

Mercy Care Long Term Care Plan

**Operational Review
Contract Year 2019**

July 3, 2019

Conducted by the Arizona Health Care Cost Containment System

AHCCCS OPERATIONAL REVIEW EXECUTIVE SUMMARY CY 2019

INTRODUCTION

The Arizona Health Care Cost Containment System (AHCCCS) has served Arizona's most needy since 1982. The Agency's vision is "to shape tomorrow's managed care... from today's experience, quality and innovation." As a component of achieving this vision, AHCCCS regularly reviews its Contractors to ensure that their operations and performance are in compliance with Federal and State law; rules and regulations; and the AHCCCS Contract. The reviewers use a process approved by the Centers for Medicare and Medicaid Services (CMS) based upon the terms of the contract with AHCCCS.

The primary objectives of the Mercy Care Long Term Care Plan (MCP LTC) CY 2019 Operational Review are to:

- Determine if the Contractor satisfactorily meets AHCCCS' requirements as specified in Contract, AHCCCS policies, Arizona Revised Statute, the Arizona Administrative Code and 42 CFR Part 438, Managed Care,
- Increase AHCCCS knowledge of the Contractor's operational encounter processing procedures,
- Provide technical assistance and identify areas where improvements can be made; as well as identifying areas of noteworthy performance and accomplishments,
- Review progress in implementing recommendations made during prior reviews,
- Determine if the Contractor is in compliance with its own policies and to evaluate the effectiveness of those policies and procedures,
- Perform Contractor oversight as required by the CMS in accordance with AHCCCS' 1115 waiver, and
- Provide information to an External Quality Review Organization (EQRO) for its use as described in 42 CFR 438.364.

AHCCCS conducted an onsite review of Mercy Care LTC from April 22, 2019 through April 24, 2019.

A copy of the draft version of this report was provided to the Contractor on June 5, 2019. MCP LTC was given a period of one week in which to file a challenge to any findings it did not feel were accurate based on the evidence available at the time of review. This final report represents any changes made as a result of this request.

AHCCCS OPERATIONAL REVIEW EXECUTIVE SUMMARY CY 2019

Upon issuance of the report, the Contractor is required to maintain the confidentiality of the information, including the standard criteria and findings of the Review Team until such time as AHCCCS determines; in order to maintain the integrity of the process until all Contractors have been reviewed.

AHCCCS OPERATIONAL REVIEW EXECUTIVE SUMMARY CY 2019

SCORING METHODOLOGY

The CY 2019 Operational Review is organized into Standard Areas. Depending on the program contracts awarded, the Contractor may be evaluated in up to twelve Standard Areas. For the CY 2019 Operational Review, these Standard Areas are:

- Case Management (CM)
- Corporate Compliance (CC)
- Claims and Information Systems (CIS)
- Delivery Systems (DS)
- General Administration (GA)
- Grievance Systems (GS)
- Adult, EPSDT and Maternal Child Health (MCH)
- Medical Management (MM)
- Member Information (MI)
- Quality Management (QM)
- Reinsurance (RI)
- Third Party Liability (TPL)

Each Standard Area consists of several Standards designed to measure the Contractor's performance. A Contractor may receive up to a maximum possible score of 100 percent for each Standard measured in the CY 2019 Operational Review. Within each Standard are specific scoring detail criteria worth a defined percentage of the total possible score. AHCCCS totals the percentages awarded for each scoring detail into the Standard's total score. Using the sum of all applicable Standard total scores, AHCCCS then developed an overall Standard Area Score.

In addition, a Standard may be scored Not Applicable (N/A) if it does not apply to the Contractor and/or there were no instances in which the requirement applied.

Contractors must complete a Corrective Action Plan (CAP) for any Standard where the total score is less than 95 percent.

AHCCCS OPERATIONAL REVIEW EXECUTIVE SUMMARY CY 2019

Based on the findings of the review, one of three Required Corrective Action statements were made:

The Contractor must...	This indicates critical non-compliance in an area that must be corrected as soon as possible to be in compliance with the AHCCCS contract.
The Contractor should...	This indicates non-compliance in an area that must be corrected to be in compliance with the AHCCCS contract, but is not critical to the everyday operation of the Contractor.
The Contractor should consider...	This is a suggestion by the Review Team to improve operations of the Contractor, although it is not directly related to contract compliance.
