 CFR 438.404(c)(1), 42 CFR 431.211, 42 CFR 438.404(c)(1), 42 CFR 431.214, 42 CFR 438.404(c)(2)].
32. As specified below, the Contractor may elect to mail a Notice of Adverse Benefit Determination no later than the date of Adverse Benefit Determination when [42 CFR 438.404(c)(1), 42 CFR 431.213, 42 CFR 431.231(d), Section 1919(e)(7) of the Social Security Act, 42 CFR 483.12(a)(5)(i), 42 CFR 483.12(a)(5)(i)-(ii)]:
 - a. The Contractor receives notification of the death of a member,

- b. The member signs a written statement requesting service termination or gives information requiring termination or reduction of services (which indicates understanding that the termination or reduction will be the result of supplying that information),
 - c. The member is admitted to an institution where they are ineligible for further services,
 - d. The member's address is unknown, and mail directed to the member has no forwarding address, or
 - e. The member has been accepted for Medicaid in another local jurisdiction.
33. The Notice of Adverse Benefit Determination shall explain:
- a. The adverse benefit determination the Contractor has taken or intends to take,
 - b. The requested service and the reason for the requested service,
 - c. The reasons for the adverse benefit determination which include an explanation of the specific facts that pertain to the decision and the legal basis for the determination, including the applicable statutes, rules, contractual provisions, policies, and procedures, if applicable. Reference to general legal authorities alone is not acceptable. If citing medical necessity as a reason for denial, the Notice of Adverse Benefit Determination must provide a clear and specific explanation of why the service is not medically necessary. The Contractor shall also include potential alternative options to consider and not merely refer the member back to the provider,
 - d. The right of the member to be provided upon request, and at no charge, reasonable access to copies of all documents, records and other information related to the adverse benefit determination; this information includes medical necessity criteria, any processes, strategies, or evidentiary standards used in setting coverage limits,

34. Define an appeal as the request for review of an Adverse Benefit Determination, as defined above [42 CFR 438.400(b)].
35. The Contractor shall resolve standard appeals as expeditiously as the member's health condition requires but no later than 30 calendar days from the date of receipt of the appeal unless an extension is in effect [42 CFR 457.1260, 42 CFR 438.408(a), 42 CFR 438.408(b)(2)]. If a Notice of Appeal Resolution (NOAR) is not completed when the timeframe expires, the member's appeal shall be considered to be denied by the Contractor, and the member can file a request for hearing [42 CFR 457.1260, 42 CFR 438.402(b), 42 CFR 438.228(a)].
36. Define an expedited appeal as an appeal in which the Contractor determines (for a request from a member) or the Provider indicates (when making the request for the member or in support of the member's request) that taking the time for standard resolution could seriously jeopardize the member's life, physical or mental health, or ability to attain, maintain, or regain maximum function. The Contractor shall resolve all expedited appeals as expeditiously as the member's health condition

requires but not later than 72 hours from the date the Contractor receives the expedited appeal (unless an extension is in effect) [42 CFR 438.408(a), 42 CFR 438.408(b)(3)]. The Contractor shall make reasonable efforts to provide oral notice to a member regarding an expedited resolution appeal [42 CFR 457.1260, 42 CFR 438.408(d)(2)(ii)]. If a NOAR is not completed when the timeframe expires, the member's appeal shall be considered to be denied by the Contractor, and the member can file a request for hearing [42 CFR 438.402(b), 42 CFR 438.228(a)].

37. A member shall be given 60 calendar days from the date of the Contractor's Notice of Adverse Benefit Determination to file an appeal [42 CFR 457.1260, 42 CFR 438.402(c)(2)(ii)].
38. Explain that a provider or authorized representative acting on behalf of a member and with the member's written consent, may file an appeal, grievance, or request a State fair hearing request [42 CFR 457.1260, 42 CFR 438.402(c)(1)(i)-(ii); 42 CFR 438.408]. The provider or authorized representative acting on behalf of the member shall be given 60 calendar days from the date of the Contractor's Notice of Adverse Benefit Determination to file an appeal either orally or in writing, unless an expedited resolution is requested [42 CFR 457.1260, 42 CFR 438.402(c)(1)(ii), 42 CFR 438.402(c)(2)(ii), 42 CFR 438.402(c)(3)(ii)].
39. The Contractor includes, as parties to the appeal, the member, the member's legal representative, or the legal representative of a deceased member's estate [42 CFR 457.1260, 42 CFR 438.406(b)(6)].
40. The Contractor shall ensure that punitive action is not taken against a provider who either requests an expedited resolution or supports a member's appeal [42 CFR 457.1260, 42 CFR 438.410(b)].
41. The resolution timeframes for standard appeals and expedited appeals may be extended up to 14 calendar days if the member requests the extension or if the Contractor establishes a need for additional information and that the delay is in the member's interest [42 CFR 457.1260, 42 CFR 438.408(c), 42 CFR 438.408(b)].
42. If the Contractor extends the timeframe for resolution of an appeal when not requested by the member, the Contractor shall make reasonable efforts to give the member prompt oral notice and follow up within two calendar days with a written notice of the reason for the decision to extend the timeframe and the member's grievance rights [42 CFR 457.1260, 42 CFR 438.408(c)(2)(i)-(iii), 42 CFR 438.408(b)(2) and (3)].
43. The Contractor shall establish and maintain an expedited review process for appeals when 1) the Contractor determines (for a request from a member) the standard resolution timeframe could seriously jeopardize the member's life, physical or mental health, or ability to attain, maintain, or regain maximum function or 2) the provider indicates (in making the request on behalf of the member or in support of the member's request) the standard resolution timeframe could seriously jeopardize the member's life, physical or mental health, or ability to attain, maintain, or regain maximum function [42 CFR 457.1260, 42 CFR 438.210(d)(2)(i), 42 CFR 438.404(c)(6), 42 CFR 438.410(a)].
44. If the Contractor denies a request for expedited resolution, it shall transfer the appeal to the 30-calendar day timeframe for a standard appeal [42 CFR 457.1260, 42 CFR 438.410(c), 42 CFR 438.408(b)(2), 42 CFR 438.408(c)(2)]. The Contractor shall make reasonable efforts to give the

member prompt oral notice and follow up within two calendar days with a written notice of the denial of expedited resolution and the member's grievance rights.

45. The Contractor shall have policies and procedures outlining documentation requirements related to appeals that include but are not limited to:
- The reason the member is appealing the previous decision,
 - Additional clinical or other information provided with the appeal request,
 - Actions taken that relate to the appeal including previous denial or appeal history, and
 - Follow-up activities associated with the denial of any prior appeal and before the current appeal.

Policies and procedures must state that the Contractor fully investigates the content of the appeal and documents the findings. The Contractor shall ensure that all documentation pertinent to the appeal is included in the appeal file.

46. For appeals, the Contractor provides the member a reasonable opportunity to present evidence and to make legal and factual arguments in person and in writing [42 CFR 438.406(b)(4), 42 CFR 438.408(b), 42 CFR 438.408(c)]. The Contractor shall inform the member of the limited time available to provide this information sufficiently in advance of the resolution timeframe [42 CFR 438.406(b)(4), 42 CFR 438.408(b), 42 CFR 438.408(c)].
47. For appeals, the Contractor provides the member and their representative the member's case file including medical records, other documents and any new or additional evidence considered, relied upon, or generated by the Contractor (or at the direction of the Contractor) in connection with the appeal. This information shall be provided at no charge to the member and sufficiently in advance of the resolution timeframe [42 CFR 457.1260, 42 CFR 438.406(b)(5)].
48. The Contractor shall provide written NOAR to the member and the member's representative or the representative of the deceased member's estate which shall contain:
- The results of the resolution process in easily understood language, and the date it was completed. As part of the resolution process, the Contractor shall perform a thorough and independent review of the appeal and the issues presented by the authorization request as specified in more detail below. The Contractor's Notice of Appeal Resolution shall not be a "cut and paste" from the Notice of Adverse Benefits Determination and shall discuss the particular facts of the appeal and the legal basis for the determination, including the applicable statutes, rules, contractual provisions, policies, and procedures, if applicable. Reference to general legal authorities alone is not acceptable. For appeals which are denied based upon medical necessity or due to the experimental nature of the service, the Notice of Appeal Resolution must provide a clear and specific explanation of why the service is not medically necessary or why it is considered experimental. The Contractor shall also include potential alternative options to consider and not merely refer the member back to the provider,
 - Title and specialty of the practitioners who participated in the appeal decision,
 - For appeals not resolved wholly in favor of members the Notice must include and describe in detail the following:
 - Specific reasons for the Contractor denial,

- e. Specific criteria used in making the decision and that the criteria used to make the decision is available upon request,
- f. The right of the member to be provided upon request, and at no charge, reasonable access to copies of all documents, records, and other information related to the appeals,
- g. Specific factual and legal basis to support the decision, and an explanation of:
 - i. How the Contractor applies the relevant and specific facts in the case to the relevant laws to support the Contractor's decision. For determinations which deny the service request due to lack of medical necessity, the notice must include a clear and specific explanation of why the service is not medically necessary. The Contractor shall also include potential alternative options for consideration,
 - ii. The applicable statutes, rules, contractual provisions, policies, and procedures, if applicable. Reference to general legal authorities alone is not acceptable,
 - iii. The member's right to request a State fair hearing (including the requirement that the member shall file the request for a hearing in writing to the Contractor) no later than 90 days after the date the member receives the Contractor's NOAR and how to do so,
 - iv. The right to receive continued benefits pending the hearing when the member has requested a hearing within ten calendar days from the date the notice of resolution was sent and how to request continuation of benefits, and
 - v. Information explaining that the member may be held liable for the cost of benefits if the hearing decision upholds the Contractor [42 CFR 438.408(d)(2)(i)-(ii), 42 CFR 438.10, 42 CFR 438.408(e)(1)-(2)].

Refer to the AHCCCS Guide to Language in Notice of Adverse Benefit Determination.

49. The Contractor shall continue benefits if all of the following occur: [42 CFR 438.420; 42 CFR 438.402(c)(2)(ii)]:
- a. The member files the request for an appeal within 60 calendar days following the date on the Adverse Benefit Determination notice,
 - b. The appeal involves:
 - i. The termination, suspension, or reduction of a previously authorized service, or
 - ii. A denial and the physician asserts that the requested service/treatment is a necessary continuation of the previously authorized service.
 - c. The member's services were ordered by an authorized provider,
 - d. When the appeal was filed, the period covered by the original authorization has **not** expired,
 - e. The member files a request for continuation of benefits on or before the later of the following:
 - i. Within 10 calendar days of the Contractor sending the notice of adverse benefit determination, or
 - ii. The intended effective date of the Contractor's proposed adverse benefit determination.
50. If at a member's request benefits are continued or are reinstated while the appeal or State fair hearing is pending, the Contractor shall continue benefits until one of the following occur [42 CFR 438.420(c)(1)-(3), 42 CFR 438.408(d)(2)]:
- a. The member withdraws the appeal or request for State fair hearing,
 - b. The member does not request a State fair hearing and continuation of benefits within 10 calendar days from the date the Contractor sends the notice of an adverse appeal resolution, and

CONTRACT NO. YH19-0001R

CCE NO. YH20-0002

- c. A State fair hearing decision adverse to the member is issued.
51. The Contractor shall continue benefits regardless of the period of the initial prior authorization if all of the requirements are met.
52. The Contractor may, consistent with AHCCCS policy on recoveries and as specified in Contract, recover the cost of continued services furnished to the member while the appeal or State fair hearing was pending if the final resolution of the appeal or State fair hearing upholds the Contractor's Adverse Benefit Determination [42 CFR 438.420(d); 42 CFR 431.230(b)].
53. If the member files a request for hearing the Contractor shall ensure that the hearing request and supporting documentation is submitted to the AHCCCS/OGC as specified by ACOM Policy 445 and Section F, Attachment F3, Contractor Chart of Deliverables. State fair hearing notices will be issued by the AHCCCS Administration and are not delegated to the Contractor [42 CFR 438.228(b)].
54. If the Contractor or the State fair hearing decision reverses a decision to deny, limit or delay services not furnished during the appeal or the pendency of the hearing process, the Contractor shall authorize or provide the services as expeditiously as the member's health condition requires but no later than 72 hours from the date it receives the notice reversing the determination [42 CFR 457.1260, 42 CFR 438.424(a)]. Services shall be authorized within the above timeframe irrespective of whether the Contractor contests the decision.
55. If the Contractor or State fair hearing decision reverses a decision to deny authorization of services and the disputed services were received pending appeal, the Contractor shall pay for those services, as specified in policy and/or regulation [42 CFR 457.1260, 42 CFR 438.424(b)].
56. If the Contractor or the Director's Decision reverses a decision to deny, limit, or delay authorization of services, and the member received the disputed services while the appeal was pending, the Contractor shall process a claim for payment from the provider in a manner consistent with the Contractor's or Director's Decision and applicable statutes, Rules, policies, and Contract terms. The provider shall have 90 days from the date of the reversed decision to submit a clean claim to the Contractor for payment. For all claims submitted as a result of a reversed decision, the Contractor is prohibited from denying claims for un-timeliness if they are submitted within the 90-day timeframe. The Contractor is also prohibited from denying claims submitted as a result of a reversed decision because the member failed to request continuation of services during the appeals/hearing process: a member's failure to request continuation of services during the appeals/hearing process is not a valid basis to deny the claim.
57. If the Contractor or State fair hearing decision upholds a decision to deny authorization of services and the disputed services were received pending the appeal or State fair hearing decision, the Contractor may recover the cost of those services from the member.
58. The future enrollment of a Contractor's member to another Contractor and/or the member's subsequent loss of AHCCCS eligibility are not valid reasons to deny or limit a member's service authorization request submitted to the Contractor during the time period in which the member was

CCE NO. YH20-0002

enrolled with that Contractor. The Contractor shall not take the position during the grievance and appeals process that a former member's subsequent enrollment with another Contractor or that member's subsequent loss of AHCCCS eligibility are valid reasons for the Prior Contractor to deny or dismiss an appeal of the adverse benefit determination if the member submitted the service authorization request to the Prior Contractor during a period of enrollment with the Prior Contractor. The Prior Contractor is required to substantiate that the denial or reduction of the service authorization request is based upon medical necessity, the exclusion of the service from the scope of AHCCCS covered services, and/or cost effectiveness. If the authorization decision of the Prior Contractor is overturned on appeal, the Prior Contractor is financially responsible for coverage of those services notwithstanding the member's subsequent enrollment with a different Contractor or the member's subsequent loss of AHCCCS eligibility.

59. **(ACC-RBHA)** - In addition to the grievance and appeals procedures specified herein, the ACC-RBHA Contractor shall also make available the grievance and appeals processes specified in A.A.C. Title 9, Chapter 21, Article 4 for persons determined under Arizona law to be SMI. Refer to ACOM Policy 444 and ACOM Policy 446.
