Subject: Important Reminder - Adults in IMD's

Importance: High

Follow Up Flag: Follow up
Flag Status: Flagged

As we transition past 10/1/18 and the integration of most members for physical and behavioral health services, just a reminder related to Adults in IMD settings.

In accordance with ACOM Policy 109, members age 21-64 that are in an IMD for more than 15 calendar days in a month need to be reported to AHCCCS using the process and form provided in Attachment A of ACOM Policy 109.

<https://www.azahcccs.gov/Shared/Downloads/ACOM/PolicyFiles/100/109InstitutionMentalDisease15DayLimit.pdf>

Historically, there have been a number of GMHSA members that were placed in IMD's for more than 15 days in a calendar month that were reported by the RBHA's. We just wanted to issue this reminder to ensure that if any ACC plans have GMHSA members that meet this criteria, that this information is reported to AHCCCS on a timely basis consistent with the IMD policy.

AHCCCS may audit contractors compliance with this policy at any time.

If you have questions please let us know. Thanks!
