TRANSFER OF ASSETS

- 9. Penalty periods transfer by a spouse that results in a penalty period for the individual-
 - (a) The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.
 - 1. When both spouses are eligible, the penalty period is equally divided between the two members, regardless of which spouse made the transfer.
 - 2. If one member of the couple is eligible and assessed a penalty period, and the other member subsequently becomes eligible, the remaining penalty is divided equally between the two members.
 - 3. When a penalty has been divided between two eligible spouses and one spouse subsequently dies or becomes ineligible, the remainder of the penalty period is assessed to the remaining eligible spouse.
 - (b) If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.

10. <u>Treatment of income as an asset--</u>

When income has been transferred as a lump sum, the agency will calculate the pena	lty
period on the lump sum value.	

The agency will impose partial month penalty periods.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

For transfers of individual income payments, the agency will impose partial month penalty periods.

X For transfers of the right to an income stream, the agency will use the actuarial value of all payments transferred.

The agency uses an alternate method to calculate penalty periods, as described below:

If the monthly amount of the income transferred is less than the private nursing facility monthly rate, no penalty is imposed.

TRANSFER OF ASSETS

11. Imposition of a penalty would work an undue hardship-

The agency does not apply the transfer of assets provisions in any case in which the agency determines that such an application would work an undue hardship. The agency will use the following procedures in making undue hardship determinations.

- 1. Provide a notice to the applicant/recipient that explains the hardship criteria, and offer an opportunity to claim undue hardship.
- 2. Request evidence.
- 3. Submit evidence to the Policy Unit for review.
- 4. The Administration will review the case to determine if all the criteria for an undue hardship (listed below) are met. If all criteria are met, the period of ineligibility for long term care services resulting from the transfer will be waived.

The following criteria will be used to determine whether the agency will not count assets transferred because the penalty would work an undue hardship:

- 1. The individual is otherwise eligible for medical benefits.
- 2. The individual is unable to obtain medical care without receipt of assistance.
- 3. The individual is experiencing an emergent, life threatening episode and without medical care is in imminent danger of death, as determined by the Director.
