STATE OF ARIZONA
METHODS AND STANDARDS FOR ESTABLISHING FEE-FOR-SERVICE PAYMENT RATES
FOR LONG TERM CARE FACILITIES

F. Nursing Facility Value Based Purchasing (VBP) Differential Adjusted Payment
As of October 1, 2016 through September 30, 2017 (Contract Year Ending (CYE) 2017), nursing facilities that are located in Arizona with Arizona Medicaid utilization that meet AHCCCS established value based performance metrics requirements in subsection 1 below will receive a Value Based Purchasing (VBP) Differential Adjusted Payment described in subsection 2 below. The VBP Differential Adjusted Payment Schedule represents a positive adjustment to the AHCCCS Fee-For-Service rates. These payment adjustments will occur for all dates of service in CYE 2017 only. The purpose of the VBP Differential Adjusted Payment is to distinguish facilities which have committed to supporting designated actions that improve patients’ care experience, improve members’ health, and reduce cost of care growth.

1. To qualify for the VBP Differential Adjusted Payment, a nursing facility must meet the following criteria:
   a) Must be an AHCCCS registered provider type 22; and
   b) Must meet or exceed the Arizona average for the percentage of long stay residents assessed and given, appropriately, the pneumococcal vaccine during the performance period of April 1, 2015 through December 31, 2015. AHCCCS shall use the nursing facility’s performance results published on the Medicare Nursing Home Compare Website (https://data.medicare.gov/Nursing-Home-Compare/Quality-Measures-Long-Stay/iqd3-nsf3) to determine the facilities that meet the performance standards described in subsection 1(b) for the performance period of April 1, 2015 through December 31, 2015.

2. Nursing facilities that meet the requirements described in subsection 1 shall receive a 1% increase in payment to its fee-for-service reimbursement rate for October 1, 2016 through September 30, 2017.

Exemptions:
IHS and 638 tribally owned and/or operated facilities, including nursing facilities are exempt from this initiative based on payments primarily at the all-inclusive rate.
