

## AHCCCS Tribal-Specific Community Presentations 2019 Waiver and Initiatives Community Presentations

The Arizona Health Care Cost Containment System (AHCCCS) is hosting community meetings across the state to provide the public with information on upcoming AHCCCS initiatives and listen to feedback from stakeholders, including members, their families, advocates, and providers.

### Agenda

#### AHCCCS Works Exemption for Members of Federally Recognized Tribes

On January 18, 2019, AHCCCS received 1115 Waiver Amendment approval from the Centers for Medicare and Medicaid Services (CMS) to implement community engagement requirements for some able-bodied AHCCCS members ages 19 to 49. All members of federally recognized tribes and children and grandchildren of tribal members are exempted from the community engagement requirements. AHCCCS will provide an overview of the exemption process.

#### Other topics of discussion include:

- **Request for Information (RFI) on Regional Behavioral Health Authority (RBHA) Services Transfer**
- **Retroactive Coverage**
