Individuals determined presumptively eligible who have not submitted a full application to AHCCCS will qualify for Medicaid services from the date the hospital determines the individual to be presumptively eligible through the last day of the month following the month in which the determination of presumptive eligibility was made by the qualified hospital. For individuals who apply for presumptive eligibility and who submit a full application to AHCCCS, coverage of Medicaid services will begin on the date that the hospital determines the individual to be presumptively eligible and will continue through the date that AHCCCS issues a determination on that application. All individuals determined presumptively eligible for AHCCCS will be enrolled with AHCCCS Fee-For-Service for the duration of the HPE eligibility period. If a member made eligible via HPE is subsequently determined eligible for AHCCCS via the full application process, Prior Period Coverage for the member will also be covered by AHCCCS Fee-For-Service, and the member will be enrolled with the Contractor only on a prospective basis.

If the Contractor knowingly executes a subcontract with a provider with the intent of allowing or permitting the provider to implement barriers to care (i.e. the terms of the subcontract act to discourage the full utilization of services by some members) the Contractor may be in default of its Contract.

If the Contractor identifies a problem involving discrimination or accommodations for individuals with disabilities by one of its providers, the Contractor shall promptly intervene and require a corrective action plan from the provider. Failure to take prompt corrective measures may place the Contractor in default of its Contract.

The above list is not exhaustive; additional information may be requested to ensure that all operational and reporting requirements have been met. Any dispute by the Contractor, with respect to termination or suspension of this Contract by AHCCCS, shall be exclusively governed by the provisions of Section E, Paragraph 19, Disputes.

9. SCOPE OF SERVICES

The Contractor shall provide covered services to AHCCCS members in accordance with all applicable Federal and State laws, Section 1115 Demonstration Waiver, regulations, Contract, and policies, including those incorporated by reference in this Contract. The services are specified in detail in AHCCCS Rules including but not limited to AHCCCS regulations in A.A.C. R9-22 Article 2, 12, and 13, the AHCCCS Medical Policy Manual (AMPM), the AHCCCS Contractor Operations Manual (ACOM), and AMPM Policy 310-B and AMPM Exhibit 300-2A, all of which are incorporated herein by reference and may be found on the AHCCCS website [42 CFR Part 457 and 42 CFR Part 438]. The Contractor shall ensure the coordination of services it provides with services the member receives from other entities. The Contractor shall ensure that, in the process of coordinating care, each member's privacy is protected in accordance with the privacy requirements including, but not limited to, 45 CFR Parts 160 and 164, Subparts A and E, and Arizona statute, to the extent that they are applicable [42 CFR 438.208 (b)(2) and (b)(4), 42 CFR 457.1230(c), 42 CFR 438.208(b)(6), and 42 CFR 438.224].

Services must be rendered by providers that are appropriately licensed or certified, operating within their scope of practice, and registered as an AHCCCS provider. The Contractor shall provide the same standard of care for all members, regardless of the member's eligibility category. The Contractor shall ensure that the services are sufficient in amount, duration and scope to reasonably be expected to achieve the purpose for which the services are furnished [42 CFR 434.6(a)(4)]. The Contractor shall not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of diagnosis, type of illness, or condition of the member [42 CFR 457.1230(d), 42 CFR 438.210(a)(3)(ii)]. The Contractor may place appropriate limits on a service on the basis of criteria such as medical necessity; or for utilization control, provided the services furnished can reasonably be expected to achieve their purpose [42 CFR 457.1230(d), 42 CFR 438.210(a)(3)(i), and 42 CFR 438.210(a)(4)].

The Contractor shall submit a Proposal addressing members' access to the services [Section 1932(b)(3)(B)(i) of the Social Security Act, 42 CFR 457.1222, 42 CFR 438.102(b)(1)(i)(A)(1)-(2)].

AHCCCS does not intend to offer the services on a Fee-For-Service basis to the Contractor's members. In the event the Proposal is not approved, AHCCCS will notify the Contractor.

The Proposal must:

1. Be submitted to AHCCCS in writing prior to entering into a Contract with AHCCCS or at least 60 days prior to the intended effective date of the change in the scope of services based on moral or religious grounds,
2. Place no financial or administrative burden on AHCCCS,
3. Place no significant burden on members' access to the services,
4. Be accepted by AHCCCS in writing, and
5. Acknowledge an adjustment to capitation, depending on the nature of the proposed solution.

If AHCCCS approves the Contractor's Proposal for its members to access the services, the Contractor shall immediately develop a policy implementing the Proposal along with a notification to members of how to access these services. The notification and policy shall be consistent with the provisions of 42 CFR 438.10, and shall be approved by AHCCCS prior to dissemination. The notification must be provided to newly assigned members within 12 days of enrollment, and must be provided to all current members at least 30 days prior to the effective date of the Proposal [42 CFR 438.102, 42 CFR 438.102(b)(1)(i)(B), 42 CFR 438.10(g)(4)].

The Contractor shall consult with the requesting provider for medical services when appropriate [42 CFR 457.1230(d), 42 CFR 438.210(b)(2)(ii)]. Any decision to deny a service authorization request or to authorize a service in an amount, duration or scope that is less than requested, shall be made by a health care professional who has appropriate clinical expertise in treating the member's condition or disease [42 CFR 457.1230(d), 42 CFR 438.210(b)(3)]. Refer to AMPM Chapter 1000 and Attachment F1, Member Grievance and Appeal System Standards for additional service authorization requirements.

Notice of Adverse Benefit Determination: The Contractor shall notify the requesting provider and give the member written notice of any decision by the Contractor to deny, reduce, suspend or terminate a service authorization request, or to authorize a service in an amount, duration, or scope that is less than requested [42 CFR 457.1260, 42 CFR 457.1230(d), 42 CFR 438.210(c), 42 CFR 438.404, 42 CFR 438.400(b)]. The Contractor shall ensure that its providers, acting within the lawful scope of their practice are not prohibited or otherwise restricted from advising or advocating, on behalf of a member who is his or her patient, for [Section 1932(b)(3)(A) of the Social Security Act, 42 CFR 457.1222, 42 CFR 438.102(a)(1)(i)-(iv)]:

1. The member's health status, medical care or treatment options, including any alternative treatment that may be self-administered [42 CFR 438.102(a)(1)(i)],
2. Any information the member needs in order to decide among all relevant treatment options,
3. The risks, benefits, and consequences of treatment or non-treatment, and
4. The member's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions [42 CFR 457.1220, 42 CFR 438.100(a)(1), 42 CFR 438.100(b)(2)(iv)].

American Indian Member – Service Provision: The Contractor is responsible for coverage of services under this Contract for members who are American Indians choosing to enroll with the Contractor. American Indian members, title XIX and XXI, on- or off-reservation, eligible to receive services, may choose to receive services at any time from an American Indian Health Facility, Indian Health Service (IHS) Facility, a Tribally-Operated 638 Health Program, or an Urban Indian Health Program (I/T/U) [ARRA Section 5006(d), and SMDL letter 10-001]. The Contractor shall not impose enrollment fees, premiums, or similar charges on American Indians served by an American Indian Health Facility, Indian Health Service (IHS) Facility, a Tribally-Operated 638 Health Program, or an Urban Indian Health Program (I/T/U) (ARRA Section 5006(d), SMDL letter 10-001).

AHCCCS/DFSM will reimburse for medically-necessary, acute-care services that are eligible for 100% Federal reimbursement and are provided by an IHS or 638 tribal facility to a Title XIX member enrolled with the Contractor who is eligible to receive services through an IHS or 638 tribal facility. Encounters for Title XIX services billed by IHS or 638 tribal facilities will not be accepted by AHCCCS or considered in capitation rate development.

The Contractor is responsible for reimbursement to IHS or tribal facilities for services provided to Title XXI American Indian members enrolled with the Contractor. Payment rates shall be at least equal to the AHCCCS Fee-For-Service rates. The Contractor may choose to subcontract with an IHS or 638 tribal facility as part of its provider network for the delivery of Title XXI covered services. Expenses incurred by the Contractor for Title XXI services billed by an IHS or 638 tribal facility shall be encountered and considered in capitation rate development.

The Contractor shall demonstrate that there are sufficient Indian Health Care Providers (IHCPs) contracted in the provider network to ensure timely access to services available under the Contract from such providers for American Indian members who are eligible to receive services [42 CFR 457.1209, 42 CFR 438.14(b)(1), 42 CFR 438.14(b)(5)].

The Contractor will make payment to IHCPs for covered services provided to American Indian members who are eligible to receive services through the IHCP regardless of whether the IHCP is an in-network provider. The Contractor may negotiate a rate for the services provided by an IHCP or, in the absence of a negotiated rate, the Contractor will reimburse the IHCP for its services at a rate not less than the level and amount the Contractor would pay to the same type of in-network provider that is not an IHCP [42 CFR 457.1209, 42 CFR 438.14(b)(2)(i)-(ii)]. In the event the amount the IHCP receives from the Contractor is less than the amount the IHCP would have received under FFS or the applicable encounter rate published annually in the Federal Register by the IHS, AHCCCS will make a supplemental payment to the IHCP to make up the difference between the amount the Contractor pays and the amount the IHCP would have received under FFS or the applicable encounter rate [42 CFR 457.1209, 42 CFR 438.14(c)(3)].

American Indian members shall be permitted to obtain covered services from out-of-network IHCPs from whom the member is otherwise eligible to receive such services [42 CFR 457.1209, 42 CFR 438.14(b)(4)]. The Contractor must permit an out-of-network IHCP to refer an American Indian member to a network provider [42 CFR 457.1209, 42 CFR 438.14(b)(6)].

Refer to ACOM Policy 426 for the processes used to process referrals for a CRS designation. The Contractor shall provide covered services necessary to treat the CRS qualifying condition as well as other services specified within this Contract. The Contractor shall establish a process for the identification of members with a CRS designation who have completed treatment for the CRS condition, and do not have any other CRS eligible conditions. The Contractor is responsible for notifying the AHCCCS/DMPS of the date when a member with a CRS designation is no longer in need of treatment for the CRS qualifying condition(s) as specified in Section F, Attachment F3, Contractor Chart of Deliverable and ACOM Policy 426. In addition, the Contractor shall consider members with a CRS qualifying condition to be members with special health care needs. Refer to Section D, Paragraph 10, Special Health Care Needs. The Contractor shall accept historical CRS identification numbers (IDs) as alternative member IDs for claims processing, as applicable.

The Contractor must regularly notify the oral health professional which members have been assigned to the provider's dental home for routine preventative care as specified in AMPM Policy 431. The Contractor is required to meet specific utilization rates for members as specified in Section D, Paragraph 22, Quality Management and Performance Improvement. The Contractor shall ensure that members are notified in writing when dental screenings are due, if the member has not been scheduled for a visit. If a dental screening is not received by the member, a second written notice must be sent. Members under the age of 21 may request dental services without referral and may choose a dental provider from the Contractor's provider network.

Pursuant to A.R.S §36-2907(A) as amended by Arizona Senate Bill 1527 (2017), the Contractor shall provide adult members 21 years of age and older with emergency dental services, limited to a \$1,000 per member per Contract Year as specified in AMPM Policy 310-D1.

condition as defined by AHCCCS Rule 9 A.A.C. 28 Article 1. Emergency medical (physical and behavioral health) services, including Crisis Intervention Services are covered without prior authorization. The Contractor shall be responsible for educating members and providers regarding appropriate utilization of emergency room services including behavioral health emergencies [42 CFR 438.206(c)(1)(i)]. The Contractor shall monitor emergency service utilization (by both provider and member) and shall have guidelines for implementing corrective action for inappropriate utilization. For the purpose of this Contract, a prudent layperson is an individual who possesses an average knowledge of health and medicine,

2. All medical services necessary to rule out an emergency condition, and
3. Emergency transportation.

Per the Medicaid Managed Care Regulations [42 CFR 438.114, 42 CFR 422.113 and 42 CFR 422.133], the following conditions apply with respect to coverage and payment of emergency services:

The Contractor must cover and pay for emergency services regardless of whether the provider that furnishes the service has a Contract with the Contractor. The Contractor may not deny payment for treatment obtained under either of the following circumstances [Section 1932(b)(2) of the Social Security Act, 42 CFR 457.1228, 42 CFR 438.114(c)(1)(i), 42 CFR 438.114(c)(1)(ii)(A)-(B)]:

1. A member had an emergency medical condition, including cases in which the absence of medical attention would not have resulted in the outcomes identified in the definition of emergency medical condition [42 CFR 438.114].
2. A representative of the Contractor (an employee or subcontracting provider) instructs the member to seek emergency medical services.

Additionally, the Contractor may not:

1. Limit what constitutes an emergency medical condition as defined in 42 CFR 457.1228 and 42 CFR 438.114, on the basis of lists of diagnoses or symptoms [42 CFR 457.1228, 42 CFR 438.114(d)(1)(i)-(ii)].
2. Refuse to cover emergency services based on the failure of the emergency room provider, hospital, or fiscal agent to notify the Contractor of the member's screening and treatment within 10 calendar days of presentation for emergency services. Claims submission by the hospital within 10 calendar days of the member's presentation for the emergency services constitutes notice to the Contractor. This notification stipulation is only related to the provision of emergency services [42 CFR 438.114(d)(1)(ii)].
3. Require notification of Emergency Department treat and release visits as a condition of payment unless the plan has prior approval from AHCCCS.

A member who has an emergency medical condition may not be held liable for payment of subsequent screening and treatment needed to diagnose the specific condition or stabilize the patient [42 CFR 457.1228, 42 CFR 438.114(d)(2)].

The attending emergency physician, or the provider actually treating the member, is responsible for determining when the member is sufficiently stabilized for transfer or discharge, and such determination is binding on the Contractor responsible for coverage and payment. The Contractor shall

comply with Medicaid Managed Care guidelines regarding the coordination of post stabilization care [42 CFR 457.1228, 42 CFR 438.114(d)(3), 42 CFR 422.113].

Refer to AMPM Policy 310-HH.

8. Members who transition out of the Comprehensive Medical and Dental Program (CMDP) up to one year post transition,
9. Members determined to have Serious Mental Illness (SMI),
10. Any child that has a CALOCUS level of 4+,
11. Members determined to have a Seriously Emotionally Disturbed (SED) diagnosis flag in the system,
12. Substance exposed newborns and infants diagnosed with neonatal abstinence syndrome (NAS),
13. Members diagnosed with Severe Combined Immunodeficiency (SCID), and
14. Members with a diagnosis of autism or at risk for autism.

Many children with Special Health Care Needs, including children with CRS-qualifying medical conditions typically require complex care and are medically fragile. For these children, health care service delivery involves multiple clinicians, covering the entire continuum of care. In addition to a primary care provider, these children may receive services from subspecialists who manage care related to their condition(s) and coordinate with other specialty services including but not limited to behavioral health, pharmacy, medical equipment and appliances, therapies, diagnostic services, and telemedicine visits. Comprehensive care includes a multi-disciplinary team made up of subspecialists and caregivers such as pulmonologists, cardiologists, nutritionists, psychologists, and therapists. Because of the complexity of the needs of these children requiring multiple surgeries, hospitalization, and clinical care it is imperative that there be integrated health information and care coordination for the member.

Services shall be provided using an integrated family-centered, culturally competent, multi-specialty, interdisciplinary approach that includes the following elements:

1. A process for using a centralized, integrated medical record that is accessible to the Contractor and service providers consistent with Federal and State privacy laws to facilitate well-coordinated, interdisciplinary care,
2. A process for developing and implementing a Service Plan accessible to the Contractor and service providers that is consistent with Federal and State privacy laws that contains the clinical, medical, and administrative information necessary to monitor coordinated treatment plan implementation, and

3. Collaboration with individuals, groups, providers, organizations and agencies charged with the administration, support, or delivery of services for persons with special health care needs.

AHCCCS monitors quality and appropriateness of care/services for routine and special health care needs members through annual Operational Reviews of Contractors and the review of required Contractor deliverables set forth in contract, program specific performance measures, and performance improvement projects.

The Contractor shall implement mechanisms to comprehensively assess each member identified as having special health care needs, in order to identify any ongoing special conditions of the member which require a course of treatment or regular care monitoring, or transition to another AHCCCS program [42 CFR 457.1230(c), 42 CFR 438.208(c)(2) and (c)(3)(iii)-(v), 42 CFR 438.240(b)(4), 42 CFR 441.3010(c)(2)].

The assessment mechanisms must use appropriate health care professionals with the appropriate expertise [42 CFR 457.1230(c), 42 CFR 438.240(c)(2), and 42 CFR 438.208(c)(2)]. The Contractor shall share with other entities providing services to that member the results of its identification and assessment of that member's needs so that those activities need not be duplicated [42 CFR 457.1230(c), 42 CFR 438.208(b)(4) and (c)(3)].

The Contractor shall ensure that members with special health care needs that are determined through assessment to need a course of treatment or regular care monitoring have an individualized physical and behavioral treatment or service plan. In addition, the Contractor shall conduct multi-disciplinary staffings for members with challenging behaviors or health care needs [42 CFR 457.1230(c), 42 CFR 438.208(c)(3)].

For members with special health care needs determined to need a specialized course of treatment or regular care monitoring, the Contractor must have procedures in place to allow members to directly access a specialist (for example through a standing referral or an approved number of visits) as appropriate for the member's condition and identified needs [42 CFR 457.1230(c), 42 CFR 438.208(c)(4)].

The Contractor shall have a methodology to identify providers willing to provide a patient centered medical home for members with special health care needs that offers comprehensive, continuous medical care and extended access to services with the goal of obtaining maximized health outcomes.

The American Academy of Pediatrics (AAP) describes care from a medical home as:

1. Accessible,
2. Continuous,
3. Coordinated,
4. Family-centered,
5. Comprehensive,
6. Compassionate, and
7. Culturally effective.

11. BEHAVIORAL HEALTH SERVICES

Members enrolled with the Contractor will receive behavioral health services through a Regional Behavioral Health Authority (RBHA) or for American Indians, through a Tribal Regional Behavioral Health Authority (TRBHA) or IHS or 638 tribal facility.

Behavioral health services include but are not limited to screening, treatment and assistance in coordinating care among providers.

Access to Behavioral Health Services: The Contractor is responsible for collaborating with T/RBHAs regarding referrals and follow-up activities, as necessary, for members identified by the Contractor as needing behavioral health evaluation and treatment. The Contractor is responsible for providing transportation to a member's first behavioral health evaluation appointment if a member is unable to provide their own transportation.

Coordination of Care: The Contractor shall require the PCP to respond to RBHA/provider information requests pertaining to members enrolled with the Contractor within 10 business days of receiving the request. The response should include, but is not limited to, current diagnoses, medications, laboratory results, most recent PCP visit, and information about recent hospital and emergency room visits. The Contractor shall require the PCP to document or initial to signify review of member behavioral health information received from a RBHA behavioral health provider who is also treating the member. The Contractor shall ensure coordination of referrals and follow-up collaboration, as necessary, for members identified by the behavioral health provider as needing physical health services. Refer to AMPM Policy 541. The Contractor should consider the behavioral health needs, in addition to the primary health care needs of members during network development to improve member access to care, care coordination, including care coordination for Medication Assisted Treatment (MAT) and to reduce duplication of services.

The Contractor shall develop policies that outline its role and responsibility related to the treatment of individuals who are unable or unwilling to consent to treatment. The policy must address the processes provided in A.R.S. Title 36, Chapter 5, Article 4:

1. Involuntary evaluation/petitioning,
2. Court ordered process, including tracking the status of court orders,
3. Execution of court order, and
4. Judicial review processes.

The Contractor shall develop and make available to providers information regarding specifically where a behavioral health provider would refer an individual for a voluntary evaluation.

Emergency Services: When members present in an emergency room setting, the Contractor is responsible for payment of all emergency room services, transportation, and associated professional services as indicated by the principal diagnosis on the claim and delineated in ACOM Policy 432. When members present in an emergency room setting, the Contractor is responsible for payment of all emergency room services and transportation for all members regardless of the principal diagnosis on the emergency room and/or transportation claim.

In addition to those emergency services listed above, the Contractor is responsible for payment of the associated professional services when the principal diagnosis on the claim is physical health, as delineated in ACOM Policy 432 regarding benefit coordination and delineation of financial responsibility for AHCCCS covered physical and behavioral health services provided to AHCCCS members who are not enrolled in an integrated line of business.

Inpatient Hospital Services: In accordance with [42 CFR 438.3(e)(2)(i) through (iii)], the Contractor may provide services in alternative inpatient settings that are licensed by ADHS/DLS, in lieu of services in an inpatient hospital.

Integration Requirements: The Contractor shall develop a readiness plan and processes for implementation of both physical health and behavioral health service provision under a fully integrated Contract, to be effective October 1, 2020. These processes must include legal requirements, operational and ongoing infrastructure, staffing resources with appropriate expertise, data system capabilities, and tools that support monitoring and oversight of the service delivery system to ensure the Contractor's capability to successfully assume direct administrative oversight of Medicaid funded behavioral health services. The Contractor shall onboard staff to assist with this readiness planning, particularly staff with behavioral health expertise.

Evidence Based Practice: The Contractor shall develop, manage, and monitor provider use of Evidence Based Programs and Practices (EBPP) including, but not limited to:

1. Intake, assessment, engagement, treatment planning, service delivery, inclusion of recovery interventions, discharge planning, relapse prevention planning, harm reduction efforts, data and outcome collection, and post-discharge engagement,
2. EBPPs used by all providers for the treatment of SUD, including Medication Assisted Treatment integrated into services as appropriate,
3. Trauma Informed Care,
4. Gender based treatment,
5. LGBTQ,
6. Culturally appropriate,
7. Criminal Involvement,
8. Adolescent specific, and
9. Development and use of Promising Practices if no EBPP is available.

Medical Records: The Contractor is responsible for ensuring that a medical record is established by the PCP when behavioral health information is received from the TRBHA or RBHA or the behavioral health provider about a member assigned to the PCP even if the PCP has not yet seen the assigned member. In lieu of establishing a medical record, the information may be kept in an appropriately labeled file but must be associated with the member's medical record as soon as one is established.

Member Education: The Contractor shall be responsible for educating members in the Member Handbook and other materials to inform members how to access covered behavioral health services. Materials shall include information about behavioral health conditions that may be treated by a primary care provider (PCP) within their scope of practice. Refer to the AMPM Chapter 300 for covered behavioral health services.

Mental Health Parity: The Contractor shall demonstrate that services are delivered in compliance with mental health parity consistent with 42 CFR Part 457, 42 CFR Part 438, and ACOM Policy 110. The Contractor shall submit documentation which demonstrates compliance with mental health parity as promulgated under 42 CFR Part 438 and as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Additionally, the Contractor shall submit a Parity Analysis Deficiency Report as specified in Section F, Attachment F3, Contractor Chart of Deliverables, identifying parity deficiencies and a plan of how the Contractor will come into compliance within the same quarter as the submission. AHCCCS may require that the mental health parity analysis is conducted in a manner consistent with the State's analysis for contracted MCOs with carved out services. The Contractor may also be required to participate with and respond to inquiries from AHCCCS and/or an AHCCCS contracted consultant regarding Contractor policies and procedures requiring review to determine compliance with mental health parity regulations.

Further, in the event that a Contract modification, amendment, novation or other legal act changes, limits, or impacts compliance with the mental health parity requirement, the Contractor agrees to conduct an additional analysis for mental health parity in advance of the execution of the Contract change. Further, the Contractor shall provide documentation of how the requirements of 42 CFR 438 are met with submission of the Contract change; and how sustained compliance shall be achieved. The Contractor shall certify compliance with mental health parity requirements before Contract changes become effective.

The Contractor may be required to cover, in addition to services covered under the State Plan, any services necessary for compliance with the requirements for parity in mental health and substance use disorder benefits in 42 CFR part 438, subpart K, and the Contract identifies the types and amount, duration and scope of services consistent with the analysis of parity compliance conducted by either the State or the MCO [42 CFR 438.3(e)(1)(ii)].

Monitoring, Training, and Education: The Contractor is responsible for training the Behavioral Health Coordinator/staff and providers, in sufficient detail and frequency, to identify and screen for members' behavioral health needs. At a minimum, training shall include information regarding covered behavioral health services and referrals, how to access services, including the petitioning process, how to involve the member and their family in decision-making and service planning.

The Contractor shall establish policies and procedures for referral and consultation and shall describe them in its provider manual. Training for staff and providers may be provided through employee orientation, clinical in-services, and/or information sharing via newsletters, brochures, etc.

Non-Title XIX/XXI Behavioral Health Services: Refer to Section D, Paragraph 9, Scope of Services.

Primary Care Provider Medication Management Services: In addition to treating physical health conditions, the Contractor shall allow Primary Care Providers (PCPs) to treat behavioral health conditions within their scope of practice. For purposes of medication management, it is not required that the PCP be the member's assigned PCP. PCPs who treat members with behavioral health conditions may provide medication management services including prescriptions, laboratory and other diagnostic tests necessary for diagnosis, and treatment. For the antipsychotic class of medications, prior authorization may be required. For PCPs prescribing medications to treat Substance Use Disorders (SUDs), the PCP must refer the member to a behavioral health provider for the psychological and/or behavioral therapy component of the Medication Assisted Treatment (MAT) model and coordinate care

with the behavioral health provider. The Contractor is responsible for these services both in the prospective and prior period coverage timeframes.

Pre-Admission Screening and Resident Review Requirements (42 CFR Part 483, Subpart C): The Contractor shall ensure that, prior to admission of a member to a nursing facility, the nursing facility has performed a PASRR Level I screening and, when indicated, that the appropriate entity has performed a PASRR Level II evaluation as specified in the AMPM Policy 680-C. When the result of the PASRR Level I screening indicates that the member has an intellectual disability, DES conducts the Level II evaluation. When the result of the PASRR Level I screening indicates that the member has a mental illness, the RBHA conducts the Level II evaluation. The purpose of the PASRR Level II evaluation is to determine whether a member who has a mental illness or an intellectual disability needs the level of care provided in a nursing facility and/or needs specialized services. When the PASRR Level II evaluation determines that the member needs a different level of care than can be provided in a nursing facility, the Contractor shall arrange for the provision of other covered services appropriate to the member's needs. When the PASRR Level II evaluation determines that the member needs specialized services while in the nursing facility, the Contractor shall arrange for the provision of covered specialized services appropriate to the member's needs. Failure to have the proper PASRR screening prior to placement of members in a nursing facility may result in Federal Financial Participation (FFP) being withheld from AHCCCS. Should withholding of FFP occur, AHCCCS will recoup the withheld amount from a Contractor's subsequent capitation payment. The Contractor may, at its option, recoup the withholding from the nursing facility, which admitted the member without the proper PASRR.

Referrals: The Contractor shall develop, monitor, and continually evaluate its processes for timely referral, assessment, service, and treatment planning for behavioral health services. The Contractor shall have identified staff members to ensure that requests for behavioral health services made by the member, family, guardian, or any health care professional are referred within one business day to ensure that the request for services results in the member receiving a referral to a behavioral health provider. Refer to Section D, Paragraph 32, Appointment Standards and ACOM Policy 417.

A direct referral for a behavioral health assessment may be made by the member. A direct referral for a behavioral health assessment may be made by any health care professional. Refer to AMPM Policy 320-O for provisions regarding behavioral health assessment and treatment/service planning.

For referrals received from a PCP requesting a member receive a psychiatric evaluation or medication management, the appointments with a behavioral health medical professional shall be provided according to the needs of the member and within AHCCCS appointment standards with appropriate interventions to prevent a member from experiencing a lapse in medically necessary psychotropic medications. Refer to Section D, Paragraph 31, Referral Management Procedures and Standards.

Sharing of Data: On a recurring basis (no less than quarterly based on adjudication date), AHCCCS shall provide the Contractor an electronic file of claims and encounter data for members enrolled with the Contractor who have received services, during the member's enrollment period, from another contractor or through AHCCCS FFS for purposes of member care coordination. Data sharing will comply with Federal privacy regulations.

Serious Mental Illness Eligibility: For TXIX/TXXI eligible adults enrolled with the Contractor who, after enrollment, are determined to have a Serious Mental Illness (SMI), the member shall be transitioned to a RBHA for both physical health and behavioral health service provision; or to AIHP and a TRBHA or

RBHA for American Indian members who elect this option. If elected, AIHP will provide all physical health services and the RBHA or TRBHA will provide behavioral health services for the member.

Serious Mental Illness Eligibility Evaluations and Determinations: The Contractor shall ensure persons who may meet the SMI eligibility criteria are identified and assessed by qualified clinicians as specified in AMPM Policy 320-P. Payment for evaluations conducted for the purpose of an SMI eligibility determination is the responsibility of the Contractor and may not be conducted by Contractor staff. The Contractor is responsible for coordinating SMI eligibility evaluations, including urgent evaluations when a member is hospitalized for psychiatric reasons. The Contractor shall ensure SMI eligibility evaluations (including decertifications) and all required documentation is completed accurately and referred timely and comprehensively to the AHCCCS designee authorized to render SMI Eligibility Determinations.

The Contractor shall ensure SMI Eligibility Determination Evaluation Packets include at a minimum, the following documentation:

1. AMPM Policy 320-P, Attachment A, Serious Mental Illness Determination Form,
2. Consent Form(s),
3. Comprehensive Assessment,
4. Waiver to extend three day SMI Eligibility Determination timeframe, as applicable,

6. All Signed Release(s), if appropriate.

The Contractor shall cooperate with AHCCCS and the SMI Eligibility determination designee by establishing and implementing systems or process for communication, consultation, data sharing, and the exchange of information.

The Contractor shall comply with all requirements detailed in AMPM Policy 320-P.

The RBHAs are responsible for coordinating SMI evaluations for Non-TXIX/XXI members and members who are incarcerated due to suspended Medicaid eligibility.

Adherence to these requirements may be subject to review through AHCCCS audits and/or Operational Reviews.

Serious Mental Illness Decertification: The process that results in the removal of the SMI behavioral health category designation from the member's record. An SMI Decertification may occur in one of the following ways:

Administrative: A member who has an SMI designation may request an SMI Administrative Decertification if the member has not received behavioral health services for a period of two or more years. The Contractor shall direct the member to notify AHCCCS/DHCM Customer Service; AHCCCS will evaluate the member's request and make a determination.

Clinical: An SMI Clinical Decertification is a determination that a member who has an SMI designation no longer meets SMI criteria. The Contractor shall coordinate with the AHCCCS designee which conducts SMI eligibility determinations. The AHCCCS designee will evaluate the

submitted documents to determine if there is sufficient clinical documentation for SMI decertification.

Specific Requirements for Services to American Indians: The Contractor shall ensure that all covered behavioral health services are available to American Indian members, whether they live on or off reservation. The Contractor is not responsible for payment of behavioral health services provided to Title XIX American Indian members by an IHS or 638 tribal facility, even if the member is enrolled with the Contractor. The Contractor is responsible for payment of behavioral health services provided to Title XXI American Indian members by an IHS or 638 tribal facility, when the member is enrolled with the Contractor.

Transfer of Care: When a PCP has initiated medication management services for a member to treat a behavioral health disorder, and it is subsequently determined by the PCP or Contractor that the member should be transferred to a behavioral health provider for evaluation and/or continued medication management services, the Contractor will require and ensure that the PCP or Contractor coordinates the transfer of care. All affected subcontracts shall include this provision. The Contractor shall establish policies and procedures for the transition of members for ongoing treatment. The Contractor shall ensure that PCPs maintain continuity of care for these members. Refer to AMPM Policy 510 and 520.

12. AHCCCS GUIDELINES, POLICIES, AND MANUALS

All AHCCCS guidelines, policies, and manuals, including but not limited to, ACOM, AMPM, and Reporting Guides are hereby incorporated by reference into this Contract. Guides and manuals are available on the AHCCCS website. The Contractor is responsible for ensuring that its subcontractors are notified when modifications are made to the AHCCCS guidelines, policies, and manuals. The Contractor is responsible for complying with all requirements set forth in these sources as well as with any updates. In addition, linkages to AHCCCS rules, statutes and other resources are available through the AHCCCS website. Upon adoption by AHCCCS, updates will be available on the AHCCCS website.

13. MEDICAID SCHOOL BASED CLAIMING PROGRAM

Pursuant to an Intergovernmental Agreement with the Department of Education, and a contract with a Third Party Administrator, AHCCCS pays participating school districts for specifically identified Medicaid services when provided to Medicaid-eligible children who are included under the Individuals with Disabilities Education Act (IDEA). The Medicaid services must be identified in the member's Individualized Education Program (IEP) as medically necessary for the child to obtain a public school education. Refer to AMPM Policy 710.

Medicaid School Based (MSB) services are provided in a school setting or other approved setting specifically to allow children to receive a public school education. They do not replace medically necessary services provided outside the school setting or other MSB approved alternative setting. Currently, services include: audiology, therapies (OT, PT and speech/language), behavioral health evaluation and counseling, nursing and attendant care (health aid services provided in the classroom), and specialized transportation to and from school on days when the child receives an AHCCCS-covered MSB service.

The Contractor's evaluations and determinations, about whether services are medically necessary, should be made independent of the fact that the child is receiving MSB services. If a request is made for services that also are covered under the MSB program for a child enrolled with the Contractor, the request shall be evaluated on the same basis as any request for a covered service.

The Contractors and its providers shall coordinate with schools and school districts that provide MSB services to the Contractor's enrolled members. Services should not be duplicative. Contractor care managers, and provider case managers working with children who have special needs, shall coordinate with the appropriate school staff working with these members.

Transfer of member medical information and progress toward treatment goals between the Contractor and the member's school or school district is required as appropriate and shall be used to enhance the services provided to members.

14. PEDIATRIC IMMUNIZATIONS AND THE VACCINES FOR CHILDREN PROGRAM

Through the Vaccine for Children Program (VFC), the Federal and State governments purchase, and make available to providers at no cost, vaccines for AHCCCS children under age 19. The Contractor shall not utilize AHCCCS funding to purchase vaccines for members under the age of 19. If vaccines are not available through the VFC program, the Contractor shall contact AHCCCS/Quality Improvement Management for guidance. Any provider, licensed by the State to administer immunizations, may register with Arizona Department of Health Services (ADHS) as a VFC provider and receive these free vaccines. The Contractor shall not reimburse providers for the administration of the vaccines in excess of the maximum allowable as set by CMS. The Contractor shall comply with all VFC requirements and monitor Contracted providers to ensure that providers are registered as VFC providers when acting as Primary Care Providers (PCPs) for members under the age of 19 years.

Due to low numbers of children in their panels, providers in certain Geographic Service Areas may choose not to provide vaccinations. Whenever possible, members shall be assigned to VFC registered providers within the same or a nearby community. When that is not possible, the Contractor shall develop processes to ensure vaccinations are available through a VFC enrolled provider or through the appropriate County Health Department. In all instances, the vaccines are to be provided through the VFC program. The Contractor shall develop processes to pay the administration fee to whoever administers the vaccine regardless of their contract status with the Contractor.

Arizona State law requires the reporting of all immunizations given to children under the age of 19. Immunizations must be reported at least monthly to the ADHS Immunization Registry. Reported immunizations are held in a central database known as ASIIS (Arizona State Immunization Information System), which can be accessed by providers to obtain complete, accurate immunization records. Software is available from ADHS to assist providers in meeting this reporting requirement. The Contractor shall educate its provider network about these reporting requirements and the use of this resource.

15. STAFFING REQUIREMENTS

The Contractor shall have in place the organization, operational, managerial and administrative systems capable of fulfilling all Contract requirements. For purposes of this Contract, the Contractor shall not

The Contractor's resource allocation must be adequate to achieve outcomes in all functional areas within the organization. Adequacy will be evaluated based on outcomes and compliance with Contractual and AHCCCS policy requirements. These staff shall have access to information necessary to identify members who may be at risk and their current health/service status, the ability to initiate new placements/services, and have the ability to perform status checks at affected facilities and perform ongoing monitoring, if necessary. An individual staff member is limited to occupying a maximum of two Key Staff positions listed below, unless contract specifies otherwise or prior approval is obtained by AHCCCS. When submitting its functional organizational chart, as specified in Section F, Attachment F3, Contractor Chart of Deliverables, the Contractor must document, for each Key Staff position, the portion of time allocated to each Medicaid contract as well as all other lines of business.

2. Conducting annual CVO entity site visits to ensure compliance with AHCCCS requirements.

The AHCCCS Contractor must utilize the contracted CVO as part of its credentialing and re-credentialing process, regardless of membership in the AzAHP. This requirement eases the administrative burden for providers that contract with AHCCCS Contractors which often results in duplicative submission of information used for credentialing purposes. The Contractor shall follow the AHCCCS re-credentialing timelines for providers that submit their credentialing data and forms to the AzAHP CVO.

The Contractor is responsible for completing the credentialing process. The Contractor shall continue to include utilization, performance, compliance, and quality of care documentation, as specified in the AMPM, to complete the credentialing or re-credentialing files that are brought to the Credentialing Committee for a decision. In addition, the Contractor shall also meet AMPM Policy 950 requirements for provisional credentialing.

Credentialing Timelines: The Contractor is required to process credentialing applications in a timely manner. To assess the timeliness of provisional and initial credentialing a Contractor shall calculate, report to AHCCCS, and notify providers of credentialing decision (approved or denied) as specified in AMPM Policy 950.

The Contractor shall ensure that they have a process in place to monitor occurrences which may have jeopardized the validity of the credentialing process, at a minimum, on an annual basis. The Contractor shall report the credentialing information with regard to all credentialing applications, as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

Accreditation: The Contractor is required to inform AHCCCS/DHCM, Quality Improvement Team as to whether it has been accredited by a private independent accrediting entity. This information shall be made available on the AHCCCS website [42 CFR 438.332(c)(1)]. Should the Contractor renew or lose its accreditation, the Contractor shall provide AHCCCS written notification (in the case of losing its accreditation) or a copy of the renewal certificate, as applicable, within 15 calendar days of notification or receipt from the accrediting entity.

National Committee for Quality Assurance: The Contractor shall achieve National Committee for Quality Assurance (NCQA) First Accreditation, inclusive of the NCQA Medicaid Module, specific to its Medicaid line of business by October 1, 2023; AHCCCS will adjust this timeline accordingly if funding is not available.

Incident, Accident, and Death Reporting: The Contractor shall develop and implement policies and procedures that require individual and organizational providers to report to the Contractor, the Regulator, and other appropriate authorities, Incident, Accident and Death (IAD) Reports in conformance with requirements established by AHCCCS and as specified in AMPM Policy 961. IAD Reports shall be submitted as specified in Attachment F3, Contractor Chart of Deliverables.

Quality of Care Concerns and Investigations: The Contractor shall establish and implement mechanisms to assess the quality and appropriateness of care provided to members, including members with special health care needs, [42 CFR 457.1230(c), 42 CFR 438.208(c)(4), 42 CFR 438.330(a)(1), 42 CFR 438.330(b)(4)]. The Contractor shall assess incidents for potential Quality of Care (QOC) concerns and develop a process that delineates between non-AHCCCS reportable events and AHCCCS-reportable events (which includes incidents of: Health Care-Acquired Conditions, Other Provider-Preventable Conditions, abuse, neglect, exploitation, injuries, high profile cases, suicide attempts, substance use disorders/opioid-related concerns, alleged human rights violations, and unexpected death). The Contractor shall develop a process to report incidents to AHCCCS/DHCM, Quality Management Team and as specified in Attachment F3, Contractor Chart of Deliverables.

The Contractor shall develop and implement policies and procedures that analyze quality of care issues through identifying the issue, initial assessment of the severity of the issue, and prioritization of action(s) needed to resolve immediate care needs when appropriate. The Contractor shall establish a process to ensure that all staff and providers are trained on how to refer suspected quality of care issues to quality management. This training must be provided during new employee orientation (within 30 days of hire) and annually, thereafter.

The Contractor shall monitor contracted providers for compliance with Quality Management metrics, as well as member health and safety; Clinical Quality Management staff shall lead all monitoring and investigative efforts. The Contractor shall establish mechanisms to track and trend member and provider issues. The Contractor must comply with requirements, as specified in Contract and AMPM Policy 960.

5. Provisional, initial, organizational, and re-credentialing processes and requirements,
6. Medical Record Reviews, and
7. Peer Review processes.

The Contractor shall conduct an annual Operational Review (OR) audit of subcontracted provider services and service sites, and assess each provider's performance on satisfying established quality management and performance measures standards. AHCCCS will accept the AzAHP review process to meet this audit requirement. A Corrective Action Plan (CAP) shall be developed and implemented when provider monitoring activities reveal poor performance, as follows:

1. When performance falls below the minimum performance level, or
2. Shows a statistically significant decline from previous period performance.

Provider Quality Monitoring: Provider Quality Monitoring functions include but are not limited to the service site assessments of all providers as specified in AMPM Policy 910. The Contractor shall conduct comprehensive onsite quality audits of each location where members receive services.

The Contractor shall ensure:

1. Instances where concerns are identified, corrective actions are implemented in order to bring the provider into compliance,
2. Any potential QOCs are immediately (within 24 hours) referred to the QOC triage team for review,
3. Utilization of standardized monitoring tools by provider type (utilizing AHCCCS-developed tools when available), and
4. Inter-Rater Reliability (IRR) of quality monitoring processes with documented testing and results of individuals completing provider quality monitoring activities.

Performance Improvement Projects: The Contractor shall implement Performance Improvement Projects (PIPs) designed to achieve and sustain significant improvement in the areas of clinical and non-clinical care, through ongoing measurements and interventions, as specified in AMPM Chapter 900, and involve the following [42 CFR 457.1240(b), 42 CFR 438.330(d) (i)-(iv)]:

1. Measurement of performance using objective quality indicators,
2. Implementation of interventions to achieve improvement in access to and quality of care,
3. Evaluation of the effectiveness of the interventions based on measures collected as part of the PIP, and
4. Planning and initiation of PIP activities for increasing or sustaining improvement.

PIPs are mandated by AHCCCS; however, the Contractor shall also identify and implement additional PIPs based on self-identified opportunities for improvement, as supported by root cause analysis, external/internal data, surveillance of trends, or other information available to the Contractor. If the Contractor holds AHCCCS Contracts for more than one line of business, the Contractor shall submit separate reports for each line of business that contain rates and results specific to the line of business

for which the submission pertains. In addition, the Contractor shall ensure the inclusion of subpopulation data and disparities analysis within its reporting, with the identification of targeted interventions to be implemented specific to findings. Upon notification and direction from AHCCCS, the Contractor shall participate in AHCCCS workgroup sessions aimed to identify barriers and develop action plans to address system performance.

The Contractor shall report the status and results of each PIP to AHCCCS, no less than once per year and as requested, using the AHCCCS Performance Improvement Project (PIP) Reporting Template included in AMPM Policy 980 and as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Performance for each PIP shall be evaluated minimally on an annual basis, or more frequently, so information related to the Contractor's performance can be reviewed and evaluated, with interventions revised accordingly [42 CFR 457.1240(b), 42 CFR 438.330(d)(1), 42 CFR 438.330(d)(3)]. PIP report submissions by the Contractor shall be provided to the External Quality Review Organization (EQRO) for review, evaluation, and potential inclusion within EQR annual technical report findings. In addition, AHCCCS may elect to require EQRO validation of AHCCCS-Mandated and Contractor Self-Selected PIP reports.

Performance Measures: To meet program and reporting requirements, standardized performance measures shall be measured and reported on an annual basis, or more frequently, as determined by AHCCCS [42 CFR 438.330 (c)]. Performance measures shall be collected, monitored, and evaluated in accordance with AMPM Policy 970. AHCCCS may utilize administrative, hybrid, or other methodologies for collecting and reporting performance measure rates, as allowed by CMS Core Measure Sets, the NCQA for selected HEDIS® measures, as allowed by other entities for nationally recognized measure sets, or as determined by AHCCCS.

For Contract Year Ending (CYE) 2021 (10/1/20 through 9/30/21) Performance Measures shall be reflective of the performance measurement period for Calendar Year 2021 (1/1/2021 through 12/31/2021) in alignment with the applicable CMS Adult and Child Core Set technical specification requirements and NCQA HEDIS® technical specification requirements (for select NCQA HEDIS® measures).

AHCCCS Performance Measures (Statewide Aggregate): Technical specifications for statewide aggregate performance measure calculations are based on the CMS Core Measure Sets methodologies. AHCCCS may utilize other methodology sources, such as National Committee for Quality Assurance (NCQA) Health Exchange Data and Information System (HEDIS®) or develop methodologies for measurement that are reflective of the Arizona system of care delivery model.

Performance measure performance is evaluated annually using the official rates described in the preceding paragraph; these rates are considered the official measurements for statewide reporting. In lieu of AHCCCS calculated statewide hybrid aggregate rates, AHCCCS may elect to utilize Contractor calculated hybrid performance measure rates that have been aggregated for official statewide reporting. Official statewide rates will be compared with the Centers for Medicare and Medicaid Services (CMS) Adult/Child Core Sets, Child and Adult Health Care Quality Measures, national Medicaid Median (CMS Medicaid Median), or NCQA HEDIS® Medicaid Mean for selected HEDIS®-Only Measures, that aligns with the Calendar year for which the data reflects.

CMS-416: The EPSDT Participation and Preventive Dental Services performance measures utilize methodology established within the CMS Instructions for Completing Form CMS-416: Annual Early

and Periodic Screening, Diagnostic, and Treatment (EPSDT) Participation Report, which can be found on the AHCCCS website.

AHCCCS uses the national CMS-416 methodology to generate the EPSDT Participation and Preventive Dental Services rates. The aggregate rates for Title XIX and Title XXI are generated one time per year and reported to CMS within specified timeframes. AHCCCS may require the Contractor to implement a corrective action plan or participate in mandatory workgroup activities when statistically significant declines in the Title XIX and Title XXI aggregate rates are identified.

Hybrid Performance Measures: AHCCCS may conduct hybrid performance measure reviews/audits for any CMS Child or Adult Core Set measure, NCQA HEDIS®, or other standardized measure to monitor and evaluate performance for performance measures and/or PIPs. AHCCCS conducted hybrid performance measure reviews/audits shall be reflective of statewide performance; however, AHCCCS reserves the right to conduct hybrid performance measure reviews/audits to also monitor Contractor and/or line of business performance. Contractor reported rates may be reported publicly, and the Contractor may be required to implement a CAP when: deficiencies are identified within hybrid performance measure rates, when hybrid performance measure rates do not meet performance requirements, or for declines in hybrid performance measure rates.

Hybrid Data Collection Procedures: AHCCCS may require the Contractor to submit data for standardized Performance Measures and/or PIPs within specified timelines and according to AHCCCS procedures for collecting and reporting the data. AHCCCS may elect to utilize an EQRO for conducting hybrid performance measure review/audit activities.

Contractor Performance Measures (Contractor Specific): The Contractor shall comply with AHCCCS QM/PI requirements to improve the care, coordination, and services provided to AHCCCS members as demonstrated through performance metrics and performance measure reporting. The Contractor shall measure and report upon all measures included as part of the CMS Adult and Child Core Sets for the associated measurement period as well as select NCQA HEDIS® or other AHCCCS-required measures, as listed below:

HEDIS® OR OTHER CHILD MEASURES	
Initial Visit within 30 days for Members Newly Identified with a CRS Condition (AHCCCS)	Tabled

As measure sets are updated, performance measures required by AHCCCS may also be updated to reflect the changes.

As part of the Contractor’s performance measure data collection, reporting, and analysis, the Contractor shall:

1. Calculate, analyze, and report rates specific to line of business.
2. Analyze and have the ability to report performance measure data specific to applicable subpopulations [i.e. members with special health care needs, including, but not limited to: EPSDT, maternal, and Children’s Rehabilitative Services (CRS) designated members] in accordance with AHCCCS instruction and request.

3. Analyze and have the ability to report results by placement (e.g. HCBS vs. nursing facility), system of care delivery model, Geographic Service Areas (GSA) or County, applicable member designations, and/or other applicable demographic factors.
4. Conduct routine monitoring and implement population/subpopulation specific targeted interventions, meant to ameliorate or eliminate identified disparities, which are based on evaluation and analysis of previous performance.
5. Ensure qualified staff and personnel are utilized in the data collection and reporting process.

The Contractor is responsible for collecting valid and reliable data in accordance with associated measure specifications, as well as technical guidance and instructions provided by AHCCCS and/or an EQRO conducting validation activities.

Responsibility for validation and oversight of performance measure data collection and rate reporting in alignment with AHCCCS requirements remain with the Contractor, despite utilization of a vendor or subcontractor to conduct performance measure calculations or hybrid reviews on its behalf. The Contractor shall comply with all manuals, documents, and guides referenced within this section to improve performance for performance measures.

Hybrid Performance Measures: The Contractor shall participate in hybrid performance measure reviews/audits for any and all other measures identified by AHCCCS, at intervals specified by AHCCCS. The Contractor shall also participate in hybrid immunization audits to assess the immunization status of members at 24 months of age and by 13 years of age, at intervals specified by AHCCCS. An EQRO may conduct a study to validate the Contractor's collection process, collected data, and/or reported rates.

The number of records that each Contractor collects will be based on CMS Core measure specifications, NCQA HEDIS® specifications, EQRO, or other sampling guidelines in accordance with instructions provided by AHCCCS. The number of records that each Contractor collects may be affected by the Contractor's previous performance rate for the associated measure. The Contractor shall comply with and implement the hybrid methodology data collection as directed by AHCCCS. If records are missing for more than five percent (5%) of the Contractor's final sample, the Contractor is subject to sanctions by AHCCCS.

Hybrid Data Collection Procedures: When requested by AHCCCS, the Contractor shall submit data for standardized Performance Measures and/or PIPs within specified timelines and according to AHCCCS procedures for collecting and reporting the data. The Contractor shall collect data from medical records, Electronic Health Records (EHRs), or through other AHCCCS approved mechanisms in accordance with the technical specifications and/or methodology identified by AHCCCS. Data for AHCCCS directed hybrid studies shall be reported utilizing a standardized format for each hybrid measure, with allowable supporting documentation submitted, in accordance with AHCCCS provided instructions. Data collected for Performance Measures and/or PIPs must be completed and maintained by the Contractor in a standardized format, in accordance with instructions and timelines provided by AHCCCS. Contractors shall submit hybrid study related documentation per instructions provided by AHCCCS.

The Contractor must also ensure that data collected by multiple parties/individuals for Performance Measures and PIP reporting is consistent and comparable through an implemented inter-rater reliability process, as specified in AMPM Policy 970. Failure to follow the data

collection and reporting instructions that accompany the data request may result in regulatory actions including, but not limited to, sanctions imposed on the Contractor.

If an extension of time is needed to complete the submission, the Contractor may submit a formal request via email communication before the deliverable due date to the AHCCCS/DHCM, Operations Compliance Officer and Quality Improvement Team Manager, in accordance with AMPM Policy 920 requirements.

The Contractor shall implement a process for internally monitoring and reporting Performance Measure rates, utilizing a standardized or adopted methodology, as defined and determined by AHCCCS, for each required Performance Measure. The Contractor shall evaluate performance, based on unique population and applicable subpopulations, utilizing a Calendar Year. The Contractor shall have a mechanism for its QM/PI Committee to report the Contractor's performance on an ongoing basis to its CEO, stakeholders, and other key staff.

The Contractor shall measure, evaluate, and report performance measure rates in accordance with AHCCCS instructions. Contractor calculated rates that have been validated by the EQRO are the official rates utilized for determination of Contractor compliance with performance requirements. AHCCCS reserves the right to calculate and report rates, in lieu of Contractor calculated rates, which may be utilized as the official rates when determining Contractor compliance with performance measure requirements. AHCCCS calculated rates that have been validated by the EQRO are the official rates utilized for statewide aggregate rates; however, AHCCCS may elect to utilize Contractor calculated rates that have been validated and compiled by the EQRO as the official line of business/statewide aggregate rates.

Contractor Performance Measure Reporting: The Contractor shall include all Medicaid Managed Care enrolled members within its performance measure reporting and report rates specific to line of business; Contractors shall adhere to continuous enrollment criteria as outlined in the associated measure specifications. The Contractor must have the ability to report numerators, denominators, and rate/percentage for Title XIX as well as Title XXI, which shall be provided in accordance with AHCCCS request or instructions.

The Contractor shall have the ability to report, in accordance with AHCCCS instruction and request, performance measure data specific to:

1. Applicable subpopulations [i.e. members with special health care needs, including, but not limited to: EPSDT, maternal, and Children's Rehabilitative Services (CRS) designated members],
2. Placement (e.g. HCBS vs. nursing facility),
3. System of care delivery model,
4. Geographic Service Areas (GSA) or County,
5. Applicable member designations, and
6. Other applicable demographic factors.

The Contractor shall conduct and report disparity analysis findings and activities meant to ameliorate or eliminate identified disparities, based on the evaluation and analysis of current and previous performance.

The Contractor is responsible for monitoring and reporting to the AHCCCS/DHCM, Quality Improvement Manager the status of, and any discrepancies identified in encounters received by AHCCCS including paid, denied and pended for purposes of Performance Measure monitoring prior to the official rate calculations being conducted.

The Contractor's performance measure monitoring, inclusive of measurable goals/objectives, rates, analysis, and newly implemented or revised interventions shall be reported to AHCCCS as part of its QM/PI Program Plan in accordance with this section; Section F, Attachment F3, Contractor Chart of Deliverables; and as required by AHCCCS. In addition, the Contractor is required to submit quarterly performance measure monitoring results to AHCCCS within its Performance Measure Monitoring Report as specified in Section F, Attachment F3, Contractor Chart of Deliverables. The Contractor shall report in alignment with the requirements found in AMPM Policy 910, 920, 970 and 980.

Quality Improvement Performance Requirements: Contractor performance is evaluated annually using the official rates described in the preceding section. These rates are considered the official measurements for each Performance Measure. Official rates will be compared with the Line of Business aggregate rates, as applicable, and the NCQA HEDIS® Medicaid Mean/CMS Medicaid Median, for selected CMS Core Set-Only Measures, as identified by AHCCCS. The Contractor shall perform in accordance with established standards, as specified in this section. Contractor performance that does not meet established standards per official reporting may be subject to regulatory action, which may include a sanction, for each deficient measure.

The Contractor must meet and sustain, as well as ensure that each subcontractor meets and sustains, the NCQA HEDIS® Medicaid Mean/CMS Medicaid Median for each performance measure [42 CFR 438.330(b)(1)-(2) and (d)(1)]. It is equally important that, in addition to meeting the NCQA HEDIS® Medicaid Mean/CMS Medicaid Median, the Contractor continually improves performance measure outcomes from year to year.

The Contractor must show demonstrable and sustained improvement toward meeting the associated Line of Business aggregate rate, as applicable, and the associated NCQA HEDIS® Medicaid Mean/CMS Medicaid Median. AHCCCS will require the Contractor to implement a CAP for measures that are below the associated Line of Business aggregate rate, as applicable, as well as for measures that do not meet the associated NCQA HEDIS® Medicaid Mean/CMS Medicaid Median. AHCCCS may require the implementation of a CAP for measures that show a statistically significant decline in its rate. This includes measures that show a statistically significant decline that meets or exceeds the associated NCQA HEDIS® Medicaid Mean/CMS Medicaid Median, as well as meets or exceeds the AHCCCS Line of Business aggregate rate. In addition, AHCCCS may require the Contractor to implement a CAP or participate in mandatory workgroup activities when statistically significant declines in the aggregate rate(s)/population specific rate(s) (i.e., ACC and/or General Mental Health/Substance Use populations) are identified. AHCCCS may require the Contractor to conduct a chart audit for validation of any performance measure that falls below the associated NCQA HEDIS® Medicaid Mean/CMS Medicaid Median.

AHCCCS may impose sanctions on the Contractor, if it does not show statistically significant improvement in its official rates. Sanctions may also be imposed: for statistically significant declines of official rates, even if they meet or exceed the associated Line of Business aggregate rate, as applicable, and/or the associated NCQA HEDIS® Medicaid Mean/CMS Medicaid Median; for any rate that does not meet the associated NCQA HEDIS® Medicaid Mean/CMS Medicaid Median; for a rate that has a

significant impact to the line of business/population specific or statewide aggregate rate; for any rate that falls from a higher to lower performing percentile/quartile in alignment with the associated NCQA HEDIS® and CMS national Medicaid data. AHCCCS may require the Contractor to demonstrate that they are allocating increased administrative resources to improving rates for a particular measure or service area.

Upon notification and direction from AHCCCS, the Contractor shall:

1. Participate in mandatory technical assistance sessions. The Contractor may also request technical assistance as needed,
2. Participate in AHCCCS workgroup sessions aimed to identify barriers and develop action plans to address system performance,
3. Propose and implement Contractor-specific corrective action plans (CAPs) for official statewide aggregate rates on the CMS Scorecard that that:
 - a. Do not meet the published CMS Medicaid Median/NCQA HEDIS Medicaid mean, or
 - b. Demonstrate a significant decline for the applicable measurement period.
4. Propose and implement Contractor-specific corrective action plans (CAPs) inclusive of targeted interventions, meant to ameliorate or eliminate identified disparities, which are based on AHCCCS evaluation and analysis of performance measure performance for which statistically significant disparities are identified.

Quality Improvement Performance Requirements: The Contractor shall monitor and report all CMS Children's Core Set measures, as applicable, and may be required to monitor and report select NCQA HEDIS® or other AHCCCS-required measures, as mandated by AHCCCS, for the applicable Contract Year. The Contractor shall utilize the appropriate measure specifications, to include the appropriate measure steward and version/year, as directed by AHCCCS. The Contractor shall perform in accordance with established standards, as specified in this section. Contractor performance that does not meet established standards may be subject to regulatory action.

The Contractor shall implement a process for internally monitoring and reporting Performance Measure rates, utilizing a standard or adopted methodology, as defined and determined by AHCCCS, for each required Performance Measure. The Contractor shall evaluate performance, based on unique population/line of business and applicable subpopulations, utilizing a Contract Year Ending (CYE) timeframe. The Contractor shall conduct separate reporting for Title XIX and Title XXI (KidsCare) populations (the Contractor must analyze the population each year and determine if there is an appropriate denominator for reporting and analysis). The Contractor shall have a mechanism for its QM/PI Committee to report the Contractor's performance on an ongoing basis to its CEO, stakeholders, and other key staff. Contractor calculated rates that have been validated by the EQRO are the official rates utilized for determination of Contractor compliance with performance requirements. AHCCCS reserves the right to calculate and report rates, in lieu of Contractor calculated rates, which may be utilized as the official rates when determining Contractor compliance with performance measure requirements.

Contractor performance is evaluated annually using the official rates specified in the preceding paragraph. These rates are considered the official measurements for each Performance Measure. Official rates will be compared with the Minimum Performance Standards (MPS), or other established standards as identified by AHCCCS, specified in the Contract in effect during the measurement period. Contractors/AHCCCS will utilize methodologies that are reflective of specifications in place or identified

for the measurement period. For instance, performance measure data will be based on the associated measure stewards published technical specifications applicable for the measurement year or as directed by AHCCCS at the time of review. The Contractor is responsible for monitoring and reporting to the AHCCCS/DHCM, Quality Improvement (QI) Manager the status of, and any discrepancies identified in encounters received by AHCCCS including paid, denied and pended for purposes of Performance Measure monitoring prior to the official rate calculations being conducted.

The Contractor must meet and sustain, as well as ensure that each subcontractor meets and sustains, the AHCCCS stated Minimum Performance Standards (MPS) for each applicable population/eligibility category (i.e. Title XIX and/or Title XXI – KidsCare Program) for each required performance measure [42 CFR 438.330(b)(1)-(2) and (d)(1)]. It is equally important that, in addition to meeting the contractual MPS, the Contractor continually improve performance measure outcomes from year to year. If a Contractor does not achieve standards per AHCCCS Official reporting, the Contractor will be required to submit a Corrective Action Plan (CAP) and may be subject to regulatory action, which may include a sanction, for each deficient measure as specified within AMPM Policy 970.

The Contractor must show demonstrable and sustained improvement toward meeting AHCCCS Minimum Performance Standards (MPS) or other established standard as identified by AHCCCS. AHCCCS will require the Contractor to implement a Corrective Action Plan (CAP) for measures that are below the MPS/established standard. AHCCCS may require the implementation of a CAP for measures that show a statistically significant decrease in its rate even if it meets or exceeds the MPS/established standard. AHCCCS may also require the Contractor to conduct a chart audit for validation of any performance measure that falls below the MPS/established standard. AHCCCS may impose sanctions on the Contractor, if it does not show statistically significant improvement in its official rates. Sanctions may also be imposed for statistically significant declines of official rates, even if they meet or exceed the MPS/established standard; for any rate that does not meet the AHCCCS MPS/established standard; or a rate that has a significant impact to the aggregate rate for the State. AHCCCS may require the Contractor to demonstrate that they are allocating increased administrative resources to improving rates for a particular measure or service area. In addition, AHCCCS may require the Contractor to implement a CAP or participate in mandatory workgroup activities when statistically significant declines in the aggregate rate(s) are identified.

The Contractor shall monitor and report all Centers for Medicare and Medicaid Services (CMS) Core Set measures and may be required to monitor and report select NCQA HEDIS® or other AHCCCS-required measures, as mandated by AHCCCS, for the applicable Contract Year. The Contractor is required to monitor and report all measures included within the applicable CMS Core Measure Set for the reporting period at the time of its publication, despite their inclusion within the referenced Performance Measures tables.

Quality Improvement Corrective Action Plans: An evidence-based CAP inclusive of elements specified in AMPM Policy 920 must be received by AHCCCS within 30 days of the notification from AHCCCS of the deficiency(s). Proposed CAPs must be approved by AHCCCS prior to implementation and CAP updates shall be submitted at intervals specified by AHCCCS. In addition, AHCCCS may conduct one or more follow-up desktop or on-site reviews to verify compliance with a CAP. Contractors shall implement an evidence-based CAP inclusive of elements specified in AMPM Policy 920 within 30 days of notification from AHCCCS of a Quality Improvement (QI) related deficiency(s). The Contractor shall also identify and implement additional CAPs based on self-identified opportunities for improvement, as supported by root cause analysis, external/internal data, surveillance of trends, or other information available to the

Contractor. Self-implemented CAPs and associated CAP updates shall be submitted upon AHCCCS request.

If an extension of time is needed to complete the submission, the Contractor may submit a formal request via email communication before the deliverable due date to the AHCCCS/DHCM, Operations Compliance Officer and Quality Improvement Team Manager, in accordance with AMPM Policy 920 requirements.

Member Satisfaction Surveys: AHCCCS or the Contractor may conduct surveys of a representative sample of the Contractor's membership and providers. The Contractor shall, as requested by AHCCCS, participate in member satisfaction surveys in accordance with Statewide Consumer Survey protocol [42 CFR 438.340(a), 42 CFR 438.340(b)(4)]. AHCCCS may provide the survey tool or require the Contractor to develop the survey tool which shall be approved in advance by AHCCCS and as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

The results of the surveys may become public information and available to all interested parties on the AHCCCS website. The Contractor may be required to participate in workgroups and other efforts that are initiated based on the survey results. The Contractor may participate in or conduct additional surveys based upon findings from the previously conducted member satisfaction survey, as approved by AHCCCS, as part of designing its quality improvement or CAP activities.

While not included as an official performance measure, survey findings or performance rates for survey questions may result in regulatory action including, but not limited to, the Contractor being required to develop a CAP to improve any areas of concern noted by AHCCCS. Failure to effectively develop or implement AHCCCS-approved CAPs and drive improvement may result in additional regulatory action.

Engaging Members through Technology Executive Summary: The Contractor shall engage its membership through web based applications, which may include mobile device technologies. The Contractor shall identify web/mobile-based applications utilized in its outward facing communication with members. The Contractor shall also identify subpopulations that can benefit from web/mobile based applications used to assist members with self-management of health care needs (e.g. chronic conditions, pregnancy, SDOH resources, or other health related topics the Contractor considers to be most beneficial to members), implementing and evaluating targeted Engaging Members through Technology (EMTT) related activities specific to these areas. The Contractor shall submit an EMTT Executive Summary, in report format and as a component of the Contractor's QM/PI Program Plan submission, as specified in AMPM Policy 920 and Section F, Attachment F3, Contractor Chart of Deliverables.

Targeted Investments: AHCCCS' Targeted Investments (TI) program outlines requirements that providers agree to implement to support and enable their ability to offer improved integration of physical and behavioral health services for members. These requirements, identified as core components, are found at www.azahcccs.gov/PlansProviders/TargetedInvestments/.  - Group practice with 3-6 practitioners, 4 charts per practitioner.
 - Group practice with 7-15 practitioners, 2 charts per practitioner.
 - Group practice with 16+ practitioners, a maximum of 30 charts shall be reviewed.
1. If the score after review of the required number of charts identified above, is less than 85 percent, technical assistance shall be provided to the practitioner, and the practitioners shall also be audited the following year,
 2. If the score after eight charts is 85 percent or greater, yet areas of deficiency are found, technical assistance shall be given to the practitioner, and
 3. For providers that do not treat children or pregnant members, the following process shall occur unless a different methodology is reviewed and approved by AHCCCS:
 - a. A random sample of 30 providers per Geographic Service Area (GSA) will be pulled for audit each year. Eight charts will be audited per provider,
 - b. If the score after eight charts is less than 85 percent, technical assistance shall be given to the provider, and the provider shall also be re-audited the following year,
 - c. If the score after eight charts is 85 percent or greater, yet areas of deficiency are found, technical assistance shall be given to the provider, and
 - d. If, after all the audits are completed and noted trends are identified around deficiencies or improvement opportunities, the entire network shall receive education and guidance on the issues identified.

For the AMRR, Arizona Association of Health Plans (AzAHP) maintains oversight of the administrative processes through regular collaboration with the Contractors, including development and maintenance of the audit tool, data analysis, assistance with provider identification and audit rotation schedule. Contractors shall not take the position during the grievance and appeals process that a former member's subsequent enrollment with another Contractor or that member's subsequent loss of AHCCCS eligibility are valid reasons for the Prior Contractor to deny or dismiss an appeal of the adverse benefit determination if the member submitted the service authorization request

to the Prior Contractor during a period of enrollment with the Prior Contractor. The Prior Contractor is required to substantiate that the denial or reduction of the service authorization request is based upon medical necessity, the exclusion of the service from the scope of AHCCCS covered services, and/or cost effectiveness. If the authorization decision of the Prior Contractor is overturned on appeal, the Prior Contractor is financially responsible for coverage of those services notwithstanding the member's subsequent enrollment with a different Contractor or the member's subsequent loss of AHCCCS eligibility.

This provision, however, does not prohibit the Contractor from limiting provider participation to the extent necessary to meet the needs of the Contractor's members. This provision also does not interfere with measures established by the Contractor that are designed to maintain quality of services and control costs and are consistent with its responsibilities under this Contract nor does it preclude the Contractor from using different reimbursement amounts for different specialists or for different practitioners in the same specialty [42 CFR 457.1208, 42 CFR 438.12(b)(1)-(3)]. If a Contractor declines to include individuals or groups of providers in its network, it must give the affected providers timely written notice of the reason for its decision [42 CFR 457.1208, 42 CFR 438.12(a)(1)]. See Section D, Paragraph 60, Systems and Data Exchange Requirements, for specific standards related to remittance advice and EFT payment.

In accordance with the Deficit Reduction Act of 2005, Section 6085, SMDL 06-010, and Section 1932(b)(2)(D) of the Social Security Act, the Contractor is required to reimburse non-contracted emergency services providers at the AHCCCS Fee-For-Service rate. This applies to in state as well as out of state providers.

In accordance with A.R.S. §36-2904 the Contractor is required to reimburse providers of hospital and non-hospital services at the AHCCCS fee schedule in the absence of a Contract or negotiated rate. This requirement applies to services which are directed out of network by the Contractor or to emergency services. The Contractor is required to reimburse AHCCCS registered providers that are county departments of health for adult immunization services at the AHCCCS fee schedule in the absence of a Contract or negotiated rate.

The Contractor is required to reimburse providers for previously denied or recouped claims if the provider was subsequently denied payment by the primary insurer based on timely filing limits or lack of prior authorization and the member failed to initially disclose additional insurance coverage other than AHCCCS.

The provider shall have 90 days from the date they become aware that payment will not be made, to submit a new claim to the Contractor which includes the documentation from the primary insurer that payment will not be made. Documentation includes but is not limited to any of the following items establishing that the primary insurer has or would deny payment based on timely filing limits or lack of prior authorization; an EOB, policy or procedure, or Provider Manual excerpt.

AHCCCS requires the Contractor to attend and participate in AHCCCS workgroups including Technical Consortium meetings to review upcoming initiatives and other technical issues.

Refer to ACOM Policy 203 for additional requirements regarding the adjudication and payment of claims.

Recoupments: The Contractor's claims processes, as well as its prior authorization and concurrent review process, must minimize the likelihood of having to recoup already-paid claims.

Any individual recoupment in excess of \$50,000 per provider or Tax Identification Number within a Contract Year or greater than 12 months after the date of the original payment must be approved as specified in Section F, Attachment F3, Contractor Chart of Deliverables and as further specified in ACOM Policy 412.

The Contractor must void encounters for claims that are recouped in full. For recoupments that result in a reduced claim value or adjustments that result in an increased claim value, replacement encounters must be submitted. AHCCCS may validate the submission of applicable voids and replacement encounters upon completion of any approved recoupment that meets the qualifications of this section. All replaced or voided encounters must reach adjudicated status within 120 days of the approval of the recoupment. Refer to ACOM Policy 412 and AHCCCS Encounter Manual for further guidance.

Appeals: If the Contractor or a Director's Decision reverses a decision to deny, limit, or delay authorization of services, and the member received the disputed services while an appeal was pending, the Contractor shall process a claim for payment from the provider in a manner consistent with the Contractor's or Director's Decision and applicable statutes, Rules, policies, and Contract terms. The provider shall have 90 days from the date of the reversed decision to submit a clean claim to the Contractor for payment. For all claims submitted as a result of a reversed decision, the Contractor is prohibited from denying claims for untimeliness if they are submitted within the 90 day timeframe. The Contractor is also prohibited from denying claims submitted as a result of a reversed decision because the member failed to request continuation of services during the appeals/hearing process as a member's failure to request continuation of services during the appeals/hearing process is not a valid basis to deny the claim.

Claims Processing Related Reporting: The Contractor shall submit to AHCCCS a Claims Dashboard in conformance with the AHCCCS Claims Dashboard Reporting and as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

AHCCCS may require the Contractor to review claim requirements, including billing Rules and documentation requirements, and submit a report to AHCCCS that will include the rationale for specified requirements. AHCCCS shall determine and provide a format for the reporting of this data at the time of the request.

Claims System Audits: The Contractor shall develop and implement an internal ongoing claims audit function that will include, at a minimum, the following:

1. Verification that provider contracts are loaded correctly, and
2. Accuracy of payments against provider contract terms.

Audits of provider contract terms must be performed on a regular and periodic basis and consist of a random, statistically significant sampling of all contracts in effect at the time of the audit. The audit sampling methodology must be documented in policy and the Contractor shall review the Contract loading of both large groups and individual practitioners at least once every five year period in addition to any time a Contract change is initiated during that timeframe. The findings of the audits specified above must be documented and any deficiencies noted in the resulting reports must be met with corrective action.

In addition, in the event of a system change or upgrade, as specified in Section F, Attachment F3, Contractor Chart of Deliverables, the Contractor may also be required to initiate an independent audit of the Claim Payment/Health Information System. AHCCCS/DHCM will approve the scope of this audit, and may include areas such as a verification of eligibility and enrollment information loading, Contract information management (contract loading and auditing), claims processing and encounter submission processes, and will require a copy of the final audit findings.

Benefit Coordination and Fiscal Responsibility for Behavioral Health Services and Physical Health Services: The Contractor shall comply with ACOM Policy 432, regarding benefit coordination and delineation of financial responsibility for AHCCCS covered physical and behavioral health services provided to AHCCCS members who are not enrolled in an integrated line of business.

38. SPECIALTY CONTRACTS

AHCCCS may at any time negotiate or contract on behalf of the Contractor and AHCCCS for specialized hospital and medical services. AHCCCS will consider existing Contractor resources in the development and execution of specialty contracts. AHCCCS may require the Contractor to modify its delivery network to accommodate the provisions of specialty contracts. AHCCCS may consider waiving this requirement to utilize the specialty contract if such action is determined to be in the best interest of the State; however, in no case shall reimbursement exceeding that payable under the relevant AHCCCS specialty contract be considered in capitation rate development or risk sharing arrangements, including reinsurance.

During the term of specialty contracts, AHCCCS may act as an intermediary between the Contractor and specialty Contractors to enhance the cost effectiveness of service delivery, medical management and adjudication of claims related to such payments provided under specialty contracts shall remain the responsibility of the Contractor.

AHCCCS has specialty contracts, including but not limited to, transplant services, anti-hemophilic agents and pharmaceutical related services. AHCCCS shall provide at least 60 days advance written notice to the Contractor prior to the implementation of any specialty contract. AHCCCS may provide technical assistance prior to the implementation of any specialty contracts.

Refer to Section D, Paragraph 53, Reinsurance for more information.

39. HOSPITAL SUBCONTRACTING AND REIMBURSEMENT

In the absence of a contract between the Contractor and a hospital providing otherwise, the Contractor shall reimburse hospitals for inpatient and outpatient hospital services as required by A.R.S. §36-2904 and §36-2905.01, 36-2905.03, and 9 A.A.C. 22, Article 7, sets forth requirements for: reimbursement of the majority of inpatient hospital services using the APR-DRG payment methodology in A.A.C. R9-22-712.60 through A.A.C. R9-22-712.81, reimbursement of limited inpatient hospital services using per diem rates specified in A.A.C. R9-22-712.61; reimbursement of inpatient services provided by non-contracted hospitals in Pima and Maricopa counties at 95% of the amounts otherwise payable for inpatient services; and reimbursement of inpatient behavioral health services provided by non-contracted behavioral health inpatient facilities (in any county) at 90% of the AHCCCS Fee-For-Service rates.

The Contractor may conduct prepayment, concurrent and post-payment medical reviews of all hospital claims including outlier claims. Erroneously paid claims may be subject to recoupment. If the Contractor fails to identify lack of medical necessity through prepayment and/or concurrent medical review, lack of medical necessity shall not constitute a basis for recoupment of paid hospital claims, including outlier claims, unless the Contractor identifies the lack of medical necessity through a post-payment medical review of information that the Contractor could not have discovered during a prepayment and/or concurrent medical review through the exercise of due diligence. The Contractor shall comply with Section D, Paragraph 37, Claims Payment/Health Information System.

For information on Differential Adjusted Payments see Paragraph 50, *Compensation*.

40. RESPONSIBILITY FOR NURSING FACILITY REIMBURSEMENT

The Contractor shall provide medically necessary nursing facility services as specified in Section D, Paragraph 9, Scope of Services. The Contractor shall also provide medically necessary nursing facility services for any enrolled member who has a pending ALTCS application who is currently residing in a nursing facility and is eligible for services provided under this Contract. If the member becomes ALTCS eligible and is enrolled with an ALTCS Contractor before the end of the maximum 90 days per Contract Year of nursing facility coverage, the Contractor is only responsible for nursing facility reimbursement during the time the member is enrolled with the Contractor as shown in the PMMIS. Nursing facility services covered by another liable party (including Medicare) while the member is enrolled with the Contractor, shall be applied to the 90 day per Contract Year limitation.

The Contractor shall not deny nursing facility services when the member's eligibility, including prior period coverage, had not been posted at the time of admission. In such situations the Contractor shall impose reasonable authorization requirements. There is no ALTCS enrollment, including prior period coverage, which occurs concurrently with AHCCCS acute enrollment.

The Contractor shall notify the Assistant Director of AHCCCS/DMPS, when a member has been residing in a nursing facility, alternative residential facility or receiving home and community based services for 45 days as specified in Section D, Paragraph 9, Scope of Services, under the heading *Nursing Facility services*. This will allow AHCCCS time to follow-up on the status of the ALTCS application and to consider potential Fee-For-Service coverage if the stay goes beyond the 90 day per Contract Year maximum.

For information on Differential Adjusted Payments see Section D, Paragraph 50, *Compensation*.

41. PHYSICIAN INCENTIVES

The Contractor must ensure compliance with all applicable physician incentive requirements, including but not limited to [Section 1903 (m)(2)(A)(x) of the Social Security Act, 42 CFR 457.1201(h), 42 CFR 457.1207, 42 CFR 438.10(f)(3), 42 CFR 438.3(i), 42 CFR 422.208(c)(1)-(2) and 42 CFR 422.210]. These regulations, in part prohibit Contractors from operating any physician incentive plan that directly or indirectly makes payments to a physician or physician group as an inducement to limit or reduce medically necessary services to a member.

The Contractor shall not enter into contractual arrangements that place providers at substantial financial risk as specified in 42 CFR 422.208, unless prior written approval of the contractual arrangement is received by AHCCCS. For those proposed contractual arrangements which meet the definition of substantial financial risk, the following must be submitted to the AHCCCS for review and approval as specified in Section F, Attachment F3, Contractor Chart of Deliverables [Section 1903(m)(2)(A)(x) of the Social Security Act, 42 CFR 457.1201(h), 42 CFR 422.208(c)(2), 42 CFR 438.3(i), 42 CFR 438.6(g)]:

1. The type of incentive arrangement,
2. A plan for a member satisfaction survey,
3. Details of the stop-loss protection provided,
4. A summary of the compensation arrangement that meets the substantial financial risk definition, and
5. Any other items as requested by AHCCCS.

Upon request from CMS or AHCCCS, the Contractor shall promptly disclose all requested information regarding its physician incentive plans. In addition, the Contractor shall provide the information specified in 42 CFR 422.210 to any member who requests it.

Any Contractor-selected and/or developed physician incentive that meets the requirements of 42 CFR 417.479 must be approved by AHCCCS prior to implementation as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

AHCCCS shall review the Value-Based Purchasing (VBP) deliverables required under Section D, Paragraph 72, Value-Based Purchasing.

42. MATERIAL CHANGE TO BUSINESS OPERATIONS

The Contractor is responsible for evaluating all operational changes, including unexpected or significant changes, and determining whether those changes are material changes to the Contractor's business operations [42 CFR 438.207(c)]. All material changes to business operations must be approved in advance by AHCCCS.

The Contractor must submit the request for approval of a material change to business operations as specified in ACOM Policy 439 and as specified in Section F, Attachment F3, Contractor Chart of Deliverables. A material change to business operations is defined as any change in overall business operations (e.g. policy, process, protocol such as prior authorization or retrospective review) that affects, or can reasonably be foreseen to affect, the Contractor's ability to meet the performance

standards as specified in this Contract including, but not limited to, any change that would impact or is likely to impact more than 5% of total membership and/or provider network in a specific GSA.

The Contractor may be required to conduct meetings with providers to address issues (or to provide general information, technical assistance, etc.) related to Federal and State requirements, changes in policy, reimbursement matters, prior authorization and other matters as specified by AHCCCS.

Refer to Section D, Paragraph 28, regarding material changes by the Contractor that may impact the provider network.

Refer to Section D, Paragraph 60, for additional submission requirements regarding system changes and upgrades.

45. ACCUMULATED FUND DEFICIT

The Contractor must review financial statements for accumulated fund deficits on a quarterly and annual basis. If at any time during the term of this Contract the Contractor determines that its funding is insufficient, it shall notify AHCCCS in writing and shall include in the notification recommendations on resolving the shortage. The Contractor, with AHCCCS, may request additional money from the Governor's Office of Strategic Planning and Budgeting. AHCCCS may, at its option, impose sanctions as a result of an accumulated deficit, even if unaudited.

46. ADVANCES, EQUITY DISTRIBUTIONS, AND LOANS

The Contractor shall not, without the prior approval of AHCCCS, make any advances, equity distributions, loans, loan guarantees, profit sharing agreements, or investments including, but not limited to those to related parties or affiliates including another fund or line of business within its organization. The Contractor shall not, without prior approval of AHCCCS, make individual or cumulative loans, loan guarantees, or advances to providers equal to or in excess of \$50,000 per Provider Tax Identification Number (TIN) within a contract year. The Contractor is required to report all repayment of advances, loans, loan guarantees, or investments as specified in Section F, Attachment F3, Contractor Chart of Deliverables and ACOM Policy 418. All requests for prior approval are to be submitted to AHCCCS as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Refer to ACOM Policy 418 for further information.

47. FINANCIAL VIABILITY STANDARDS

The Contractor must comply with the AHCCCS-established financial viability standards or any revisions or modifications of the standards, in conformance with the AHCCCS Financial Reporting Guide. On a quarterly basis, AHCCCS will review the following ratios with the purpose of monitoring the financial health of the Contractor: current ratio; medical loss ratio; and the administrative cost percentage [42 CFR 438.116 (a) and (b)].

Sanctions may be imposed if the Contractor does not meet these financial viability standards. AHCCCS will take into account the Contractor's unique programs for managing care and improving the health status of members when analyzing medical loss and administrative ratio results. However, if a critical combination of the Financial Viability Standards is not met, additional monitoring, such as monthly reporting, may be required.

FINANCIAL VIABILITY STANDARDS - CMDP	
<i>Current Ratio</i>	<p>Current assets less due from affiliates divided by current liabilities. "Current assets" includes any long-term investments that can be converted to cash within 24 hours without significant penalty (i.e., greater than 20%). All components of the calculation should include annual audit adjustments.</p> <p><i>Standard: At least 1.00</i></p> <p>Other Assets deemed restricted by AHCCCS are excluded from this ratio. See the AHCCCS Financial Reporting Guide for more information.</p>
<i>Medical Loss Ratio</i>	<p>Incurred claims plus expenditures for activities that improve health care quality, divided by premium revenue less Federal, State, and local taxes and licensing and regulatory fees. All components of the calculation should include annual audit adjustments. For additional information, refer to the AHCCCS Financial Reporting Guide.</p> <p><i>Standard: At least 85%</i></p>
<i>Administrative Cost Percentage</i>	<p>Total administrative expenditures – administrative expenditures for activities that improve health care quality included in the Medical Loss Ratio above, divided by premium revenue less Federal, State, and local taxes and licensing and regulatory fees. All components of the calculation should include annual audit adjustments. For additional information, refer to the AHCCCS Financial Reporting Guide.</p> <p><i>Standard: No more than 15%</i></p>

Medical Loss Ratio: The Contractor shall submit a Medical Loss Ratio (MLR) Report in compliance with 42 CFR 457.1203 and 42 CFR 438.8, as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Any retroactive changes to capitation rates after the Contract Year end will need to be incorporated into the MLR calculation. If the retroactive capitation rate adjustment occurs after the MLR report has been submitted to AHCCCS, a new report incorporating the change will be required to be submitted within 30 days of the capitation rate adjustment payment by AHCCCS. For additional information see the AHCCCS Financial Reporting Guide.

The Contractor shall submit annual audit adjustments with the draft and final audit packages and comply with all financial reporting requirements contained in Section F, Attachment F3, Contractor Chart of Deliverables and the AHCCCS Financial Reporting Guide. The required reports are subject to

change during the contract Term and are summarized in Section F, Attachment F3, Contractor Chart of Deliverables.

The Contractor shall comply with the financial viability standards, or any revisions or modifications of the standards, in conformance with the AHCCCS Financial Reporting Guide, Financial Ratios and Standards [42 CFR 438.116 (a) and (b), 42 CFR 438.3(m)].

The Contactor must submit unaudited financial information, including financial statements, in an Excel file through SharePoint via the Financial Reporting Package, and a flat file through the FTP server, as specified in Section F, Attachment F3, Contractor Chart of Deliverables. The Contractor must utilize both the AHCCCS prepared Excel template and the flat file specifications as specified in the AHCCCS Financial Reporting Guide.

49. CHANGE IN CONTRACTOR ORGANIZATIONAL STRUCTURE

When a State agency reorganization is required, resulting from an act of the Governor of the State of Arizona or the Arizona State Legislature, the Contractor shall submit prior notification and a detailed transition plan to AHCCCS, as specified in ACOM Policy 317 and Section F, Attachment F3, Contractor Chart of Deliverables. The purpose of the plan review is to ensure uninterrupted services to members, evaluate the new entity's ability to maintain and support the Contract requirements, ensure services to members are not diminished, and major components of the organization and AHCCCS programs are not adversely affected by such reorganization. A State agency reorganization may require a Contract amendment.

50. COMPENSATION

The method of compensation under this Contract will be Prior Period Coverage (PPC) capitation, prospective capitation, and reinsurance, as specified and defined within this Contract, special provisions for payment as specified and defined within this Contract, and appropriate laws, regulations and policies [42 CFR 438.6(b)(1)]. Final capitation rates are identified and developed, and payment is made in accordance with 42 CFR 438.3(c) [42 CFR 457.1201(c)]. Capitation payments may only be made by the State and retained by the Contractor for Medicaid-eligible members except for the administrative component of the State Only Transplants Option 1 and Option 2 specified below [42 CFR 438.3(c)(2)].

The Contractor shall comply with Rates and Reimbursement Guidance as directed by AHCCCS and subsequently made available on the AHCCCS website at:

<https://www.azahcccs.gov/PlansProviders/RatesAndBilling/ManagedCare/>

Refer to Section D, Paragraph 3, Enrollment and Disenrollment for information regarding Prior Period Coverage for members transitioning to Title XIX from RBHA Non-Title XIX/XXI eligibility.

Subject to the availability of funds, AHCCCS shall make payments to the Contractor in accordance with the terms of this Contract provided that the Contractor's performance is in compliance with the terms and conditions of this Contract. Payment must comply with requirements of A.R.S. Title 36. AHCCCS reserves the option to make payments to the Contractor by wire or National Automated Clearing House Association (NACHA) transfer and will provide the Contractor at least 30 days' notice prior to the effective date of any such change.

Where payments are made by electronic funds transfer, AHCCCS shall not be liable for any error or delay in transfer or indirect or consequential damages arising from the use of the electronic funds transfer process. Any charges or expenses imposed by the bank for transfers or related actions shall be borne by the Contractor. Except for adjustments made to correct errors in payment, and as otherwise specified in this Contract, any savings remaining to the Contractor as a result of favorable claims experience and efficiencies in service delivery at the end of the Contract term may be kept by the Contractor.

All funds received by Contractor pursuant to this Contract shall be separately accounted for in accordance with generally accepted accounting principles.

Except for monies received from the collection of third-party liabilities, the only source of payment to Contractor for the services provided hereunder is from funds under the control of AHCCCS. An error discovered by AHCCCS or any of the applicable oversight entities, with or without an audit, in the amount of fees paid to Contractor, with or without audit, will be subject to adjustment or repayment by AHCCCS via a recoupment from future payment(s) to the Contractor, or by making an additional payment to the Contractor. When the Contractor identifies an overpayment, AHCCCS must be notified and reimbursed within 30 days of identification [42 CFR 438.608(c)(3)].

No payment due the Contractor by AHCCCS may be assigned or pledged by the Contractor. This section shall not prohibit AHCCCS at its sole option from making payment to a fiscal agent hired by the Contractor.

Requests for Federal Financial Participation: The method of compensation under this Contract shall be capitation as specified herein. AHCCCS shall transfer the capitation payments, both federal and state match, to DCS, in accordance with General Accounting Office guidelines, the Cash Management Improvement Act (CFR 31, Part 205) and the State's Cash Management Improvement Act Contract provision.

Capitation Rate Development: Capitation rates are developed by AHCCCS according to the applicable provisions of 42 CFR Part 438 and applicable Actuarial Standards of Practice, and following generally accepted actuarial principles and practices. AHCCCS provides the following data to its actuaries to establish rates for the purposes of rebasing and/or updating the capitation rates:

1. Utilization and unit cost data derived from fully adjudicated and approved encounters, as well as individual encounter level detail as needed,
2. Both audited and unaudited financial statements [42 CFR 438.3(m)] reported by Contractors,
3. Market basket inflation trends,
4. AHCCCS Fee-For-Service schedule pricing adjustments (if applicable),
5. Historical and projected enrollment by risk group,
6. Programmatic or Medicaid covered service changes that affect reimbursement,
7. Additional administrative requirements for the Contractor that affect reimbursement.

AHCCCS adjusts its rates to best match payment to risk. This further ensures the actuarial basis for the capitation rates.

Additional elements that may be considered in capitation rate development include:

1. Reinsurance (as specified in Section D, Paragraph 53, Reinsurance),
2. Age/Gender,

3. Medicare enrollment,
4. Geographic Service Area adjustments,
5. Risk sharing arrangements for specific populations,
6. Member specific statistics, e.g. member acuity, member choice, member diagnosis, and
7. Supplemental information requested from Contractors.

The above information is reviewed by AHCCCS' actuaries in renewal years to determine if adjustments are necessary. A Contractor may cover services that are not covered under the State Plan or the A Section 1115 Demonstration Waiver Special Terms and Conditions approved by CMS; however those services are not included in the data provided to actuaries for setting capitation rates [42 CFR 438.6(e), Section 1903(i) and 1903(i)(17) of the Social Security Act]. Graduate Medical Education payments (GME) are not included in the capitation rates but are paid out separately consistent with the terms of Arizona's State Plan. Likewise, because AHCCCS does not delegate any of its responsibilities for administering Electronic Health Record (EHR) incentive payments to the Contractor, EHR payments are also excluded from the capitation rates and are paid out separately by AHCCCS pursuant to Section 4201 of the HITECH Act, 42 USC 1396b(t), and 42 CFR 495.300 et seq.

In instances in which AHCCCS has specialty contracts or legislation/policy limits the allowable reimbursement for certain services or pharmaceuticals, the amount to be used in the capitation rate setting process and reconciliations will be the lesser of the contracted/mandated amount or the Contractor paid amount.

Capitation rate development will not include costs for amounts expended for providers excluded by Medicare, Medicaid, or CHIP, except for emergency services.

The Contractor shall not provide any case management services to CMDP members that are covered under Contract via the Interagency Service Agreement between DCS and AHCCCS. AHCCCS shall recoup capitation payments, or withhold future capitation payments, for any duplicative case management services provided by CMDP and DCS.

Capitation Payments: The Contractor will be paid capitation for all prospective and PPC member months, including partial member months. This capitation includes the cost of providing medically necessary covered services to members. The Contractors will not receive PPC capitation for newborns of members who are enrolled at the time of delivery. There is no PPC capitation for members enrolled with the Contractor who are initially found eligible for AHCCCS through Hospital Presumptive Eligibility. These members will receive coverage of services during the PPC period through AHCCCS Fee-For-Service.

The Contractor will be denied payment for newly enrolled members when, and for so long as, payment for those members is denied by CMS under 42 CFR 438.730(e) [42 CFR 457.1270, 42 CFR 438.726(b), 42 CFR 438.700(b)(1)-(6), 42 CFR 438.730(e)(1)(i), 42 CFR 438.730(e)(1)(ii), Section 1903(m)(5)(B)(ii) of the Social Security Act].

The Contractor shall develop and maintain internal controls and systems to separately account for both AHCCCS-related revenue and expenses and non-AHCCCS-related revenue and expenses by type and program and develop and maintain internal controls to prevent and detect fraud, waste and program abuse. The Contractor shall separately account for all funds received under this Contract in conformance with the requirements in the AHCCCS Financial Reporting Guide [42 CFR 438.3(m)].

Reconciliation of Costs to Reimbursement: AHCCCS will reconcile the Contractor's total medical cost expenses (prospective and PPC) to total capitation paid (prospective and PPC) to the Contractor. For CYE21, this reconciliation will limit the Contractor's profits and losses as follows:

Profit	MCO Share	State Share	Max MCO Profit	Cumulative MCO Profit
<= 6%	100%	0%	6%	6%

Loss	MCO Share	State Share	Max MCO Loss	Cumulative MCO Loss
<= 2%	100%	0%	2%	2%

It is the intent of AHCCCS to review the limitation of profit and loss on an annual basis using a data driven approach. In order to ensure appropriate risk mitigation measures are in place, AHCCCS reserves the right to adjust upward and/or downward the profit and/or loss limits after the start of the Contract period via a Contract amendment and subject to CMS approval.

Premium Tax: A.R.S. §36-2905 and A.R.S. §36-2944.01 require that the Contractor report and pay premium tax quarterly to Department of Insurance and Financial Institutions (DIFI) based on Title XIX/XXI payments received from AHCCCS during the quarter being reported. Capitation payments, reinsurance payment, reconciling payments/recoupments, supplemental payments, cost settlements, and health insurance provider fee payments, will have the Premium Tax included in the payments/recoupments. Premium tax report(s) shall be due to DHCM as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Refer to ACOM Policy 304.

Special Provisions for Payments: In accordance with 42 CFR 438.6, the Contractor shall be eligible for incentive payments, shall participate in delivery system and provider payment initiatives, and shall pass-through payments to specified providers.

Incentive Arrangements: This Contract provides for the following incentive arrangement between AHCCCS and the Contractor:

The Alternative Payment Model (APM): Performance Based Payments (PBP) Initiative incorporates an incentive arrangement under which the Contractor may receive additional funds over and above the capitation rates by successfully meeting targets established by AHCCCS that are aimed at improving access to care. In accordance with ACOM Policy 307, AHCCCS will make performance-based payments as a lump-sum payment to the Contractor.

The Contractor shall comply with financial reporting transparency requirements for subcontractors as specified in ACOM Policy 307. For PBPs, the Contractor shall report the amounts retained by non-provider subcontractors and the amount paid to their providers, as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Refer to ACOM Policy 307.

The Contractor shall report standard quality measure and Medical Loss Ratio (MLR) outcomes by provider and in total by Contractor to compare quality of care and cost of care measures, as specified in Section F, Attachment F3, Contractor Chart of Deliverables. The Contractor shall submit data for prior contract periods as requested by AHCCCS. Refer to ACOM 307.

It is AHCCCS' intent beginning in CYE22, the Contractor shall align quality-based PBPs with the quality measures to be identified by AHCCCS to receive AHCCCS reimbursement.

It is AHCCCS' intent beginning CYE22, the Contractor shall allocate a specified percentage of planned PBP amounts to integrated practice providers and specialty behavioral health providers, as specified in ACOM Policy 307.

The Contractor shall not receive incentive payments in excess of 5% of the approved capitation payments attributable to the members or services covered by the incentive arrangement. These incentive arrangements:

1. Are for a fixed period of time and performance is measured during the rating period under the contract in which the incentive arrangement is applied,
2. Are not to be renewed automatically,
3. Are made available to both public and private contractors under the same terms of performance,
4. Do not condition Contractor participation in the incentive arrangement on the Contractor entering into or adhering to intergovernmental transfer agreements, and
5. Are necessary for the specified activities, targets, performance measures, or quality-based outcomes that support program initiatives as specified in the State's quality strategy at 42 CFR 438.340 [42 CFR 438.6(b)(2)].

Delivery System and Provider Payment Initiatives

42 CFR Sections 438.6(c) and 438.6(d) provide the State flexibility to implement delivery system and provider payment initiatives. AHCCCS reserves the right to utilize this flexibility to require Contractor participation in initiatives that may require certain payment levels and/or certain directed payments to providers to support State actions that are critical to ensuring timely access to high-quality care. AHCCCS will obtain prior written approval from CMS prior to implementation, if applicable, and Contractors will be required to implement, as directed by AHCCCS guidance. AHCCCS anticipates that most initiatives will involve payments to the Contractor outside of the monthly base capitation payments, made as a separate lump sum payment. AHCCCS will compute directed payment amounts and ensure the associated payments and/or capitation rates meet actuarial soundness requirements, as applicable.

Access to Professional Services Initiative: AHCCCS seeks to provide enhanced support to certain professionals in order to (1) preserve and enhance access to these professionals who deliver essential services to Medicaid members in Arizona and (2) support professionals who are critical to professional training and education efforts.

Access to Professional Services Initiative (APSI) is a program to preserve and promote access to medical services through a uniform percentage increase to the Contractor's rates for professional services provided by qualified physicians and non-physician professionals affiliated with designated hospitals who meet the definition specified in ACOM Policy 330. Federal regulation mandates that these payments be prior-approved by CMS before they shall be implemented. AHCCCS will notify the Contractor when CMS approves the APSI initiative. The rate increase is intended to supplement, not supplant, payments to Qualified Practitioners as defined in ACOM Policy 330.

AHCCCS will compute the Qualified Practitioners increase on a quarterly basis and will make available to the Contractor the associated amounts of payments owed. The Contractor will be paid outside of the monthly capitation payments through a separate payment. Requirements are further specified in ACOM Policy 330.

AHCCCS may amend the APSI components annually or during the contract period, and will provide guidance to the Contractor as applicable.

Pediatric Services Initiative: AHCCCS seeks to provide enhanced support to ensure the financial viability of the state's Qualified Children's Hospitals as defined in ACOM Policy 327.

Pediatric Services Initiative (PSI) is a program to preserve and promote access to medical services through a uniform percentage increase to the Contractor's rates for inpatient and outpatient services provided by Qualified Children's Hospitals. Federal regulation mandates that these payments be prior-approved by CMS before they shall be implemented. AHCCCS will notify the Contractor when CMS approves the PSI initiative. The rate increase is intended to supplement, not supplant, payments to Qualified Children's Hospitals as defined in ACOM Policy 327.

AHCCCS will compute the increase on a quarterly basis and will make available to the Contractor the associated amounts of payments owed. The Contractor will be paid outside of the monthly capitation payments through a separate payment. Requirements are further specified in ACOM Policy 327.

AHCCCS may amend the PSI components annually or during the contract period, and will provide guidance to the Contractor as applicable.

Differential Adjusted Payments: AHCCCS has introduced multiple Differential Adjusted Fee Schedules to distinguish providers who have committed to supporting designated actions that improve patients' care experience, improve members' health, and reduce cost of care growth. Federal regulation mandates that these payments be prior-approved by CMS before they shall be implemented. AHCCCS will notify the Contractor when CMS approves the Differential Adjusted Payments (DAPs). AHCCCS may amend the DAP components annually, including but not limited to, the qualifications, rate adjustments, and/or providers eligible for the increases. The Contractor will support the Rate Differential in accordance with 42 CFR 438.6(c)(1)(iii)(B). The DAPs effective October 1, 2020 require that the Contractor shall adjust payments for specific providers and provider types listed below, in addition to any AHCCCS fee for service rate changes adopted by the Contractor, to the qualified providers. This DAP increase to rates should be included on all payments made to qualified providers (including sub-capitation and block payment arrangements). These DAP payments are specified in the Public Notices and Opportunities for Public Comment – Rates and Supplemental Payment - DAP public notice documents "AHCCCS Differential Adjusted Payment (DAP) Activity CYE 2021 Final Public Notice May 27, 2020" as well as specified in any fee for service rate public notices that are applicable to the same time period posted to the AHCCCS website:.

https://www.azahcccs.gov/AHCCCS/Downloads/PublicNotices/rates/Final_DAP_Note_05272020.pdf

DAP rates apply to the following qualified providers:

1. Nursing Facilities (Provider Type 22),
2. Hospitals subject to APR-DRG Reimbursement (Provider Type 02),

3. Critical Access Hospitals (Provider Type 02),
4. Other Hospitals and Inpatient Facilities (Psychiatric Hospitals with the exception of public hospitals, Provider Type 71; Subacute Facilities (1-16 beds), Provider Type B5; Rehabilitation, Secure Residential Treatment Centers (17+ beds), Provider Type B1; Non-Secure Residential Treatment Centers (17+ beds), Provider Type B3; Subacute Facilities (17+ beds), Provider Type B6; Rehabilitation Hospitals, Provider Type C4; Long Term Acute Care Hospitals, Provider Type C4),
5. Integrated Clinics (Provider Type IC),
6. Physicians, Physician Assistants, and Registered Nurse Practitioners (Provider Types 08, 18, 19, and 31),
7. Dental Providers (Provider Types D1, D2, D3, D4, 07, 54),
8. Home and Community Based Services Providers (Provider Types A3, FI, IC, 23, 39, 40, 46, 77, and 95), and
9. Behavioral Health Outpatient Clinics (Provider Type 77).

AHCCCS will provide a reference file that will contain the qualified DAP providers, or a provider file for individual provider flags, for applicable DAP categories. In addition, AHCCCS will post listings of qualified providers by DAP category on the AHCCCS Fee-For-Service Fee Schedules - Differential Adjusted Payments - "Qualifying Provider" webpage on the AHCCCS website:

<https://www.azahcccs.gov/PlansProviders/RatesAndBilling/FFS/qualifyingproviders.html>

The Contractor shall utilize these files along with information specified in the DAP public notice on the AHCCCS website to increase the rates that the Contractor would otherwise pay by the appropriate percentage for contracted and non-contracted providers. For contracted providers, the DAP category is reflected as an increase in the provider contracted rates. For non-contracted providers not reimbursed at a provider specific rate, the applicable AHCCCS MCO fee schedule (also supplied as a reference file extract) shall be used as the default base rate to which the applicable increase or increase percentages shall be applied for the qualified providers. For non-contracted providers reimbursed at a provider specific rate, the AHCCCS supplied rates are reflective of the % increase.

Federally Qualified Health Centers: The Contractor shall pay the Prospective Payment System (PPS) rates to FQHCs as posted by AHCCCS. The FQHC PPS Fee Schedule includes any adjustments for FQHC Differential Adjusted Payment (FQHC DAP) as listed in the State Plan Amendment. Federal regulation mandates that payments including FQHC DAP be prior-approved by CMS before they are implemented. The Contractor shall support the Rate Differential in accordance with 42 CFR 438.6(c)(1)(iii)(B).

Hospital Enhanced Access Leading to Health Improvements Initiative: AHCCCS seeks to provide enhanced support to hospitals in order to preserve and enhance access to these facilities that deliver essential services to Medicaid members in Arizona. Hospital Enhanced Access Leading to Health Improvements Initiative (HEALTHII) is a program to preserve and promote access to medical services through an increase in the amounts specified by AHCCCS to the Contractor's reimbursement to contracted hospitals. Federal regulation mandates that these payments be prior-approved by CMS before they shall be implemented. AHCCCS will notify the Contractor when CMS approves the HEALTHII. Contractors shall not supplant contracted hospital reimbursement rates with payments made under the HEALTHII directed payment program. AHCCCS will compute the HEALTHII increase on a quarterly basis and will make available to the Contractor the associated amounts of payments owed. The Contractor will be paid outside of the monthly capitation payments through a separate payment. AHCCCS may

amend the HEALTHII components annually or during the contract period, and will provide guidance to the Contractor as applicable.

State Only Transplants Option 1 and Option 2: The Contractor will be paid as a lump-sum payment, from State Only funding, an administrative component for those member months the member is enrolled with the Contractor. For Option 1 members the Contractor will be paid the administrative component up to a 12-month continuous period of extended eligibility. For Option 2 members the administrative component will be paid for the period of time the transplant is scheduled or performed. All medically necessary covered services will be reimbursed 100% with no deductible through Reinsurance payments based on adjudicated encounters.

51. CAPITATION ADJUSTMENTS

Rate Adjustments: The rates set forth in Section B shall not be subject to renegotiation during the term of the Contract.

Rates are based on public or private payment rates for comparable services for comparable populations, consistent with actuarially sound principles as defined at 42 CFR 457.10 [42 CFR 457.1203(a)]. Capitation rates may be modified during the term of the Contract when changes to provisions in the Contract require adjustment to maintain actuarially sound rates. In addition, AHCCCS, at its sole discretion, may adjust capitation rates to address fundamental changes in circumstances such as:

1. Program changes,
2. Legislative requirements,
3. Updated encounter experience,
4. Rate setting assumptions, and
5. CMS Mandates.

If a capitation rate adjustment is determined necessary, the adjustment and assumptions may be discussed with the Contractor prior to modifying capitation rates. The Contractor may request a review of a program change if it believes the program change was not equitable; AHCCCS will not unreasonably withhold such a review.

The Contractor is responsible for notifying AHCCCS of program and/or expenditure changes initiated by the Contractor during the Contract term that may result in material changes to the current or future capitation rates.

Contractor Default: If the Contractor is in any manner in default in the performance of any obligation under this Contract, AHCCCS may, at its option and in addition to other available remedies, adjust the amount of payment until there is satisfactory resolution of the default.

Change in Member Status: The Contractor shall reimburse AHCCCS and/or AHCCCS may deduct from future monthly capitation for any portion of a month during which the Contractor was not at risk due to, for example:

1. Death of a member,
2. Inmate of public institution,
3. Duplicate capitation to the same Contractor,

4. Adjustment based on change in member's Contract type, or
5. Child was not eligible for CMDP as specified in A.R.S. §8-512.

AHCCCS reserves the right to modify its policy on capitation recoupments at any time during the term of this Contract.

Inmate of a Public Institution Reporting: Several Counties are submitting daily files of all inmates entering their jail and all inmates released. AHCCCS will match these files against the database of active AHCCCS members. AHCCCS members who become incarcerated will be disenrolled from their Contractor and placed in a "no-pay" status for the duration of their incarceration. Upon release from jail, the member will be re-enrolled with their previous Contractor unless that plan is no longer available to the member. If the plan the member was enrolled in prior to incarceration is no longer available, the member will be auto-assigned using the current enrollment rules. The Contractor will see the "IE" code for ineligible associated with the disenrollment. A member is eligible for covered services until the effective date of the member's "no-pay" status.

If the Contractor becomes aware of a member who becomes an inmate of a public institution and who is not identified in the AHCCCS reporting above, the Contractor must notify AHCCCS for an eligibility determination. Notifications must be sent via email to the following email address: MCDUJustice@azahcccs.gov.

Notifications must include:

1. AHCCCS ID,
2. Name,
3. Date of Birth (DOB),
4. When incarcerated, and
5. Where incarcerated.

The Contractor does **not** need to report members incarcerated with the Arizona Department of Corrections.

52. MEMBER BILLING AND LIABILITY FOR PAYMENT

AHCCCS registered providers may charge AHCCCS members for services which are excluded from AHCCCS coverage, which are provided in excess of AHCCCS limits, or as otherwise specified in A.A.C R9-28-701.10 (2).

Except for permitted copayments and calculated share of cost, the Contractor or its subcontractors must ensure that members are not held liable for:

1. The Contractor's or any subcontractor's debts in the event of Contractor's or the subcontractor's insolvency, [42 CFR 438.106(a), 42 CFR 438.606, 42 CFR 438.116, Section 1932(b)(6) of the Social Security Act], and
2. Covered services provided to the member except as permitted under A.A.C. R9-28-701.10(2), 42 CFR 457.1226, 42 CFR 457.1233(b), 42 CFR 438.106(b)(1)-(2) and (c), 42 CFR 438.3(k), 42 CFR 438.230(c)(1)-(2), Section 1932(b)(6) of the Social Security Act.

Payments to the Contractor or any subcontractors for covered services furnished under a contract, referral or other arrangement, to the extent that those payments are in excess of the amount the member would owe if the Contractor or any subcontractor provided the services directly [42 CFR 438.106(c), 42 CFR 438.3(k), 42 CFR 438.230, Section 1932(b)(6) of the Social Security Act].

53. REINSURANCE

Reinsurance is a stop-loss program provided by AHCCCS to the Contractor for the partial reimbursement of covered medical services for the Contract Year as specified in this paragraph. The reinsurance Contract Year is the year beginning on October 1 and ending on September 30. Reinsurance is paid for services incurred for a member beyond an annual deductible level. AHCCCS is self-insured for the reinsurance program which is characterized by an initial deductible level and a subsequent coinsurance percentage. The coinsurance percentage is the rate at which AHCCCS will reimburse the Contractor for covered services incurred above the deductible. The deductible is the responsibility of the Contractor. Deductible levels are subject to change by AHCCCS during the term of this Contract. Any change to the reinsurance deductibles would have a corresponding impact on capitation rates. Refer to the AHCCCS Reinsurance Policy Manual for further details on the Reinsurance Program.

AHCCCS will reimburse a Contractor for costs incurred in excess of the applicable deductible level and subject to coinsurance percentages and Medicare/Third Party Liability (TPL) payment, less any applicable quick pay discounts, slow payment penalties and interest. PPC and prospective expenses are included under the reinsurance program. For reimbursement of reinsurance encounters in subcapitated arrangements, refer to the AHCCCS Reinsurance Policy Manual.

Reinsurance as described in this paragraph applies to all members covered under this Contract.

The table below represents deductible and coinsurance levels. Refer to the specific case types below for coverage details.

Reinsurance Case Type	Deductible	Coinsurance
Regular Reinsurance	\$35,000	75%
Catastrophic Reinsurance	N/A	85%
Transplant and Other Case Types	Refer to specific paragraphs below	Refer to specific paragraphs below

Annual deductible levels apply to all members except for State Only Transplant members.

Regular Reinsurance: Regular reinsurance covers partial reimbursement of covered inpatient facility medical services. Reinsurance reimbursement is based upon the lesser of the AHCCCS transplant contract amount or the Contractor's paid amount, subject to coinsurance percentages. Inpatient services are those services provided in acute care hospitals (provider type 02), Specialty per diem hospital (provider type C4), and accredited psychiatric hospitals (provider type 71) only. Same-day admit-and-discharge services do not qualify for reinsurance. Regular reinsurance covers the inpatient provider types listed above, but does not cover services provided by any other inpatient provider type,

including but not limited to residential treatment centers and subacute facilities. Refer to the AHCCCS Reinsurance Policy Manual for additional details.

In certain situations as specified in the AHCCCS Reinsurance Policy Manual, per diem rates paid for nursing facility services provided within 30 days of an acute hospital stay, including room and board, provided in lieu of hospitalization for up to 90 days in any Contract Year shall be eligible for reinsurance coverage. The Skilled Nursing Facility stay must be the first continuous Skilled Nursing Facility stay post inpatient discharge. A second admission to the Skilled Nursing Facility is not eligible for reinsurance unless there is an additional Inpatient stay directly preceding the second admission.

Encounter Submission and Payments for Reinsurance: Contractors are reimbursed for reinsurance claims by submitting encounters that associate to a reinsurance case. All reinsurance associated encounters, except as provided below for "Disputed Matters" must reach an adjudicated/approved status within 15 months from the end date of service, or date of eligibility posting, whichever is later. For all reinsurance case types, for services or pharmaceuticals, in the instances in which AHCCCS has specialty contracts or legislation/policy limiting the allowable reimbursement, the amount to be used in the computation of reinsurance will be the lesser of the contracted/mandated amount or the Contractor paid amount.

Encounters for claims which cross over reinsurance Contract Years will not be eligible for reinsurance. The association of an encounter to a reinsurance case does not automatically qualify the encounter for reinsurance reimbursement.

The Contractor must void encounters for any claims that are recouped in full. For recoupments that result in a reduced claim value or any adjustments that result in an increased claim value, replacement encounters must be submitted and reach adjudicated/approved status within 15 months of end date of service to receive adjusted reinsurance benefits. Refer to the AHCCCS Reinsurance Policy Manual for further details. The Contractor should refer to Section D, Paragraph 61, Encounter Data Reporting, for encounter reporting requirements.

Catastrophic Reinsurance: The Catastrophic Reinsurance program encompasses members receiving certain biological drugs as well as those members who are diagnosed with Hemophilia, Von Willebrand's Disease, or Gaucher's Disease, as follows:

Biologics/High Cost Specialty Drugs: Catastrophic reinsurance is available to cover the cost of certain biologics or high cost specialty drugs when medically necessary. Refer to the AHCCCS Reinsurance Processing Manual for a complete list of the approved biologics high cost specialty drugs. When a biosimilar (generic equivalent) of a biologic/high cost specialty drug is available, and AHCCCS has determined that the biosimilar is more cost effective than the brand name biologic/high cost specialty product, AHCCCS will reimburse 85% of the lesser of the biologic/high cost specialty drug or its biosimilar equivalent for reinsurance purposes unless the biosimilar equivalent is contraindicated for a specific member. If the AHCCCS Pharmacy & Therapeutics (P&T) Committee mandates the utilization of only the brand name biologic/high cost specialty drug rather than the biosimilar, AHCCCS will reimburse 85% of the paid amount of the branded biologic/high cost specialty drug.

Hemophilia: Catastrophic reinsurance coverage is available for all members diagnosed with Hemophilia. AHCCCS holds a specialty contract for anti-hemophilic agents and related services

for Hemophilia or von Willebrand's. The Contractor shall exclusively utilize the AHCCCS contract for Hemophilia Factor and Blood Disorders as the authorizing payor. As such, the Contractor will provide prior authorization, care coordination, and reimbursement for all components covered under the Contract for their members. The Contractor will comply with the terms and conditions of the AHCCCS Contract. Reinsurance coverage for anti-hemophilic blood factors will be limited to 85% of the AHCCCS contracted amount or the Contractor's paid amount, whichever is lower.

Von Willebrand's Disease: Catastrophic reinsurance coverage is available for all members diagnosed with von Willebrand's Disease who are non-DDAVP responders and dependent on Plasma Factor VIII.

Gaucher's Disease: Catastrophic reinsurance is available for members diagnosed with Gaucher's Disease classified as Type I and are dependent on enzyme replacement therapy.

For additional detail and restrictions refer to the AHCCCS Reinsurance Policy Manual. There are no deductibles for catastrophic reinsurance cases. For members receiving biologic/high specialty drugs, AHCCCS will reimburse at 85% of the cost of the drug only. For those members diagnosed with Hemophilia, von Willebrand's Disease and Gaucher's Disease, all medically necessary covered services provided during the reinsurance Contract Year shall be eligible for reimbursement at 85% of the AHCCCS allowed amount or the Contractor's paid amount, whichever is lower, depending on the subcap/CN1 code indicated on the encounter.

Gene therapies will be evaluated on a case-by-case basis for members with hemophilia, von Willibrands, Gaucher's and all other disease states.

The Contractor shall notify AHCCCS of cases identified for catastrophic reinsurance coverage (Catastrophic Reinsurance Request), as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Catastrophic reinsurance will be paid for a maximum 30-day retroactive period from the date of notification to AHCCCS. For continuation of previously approved catastrophic reinsurance, the Contractor shall submit the Catastrophic Reinsurance Request and Catastrophic Reinsurance and Crossover Member List as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

Other Catastrophic Reinsurance: For all reinsurance case types other than transplants, the Contractor is reimbursed 100% for all medically necessary covered expenses provided in a reinsurance Contract Year, after the Contractor paid amount in the reinsurance case reaches \$1,000,000. It is the responsibility of the Contractor to notify the AHCCCS/DHCM, Reinsurance Supervisor, once a reinsurance case reaches \$1,000,000. Failure to notify AHCCCS or failure to adjudicate encounters appropriately within 15 months from the end date or service will disqualify the related encounters for 100% reimbursement consideration.

Payment of Regular and Catastrophic Reinsurance Cases: AHCCCS will reimburse a Contractor for costs incurred in excess of the applicable deductible level, subject to coinsurance percentages and Medicare/Third Party Liability (TPL) payment, less any applicable quick pay discounts, slow payment penalties and interest. For reimbursement of reinsurance encounters in subcapitated arrangements, see the AHCCCS Reinsurance Policy Manual.

All catastrophic claims are subject to medical review by AHCCCS.

Transplant Reinsurance: This program covers members who are eligible to receive AHCCCS covered major organ and tissue transplants. Refer to the AMPM Policy 310-DD and the AHCCCS Reinsurance Policy Manual for covered services and types of organ and tissue transplants. The Contractor shall notify AHCCCS when a member is referred to a transplant facility for evaluation for an AHCCCS-covered organ transplant. In order to qualify for reinsurance benefits, the Transplant Reinsurance Request must be received by AHCCCS as specified in Section F, Attachment F3, Contractor Chart of Deliverables. For continuation of previously approved transplant reinsurance, the Contractor shall submit Transplant Reinsurance Crossover Member List with members that have a component that crosses the contract year, notification to AHCCCS shall be submitted, as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

If a Contractor intends to use an out-of-state transplant facility for a covered transplant and AHCCCS holds an in-state contract for that transplant type, the Contractor must obtain prior approval from AHCCCS/DHCM, Medical Management. Depending on the unique circumstances of each approved out-of-state transplant, AHCCCS/DHCM, Finance/Reinsurance may consider, on a case-by-case basis, the Contractor's reinsurance coverage at 85% of the Contractor's paid amount for comparable case/component rates. If no prior approval is obtained, and the Contractor incurs costs at the out-of-state facility, those costs are not eligible for either transplant or regular reinsurance.

Payment of Transplant Reinsurance Cases: Reinsurance coverage for transplants received at an AHCCCS contracted facility is paid at the lesser of 85% of the AHCCCS Contract amount for the transplant services rendered or 85% of the Contractor's paid amount. Transplant contracts include per diem rates for inpatient follow-up care post-transplant (day 11+ for kidneys and day 61+ for all other transplants). Reinsurance for inpatient follow-up care post-transplant follows the regular reinsurance reimbursement, including a deductible requirement. Reinsurance coverage for transplants received at a non-AHCCCS contracted facility is paid the lesser of 85% of the lowest AHCCCS Contracted rate, for the same organ or tissue, or the Contractor paid amount. The AHCCCS Contracted transplant rates may be found on the AHCCCS website.

Reinsurance payments are linked to transplant encounter submissions. The Contractor is required to submit all supporting encounters for transplant services and additional documentation as identified in the AHCCCS Reinsurance Policy Manual. In order to receive reinsurance payment for transplant stages, billed amounts and health plan paid amounts for adjudicated encounters must equal the amounts on the required documentation submitted to AHCCCS. Timeliness for each component payment will be calculated based on the latest adjudication date for the complete set of encounters related to the component. Clean claims must be received no later than 15 months from the end date of service for each particular transplant stage. Refer to the AHCCCS Reinsurance Policy Manual for the appropriate billing of transplant services.

Transplant Extended Eligibility Option 1 and Option 2: Individuals who are currently on the transplant waiting list and subsequently lose eligibility may become eligible for and select one of two eligibility options. Extended eligibility is authorized only for members who have met all of the following conditions:

1. The individual has been determined ineligible due to excess income,
2. The individual was on the transplant waitlist before AHCCCS eligibility expired, and

3. The individual entered into a contractual arrangement with the transplant facility to pay the amount of income, which is in excess of the eligibility income standards (referred to as transplant share of cost).

Option 1: Extended eligibility is for one twelve-month continuous period of time. During that time, the member is eligible for all AHCCCS covered services including transplant as long as they continue to remain on the transplant waiting list. All medically necessary covered services provided to Option 1 members, unrelated to the transplant, shall be eligible for reimbursement, with no deductible, at 100% of the Contractor's paid amount based on adjudicated encounters. If determined medically ineligible for a transplant at any time during the period, eligibility for AHCCCS covered services will terminate at the end of the calendar month in which the determination is made.

Option 2: Extended eligibility covers transplant services only. At the time that the transplant is scheduled to be performed, the transplant candidate will reapply and will be re-enrolled with her/her previous Contractor to receive all covered transplant services.

Reinsurance coverage for State Only Option 1 and Option 2 members (as specified in Section D, Paragraph 3, Eligibility Categories) for transplants received at an AHCCCS Contracted facility is paid at the lesser of 1) 85% of the AHCCCS Contract amount for the transplantation services rendered less the transplant share of cost, or 2) 85% of the Contractor paid amount, less the transplant share of cost, refer to the AHCCCS Reinsurance Manual. For transplants received at a facility not contracted with AHCCCS, payment is made at the lesser of 100% of the lowest AHCCCS contracted amount for the transplant services rendered less the transplant share of cost, or 85% of the Contractor paid amount, less the transplant share of cost. All Option 1 and Option 2 transplants are subject to the terms regarding out of state transplants set forth above and in the AHCCCS Reinsurance Policy Manual. The AHCCCS contracted transplant rates may be found on the AHCCCS website. When a member is referred to a transplant facility for an AHCCCS-covered organ transplant, the Contractor shall notify AHCCCS as specified in the AMPM Policy 310-DD Attachment A.

Disputed Matters: For encounters which are the subject of a member appeal, provider claim dispute, grievance, or other legal action, including an informal resolution originating from a request for a formal claim dispute or member appeal, the Contractor has the greater of: 1) 90 days from the date of the final decision in that proceeding/action or 2) 15 months from the end date of service/date of eligibility posting to file the reinsurance encounter AND for the reinsurance encounter to reach adjudicated/approved status. Therefore, reinsurance encounters for disputed matters will be considered timely if both the Notice of Decision letter is received and the encounters reach adjudicated/approved status no later than 90 days from the date of the final decision in that proceeding/action even though the 15 month deadline may have expired.

Failure to submit the Notice of Decision and the encounters within the applicable timeframes specified above will result in the denial of reinsurance.

Reinsurance Audits: AHCCCS may perform medical audits on reinsurance cases. Terms of the audit process will be disclosed prior to implementation of the audits providing the Contractor with appropriate advance notice.

54. COORDINATION OF BENEFITS AND THIRD PARTY LIABILITY

AHCCCS is the payor of last resort unless specifically prohibited by applicable State or Federal law. This means AHCCCS shall be used as a source of payment for covered services only after all other sources of payment have been exhausted. The Contractor shall take reasonable measures to identify potentially legally liable third party sources. Refer to ACOM Policy 434.

If the Contractor discovers the probable existence of a liable third party that is not known to AHCCCS, or identifies any change in coverage, the Contractor must report the information within 10 days of discovery via the TPL Leads File or the TPL Referral Web Portal, as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Failure to report these cases may result in one of the remedies specified in Section D, Paragraph 68, Administrative Actions.

AHCCCS will provide the Contractor with a file of all other coverage information, for the purpose of updating the Contractor's files, as specified in the AHCCCS Technical Interface Guidelines (TIG).

The Contractor shall coordinate benefits in accordance with 42 CFR 433.135 et seq., A.R.S. §36-2903, and A.A.C. Title 9, Chapter 28, Article 9, so that costs for services otherwise payable by the Contractor are cost avoided or recovered from a liable third party [42 CFR 434.6(a)(9)]. The term "State" shall be interpreted to mean "Contractor" for purposes of complying with the Federal regulations referenced above. The Contractor may require subcontractors to be responsible for coordination of benefits for services provided pursuant to this Contract. The two methods used for coordination of benefits are Cost Avoidance and Post-Payment Recovery. The Contractor shall use these methods as specified in A.A.C. Title 9, Chapter 28, Article 9, Federal and State law, and ACOM Policy 434. For Contractor cost sharing responsibilities for members covered by both Medicare and Medicaid refer to ACOM Policy 201 [42 CFR 433 Subpart D, 42 CFR 447.20].

The Contractor shall cost avoid a claim if it has established the probable existence of a liable party at the time the claim is filed. There are limited circumstances when cost avoidance is prohibited and the Contractor must apply post-payment recovery processes as specified further below.

Cost Avoidance: For purposes of cost avoidance, establishing liability takes place when the Contractor receives confirmation that another party is, by statute, contract, or agreement, legally responsible for the payment of a claim for a healthcare item or service delivered to a member. If the probable existence of a party's liability cannot be established, the Contractor must adjudicate the claim. The Contractor must then utilize post-payment recovery which is specified in further detail below. If AHCCCS determines that the Contractor is not actively engaged in cost avoidance activities, the Contractor shall be subject to sanctions.

If a third party insurer other than Medicare requires the member to pay any copayment, coinsurance or deductible, the Contractor is responsible for making these payments in accordance with ACOM Policy 434.

Claims for inpatient stay for labor, delivery and postpartum care, including professional fees when there is no global OB package, must be cost avoided [42 CFR 433.139].

Medicare Fee-for-Service Crossover Claims Payment Coordination: AHCCCS delegates to Contractors coordination of benefits payment activities with legally liable third parties, including Medicare. For dual

eligible members, the Contractor shall coordinate Medicare Fee-For-Service (FFS) crossover claims payment activities with the Medicare Benefits Coordination and Recovery Center (BCRC) in accordance with [42 CFR 438.3(t)].

The Contractor shall be registered with the BCRC as an AHCCCS trading partner to electronically process Medicare FFS crossover claims. An Attachment to the existing AHCCCS Medicare FFS Coordination of Benefits Agreement (COBA) shall be executed by Contractors and AHCCCS to register with the BCRC as a trading partner. Upon completion of the registration process, the BCRC shall issue each Contractor a unique COB ID number upon completion of BCRC readiness review activities.

Upon receipt of its BCRC COB ID number, the Contractor shall coordinate with BCRC regarding the electronic exchange and transmission of necessary BCRC-provided data files and file layouts, including eligibility and claim data files to coordinate payment of Medicare FFS crossover claims only.

Further information and resources for Contractors regarding the Medicare FFS cross-over claims process and BCRC requirements are available on the BCRC webpage: www.cms.gov/Medicare/Coordination-of-Benefits-and-Recovery/Coordination-of-Benefits-and-Recovery-Overview/Overview.html

Timely Filing: The Contractor shall not deny a claim for timeliness if the untimely claim submission results from a provider's efforts to determine the extent of liability.

Members Covered by both Medicare and Medicaid (Duals): See Section D, Paragraph 56, Medicare Services and Cost Sharing.

Post-Payment Recoveries: Post-payment recovery is necessary in cases where the Contractor has not established the probable existence of a liable third party at the time services were rendered or paid for, was unable to cost-avoid, or post-payment recovery is required. In these instances, the Contractor must adjudicate the claim and then utilize post-payment recovery processes which include: Pay and Chase, Retroactive Recoveries Involving Commercial Insurance Payor Sources, and other third party liability recoveries. Refer to ACOM Policy 434 for further guidance.

Pay and Chase: The Contractor shall pay the full amount of the claim according to the AHCCCS Capped-Fee-For-Service Schedule or the contracted rate and then seek reimbursement from any third party if the claim is for the following:

1. Preventive pediatric services, including Early and Periodic Screening Diagnosis and Treatment (EPSDT) and administration of vaccines to children under the Vaccines for Children (VFC) program, or
2. Services covered by third party liability that are derived from an absent parent whose obligation to pay support is being enforced by the Division of Child Support Enforcement.

Retroactive Recoveries Involving Commercial Insurance Payor Sources: For a period of two years from the date of service, the Contractor shall engage in retroactive third party recovery efforts for claims paid to determine if there are commercial insurance payor sources that were not known at the time of payment. In the event a commercial insurance payor source is identified, the Contractor must seek recovery from the commercial insurance. The Contractor is prohibited from recouping related payments from providers, requiring providers to take action, or requiring the involvement of providers in any way unless the provider was paid in full from both the Contractor and the commercial insurance.

Refer to ACOM Policy 434 for details regarding retroactive recoveries, encounter adjustments as a result of retroactive recoveries, and the processes for identifying claims that have a reasonable expectation of recovery.

Other Third Party Liability Recoveries: The Contractor shall identify the existence of potentially liable parties using a variety of methods, including referrals, and data mining. The Contractor shall not pursue recovery in the following circumstances, unless the case has been referred to the Contractor by AHCCCS or AHCCCS' authorized representative:

1. Motor Vehicle Cases,
2. Other Casualty Cases,
3. Tort feasons,
4. Restitution Recoveries, and
5. Worker's Compensation Cases.

Upon identification of a potentially liable third party for any of the above situations, the Contractor shall, within 10 business days, report the potentially liable third party to AHCCCS' TPL Contractor for determination of a mass tort, total plan case, or joint case, specified in Section F, Attachment F3, Contractor Chart of Deliverables. Failure to report these cases may result in one of the remedies specified in Section D, Paragraph 68, Administrative Actions. A mass tort case is a case where multiple plaintiffs or a class of plaintiffs have filed a lawsuit against the same tort feason(s) to recover damages arising from the same or similar set of circumstances (e.g. class action lawsuits) regardless of whether any reinsurance or Fee-For-Service payments are involved. A total plan case is a case where payments for services rendered to the member are exclusively the responsibility of the Contractor; no reinsurance or Fee-For-Service payments are involved. By contrast, a "joint" case is one where Fee-For-Service payments and/or reinsurance payments are involved. The Contractor shall cooperate with AHCCCS' authorized representative in all collection efforts.

Total Plan Cases: In "total plan" cases, the Contractor is responsible for performing all research, investigation, the mandatory filing of initial liens on cases that exceed \$250, lien amendments, lien releases, and payment of other related costs in accordance with A.R.S. §36-2915 and A.R.S. §36-2916. The Contractor shall use the AHCCCS-approved casualty recovery correspondence when filing liens and when corresponding to others in regard to casualty recovery. The Contractor may retain up to 100% of its recovery collections if all of the following conditions exist:

1. Total collections received do not exceed the total amount of the Contractor's financial liability for the member,
2. There are no payments made by AHCCCS related to Fee-For-Service, reinsurance or administrative costs (e.g. lien filing), and
3. Such recovery is not prohibited by State or Federal law.

Prior to negotiating a settlement on a total plan case, the Contractor shall notify AHCCCS or AHCCCS' authorized TPL Contractor to ensure that there is no reinsurance or Fee-For-Service payment that has been made by AHCCCS. Failure to report these cases prior to negotiating a settlement amount may result in one of the remedies specified in Section D, Paragraph 68, Administrative Actions.

The Contractor shall report settlement information to AHCCCS, utilizing the AHCCCS-approved casualty recovery Settlement Notification Form (refer to ACOM Policy 434), within 10 business days from the settlement date or in an AHCCCS-approved monthly file, as specified in Section F, Attachment F3, Contractor Chart of Deliverables. Failure to report these cases may result in one of the remedies specified in Section D, Paragraph 68, Administrative Actions.

Joint and Mass Tort Cases: AHCCCS' authorized representative is responsible for performing all research, investigation and payment of lien-related costs, subsequent to the referral of any and all relevant case information to AHCCCS' authorized representative by the Contractor. In joint and mass tort cases, AHCCCS' authorized representative is also responsible for negotiating and acting in the best interest of all parties to obtain a reasonable settlement and may compromise a settlement in order to maximize overall reimbursement, net of legal and other costs. The Contractor is responsible for responding to requests from AHCCCS or AHCCCS' TPL contractor to provide a list of claims related to the joint or mass tort case within 10 business days of the request.

The Contractor will be responsible for their prorated share of the contingency fee. The Contractor's share of the contingency fee will be deducted from the settlement proceeds prior to AHCCCS remitting the settlement to the Contractor.

Other Reporting Requirements: All TPL reporting requirements are subject to validation through periodic audits and/or Operational Reviews which may include Contractor submission of an electronic extract of the casualty cases, including open and closed cases. Data elements may include, but are not limited to: the member's first and last name, AHCCCS ID, date of incident, claimed amount, paid/recovered amount, and case status. The AHCCCS TPL Unit shall provide the format and reporting schedule for this information to the Contractor.

Title XXI (KidsCare) and Breast and Cervical Cancer Treatment Program: Eligibility for KidsCare and Breast and Cervical Cancer Treatment Program (BCCTP) benefits require that the applicant/member not be enrolled with any other creditable health insurance plan. If the Contractor becomes aware of any such coverage, the Contractor shall notify AHCCCS immediately. AHCCCS will determine if the other insurance meets the creditable coverage definition in A.R.S. §36-2982(G).

Cost Avoidance/Savings/Recoveries Report: The Contractor shall submit quarterly reports regarding cost avoidance/saving/recovery activities, as specified in Section F, Attachment F3, Contractor Chart of Deliverables. The report shall be submitted in a format as specified in the AHCCCS Program Integrity Reporting Guide.

Contract Termination: Upon termination of this Contract, the Contractor shall complete existing third party liability cases or make any necessary arrangements to transfer the cases to AHCCCS' authorized TPL representative.

55. COPAYMENTS

The Contractor is required to comply with A.A.C. R9-22-711, ACOM Policy 431, and other direction by AHCCCS. Those populations exempt from copayments or subject to non-mandatory (also known as nominal or optional) copayments may not be denied services for the inability to pay the copayment [42 CFR 438.108]. However, for those populations subject to mandatory copayments services may be denied for the inability to pay the copayment. Members with a CRS qualifying condition are currently exempt from mandatory and optional copayments.

Medicare Services: Dual eligible members shall have choice of all providers in the Contractor's network. The Contractor shall coordinate Medicare services based on a dual eligible member's coverage choices through either Original, a Medicare Advantage Plan, Medicare or a State-contracted Medicare Advantage Dual Eligible Special Needs Plan with prescription drug coverage (a Medicare Advantage Part C D-SNP that covers Medicare Parts A, B and D services).

Certain Medicare covered Part B preventive services are available to dual eligible members at little or no out of pocket cost. Refer to www.medicare.gov for further information.

Medicare Cost Sharing: The Contractor must pay Medicare coinsurance and/or deductibles for covered services provided to dual eligible members within the Contractor's network.

However, there are different cost sharing responsibilities that apply to dual eligible members based on a variety of factors. The Contractor must limit their cost sharing responsibility according to A.A.C. R9-29-301 and A.A.C. R9-29-302 and as further specified in ACOM Policy 201. Refer to Section D, Paragraph 9, Scope of Services, *Prescription Medications*, coverage of Medicare Part D medications.

In Original Medicare, a dual eligible member may access Medicare services from any provider participating in Medicare. Dual eligible members who choose to obtain Medicare-covered services from a "non-participating" Medicare provider may be required to pay for the entire charge at the time of service, which may be greater than the Medicare-approved amount. Dual eligible members are to be encouraged to obtain Medicare covered services from participating Medicare providers that accept "assignment," the Medicare-approved amount as payment in full for Medicare covered services.

For a dual eligible member enrolled in a Medicare Advantage Plan or a State-contracted Medicare Advantage D-SNP for Medicare covered services, the dual eligible member must follow the Medicare Advantage Plan or D-SNP's rules as approved by CMS, including but not limited to those governing use of the plan's provider network in obtaining covered services.

When a dual eligible member is in a medical institution and that stay is funded by Medicaid for a full calendar month, the dual eligible member is not required to pay copayments for their Medicare covered prescription medications for the remainder of the calendar year. To ensure appropriate information is communicated for these members to CMS, the Contractor must, notify AHCCCS pursuant to ACOM Policy 201 and as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

60. SYSTEMS AND DATA EXCHANGE REQUIREMENTS

AHCCCS supports new and evolving technologies to create efficiencies; improve the quality of care and which lead to better health care outcomes while containing costs. Examples of such technologies, supported, in part, by the Health Information Technology for Economic and Clinical Health Act (HITECH) include the use of health information technology in electronic health records (EHRs), e-prescribing, and a Health Information Exchange (HIE) infrastructure. Expanding technological capability is expected to reduce total spending on health care by diminishing the number of inappropriate tests, duplicate procedures, paperwork and administrative overhead, which will result in fewer adverse events. The use of health information technology for health care service delivery and health care management is critical to the effectiveness in the following areas:

1. Access to care,
2. Care coordination,
3. Prescribing practices, for example, poly-pharmacy,
4. Evidence based care,
5. Medical management programs,
6. EPSDT services,
7. Coordination with community services,
8. Referral management,
9. Discharge planning,
10. Performance measures,
11. Performance improvement projects,
12. Medical record review,
13. Quality of care review processes,
14. Quality improvement,
15. Claims processing,
16. Claims review, and
17. Prior authorization.

The Contractor is required to exchange data with AHCCCS relating to the information requirements of this Contract and as required to support the data elements to be provided to AHCCCS. All data exchanged must be in the formats prescribed by AHCCCS, which includes those required/covered by the Health Insurance Portability and Accountability Act (HIPAA). Details for the formats may be found in the draft HIPAA Transaction Companion Guides, Trading Partner Agreements, the AHCCCS Encounter Manual and in the AHCCCS Technical Interface Guidelines (TIG), available on the AHCCCS website.

The information exchanged with AHCCCS shall be in accordance with all procedures, policies, rules, or statutes in effect during the term of this Contract. If any of these procedures, policies, rules, regulations or statutes are hereinafter changed, both parties agree to conform to these changes following appropriate notification by AHCCCS.

Electronic Transactions: The Contractor is required to accept and generate all required HIPAA compliant electronic transactions from or to any provider or their assigned representative interested in and capable of electronic submission of eligibility verifications, claims, claims status verifications or prior authorization requests; or the receipt of electronic remittance. The Contractor must be able to make claims payments via electronic funds transfer and have the capability to accept electronic claims attachments.

Electronic Visit Verification: Pursuant to Section 1903 of the Social Security Act (42 U.S.C. 1396b), AHCCCS is mandated to implement Electronic Visit Verification (EVV) for non-skilled in-home services and home health services. The Contractor is required to monitor member access to care and provider compliance standards as directed by AHCCCS.

Contractor Data Exchange: Before a Contractor may exchange data with AHCCCS, certain agreements, authorizations and control documents are required, including the completion and submission of the EDI Trading Partner Agreement in order to exchange data with AHCCCS.

With the completion of required documents as specified in the AHCCCS Encounter Manual, each Contractor is assigned a Transmission Submitter Number (TSN) for encounter submissions. The Contractor may elect to obtain additional TSNs based upon processing or tracking needs.

Contractor Responsibilities: The Contractor is responsible for any incorrect data, delayed submission or payment (to the Contractor or its subcontractors), and/or penalty applied due to any error, omission, deletion, or incorrect data submitted by the Contractor. Any data that does not meet the standards required by AHCCCS shall not be accepted by AHCCCS.

The Contractor is required to provide an attestation that any data transmitted is accurate, complete, and truthful, to the best of the Contractor's Chief Executive Officer, Chief Financial Officer or designee's knowledge under penalty of perjury [42 CFR 438.606] as specified by AHCCCS in the HIPAA Transaction Companion Guides and Trading Partner Agreements [42 CFR 438.606, 42 CFR 457.1201(o), 42 CFR 457.1201(n)(2)].

Neither the State of Arizona nor AHCCCS shall be responsible for any incorrect or delayed payment to the Contractor's subcontractors resulting from error, omission, deletion, or erroneous input data caused by the Contractor in the submission of AHCCCS claims.

The Contractor is also responsible for identifying any inconsistencies immediately upon receipt of data from AHCCCS. If any unreported inconsistencies are subsequently discovered, the Contractor shall be responsible for the necessary adjustments to correct its records at its own expense.

Member Data: The Contractor shall accept from AHCCCS original evidence of eligibility and enrollment in the AHCCCS prescribed electronic data exchange formats. Upon request, the Contractor shall provide to AHCCCS PCP assignments in an AHCCCS prescribed electronic data exchange format.

Claims Data: This system must be capable of collecting, storing, and producing information for the purposes of financial, medical, and operational management.

The Contractor shall develop and maintain a HIPAA compliant claims processing and payment system capable of processing, cost avoiding and paying claims in accordance with A.R.S. §36-2903 and §36-2904 and A.A.C. R9-28-701.10. The system must be adaptable to updates in order to support future AHCCCS claims related policy requirements on a timely basis as needed.

On a recurring basis, monthly based on adjudication date, AHCCCS shall provide the Contractor an electronic file of claims and encounter data for members enrolled with the Contractor who have received services that adjudicated from another contractor or through AHCCCS FFS for purposes of member care coordination. Data sharing will comply with Federal privacy regulations.

In addition, the Contractor shall implement and meet the following milestones in order to make claims processing and payment more efficient and timely:

1. Receive 85% of total claims (e.g. professional, institutional and dental), with a minimum 60% requirement by form type, based on volume of actual claims excluding claims processed by Pharmacy Benefit Managers (PBMs) electronically,
2. Produce and distribute 75% of remittances electronically, and
3. Provide 85% of claims payments via EFT.

AHCCCS intends to increase the percentage requirements over the term of the Contract.

System Changes and Upgrades: The costs of software changes are included in administrative costs paid to the Contractor. There is no separate payment for software changes. A PMMIS systems contact will be assigned to the Contractor after Contract award.

The Contractor shall ensure that changing or making major upgrades to the information systems affecting claims processing, payment or any other major business component, is accompanied by a plan which includes a timeline, milestones, and outlines adequate testing to be completed before implementation. The Contractor shall notify and provide the system change plan to AHCCCS for review and comment as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

Health Insurance Portability and Accountability Act: The Contractor shall comply with the Administrative Simplification requirements of 45 CFR Parts 160 and 162 that are applicable to the operations of the Contractor by the dates required by implementing Federal Regulations as well as all subsequent requirements and regulations as published.

Data Security: The Contractor is required to have a security audit performed by an independent third party on an annual basis. The annual audit report must be submitted to AHCCCS as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

The audit must include, at a minimum, a review of Contractor compliance with security requirements as specified in the AHCCCS Security Rule Compliance Summary Checklist, as specified in ACOM Policy 108. In addition, the audit must include a review of Contractor policies and procedures to verify that appropriate security requirements have been adequately incorporated into the Contractor's business practices, and the production processing systems.

The audit must result in a findings report and as necessary a corrective action plan, detailing all issues and discrepancies between the security requirements and the Contractor's policies, practices and systems. The corrective action plan must also include timelines for corrective actions related to all issues or discrepancies identified. The annual report must include the findings and corrective action plan and must be submitted to AHCCCS for review and approval. AHCCCS will verify that the required audit has been completed and that approved remediation plans are in place and being followed.

Health Information Exchange: The Contractor is required to join the membership organization, Arizona Health Current, a non-profit organization which provides a secure network ("The Network") for Health Information Exchange (HIE). As a participant of The Network, the Contractor shall be identified by The Network as a "data user" and is expected to become a "data supplier" over time, as required by AHCCCS.

To further the integration of technology based solutions and the promotion of interoperability of electronic health records within the system of care, AHCCCS will increase opportunities for providers and Contractors to utilize technological functions for processes that are necessary to meet Medicaid requirements. Expanding the adoption and use of health information technology may reduce total spending on health care by diminishing the number of inappropriate tests and procedures, reducing paperwork and administrative overhead, and decreasing the number of adverse events resulting from medical errors. The Contractor is expected to collect data from providers in standardized formats to the extent feasible and will actively participate in offering information and providing provider support and education to further expand provider adoption and use of health information technology. It is AHCCCS' expectation that the Contractor review operational processes to reduce provider hassle factors by implementing technological solutions for those providers utilizing electronic health records and to incentivize providers to implement and meaningfully use health information technology as a standard of doing business with the AHCCCS program. AHCCCS also anticipates establishing minimum standards, goals and requirements related to operational areas where improved efficiencies or effectiveness could be achieved. AHCCCS anticipates accelerating statewide Health Information Exchange (HIE) participation for all Medicaid providers and Contractors by:

1. Requiring that behavioral health and physical health providers use The Network for secure sharing of clinical information between physical and behavioral health providers,
2. Administering an HIE onboarding program for high volume Medicaid hospitals, Federally Qualified Health Centers, Rural Health Clinics, Look-a-Like clinics and other eligible groups of Medicaid providers,
3. Supporting the acceleration of electronic prescribing by Arizona Medicaid providers,
4. Joining the State level HIE for governance, policy making, and information technology service offerings, and
5. Identifying Value-Based purchasing opportunities that link with a provider's adoption and use of Health Information Technology (HIT).

The Contractor shall encourage providers that are participating in the Medicaid EHRS Incentive Program (i.e. eligible hospitals and eligible professionals) to continue to move through the Promoting Interoperability continuum, accelerate the participation of other provider types in their network, and participate in planning activities that will result in improved care coordination and health care delivery for members.

The Contractor is expected to collaborate with AHCCCS and a qualifying HIE Organization to target efforts to specific areas where HIT and HIE can bring significant change and progress including efforts focused on:

1. Coordinating the secure sharing of clinical health information between providers,
2. Identifying additional partnerships for integrated care among other health care delivery participants,
3. Identifying and implementing strategies for high need/high cost members,
4. Coordination of care for members who are enrolled in the American Indian Health Program (AIHP),
5. Coordination of care for members who are transitioning between AHCCCS and Qualified Health Plans,
6. Coordination of care for AHCCCS eligible and enrolled members involved in transitioning in or out of the Justice system,
7. Care coordination,
8. Pharmacy management,
9. Quality improvement activities and reporting as identified by the Contractor or AHCCCS, and
10. Other activities as identified by AHCCCS and that are allowed under the Permitted Use Policy of the Qualifying HIE Organization.

To support HIE recruitment activities, AHCCCS and Arizona Health Current worked together to create a list of High Volume providers for each Contractor as a tool that supports targeted recruitment of providers. This report was run March 31, 2020. As an alternative to establishing another contract deliverable report, Arizona Health Current proposes an annual health plan goal (10% improvement) with a focus on High/Med High providers joining the HIE. Each Contractor's goal would be the focus of collaboration meetings between key plan staff and Arizona Health Current, with specific strategies, outreach materials and meetings with plan providers to support their recruitment efforts.

Contractor performance to the 10% goal is measured by number of High/Med High/Medium Volume providers (with a focus on High/Medium High) who execute a Arizona Health Current Participation Agreement for the 12-month period ending March 31, 2021. Arizona Health Current will monitor progress of enrolling higher volume providers on each Contractor's list and submit a monthly progress report to AHCCCS.

The Contractor is responsible for achieving a 10% increase in the number of higher volume providers participating in the HIE, with a significant focus on recruiting the High/Medium High groups as identified in AHCCCS' High Volume Office Visit Report. The baseline is established as of the March 30, 2020 High Volume Office Visit Report. Arizona Health Current will monitor progress of enrolling higher volume providers on each Contractor's list and submit a monthly progress report to AHCCCS to determine if the Contractor achieved its recruitment goal.

Interoperability for Payers: The Contractor shall implement requirements applicable to payers in the CMS "Interoperability and Patient Access for Medicare Advantage Organization and Medicaid Managed Care Plans, State Medicaid Agencies, CHIP Agencies and CHIP Managed Care Entities, Issuers of Qualified Health Plans on the Federally-facilitated Exchanges, and Health Care Providers" final rule (CMS-9115-F) as published in the Federal Register on May 1, 2020 (85 FR 25510). The Contractor shall implement: Section III-Patient Access Application Programming Interface (API) (effective January 1, 2021, with enforcement date of July 1, 2021), Section IV-Provider Directory API (effective January 1, 2021, with enforcement date of July 1, 2021), and Section V-Payer to Payer Data Exchanges (effective January 1, 2022).

The Contractor shall implement these interoperability requirements in accordance with the applicable specifications of the Office of the National Coordinator's (ONC's) "21st Century Cures Act: Interoperability, Information Blocking, and the ONC Health IT Certification Program" companion final rule as published in the Federal Register on May 1, 2020 (85 FR 25642), effective June 30, 2020.

61. ENCOUNTER DATA REPORTING

Complete, accurate, and timely reporting of encounter data is crucial to the success of the AHCCCS program. AHCCCS uses encounter data to pay reinsurance benefits, set Fee-For-Service and capitation rates, determine disproportionate share payments to hospitals, and to determine compliance with performance standards. Furthermore, increased emphasis on encounter data is highlighted in the Medicaid Managed Care Regulations published on May 6, 2016.

The Contractor shall submit encounter data to AHCCCS for all services for which the Contractor incurred a financial liability and claims for services eligible for processing by the Contractor where no financial liability was incurred including services provided during prior period coverage [42 CFR 457.1233(d), 42 CFR 457.1285, 42 CFR 438.242(c)(1)-(4), 42 CFR 438.604(a)(1)-(4), 42 CFR 438.606, CFR 438.8, 42 CFR 438.818]. This requirement is a condition of the CMS grant award [42 CFR 438.242(b)(1) and 42 CFR 455.1 (a)(2)].

New Contractors must successfully exchange encounter data for all applicable form types with AHCCCS no later than 120 days after the start of the Contract or be subject to possible corrective actions up to and including sanctions and enrollment caps.

Encounter Submissions: Encounters must be submitted in the format prescribed by AHCCCS. Encounter data must be provided to AHCCCS as specified in the HIPAA Transaction Companion Guides, Trading Partner Agreements, the AHCCCS Technical Interface Guidelines (TIG) and the AHCCCS Encounter Manual, including, but not limited to, inclusion of data to identify the physician who delivers services to patients per Section 1903(m)(2)(A)(xi) of the Social Security Act.

Professional, Institutional, and Dental Encounters not involving services eligible for Federal Drug Rebate processing shall be received by AHCCCS no later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. Failure to submit encounters within 210 days may result in sanctions as specified in the AHCCCS Encounter Manual.

Covered outpatient drugs dispensed to individuals eligible for medical assistance who are enrolled with the Contractor shall be subject to the same rebate requirements as the State is subject under Section 1927 of the Social Security Act; the State shall collect such rebates from manufacturers. (Section 1903(m)(2)(A)(xiii) of the Social Security Act and SMDL 10-006). To ensure AHCCCS compliance with this requirement, pharmacy related encounter data and other encounters involving services eligible for Federal Drug Rebate processing must be provided to AHCCCS no later than 30 days after the end of the quarter in which the pharmaceutical item was dispensed. The Contractor must report information on the total number of units of each dosage form and strength and package size by National Drug Code of each covered outpatient drug dispensed (other than covered outpatient drugs that under subsection (j)(1) of Section 1927 of the Social Security Act 42 USCS §1396r-8 are not subject to the requirements of that Section) and such other data as required by AHCCCS (Section 1903(m)(2)(A)(xiii) of the Social Security Act and SMDL 10-006).

The Contractor's health plan paid amount per pharmacy encounter that is submitted to AHCCCS shall be equal to the adjudicated and approved reimbursement amount between the PBM and the PBM's network pharmacy or in an emergent situation, a reimbursement made to a non-network pharmacy. A network pharmacy includes hospital outpatient, retail, compounding, specialty, long-term care pharmacies, or any other pharmacy type included in the PBM's Pharmacy Network.

A Contractor shall prepare, review, verify, certify, and submit, encounters for consideration to AHCCCS. Upon submission, the Contractor must provide attestation that the services listed were actually rendered.

The Contractor shall be subject to sanctions for noncompliance with encounter submission completeness, accuracy and timeliness requirements.

Encounter Reporting: The Contractor must produce reports for the purposes of tracking, trending, reporting process improvement and monitoring submissions and revisions of encounters. The Contractor shall submit these reports to AHCCCS as required per the AHCCCS Encounter Manual, TIG, or as directed by AHCCCS and as further specified in Section F, Attachment F3, Contractor Chart of Deliverables.

On a monthly basis AHCCCS will produce encounter reconciliation files containing the prior 30 months of approved, voided, plan-denied, pended and AHCCCS-denied encounters received and processed by AHCCCS. These files must be utilized to compare the encounter financial data reported with plan claims data, and to compare submitted encounters to processed claims to validate completeness of encounter submissions.

Encounter Supporting Data Files: AHCCCS provides the Contractor with periodic (no less than twice monthly) full replacement files containing provider and medical coding information as stored in PMMIS. These files shall be used by the Contractor in conjunction with the Contractor's data to ensure accurate Encounter Reporting. Refer to the AHCCCS Encounter Manual or TIG for further information regarding the content and layouts of these files.

Encounter Corrections: The Contractor is required to monitor and resolve pended encounters and encounters denied by AHCCCS.

The Contractor is further required to submit replacement or voided encounters in the event that claims are subsequently corrected following the initial encounter submission. This includes corrections as a result of inaccuracies identified by fraud and abuse audits or investigations conducted by AHCCCS or the Contractor. The Contractor must void encounters for claims that are recouped in full. For recoupments that result in a reduced claim value or adjustments that result in an increased claim value, replacement encounters must be submitted. Refer to the AHCCCS Encounter Manual for instructions regarding the submission of corrected, replaced, or voided encounters.

Encounter Performance Standards: AHCCCS has established encounter performance standards as detailed in the AHCCCS Encounter Manual. All encounters, including, approved, pended, denied and voided encounters, impact completeness, accuracy and timeliness rates. Rates below the established standards (pended encounters that have pended for more than 120 days for example), or poor encounter performance overall, may result in Corrective Action Plans and/or sanctions.

Encounter Validation Studies: Per CMS requirements, AHCCCS will conduct encounter validation studies of the Contractor's encounter submissions. These studies may result in sanction of the Contractor and/or require a corrective action plan for noncompliance with related encounter submission requirements.

The purpose of encounter validation studies is to compare recorded utilization information from a medical record or other source with the Contractor's submitted encounter data. Any and all covered services may be validated as part of these studies. The criteria used in encounter validation studies may include timeliness, correctness, and omission of encounters. Refer to the AHCCCS Encounter Data Validation Technical Document for further information.

AHCCCS may revise study methodology, timelines, and sanction amounts based on agency review or as a result of consultations with CMS. The Contractor will be notified in writing of any significant change in study methodology.

62. ENROLLMENT AND CAPITATION TRANSACTION UPDATE

AHCCCS produces daily enrollment transaction updates identifying new members and changes to existing members' demographic, eligibility and enrollment data as specified in the HIPAA Transaction Companion Guides, Trading Partner Agreements, and the AHCCCS Technical Interface Guidelines (TIG) available on the AHCCCS website. These files shall be utilized by the Contractor to update its member records on a timely and consistent basis. The daily enrollment transaction update, that is run prior to the monthly enrollment and capitation transaction, is referred to as the "last daily" and will contain all rate code changes made for the prospective month, as well as any new enrollments and disenrollments as of the first of the prospective month.

AHCCCS also produces a daily Manual Payment Transaction as specified in the TIG, available on the AHCCCS website, which identifies enrollment or disenrollment activity that was not included on the enrollment transaction update due to internal edits. The Contractor shall use the Manual Payment Transaction in addition to the daily enrollment transaction update to update its member records.

A daily capitation transaction as specified in the HIPAA Transaction Companion Guides, and Trading Partner Agreements, will be produced to provide the Contractor with member-level capitation payment information. This file will show changes to the prospective capitation payments, as sent in the monthly file, resulting from enrollment changes that occur after the monthly file is produced. This file will also identify mass adjustments to and/or manual capitation payments that occurred at AHCCCS after the monthly file is produced.

On a daily and monthly basis AHCCCS provides the Contractor with the Rate Code Summary electronic file as specified in the TIG, available on the AHCCCS website, which summarizes the capitation activity for the processing cycle.

The enrollment and capitation transaction updates distributed monthly are generally produced two days before the end of every month. The update will identify the total active population for the Contractor as of the first day of the next month. These updates contain the information used by AHCCCS to produce the monthly capitation payment for the next month. The Contractor must reconcile the member files (including the member's Medicare status, TPL information, etc.) with the AHCCCS monthly update. After reconciling the monthly update information, the Contractor will work to resolve any discrepancies and

record the results of the reconciliation. Results of the reconciliation will be made available to AHCCCS upon request. After completion of the reconciliation the Contractor will resume posting daily updates beginning with the last two days of the month. The last two daily updates are different from the regular daily updates in that they pay and/or recoup capitation for the next month. If the Contractor detects an error through the monthly update process, the Contractor shall notify AHCCCS/ISD.

63. PERIODIC REPORTING REQUIREMENTS

Under the terms and conditions of its CMS grant award, AHCCCS requires periodic reports, encounter data, and other information from the Contractor. AHCCCS requirements regarding reports, including but not limited to, report content, report frequency, and report submission, are subject to change at any time during the term of the Contract. The Contractor shall comply with all changes specified by AHCCCS, including those pertaining to subcontractor reporting requirements. The Contractor shall be responsible for continued reporting beyond the term of the Contract.

64. REQUESTS FOR INFORMATION

AHCCCS may, at any time during the term of this Contract, request financial, clinical or other information from the Contractor. Responses shall fully disclose all financial, clinical or other information requested. Information may be designated as confidential but may not be withheld from AHCCCS as proprietary. Information designated as confidential may not be disclosed by AHCCCS without the prior written consent of the Contractor except as required by law. Upon receipt of such requests for information from AHCCCS, the Contractor shall provide complete information to AHCCCS as requested no later than 10 business days after the receipt of the request unless otherwise specified in the request itself.

If the Contractor believes the requested information is confidential and may not be disclosed to third parties, the Contractor shall provide a detailed legal analysis to AHCCCS, within the timeframe designated by AHCCCS, setting forth the specific reasons why the information is confidential and describing the specific harm or injury that would result from disclosure. In the event that AHCCCS withholds information from a third party as a result of the Contractor's statement, the Contractor shall be responsible for all costs associated with the nondisclosure, including but not limited to legal fees and costs.

65. DISSEMINATION OF INFORMATION

Upon request, the Contractor shall disseminate information prepared by AHCCCS or the Federal government to its members and subcontractors. All costs shall be the responsibility of the Contractor.

Coronavirus Disease of 2019 Coronavirus Disease of 2019 Information: AHCCCS is responding to an outbreak of respiratory illness, called Coronavirus Disease of 2019 (COVID-19), caused by a novel (new) coronavirus. On March 11, Governor Doug Ducey issued a Declaration of Emergency and an Executive Order regarding the COVID-19 outbreak in Arizona, and subsequent Executive Orders with further administrative actions. On March 17, 2020 and March 24, 2020, AHCCCS submitted requests to the Centers for Medicare and Medicaid Services (CMS) to waive certain Medicaid and KidsCare requirements in order to ensure ongoing access to care over the course of the COVID-19 outbreak. As of March 23, AHCCCS has received federal approval to implement programmatic changes to help ensure access to health care for vulnerable Arizonans. To address Medicaid-related questions from providers and contractors about COVID-19, AHCCCS has developed a list of Frequently Asked Questions Regarding Coronavirus Disease 2019 (COVID-19), updated regularly as more information becomes available. As a result of flexibilities and changes made in response to the COVID-19 emergency, information presented in some FAQs will not align with various provisions set forth in the AHCCCS Medical Policy Manual (AMPM), the AHCCCS Contractor Operation Manual (ACOM) Policies; the AHCCCS billing requirements; and/or other AHCCCS directives. In these instances the FAQs take precedence and are controlling. The Contractor may refer to the COVID-19 FAQs at the following link: <https://azahcccs.gov/AHCCCS/AboutUs/covid19FAQ.html>.

Homeless Management Information System: AHCCCS is considering a relationship with the Continuum of Care (CoC) to gain access to the *Homeless Management Information Systems* (HMIS) in order to identify AHCCCS members who are homeless. AHCCCS would then share this information with Contractors to provide early intervention and medically necessary services.

As part of this effort, AHCCCS will work with Contractors to identify opportunities and requirements for Contractors and related housing network providers.

Section 1115 Demonstration Waiver: As part of the Agency's initiatives to improve and modernize the Medicaid program, AHCCCS continues to work with CMS on various pending waiver requests. Waiver approvals may necessitate changes to the terms of this Contract which will be executed through a Contract amendment, if necessary. Refer to the AHCCCS website for pending Waiver proposals and amendments.

Social Determinants of Health: AHCCCS' Whole Personal Care Initiative is the next system innovation following integration to continue to enhance the service delivery system to focus on the impact social factors can have on a person's health and well-being. Contractors are expected to expand existing efforts with the provider network to screen for social risk factors of members, incorporate ICD-10 social determinant diagnosis codes on claims, properly refer members to community-based resources to address the social needs and document the completion of the referral and services provided.

72. VALUE-BASED PURCHASING

Value-Based Purchasing (VBP) is a cornerstone of AHCCCS' strategy to bend the upward trajectory of health care costs. AHCCCS is implementing initiatives to leverage the managed care model toward value-based health care systems where members' experience and population health are improved, per-capita health care cost is limited to the rate of general inflation through aligned incentives with managed care organization and provider partners, and there is a commitment to continuous quality improvement and learning. The Contractor shall participate in Value-Based Purchasing VBP efforts.

E-Prescribing: E-Prescribing is an effective tool to improve members' health outcomes and reduce costs as specified in ACOM Policy 321. Benefits afforded by the electronic transmission of prescription-related information include, but are not limited to: reduced medication errors, reductions of drug and allergy interactions and therapeutic duplication, and increased prescription accuracy. The Contractor shall increase its E-Prescribing rate of original prescriptions in accordance with ACOM Policy 321.

The NCPDP Prescription Origin Code and Fill Number (Original or Refill Dispensing) must be submitted on all pharmacy encounter records, as specified in the AHCCCS NCPDP Post Adjudicated History Transaction Companion Guide, in order for AHCCCS to measure the Contractor's success.

Centers of Excellence: Centers of Excellence are facilities and/or programs that are recognized as providing the highest levels of leadership, quality, and service. Centers of Excellence align physicians and other providers to achieve higher value through greater focus on appropriateness of care, clinical excellence, and patient satisfaction. Identification of a Center of Excellence shall be based on criteria such as procedure volumes, clinical outcomes, and treatment planning and coordination. Identification of appropriate conditions and/or procedures most suitable to a relationship with a Center of Excellence shall be based on analysis of the Contractor's data which demonstrates a high degree of variance in cost and/or outcomes.

Children's System of Care: The Contractor shall contract with Centers of Excellence which implement evidence based practices and track outcomes for the following children with special healthcare needs:

1. Children aged birth to five with behavioral health needs: Staffed with specialists who are endorsed by the Infant Toddler Mental Health Coalition of Arizona (ITMHCA) or other Endorsement program recognized under the Alliance for the Advancement of Infant Mental Health (formerly the League of States using the Michigan Association for Infant Mental Health Endorsement®),

The Contractor shall identify the Centers of Excellence under contract for the contract year being reported and shall include a description as to how these Centers were selected. See below for report details. The report shall be included in the Provider Network Development and Management Plan as required under ACOM Policy 415, and submitted annually to AHCCCS/DHCM, as specified in Section F, Attachment F3, Contractor Chart of Deliverables.

In the event of such termination, the Contractor shall have no further obligation to AHCCCS.

48. TERMINATION FOR CONFLICT OF INTEREST

Decision makers on grievance and appeals of adverse benefit determinations take into account all comments, documents, records, and other information submitted by the member or their representative without regard to whether such information was submitted or considered in the initial adverse benefit determination [42 CFR 457.1260, 42 CFR 438.406(b)(2)(iii), 42 CFR 438.228(a)]. 13. A member must file a grievance with the Contractor and the member is not permitted to file a grievance directly with AHCCCS [42 CFR 457.1260, 42 CFR 438.402(c)(3)(i)].
14. The Contractor shall address identified issues as expeditiously as the member's condition requires and must resolve each grievance within 10 business days of receipt, absent extraordinary circumstances. However, no grievances shall exceed 90 days for resolution. Contractor decisions on member grievances cannot be appealed [42 CFR 457.1260, 42 CFR 438.408(a), 42 CFR 438.408(b)(1) and (3)].
15. The Contractor responds to a grievance in writing, if a member requests a written explanation of the resolution, and the response must be mailed within 10 business days of resolution of the grievance.

19. Define a service authorization request as a request by the member, the representative, or a provider for a physical or behavioral health service for the member which requires Prior Authorization (PA) by the Contractor [42 CFR 438.210]. The Contractor shall ensure completion of the service authorization request decision within the timeframe applicable to the particular type of the authorization request: 1) authorization requests for medications and 2) authorization requests that do not involve medications. The Contractor shall process standard and expedited authorization requests as service authorization requests that do not involve medications. The Contractor shall process service authorization requests pertaining to medications according to the timeframes applicable to medication requests and not according to the standard or expedited timeframes used for non-medication service authorization requests.

20. Define a standard authorization request for standard authorization decisions not involving medications: A standard authorization request is a request for a service that is not a medication and which does not meet the definition of an expedited service authorization request. For standard service authorization requests, the date the Contractor receives the request is considered the date of receipt and is used to determine the due date for completion of the decision. For standard authorization decisions (those not involving medications), the Contractor must provide a Notice of Adverse Benefit Determination to the member as expeditiously as the member's health condition requires, but not later than 14 calendar days following the receipt of the authorization request, regardless of whether the 14th day falls on a weekend (Saturday and Sunday) or legal holiday as defined by the State of Arizona, with a possible extension of up to 14 additional calendar days if the member or provider requests an extension or if the Contractor establishes a need for additional information and the delay is in the member's best interest [42 CFR 457.1260, 42 CFR 457.1230(d), 42 CFR 438.210(d)(1)(i)-(ii), 42 CFR 438.404(c)(3)-(4)]. The Notice of Adverse Benefit Determination must comply with the advance notice requirements when there is a termination or reduction of a previously authorized service or when there is a denial of an authorization request and the physician asserts that the requested service/treatment is a necessary continuation of a previously authorized service.

21. Define an expedited authorization request for expedited authorization decisions not involving medications: An expedited authorization request is a request for a service that is not a medication in which either the requesting provider indicates, or the Contractor determines, that following the standard timeframes for issuing an authorization decision could seriously jeopardize the member's life or health or ability to attain, maintain, or regain maximum function. For expedited authorization decisions (those not involving medications), the Contractor must provide a Notice of Adverse Benefit Determination to the member as expeditiously as the member's health condition requires, but not later than 72 hours following the receipt of the authorization request, regardless of whether the 72 hour deadline falls on a weekend (Saturday and Sunday) or legal holiday as defined by the State of Arizona, with a possible extension of up to 14 calendar days if the member or provider requests an extension or if the Contractor establishes a need for additional information and the delay is in the member's interest [42 CFR 457.1260, 42 CFR 457.1230(d), 42 CFR 438.210(d)(2)(i)-(ii), 42 CFR 438.404(c)(6)].

22. For service authorization decisions for medications, the Contractor must provide a Notice of Adverse Benefit Determination no later than 24 hours from receipt of the authorization request regardless of whether the due date for the medication authorization decision falls on a weekend (Saturday and Sunday) or legal holiday as defined by the State of Arizona. If the prior authorization request for the medication lacks sufficient information for the Contractor to render a decision for the medication, the Contractor shall send a request for additional information to the prescriber no later than 24 hours from receipt of the request. The Contractor must provide the Notice of Adverse Benefit Determination no later than seven business days from the initial date of the authorization request [42 CFR 438.3(s)].
23. The Contractor shall ensure that the date/hour it receives the request, whichever is applicable, is considered the date/time of receipt of the service authorization request. The Contractor may use electronic date stamps or manual stamping for logging the receipt.
24. Define an Adverse Benefit Determination as set forth below [42 CFR 438.400(b)] and permit a member, or their designated representative, to file an appeal of an Adverse Benefit Determination taken by the Contractor. Adverse Benefit Determinations are any of the following:
 - a. Denial or limited authorization of a requested service, including determinations based on the type or level of service, requirements for medical necessity, appropriateness, setting, or effectiveness of a covered benefit,
 - b. Reduction, suspension, or termination of a previously authorized service,
 - c. Denial, in whole or in part, of payment for a service,
 - d. Failure to provide services in a timely manner, as defined by the State,
 - e. Failure to act within the timeframes provided in 42 CFR 457.1260 and 42 CFR 438.408(b)(1)-(2) required for standard resolution of appeals and standard disposition of grievances,
 - f. Denial of a rural member's request to obtain services outside the Contractor's network under 42 CFR 438.52(b)(2)(ii), when the Contractor is the only Contractor in the rural area, and
 - g. Denial of a member's request to dispute a financial liability, including cost sharing, copayments, premiums, deductibles, coinsurance, or other member financial liabilities.
25. The Notice of Adverse Benefit Determination for a service authorization decision that is not completed within the standard, expedited, or medication authorization request timeframes, whichever is applicable, will be made on the date that the timeframes expire [42 CFR 438.404(c)(5)]. If the Contractor extends the timeframe to make a standard or expedited authorization decision, the Contractor must give the member written notice of the reason to extend the timeframe and inform the member of the right to file a grievance if the member disagrees with the decision. The Contractor must issue and carry out its decision as expeditiously as the member's health condition requires and no later than the date the extension expires [42 CFR 457.1260, 42 CFR 457.1230(d), 42 CFR 438.210(d)(1)(ii), 42 CFR 438.404(c)(4)(i)-(ii)].
26. The Contractor shall notify the requesting provider, in writing, of the decision to deny or reduce a service authorization request.

For service authorization decisions, the Contractor shall also ensure that the Notice of Adverse Benefit Determination provides the member with advance notice and the right to request continued benefits for all terminations and reductions of a previously authorized service and for denials when the physician asserts that the requested service/treatment which has been denied is a necessary continuation of a previously authorized service [42 CFR 438.404(c)(1), 42 CFR 431.211, 42 CFR 438.404(c)(1), 42 CFR 431.214, 42 CFR 438.404(c)(2)].

The Notice of Adverse Benefit Determination must explain: 1) the Adverse Benefit Determination the Contractor has taken or intends to take, 2) the reasons for the Adverse Benefit Determination including the right of the member to be provided upon request, and at no charge, reasonable access to copies of all documents, records and other information related to the Adverse Benefit Determination; this information includes medical necessity criteria, any processes, strategies or evidentiary standards used in setting coverage limits, 3) the member's right to file an appeal with the Contractor, 4) the procedures for exercising these rights, 5) circumstances when expedited resolution is available and how to request it and 6) the member's right to receive continued benefits pending resolution of the appeal, how to request continued benefits and the circumstances under which the member may be required to pay for the cost of these services. 31. Define an expedited appeal as an appeal in which the Contractor determines (for a request from a member) or the Provider indicates (when making the request for the member or in support of the member's request) that taking the time for standard resolution could seriously jeopardize the member's life, physical or mental health, or ability to attain, maintain, or regain maximum function. The Contractor shall resolve all expedited appeals as expeditiously as the member's health condition requires but not later than 72 hours from the date the Contractor receives the expedited appeal (unless an extension is in effect) [42 CFR 438.408(a), 42 CFR 438.408(b)(3)]. The Contractor shall make reasonable efforts to provide oral notice to a member regarding an expedited resolution appeal [42 CFR 457.1260, 42 CFR 438.408(d)(2)(ii)].  - ii. A denial and the physician asserts that the requested service/treatment is a necessary continuation of a previously authorized service.
 - c. The member's services were ordered by an authorized provider.
 - d. When the appeal was filed, the period covered by the original authorization has not expired, AND
 - e. The member files a request for continuation of benefits on or before the later of the following:
 - i. Within 10 calendar days of the Contractor sending the notice of Adverse Benefit Determination, or
 - ii. The intended effective date of the Contractor's proposed Adverse Benefit Determination.
44. If, at a member's request benefits are continued or are reinstated while the appeal or State fair hearing is pending, the Contractor shall continue benefits until one of the following occur [42 CFR 438.420(c)(1)-(3), 42 CFR 438.408(d)(2)]:

The Contractor may, consistent with AHCCCS policy on recoveries and as specified in Contract, recover the cost of continued services furnished to the member while the appeal or state fair hearing was pending if the final resolution of the appeal or state fair hearing upholds the Contractor's Adverse Benefit Determination [42 CFR 438.420(d), 42 CFR 431.230(b)].

45. The Contractor shall continue extended benefits originally provided to the member until any of the following occurs: 1) the member withdraws the appeal or request for State fair hearing, 2) the member has not specifically requested continued benefits pending a hearing decision within 10 calendar days of the Contractor mailing of the appeal resolution notice, or 3) AHCCCS issues a State fair hearing decision adverse to the member.

47. If the Contractor or the State fair hearing decision reverses a decision to deny, limit or delay services not furnished during the appeal or the pendency of the hearing process, the Contractor shall authorize or provide the services as expeditiously as the member's health condition requires but no later than 72 hours from the date it receives the notice reversing the determination [42 CFR 457.1260, 42 CFR 438.424(a)]. Services must be authorized within the above timeframe irrespective of whether the Contractor contests the decision.
48. If the Contractor or State fair hearing decision reverses a decision to deny authorization of services and the disputed services were received pending appeal, the Contractor shall pay for those services, as specified in policy and/or regulation [42 CFR 457.1260, 42 CFR 438.424(b)].
49. If the Contractor or the Director's Decision reverses a decision to deny, limit, or delay authorization of services, and the member received the disputed services while the appeal was pending, the Contractor shall process a claim for payment from the provider in a manner consistent with the Contractor's or Director's Decision and applicable statutes, Rules, policies, and contract terms. The provider shall have 90 days from the date of the reversed decision to submit a clean claim to the Contractor for payment. For all claims submitted as a result of a reversed decision, the Contractor is prohibited from denying claims for un-timeliness if they are submitted within the 90 day timeframe. The Contractor is also prohibited from denying claims submitted as a result of a reversed decision because the member failed to request continuation of services during the appeals/hearing process: a member's failure to request continuation of services during the appeals/hearing process is not a valid basis to deny the claim.
50. If the Contractor or State fair hearing decision upholds a decision to deny authorization of services and the disputed services were received pending the appeal or State fair hearing decision, the Contractor may recover the cost of those services from the member.
