## **State Demonstrations Group**

August 31, 2020

Ms. Jami Snyder Director Arizona Health Care Cost Containment System 801 East Jefferson Street Phoenix, Arizona 85034

Dear Ms. Snyder:

The Centers for Medicare & Medicaid Services (CMS) is approving a modification to the state's Special Terms and Conditions (STCs) for Arizona's section 1115(a) demonstration, Arizona Health Care Cost Containment System (AHCCCS) (Project Number 11-W-00275/9).

On June 30, 2020, Arizona submitted an Emergency Preparedness and Response Attachment K to amend its AHCCCS section 1115(a) demonstration to address the COVID-19 public health emergency. The state's application requested programmatic modifications to the Arizona Long Term Care System (ALTCS). Modifications detailed below are necessary to assist the state in delivering the most effective care to its beneficiaries in light of the COVID-19 public health emergency. This Attachment K includes changes that are additive to the Attachment K of the STCs previously approved on April 6, 2020.

CMS determined that the state could effectuate the requested changes to the outlined programs through an Attachment K. In accordance with this determination, CMS hereby approves the following program modifications:

- Temporarily increase payment rates to assisted living facilities and adult foster care home providers.
- Temporarily increase payment rates to home and community-based service providers who provide attendant care, personal care, and respite services.

The authorities that the state has requested in the Attachment K are effective from March 13, 2020, through March 12, 2021, and apply in all locations served by the demonstration for anyone impacted by COVID-19 who receives home and community-based services through the demonstration. We have included the approved Attachment K pages with this correspondence.

These modifications will support Arizona to ensure that sufficient health care services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers are able to continue to provide essential services to program participants during the COVID-19 public health emergency.

We appreciate your state's commitment to addressing the significant challenges posed by the COVID-19 pandemic and we look forward to our continued partnership on the AHCCCS section 1115(a) demonstration. If you have any questions regarding this correspondence, please contact your CMS project officer, Ms. Kelsey Smyth, at <a href="mailto:Kelsey.Smyth@cms.hhs.gov">Kelsey.Smyth@cms.hhs.gov</a> or at (410) 786-7915.

Sincerely,

8/31/2020

# APPENDIX K: Emergency Preparedness and Response and COVID-19 Addendum

## **Background:**

This standalone appendix may be utilized by the state during emergency situations to request amendments to its approved waiver, to multiple approved waivers in the state, and/or to all approved waivers in the state. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities.¹ This appendix may be applied retroactively as needed by the state. Public notice requirements normally applicable under 1915(c) do not apply to information contained in this Appendix.

Numerous changes that the state may want to make may necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; or (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules

1. The Administration shall make lump sum payments to AHCCCS registered assisted living facilities and adult foster care homes providers with Arizona Medicaid using the utilization data during the period of October 1, 2019 to December 31, 2019 as a proxy to determine payment amounts for providers within the Public Health Emergency. The lump sum payments are to compensate providers for costs of covered services furnished to Arizona Medicaid beneficiaries

to improve the member's experience of care. Payments are limited to utilization for individuals who meet the institutional level of care requirements. Each registered provider's lump sum payment shall be determined as follows:

- a. Determine each provider's actual Medicaid bed days based on approved and adjudicated claims and encounters from October 1, 2019 to December 31, 2019.
- b. The uniform dollar increase amount for Assisted Living Facilities and Adult Foster Care Homes is \$10.26 per bed day. The \$10.26 per day increase is 12.6% of the current average rate of \$81.09 for Assisted Living Facilities during this time period. The \$10.26 per day increase is 13.7% of the current published rate of \$74.99 for Adult Foster Care Homes.
- c. The Administration will multiply the appropriate uniform dollar increase amount listed in item b. by the number of Medicaid bed days as determined in item a. to calculate the lump sum payment for each provider.
- 2. The Administration shall make lump sum payments to home and community based service (HCBS) registered network providers who provide attendant care, personal care, and respite services with Arizona Medicaid using utilization data during the period of October 1, 2019 to December 31, 2019 as a proxy to determine payment amounts for providers within the Public Health Emergency. Registered network providers which qualify for these increases include all HCBS providers who provide attendant care, personal care, and respite services. The lump sum payments are to compensate providers for costs of covered services furnished to Arizona Medicaid beneficiaries to improve the member's experience of care. The payments are limited to utilization for individuals who meet the institutional level of care requirements. Each registered network provider's lump sum payment shall be determined as follows:
  - a. Determine each provider's actual Medicaid service utilization for qualifying services based on approved and adjudicated claims and encounters from October 1, 2019 to December 31, 2019.
  - b. The uniform dollar increase amount is \$1.15 per unit increase for attendant care, personal care, and respite services, as well as, a \$55.04 per diem increase for personal care and respite services. The \$1.15 per unit increase is 22.2% of the current published rate of \$5.19 for Attendant Care/Respite Care during this time period. The \$1.15 per unit increase is 16.7% of the current published rate of \$6.89 for Personal Care during this time period. The \$55.04 Per Diem increase for Personal care and Respite care accounts to 21% of the current published rate of \$262.69 during this time period.
  - c. The Administration will multiply the appropriate uniform dollar increase amount listed in item b. by the actual Medicaid service utilization as determined in item a. to calculate the lump sum payment for each provider.
