420 – ALTCS NETWORK SUMMARY

Effective Date: 10/01/2008; 10/01/2011
Revision Date: 01/28/2011

Staff responsible for policy: DHCM ALTCS Operations

I. Purpose

To establish a Contractor reporting requirement and format regarding the Contractor’s contracted network in order for AHCCCS to monitor network adequacy and compliance with contractual requirements. The Network Summary is an integral part of this monitoring process.

II. Definitions

Facility Location: The location of the provider within the county
GSA: Geographic Service Area, an area designated by the Administration within which a contractor of record provides, directly or through subcontract, covered health care service to a member enrolled with that contractor of record, as defined in 9 A.A.C. 28, Article 1.
Services & Settings: Refer to ALTCS Contract for services and settings, Section D, Paragraph 10.
Zones: Maricopa and Pima Counties have been divided into zones by zip codes for the nursing facilities and HCBS Community. Maricopa County zones are numbered 1 through 9. Pima County has been divided into 4 zones: Northeast, Northwest, Southeast and Southwest. Network Standards have been set for each zone as outlined in ACOM Policy 419, ALTCS Network Standards

III. Policy

A. General Requirement

On October 15 and April 15 Contractors must submit information about each individual provider within their network. Each contractor will be responsible for submitting true and valid information. Submission of false or erroneous information may result in sanctions imposed upon the Contractor.

The Network Summary listing of the provider network must be submitted in an Excel spreadsheet in the format listed below and must be sent by e-mail or uploaded to the SFTP server. The format for the provider listing must not deviate from the authorized format including the column and row titles and the data to be listed.
The Network Rosters have been set up by GSA. Each GSA file contains worksheets for Nursing Facilities, HCBS Community, HCBS Home, Behavioral Health and Acute Care Providers. The worksheets have been set up to enter provider information by county and by service and/or setting. Individual providers (i.e., PCPs, Specialists, etc.) should be listed last name (,) first name when applicable. Examples of the GSA Network Rosters are found below in this Policy. For Network Roster Templates by GSA contact a Division of Health Care Management ALTCS Operational and Compliance Officer.

B. Geographic Service Areas (GSA)

Counties have been assigned to GSAs; Minimum Network Standards have been set by GSA.
