### Disclaimer

The Arizona Health Care Cost Containment System Administration (AHCCCS) is providing this material as an informational reference for physician and non-physician practitioner providers.

Although every reasonable effort has been made to assure the accuracy of the information within these pages at the time of posting, the Medicare and Medicaid program is constantly changing, and it is the responsibility of each physician, non-physician practitioner; supplier or provider to remain abreast of the Medicare and Medicaid program requirements.

Medicare and Medicaid regulations can be found on the CMS Web site at *http://www.cms.gov.* 

# Important Notice – Third Party Attestation

The Arizona Medicaid Program does not allow third party attestation for Eligible Providers in the Electronic Provider Incentive Payment System (ePIP).

Eligible Providers should actively participate in the attestation process in ePIP.

Eligible providers are responsible for the completeness and accuracy of the information provided in their attestation in ePIP.

# About ePIP

#### About ePIP

The Arizona Medicaid Electronic Health Record (EHR) Incentive Program will provide incentive payments to eligible professionals and eligible hospitals as they demonstrate adoption, implementation, upgrading, or meaningful use of certified EHR technology. This incentive program is designed to support providers in this period of Health IT transition and instill the use of EHRs in meaningful ways to help our nation to improve the quality, safety, and efficiency of patient health care.

This web application is for the Arizona Medicaid EHR Incentive Program. Those electing to partake in the program will use this system to register and participate in the program.

#### Administration:

The Arizona Health Care Cost Containment System (AHCCCS) is responsible for the implementation of Arizona's Medicaid EHR Incentive Program. Until the end of the program, AHCCCS will disburse payments to providers who adopt, implement, upgrade or demonstrate meaningful use of certified EHR technology. For detailed information, visit AHCCCS website

#### Resources:

Reference materials for Registration and Attestation are available to explain how to complete these modules. Reference guides, eligibility and payment worksheets, links to a list of EHR technology that is certified for this program, and other general resources will help you complete registration and attestation. For detailed information, visit AHCCCS website

#### Eligible to Participate:

Providers under the AHCCCS Medicaid program are eligible to participate in the Arizona EHR Incentive Program if they meet the program's requirements. For detailed information, visit AHCCCS website

#### Eligible Hospitals (EHs)

Medicaid EHs include:

- · Acute Care Hospitals (including Critical Access Hospitals and Cancer Hospitals) with at least 10% Medicaid patient volume
- Children's Hospitals (not required to meet a Medicaid patient volume)

#### Eligible Professionals (EPs)

Medicaid EPs include:

- Physicians
- Nurse Practitioners
- Certified Nurse Midwife
- Dentists
- Physicians Assistants who practice in a Federally Qualified Health Center (FQHC) or Rural Health Clinic (RHC) that is led by the Physician Assistant

Additionally, Medicaid EPs must also:

- Have a minimum of 30% Medicaid patient volume
- · Have a minimum of 20% or 30% patient volume for Pediatricians, OR
- · Practice predominantly in a FQHC or RHC and have at least 30% patient volume attributed to needy individuals

NOTES: EPs may NOT be hospital-based. This is defined as any provider who furnishes 90% or more of their services in a hospital setting (inpatient or emergency department). Practice predominantly is defined as any provider who furnishes over 50% of their services over a 6-month period at a FOHC/RHC facility.

Providers must complete and submit an attestation in the ePIP System each program year in order to apply for the program.

Go to the ePIP System by clicking here

# Welcome to the ePIP System Home Page

Electronic Provider In	centive Dayment (	oDID) System

Welcome to the AHCCCS EHR Electronic Provider Incentive Payment (ePIP) System.

This is the official web site for the Arizona EHR Incentive Program that provides incentive payments to eligible professionals and eligible hospitals as they adopt, implement, upgrade, or strate meaningful use of certified EHR technology.

Your ePIP account is where you interface with the system to maintain your EHR Incentive Program information and track your incentive payments.

If you have not already registered with CMS and have not obtained a CMS Registration ID, click here to find out about registering with CMS.

#### NOTE: The deadline for registration in the Arizona EHR Incentive Program was June 30th. 2017 (The end of the 2016 Program Year). No new registrations are being accepted for this program, except for EPs enrolled in another state on or before Program Year 2016 and are transferring into Arizona. Contact the EHR incentive Payments Team for more information

The Centers for Medicate & Medicate Services (CMS) governs Electronic Health Records (EHR) Incentive Programs. For more information please see the CMS.gov EHR Incentive Programs

#### ePIP Program Announcements

- Program Year 2017 will be open from March 29th 2018 thru July 2nd 2018
- Program Year 2017 will introduce Stage 3 of Meaningful Use
- Stage 3 Meaningful Use in Program Year 2017 is optional

Beginning in 2011, the Electronic Health Records (EHR) Incentive Programs were developed to encourage eligible professionals and eligible hospitals to adopt, implement, upgrade (AIU), and demo nstrate meaningful use of certified EHR technology.

- The program is administered voluntarily by states and territories, and will pay incentives through 2021. Eligible professionals are eligible for incentive payments for 6 years, and participation years do not have to be consecutive.
- The last year that an eligible professional can begin participation is 2016. Incentive payments for eligible professionals under the Medicaid EHR Incentive Payments program are up to \$63,750 over 6 years.
- · Eligible professionals can receive an incentive payment for adopting, implementing, or upgrading (AIU) certified EHR technology in their first year of participation. In subsequent years, eligible professionals can receive incentive payments for successfully demonstrating meaningful use.

#### What are Meaningful Use Stages?

Meaningful use requirements for 2017

Meaningful Use (MU) for Program Year 2017: EPs with systems certified with a 2014 CEHRT will be attesting to Modified Stage 2 Objectives.

- 1. Protect electronic health information created or maintained by the CEHRT through the implementation of appropriate technical capabilities.
- 2. Use clinical decision support to improve performance on high-priority health conditions
- 3. Use computerized provider order entry for medication, laboratory, and radiology orders directly entered by any licensed health care professional who can enter orders into the medical record per state, local, and professional guidelines 4. Generate and transmit permissible prescriptions electronically (eRx).
- 5. The EP who transitions their patient to another setting of care or provider of care or refers their patient to another provider of care provides a summary care record for each transition of care or referral.
- 6. Use clinically relevant information from CEHRT to identify patient-specific education resources and provide those resources to the patient
- 7. The EP who receives a patient from another setting of care or provider of care or believes an encounter is relevant performs medication reconciliatio
- 8. Provide patients the ability to view online, download, and transmit their health information within 4 business days of the information being available to the EP. 9. Use secure electronic messaging to communicate with patients on relevant health information.
- 10. The EP is in active engagement with a public health agency to submit electronic public health data from CEHRT except where prohibited and in accordance with applicable law and practice

Starting with Program Year 2017, providers with systems that have a 2015 CEHRT will be eligible to attest (optional) to Stage 3 Objectives.

- 1. Protect electronic protected health information (ePHi) created or maintained by the CEHRT through the implementation of appropriate technical, administrative, and physical safeguard
- 2. Generate and transmit permissible prescriptions electronically (eRx)
- 3. Implement clinical decision support (CDS) interventions focused on improving performance on high-priority health conditions.
- 4. Use computerized provider order entry (CPOE) for medication, laboratory, and diagnostic imaging orders directly entered by any licensed healthcare professional, credentialed medical assistant, or a medical staff member credentialed to and performing the equivalent duties of a credentialed medical assistant, who can enter orders into the medical record per state, local, and professional guidelines.
- The EP provides patients (or patient-authorized representative) with timely electronic access to their health information and patient-specific education.
   Use CEHRT to engage with patients or their authorized representatives about the patient's care.
- 7. The EP provides a summary of care record when transitioning or referring their patient to another setting of care, receives or retrieves a summary of care record upon the receipt of a transition or referral or upon the first patient encounter with a new patient, and incorporates summary of care information from other providers into their EHR using the functions of CEHRT.
- The EP is in active engagement with a public health agency or clinical data registry to submit electronic public health data in a meaningful way using certified EHR technology, except where prohibited, and in accordance with applicable law and practice.

Detailed documentations for all of these objectives can be found in the EHR Document Library

Helpful links are located in the footer of the web page.

### ePIP Program Announcement Update:

ePIP is accepting attestations for Program Year 2017 until August 31, 2018 (subject to CMS approval).

# **Registration (Providers Without an ePIP Account)**

Provider Registration

#### ePIP New Account Creation / Registration Notice

#### New providers who have not yet participated in the EHR Incentive Program will not be permitted to register to set-up an ePIP account after July 1st, 2017.

Transferring providers who have participated in the EHR Incentive Program outside of Arizona and received a payment are permitted to register to set-up an ePIP account. Existing providers who have participated in the EHR Incentive Program in Arizona and received a payment are permitted to update their registration by modifying their CMS registration.

#### User Agreement

User Agreement / Identification / Verify Information / Register

Provider Incentive Payments User Agreement

#### Registration Instructions

Welcome to the Registration page. Arizona Medicaid providers must register for the Arizona Medicaid EHR Incentive Program using this system. Completing the State registration is a prerequisite for completing the State attestation.

#### User Electronic Funds Transfer (EFT) Records

Providers and if applicable, their payee (entity receiving payment) must have an active Electronic Funds Transfer record with AHCCCS in order to receive payments. If you are not currently set up to receive electronic payment, please Click Here to set up electronic funds transfer record.

#### Data Requirements

Please be prepared to provide the following information:

- National Provider Identifier (NPI)
- Tax Identification Number (TIN)
- CMS Registration ID: (Obtained when registered with www.cms.gov)
   AHCCCS Provider Number (APN)
- CCN (For Hospitals Only)

#### AHCCCS User Agreement Terms & Conditions:

This site displays confidential information from AHCCCS Administration and is to be used only by AHCCCS providers intending to receive incentive payments. You are liable for the accuracy of all data that you provide to this site in order to receive incentive payments from AHCCCS. If you use the system for any other purpose other than intended, your account may be canceled, your payments withheld and you may be subject to criminal prosecution.

I have reviewed and agree to the Terms & Conditions in the AHCCCS User Agreement listed above.

### Regarding Providers without an ePIP Account:

Only providers who already received payment and transferring to Arizona from other states can still set-up an ePIP account.

Providers must agree to the Terms & Conditions in order to register.

Program Year 2016 was the last year for providers to begin participation in the EHR Incentive Program.

You must agree by checking the box in order to proceed.

Your NPI number can be verified at the following link: https://npiregistry.cms.hhs.gov/registry/

EHR Certificate Validation
Tool

EHR Certificate Validation Tool allows you to verify your EHR Certification Number using the online CMS EHR Certification ID Validator.

The EHR Certification Number is a unique alpha-numeric character string assigned by ONC-Authorized Testing & Certification Board after an EHR system has been successfully certified.

The Attest page is where you create your attestation & view your attestation activity.

Providers must attest if they want to participate in the program (maximum of 6 payments).

Please be sure to read the Meaningful Use Stage Review and the Data Requirements.

# Before Submission:

Click the Create New button to start a new attestation (new users).

Click the Begin button to start a new attestation (existing users).

# Click the Edit button to complete your attestation.

# After Submission:

Click the Re-submit button to modify a previously failed/rejected attestation.

Click the Details button to view the details of your attestation.

Click the View button to see a status of your Attestation Progress.

### Attestation Instructions

### Attestation Instructions

Welcome to the Attestation page. Arizona Medicaid providers must attest each payment year for the Medicaid EHR Incentive Program. Completing the State attestation is a prerequisite for determining the EHR Incentive Program payment.

In your first participation year, you demonstrated that you Adopted, Implemented or Upgraded your system to certified EHR technology. That was the first step in transforming our nation's health care system to improve quality, safety and efficiency of care to EHR technology.

#### Attest Options

Depending on the current status of your attestation, please select one of the following actions:

- Begin: Begin Meaningful Use Attestation. \*
- · Edit: Edit a previously started Meaningful Use Attestation that has not yet been submitted.
- Resubmit: Resubmit a failed or rejected attestation.
- · Detail: View detail Meaningful Use Attestation that has been submitted and accepted.

\* If you are a new user of the Arizona ePIP system, please select the "Create New" option at the top of the page.

#### Meaningful Use Stage Overview

Meaningful Use attestations require Medicaid Eligible Professionals (EPs) participating in the EHR Incentive Program to successfully demonstrate "meaningful use" of certified EHR technology. The reporting period for Meaningful Use is a minimum of 90 days.

Requirements for Meaningful Use Measures for EPs

- Meaningful Use Stage 2 consists of 10 Meaningful Use Objectives that must be met according to CMS threshold. If an EP meets the criteria for and can claim an exclusion for measures that have that option, then the measure(s) is also considered met.
- Meaningful Use Stage 3 consists of 8 Meaningful Use Objectives that must be met according to CMS threshold. If an EP meets the criteria for and can claim an exclusion for measures that have that option, then the measure(s) is also considered met.

Beginning in Program Year 2017, CMS adopted final policies to align specific CQMs available to EPs participating in the Medicaid EHR Incentive Program with those available to professionals participating in the Merit-based Incentive Payment System (MIPS).

#### Changes include:

- · The minimum amount of CQMs EPs must attest to has been reduced from 9 CQMs to 6 CQMs
- EPs are no longer required to attest to CQMs that cover a minimum amount of NQS domains
- · 11 CQMS have been removed, leaving EPs the option to attest to 53 CQMs instead of 64 CQMs

### Attestation Instructions cont'd.

#### Data Requirements Please be prepared to provide the following information: Medicaid Patient Volume Needy Individual Patient Volume Patient Volume Reporting Period [90 days]<sup>1</sup> Patient Volume Reporting Period Hospital-Based Reporting Period [12 months]<sup>1</sup> Practice Predominantly Reporting Period <sup>1</sup> Patient Volume Methodology (Individual/Aggregate)<sup>2</sup> Patient Volume Methodology Total Patient Encounters · Total Patient Encounters Medicaid Patient Encounters [Medicaid Title XIX] Needy Individual Patient Encounters [Medicaid Title XIX, CHIP Title XXI & Patients Paying Below Cost] Hospital-Based Patient Encounters [Medicaid Title XIX Inpatient Hospital & Emergency Department] · FQHC/RHC Facility Patient Encounters in Practice Predominantly Reporting Period Notes: Total Patient Encounters in Practice Predominantly Reporting Period <sup>1</sup> Reporting periods are from the prior calendar year that precedes the payment year. Practice Non-Hospital-Based Criteria: Predominantly EPs have more than 50 percent of patient encounters at FQHC/RHC facilities place of service during EPs selecting Medicaid Patient Volume Type cannot be hospital-based. Hospital-Based Patient Encounters are the 6-month reporting period. encounters received at an inpatient hospital or an emergency department place of service. Hospital-Based EPs have

# AIU Selection

Note: As of the end of Program Year 2016 (June 30th, 2017) the AIU Selection is no longer available

### Adopted Certified EHR

90 percent or more of their covered professional services in a hospital setting during the 12-month reporting period.

Adoption of an EHR system requires that a provider acquired, purchased or secured access to certified EHR technology.

### Implemented Certified EHR

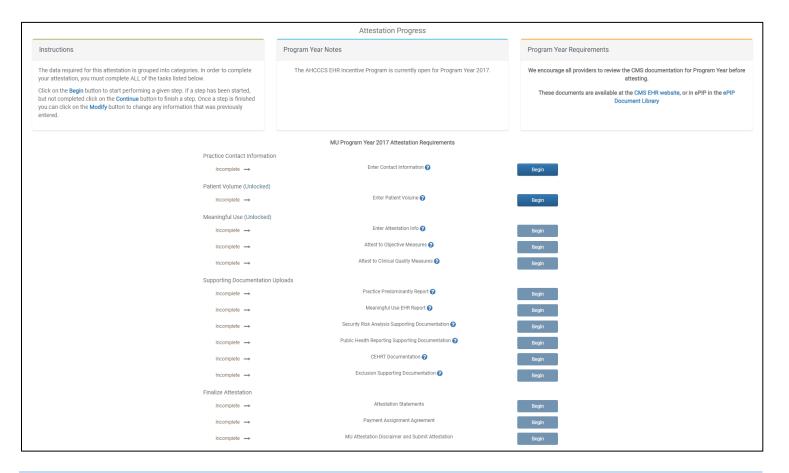

Implementation of an EHR system requires that a provider installed or commenced utilization of certified EHR technology.

### Upgraded Certified EHR

Upgrade of an EHR system requires that a provider upgraded from existing EHR technology to certified EHR technology or expanded the functionality of existing certified EHR technology.

# Attestation Progress

This is where you will monitor your progress towards completion of your attestation.

Note that the ability to complete the steps on this page is sequential. You must complete the steps in sequence (top down) to access subsequent sections.

The supporting documentation must be uploaded after you complete each step.

Click the Begin button to complete each step.

Click the Continue button to finish a step.

Click the Modify button to change information previously entered.

# Meaningful Use Requirements for Program Year 2017 Stage 2 Modified

	Meaningful Use Objectives for Stage 2 Modified
	Providers with systems certified with a 2014 CEHRT as of 12.31.2017
1	Protect electronic health information created or maintained by the CEHRT through the implementation of appropriate technical capabilities.
2	Use clinical decision support to improve performance on high-priority health conditions.
3	Use computerized provider order entry for medication, laboratory, and radiology orders directly entered by any licensed health care professional that can enter orders into the medical record per state, local, and professional guidelines.
4	Generate and transmit permissible prescriptions electronically (eRx).
5	The EP who transitions their patient to another setting of care or provider of care or refers their patient to another provider of care provides a summary care record for each transition of care or referral.
6	Use clinically relevant information from CEHRT to identify patient-specific education resources and provide those resources to the patient.
7	The EP who receives a patient from another setting of care or provider of care or believes an encounter is relevant performs medication reconciliation.
8	Provide patients the ability to view online, download, and transmit their health information within 4 business days of the information being available to the EP.
9	Use secure electronic messaging to communicate with patients on relevant health information.
10	The EP is in active engagement with a public health agency to submit electronic public health data from CEHRT except where prohibited and in accordance with applicable law and practice.

Welcome to Stage 2<sup>Modified</sup>

Providers must attest to 10 Meaningful Use Objectives using EHR technology certified to the 2014 Edition.

Optional: If it is available, providers may also attest using EHR technology certified to the 2015 Edition, or a combination of the two.

There are changes to the measure calculations policy, which specifies that actions included in the numerator must occur during the EHR reporting period.

**Objective 8, Measure 2, Patient Electronic Access:** More than 5 percent of unique patients seen by the EP during the EHR reporting period (or his or her authorized representatives) view, download or transmit to a third party their health information during the EHR reporting period.

**Objective 9, Secure Messaging:** More than 5 percent of unique patients seen by the EP during the EHR reporting period, a secure message was sent using the electronic messaging function of CEHRT to the patient (or the patient-authorized representative), or in response to a secure message sent by the patient (or the patient-authorized representative) during the EHR reporting period.

Objective Details: Protect Patient Health Information : Protect electronic protected health Information (6FH) created or maintained by the CEHRT through the implementation of appropriate technical capabilities.	Protected Health Information	
Mesure Regularements:		
Conduct or review a security risk analysis in accordance with the requirements in 45 CFR 164.308(a)(1), including addressing the security (to include encryption) of ePH created or maintained by CEHRT in accordance with requirements under 45 CFR 164.312(a)(2)(v) and 45 CFR 164.306(d)(3), and implement security updates as necessary and correct identified security deficiencies as part of the EPh risk management process.	☑ Measure 1	
Additional Information	Complete all	
Conducting or reviewing a Security Risk Analysis (SRA) to meet the standards of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Security Rule is included in the meaningful use requirements of the Medicaid BHR Incentive Program. BigBite Professionals (EPs) must attest and demonstrate compliance by performing a Security Risk Analysis each calendar year, upon installation of a new CEHRT system and/or upgrade to a new CEHRT Edition.	required fields.	
The analysis must meet below requirements: • Must cover each BHR reporting ported • Must be unjued from ach BHR reporting ported • Scope must include the full EHR reporting ported (Junuary 1st – December 31st) • Must be completed the earlier of December 31 st or the attestation date	You must upload your Security Risk	
The Centers for Medicare and Medicaid Services (CMS) provides documentation to gaide you through the measure requirements for this particular objective. (Please Review before attesting to this measure) For detailed information about the Protect Patient Health Information objective, please click here Note: (Please Review before attesting to this measure): Further information can be found in the CMS SRA Tip Sheet, please click here	Analysis Report documentation separately.	
Suporting Documentation Requirements		
The Security Risk Analysis measure requires supporting documentation to be uploaded. The lisk for uploading this documentation will appear on the "Attestation Progress" page as a required step in the attestation process. If you previously submitted the SRA documentation to Arizona in a prior program year, prior as auboint try updates to those documents for this program year. The supporting documentation aloud Include the following elements for well-station: • The date that the Security Risk Analysis was completed, evelowed or updated (Please consult the CMS Measure Documentation and the Tip Sheet via the links above to insure that this date fails within the acceptable date range for the program year) • Risk Analysis document (that should include Information verifying the terms listed below) • Potential that and when information verifying the terms listed below) • Are Analysis approximed • A search threat on when information verifying the terms listed below) • Are Analysis approximed.	You must have completed the Security Risk Analysis in 2017.

## **Clinical Quality Measures**

	Meaningful Use Clinical Quality Measures		
	National Quality Strategy (NQS) Domains	Number CQMs Available	
1	Person and Caregiver-Centered Experience and Outcomes	4	
2	Patient Safety	5	
3	Communication and Care Coordination	1	
4	Community/Population Health	9	
5	Efficiency and Cost Reduction	4	
6	Effective Clinical Care	30	

Clinical Quality Measures (CQMs) Selection:

Providers are required to report on 6 of 53 separate CQMs from any of the National Quality Strategy domains.

Select the CQMs that best apply to your scope of practice.

The CQM Reporting Period is a 90-day period selected from 2017.

If your certified EHR technology does not contain patient data for at least 6 CQMs:

 $\ensuremath{\boxtimes}$  Report the CQMs for which there is patient data

☑ Report the remaining required CQMs as "zero denominators" as displayed by your certified EHR technology.

Make sure that you upload all documents that support the above entries in your attestation. You can do so on the Attestation Progress page under Meaningful Use EHR Report.

## **Clinical Quality Measures for Person and Caregiver-Centered Experience & Outcomes**

Person and Caregiver-Cer	ntered Experience and Outcomes		Person and
Objective	Measure	Selected	Caregiver-Centered Experience &
CMS 157v5 \ NQF 0384 - Oncology: Medical and Radiation – Pain Intensity Quantified	Percentage of patient visits, regardless of patient age, with a diagnosis of cancer currently receiving chemotherapy or radiation therapy in which pain intensity is quantified		Outcomes Select the CQMs
<b>CMS 66v5</b> - Functional Status Assessment for Total Knee Replacement	Percentage of patients 18 years of age and older with primary total knee arthroplasty (TKA) who completed baseline and follow-up patient-reported functional status assessments		that best apply to your scope of practice.
CMS 56v5 - Functional Status Assessment for Hip Replacement	Percentage of patients aged 18 years and older with primary total hip arthroplasty (THA) who completed baseline and follow-up (patient-reported) functional status assessments		4 of 53 CQMs are available under this
CMS 90v6 - Functional Status Assessment for Complex Chronic Conditions	Percentage of patients aged 65 years and older with heart failure who completed initial and follow-up patient-reported functional status assessments		domain.
			The Navigation bar at the bottom will monitor your progress.

Make sure that you upload all documents that support the above entries in your attestation. You can do so on the Attestation Progress page under Meaningful Use EHR Report.

## **Clinical Quality Measures for Patient Safety**

Patient Safety			Patient Safety
Objective	Measure	Selected	
<b>CMS 156v5 \ NQF0022</b> - Use of High-Risk Medications in the Elderly	Percentage of patients 66 years of age and older who were ordered high-risk medications. Two rates are reported. 1) Percentage of patients who were ordered at least one high-risk medication. 2) Percentage of patients who were ordered at least two different high-risk		Select the CQMs that best apply to your scope of practice.
<b>CMS 139v5 \ NQF 0101</b> - Falls: Screening for Future Fall Risk	medications. Percentage of patients 65 years of age and older who were screened for future fall risk during the measurement period.		5 of 53 CQMs are available under this domain.
CMS 68v6 \ NQF 0419 - Documentation of Current Medications in the Medical Record	Percentage of visits for patients aged 18 years and older for which the eligible professional attests to documenting a list of current medications using all immediate resources available on the date of the encounter. This list must include ALL known prescriptions, over-the-counters, herbals, and vitamin/mineral/dietary (nutritional) supplements AND must contain the medications name, dosage, frequency and route of administration.		The Navigation bar at the bottom will monitor your progress.
CMS 132v5 \ NQF 0564 - Cataracts: Complications within 30 Days Following Cataract Surgery Requiring Clinical Processes Effectiveness Surgical Procedures	Percentage of patients aged 18 years and older with a diagnosis of uncomplicated cataract who had cataract surgery and had any of a specified list of surgical procedures in the 30 days following cataract surgery which would indicate the occurrence of any of the following major complications: retained nuclear fragments, endophthalmitis, dislocated or wrong power IOL, retinal detachment, or wound dehiscence		
CMS 177v5 \ NQF 1365 - Child and Adolescent Major Depressive Disorder (MDD): Suicide Risk Assessment	Percentage of patient visits for those patients aged 6 through 17 years with a diagnosis of major depressive disorder with an assessment for suicide risk		

Make sure that you upload all documents that support the above entries in your attestation. You can do so on the Attestation Progress page under Meaningful Use EHR Report.

## **Clinical Quality Measures for Communication and Care Coordination**

Communication and Care Coordination           Objective         Measure	Selected	Communication and Care Coordination
CMS 50v5 - Closing the Referral Loop: Receipt of Specialist Report       Percentage of patients with referrals, regardless of age, for which the referring provider receives a report from the provider to whom the patient was referred.		Select the CQMs that best apply to your scope of practice. 1 of 53 CQMs is available under this domain. The Navigation bar at the bottom will monitor your progress.

Make sure that you upload all documents that support the above entries in your attestation. You can do so on the Attestation Progress page under Meaningful Use EHR Report.

## **Clinical Quality Measures for Community / Population Health**

Community/Population H	Community /		
Objective	Measure	Selected	Population Health
CMS 155v5 \ NQF 0024 - Weight Assessment and Counseling for Nutrition and Physical Activity for Children and Adolescents	<ul> <li>Percentage of patients 3-17 years of age who had an outpatient visit with a Primary Care Physician (PCP) or Obstetrician / Gynecologist (OB/GYN) and who had evidence of the following during the measurement period. Three rates are reported.</li> <li>Percentage of patients with height, weight, and body mass index (BMI) percentile documentation</li> <li>Percentage of patients with counseling for nutrition</li> <li>Percentage of patients with counseling for physical activity</li> </ul>		Select the CQMs that best apply to your scope of practice. 9 of 53 CQMs are
CMS 138v5 \ NQF 0028 - Preventive Care and Screening: Tobacco Use: Screening and Cessation Intervention	Percentage of patients aged 18 years and older who were screened for tobacco use one or more times within 24 months AND who received cessation counseling intervention if identified as a tobacco user.		available under this domain. The Navigation bar
CMS 153v5 \ NQF 0033 - Chlamydia Screening for Women	Percentage of women 16-24 years of age who were identified as sexually active and who had at least one test for chlamydia during the measurement period.		at the bottom will monitor your progress.
CMS 117v5 \ NQF 0038 - Childhood Immunization Status	Percentage of children 2 years of age who had four diphtheria, tetanus and acellular pertussis (DTaP); three polio (IPV), one measles, mumps and rubella (MMR); three H influenza type B (HiB); three hepatitis B (Hep B); one chicken pox (VZV); four pneumococcal conjugate (PCV); one hepatitis A (Hep A); two or three rotavirus (RV); and two influenza (flu) vaccines by their second birthday.		
CMS 147v6 \ NQF 0041 - Preventive Care and Screening: Influenza Immunization	Percentage of patients aged 6 months and older seen for a visit between October 1 and March 31 who received an influenza immunization OR who reported previous receipt of an influenza immunization.		

Make sure that you upload all documents that support the above entries in your attestation. You can do so on the Attestation Progress page under Meaningful Use EHR Report.

## Clinical Quality Measures for Community / Population Health cont'd.

Percentage of patients aged 12 years and older screened for clinical depression on the date of the encounter using an age appropriate standardized depression screening tool AND if positive, a follow up plan is documented on the date of the positive screen.		Community / Population Health
Percentage of patients aged 18 years and older with an encounter during the reporting period with a documented calculated BMI during the encounter or during the previous six months AND when the BMI is outside of normal parameters, follow-up plan is documented during the encounter or during the previous 6 months of the encounter with the BMI outside of normal parameters. Normal Parameters: Age 65 years and older BMI $\geq$ 23 and < 30 Age 18-64 years BMI $\geq$ 18.5 and < 25.		Select the CQMs that best apply to your scope of practice.
The percentage of children who turned 6 months of age during the measurement year, who had a face-to-face visit between the clinician and the child during child's first 6 months, and who had a maternal depression screening for the mother at least once between 0 and 6 months of life.		9 of 53 CQMs are available under this domain.
Percentage of patients aged 18 years and older seen during the reporting period who were screened for high blood pressure AND a recommended follow-up plan is documented based on the current blood pressure (BP) reading as indicated.		The Navigation bar at the bottom will monitor your progress.
	on the date of the encounter using an age appropriate standardized depression screening tool AND if positive, a follow up plan is documented on the date of the positive screen. Objective	Measure	Selected	Care
CMS 137v5 \ NQF 0004 - Initiation and Engagement of Alcohol and Other Drug Dependence Treatment	Percentage of patients 13 years of age and older with a new episode of alcohol and other drug (AOD) dependence who received the following. Two rates are reported. 1) Percentage of patients who initiated treatment within 14 days of the diagnosis.		Select the CQMs that best apply to your scope of practice.
	<ol> <li>Percentage of patients who initiated treatment and who had two or more additional services with an AOD diagnosis within 30 days of the initiation visit.</li> </ol>		' 30 of 53 CQMs are
CMS 165v5 \ NQF 0018 - Controlling High Blood Pressure	Percentage of patients 18-85 years of age who had a diagnosis of hypertension and whose blood pressure was adequately controlled (<140/90mmHg) during the measurement period.		available under this domain.
CMS 125v5 - Breast Cancer Screening	Percentage of women 40-69 years of age who had a mammogram to screen for breast cancer.		The Navigation bar
CMS 124v5 \ NQF 0032 - Cervical Cancer Screening	Percentage of women 21-64 years of age, who received one or more Pap tests to screen for cervical cancer.		at the bottom will monitor your
CMS 130v5 \ NQF 0034 - Colorectal Cancer Screening	Percentage of adults 50-75 years of age who had appropriate screening for colorectal cancer.		progress.
CMS 127v5 \ NQF 0043 - Pneumonia Vaccination Status for Older Adults	Percentage of patients 65 years of age and older who have ever received a pneumococcal vaccine.		
CMS 131v5 \ NQF 0055 - Diabetes: Eye Exam	Percentage of patients 18-75 years of age with diabetes who had a retinal or dilated eye exam by an eye care professional during the measurement period or a negative retinal exam (no evidence of retinopathy) in the 12 months prior to the measurement period.		

Make sure that you upload all documents that support the above entries in your attestation. You can do so on the Attestation Progress page under Meaningful Use EHR Report.

## Clinical Quality Measures for Effective Clinical Care cont'd.

CMS 123v5 \ NQF 0056 - Diabetes: Foot Exam	Percentage of patients aged 18-75 years of age with diabetes who had a foot exam during the measurement period.	Effective Clinical Care
CMS 122v5 \ NQF 0059 - Diabetes: Hemoglobin A1c Poor Control	Percentage of patients 18-75 years of age with diabetes who had hemoglobin A1c > 9.0% during the measurement period.	
CMS 134v5 \ NQF 0062 - Diabetes: Urine Protein Screening	The percentage of patients 18-75 years of age with diabetes who had a nephropathy screening test or evidence of nephropathy during the measurement period.	Select the CQMs that best apply to your scope of
CMS 164v5 \ NQF 0068 - Ischemic Vascular Disease	Percentage of patients 18 years of age and older who were discharged alive for acute myocardial infarction (AMI), coronary artery bypass graft (CABG) or	practice.
(IVD): Use of Aspirin or Another Antithrombotic	percutaneous coronary interventions (PCI) in the 12 months prior to the measurement period, or who had an active diagnosis of ischemic vascular disease (IVD) during the measurement period, and who had documentation of use of aspirin or another antithrombotic during the measurement period.	30 of 53 CQMs are available under this domain.
CMS 145v5 \ NQF 0070 - Coronary Artery Disease (CAD): Beta-Blocker Therapy—Prior Myocardial Infarction (MI) or Left Ventricular Systolic Dysfunction (LVEF <40%)	Percentage of patients aged 18 years and older with a diagnosis of coronary artery disease seen within a 12 month period who also have a prior MI or a current or prior LVEF <40% who were prescribed beta-blocker therapy.	The Navigation bar at the bottom will monitor your progress.
CMS 135v5 \ NQF 0081 - Heart Failure (HF): Angiotensin-Converting Enzyme (ACE) Inhibitor or Angiotensin Receptor Blocker (ARB) Therapy for Left Ventricular Systolic Dysfunction (LVSD)	Percentage of patients aged 18 years and older with a diagnosis of heart failure (HF) with a current or prior left ventricular ejection fraction (LVEF) < 40% who were prescribed ACE inhibitor or ARB therapy either within a 12 month period when seen in the outpatient setting OR at each hospital discharge.	

Make sure that you upload all documents that support the above entries in your attestation. You can do so on the Attestation Progress page under Meaningful Use EHR Report.

## **Clinical Quality Measures for Effective Clinical Care cont'd.**

CMS 144v5 \ NQF 0083 - Heart Failure (HF): Beta- Blocker Therapy for Left Ventricular Systolic Dysfunction (LVSD)	Percentage of patients aged 18 years and older with a diagnosis of heart failure (HF) with a current or prior left ventricular ejection fraction (LVEF) < 40% who were prescribed beta-blocker therapy either within a 12 month period when seen in the outpatient setting OR at each hospital discharge.	Effective Clinical Care
CMS 143v5 \ NQF 0086 - Primary Open Angle Glaucoma (POAG): Optic Nerve Evaluation	Percentage of patients aged 18 years and older with a diagnosis of POAG who have an optic nerve head evaluation during one or more office visits within 12 months.	Select the CQMs that best apply to
CMS 167v5 \ NQF 0088 - Diabetic Retinopathy: Documentation of Presence or Absence of Macular Edema and Level of Severity of Retinopathy	Percentage of patients aged 18 years and older with a diagnosis of diabetic retinopathy who had a dilated macular or fundus exam performed which included documentation of the level of severity of retinopathy and the presence or absence of macular edema during one or more office visits within 12 months.	your scope of practice. 30 of 53 CQMs are available under this
CMS 142v5 \ NQF 0089 - Diabetic Retinopathy: Communication with the Physician Managing Ongoing Diabetes Care	Percentage of patients aged 18 years and older with a diagnosis of diabetic retinopathy who had a dilated macular or fundus exam performed with documented communication to the physician who manages the ongoing care of the patient with diabetes mellitus regarding the findings of the macular or fundus exam at least once within 12 months.	domain. The Navigation bar at the bottom will
CMS 161v5 \ NQF 0104 - Major Depressive Disorder (MDD): Suicide Risk Assessment	Percentage of patients aged 18 years and older with a new diagnosis or recurrent episode of MDD who had a suicide risk assessment completed at each visit during the measurement period.	monitor your progress.
CMS 128v5 \ NQF 0105 - Anti-depressant Medication Management	Percentage of patients 18 years of age and older who were diagnosed with major depression and treated with antidepressant medication, and who remained on antidepressant medication treatment. Two rates are reported.	
	<ol> <li>Percentage of patients who remained on an antidepressant medication for at least 84 days (12 weeks).</li> </ol>	
	<ol> <li>Percentage of patients who remained on an antidepressant medication for at least 180 days (6 months).</li> </ol>

## **Attestation Statements**

	You are about to submit your attestation for EHR Certification Number 0014E7DKD2SY780
	rou and about to addring your integration for Crim Certification multiple of the Conduct Cod
	Please check the box next to each statement below to attest, then select the AGREE button to complete your attestation:
	Section I. Activities to demonstrate Certified EHR Technology objectives & associated measures (mandatory):
	The information submitted for Meaningful Use objectives and measures accurately reflects the output of the certified EHR technology.
	The information submitted for CQMs was generated as output from an identified certified EHR technology.
	The information submitted is accurate to the knowledge and belief of the EP.
	The information submitted is accurate and complete for numerators, denominators, exclusions and measures applicable to the EP.
	The information submitted includes information on all patients to whom the measure applies.
	A zero was reported in the denominator of a measure when an EP did not care for any patients in the denominator population during the EHR reporting period.
	Section II. Activities to support Performance of Certified EHR Technology (mandatory):
	acknowledge the requirement to cooperate in good faith with the Office of the National Coordinator (ONC) direct review of my health information technology certified under the ONC Health IT Certification Program.
	agree to cooperate in good faith with the ONC direct review of my health information technology certified under the ONC Health IT Certification Program as authorized by 45 CFR part 170, subpart E, to the extent that such technology meets (or can be used to meet) the definition of CEHRT, including by permitting timely access to such technology and demonstrating its capabilities as implemented and used by the EP in the field.
	Section III. Activities to support Surveillance of Certified EHR Technology (optional):
	acknowledge the option to cooperate in good faith with Office of National Coordinator - Authorized Testing & Certification Board (ONC-ACB) surveillance of my health information technology certified under the ONC Health IT Certification Program.
	agree to cooperate in good faith with ONC-ACB surveillance of my health information technology certified under the ONC Health IT Certification Program as authorized by 45 CFR part 170, subpart E, to the extent that such technology meets (or can be used to meet) the definition of CEHRT, including by permitting timely access to such technology and demonstrating its capabilities as implemented and used by the EP in the field.
	Section IV. Activities to support Health Information Exchange and Prevention of Information Blocking (mandatory):
	I have NOT knowingly and willfully taken action to limit or restrict the compatibility or interoperability of the certified EHR technology.
ave i	mplemented technologies, standards, policies, practices, and agreements reasonably calculated to ensure, to the greatest extent practicable and permitted by law, that the certified EHR technology was, at all relevant times:
	Connected in accordance with applicable law;
	Compliant with all standards applicable to the exchange of information, including the standards, implementation specifications, and certification criteria adopted at 45 CFR part 170;
	Implemented in a manner that allowed for timely access by patients to their electronic health information; and
	Implemented in a manner that allowed for the timely, secure, and trusted bi-directional exchange of structured electronic health information with other health care providers (as defined by 42 U.S.C. 300jj(3)), including unaffiliated providers, and with disparate certified EHR technology are vendors.
	agree to respond in good faith and in a timely manner to requests to retrieve or exchange electronic health information, including from patients, health care providers (as defined by 42 U.S.C. 300jj(3)), and other persons, regardless of the requestor's affiliation or technology vendor.
Plea	se select the AGREE button to proceed with the attestation submission process, or select the DISAGREE button to go back to the Home Page (your attestation will not be submitted until you AGREE and proceed).
	DISAGREE AGREE

Section I Activities to demonstrate Certified EHR Technology objectives & associated measures *(mandatory)*. Section II Activities to support Performance of Certified EHR Technology *(mandatory)*. Section III Activities to support Surveillance of Certified EHR Technology *(optional)*. Payee TIN:					
Payee TIN Type:					
Payee Name:					
*Employer:					
Home Address: If you are not reassigning a payment (you are the direct recipient), please p	rovide your personal address below. This addr	ress will only be used i	n the instance that your personal 1099 is retr	med to AHCCCS and must be sent out again.	
Address:	Suite #:	City:		State:	Zip Code:
Payment Assignment Disclaimer					
NOTICE: An Eligible Professional (EP) may only assign incentive payments	to his/her employer or to an entity with which th	the EP has a contractu	al arrangement allowing the employer or enti	y to bill and receive payment for the EP's cover	ed professional services.
All required tax statements, including Form 1099 regarding miscellaneous in	ncome, will be sent to the payee listed above.				
By clicking on this checkbox, I certify that the payee listed above is either services.	myself, my employer or an entity with which I l	have a contractual arra	ingement that the terms of my employment .	and/or the contract allows the employer or enti	ty to bill and receive payment for my professional
Important Information: 1099 Reporting for EHR Incentive Payments					
The IRS has provided written guidance regarding 1099 reporting for EHR incentive payments. Please note that providers may have EHR incentive payments reported to the IRS whether or not they assign the payment to another entry. Because tax issues fall under IRS jurisdiction, AHCCCS cannot offer advice or assistance on this issue. Any questions pertaining to this matter should be referred to your accountant and/or attorney.					
1099 Reporting for EHR Incentive Payments					

Save & Continue Cancel

You must confirm your employer at the time of attestation and enter your home address if you are not reassigning your payment.

To prevent improper payments, this information will be used to verify your Payee information prior to disbursement of payment.

Note: Only the provider has authority to re-assign the payment.

**P** TIP Any reassignment of payment must be voluntary and the decision as to whether an EP reassigns the incentive payment to a specific TIN is an issue which EPs and these other parties should resolve.

Any reassignment of payment must be consistent with applicable laws, rules, and regulations, including, without limitation, those related to fraud, waste and abuse.

## **Attestation Disclaimer**

Attestation Disclaimer

#### Attestation Notification

The EHR Incentive Program payment is considered a Medicaid payment to the provider. In addition to any other remedies available to it, AHCCCS reserves the right to offset any overpayment of Medicare or Medicaid (including EHR Incentive Program payments), and any sanctions or civil monetary penalties imposed by Medicare or Medicaid from any amounts due to the Provider from AHCCCS including but not limited to EHR Incentive Program payments.

Note: The State does not use the incentive payment to pay for its own program administration or to fund other State priorities.

#### Routine Uses(s)

Information from this Medicaid EHR Incentive Program application and subsequently submitted information and documents may be given to the Internal Revenue Service, private collection agencies, and consumer reporting agencies in connection with recoupment of any overpayment made and to Congressional Offices in response to inquiries made at the request of the person to whom a record pertains. Appropriate disclosures may be made to other federal, state local and foreign government agencies, private business entities, and individual providers of care, on matters relating to entitlement, fraud, program abuse, program integrity and civil and criminal litigation related to the operation of the Medicaid EHR Incentive Program.

#### Disclosures

This program is an incentive program. Therefore, while submission of the information for this program is voluntary, failure to provide necessary information will result in delay in an incentive payment or may result in denial of a Medicaid EHR Incentive Program payment. Failure to furnish subsequently requested information or documents to support the attestation will result in the issuance of an overpayment demand letter followed by recoupment procedure.

#### Attestation Disclaimer

NOTICE: With the notable exception of Eligible Hospitals, separate attestations must be completed and submitted by each provider, including each individual provider in a group practice or clinic. The attestation may NOT be completed by anyone on the provider's behalf. Attestations that are submitted by anyone other than the individual provider named in the attestation constitutes a false claim for Medicaid reimbursement which may result in civil and criminal penalties against the person submitting the attestation and/or the provider. In addition, civil and criminal penalties and/or other administrative remedies may be imposed for any material misrepresentation or false statement made to obtain EHR incentive payments.

I certify that the foregoing information is true, accurate and complete. I understand that the Arizona Medicaid EHR Incentive Program payment will be paid from Federal funds, that by filing this attestation I am submitting a claim for Federal funds, and that the use of any false claims, statements, or documents, or the concealment of a material fact used to obtain an Arizona Medicaid EHR Incentive Program payment, may be prosecuted under applicable Federal or State criminal laws and may also be subject to civil penalties.

I understand that AHCCCS reserves the right to perform an audit of this information. The audit may include an on-site visit by AHCCCS staff or designee to gather supporting data. I hereby agree to keep such records as are necessary, for six years, to demonstrate that I met all Arizona Medicaid EHR Incentive Program requirements and to furnish those records to the Medicaid State Agency, Arizona Health Care Cost Containment System Administration (AHCCCS), Department of Health and Human Services or contractor acting on their behalf.

I agree that the Medicaid EHR Incentive Program payment may NOT be paid unless this attestation is completed and accepted as required by existing law and regulations.

I agree to notify the State if I believe that I have been overpaid under the Medicaid EHR Incentive Program. The Patient Protection and Affordable Care Act, Section 6402, Section 11283, provides penalties for withholding this information.

By clicking on this check box, I agree to the above Attestation Notification and Disclaimer.

The information submitted is accurate to the knowledge and belief of the EP.

t Attestation Cancel

## Step 1 You must first read the Attestation Disclaimer.

- →Attestation Notification
- ➡Routine Uses
- Disclosures
- →Attestation Disclaimer

### Step 2

You must click the Box to confirm your agreement with the Attestation Disclaimer notice.

If you do not agree with the Attestation Disclaimer, then you cannot proceed with your submission and must exit the attestation.

## Submission Receipt

Submission Receipt
Accepted Attestation
The EP demonstrates meaningful use of certified EHR technology by meeting the applicable objectives and associated measures.  • The meaningful use core measures are accepted and meet MU minimum standards. • The meaningful use menu measures are accepted and meet MU minimum standards. • All clinical quality measures were completed with data sufficient to meet the minimum standards.
What Happens Next?
The EHR Staff will validate your attestation and determine if you meet the EHR Incentive Program requirements. If you meet the criteria, your attestation will be moved on for payment. Note: Please print this page for your records. You will also receive an e-mail confirmation of your attestation.
Attestation Confirmation Number:
Name: EHR Reporting Period: 1/1/2017- 3/31/2017
Attestation Submission Date: 9/8/2018 10:08:12 PM
Please select the PRINT button to print this page, the SUMMARY OF MEASURES button to view all submitted measures, or the HOME button to go to the Home Page.
Home Print SUMMARY OF MEASURES

You will receive a submission receipt after you successfully submit your attestation. The notice will include the following:

- ☑ Attestation Confirmation Number
- Provider's Name
- ☑ EHR Reporting Period (MU)
- ☑ Attestation Date

If you do not receive the submission receipt, then your attestation is not submitted.

## Appendix A – Medicaid Patient Volume Report Layout

Patient Encounters are measured by counting unique visits based on date of service per provider per patient. Multiple claims for the same patient on the same day are counted as one visit for each rendering provider.

The Medicaid Patient Volume calculation using <u>all</u> places of services is:

- Numerator: Medicaid Title XIX Patient Encounters
- Denominator: All Patient Encounters [Medicaid + Non-Medicaid]

→Non-Medicaid includes CHIP Title XXI (KidsCare), Medicare, Private Insurance, Self-Pay, Commercial, Sliding Scale, etc.

Reporting Period is a continuous 90-day period in the prior calendar year.

Description	Field Format
Date of Service*	MM/DD/YYYY
Patient Date of Birth	MM/DD/YYYY
Patient Identifier (unique ID or if not available, SSN)	Alpha or Numeric
Patient Insurance ID (AHCCCS Member ID or Other Member ID)	Alpha or Numeric
Patient Name	Alpha
Payer Financial Class Medicaid, CHIP (KidsCare), Medicare, Private Insurance, Self-Pay, Commercial, etc. Correctional Facilities: Use Medicaid or Non-Medicaid description	Alpha
Payer Name (if applicable specify Health Plan Name)	Alpha
Payer Health Plan ID / Site ID (Medicaid or CHIP)	Numeric
Payer Medicaid/CHIP Coordination of Benefits <sup>•</sup> For Medicaid Title XIX: Enter Medicaid Primary, Medicaid Secondary, Medicaid Tertiary, etc. <sup>•</sup> For CHIP (KidsCare) Title XXI: Enter CHIP Primary, CHIP Secondary, CHIP Tertiary, etc.	Alpha
Place of Service (POS) Codes (include all Place of Services) Two-digit codes placed on health care professional claims to indicate the setting in which a service was provided.	Alpha or Numeric
Rendering/Servicing Provider Name	Alpha
Visit Count - Numerator (Enter 1= unique visit; 0 = duplicate visit)	Numeric
Visit Count – Denominator (Enter 1= unique visit; 0 = duplicate visit	Numeric

\*Correctional Facility is a practice location for providers rendering care to inmates in a prison, jail, reformatory, work farm, detention center, or any other similar facility maintained by Federal, State or local authorities for the purpose of confinement or rehabilitation of adult or juvenile criminal offenders. **NOTE:** Incarceration & Release Date must be included in your report.

## Appendix B – Medicaid Hospital-Based Report Layout

Patient Encounters are measured by counting unique visits based on date of service per provider per patient. Multiple claims for the same patient on the same day are counted as one visit for each rendering provider.

The Medicaid Hospital-Based calculation using <u>all</u> Medicaid Title XIX places of service only is:

- Numerator: Medicaid Title XIX Hospital-Based Patient Encounters [Place of Service 21 & 23 Only]
- Denominator: All Medicaid Title XIX Patient Encounters [All Place of Services]

Reporting Period is a continuous 12-month period in the prior calendar year.

Description	Field Format
Date of Service*	MM/DD/YYYY
Patient Date of Birth	MM/DD/YYYY
Patient Identifier (unique ID or if not available, SSN)	Alpha or Numeric
Patient Insurance ID (AHCCCS Member ID or Other Member ID)	Alpha or Numeric
Patient Name	Alpha
Payer Financial Class Medicaid, CHIP (KidsCare), Medicare, Private Insurance, Self-Pay, Commercial, etc. Correctional Facilities: Use Medicaid or Non-Medicaid description	Alpha
Payer Name (if applicable specify Health Plan Name)	Alpha
Payer Health Plan ID / Site ID (Medicaid or CHIP)	Numeric
Payer Medicaid/CHIP Coordination of Benefits <sup>•</sup> For Medicaid Title XIX: Enter Medicaid Primary, Medicaid Secondary, Medicaid Tertiary, etc. <sup>•</sup> For CHIP (KidsCare) Title XXI: Enter CHIP Primary, CHIP Secondary, CHIP Tertiary, etc.	Alpha
Place of Service (POS) Codes (include all Place of Services) Two-digit codes placed on health care professional claims to indicate the setting in which a service was provided.	Alpha or Numeric
Rendering/Servicing Provider Name	Alpha
Visit Count - Numerator (Enter 1= unique visit; 0 = duplicate visit)	Numeric
Visit Count – Denominator (Enter1= unique visit; 0 = duplicate visit)	Numeric

\*Correctional Facility is a practice location for providers rendering care to inmates in a prison, jail, reformatory, work farm, detention center, or any other similar facility maintained by Federal, State or local authorities for the purpose of confinement or rehabilitation of adult or juvenile criminal offenders. **NOTE:** Incarceration & Release Date must be included in your report.

## Appendix C – Needy Patient Volume Report Layout

Patient Encounters are measured by counting unique visits based on date of service per provider per patient. Multiple claims for the same patient on the same day are counted as one visit for each rendering provider.

The Needy Patient Volume calculation using <u>all</u> places of services is:

- Numerator (Needy Patient Encounters):
   →Needy includes Medicaid Title XIX, CHIP Title XXI (KidsCare) & Patients Paying Below Cost (Sliding Scale)
- Denominator: All Patient Encounters [Needy + Non-Needy]
   Non-Needy includes Medicare, Private Insurance, Self-Pay, Commercial, etc.

Reporting Period is a continuous 90-day period in the prior calendar year.

Description	Field Format
Date of Service*	MM/DD/YYYY
Patient Date of Birth	MM/DD/YYYY
Patient Identifier (unique ID or if not available, SSN)	Alpha or Numeric
Patient Insurance ID (AHCCCS Member ID or Other Member ID)	Alpha or Numeric
Patient Name	Alpha
Payer Financial Class Medicaid, CHIP (KidsCare), Medicare, Private Insurance, Self-Pay, Commercial, etc. Correctional Facilities: Use Medicaid or Non-Medicaid description	Alpha
Payer Name (if applicable specify Health Plan Name)	Alpha
Payer Health Plan ID / Site ID (Medicaid or CHIP)	Numeric
Payer Medicaid/CHIP Coordination of Benefits <sup>•</sup> For Medicaid Title XIX: Enter Medicaid Primary, Medicaid Secondary, Medicaid Tertiary, etc. <sup>•</sup> For CHIP (KidsCare) Title XXI: Enter CHIP Primary, CHIP Secondary, CHIP Tertiary, etc.	Alpha
Place of Service (POS) Codes (include all Place of Services) Two-digit codes placed on health care professional claims to indicate the setting in which a service was provided.	Alpha or Numeric
Rendering/Servicing Provider Name	Alpha
Visit Count - Numerator (Enter 1= unique visit; 0 = duplicate visit)	Numeric
Visit Count - Denominator (Enter $1$ = unique visit; $0$ = duplicate visit)	Numeric

## Appendix D – Needy Practice Predominantly Report Layout

Patient Encounters are measured by counting unique visits based on date of service per provider per patient. Multiple claims for the same patient on the same day are counted as one visit for each rendering provider.

The Practice Predominantly calculation using <u>all</u> places of services is:

- Numerator: All FQHC/RHC/Tribal Clinic Patient Encounters [Place of Services inside facility only]
- Denominator: All Total Patient Encounters [All Place of Services inside & outside facility]

Reporting Period is a continuous 6-month period in the prior calendar year.

Description	Field Format
Date of Service*	MM/DD/YYYY
Patient Date of Birth	MM/DD/YYYY
Patient Identifier (unique ID or if not available, SSN)	Alpha or Numeric
Patient Insurance ID (AHCCCS Member ID or Other Member ID)	Alpha or Numeric
Patient Name	Alpha
Payer Financial Class Medicaid, CHIP (KidsCare), Medicare, Private Insurance, Self-Pay, Commercial, etc. Correctional Facilities: Use Medicaid or Non-Medicaid description	Alpha
Payer Name (if applicable specify Health Plan Name)	Alpha
Payer Health Plan ID / Site ID (Medicaid or CHIP)	Numeric
Payer Medicaid/CHIP Coordination of Benefits <sup>•</sup> For Medicaid Title XIX: Enter Medicaid Primary, Medicaid Secondary, Medicaid Tertiary, etc. <sup>•</sup> For CHIP (KidsCare) Title XXI: Enter CHIP Primary, CHIP Secondary, CHIP Tertiary, etc.	Alpha
Place of Service (POS) Codes (include all Place of Services) Two-digit codes placed on health care professional claims to indicate the setting in which a service was provided.	Alpha or Numeric
Rendering/Servicing Provider Name	Alpha
Visit Count - Numerator (Enter 1= unique visit; 0 = duplicate visit)	Numeric
Visit Count - Denominator (Enter $1$ = unique visit; $0$ = duplicate visit)	Numeric

## Appendix E – Definitions

### Attestation

The attestation process allows the providers to attest to the EHR Incentive Program's as they demonstrate adoption, implementation, upgrade (AIU), or meaningful use of EHR technology. *AIU attestations are not available after 2016*.

### **Electronic Health Record (EHR)**

A longitudinal electronic record of patient health information generated by one or more encounters in any care delivery setting. Included in this information are patient demographics, progress notes, problems, medications, vital signs, past medical history, immunizations, laboratory data and radiology reports. The EHR automates and streamlines the clinician's workflow. The EHR has the ability to generate a complete record of a clinical patient encounter - as well as supporting other care-related activities directly or indirectly via interface - including evidence-based decision support, quality management, and outcomes reporting.

### **Eligible Professionals (EP)**

Physicians (Doctor of Medicine, Doctor of Osteopathy), Dentists, Nurse Practitioners, Certified Nurse Midwives and Physician Assistants (PA) practicing in a FQHC/RHC/Tribal Clinic led by the PA.

#### ePIP

An online application that interfaces with the CMS Registration and Attestation system and the Prepaid Medicaid Management Information System (PMMIS) to allow providers to complete applications for the Medicaid EHR Incentive Program for Arizona.

#### **Meaningful Use**

Use of certified EHR technology (CEHRT) to Improve quality, safety, efficiency, & reduce health disparities; Engage patients & families in their health care; Improve care coordination; Improve population & public health and all the while maintaining privacy and security.

### **Meaningful Use Exclusion**

A reason or reasons associated with a Meaningful Use objective that can be selected, if applicable, to exempt a provider from having to meet the measure

#### **Meaningful Use Exemption**

Found mainly in the Clinical Quality Measures, this counts the number of members that were seen by a provider during the Meaningful Use Reporting Period, but were not eligible to be included in the measure being reported.

#### Meaningful Use Stages

*Stage 1 Data Capture & Information Sharing:* Requirements focus on electronic data capture and information sharing with the patient or other health care professionals.

Stage 2 / Stage 2 <sup>Modified</sup> Advanced Clinical Processes: Requirements focus on expanding Stage 1 requirements by emphasizing patient engagement and care coordination. Improvements to ease reporting requirements and align with other quality reporting programs (Stage 2 <sup>Modified</sup>).

Stage 3 Improved Outcome: Requirements focus on using CEHRT to improve health outcomes.

#### **Patient Volume Methodology**

Method in which an EP reports his/her patient encounters. Individual is the sum of patient encounters for a single EP. Aggregate is the sum of patient encounters for the entire practice (includes all providers).

#### **Program Year**

The calendar year in which a provider is attesting. Providers can participate and receive payment up to a maximum of 6 years.

#### Registration

The registration process allows the provider to participate in the EHR Incentive Program. Providers must complete a federal and state level registration process. *Only providers transferring from other States are permitted to register to set-up an ePIP account after Program Year 2016.* 

## Appendix F – Frequently Asked Questions regarding Program Participation

Q1	Can I switch between Medicare and Medicaid programs?	
	Providers can switch between the Medicare and Medicaid programs any time before they receive their first incentive payment.	
	Eligible Professionals can switch one time (before 2015) between the Medicare and Medicaid Incentive Programs if they have received one incentive payment.	
Q2	Can I skip a year after I have started the EHR incentive program?	
	Eligible Professionals (EPs) in the Medicaid EHR incentive program can skip a year without a Medicaid penalty.	
	It is not necessary to notify Medicaid that you are skipping a year. When you return, you continue with the next payment year.	
Q3 Are physicians who work in hospitals eligible to receive Medicaid electro health record (EHR) incentive payments?		
	Physicians who furnish substantially all, defined as 90% or more, of their covered professional services in an inpatient (POS 21) and emergency department (POS 23) of a hospital are not eligible for incentive payments under the Medicare and Medicaid EHR Incentive Programs.	
Q4 Is my practice eligible to apply & receive incentive payments throu Medicare and Medicaid Electronic Health Record (EHR) Incentive P		
	No, your practice cannot apply for payment.	
	Attestations are submitted by individual Eligible Professionals (EPs) who can voluntarily re-assign payment to their practice.	
Q5	Will EHR Incentive Payments be subject to audit?	
	Incentive payments made to Eligible Professionals under the Medicaid EHR Incentive Program is subject to audit by the EHR Incentive Programs.	
	AHCCCS is responsible for conducting the audit for your attestation. Unless otherwise indicated, you will be contacted by AHCCCS with instructions when you are selected for the State audit.	
	EHR audit questions can be directed to the EHR Post Payment Audit Team at: EHRPost-PayAudits@azahcccs.gov or 602.417.4440	

# Appendix F – Frequently Asked Questions regarding Registration

Q6	How often do I need to Register?
	You need to Register <u>once</u> in order to participate in the EHR Incentive Program. Thereafter, you must keep your registration information updated in each system.
	When updating information in your CMS registration, make sure that you "re- submit" your Registration information and allow 24 – 48 hours to feed to ePIP.
	Each time you attest, it is recommended that you review and update the "Contact Information" in both systems as needed.
Q7	I registered in the CMS Registration & Attestation System but my registration is still showing 'Send for State Approval'. How can I troubleshoot the problem?
	After completing the registration in the CMS Registration and Attestation System, allow 24 to 48 hours for your registration information to transfer from that system to Arizona's Electronic Provider Incentive Payment System (ePIP).
	If your CMS registration status shows <b>'Sent for State Approval</b> ', please send an inquiry to Medicaid at <u>EHRIncentivePayments@azahcccs.gov</u> for assistance.
	If your CMS registration status shows 'Registration Started/Modified/In Progress', please re-submit your CMS registration.
Q8	Can providers participating in the Medicare or Medicaid EHR Incentive Programs update their information (for example, if an address was mistakenly entered)? If so, will the State receive an update or full refresh of this information for its Medicaid EHR Incentive Program?
	Yes, providers who have registered for the Medicare or Medicaid EHR Incentive Programs may correct errors or update information through the registration module on the CMS registration website https://ehrincentives.cms.gov/hitech/login.action
	The updated registration information will be sent to the State.
Q9	I previously received an EHR payment from another Medicaid State and have since moved to Arizona. Can I continue to participate in the program?
	Yes, you can continue to participate in the Arizona Medicaid EHR Incentive Program.
	First you must update your changes in the CMS Registration & Attestation System and then register in the State's Registration & Attestation System to create your ePIP account.

# Appendix F – Frequently Asked Questions regarding Attestations

Q10	I am ready to start a new attestation but I do not see that option when I log in to ePIP. What are the possible reasons for such?
	If a payment decision has not been issued for the prior Program Year in which you attested, you cannot begin a new Program Year attestation.
	If your previous attestation was denied or rejected, you may need to have your attestation refreshed.
	In any instance if you cannot start a new Program Year, please email the EHR Incentive Program team at <u>EHRIncentivePayments@azahcccs.gov</u> .
Q11	How do I know if my electronic health record (EHR) system is certified?
	The Medicare and Medicaid EHR Incentive Programs require the use of certified EHR technology, as established by a set of standards and certification criteria.
	EHR technology needs to be certified by an ONC-Authorized Testing and Certification Body (ONC-ATCB) in order to qualify for incentive payments. The Certified Health IT Product List (CHPL) is available at <u>http://www.healthit.hhs.gov/CHPL</u> . Providers must maintain the proper certification requirements & submit the required documentation to demonstrate that their EHR technology is properly certified.
Q12	How do we submit documentation to support the attestation?
	ePIP is the State's repository for storing your attestation information. Providers are required to upload their documentation at the time of attestation. Passwords should follow standard operating procedures to prevent access to your ePIP accounts.
	The ePIP website, <u>https://www.azepip.gov/</u> , has a Hypertext Transfer Protocol Secure (HTTPS) feature which has a built in communications protocol for secure communication over a computer network. Therefore, documents uploaded to ePIP are secure and encrypted.
Q13	How can I change my attestation information after I have attested for the Medicaid EHR Incentive Program?
	If you discover that the information you entered during your Medicaid attestation was not complete and accurate for some reason, please email Medicaid at <u>EHRIncentivePayments@azahcccs.gov</u> .

# Appendix F – Frequently Asked Questions regarding Meaningful Use

Q14	What is the deadline for Medicaid Eligible Professionals to submit attestations for Program Year 2017?
	Eligible Professionals participate in the Medicaid EHR Incentive Programs on a calendar year basis.
	Generally, the Medicaid attestation deadline is 90-days following the end of the calendar year. At this time, the deadline for Program Year 2017 has been extended to <b>December 31, 2018</b> .
Q15	What are the reporting periods for Eligible Professionals participating in the electronic health record (EHR) Incentive Program?
	For Program Year 2017, the reporting periods are as follows:
	Volume (select a period from 2016):
	Patient Volume - a continuous 90-day period in the prior calendar year
	Hospital-Based - a 12-month period in the prior calendar year
	Practice Predominantly - continuous 6-month period in the prior calendar year
	Meaningful Use (select a period from 2017):
	The EHR reporting period for the Meaningful Use Objectives & the Clinical Quality Measures is a continuous 90-day period within the calendar year.
Q16	Under the Medicare and Medicaid Electronic Health Record (EHR) Incentive Program, who is responsible for demonstrating meaningful use of certified EHR technology, the provider or the vendor?
	To receive an EHR incentive payment, the Eligible Professional is responsible for demonstrating meaningful use of certified EHR technology under both the Medicare and Medicaid EHR incentive programs.
Q17	Is there a penalty if I start the EHR incentive program and do not attest to Meaningful Use?
	Providers who have a Medicare patient population and have not attested to Meaningful Use will have a reduction in Medicare payments.
	Providers that do not serve Medicare members are not penalized if they do not attest or if they withdraw from the Medicaid EHR Incentive Program after receiving an incentive payment.

# Appendix F – Frequently Asked Questions regarding Payment

Q18	I am choosing to reassign my EHR incentive payment to my practice. Will I have any financial liability if I do so?
	The State of Arizona issues 1099s to the Payee (recipient) of the EHR funds. If you have reassigned your payment to your practice, you will not personally receive a 1099. For more information on 1099s, visit the AHCCCS website at <u>https://www.azahcccs.gov/PlansProviders/CurrentProviders/EHR/</u> .
	Click the Payment drop down and see IMPORTANT TAX INFORMATION.
Q19	How is the Eligible Professional payment amounts determined?
	Medicaid EPs can receive a maximum of \$63,750 over a six year period.
	Note: There are special eligibility & payment options for Pediatricians.
Q20	How often are payments made?
	Payments are disbursed once per month via Electronic Funds Transfer.
Q21	Are payments from the Medicare and Medicaid Electronic Health Record (EHR) Incentive Programs subject to federal income tax?
	We note that nothing in the Act excludes such payments from taxation or as tax-free income. Therefore, it is our belief that incentive payments would be treated like any other income. Providers should consult with a tax advisor or the Internal Revenue Service regarding how to properly report this income on their filings.
Q22	Are payments from the Medicare and Medicaid Electronic Health Record (EHR) Incentive Programs subject to recoupments?
	<ul> <li>Both Medicare and Medicaid are required to recoup any or all portions of the EHR incentive payment if any of the following conditions are determined:</li> <li>Provider or Payee received an improper payment</li> <li>Provider does not meet the requirements of the program</li> <li>Evidence of fraud and abuse</li> </ul>
Q23	How long will it take to receive a payment?
	We must first perform the pre-payment audit. The EHR Incentive Team strives to complete within eight (8) weeks of attestation during off peak periods. Delays are experienced when waiting for missing information, resolving issues, during peak periods, training or staffing changes.
