

FQHC/RHC Visit – Defined:

Face-to-face encounter with a licensed AHCCCS-registered practitioner during which an AHCCCS-covered ambulatory service is provided when that service is not incident to another service. Multiple encounters with more than one practitioner within the same discipline, i.e., dental, physical, behavioral health, or with the same practitioner and which take place on the same day and at a single location, constitute a single visit unless the patient, subsequent to the first encounter, suffers illness or injury requiring additional diagnosis or treatment. In this circumstance, the subsequent encounter is considered a separate visit. A service which is provided incident to another service, whether or not on the same day or at the same location, is considered to be part of the visit and is not reimbursed separately.
