

June 26, 2023

The Honorable Katie Hobbs  
Governor of Arizona  
1700 W Washington  
Phoenix, Arizona 85007

The Honorable Warren Petersen, President  
Arizona State Senate  
1700 W Washington  
Phoenix, Arizona 85007

The Honorable Ben Toma, Speaker  
Arizona House of Representatives  
1700 W Washington  
Phoenix, Arizona 85007

Dear Governor Hobbs, President Petersen, and Speaker Toma:

Pursuant to A.R.S. 36-2023(C)(6), AHCCCS is required to submit an annual report on its Substance Use Disorder (SUD) treatment programs. This report for 2022's annual reporting includes the names and locations of each program, the amount and sources of funding for each program, the number of clients who received services during the preceding fiscal year, the demographic descriptions of clients served, and a population description of client problems addressed by the programs, including the types of substances used. This report also includes a summary of the numbers and types of services available and provided during the preceding fiscal year and an evaluation of the results achieved by the programs.

If you have any questions regarding this report, please feel free to contact me at (602) 417-4711.

Sincerely,

Carmen Heredia  
Director

Cc:

Sarah Brown, Director, Governor's Office of Strategic Planning and Budgeting  
Richard Stavneak, Director, Joint Legislative Budget Committee  
Zaida Dedolph Piccoro, Health Policy Advisor, Office of the Governor

**Annual Report:**  
**Substance Use Treatment Programs**  
**State Fiscal Year 2022**

**July 1, 2021 to June 30, 2022**

**June 2023**

**Carmen Heredia, Director**

## Background

The Arizona Health Care Cost Containment System (AHCCCS) is the single state Medicaid agency for the State of Arizona. In that capacity, it is responsible for operating the Title XIX and Title XXI programs through the State's 1115 Research and Demonstration Waiver, which was granted by the Centers for Medicare and Medicaid Services (CMS), U.S. Department of Health and Human Services (HHS). As of November 2022, AHCCCS provides coverage to approximately 2.4 million members in Arizona. AHCCCS also administers several Non-Title XIX programs through federal grant funds received from the Substance Abuse and Mental Health Services Administration (SAMHSA) under HHS.

AHCCCS has conducted an assessment of its Substance Use Disorder (SUD) treatment programs and services in accordance with the requirements outlined in Arizona Revised Statutes (A.R.S) §36-2023(C)(6):

*Prepare an annual report on drug abuse treatment programs in this state that receive monies from the administration to be submitted by January 1 of each year to the governor, the president of the senate, and the speaker of the house of representatives and to be made available to the general public through the Arizona drug and gang prevention resource center. The report shall include:*

- (a) The name and location of each program.*
- (b) The amount and sources of funding for each program.*
- (c) The number of clients who received services during the preceding fiscal year.*
- (d) A description of the demographic characteristics of the client population served by each program, including age groups, gender and ethnicity.*
- (e) A description of client problems addressed by the programs, including the types of substances abused.*
- (f) A summary of the numbers and types of services available and provided during the preceding fiscal year.*
- (g) An evaluation of the results achieved by the programs.*

In preparation of this report, AHCCCS receives updated information on substance use treatment programs and the services they provided within the report period from AHCCCS Complete Care (ACC) Plans, including those with Regional Behavioral Health Agreements (ACC-RBHAs), and Tribal RBHAs (TRBHAs). Updated information includes but is not limited to provider name and basic information (address, phone number, etc.), levels of care offered (detoxification, residential, outpatient, Medication-Assisted Treatment (MAT), etc.), and funding sources received.

While Title XIX/XXI funds provide for most of the treatment services, several Non-Title XIX/XXI funding sources are utilized to increase and expand services to individuals in need across the state. Funds are used to increase behavioral health services to Medicaid members and provide treatment services to individuals who otherwise would not have access to such care (i.e. uninsured or underinsured). Additionally, they fund critical efforts that remove barriers and create pathways to treatment (e.g., outreach), support retention and success in treatment (e.g., gender-specific and family and peer support efforts), and prevent overdose deaths through (education, access to naloxone, and fentanyl test strips).

During the reporting period, there were 3,057 verified non-fatal reported overdoses according to the [Arizona Department Health Services' Opioid Dashboard](#). This number has remained consistent since about 2018, as the

spread of fentanyl has occurred rapidly throughout the state, flooding both rural and urban areas. There were two critical bills originating in the house that were passed into law as part of the 2021 Arizona regular legislative session to combat this growing concern, both of which went into effect September 29, 2021. Senate Bill 1250 established the legality of syringe exchange programs, allowing the exchange of used or dirty needles, syringes, and other injecting supplies to curtail needle sharing and reuse. These programs allow for the interface with people who use drugs by injection and serve as a point of intervention to disseminate education, offering resources that may not have otherwise reached these individuals. Senate Bill 1486 served to exclude fentanyl test strips from the definition of drug paraphernalia. The use of fentanyl strips has been accepted as an effective means of harm reduction to determine the presence of fentanyl in a controlled substance. With the increasing prevalence of fentanyl, one of the primary concerns related to overdose is the unwitting consumption of fentanyl-laced substances, placing individuals at an increased risk of overdose, and overdose-related deaths.

In April of 2021, SAMHSA changed its guidance to advise that federal funding could be used for the purchase of fentanyl test strips. This coupled with the passing of SB 1486 laid the groundwork for a change in the approach of street-based outreach efforts across the state, as well as facilitating general harm reduction education and practices. Providers and advocates alike continue to work to educate the public regarding the legislative changes and destigmatizing opioid and substance use disorders.

The State Opioid Response Grant II (SOR II), a \$63.2 million, 2-year grant from the Substance Abuse and Mental Health Services Administration (SAMHSA), has been an ongoing project during this period. With one of the primary goals of this grant being the reduction of opioid overdoses and the reduced incidence of opioid related deaths, the legislation that was passed has the potential for a significant impact on these key grant objectives. The grant works using a multipronged approach to address the opioid crisis through the areas of prevention, treatment, and recovery support services. To execute this project, AHCCCS partnered with direct service providers, its contractors the AHCCCS Complete Care-Regional Behavioral Health Agreements and Tribal Regional Behavioral Health Authorities (TRBHAs), state and government agencies, universities, and coalitions. These partners worked to implement several key strategies encompassed as part of the AHCCCS' full proposal, including:

- Sustaining and enhancing community Naloxone distribution, to include equipping law enforcement and first responders with this life saving medication,
- Increasing localized community opioid prevention efforts, namely through coalition work developing various media campaigns and provision of education,
- Stigma reduction and public awareness on the medical model of opioid dependency,
- Expanding trauma-informed prevention, treatment, and recovery efforts,
- Expanding access to Medications for the treatment of Opiate Use Disorder (MOUD) through 24/7 access points,
- Expanding access to recovery support services (supportive housing, peer supports, job assistance and supportive recovery programming),
- Increasing public access to real-time prevention, treatment, and recovery resources through the “no-wrong door” model,
- Collaborating with law enforcement, corrections, first responders, and emergency departments for diversion and targeted care,
- Collaborating with justice partners to coordinate criminal justice involved individuals into pre and post booking programs,
- Targeting treatment and recovery services for pregnant women and parents with Opioid Use Disorder (OUD), and
- Apply service enhancements that enact evidence-based practices that comprehensively address the full continuum of care related to stimulant and opioid misuse, abuse, and dependence.

Among the many initiatives that this grant funding has permitted, one important tool is the [Opioid Services Locator](#). This real time, public-facing locator is designed to provide a snapshot of available resources to include Medications for Opioid Use Disorder (MOUD) availability, points of Naloxone distribution, and bed availability. Individuals may filter by services, zip code, agency, and/or population that a provider may serve. The reporting period from July 1, 2021 to June 30, 2022 resulted in 68,349 searches by 5,487 unique individuals. The top views were from Phoenix and Tucson metropolitan areas, however data also reflected users from rural areas and out of state, demonstrating how important this tool is to the state and beyond. Furthermore, traffic to the Opioid Services Locator increased between September and November 2021, reflecting a period of high demand.

AHCCCS receives annual Substance Abuse Block Grant (SABG) funds from SAMHSA that are used to provide primary prevention, early intervention for HIV and Tuberculosis (TB), treatment and recovery services to uninsured and underinsured Arizonans. In 2021, AHCCCS received supplemental funding from the SABG to address the increased substance use prevention, treatment, and recovery needs resulting from the COVID-19 pandemic. These supplemental funds were appropriated from the Coronavirus Response and Relief Supplemental Act of 2021 (CRRSAA) and the American Rescue Plan Act (ARPA).

Utilization data used in this report are for dates of service in State Fiscal Year (SFY) 2022 from July 1, 2021 through June 30, 2022 and were extracted in November 2022. Due to the four-month lag from the last date of service, data may be slightly understated.

## Location of Substance Use Disorder Treatment Programs

The locations of the state’s SUD treatment programs are divided into three distinct geographic service areas (GSAs) throughout the state with oversight provided by Managed Care Organizations (MCOs), including ACC-RBHAs and TRBHAs. The GSA served by each ACC, ACC-RBHA, and TRBHA are indicated below.

ACC, ACC-RBHA and TRBHA	GSA
Care 1 <sup>st</sup> - ACC	North & Central
Health Choice Arizona – ACC-RBHA	North & Central
Banner University Family Care - ACC	Central & South
Arizona Complete Health – ACC-RBHA	Central & South
UnitedHealthcare - ACC	Central & South
Magellan Complete Care - ACC	Central
Mercy Care – ACC-RBHA	Central
Pascua Yaqui Tribe - TRBHA	South
White Mountain Apache Tribe - TRBHA	North & South
Gila River Indian Community - TRBHA	Central & South

The MCOs are required to maintain a comprehensive network of behavioral health providers to deliver intervention, treatment, and/or recovery services to members enrolled in the AHCCCS system. This structure allows communities to provide services in a manner appropriate to meet the unique needs of members and families residing within their local areas. Appendix A lists the names and locations of providers throughout the state who had a Substance Use Treatment Program during SFY 2022. There were approximately 2,482 SUD programs in the State of Arizona, as summarized below.

ACC, ACC-RBHA and TRBHA	Number of Programs <sup>12</sup>
Care 1 <sup>st</sup> ACC	456
Health Choice Arizona - ACC-RBHA	280
Banner University Family Care – ACC	288
Arizona Complete Health - ACC-RBHA	100
UnitedHealthcare – ACC	257
Molina Healthcare - ACC	65
Mercy Care - ACC-RBHA	1,913
Pascua Yaqui Tribe – TRBHA	91
White Mountain Apache Tribe - TRBHA	5
Gila River Indian Community - TRBHA	6

## Program Funding

During SFY 2022, AHCCCS expended more than \$1.1 billion for members and families with SUD. Medicaid was the largest source of funding for SUD treatment. Other major sources of funding include the SABG and federal discretionary funds allocated to the agency.

**Table I: Substance Use Disorder Treatment Funding Summary  
SFY 2022 - July 1, 2021 to June 30, 2022**

Fund Source <sup>3</sup>	Dollar Amount	Percentage
Medicaid Funding (State Match and Title XIX)	\$1,046,214,591	93%
Federal: Substance Abuse Block Grant (SABG)	\$30,655,263	3%
Federal: Other (Discretionary Funds, Inclusive of SOR)	\$38,119,012	4%
State Appropriated	\$3,149,306	0%
Substance Use Disorder Services Fund	\$2,624,312	0%
Intergovernmental Agreements: Maricopa County; City of Phoenix Central City Addiction Recovery Center	\$1,489,871	0%
Liquor Fees	\$64,650	0%
<b>Total Funding:</b>	<b>\$1,122,317,005</b>	<b>100.00%</b>

<sup>1</sup> There are SUD programs that serve more than one MCO, ACC-RBHA or TRBHA thus the data in the table will exceed 2,482 SUD programs.

<sup>2</sup> The programs included in this report are provided to AHCCCS from the MCOs.

<sup>3</sup> Funding in Table I represents payments to TRBHAs/ACC-RBHAs, except for the Medicaid Funding data which includes substance use funding for all AHCCCS programs including ACC-RBHA, ALTCS/EPD, ACUTE, CRS and the American Indian Health Program. Funding includes administrative components and other amounts that will not be reflected in the provider level substance abuse utilization data in this report (Table VI). The State Appropriated line represents Crisis Services for individuals with a Substance Use Disorder which includes behavioral health services. Federal Discretionary funds include, but are not limited to, the SOR and SOR II grants and the Treatment of Pregnant and Postpartum Women with Substance Use Disorder grant program.

## Enrolled and Served Demographics

AHCCCS policy requires that members with behavioral health needs undergo a clinical assessment, administered by a clinician through a mental health or substance use treatment program. The information gathered during this assessment process includes several identifiable factors, such as race and ethnicity, gender, and reasons for seeking treatment. Members identified in this report include those with a SUD who were enrolled in AHCCCS and received service from a SUD program (Appendix A) during SFY 2022.

Tables II and III below detail the demographics of these members by GSA and provide statewide totals. In SFY 2022, there were 226,774 members enrolled in AHCCCS who received at least one service from a SUD program. The Central GSA has the largest AHCCCS population in the state and consistent with its overall AHCCCS membership, represents 56% of those receiving SUD treatment services.

**Table II: Members Served with a Substance Use Disorder by GSA SFY 2022 – July 1, 2021 to June 30, 2022**

GSA	Count	Percentage
North	34,981	15.4%
South	64,105	28.3%
Central	127,688	56.3%
<b>Statewide</b>	<b>226,774</b>	<b>100.0%</b>

**Table III: Demographics of Members Served with a Substance Use Disorder by GSA SFY 2022 – July 1, 2021 to June 30, 2022**

### Gender

The percentage of males versus females served is consistent between GSAs and statewide, with the SUD treatment population comprising more men than women—55% versus 45 percent, respectively. This statistic remains consistent with the data reported for the prior year.

Gender <sup>4</sup>	North		South		Central		Statewide	
	Count	Percentage	Count	Percentage	Count	Percentage	Count	Percentage
Male	18,885	54.0%	35,127	54.8%	71,076	55.7%	125,088	55.2%
Female	16,096	46.0%	28,978	45.2%	56,612	44.3%	101,686	44.8%
<b>Totals</b>	<b>34,981</b>	<b>100.0%</b>	<b>64,105</b>	<b>100.0%</b>	<b>127,688</b>	<b>100.0%</b>	<b>226,774</b>	<b>100.0%</b>

### Race and Ethnicity

The majority (51%) of members who were enrolled and received a SUD treatment service in SFY 2022 were White. As the table illustrates, 8% of members enrolled and served were African American, 9% were American

<sup>4</sup> Data Source: AHCCCS enrollment data set.

Indian, 1% were Asian, and < 1% were Native Hawaiian/Pacific Islander. Statewide, 1% of members enrolled and served identified as Hispanic/Latino. However, with 29.1% of race/ethnicity data unavailable, the data may under-represent specific race/ethnicity data.

Race/Ethnicity <sup>5</sup>	North		South		Central		Statewide	
	Count	Percentage	Count	Percentage	Count	Percentage	Count	Percentage
American Indian	7,648	21.9%	5,407	8.4%	7,803	6.1%	20,858	9.2%
Asian	130	0.4%	417	0.7%	1,059	0.8%	1,606	0.7%
African American	478	1.4%	3,630	5.7%	13,893	10.9%	18,001	8.0%
Native Hawaiian/ Pacific Islander	50	0.1%	131	0.2%	289	0.2%	470	0.2%
White	20,023	57.2%	34,139	53.2%	62,861	49.2%	117,023	51.6%
Hispanic	116	0.3%	1,020	1.6%	1,509	1.2%	2,645	1.2%
Multi-Racial	10	0.0%	17	0.0%	55	0.1%	82	0.0%
Data Unavailable	6,526	18.7%	19,344	30.2%	40,219	31.5%	66,089	29.1%
<b>Totals</b>	<b>34,981</b>	<b>100.0%</b>	<b>64,105</b>	<b>100.0%</b>	<b>127,688</b>	<b>100.0%</b>	<b>226,774</b>	<b>100.0%</b>

### Age

An aggregate review of the data detailing members' age indicates most members with a SUD and served in SFY 2022 were adults, with those between the ages of 25- 44 accounting for almost half of all members (48%). Additionally, 31% of members enrolled and served were between the ages of 45 – 64. Approximately <1% of members were under the age of 18. This data is similar to the age distribution reported for SFY 2020.

Age Distribution <sup>6</sup>	North		South		Central		Statewide	
	Count	Percentage	Count	Percentage	Count	Percentage	Count	Percentage
Birth – 4	27	0.1%	82	0.1%	75	0.1%	184	0.1%
5 – 11	66	0.2%	130	0.2%	133	0.1%	329	0.1%
12 – 14	120	0.3%	190	0.3%	289	0.2%	599	0.3%
15 – 17	502	1.5%	870	1.4%	1,508	1.2%	2,880	1.3%
18 – 20	711	2.0%	1,350	2.1%	2,765	2.2%	4,826	2.1%
21 – 24	1,581	4.5%	3,136	4.9%	6,524	5.1%	11,241	5.0%
25 – 44	15,624	44.7%	30,676	47.8%	63,113	49.4%	109,413	48.2%
45 – 64	11,685	33.4%	19,652	30.7%	38,593	30.2%	69,930	30.8%
65+	4,665	13.3%	8,019	12.5%	14,688	11.5%	27,372	12.1%
<b>Totals</b>	<b>34,981</b>	<b>100.0%</b>	<b>64,105</b>	<b>100.0%</b>	<b>127,688</b>	<b>100.0%</b>	<b>226,774</b>	<b>100.0%</b>

## Substance Use Disorders Addressed by the Programs

Table IV below illustrates the number of substance types used, as reported by members. Members are

<sup>5</sup> Data Source: AHCCCS enrollment data set. Per Federal law, members are not required to provide race or ethnicity in order to be eligible for Medicaid.

<sup>6</sup> Data Source: AHCCCS enrollment data set.

allowed to report up to three substance types. Alcohol and opiates were the most commonly reported substances used statewide by those in treatment in SFY 2022 at about 10% each, followed by methamphetamine at 8%. The most common substance used varied by GSA. In the North GSA it was alcohol (25%) and opiates in the South GSA (11%) and Central GSA (10%). However, a significant portion of the data reflects the category “None/No Use”, which may under-represent the various substance use types.

**Table IV: Substance Use Type by GSA SFY 2022- July 1, 2021 to June 30, 2022**

Substance Type <sup>7</sup>	North		South		Central		Statewide	
	Count	Percentage	Count	Percentage	Count	Percentage	Count	Percentage
Opiates	572	7.4%	1,744	10.7%	2,445	10.1%	4,761	9.9%
Alcohol	1,907	24.7%	1,364	8.3%	1,566	6.4%	4,837	10.0%
Marijuana/ Hashish	743	9.6%	961	5.9%	885	3.7%	2,589	5.4%
Methamphetamine	815	10.6%	1,385	8.5%	1,687	6.9%	3,887	8.0%
Cocaine/Crack	39	0.5%	236	1.4%	171	0.7%	446	0.9%
Other Stimulants	18	0.2%	14	0.1%	30	0.1%	62	0.1%

<b>Total</b>	<b>7,714</b>	<b>100.0%</b>	<b>16,361</b>	<b>100.0%</b>	<b>24,300</b>	<b>100.0%</b>	<b>48,375</b>	<b>100.0%</b>

## Summary of Services

AHCCCS maintains a comprehensive service delivery network providing prevention, intervention, treatment, and recovery programs to children and adolescents designated with a Serious Emotional Disturbances (SED) and/or SUD, as well as adults with General Mental Health disorders (GMH) and/or SUD, and adults who have a Serious Mental Illness (SMI) designation.

AHCCCS covers a variety of screenings through Medicaid for child members at a minimum of three different stages in which tobacco, alcohol, drug (including prescription drug), and inhalant use and misuse are screened beginning with the 9-12 years of age group, then during the 13 to 17 years of age group, and again, during the 18-21 years of age group. Screening can occur at more frequent intervals depending upon the need and practice preferences of providers.

With respect to SUD treatment, AHCCCS works diligently with Contractors and TRBHAs to ensure the service

<sup>7</sup> Data Source: AHCCCS Online Portal, Unique Member Characteristics (UMC). Not all members selected for this report had data in UMC. AHCCCS continues to work on streamlining the data and data collection process to improve data submissions. Data collection of UMC data started in October 2018 and is self-reported. In February 2020, a new requirement was implemented which requires providers to submit a written consent from the member to submit SUD data to the portal. As a result of this requirement, there continues to be an increase in 'None' data.

delivery network presents individuals with a choice of multiple, highly qualified providers, each offering varying levels of care spanning multiple treatment modalities.

Services can primarily be grouped into eight major categories: inpatient, support, medical/pharmacy, residential services, treatment, crisis, behavioral health day programs, and rehabilitation. Table V details the array of SUD services offered.

**Table V: Services Available to Members**  
**SFY 2022- July 1, 2021 to June 30, 2022**

Service Category <sup>8</sup>	Description
1. Inpatient Services	Inpatient detoxification and treatment services delivered in hospitals and sub-acute facilities, including Level I residential treatment centers that provide 24-hour supervision, an intensive treatment program, and on-site medical services.
2. Support Services	Case management, self-help/peer support and recovery coaching services and transportation.
3. Medical and Pharmacy	Medications and medical procedures which relieve symptoms of addiction and/or promote or enhance recovery from addiction.
4. Residential Services	Residential treatment with 24-hour supervision
5. Behavioral Health Day Programs	Skills training and ongoing support to improve the individual's ability to function within the community. Specialized outpatient substance abuse programs provided to a person, group of persons, and/or families in a variety of settings.
6. Treatment Services	Individual and group counseling, therapy, assessment, evaluation, screening, and other professional services.
7. Crisis Intervention	Stabilization services provided in the community, hospitals, and residential treatment facilities.
8. Rehabilitation Services	Living skills training, cognitive rehabilitation, health promotion, and ongoing support to maintain employment.

The services listed in Table V are available to all AHCCCS members. Restrictions may apply to grant-funded services and are delivered based on need per each members' individualized treatment plan.

As indicated in Table VI on a statewide basis inpatient services were utilized at the highest percentage (48%), followed by outpatient services (19%), whereas behavioral health day program services and pharmacy were used the least (<1%). Utilization by service category was consistent across GSAs.

Table VI shows utilization of these service categories via the number of claims, and amounts paid to providers, for AHCCCS members served with a SUD. It should be noted that the data in Table VI represents all services included in Table V provided to members with a SUD diagnosis who received at least one paid service from any of the providers in Appendix A.

<sup>8</sup> The Service Category Medical and Pharmacy is shown in two rows in Table VI to differentiate the expenditures for the Medical Services compared to the Pharmacy amounts. The Service Category Outpatient Hospital Services (UB92) is listed as an additional row in Table VI to represent the Outpatient Hospital Services expenditures.

**Table VI: Utilization by Service Category (Based on Number of Claims and Paid Amount)  
SFY 2022- July 1, 2021 to June 30, 2022<sup>9</sup>**

Service Category	North		South		Central		Statewide

## Summary of Medication-Assisted Treatment Services

AHCCCS maintains a comprehensive network of Medication-Assisted Treatment Services (MAT) providers throughout the state. These treatment providers use a combination of counseling and ancillary support services with medications for the treatment of OUD. The medications used for OUD treatment are focused on the evidence-based practice for treating OUD such as MAT, which may include Methadone, Buprenorphine (Suboxone and/or Subutex), or Naltrexone. AHCCCS maintains a list of minimum medications to ensure the availability of necessary, safe, and cost-effective medications for persons with behavioral health disorders.

Through AHCCCS' response to the opioid epidemic, efforts have been focused toward enhancing the state's multi-sector strategic plan to address the gaps in prevention, treatment, and recovery support. These specific initiatives include increasing access to OUD treatment, expanding access to MAT, increasing public awareness through stigma reduction and education, enlisting new MAT providers, ensuring 24/7 access to care points, increasing access to peer support services, and increasing recovery support options.

A key component of Arizona's strategy for preventing overdose deaths from opioids is through increasing community-based access to Naloxone, the overdose reversal medication. AHCCCS continues to partner with contracted network providers and first responders to enhance statewide Naloxone distribution and accessibility. The SOR grant has supported this effort through a partnership with the Arizona Department of Health Services

<sup>9</sup> Data Source: AHCCCS Encounter and Claims Data.

(ADHS), who has acted as a key figure in the distribution of Naloxone to a number of entities, including community organizations, county health departments, community health centers, coalitions, harm reduction organizations, sober living/recovery houses, drug treatment programs, colleges and high schools, faith-based organizations, non-profit organizations serving special populations, and notably to first responders and hospital emergency departments who encounter particularly vulnerable or overdose-susceptible populations. First responders may administer this life saving drug in the field when needed. AHCCCS has developed policies and contract language for ACC-RBHAs and their network providers to ensure implementation of a direct service, community Naloxone distribution network to meet the needs of the population. Providers focus specifically on the most vulnerable populations for opioid overdose, which includes those living in poverty, transitioning out of the criminal justice system, and those with true and perceived barriers to obtaining a prescription for the medication. From September 30, 2021, through September 29, 2022, AHCCCS grant funding enabled state and local entities to distribute 163,470 doses of Naloxone throughout Arizona.<sup>10</sup>

Table VII details unique member counts for MAT medication utilization by GSA. Table VIII details unique member counts utilizing MAT services as well as the additional services listed. Members can, and do, move from one GSA to another, as well as receive more than one kind of behavioral health service. However, the summary lines are distinct in total.

## Summary of Substance Use Disorder Services (SUDS) Fund

The \$10 million Substance Use Disorder Services (SUDS) fund appropriation supplied 62,766 services to 35,241 under and uninsured distinct, unduplicated individuals with OUD in Arizona between February 1, 2018 and May 31, 2021. SUDS funding allows for additional direct service options including, treatment, rehabilitation, medical services, medication-assisted treatment, peer and family supports, case management, crisis intervention, inpatient services, detoxification, residential services, day program services, transportation, and assistance with high co-pays or deductibles, which often serve as a barrier to accessing treatment and other support services. SFY22, the five most utilized services covered included: medical services (i.e., medication services, medical management, laboratory, radiology, and medical imaging), methadone for medication assisted treatment, case management services, treatment services (i.e., behavioral health counseling and therapy; assessment, evaluation, and screening services), and transportation services. The SFY 2022 Executive Budget supported a \$6 million transfer from the Medical Marijuana Fund into the SUDS Fund to continue providing treatment services to underinsured or uninsured Arizonans seeking substance use treatment services.

## Summary

AHCCCS continues to implement strategies to maximize the benefit to Arizonans who need treatment for SUD, including the establishment of the AHCCCS Health Equity Committee which is tasked with understanding health disparities and developing strategies to ensure health equity for all AHCCCS members across all programs. Continual efforts are being conducted in partnership with other state agencies, MCOs, providers, and stakeholders committed to supporting those seeking recovery assistance and improving their quality of life. The comprehensive array of services provided through the funding described in this report offer opportunities for

<sup>18</sup> The Summary Count of Members and the Statewide column are distinct in total. A member may appear in more than one GSA if they move GSAs within the reporting period, as well as receive services in multiple service categories within the reporting period.

each member in need of SUD services to be provided with treatment using evidence-based practices and individualized treatment planning. Services are available statewide and are tailored to be clinically and culturally appropriate for all age groups, genders, races, ethnic backgrounds, and other areas of diversity.
