

System Navigation: Substance Use Treatment Options

AHCCCS OIFA invites you to attend a virtual event to learn about system navigation tools that can help you take control of your health care.

April 28, 2026
Noon – 12:30 p.m.
Online through Zoom

Did you know that substance use treatments options are available even if you don't have health insurance coverage? If you have used substances like prescriptions, alcohol, marijuana, opiates/heroin, and all other illicit/synthetic drugs in the last 12 months or are currently actively using these substances, treatment options are available.

Join us to learn about treatment options.
