Instructions on Back
F. Nursing Facility Differential Adjusted Payment
As of October 1, 2019 through September 30, 2020 (Contract Year Ending (CYE) 2020), Provider type 22 nursing facilities that are located in Arizona with Arizona Medicaid utilization that meet AHCCCS established value based performance metrics requirements below will receive one or both of the Differential Adjusted Payments described below. The Differential Adjusted Payment Schedule represents a positive adjustment to the AHCCCS Fee-For-Service rates. These payment adjustments will occur for all dates of service in CYE 2020 only. The purpose of the Differential Adjusted Payment is to distinguish facilities which have committed to supporting designated actions that improve patients’ care experience, improve members’ health, and reduce cost of care growth.

1. To qualify for the Differential Adjusted Payment, a nursing facility must meet the following criteria:
   a) Must be an AHCCCS registered provider type 22; and
   b) Must be at or below the Arizona average percent of High-Risk Residents with Pressure Ulcers (Long Stay) based on the facility’s performance results for long-stay, high-risk residents with Stage II-IV pressure ulcers reported in MDS 3.0 for this CMS Nursing Home Quality Measure metric as of April 30, 2019.
   c) On April 30, 2019, AHCCCS will download data from the Medicare Nursing Home Compare website for the percent of long-stay residents with a urinary tract infection (UTI). Facility results will be compared to the Arizona Average results for the measure. Facilities with percentages less than or equal to the state-wide average score will qualify for the DAP increase.

2. Nursing facilities that meet the requirements described in subsection 1 shall be eligible to receive a differential adjusted payment. Eligible nursing facilities as described in 1.b. will receive a 1% increase to its fee-for-service reimbursement rate for October 1, 2019 through September 30, 2020. Nursing facilities that meet the requirements described in subsection 1 shall be eligible to receive a differential adjusted payment. Eligible nursing facilities as described in 1.c. will receive a 1% increase to its fee-for-service reimbursement rate for October 1, 2019 through September 30, 2020.

Exemptions:
IHS and 638 tribally owned and/or operated facilities, including nursing facilities are exempt from this initiative based on payments primarily at the all-inclusive rate.

Payment Methodology
For Provider Type 22 nursing facilities, the fee-for-service payment rates will be increased by 1.0% if they meet the Pressure Ulcer requirements outlined in F.1.b and by 1.0% if they meet the UTI performance requirements outlined in F.1.c. A Provider Type 22 facility meeting both Pressure Ulcer and UTI requirements will receive a combined 2.0% increase. These increases do not apply to supplemental payments.
