Re: Best and Final Offer for RFP #YH18-0017 SMI Eligibility Determination

Dear Ms. Harley,

Pursuant to the June 18, 2018 negotiation meeting with AHCCCS and your letter on the same date, FasPsych, LLC is submitting this Best and Final Offer for Solicitation #YH18-0017. As instructed, the updated documents are attached. The updates made include decreasing Indirect or Administrative costs by \$145,000 (from \$573,000 to \$428,000). This reduction results in a change in the SMI Determination/Clinical Decertification Annual Budget from the original \$4,207,370 to \$4,062,370, and reduction in the rate per SMI Determination/Clinical Decertification from the original \$444.38 to \$429.06.

Additionally, as discussed during the negotiation meeting, if awarded this contract FasPsych, LLC would have flexibility to adjust staffing levels of non-key positions at its sole discretion based on the volume of SMI Determination/Clinical Decertification reviews.

Thank you for your consideration.

Sincerely,

A handwritten signature in cursive script that reads 'Abraham Barton'.
