

Targeted Investments Year 2 and Year 3 Milestones

<b>1</b>	<p><b>Participate in the Targeted Investment Program Quality Improvement Collaborative (QIC) offered by the Arizona State University. The QIC will support TI Program participants by providing interim updates on their milestones, assist with quality improvement, offer HEDIS<sup>®</sup> technical assistance, and facilitate peer learning.</b></p> <p style="text-align: center;"><b>15% of Annual Payment</b></p>	
	<p><b>Milestone Measurement Program Year 2</b> (October 1, 2023 – September 30, 2024)</p>	<p><b>Milestone Measurement Program Year 3</b> (October 1, 2024 – September 30, 2025)</p>
	<p><i>By September 30, 2024, attest that:</i></p> <p>A. The organization’s representative must have attended 100% of the Year 2 QIC group meetings (February 5, 2024; <a href="#">May 9, 2024</a>; <a href="#">August 8, 2024</a>).</p> <p>B. One representative from the participating organization has registered for the online learning platform.</p> <p>C. The organization’s representative has submitted a TI online project representing at least one project for each area of concentration by the required due dates that meet minimum scoring rubric requirements. Organizations participating in multiple areas of concentration may satisfy the milestone for two areas of concentration with the same age cohort (e.g., Adult BH and Adult PCP). Online Project instructions are <a href="#">accessible through Canvas</a>.</p>	<p><i>By September 30, 2025, attest that:</i></p> <p>D. The organization’s representative must have attended 100% of the Year 3 QIC group meetings.</p> <p>E. One representative from the participating organization has registered for the online learning platform.</p> <p>F. The organization’s representative has submitted a TI online project representing at least two projects for each area of concentration by the required due dates that meet minimum scoring rubric requirements. Organizations participating in multiple areas of concentration may satisfy the milestone for two areas of concentration with the same age cohort (e.g., Adult BH and Adult PCP).</p>

Core Component 1 Specifications	
<b>System Collaboration Opportunities</b>	Health Plans, Accountable Care Organizations (ACOs), Clinically Integrated Networks (CINs) (collectively defined henceforth as Networks), participating providers, community service providers, subject matter experts, and other stakeholders are encouraged to join the QIC discussions. Networks may be able to assist participants with projects (e.g., root cause analyses).
<b>Additional Resources</b>	<a href="#">TIPQIC website</a>

Targeted Investments Year 2 and Year 3 Milestones

**2** Implement the [National Culturally and Linguistically Appropriate Services \(CLAS\) Standards](#), developed by the U.S. Department of Health and Human Services Office of Minority Health. Implementation shall include:

1. Completing an organizational evaluation of current practices and identifying a plan for implementing CLAS Standards that are not yet in place.
2. Building and supporting a culturally and linguistically diverse practice team.
3. Offering language assistance services to individuals who have limited English proficiency and/or other communication needs informed by the identified language needs of attributed members.
4. Designing, implementing and improving programs that provide culturally appropriate services that meet the needs of the attributed members.

**10% of Annual Payment**

Milestone Measurement Program Year 2 (October 1, 2023 – September 30, 2024)	Milestone Measurement Program Year 3 (October 1, 2024 – September 30, 2025)
<p><i>By September 30, 2024:</i></p> <p>A. Upload the completed <a href="#">National CLAS Standards implementation checklist</a> and a plan for implementing CLAS Standards that are not yet in place.</p> <p>B. Upload documentation demonstrating how the practice recruits and supports a culturally and linguistically diverse practice team.</p> <p>C. Attest that the processes described in milestone 2B (Standards 2-4) have been implemented by 9/30/2024.</p> <p>D. <b>NCQA ONLY-</b> Upload documentation that the practice expects will satisfy the requirements for:</p> <ol style="list-style-type: none"> <li>1) NCQA HE 1.A and</li> <li>2) NCQA HE 1.B</li> </ol>	<p><i>By September 30, 2025:</i></p> <p>E. Upload documentation demonstrating how the practice implements CLAS Standards 5-13.</p> <p>F. Attest that the processes described in milestone 2E have been implemented by 9/30/2025.</p> <p>G. <b>NCQA ONLY-</b> Upload documentation that the practice expects will satisfy the requirements for:</p> <ol style="list-style-type: none"> <li>1) NCQA HE 3.A,</li> <li>2) NCQA HE 3.B,</li> <li>3) NCQA HE 3.C,</li> <li>4) NCQA HE 3.D,</li> <li>5) NCQA HE 5.A (Factors 1-5),</li> <li>6) NCQA HE 5.B, and</li> <li>7) NCQA HE 6.D (Factors 2, 4, and 6).</li> </ol>

**Targeted Investments Year 2 and Year 3 Milestones**

Core Component 2 Specifications	
<b>System Collaboration Opportunities</b>	Entities are responsible for implementing CLAS standards specific to the patient population they are responsible for. Practices are responsible for their attributed members, Plans are responsible for their enrollees, and AHCCCS is responsible for all members. Although Plans and AHCCCS have the largest responsibility, experience in this work, and resources to efficiently correspond with all members, providers are best equipped to collect patient and provider attributes. Communicating to the member that there is an adequate network of diverse and culturally competent providers increases their comfortability in seeking services.
<b>Additional Resources</b>	<a href="#">AZ CLAS Supplemental Toolkit (ADHS)</a>
<b>Methodology (Attributed Members)</b>	Provider attribution is consistent with the methodology used for performance measures (currently TI 1.0 Y6 methodologies). Generally: PCP participants are responsible for AHCCCS members seen for primary care services and patients empaneled-to but not seen by the practice when the patient does not seek PCP services from another outpatient facility, BH participants are responsible for members seen by the organization for outpatient services (excluding crisis response and SMI evaluations as identified through claims) in the past 24 months, and Justice participants are responsible for members referred to the clinic from a justice partner or health plan in the previous 24 months. AHCCCS and ASU welcome feedback to improve these attribution methodologies in a standardized format with available data (e.g., “we’ll send you a list of members” satisfies neither criteria). AHCCCS requires Health Plans to reconcile PCP assignment with the member’s claims history by October, 2024 (and quarterly thereafter).
<b>Examples</b>	<p><b>Practices can meet this milestone in many ways, but should roughly approximate the level of effort described in the following example.</b></p> <p><b>Example:</b> an organization identifies through analyses of its patient population that its American Indian populations have lower rates of diabetes control compared to the population average. The organization interviews patients and local community organizations and identifies that American Indians experience challenges going to their providers’ office and, once they arrive, they do not feel that providers consider their preferences. The organization requires cultural competence training for all practice staff to better understand the patients’ concerns and preferences before developing a treatment plan. The organization also partners with local American Indian organizations to hold regular pop-up clinics in the community where patients can go to receive education, routine screening, and treatment for diabetes.</p>

Targeted Investments Year 2 and Year 3 Milestones

- 3 Implement a process for screening for health-related social needs (HRSN) and connecting members seen to CBOs to address individual social needs. Implementation shall include:**
1. Screening members served by the practice annually using an evidence based, standardized HRSN screening tool that includes (at least) the following domains: housing instability, utility assistance, food insecurity, transportation needs and interpersonal safety.
  2. Documenting screening results in the member’s Electronic Health Record (EHR) and claims (i.e. G codes and Z codes) and establishing processes to maintain confidentiality of patient data.
  3. Identifying, selecting and establishing partnerships with CBOs, especially those focused on shelter, food, utility assistance and transport, to deliver resources and/or interventions. Practices should prioritize relationships with CBOs that address social needs that are prevalent within the practice population.
  4. Developing referral and communication processes with each CBO to refer members for community resources and/or interventions using the statewide closed-loop referral system (CommunityCares) or other mediums as preferred by the CBO.
  5. Making referrals to and tracking the status of member referrals to CBOs to ensure receipt of services and/or interventions.
  6. Ensuring practice team members are effectively sharing and receiving referral data from CBOs, through CommunityCares or other means.
  7. If utilizing a network sponsored closed loop referral system, the MCO, ACO, or CIN can demonstrate TI participating providers’ compliance with items 3-7 for their contracted MCOs by sending reports of HRSN screening and referral data to AHCCCS. Clinics contracted with any health plans not covered under an ACO or CIN (or under an MCO, ACO, or CIN without a sponsored closed loop referral system) must work directly with CBOs to achieve items 3-7 (e.g., mutually developed referral processes for members not managed by the MCO, ACO, or CIN).

15% of Annual Payment

Milestone Measurement Program Year 2 (October 1, 2023 – September 30, 2024)	Milestone Measurement Program Year 3 (October 1, 2024 – September 30, 2025)
<p><i>By September 30, 2024:</i></p> <ol style="list-style-type: none"> <li>A. Upload documentation that outlines how the practice educates the member, obtains consent, performs HRSN screening and discusses screening results.</li> <li>B. Upload documentation on the practice’s process to document screening and referral results in the practice EHR.</li> <li>C. Attest that G and Z codes are utilized to document screening and referral details through claims by 9/30/2024.</li> </ol>	<p><i>By March 31, 2025:</i></p> <ol style="list-style-type: none"> <li>H. Attest that all the organization’s participating practices screened and documented results for at least 85% of the population seen by the practice between October 1, 2023 and March 31, 2025 using the specified HRSN screening tool and processes outlined in milestone 3.A (numerator and denominator values may include results where individuals opt out of the screening).</li> </ol>

Targeted Investments Year 2 and Year 3 Milestones

- D. Upload documentation on the practice's process to protect data sharing and confidentiality.
- E. **NCQA ONLY**- Upload documentation that the practice expects will satisfy the requirements for:
  - 1) NCQA HE 2.F
  - 2) NCQA HE 2.G
- F. Upload documentation on the practice's processes to maintain a registry of community service providers through CommunityCares or another CLRS (N/A if no CLRS are utilized).
- G. Upload documentation on the practice's processes to maintain a registry of community service providers through methods other than a CLRS (N/A if CLRS are utilized).

- I. Attest to establishing mutually developed referral and communication protocols with each community service provider satisfying (at least) the domains above and/or referral and communication protocols with each Network with a sponsored closed-loop referral system.
- J. Attest that the practice is actively referring members to CBOs through their preferred medium, appropriately sharing data, and following up on the status of those referrals- including processes related to an MCO, ACO, or CIN sponsored closed loop referral system.

*By September 30, 2025:*

- K. Based on an assessment of the practice's full population **or** a practice record review of a random sample of at least 20 members that wanted to receive assistance with an identified HRSN, attest that practice made referrals for at least 85% of the population between April 1, 2025 and September 30, 2025.

Targeted Investments Year 2 and Year 3 Milestones

Core Component 3 Specifications	
<b>System Collaboration Opportunities</b>	Practices are responsible for HRSN screening and referrals of the members they see unless the member has already been screened in the year and no significant changes have occurred since the last screening (as determined by the provider) and documenting the screening and referral results in the member’s electronic medical record. Some Networks have already developed screening and referral systems to reduce administrative burden for participating providers and MCOs. Networks, CommunityCares, and the 211 program can help providers identify local community resources. Providers can help AHCCCS and networks assess the impact of HRSN and access to resources to members’ overall health by identifying screening results and referral status through claims. These analyses help CBOs demonstrate efficacy of their programs to stakeholders (e.g., donors) and AHCCCS demonstrate efficacy of the Targeted Investments 2.0 program to Centers for Medicare & Medicaid Services (CMS).
<b>Additional Resources</b>	<a href="#">CMS recommended list of Z codes</a> , <a href="#">AHCCCS CommunityCares webpage</a> , <a href="#">Contexture CommunityCares webpage</a> , <a href="#">Solari 211 program</a>
<b>Methodology (Seen patients who needed screening- 3H)</b>	<p>The performance rate should be calculated as follows: (practice patients seen for which a screening was performed and documented between 10/1/2023 and 3/31/2025) / (total patients seen* by the practice between 10/1/2024 and 3/31/2025). Note: The numerator may include patients the practice has seen with a documented screening even if the screening was performed by a health care partner. If the practice has documentation of an individual opting out of a screening, that individual should be included in the calculation of the performance rate.</p> <p>*Members seen is defined as members served at a participating clinic in the program year, unless another time period is specified, for an outpatient service excluding crisis response services and SMI-evaluations as identifiable through claims.</p> <p>The sample must be limited to members that had AHCCCS enrollment at some point in the program year.</p>
<b>Signed CommunityCares Access Agreement</b>	A signed CommunityCares Access Agreement to use of the Arizona CommunityCares closed loop referral system (i.e. Core Component 3) or attestation that all members are covered under an MCO, ACO, or CIN with a sponsored closed-loop referral system (i.e. the system’s resources are maintained by an external entity) automatically satisfies this criteria.

**Targeted Investments Year 2 and Year 3 Milestones**

<p><b>CBO Payment</b></p>	<p>The TI 2.0 program does not change the way community service providers are paid. Also, community service providers and CBOs are not required to be credentialed by managed care organizations to perform the activities envisioned for TI 2.0.</p>
<p><b>Methodology (Screened patients who desired a referral- 3K)</b></p>	<p>The performance rate should be calculated as follows: (practice patients seen* for which a screening identified a need and the patient expressed a desire for assistance and for which the practice made a referral) / (all practice patients seen, between 4/1/2025-9/30/2025 whose screening identified a need for which the individual sought assistance.)</p> <p>*Members seen is defined as members served at a participating clinic in the program year, unless another time period is specified, for an outpatient service excluding crisis response services and SMI-evaluations as identifiable through claims.</p> <p>The sample must be limited to members that had AHCCCS enrollment at some point in the program year.</p>

Targeted Investments Year 2 and Year 3 Milestones

- 4** Connect to and demonstrate effective use of the statewide closed loop referral system (CommunityCares), or other closed loop referral system(s) that can report referral-level details, to connect members seen to community resources. Implementation shall include:
1. Completing a CommunityCares Access Agreement.
  2. Ensuring practice team members can access and generate reports in CommunityCares.
  3. Documenting screening data in CommunityCares or another Managed Care Organization (MCO), Accountable Care Organization (ACO), or Clinically Integrated Network (CIN) sponsored closed loop referral system (as available for members enrolled in applicable health plans).
  4. Effectively documenting relevant data from CommunityCares and other MCO, ACO, or CIN sponsored closed loop referral system(s) (as applicable) into the practice EHR.
  5. Making referrals for services that address HRSNs (internal and external) and demonstrating effective follow-up on referrals through CommunityCares or another ACO/CIN sponsored closed loop referral system (as applicable). Internal referrals are permitted so long as the practice demonstrates capabilities to provide/ fulfill the identified needed support and service at the clinic and within the specified period by submitting a detailed screening and referral report to AHCCCS.
  6. If utilizing an MCO, ACO, or CIN sponsored closed loop referral system, the MCO, ACO, or CIN can demonstrate participating providers' compliance for their contracted MCOs by sending reports of HRSN screening and referral data to AHCCCS. Clinics contracted with any health plans not covered under an ACO or CIN (or under an MCO, ACO, or CIN without a sponsored closed loop referral system) must use CommunityCares to satisfy the milestone.

15% of Annual Payment

Milestone Measurement Program Year 2 (October 1, 2023 – September 30, 2024)	Milestone Measurement Program Year 3 (October 1, 2024 – September 30, 2025)
<p><i>By September 30, 2024:</i></p> <ol style="list-style-type: none"> <li>A. Upload the practice’s CommunityCares Access Agreement and onboarding plan.</li> <li>B. Upload a signed attestation from senior practice leadership (e.g., medical lead, financial lead, lead executive, or other practice leadership) that team members have accounts to log into CommunityCares.</li> <li>C. <sup>1</sup> AHCCCS will define these standards consistent with Federal and State guidance in the Summer, 2024. Participants will have a reasonable timeframe to implement these changes.

Targeted Investments Year 2 and Year 3 Milestones

*By September 30, 2024:*

- C. Upload documentation that demonstrates the practice's process for collecting, documenting and maintaining member-reported demographic data for race/ethnicity, primary language, disability status, geography, sex assigned at birth, gender identity and sexual orientation.
- D. **NCQA Only**- Upload documentation that the practice expects will satisfy the requirements for:
  - a. NCQA HE 2.A
  - b. NCQA HE 2.B (Factor 1)
  - c. NCQA HE 2.C (Factor 1)
  - d. NCQA HE 2.D
  - e. NCQA HE 2.E
- E. Upload documentation that demonstrates the practice's policies and procedures for stratifying performance on quality incentive measures using clinical data stratified by
  - a. (a) member-reported demographic data (i.e., the variables specified in milestone 5.C) and/or
  - b. (b) HRSN data collected in milestone 3 in the practice EHR. Practices should report stratified performance for all subpopulations, regardless of the size of the denominator.
- F. **NCQA Only** - Upload documentation that the practice expects will satisfy the requirements for:
  - a. NCQA HE 6.A
  - b. NCQA HE 6.B

*By September 30, 2025:*

- I. Upload documents demonstrating the practice's processes for routinely evaluating the results from the implemented intervention to reduce identified inequities and revising the health equity plan to improve it.

**Targeted Investments Year 2 and Year 3 Milestones**

Core Component 5 Specifications	
<b>System Collaboration Opportunities</b>	Providers can collect demographic and HRSN information directly from the member and provide the most reliable data to AHCCCS and Networks to complete health equity analyses within their populations. Networks can help providers identify inequities in existing value-based incentives by joining demographic data to regular reports (e.g., adding patient ethnicity to a well-gap report). AHCCCS provides demographic information collected in the enrollment process to Networks and Providers and seeks to improve data reliability by validating with other sources. AHCCCS and Networks can identify specific factors significantly correlated with inequitable outcomes to refine policies, create campaigns, and provide targeted outreach. All entities can coordinate patient correspondence (e.g., mailers) to deduplicate and optimize successful engagement of specific individuals or communities in need. TIPQIC will stratify performance measure dashboards and discuss system-level trends to help all entities identify health inequities. TIPQIC and Contexture can help providers leverage their EHR system reporting to internally evaluate health inequities efficiently.
<b>Additional Resources</b>	<a href="#">CMS Health Equity Resource Center</a> , <a href="#">NCOA Health Equity Resource Center</a>
<b>Methodology (Attributed Members)</b>	Provider attribution is consistent with the methodology used for performance measures (currently TI 1.0 Y6 methodologies). Generally: PCP participants are responsible for members seen for primary care services and patients empaneled-to but not seen by the practice when the patient does not seek PCP services from another outpatient facility, BH participants are responsible for members seen by the organization for outpatient services (excluding crisis response and SMI evaluations as identified through claims) in the past 24 months, and Justice participants are responsible for members referred to the clinic from a justice partner or health plan in the previous 24 months. AHCCCS and ASU welcome feedback to improve these attribution methodologies in a standardized format with available data (e.g., “we’ll send you a list of members” satisfies neither criteria). AHCCCS requires Health Plans to reconcile PCP assignment with the member’s claims history by October, 2024 (and quarterly thereafter).

<b>System Collaboration Opportunities</b>	Coordination amongst all entities involved in that individual's reentry is critical to consistent direction. According to one study, <a href="#">approximately 82% of staff in the AZ corrections system do not have training on tobacco cessation</a> .
<b>Additional Resources</b>	<a href="#">Maricopa County Training programs</a> , <a href="#">American Dental Association Tobacco Use and Cessation resources</a> , <a href="#">Arizona Dental Association/ ADHS/ AHCCCS Youth E-Cigarette and Vaping Cessation webinar</a>
<b>Methodology (Tobacco users expressing interest in programming)</b>	<p>The performance rate should be calculated as follows: (identified tobacco users expressing an interest in receiving tobacco cessation programming and who were referred to tobacco cessation support) / (all identified tobacco users expressing an interest in receiving tobacco cessation programming during service provision at a participating clinic). Measurement period is 10/1/2024 through 9/30/2025.</p> <p>The sample must be limited to members that had AHCCCS enrollment at some point in the program year.</p>

**Targeted Investments Year 2 and Year 3 Milestones**

**7 Engage incarcerated individuals prior to MCO reach-in activities. Justice clinics can independently conduct, or partner with an MCO justice liaison and/or medical personnel within the penitentiary to conduct, the following activities:**

- Screen the individual for social needs using a standardized HRSN screening tool containing the following domains: housing instability, utility assistance, food insecurity, transportation needs and interpersonal safety.
- Document whether the individual has an existing relationship with a primary care organization and/or a behavioral health organization.
- Review and update the individual’s contact information, as needed.
- Identify any health needs, as defined by the member, that were not previously identified during the individual’s intake assessment or referral to the justice clinic.
- Submit a pre-release application for AHCCCS benefits via HEAplus, when appropriate.

**Justice clinics that partner with state parole (ADCRR) must conduct these activities between 30 and 45 days prior to release from prison.**

**Justice clinics that partner with counties must conduct these activities between the 10th and 20th day of incarceration in jail.**

**20% of Annual Payment**

<b>Milestone Measurement Program Year 2</b> (October 1, 2023 – September 30, 2024)	<b>Milestone Measurement Program Year 3</b> (October 1, 2024 – September 30, 2025)
<p><i>By September 30, 2024:</i></p> <p>A. Develop policies and procedures for coordinating with justice partners to engage individuals who are between their 10<sup>th</sup> and 20<sup>th</sup> day of incarceration in jail, between their 30<sup>th</sup> to 45<sup>th</sup> day prior to release from prison, or the day of release, whichever is sooner.</p> <p>B. Develop policies and procedures for sharing any relevant health information learned through the early reach-in with the MCO justice liaison and/or Justice Transition Planner by the 19<sup>th</sup> day of incarceration in jail, 30<sup>th</sup> day prior to release from prison, or the day of release, whichever is sooner.</p>	<p><i>By September 30, 2025:</i></p> <p>C. Attest that the justice clinic has completed all specified activities for at least 85% of the attributed Reach-In population between October 1, 2024 and September 30, 2025.</p>
