

System Navigation: Serious Emotional Disturbance (SED) Identification Process

AHCCCS OIFA invites you to attend a virtual event to learn about system navigation tools that can help you take control of your health care.

July 22, 2025
Noon – 12:30 p.m.
Online through Zoom

Join us to learn more about the Serious Emotional Disturbance (SED) identification process. SED is an identification for children who have a mental, behavioral, or emotional disorder which substantially interferes with or limits the child's ability to function in family, school, or community activities. It may identify higher needs and help AHCCCS match services to the member's specific needs. There is a standard process for SED identification.

All AHCCCS members, family members, and stakeholders are welcome to attend.
