STATE OF ARIZONA
METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES
INPATIENT HOSPITAL CARE

B. Out-of-State Hospitals

Out-of-state hospitals providing covered services (excluding organ and transplantation services) to persons eligible for AHCCCS are paid by multiplying covered charges by the most recent state-wide urban cost-to-charge ratio (CCR). The CCR is updated annually by AHCCCS, with an October 1 effective date, using the most current Medicare cost-to-charge ratios published or placed on display by CMS by August 31 of that year.

Out-of-state hospitals providing covered organ and transplantation services to persons eligible for AHCCCS are paid based upon a fixed price per type of transplant with stop-loss provisions. Reimbursement rates are negotiated using the out of state provider's home state Medicaid reimbursement as a benchmark. At no time will payment exceed the hospital's billed charges.

V. PAYMENT TO FREESTANDING PSYCHIATRIC HOSPITALS

Psychiatric hospitals are paid a statewide per diem fee. AHCCCS rates were set as of October 1, 2014, and are effective for dates of admission on or after that date. AHCCCS rates for payments to freestanding psychiatric hospitals, including freestanding psychiatric hospitals that function solely as detoxification facilities, are published on the agency's website at <http://www.azahcccs.gov/commercial/Downloads/FFRates/BehavioralHealth/BehavioralHealthRates20141001.pdf>

VI. APPEALS PROCEDURES

Facilities may appeal rates within the limits of Arizona statute through the AHCCCS grievance and appeals process. Facilities may also informally request a rate review.
