The covered services, limitations, and exclusions described are global in nature and are listed in this chapter to offer general guidance to providers. AHCCCS covered behavioral health services include:

- Inpatient hospital services
- Inpatient psychiatric facilities (Level I residential treatment centers and Level I sub-acute facilities)
- Partial care (supervised day program, therapeutic day program, medical day program)
- Individual therapy and counseling
- Group and/or family therapy and counseling
- Emergency/crisis behavioral health services
- Behavior management (behavioral health personal assistance, family support, peer support)
- Evaluation and diagnosis
- Psychotropic medication, including adjustment and monitoring of medication
- Psychosocial rehabilitation (living skills training; health promotion; pre-job training, education and development; job coaching; and employment support)
- Laboratory and radiology services for medication regulation and diagnosis
- Screening
- Case management services
- Emergency transportation
- Non-emergency transportation
- Respite care (with limitations)
- Therapeutic foster care services
Acute Care Program Services

Title XIX and Title XXI (KidsCare) recipients enrolled with a health plan are eligible for the comprehensive package of behavioral health services through the Arizona Department of Health Services, Division of Behavioral Health Services’ (ADHS/DBHS) subcontractors. These subcontractors are:

- the Regional Behavioral Health Authorities (RBHAs) and
- Tribal RBHAs (TRBHAs).

Title XIX and Title XXI (KidsCare) recipients enrolled with the American Indian Health Program (AIHP) may receive all available services from an IHS or a Tribal 638 facility. If a covered behavioral health service is not available through IHS or a 638 facility, the member can receive services through their assigned TRBHA or RBHA.

The Arizona Department of Economic Security (DES) provides comprehensive medical services through the Comprehensive Medical and Dental Plan (CMDP) statewide. Behavioral health services for these members are provided through the RBHAs or TRBHAs.

ALTCS Program Services

ALTCS recipients are eligible for the comprehensive package of services through the ALTCS program contractors.

- The Elderly and Physically Disabled (EPD) program contractors provide behavioral health services through contracts with licensed behavioral health professionals and/or behavioral health agencies.
- DES/DDD has an intergovernmental agreement with ADHS/DBHS to provide comprehensive Title XIX behavioral health services to their members through the RBHAs or TRBHAs.
- Tribal contractors provide case management services to American Indians who reside on reservation. Members enrolled with Tribal Contractors may receive behavioral health services on a fee-for-service basis from any AHCCCS registered fee-for-service provider with prior authorization from the tribal case manager.
Emergency Services

Emergency behavioral health services may include inpatient services, evaluation, crisis management counseling, psychotropic medication stabilization, and/or other therapeutic activities to reduce or eliminate the emergent/crisis situation.

Emergency behavioral health services are provided in situations where the absence of immediate medical attention could result in:

- Placing the recipient’s health in serious jeopardy
- Serious impairment of bodily functions
- Serious dysfunction of any bodily organ or part
- Serious behavior dysfunction to indicate the recipient is a danger to himself/herself or others

A behavioral health evaluation provided by a psychiatrist or a psychologist is covered as an emergency service if required to evaluate or stabilize an acute episode of mental disorder or substance abuse.

Providers of emergency behavioral health services must verify a recipient’s eligibility and enrollment status to determine the need for notification and to determine who is responsible (e.g., ALTCS contractor, health plan, RBHA/TRBHA, the AHCCCS Administration) for payment for services rendered.

Claims for emergency services do not require prior authorization, but, when requested, the provider must submit documentation with the claim which justifies the emergent nature of the service.

Providers must notify an Acute Fee-For-Service recipient’s assigned RBHA/TRBHA in order to obtain authorization for an emergency behavioral health admission. The list of RBHA/TRBHA phone numbers are available at:

[https://azweb.statemedicaid.us/HealthPlanLinksNet/HPLinks.aspx](https://azweb.statemedicaid.us/HealthPlanLinksNet/HPLinks.aspx)

The provider must notify the AHCCCS Prior Authorization Unit within 72 hours of the emergency behavioral health admission of a Tribal ALTCS Fee-For-Service (FFS) member. AHCCCS may perform concurrent review to determine whether the hospitalization of a Tribal ALTCS member for emergency behavioral health services is medically necessary.
Responsibility For Emergency Services

For recipients enrolled in an acute care health plan (other than AIHP), ALTCS DES/DDD, and DES/CMDP, check to see if the recipient is enrolled with a RBHA or TRBHA.

If the recipient is enrolled with a RBHA:

- **Emergency Department:** Responsibility of the RBHA is limited to psychiatrist/psychologist consults provided in the emergency department.
  - Prior authorization for these consults is not required if associated with an emergency.
  - If the service was billed with a behavioral health diagnosis code the RBHA is responsible for payment of the emergency department service.

- **Inpatient:** Hospitalization for detoxification or a behavioral health disorder is the RBHA’s responsibility.

If the recipient is enrolled with a TRBHA (for services provided in a non-IHS, non-638 tribal facility):

- **Emergency Department:** All claims, including psychiatrist/psychologist consults, are the responsibility of ADHS with AHCCCS paying claims as the Third Party Administrator (TPA) for ADHS.

- **Inpatient:** Hospitalization for detoxification or behavioral health disorder is the responsibility of ADHS with AHCCCS paying claims as the TPA for ADHS.

For recipients enrolled with the American Indian Health Program (AIHP) for services provided at non-IHS or non-638 tribal facilities, check to see if the recipient is enrolled with a RBHA or TRBHA.

If the AIHP recipient is enrolled with a RBHA:

- **Emergency Department:** Responsibility of the RBHA is limited to psychiatrist/psychologist consults provided in the emergency department.
  - Prior authorization for these consults is not required if associated with emergency.

- All other medical services billed with a behavioral health diagnosis code are the responsibility of the RBHA.

- **Inpatient:** Hospitalization for detoxification or a behavioral health disorder is the RBHA’s responsibility.
If the AIHP recipient is enrolled with a TRBHA:

- **Emergency Department**: Claims responsibility of ADHS is limited to a psychiatrist/psychologist consult provided in the emergency department, with AHCCCS paying claims as the TPA for ADHS.
  
  Prior authorization for these consults is not required if associated with an emergency.

- All other medical services billed with a behavioral health diagnosis code are the responsibility of the TRBHA with AHCCCS paying claims as the TPA for ADHS.

- **Inpatient**: Hospitalization for detoxification or for behavioral health disorder is the responsibility of ADHS, with AHCCCS paying claims as the TPA for ADHS.

ALTCS elderly and physically disabled (EPD) recipients do not enroll with RBHAs or TRBHAs. (For DES/DDD ALTCS recipients, see Page 19-2.)

For recipients enrolled with an ALTCS EPD program contractor:

- **Emergency Department and inpatient services** are the responsibility of the program contractor.

  All medically necessary services are covered.

  The ALTCS program contractor should be notified within 24 hours of an admission.

For ALTCS EPD recipients residing in areas not served by program contractors, such as American Indians living on reservation:

- The AHCCCS Administration is responsible for medically necessary outpatient and inpatient services for persons residing in areas that are not served by program contractors.

- A tribal case manager should be notified within 24 hours of admission.
Inpatient Services

Inpatient services include services provided in an acute care hospital or a distinct unit of an acute care hospital, inpatient psychiatric hospital, Level I residential treatment centers, and Level I sub-acute facilities.

Psychiatric hospitals (Provider Type 71) and Level 1 sub-acute facilities with more than 16 beds (provider type B6), are considered Institutions for Mental Disease (IMD). Title XIX reimbursement for a member age 21 through 64 is limited to 30 days per admission and 60 days per July 1 – June 30 contract year in an IMD.

Billing for Inpatient and Outpatient Services

For a list of allowable procedure codes by provider type, refer to the ADHS/DBHS Provider Types and Allowable Procedure Codes Matrix at

To obtain the AHCCCS Behavioral Health Services Guide, a detailed description of services and limitations, contact the AHCCCS Division of Health Care Management, Behavioral Health Unit, at (602) 417-4737). The guide also is available on line at

Inpatient services are billed on the UB-04 claim form and are reimbursed on a per diem basis. Inpatient services include all services provided during the inpatient stay except those provided by behavioral health independent providers (See Page 19-7).

Outpatient hospital services are billed on a UB-04 and reimbursed at the Outpatient Prospective Fee Schedule (OPFS) rate.
Billing for Professional Services

Provider types that can bill for category of service 47 (mental health) include:

08  MD-physician with psychiatry and/or neurology specialty code 192 or 195 or with attestation of one-year full-time behavioral health experience

11  Psychologist

18  Physician Assistant with attestation of one year full-time behavioral health experience

19  Registered Nurse Practitioner with attestation of one year full-time behavioral health experience

31  DO-Physician osteopath with psychiatry and/or neurology specialty code 192 or 195 or with attestation of one-year full-time behavioral health experience

85  Licensed Independent Social Worker (LISW)

86  Licensed Marriage and Family Therapist (LMFT)

87  Licensed Professional Counselor (LPC)

Not all provider types can bill for all services. For a list of allowable procedure codes by provider type refer to the ADHS Covered Behavioral Health Services Guide Appendix B-2 on-line at:  [http://www.azdhs.gov/bhs/documents/covserv/AppendixB2.pdf](http://www.azdhs.gov/bhs/documents/covserv/AppendixB2.pdf)

Claims from the above-listed providers must be submitted under the individual provider ID number. All other behavioral health professionals must be affiliated with a licensed behavioral health agency/facility, clinic, alternative residential facility or outpatient hospital, and those services must be billed through the affiliated setting.

Services must be billed on a CMS 1500 claim form with appropriate ICD diagnosis codes and CPT procedure codes. AHCCCS does not accept DSM-IV codes. Claims submitted with DSM-IV codes will be denied.

Services are reimbursed at the AHCCCS capped fee-for-service rate.
Billing for Methadone Administration

AHCCCS policy allows only four provider types to bill for methadone administration. Provider types 08 (MD-physician), 18 (Physician assistant), 19 (Registered nurse practitioner), and 31 (DO-physician osteopath) may bill the AHCCCS Administration and its contracted health plans and program contractors for methadone administration. These codes are in category of service 01 – Medicine.

Methadone administration must be billed with the following codes:

H2010 Comprehensive medication services, office, per 15 minutes

H0020 Alcohol and/or drug services; methadone administration and/or service (provision of the drug by a licensed program), take home

Both codes must be billed with the HG (Opioid addiction treatment program) modifier.
