RE: Behavioral Health Services for the
Ak-Chin Indian Community

Cenpatico Behavioral Health of Arizona was awarded the contract to manage the behavioral health care services for Yuma, LaPaz, Gila and Pinal counties. The contract covers AHCCCS eligible individuals with Title XIX and Title XXI benefits, as well as those meeting the criteria for Seriously Mentally Ill (SMI). The Substance Abuse Prevention and Treatment Block Grants funds support a variety of covered substance abuse services in both specialized addiction treatment and more generalized behavioral health settings.

The Ak-Chin Indian Community ("Community") is located within Pinal County and wishes to participate and receive all services that are available from Cenpatico and its Providers.

The Ak-Chin Indian Community allows Cenpatico and its Providers to enter the Community and provide all services including but not limited to all emergency on-call services, prevention, treatment and placement services available to all eligible children and adults.

Cenpatico and its Providers will coordinate services with appropriate Tribal departments and programs to ensure quality, appropriateness and adherence to all tribal laws and ordinances. The Ak-Chin Indian Community reserves the right to terminate this arrangement if deemed necessary.

Please contact Drake Lewis, Social Services Director at (520) 568-1092 if you have any questions or concerns.

Sincerely,

Delia M. Carlyle, Chairman
Ak-Chin Indian Community
