RE: RFP No. YH14-0001, Phoenix Health Plan Scoring Tool Request

Dear Ms. Novick:

This letter is in response to your March 25, 2013 correspondence requesting, in part, the "...scoring tools and methodologies used to calculate the detailed scores used in determining the contract awards" for RFP No. YH14-0001. Additionally, you have requested the detailed scores related to PHP's bid and those of the other Offerors for this procurement.

The total scores for each of the Offerors as well as their scores by category are available on the AHCCCS internet website found at http://www.azahcccs.gov/commercial/Purchasing/bidderslibrary/YH14-0001_Procurement.aspx. In addition to a wealth of other material regarding this procurement, AHCCCS has posted the rankings of each Offeror by submission requirement, the overall ranking of each Offeror by GSA as well as the Consensus Rationale Documents and the Consensus Scoring Tools. Please review the extensive information that has been made available concerning the RFP. Consistent with the terms of the RFP, all working documents used in the evaluation process have been destroyed. The weighting formula and detailed scoring methodology used in the procurement are confidential. In the best interests of the State and consistent with past practice, they will not be disclosed.

Sincerely,

Michael Veit
