METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES
INPATIENT HOSPITAL CARE

A. OVERVIEW

As of October 1, 2022, through September 30, 2023 (Contract Year Ending (CYE) 2023), AHCCCS registered Arizona hospitals (other than the facilities described in section C. below) which meet Agency established value-based performance metrics requirements in section B. below will receive a Differential Adjusted Payment described in section D. below. The Differential Adjusted Payment Schedule represents a positive adjustment to the AHCCCS Fee-For-Service reimbursement rates. These payment adjustments will occur for all dates of discharge in CYE 2023 (October 1, 2022 through September 30, 2023) only. The purpose of the Differential Adjusted Payment is to distinguish facilities which have committed to supporting designated actions that improve patients' care experience, improve members' health, and reduce cost of care growth.

B. Applicability

To qualify for the Inpatient Differential Adjusted Payment (DAP), a hospital providing inpatient hospital services must meet one of the following criteria:

1. Hospitals (provider type 02) receiving APR-DRG reimbursement are eligible for DAP increases under the following criteria (Up to 3.25%)

The Differential Adjusted Payment Schedule represents a positive adjustment to the AHCCCS rates. These payment adjustments will occur for all dates of service in Contract Year Ending (CYE) 2023 (October 1, 2022 through September 30, 2023) only.
