RE: RFP No. YH14-0001, Request for Information

Dear Ms. Munn:

Please disregard the AHCCCS letter sent earlier today as it did not include complete information. This subsequent letter responds to your March 26, 2013 correspondence which requests, in part, "detailed description of all scoring, including any scoring algorithms, of how the capitation rates component of the bids were scored" and "weighting that applied to either part of the capitation bid" for AHCCCS RFP YH14-0001.

Please review the AHCCCS internet website which provides considerable detailed information regarding the procurement, including capitation-related data. This material may be found at:
http://www.azahcccs.gov/commercial/Purchasing/bidderslibrary/YH14-0001_Procurement.aspx.

In addition to posting the total scores for each Offeror as well as their scores by category, AHCCCS has posted each Offeror's Acute Care capitation submissions, for both the medical and administrative components, by risk group and by GSA. Please note that AHCCCS has also posted the corresponding information for the CRS capitation submission which consists of an administrative component only. The data for the Acute Care and CRS submissions is available under the section entitled "Bids/Offer" located in the Procurement File heading on the AHCCCS internet website.

Consistent with the Overview of the RFP Evaluation Process, posted on the AHCCCS internet website, all working documents used in the evaluation process have been destroyed. The weighting formula and detailed scoring methodology used in the procurement are confidential. In the best interests of the State and consistent with past practice, the weighting formula and the detailed scoring methodology will not be disclosed.

Please additionally note that your form specifies that the Schaller Anderson request for information remain anonymous. However, requests for public documents are themselves public records and shall be disclosed absent extraordinary circumstances.

Sincerely,

Michael Veiz
Chief Procurement Officer
Division of Business and Finance
