

PROPOSED
AHCCCS & Tribal Leaders'
Strategic & Operational
Planning Sessions

Purpose of Sessions

To provide an executive level setting in which Tribal Leaders and AHCCCS Administration will be actively engaged in healthcare discussions, planning, and decision-making.

Desired Goals

- Partner with Tribal Leaders in addressing health care priorities.
- Identify healthcare issues at state, tribal, and national levels and discuss how they impact Tribes and AHCCCS.
- Identify state and federal health issues and discuss how they affect Tribes and AHCCCS and identify resolution methods.
- Assist tribal leaders in developing healthcare leadership goals based upon external and internal influences.
- Explore opportunities to assist tribes with technical health care issues.

Goals of 1st Session

- ▶ Provide tribal leaders with overview of AHCCCS and current healthcare issues
- ▶ Identify Tribal health issues
- ▶ Identify Tribal health priorities
- ▶ Identify short and long term Tribal healthcare leadership goals and AHCCCS partnership opportunities

Proposed Session Logistics

- Sessions will be held at AHCCCS Administration in Phoenix, unless a Tribe offers to host.
- Goal is to have this be the first of ongoing sessions.
- Sessions will be half-day to full-day sessions. Session #1 will be a full-day session.
