Except for payment of sums due, neither the Contractor nor State shall be liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence. Without limiting the foregoing, force majeure includes: acts of God, acts of the public enemy, war, riots, strikes, mobilization, labor disputes, civil disorders, fire, flood, lockouts, injunctions-intervention-acts, failures or refusals to act by government authority, and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence.

Such notice shall be delivered or mailed certified return receipt and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time of completion shall be extended by Contract Amendment for a period of time equal to the time that results or effects of such delay prevent the delayed party from performing in accordance with this Contract.

6.4.4. Any delay or failure in performance by either party hereto shall not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if, and to the extent that such delay or failure is caused by force majeure.

6.5. Third Party Antitrust Violations. The Contractor assigns to the State any claim for overcharges resulting from antitrust violations to the extent that those violations concern Materials or Services supplied by third parties to the Contractor, toward fulfillment of this Contract.

7. Warranties

7.2.5. Conform to the written promises or affirmations of fact made by the Contractor.

7.3. Conformity to Requirements.

7.3.1. Contractor warrants that, unless expressly provided otherwise elsewhere in the Contract, the Materials and Services will for one (1) year after acceptance and in each instance:

7.3.1.1. Conform to the requirements of the Contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any and all Contractor affirmations included as part of the Contract;

UNIFORM TERMS AND CONDITIONS

- 7.3.1.3. Conform to or perform in a manner consistent with current industry standards; and
- 7.3.1.4. Be fit for the intended purpose or use described in the Contract.
- 7.3.2. Mere delivery or performance does not substitute for express acceptance by the State. Where inspection, testing, or other acceptance assessment of Materials or Services cannot be done until after installation or invoicing, the forgoing warranty will not begin until State's explicit acceptance of the Materials or Services.
- 7.4. Inspection/Testing. The warranties set forth in this Section 7 [Warranties] are not affected by inspection or testing of or payment for the Materials or Services by the State.
- 7.5. Contractor Personnel. Contractor warrants that its personnel will perform their duties under the Contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the Contract. Contractor further warrants that its key personnel will maintain any and all certifications relevant to their work, and Contractor shall provide individual evidence of certification to State's authorized representatives upon request.
- 7.6. Compliance With Applicable Laws. The Materials and Services supplied under this Contract shall comply with all applicable federal, state, and local laws and policies (including, but not limited to, information technology policies, standards, and procedures available on the State's website and/or the website of any department, commission, council, board, bureau, committee, institution, agency, government corporation or other establishment or official of the executive branch or corporation commission of the State of Arizona). Federal requirements may be incorporated into this Contract, if required, pursuant to A.R.S. § 41-2637. Contractor shall maintain any and all applicable license and permit requirements. This requirement includes, but is not limited to, any and all Arizona state statutes that impact state contracts, regardless of whether those statutory references have been removed during the course of contract negotiations; this is notice to Contractors that the State does not have the authority to modify Arizona state law by contract.
- 7.7. Intellectual Property. Contractor warrants that the Materials and Services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the Specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

If Contractor claims relief under paragraph 6.4 [Force Majeure] for an occurrence of force majeure that is a declared public health emergency, then that relief will be conditioned on Contractor having first implemented its plan and exhausted all reasonable opportunity for that plan implementation to overcome the effects of that occurrence, or mitigate those effects to the extent that overcoming entirely is not practicable.

7.10.3. A request from the State related to this paragraph 7.10 does not necessarily indicate that there has been an occurrence of force majeure, and the Contractor will not be entitled to any additional compensation or extension of time by virtue of having to implement a plan.

7.10.4. Failure to have or implement an appropriate plan will be a material breach of contract.

7.11. Lobbying

7.11.1. Prohibition. Contractor warrants that it will not engage in lobbying activities, as defined in 40 Code of Federal Regulations (CFR) part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the Contract, provided that, the foregoing does not intend to constrain Contractor's use of its own monies or property, including without limitation any net proceeds duly realized under the Contract or any value thereafter derived from those proceeds; and upon award of the Contract, it will disclose all lobbying activities to State to the extent they are an actual or potential conflict of interest or where such activities could create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure compliance with above. Contractor shall obtain an equivalent warranty from all Subcontractors and shall include an equivalent no-lobbying provision in all Subcontracts.

- 7.14. False Statements. Contractor represents and warrants that all statements and information Contractor prepared and submitted in response to the Solicitation or as part of the Contract documents are current, complete, true, and accurate. If the Procurement Officer determines that Contractor submitted an Offer or Bid with a false statement, or makes material misrepresentations during the performance of the Contract, the Procurement Officer may determine that Contractor has materially breached the Contract and may void the submitted Offer or Bid and any resulting Contract.
- 7.15. Survival of Rights and Obligations after Contract Expiration or Termination.

The State may, at any time, by written order to the Contractor, require the Contractor to stop all or any part of the work called for by this Contract for period(s) of days indicated by the State after the order is delivered to the Contractor. The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

8.2.2. If a stop work order issued under this clause is canceled or the period of the order or any extension expires, the Contractor shall resume work. The Procurement Officer shall make an equitable adjustment in the delivery schedule or Contract price, or both, and the Contract shall be amended in writing accordingly.
