OFFEROR'S NAME: UHC

SUBMISSION REQUIREMENT No. 3	Total Ranking
Provide a description of the Offeror's past experience as a Medicare D-SNP Plan. The Offeror must include examples demonstrating its most effective initiatives (excluding CMS mandates and the provision of supplemental benefits) yielding improved health outcomes and experiences for dual members. Provide implementation dates of each initiative, the metrics and/or the measurement process utilized to support these outcomes, size of the Medicare D-SNP membership and the number of members participating in each initiative. Describe how the Offeror will replicate these initiatives in any and all awarded GSAs.	1

Rationale:

Major Observations:

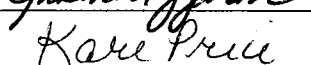

Offeror described its experience as a Medicare DSNP plan

Offeror provided detailed descriptions of five initiatives

Offeror provided detailed metrics that demonstrate the impact of initiatives on health outcomes

Offeror described an initiative with a focus on member experience and presented survey data results that demonstrate improvement in member experience

Offeror indicated that all of the described initiatives currently are available in all GSAs

Provide implementation dates of each initiative, the metrics and/or the measurement process utilized to support these outcomes, size of the Medicare D-SNP membership and the number of members participating in each initiative. Describe how the Offeror will replicate these initiatives in any and all awarded GSAs.	4

Rationale:

Major Observations:

Offeror described its experience as a Medicare DSNP plan

Offeror provided descriptions of four initiatives

Offeror described improvements in health outcomes resulting from the initiatives

Offeror did not describe how member experience is impacted by the initiatives

Offeror described its initiative to identify and refer members with behavioral health needs, but does not appear to measure outcomes (i.e., follow-up to determine whether members accessed behavioral health services)

Offeror indicated that initiatives would be expanded to be available in all GSAs
