Public Health Emergency (PHE) Extension

The U.S. Secretary of the Department of Health and Human Services may extend the COVID-19 Public Health Emergency (PHE) declaration for 90-day periods for as long as the PHE continues to exist, and may terminate the declaration whenever he determines that the PHE has ceased to exist. Currently, the PHE is scheduled to expire on October 22, 2020, unless renewed by the Secretary.

The AHCCCS COVID-19 Flexibilities document has been updated.
HHS Provider Relief Funding Announcement

- **APPLICATION EXTENSION:** HHS announced a second extension of the application period for Medicaid and CHIP providers to apply for payments from the Provider Relief Fund (PRF) by **Friday, August 28.**

- **SECOND CHANCE:** Providers who received automatic payments from the initial $30 billion from the PRF that HHS distributed based on Medicare FFS utilization, and did not apply to receive additional funds at that time will be given another opportunity to apply. This should allow providers who received nominal payments to apply and receive the **intended total payment** of two percent of net patient revenue.

- **APPLICATION INSTRUCTIONS:**
  
  [Medicaid and CHIP Provider Distribution Instructions](#) and the [Medicaid and CHIP Provider Distribution Application Form](#) are available at [hhs.gov/providerrelief](http://hhs.gov/providerrelief). HRSA recommends downloading and reviewing these documents to help providers complete the process through the [Enhanced Provider Relief Fund Payment Portal](#).
As discussed in 7/7/2020 Tribal Consultation, AHCCCS wishes to receive feedback.

- Telehealth code expansion
- Dialysis services in a nursing facility
- Electronic signature for ALTCS documents, including eligibility documents and all care and treatment documentation
- Verbal consent in lieu of written signature (for up to 30 days for LTSS services; no limit for other services) for all care and treatment documentation when identity can be reliably established (documented in member’s record)
- Exceptions when federally and state reimbursable medication shortages occur. This would include coverage for brand name medications when generic/multi-source drugs are not available.
Whole Person Care Initiative

- WPCI survey posted for tribal feedback for four months
- Limited responses
- Next steps:
  - Options for advancing WPCI outside of the 1115 waiver renewal
  - Closed-loop referral system
  - Moving forward with housing administrator
Abuse and Neglect Task Force Update

- Convened by the Governor’s Executive Order to ensure the health and safety of Arizona’s most vulnerable citizens.
- Met monthly from March-September 2019.
- **Abuse and Neglect Prevention Task Force Report** - approximately 30 recommendations
- Posted **Minimum Subcontract Provisions** in August, effective 10/1/20 for AHCCCS Providers:
  - ADULT PROTECTIVE SERVICES (APS) REGISTRY CHECK
  - ABUSE, NEGLECT, AND EXPLOITATION PREVENTION
  - CORPORATE GOVERNANCE FOR PROVIDERS
- AHCCCS and our contractors will continue to develop and enforce policies and processes to implement, oversee and monitor the operation of these provisions.
AHCCCS Enrollment: August 2019 - August 2020
AHCCCS Enrollment Renewal Activity

• Resuming with October member renewals, AHCCCS will send requests for information (RFI) to those members who need to submit documentation.
  ○ However, NO MEMBER WILL BE DISENROLLED during the PHE (except for death, voluntary withdrawal, KC age out, residency change).
  ○ RFIs for the October renewals will be mailed during the last weeks in August.
• Approximately 75,162 members need to submit additional information before we can complete the renewals that were placed on hold at the beginning of the PHE.
  ○ At least a portion of these members will continue to be eligible and we can complete them in their entirety if the member responds to the RFI.
Key Variables

- State budget forecast
- Enrollment growth projections
- FMAP increase
  - Expiration date
  - Maintenance of effort requirement
  - Legislative efforts underway
- Economic downturn precipitated by public health emergency

Division of Fee for Service Management
Referring, Ordering, Prescribing and Attending (ROPA) Providers

Chris Ray, DFSM Claims Operations and Policy Administrator
Referring, Ordering, Prescribing and Attending (ROPA) Providers

Per 42 CFR 455.410 of the Affordable Care Act, the State Medicaid agency (AHCCCS) must require all ordering or referring physicians, or other professionals providing services to be enrolled as participating providers.

- This means that referring, ordering, prescribing and attending (ROPA) providers must be AHCCCS-registered providers. Providers must be registered with AHCCCS to ensure payment of items and/or services.
Referring, Ordering, Prescribing and Attending (ROPA) Providers

Even if a provider does not intend to submit claims to Medicaid, providers who are not registered with AHCCCS, but who may be the Referring, Ordering, Prescribing, or Attending (ROPA) provider, may keep members from getting needed health care, unless they enroll with AHCCCS by January 1, 2021.

Enroll with AHCCCS to become a Referring, Ordering, Prescribing or Attending provider by **January 1, 2021**.
Referring, Ordering, Prescribing and Attending (ROPA) Providers
Referring, Ordering, Prescribing and Attending (ROPA) Providers

Enroll with AHCCCS to become a Referring, Ordering, Prescribing or Attending provider by January 1, 2021.
Referring, Ordering, Prescribing and Attending (ROPA) Providers

Enroll with AHCCCS to become a Referring, Ordering, Prescribing or Attending provider by January 1, 2021.
Referring, Ordering, Prescribing and Attending (ROPA) Providers

Enroll with AHCCCS to become a Referring, Ordering, Prescribing or Attending provider by January 1, 2021.
Referring, Ordering, Prescribing and Attending (ROPA) Providers

Enroll with AHCCCS to become a Referring, Ordering, Prescribing or Attending provider by January 1, 2021.
Referring, Ordering, Prescribing and Attending (ROPA) Providers

Providers must be registered with AHCCCS by January 1, 2021, even if they have no intention of submitting claims to AHCCCS, if they intend to make any referrals, place any orders, prescribe any supplies/medications, or serve as an attending provider for any AHCCCS member.

If a rendering provider submits a claim to AHCCCS based on the order, referral, or prescription of a provider who is not registered with AHCCCS then that claim will be denied.

The ordering/referring/prescribing/attending provider must be both registered with AHCCCS and their NPI number shall be on the submitted claim.

Alternate Care Site Guidance for IHS and Tribal-638 Organizations

Karen Grady, DFSM Deputy Assistant Director
What is an Alternate Care Site?

An ACS is an extension of a hospital or clinic that will treat members during a public health emergency. These ACS may include locations that need to be converted (e.g., schools and stadiums) or they may include facilities like mobile field hospitals.

An ACS can be established (owned and operated) by an individual hospital, a group or partnership of hospitals or health systems, a local community (such as the local health department), a state (such as a state health department), or the federal government.

The ACS that is set up must provide the required level of medical care necessary to meet the patient’s medical needs.
ACS Waiver

In June 2020, AHCCCS requested an 1135 Waiver from CMS to permit reimbursement for services offered by hospitals and clinics owned or operated by the Indian Health Service, or tribes or tribal organizations with a 638 agreement, in Alternate Care Sites (ACS), during the public health emergency.

CMS has indicated that an additional waiver is not required, since ACS are covered under the CMS blanket waiver.

Federal and/or tribal entities will be required to attest that the ACS meets the minimum standards ensuring that safety and comfort for patients and staff are sufficiently addressed.
ACS Covered Services

Reimbursement for medically necessary Title XIX and Title XXI AHCCCS covered services are permissible in an established ACS site, so long as those services are:

• medically necessary
• cost-effective
• federally and state reimbursable
• provided by an AHCCCS-registered provider

Services for members being treated at an ACS site are subject to the same medical necessity requirements that apply to services provided within the associated hospital/clinic facility.
ACS Covered Services

Per the **CMS blanket waiver**, CMS will permit facility and non-facility space that is not normally used for patient care to be utilized for patient care or quarantine, provided the location is approved by the state (ensuring that safety and comfort for patients and staff are sufficiently addressed) and is consistent with the state’s emergency preparedness or pandemic plan. This allows for increased capacity and promotes appropriate cohorting of COVID-19 patients.

"Quarantine" per CMS refers to the concept of allowing treatment of COVID positive members (or potential positive members), who are receiving medically necessary hospital/clinic services (inpatient, observation, etc), to occur in an environment secluded from the rest of the patient population.
ACS and Clinic Services

CMS released FAQs on January 18, 2017, regarding the review of services furnished by IHS/Tribal clinic providers “outside the Four Walls” of the clinic prior to January 30th, 2021. This can be found in Question#16, in the FAQs at:

Consistent with the CMS guidance, AHCCCS is holding off on auditing compliance with the “Four Walls” component until January 31st of 2021. AHCCCS will continue to follow the “Four Walls” issue, since CMS is considering extending that timeline.
Reimbursement Guidelines

Retroactive to March 1, 2020, through the end of the emergency declaration, medically necessary Title XIX and Title XXI AHCCCS covered services provided in an ACS established by an IHS/638 will be reimbursed as follows:

1) At either the inpatient or outpatient All-Inclusive Rate depending on the level of care provided to Title XIX eligible members; or
2) At the current FFS rates for Title XXI eligible members receiving services in an ACS.
3) Note: For billing as a 638 FQHC, please refer to the IHS/Tribal Provider Billing Manual.
ACS Attestation & Memo

Hospitals and clinics owned or operated by the Indian Health Services, tribes or tribal organizations with a 638 agreement, who have chosen to establish an ACS, shall sign an attestation form, which can be found at:

Additional information regarding billing for services provided at an ACS can be found in the DFSM ACS Memo, located at:

IHS/638 facilities with an attestation for an ACS shall be posted here:

State Plan Amendments

Alex Demyan, AHCCCS State Plan Manager
Nursing Facility AIR/Tribal Dental SPA Updates

The NF AIR and Tribal Dental (HB 2244) SPAs are being closely reviewed by CMS, currently.

• For the Tribal Dental SPA, CMS has requested data as part of their first round of informal questions.
  - Some of the requested data includes: utilization of the dental benefit as a whole, cost of member emergency dental care (FFS vs Managed care), member access to dental care (FFS vs Managed Care), data on the higher cost of care for IHS/638 facilities to provide dental services.
  - AHCCCS has been working internally and with the ITCA to gather the requested data.
Withdrawal of SPA 20-007 “COVID-HCBS Directed Payment”

• On June 11, 2020, AHCCCS submitted a SPA seeking approval for a directed payment program directed at HCBS providers.
• After subsequent dialogue with CMS, this language has since been moved under 1115 Appendix K authority, negating the need for this SPA.
• On July 16th, 2020, AHCCCS submitted an official withdrawal of this SPA 20-007.
Nutritional Assessment Services

AHCCCS will be submitting language to clarify the coverage of Nutritional Assessment Services.

• The language will live under the “Rehabilitative Services” benefit in the state plan.
• This change is administrative in nature
Disproportionate Share Hospital (DSH) 2021

• AHCCCS will submit three SPAs related to our DSH program for fiscal year 2021:
  o One SPA will detail the amounts and facilities participating in DSH Pool 5 Funding (other political entities),
  o Another SPA will detail the amounts for all other DSH Pool funding (non-governamentally operated hospitals & governmentally operated hospitals),
  o The third SPA will detail the DSH Pool 4 re-allocation methodology for 2021 funding.
Graduate Medical Education (GME) 2021

• Similar to DSH, AHCCCS will be submitting two SPAs related to our GME program for FY 2021:
  o One SPA will detail the state General Fund payment methodology and amounts for GME,
  o The other SPA will detail the payment methodology and amounts for other political subdivisions related to GME.
Fee Schedule Rate Updates

• SPA will update the State Plan to reflect the fee schedule changes set as of October 1, 2020
• FFS Other Ground Emergency Transportation Rates for IHS and Tribal 638 Facilities
  o Rate Increase averaging 1.5%
  o POS codes for place of service 06 and 08

1115 Waiver Evaluation

The Independent evaluator is evaluating Arizona’s Section 1115 Waiver demonstrations by three main phases of work:

- Phase I: Develop the Evaluation Design Plans;
- Phase II: Conduct Interim Evaluations & Develop Interim Evaluation Reports; and
- Phase III: Conduct Summative Evaluations & Develop Summative Evaluation Reports
1115 Waiver Evaluation

- ACC, ALTCS, AHCCCS Works*, CMDP, RBHA, PQC and TI demonstrations included in the Evaluation
- Objectives of the 1115 Waiver Evaluation:
  (1) quality health care to members
  (2) ensuring access to care for members
  (3) maintaining or improving member satisfaction with care, and
  (4) continuing to operate as a cost-effective managed care delivery model within the predicted budgetary expectations.

* Not included in the Interim evaluation as the program has not been implemented.
# 1115 Waiver Evaluation Hypotheses

## AHCCCS Complete Care (ACC)

- **H1:** Health plans encourage and/or facilitate care coordination among primary care practitioners (PCPs) and behavioral health practitioners.
- **H2:** Access to care will maintain or improve as a result of the integration of behavioral and physical care.
- **H3:** Quality of care will maintain or improve as a result of the integration of behavioral and physical care.
- **H4:** Beneficiary self-assessed health outcomes will maintain or improve as a result of the integration of behavioral and physical care.
- **H5:** Beneficiary satisfaction with their health care will maintain or improve as a result of the integration of behavioral and physical care.
- **H6:** The ACC program provides cost-effective care.

## Arizona Long Term Care System (ALTCS)

- **H1:** Access to care will maintain or improve over the waiver demonstration period.
- **H2:** Quality of care will maintain or improve over the waiver demonstration period.
- **H3:** Quality of life for beneficiaries will maintain or improve over the waiver demonstration period.
- **H4:** ALTCS encourages and/or facilitates care coordination among PCPs and behavioral health practitioners.
- **H5:** ALTCS provides cost-effective care.

## Comprehensive Medical and Dental Program (CMDP)

- **H1:** Access to care will be maintained or increased during the demonstration.
- **H2:** Quality of care for beneficiaries enrolled in CMDP will be maintained or improved during the demonstration.
- **H3:** CMDP encourages and/or facilitates care coordination among PCPs and behavioral health practitioners.
- **H4:** CMDP provides cost-effective care.

## Regional Behavioral Health Authority (RBHA)

- **H1:** Access to care for adult beneficiaries with an SMI enrolled in a RBHA will be maintained or increased during the demonstration.
- **H2:** Quality of care for adult beneficiaries with an SMI enrolled in a RBHA will be maintained or improved during the demonstration.
- **H3:** Health outcomes for adult beneficiaries with an SMI enrolled in a RBHA will be maintained or improved during the demonstration.
- **H4:** Adult beneficiary satisfaction in RBHA health plans will be maintained or improved over the waiver demonstration.
- **H5:** RBHAs encourage and/or facilitate care coordination among PCPs and behavioral health practitioners.
- **H6:** RBHAs will provide cost-effective care for beneficiaries with an SMI.
1115 Waiver Evaluation Hypotheses Contd.

### Prior Quarter Coverage (PQC) Waiver

- **H1**: Eliminating prior quarter coverage will increase the likelihood and continuity of enrollment.
- **H2**: Eliminating prior quarter coverage will increase enrollment of eligible people when they are healthy relative to those eligible people who have the option of prior quarter coverage.
- **H3**: Health outcomes will be better for those without prior quarter coverage compared to Medicaid beneficiaries with prior quarter coverage.
- **H4**: Eliminating prior quarter coverage will not have adverse financial impacts on consumers.
- **H5**: Eliminating prior quarter coverage will not adversely affect access to care.
- **H6**: Eliminating prior quarter coverage will not result in reduced member satisfaction.
- **H7**: Eliminating prior quarter coverage will generate cost savings over the term of the waiver.
- **H8**: Education and outreach activities by AHCCCS will increase provider understanding about the elimination of PQC.

### Targeted Investments (TI)

- **H1**: The TI program will improve physical and behavioral health care integration for children.
- **H2**: The TI program will improve physical and behavioral health care integration for adults.
- **H3**: The TI program will improve care coordination for AHCCCS-enrolled adults released from criminal justice facilities.
- **H4**: The TI program will provide cost-effective care.
- **H5**: Providers will increase the level of care integration over the course of the demonstration.
- **H6**: Providers will conduct care coordination activities.
