What is the American Indian Health Program (AIHP)?

The American Indian Health Program (AIHP) is an AHCCCS Fee-for-Service Program for American Indians, administered by the State through the Division of Fee-for-Service Management (DFSM) at AHCCCS.

Who can treat AIHP and FFS members?

Any AHCCCS registered provider that accepts fee for service may treat AIHP members.

The AHCCCS FFS Program does not contract with individual providers.

Can an American Indian switch from enrollment with a health plan (MCO) to enrollment with Fee-for-Service and back again?
Yes. Under federal law, American Indians are not required to choose a Managed Care Organization/Health Plan. However, American Indians may only switch from one MCO to another on an annual basis.

To verify a member’s eligibility at the time services are rendered, providers may use the AHCCCS Online Provider Portal at: https://azweb.statemedicaid.us.

Do AIHP Members require referrals to see an AHCCCS registered provider?

Typically no referral is required.

Prior Authorization Questions

Prior Authorization - Which services require PA for AIHP members?

Prior authorization is not required for emergency services.

PA is not required for Title XIX, AIHP members, when services are received at an IHS/Tribal 638 facility.
- When services are not received at an IHS/Tribal 638 facility then PA may be required.

Please see the following resources to review PA requirements:
- The AHCCCS FFS Prior Authorization webpage;
- AMPM 820, Prior Authorization;
- Chapter 6, Authorizations, in the IHS/638 Provider Billing Manual;
- Chapter 8, Authorizations, in the FFS Provider Billing Manual; and
- For FESP members requiring outpatient dialysis services 3 times or more per week, please refer to AMPM Chapter 1110 for information on extended services enrollment.

Are there any services that cannot have prior authorization requests submitted for via the AHCCCS Online Provider Portal?

Long term care service requests for Tribal ALTCS members are submitted to the member’s Tribal case manager and are not submitted via the AHCCCS Online Provider Portal.
If an urgent authorization is required, as defined in A.A.C. R9-34-306 (B) (if following the standard time frame for a request could seriously jeopardize the FFS member’s life or health, ability to attain, maintain, or regain maximum function), what is the appropriate method for submitting an urgent prior authorization request?

Urgent requests should be submitted online, with documentation attached that supports medical necessity for the request. An urgent submission should be followed up with a call to the PA line to notify PA staff that an urgent request has been submitted.

Note: No prior authorization is required for emergency services.

Can a date span for dialysis transportation be prior authorized?

Yes, a date span for dialysis transportation can be prior authorized. However, non-emergency medical transportation (NEMT) does not require prior authorization, unless the total trip distance (one-way or round trip) is over 100 miles.

Note: NEMT is not a covered service for FESP members.

When a claim is submitted, the date(s) on the NEMT claim must fall within the date span that was prior authorized.

Is prior authorization required for a date span for dialysis?

No, dialysis does not require prior authorization, so no prior authorization request would need to be submitted.

Can a prior authorization request be submitted for a date span for hospice?

Hospice prior authorization requests may be entered using a date span.

What is the process to submit a prior authorization request?

Providers can submit a PA request in the following ways:

1) AHCCCS Online Provider Portal

The primary method of submission is online via the AHCCCS Online Provider Portal at:
PA requests must be accompanied by documentation that supports the medical necessity for the request.

Level 1 Behavioral Health Admission requests must also be accompanied by the initial Certification of Need (CON) form or, for continued stay reviews, the Recertification of Need (RON) form.

2) Fax Submissions

All prior authorization requests submitted by fax must be submitted with the mandatory Prior Authorization Request Form available at: https://azahcccs.gov/PlansProviders/RatesAndBilling/FFS/priorauthorizationforms.html

Corrections or changes to prior authorization requests that were submitted by fax must be submitted with the Prior Authorization Correction Form. The form must be completed in its entirety.

If medical documentation is requested during the review of a prior authorization request, the additional documentation must be submitted using the Fee-For-Service Medical Documentation Form. This form is also used for the submission of additional documentation for concurrent review.

Which Form to Use and When?

The following FFS fax forms must be used when a PA request is submitted via fax. Fax requests submitted without the completed FFS form as the 1st or 2nd page of the fax will not be processed.

When an initial PA request is submitted via the AHCCCS Online Provider Portal, these fax forms are not required.

Supporting medical documentation may also be attached through the AHCCCS Online Provider Portal. No fax form is required when attaching documentation through the AHCCCS Online Provider Portal unless requested by PA staff.

Fax Forms

- Prior Authorization (PA) Request Form
  - Providers should use this form when initially requesting a PA. This form should be used as the cover sheet for any documentation submitted with the PA request.

- Prior Authorization Correction Form
  - Providers should send this form when a correction to an existing authorization is needed. This form should be used as the cover sheet for any additional documentation submitted with the correction request.

- Fee-For-Service Medical Documentation Form
  - Providers should use this form as the cover sheet when submitting medical documentation to AHCCCS, FFS.
  - [https://www.azahcccs.gov/PlansProviders/Downloads/PriorAuthorizations/MedicalDocumentationFormMarch2017.xlsx](https://www.azahcccs.gov/PlansProviders/Downloads/PriorAuthorizations/MedicalDocumentationFormMarch2017.xlsx)

- Initial Dialysis Case Creation Form (FESP)
  - Providers should use this form to enroll qualifying Federal Emergency Services Program (FESP) members with End State Renal Disease (ESRD) on Extended Services (ES). Extended Services covers dialysis and dialysis related services for FESP members requiring dialysis at least 3 times per week.
If a provider refers a member to a specialist for a consult, who submits the PA request?

Consultations with specialists are an evaluation and management service, which do not require prior authorization for FFS members.

For services that require prior authorization, the provider actually rendering the service should submit the prior authorization request. This is because the PA must be submitted under the rendering provider’s ID and also must include the codes that the rendering provider plans to bill for on their claim. Other providers typically will not have this information.

If a Tribal ALTCS member has a Case Manager and the provider is unable to reach them, what is the process for obtaining prior authorization for long term care services?

In the event that a Tribal ALTCS Case Manager is unavailable, their supervisor and/or lead can be notified of the PA request. The supervisor and/or lead can review the request and if approved, enter the service(s) in the service plan. All Tribal ALTCS Contractors provide this secondary point of contact.

How should a claim be submitted to the AHCCCS Division of Fee-for-Service Management (DFSM)?

The preferred method of claims submission is via the HIPAA-compliant 837 electronic transaction process. Claims may also be submitted via the AHCCCS Online Provider Portal. Paper claims submitted on the CMS 1500 or the UB-04 Claim Forms may only be submitted by mail; they may not be submitted by fax. Paper claims submitted on an ADA form may be submitted by fax or mail.

Claims can be submitted and reviewed on the AHCCCS Online Provider Portal at:

https://azweb.statemedicaid.us/

Paper claims should be mailed, with adequate postage, to:

AHCCCS Claims
P.O. Box 1700
Phoenix, AZ 85002-1700

Claims can be submitted via fax at: 602-253-5472

When additional documentation is requested for a previously submitted claim, what should a provider do?

When additional documentation is requested, it must be submitted to the specific area making the request. If additional documentation is requested by the claims department, then the information must be submitted to the claims department and the provider must submit a replacement claim.

Note: When additional documentation is submitted to the claims department, please include the CRN.

Information sent in to another division is not available to the claims department. For instance, when information is faxed or mailed to CMSU (the Prior Authorization area of DFSM), the claims department will not be able to access it.

For information on how to submit a replacement claim please see the section on Replacements in Chapter 4, General Billing Rules of the Fee-For-Service Provider Billing Manual.
