Subject: COE/COT Modifier Update

Hello all,

AHCCCS has been collaborating with workgroups comprised of both MCO representatives and provider representatives since the ACC implementation to address concerns and challenges related to claims for COE and COT. The attached table outlines final approaches as discussed in and vetted by these workgroups. It is AHCCCS intent to implement these guidelines effective 3/1/2019.

Please feel free to forward this information to key staff that may have been missed on this email. If you have any questions please let us know.

Thank you!
