RE: Arizona SPA #22-0001 CHIP ARP

Dear Ms. Jordan,

Enclosed is Arizona State Plan Amendment (SPA) #22-0001, CHIP ARP, which attests to the state’s compliance with the American Rescue Plan Act provisions that require states to cover treatment (including treatment of a condition that may seriously complicate COVID-19 treatment), testing, and vaccinations for COVID-19 without cost sharing in CHIP.

To address the Federal COVID-19 public health emergency, the State seeks a waiver under section 1135 of the Social Security Act to submit a state plan amendment that took effect in the prior state fiscal year. In addition, the State seeks a waiver under section 1135 of the Act to modify its Tribal consultation process by shortening the number of days before submission of the SPA and/or conducting consultation after submission of the SPA.

If there are any questions about this submission, please reach out to Ruben Soliz at ruben.soliz@azhcccs.gov.

Sincerely,

Dana Flannery  
Assistant Director  
Arizona Health Care Cost Containment System (AHCCCS)

Discontinuation of coverage of children aging out of CHIP during the COVID public health emergency became effective on June 26, 2020.

In the event of a disaster, the State will notify CMS of its intent to provide temporary adjustments to; flexibilities around delays in processing applications and renewals, the ability to waive the three month waiting period for applicants, the ability to waive existing premiums, and the ability to waive the premium lock-out period. In addition, the state is requesting to temporarily provide continuous eligibility to its CHIP population.

1.4-TC  
**Tribal Consultation.**
Describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment, when it occurred, and who was involved.

The State of Arizona seeks advice on a regular, ongoing basis from all of the federally-recognized tribes, Indian Health Service (IHS) Area Offices, tribal health programs operated under P.L. 93-638, and urban Indian health programs in Arizona regarding Medicaid and CHIP matters. These matters include but are not limited to State Plan Amendments, waiver proposals, waiver extensions, waiver amendments, waiver renewals, and proposals for demonstration projects. The AHCCCS Tribal Consultation Policy serves as a guidance document that includes the process by which reasonable notice and opportunity for consultation should occur and scenarios in which AHCCCS shall engage in the consultative process.

The frequency of consultation is dependent on the frequency in which policy changes are proposed. When a proposed policy change requires consultation, the State will to its best ability provide notice of the tribal consultation meeting date as well as a description of the proposed policy change to be discussed. Ideally, a consultation meeting, which provides an opportunity for discussion and verbal comments to be made regarding a proposed change, will occur either in-person or by conference call 45 days prior to the submission of the policy change to CMS. The State will also provide an opportunity for written comments. Ideally, during the 45-day period, tribes and I/T/U will be provided at least 30 days to submit written comments regarding the policy change for consideration. Verbal comments presented at the meeting as well as written comments will be included in an attachment to accompany the submission of a State Plan Amendment, waiver proposal, waiver renewal, or proposal for a demonstration project.

To address the Federal COVID-19 public health emergency, the State seeks a waiver under section 1135 of the Act to modify its Tribal consultation process by shortening the number of days before submission of the SPA and/or conducting consultation after submission of the SPA.
available through AHCCCS, and others as specified in Section 4.4.5 and Section 5.

6.2.27 Any other health care services or items specified by the Secretary and not included under this Section (Section 2110(a)(28))

1. Nursing facility services in a nursing facility or in an alternative residential setting for a maximum of 90 days when the medical condition of the person indicates that these services are necessary to prevent hospitalization.
2. Total parenteral nutrition services.
3. Podiatry services and optometrist services if furnished by a licensed podiatrist or optometrist, respectively.
4. Other practitioner’s services are covered and include services provided by:
   a. Respiratory Therapists
   b. Certified Nurse Practitioners
   c. Certified Nurse Anesthetists
   d. Physician Assistants
   e. Nonphysician behavioral health professionals if the services are provided by social workers, physician assistants, psychologists, counselors, registered nurses, certified nurse practitioners, behavioral health technicians and other approved therapists who meet all applicable state standards. Except for behavioral health services provided by psychologists, psychiatric nurse practitioners, physician assistants, certified independent social workers, certified marriage/family therapists, and certified professional counselors, all nonphysician behavioral health professional services shall be provided by professionals affiliated with an approved behavioral health setting in accordance with rules and AHCCCS policies and procedures.
5. Home health services

Covered services are required to be authorized by the appropriate entity, unless otherwise indicated. Authorization by an appropriate entity shall be performed by at least one of the following: a PCP, primary care practitioner, or behavioral health professional as required by rule and AHCCCS policies and procedures. The appropriate entity shall authorize medically necessary services in compliance with applicable federal and state laws and regulations, AHCCCS policies and procedures and other applicable guidelines.

6.2 BH Behavioral Health Coverage Section 2103(c)(5) requires that states provide coverage to prevent, diagnose, and treat a broad range of mental health and substance use disorders in a culturally and linguistically appropriate manner for all CHIP enrollees, including pregnant women and unborn children.

6.2.1 BH Periodicity Schedule The state has adopted the following periodicity schedule for
Effective March 11, 2021 and through the last day of the first calendar quarter that begins one year after the last day of the COVID-19 emergency period described in section 1135(g)(1)(B) of the Act, and for all populations covered in the CHIP state child health plan:

**COVID-19 Vaccine:**
- The state provides coverage of COVID-19 vaccines and their administration, in accordance with the requirements of section 2103(c)(11)(A) of the Act.

**COVID-19 Testing:**
- The state provides coverage of COVID-19 testing, in accordance with the requirements of section 2103(c)(11)(B) of the Act.
- The state assures that coverage of COVID-19 testing is consistent with the Centers for Disease Control and Prevention (CDC) definitions of diagnostic and screening testing for COVID-19 and its recommendations for who should receive diagnostic and screening tests for COVID-19.
- The state assures that coverage includes all types of FDA authorized COVID-19 tests.

**COVID-19 Treatment:**
- The state assures that the following coverage of treatments for COVID-19 are provided without amount, duration, or scope limitations, in accordance with requirements of section 2103(c)(11)(B) of the Act:
  - The state provides coverage of treatments for COVID-19 including specialized equipment and therapies (including preventive therapies);
  - The state provides coverage of any non-pharmacological item or service described in section 2110(a) of the Act, that is medically necessary for treatment of COVID-19; and
  - The state provides coverage of any drug or biological that is approved (or licensed) by the U.S. Food & Drug Administration (FDA) or authorized by the FDA under an Emergency Use Authorization (EUA) to treat or prevent COVID-19, consistent with the applicable authorizations.

**Coverage for a Condition That May Seriously Complicate the Treatment of COVID-19:**
- The state provides coverage for treatment of a condition that may seriously complicate COVID-19 treatment without amount, duration, or scope limitations, during the period when a beneficiary is diagnosed with or is presumed to have COVID-19, in accordance with the requirements of section 2103(c)(11)(B) of the Act.

6.2-BH Behavioral Health Coverage Section 2103(c)(5) requires that states provide coverage to prevent, diagnose, and treat a broad range of mental health and substance use disorders in a culturally and linguistically appropriate manner for all CHIP enrollees, including pregnant women and unborn children.
