

Subject Line: REMINDER: Differential Adjusted Payment Opportunity

AHCCCS E.V.V.

ELECTRONIC VISIT VERIFICATION

This announcement is directed to EVV Vendors and Provider Agencies.

Differential Adjusted Payment Opportunity for all EVV Participating Providers

AHCCCS is offering a Differential Adjusted Payment (DAP) opportunity for EVV participating providers if they meet certain performance metrics outlined in the DAP notice related to auto-verified visits. If the metric threshold is met and maintained throughout Contract Year 2027 (CYE 2027), the providers will qualify for a specific percentage increase on all services in CYE 2027 which will be effective for dates of service beginning October 1, 2026, through September 30, 2027.

A recording of the EVV Compliance Training held on February 12, 2026, has been posted to the [EVV webpage](#) and covers more specifics regarding criteria for the DAP in addition to definitions of auto-verified versus manually-verified visits.

Providers may use the Visit Verification Summary report in the Aggregator to view the percentage of auto-verified visits. **Note:** Last week we fixed an issue with the report query that some of you may have noticed. The data was/is correct, but the report logic needed to be updated.

Providers may sign up to receive DAP notices on the [DAP webpage](#).
