Ms. Lorry Bottrill
President and CEO
Mercy Care Plan
4755 S 44th Pl
Phoenix, AZ 85040

Dear Ms. Bottrill:

Attached are the final results of the Encounter Data Validation studies for MMIC for Contract Year Ending (CYE) 2017. The review was conducted in accordance with Scope of Work, Paragraph 17.3.14 of Contract YH17-0001-03 and the Encounter Data Validation Technical Document. The review scope included two sections: Acute study “A” for all professional services and the Acute study “B” for all facility services. The studies measured:

- Claims included in the Contractor’s claim submission and encountered in AHCCCS’ Prepaid Medical Management Information System (PMMIS) (Match) – reviewed for accuracy and timeliness.
- Claims included in the Contractor’s claim submission but not encountered in PMMIS (NotEnc InClm) – reviewed for omission.
- Encounters reported in PMMIS but not included in the Contractor’s claim submission (InEnc NotClm) – reviewed for omission from claim submission file.

A preliminary report was provided to allow the Contractor the opportunity to review and submit any additional information that may have affected the final error rate calculations. After considering the Contractor response, the results have been applied to the total population of “A” and “B” encounters.

For study “A” Match, there were 11,151,852 encounter/claim matches identified from a sample size of 11,630,421 claims; a subsample of 150 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 1 accuracy error and 0 timeliness errors, yielding an overall error rate of 0.67% for accuracy and 0.00% for timeliness. For study “B” Match, there were 112,306 encounter/claim matches identified from a sample size of 124,849 claims; a subsample of 150 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 7 accuracy errors and 0 timeliness errors, yielding an overall error rate of 4.67% for accuracy and 0.00% for timeliness.

For study “A” NotEnc InClm, there were 478,569 possible omissions identified from a sample size of 11,630,421 claims; a subsample of 315 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 13 omission errors, yielding an overall error rate of 0.17%. For study “B” NotEnc InClm, there were 11,079 possible omissions identified from a sample size of 124,849 claims; a subsample of 315 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 48 omission errors, yielding an overall error rate of 1.35%.

Page 2

For study “A” InEnc NotClm, there were 47,695 possible omissions identified from a sample size of 11,577,541 encounters; a subsample of 315 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 156 omission errors, yielding an overall error rate of 0.20%. For study “B” InEnc NotClm, there were 62,563 possible omissions identified from a sample size of 133,284 encounters; a subsample of 315 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 45 omission errors, yielding an overall error rate of 6.71%.

For each study, if the error rate falls below the acceptable rate of 5%, no sanction will be applied. The Contractor’s error rates and sanction amounts, if applicable, for each study are as follows:

<table>
<thead>
<tr>
<th>STUDY</th>

Per the terms of the Contract, sanctions are not the Administration's exclusive remedy. In particular and without limiting possible future actions, if any legal action is brought against the Administration as the result of your non-compliance with the Contract, the Administration will seek compensation from you for any damages arising from such legal action including but not limited to the Administration's cost of representation as well as the cost of any attorneys' fees and costs payable to the party bringing the action.

Within 24 hours of receipt of this letter, the final workpapers for each study will be uploaded to the SFTP.

Thank you for your assistance with this Centers for Medicare and Medicaid Services (CMS) requirement. If you have any questions, please contact Linda Oakley at (602) 417-4308 or linda.oakley@azahcccs.gov.

Sincerely,
