### **Chapter 100 AHCCCS Medical Assistance**

### **100 Introduction**

In this chapter, you will learn about:

- What is AHCCCS Medical Assistance;
- Who can qualify for AHCCCS Medical Assistance;
- Who administers AHCCCS Medical Assistance;
- How AHCCCS Medical Assistance is delivered; and
- What laws apply to AHCCCS Medical Assistance.

For each section in this chapter, you will find:

- The policy for the requirement;
- Any definitions needed to explain the policy; and
- A list of the federal and state laws that apply to the requirement by program.

### **101 What is AHCCCS Medical Assistance?**

#### 101 What is AHCCCS Medical Assistance?

#### Revised 10/01/2015

Policy

The Arizona Health Care Cost Containment System (AHCCCS) Medical Assistance was established by the State of Arizona. AHCCCS Medical Assistance provides health care for eligible Arizona residents.

AHCCCS administers Arizona's three main health insurance programs:

- Medicaid;
- KidsCare; and
- Medicare Savings Program (MSP).

For a list of Arizona's Medicaid, CHIP and MSP programs, see Chapter 400 - <u>AHCCCS</u> <u>Medical Assistance Programs</u>.

### **102 Who Can Qualify for AHCCCS Medical Assistance?**

102 Who Can Qualify for AHCCCS Medical Assistance?

Policy

Anyone can apply for AHCCCS Medical Assistance. Customers can qualify for AHCCCS Medical Assistance by meeting certain requirements. Requirements include, but are not limited to:

- Non-financial (<u>Chapter 500</u>);
- Income (<u>Chapter 600</u>); and
- Resources (<u>Chapter 700</u>).

See <u>Chapter 400</u> for individual program requirements.

#### Definitions

Please refer to Chapter 400 for program specific definitions.

### 103 Who Administers AHCCCS Medical Assistance?

### 103 Who Administers AHCCCS Medical Assistance?

### Revised 10/01/2015

Policy

AHCCCS Administration works with several agencies in the State of Arizona. Together, we provide services and assistance in the eligibility process to customers. The following agencies work with AHCCCS Administration to coordinate and determine eligibility:

- The Department of Economic Security (DES);
- The Department of Child Safety; and
- The Social Security Administration (SSA).

NOTE The following sections describe specific programs administered by these agencies, but does not provide a full list of each agency's responsibilities.

### 1) AHCCCS Administration

AHCCCS Administration responsibilities include:

- Oversight of the AHCCCS health care system;
- Administering some health insurance programs;
- Monitoring and coordinating other agencies, which are responsible for determining eligibility for AHCCCS Medical Assistance programs;
- Contracting with health plan networks and providers;
- Monitoring the quality of care provided by participating health care providers; and
- Maintaining the state's database of eligible members.

### 2) Department of Economic Security (DES)

There are several divisions within DES that participate with AHCCCS programs. The table below describes the main functions of each division:

| Administration   | Function   |
|--|--|
| Family Assistance Administration (FAA)                     | <ul> <li>Determines eligibility for:</li> <li>AHCCCS Medical Assistance;</li> <li>Cash assistance;</li> <li>Kinship Foster Care;</li> <li>Tuberculosis Control;</li> <li>Refugee Cash Assistance;</li> <li>Refugee Medical Assistance</li> <li>Programs; and</li> <li>Nutrition Assistance.</li> </ul>   |
| Division of Developmental Disability (DDD)                 | <ul> <li>The ALTCS program contractor for all developmentally disabled persons statewide. DDD is responsible for:</li> <li>Providing a variety of services to persons who have specific disabilities;</li> <li>Making eligibility determinations for DDD services on referrals from ALTCS; and</li> <li>Screening and referring developmentally disabled participants to AHCCCS for an ALTCS eligibility determination.</li> </ul> |
| Disability Determination Services<br>Administration (DDSA) | The Arizona State agency authorized to<br>make disability determinations for the<br>Social Security Administration and<br>AHCCCS.  |
| Comprehensive Medical Dental Program<br>(CMDP)             | Contracts as an AHCCCS Complete Care<br>(ACC) plan to provide medical services to<br>foster children who meet the Title IV-E or<br>Medicaid eligibility criteria.  |
| Division of Child Support Services (DCSS)                  | <ul> <li>DCSS is committed to helping children receive the support they are due. When a child does not receive financial support from one or both parents, the DCSS helps by:</li> <li>Locating the non-custodial parent;</li> <li>Establishing legal paternity;</li> <li>Establishing a legal support order;</li> </ul>   |

|  | <ul> <li>Enforcing support orders; and</li> <li>Collecting child support and medical support payments.</li> </ul> |
|--|---|
|--|---|

### 3) Social Security Administration (SSA)

SSA is responsible for determining eligibility for SSI-Cash benefits. People that qualify for SSI-Cash automatically qualify for AHCCCS Medical Assistance. However, if ALTCS services are needed, they must also be determined medically eligible. The SSA also determines eligibility for Medicare and helps identify persons eligible for the Medicare Savings Program (MSP).

4) Department of Child Safety (DCS)

DCS is responsible for:

- Determining eligibility for foster assistance payments to children in the care and custody of the state;
- Determining eligibility for Adoption Subsidy payments;
- Coordinating Medicaid application and eligibility processes; and
- Providing healthcare coverage to children in state foster care through the Comprehensive Medical and Dental Program.

NOTE Children that qualify for Adoption Subsidy or Title IV-E foster care payments automatically qualify for AHCCCS Medical Assistance. However, if ALTCS services are needed, they must also be determined medically eligible.

### **104 How AHCCCS Medical Assistance is Delivered**

### 104 How AHCCCS Medical Assistance is Delivered

Policy

Customers receiving AHCCCS Medical Assistance are enrolled with a health plan or Indian tribe to receive services. AHCCCS allows customers to choose a health plan from those available in the geographic service area (GSA) in which they reside.

See MA1102 for details about enrollment with a health plan.

Customers receiving ALTCS are enrolled with a program contractor. Depending on where in the state the service is to be provided, ALTCS program contractors can be:

- Counties;
- Private entities;
- The Department of Economic Security (for the developmentally disabled);
- Certain Native American tribes;
- Native American Community Health; or
- The Arizona Healthcare Cost Containment System.

See MA1104 for details about enrollment with an ALTCS program contractor.

| Term         | Definition   |
|--------------|--|
| Health Plans | AHCCCS Complete Care (ACC) plan is defined by state statute and regulated and monitored by AHCCCS. |
|              | AHCCCS delivers medical services through prepaid, capitated health plans.                          |
|              | See <u>MA301</u> for details about the AHCCCS medical services package.                            |

| Program Contractors  | For ALTCS customers, all covered<br>services are integrated into a single<br>delivery package, coordinated and<br>managed by the program contractors.  |
|----------------------|--|
| Capitation           | AHCCCS prospectively pays fixed monthly capitation, which is based on the age, sex, and Medicare status of each customer.  |
| Payor of Last Resort | As a Medicaid agency, AHCCCS is the<br>payor of last resort. AHCCCS requires that<br>other responsible parties pay before<br>AHCCCS pays. Thus, AHCCCS collects<br>information about Third Party Liability<br>(TPL) to identify anyone else that might be<br>responsible for paying the customer's<br>medical expenses.<br>Under State law, a customer automatically<br>assigns rights to medical care support to<br>the state when the customer signs the<br>application. |

### **105 What Laws Apply to AHCCCS Medical Assistance?**

105 What Laws Apply to AHCCCS Medical Assistance?

### Revised 10/01/2015

Policy

AHCCCS develops the policy contained in this manual using the following authorities:

- Federal and State laws and regulations;
- Waivers; and
- The Medicaid and Children's Health Insurance Program (CHIP) State Plans.
- 1) Federal Authorities

The federal authorities are the major framework for Medicaid and CHIP programs. The CHIP program in Arizona is called KidsCare.

Federal laws provide for mandatory programs and requirements, but also include options that states may choose in administering these programs. States use these options to individualize the programs for each state.

Federal authorities used to develop eligibility policy for the Medicaid and KidsCare programs include:

- Public Laws;
- Social Security Act (the Act);
- United States Code (USC);
- Code of Federal Regulations (CFR);
- Federal Register;
- State Medicaid Manual (SMM);
- CMS guidance and letters to State Medicaid Directors (SMDL).

### 2) State Authorities

State laws are developed based on the Federal laws and regulations made by Congress and the Federal government. State authorities include:

- Arizona Revised Statues (ARS);
- Arizona Administrative Code (AAC);
- Arizona Administrative Register (AAR); and
- Eligibility Policy and Procedure Manual (EPM).

### 3) AHCCCS Waiver Authorities

Medicaid and CHIP programs must comply with Title XIX and Title XXI of the Social Security Act. Since AHCCCS began on October 1, 1982, the agency has been exempt from specific provisions of the SSA under an 1115 Research and Demonstration Waiver. The number 1115 refers to section 1115 of the Act.

The AHCCCS 1115 Waiver contains:

- Provisions in the Act from which AHCCCS is waived;
- Expenditure authority for certain items under section 1903 of the Act;
- Terms and conditions that AHCCCS must fulfill, which includes documents and reports that must be submitted during the year;
- Approved federal budget amounts; and
- Attachments that outline financial, legislative, and budget neutrality requirements.

See <u>http://www.azahcccs.gov/reporting/federal/waiver.aspx</u> for Arizona's 1115 Waiver.

4) The State Plans

Arizona has a Medicaid State Plan and a KidsCare State Plan. The State Plans assure that Arizona will administer the Medicaid and KidsCare programs according to federal requirements, and include any federal options the state has chosen.

AHCCCS is Arizona's state agency with the responsibility for the State Plans. AHCCCS submits amendments to reflect changes in federal law, regulation, policy, or court decisions.

### **Chapter 200 Medicare Health Insurance**

### **200 Introduction**

In this chapter, you will learn about:

- What is Medicare Health Insurance;
- What are beneficiaries' medical cost responsibilities;
- How Medicare and Medicaid work together;
- Medicare entitlement;
- Medicare enrollment; and
- State Buy-In and Buy-Out.

For each section in this chapter, you will find:

- The policy for the requirement;
- Any definitions needed to explain the policy; and
- A list of the federal and state laws that apply to the requirement by program.

### 201 What is Medicare Health Insurance?

201 What is Medicare Health Insurance?

Policy

Medicare is a Federal health insurance program that is available to most US citizens and legal residents who are:

- Age 65 or over;
- Persons of any age with permanent kidney failure; and
- Certain disabled individuals.

There are four parts or benefit packages in the Medicare program.

- Hospital Insurance (Medicare Part A);
- Supplementary Medical Insurance (Medicare Part B);
- Medicare Advantage (Medicare Part C); and
- Medicare Voluntary Prescription Drug Coverage (Medicare Part D).

The local Social Security Administration offices take applications for Medicare and the Part D Extra Help program.

#### Definitions

| Term            | Definition   |
|-----------------|--|
| Medicare Part A | Medicare Part A services include:  |
|                 | <ul> <li>The cost of a semiprivate room;</li> <li>Lab tests;</li> <li>X-rays;</li> </ul> |
|                 | Nursing services;  |

|                 | Laboratory tests.  |
| Medicare Part C | Medicare Advantage Plans are health plan options<br>approved by CMS. They are sometimes called "Part C"<br>or "MA Plans". Medicare Advantage plans provide both<br>Medicare Part A and Part B covered services. Medicare<br>Advantage Plans include the following: |
|                 | Preferred Provider Organization (PPO) Plans;   |
|                 | Health Maintenance Organization (HMO) Plans;   |
|                 | Private Fee-for-Service (PFFS) Plans;  |
|                 | Medical Savings Account (MSA) Plans; and   |
|                 | • Special Needs Plans (SNP). These are Medicare plans that also offer Part D.  |
|                 | Medicare Advantage Plans may also offer extra coverage, such as:   |
|                 | Vision;  |

### 202 What Are Beneficiaries' Medical Cost Responsibilities?

#### 202 What Are Beneficiaries' Medical Cost Responsibilities?

Revised 05/09/2018

Policy

Beneficiaries may have medical cost responsibilities under:

- Medicare Part A;
- Medicare Part B;
- Medicare Part C; and
- Medicare Part D.

The following sections provide an overview about costs under each Part. For more detailed information, see <u>www.medicare.gov</u>.

1) Medicare Part A Costs

There are three fees that may be charged in association with Medicare Part A coverage:

| Fee         | Description  |  |
|-------------|--|--|
| Premiums    | <ul> <li>A premium for Medicare Part A is only<br/>charged to people who:</li> </ul>   |  |
|             | Are age 65 or older;   |  |
|             | <ul> <li>Do not have Social Security coverage<br/>or other entitlement;</li> </ul>   |  |
|             | <ul> <li>Want to apply for Medicare hospital<br/>and medical insurance; and</li> </ul>   |  |
|             | <ul> <li>Are willing to pay, or when eligible for<br/>the QMB program have the State pay, the<br/>monthly premium.</li> </ul>  |  |
| Deductibles | Amounts a beneficiary must pay for health<br>care before Medicare or other insurance<br>begins to pay. A deductible is charged for<br>each benefit period for Medicare Part A. |  |

|                           | Medicare pays for the majority of covered hospital services after the annual deductible is met.  |  |
|---------------------------|--|--|
| Coinsurance (Co-payments) | <ul> <li>Coinsurance or co-payments are for:</li> <li>Inpatient hospital;</li> <li>Skilled nursing facility; and</li> <li>Some home health care services.</li> <li>Exceptions: Medicare does not pay:</li> <li>The Medicare Part A deductible during the first 60 days of the benefit period; and</li> <li>Coinsurance amounts for hospital stays that last more than 60 days but less than 150 days.</li> </ul> |  |

#### 2) Medicare Part B Costs

There are three costs associated with Part B coverage:

- A monthly premium;
- An annual deductible; and
- A coinsurance amount (co-payment) a person may be required to pay once their annual deductible has been met.

Beneficiaries are responsible for "excess charges". An excess charge is any amount above the maximum charge allowed by Medicare.

Many people purchase supplemental or Medigap insurance to protect against excess charges and co-payments.

Sometimes doctors can choose to accept the Medicare allowable charge as payment in full. In other situations, doctors are required to accept the Medicare payment as payment in full.

#### 3) Medicare Part C (Medicare Advantage Plan) Costs

Medicare Advantage Plans can charge different out-of-pocket costs. They may charge:

- A monthly premium in addition to the Part B premium;
- Co-insurance (co-payments); and
- Deductibles.

NOTE When the beneficiary chooses to enroll with a Medicare Advantage plan, the Medicare Advantage plan chosen receives the monthly Part B premium.

Beneficiaries also must contact their plan before they get a service. This is to find out whether the plan will cover the service and what the beneficiary's costs may be. The beneficiary must follow the plan rules to avoid higher costs.

The beneficiary does not need to buy (and cannot be sold) a Medigap (Medicare Supplement Insurance) policy. Medigap plans will not cover the Medicare Advantage Plan's premiums, deductibles, co-payments or co-insurance.

#### 4) Medicare Part D Costs

There are several fees associated with Part D:

- Monthly premiums;
- An annual deductible;
- Co-payments or co-insurance;
- Prescription drug costs while in the coverage gap; and
- Late enrollment penalties (if any).
- 5) The Medicare Part D Extra Help Program

The Extra Help program helps low-income beneficiaries with the following costs of Medicare Part D:

• Helps pay the Medicare drug plan's monthly premium by a premium subsidy. The beneficiary may pay a reduced premium or no premium for a basic plan depending on:

- The beneficiary's income and resources;
- The plan's premium amount; and

 $\circ$  The Part D premium subsidy amount for the region in which the beneficiary lives.

NOTE For an enhanced plan, the beneficiary must pay the difference between the premium and the Part D premium subsidy amount.

• Helps pay any yearly deductible.

• Helps pay coinsurance and co-payments for covered prescription drugs. In most cases, with Extra Help, the beneficiary will pay only a small amount for each covered prescription. The beneficiary generally pays all costs for drugs that are not on the plan's formulary.

• Removes the coverage gap.

A beneficiary can automatically qualify for Extra Help when the beneficiary meets one of the following conditions:

- Has full Medicaid coverage;
- Is eligible for the Medicare Savings Program; or
- Receives Supplemental Security Income (SSI) benefits.

A person who does not automatically qualify for Extra Help can apply for Extra Help online through the Social Security Administration at <a href="https://secure.ssa.gov/i1020/start">https://secure.ssa.gov/i1020/start</a>.

The beneficiary must be enrolled with a Medicare Part D plan to get Extra Help. Medicare will enroll the beneficiary in a plan when the beneficiary does not enroll. Medicare notifies beneficiaries when coverage begins. However, the beneficiary has the right to change to another plan at any time.

The exact amount the beneficiary pays depends on the level of Extra Help the beneficiary is eligible for. The beneficiary should contact their Medicare Part D plan to find out their exact premium, deductible, and co-insurance or co-payment amounts.

Beneficiaries who lose their AHCCCS, ALTCS or MSP coverage are no longer automatically eligible for Extra Help. When their Extra Help ends depends on when during the calendar year they lose their eligibility.

- People who lose their AHCCCS, ALTCS or MSP eligibility on or before June 30<sup>th</sup> of a calendar year will be eligible for Extra Help through December 31<sup>st</sup> of that year but will not be eligible in the following calendar year. However, when they become eligible again, the Extra Help will continue through December 31<sup>st</sup> of the next calendar year.
- People who lost their AHCCCS, ALTCS or MSP eligibility on or after July 1<sup>st</sup> of a calendar year will stay eligible for Extra Help through December 31<sup>st</sup> of the next calendar year.

CMS sends out notices in September of each year to customers who were discontinued before July 1<sup>st</sup> of the year to let them know that their Extra Help will be ending at the end of the year. These mailings will include a Social Security Extra Help Application form and return envelope so that the person can apply for Extra Help through the Social Security Administration.

| Term            | Definition   |

| Medicare Part A | Part A helps pay for inpatient hospital care,<br>skilled nursing care, hospice care and<br>other services.   |
| Medicare Part B | Part B helps pay for doctors' fees,<br>outpatient hospital visits, and other medical<br>services and supplies that are not covered<br>by Part A.   |
| Medicare Part C | Part C (Medicare Advantage) plans allow<br>persons to choose to receive all of health<br>care services through a provider<br>organization. These plans may help lower<br>a person's costs of receiving medical<br>services or help a person get extra benefits<br>for an additional monthly fee. To enroll in<br>Part C, a person must have both Parts A<br>and B. |
| Medicare Part D | Part D (prescription drug coverage) is<br>voluntary and the costs are paid for by the<br>monthly premiums of enrollees and<br>Medicare. Unlike Part B, in which a person<br>is automatically enrolled and must opt out if<br>not wanted, with Part D a person has to opt<br>in by filling out a form and enrolling in an<br>approved plan.                         |

### 203 How Do Medicare and Medicaid Work Together?

203 How Do Medicare and Medicaid Work Together?

Policy

AHCCCS Medical Assistance is a joint Federal and State program that helps pay medical costs for beneficiaries with limited income and resources. What is covered depends on whether a person is a full dual eligible or a deemed dual eligible.

People with Medicaid may get coverage for services that are not fully covered by Medicare. For example, a person may get coverage for nursing home and home health care.

NOTE Prescription drugs are not covered by Medicaid when the customer is entitled to or enrolled in a Medicare Part D plan.

For details on how Medicare and AHCCCS Health Insurance work together see Chapter 200 of the <u>AHCCCS Contractor Operations Manual</u> (ACOM).

### **204 Medicare Entitlement**

#### 204 Medicare Entitlement

Policy

Entitlement for Medicare begins with the first day of the month the beneficiary:

- Turns age 65;
- Receives their 25th Social Security Disability Insurance (SSDI) payments,
- Applies for Medicare and is diagnosed with end-stage renal disease (ESRD) as explained in this section, or

• If a beneficiary has been diagnosed with Amyotrophic Lateral Sclerosis (ALS), the month disability benefits begin.

### **205 Medicare Enrollment**

#### 205 Medicare Enrollment

Policy

Medicare insured beneficiaries who meet eligibility criteria are automatically enrolled in Part B when they first become entitled to Medicare Part A.

Those insured beneficiaries who receive Title II (Social Security) benefits and who do not wish to be enrolled in Part B are given a reasonable opportunity to reject this coverage.

Medicare enrollment can occur at various times as described below:

- Automatic enrollment;
- Initial enrollment;
- General enrollment;
- Special enrollment; and
- Conditional enrollment.

#### 1) Automatic Enrollment in Part A

Certain claimants are automatically enrolled in Medicare. When enrollment for Part A benefits is not automatic, certain time frames apply. The following chart shows which Medicare Part A claimants are automatically enrolled (deemed enrolled) and which are not.

| Coverage Groups   | Automatic Enrollment | Free Part A |  |
|---|----------------------|-------------|--|
| Age 65 or Over  |                      |             |  |

| <ul> <li>Disabled<br/>widow/widower, age 60 –<br/>64 or widow receiving SSA<br/>benefits.</li> </ul>   | No            | Yes |
| <ul> <li>Insured government<br/>worker</li> </ul>  | No            | Yes |
| Any Age with Kidney Failur   | e             |     |
| <ul> <li>Insured or receives<br/>SSA or RR benefits</li> </ul>   | No            | Yes |
| • Dependent spouse or child of a worker who is insured or receives monthly benefits.   | No            | Yes |

### 2) Automatic Enrollment in Part B

There are three situations when a customer will be automatically enrolled in Medicare Part B:

• When an individual is age 65 and receives Social Security or Railroad Retirement benefits, the person is automatically enrolled in Medicare Part A and B beginning with the first day of the month the individual attains age 65.

• When an individual is under age 65 and receives Social Security Disability Insurance or Railroad Retirement disability benefits, enrollment automatically begins effective with the 25th month after the beginning of the receipt of such disability benefits.

• When an individual has end-stage renal disease (ESRD) treated by a kidney transplant or a regular course of dialysis, automatic enrollment is the first month of ESRD eligibility.

#### 3) Initial Enrollment Period

When the person is not automatically enrolled, the initial enrollment period is based on when a person is first eligible to enroll.

The initial enrollment period is a period of seven full calendar months. The beginning and end is determined by the day on which the person is first eligible to enroll.

The initial enrollment period begins on the first day of the third month before the month a person first becomes eligible to enroll. It ends with the close of the last day of the third month following the month a person first becomes eligible to enroll.

Coverage for a person who has enrolled in the initial enrollment period begins on the first day of any of the following:

- The month in which the enrollee first becomes eligible (i.e., month of birth) if he enrolls during the three months before that month;
- The month following the month that the person enrolls, if he enrolls during the month he first becomes eligible;
- The second month following the month he enrolls, if he enrolls during the month after the month he first becomes eligible; or
- The third month following the month he enrolls, if he enrolls in the second or third month after he first becomes eligible.

Use the chart below to determine what month an applicant will be entitled to receive Medicare. The entitlement date is based on when the applicant attains the age of 65.

| If the customer becomes entitled in the month of: | The first month the person<br>can enroll is: | The last month the person can enroll is: |
|---|--|--|
| January   | October                                      | December                                 |
| February  | November                                     | January                                  |
| March   | December                                     | February                                 |
| April   | January                                      | March                                    |
| Мау   | February                                     | April                                    |
| June  | March  | Мау                                      |
| July  | April  | June                                     |
| August  | Мау  | July                                     |
| September   | June   | August                                   |
| October   | July   | September                                |
| November  | August                                       | October                                  |
| December  | September                                    | November                                 |

4) General Enrollment Period

A person may only enroll during a later general enrollment period if:

- The person fails to enroll during the initial enrollment period; or
- The person terminates enrollment.

EXCEPTION: The person is entitled to enroll in the special enrollment period.

The general enrollment period occurs each year from January 1st through March 31st. The coverage period of a person, who enrolls during a general enrollment period, begins on the following July 1st.

The beneficiary may be required to pay a late enrollment penalty if the beneficiary did not have creditable coverage during the time the beneficiary declined to enroll in Part B.

5) Special Enrollment Period for Part A

There are two special enrollment periods:

| If a customer is                  | And is   | Then the special enrollment period is  |
|-----------------------------------|--|--|
| Age 65 or older                   | Covered under an employer<br>group health plan from an<br>employer of any size | Seven full calendar months<br>beginning with the first day<br>of the first month in which<br>the person is no longer<br>enrolled in an employer<br>group health plan based on<br>current employment. |
| A disabled person under<br>age 65 | Covered under a large<br>employer group health plan<br>(100 or more employees) | Seven full calendar months<br>beginning with the first day<br>of the first month in which<br>the person is no longer<br>enrolled as an active<br>individual in a large group<br>health plan.         |

The coverage period of a person who enrolls during a special enrollment period begins on either of the following:

- The first day of the first month of the special enrollment period if enrollment occurs in that month; or
- The first day of the month following the month of enrollment if enrollment occurs in a month after the first month of the special enrollment period.
- 6) Special Enrollment Period for Part B

A beneficiary is eligible for the Part B special enrollment period if:

- The beneficiary or their spouse is currently working, and the beneficiary is covered by a group health plan based on that work; or
- The beneficiary is disabled and the beneficiary or a family member is working, and the beneficiary is covered by a group health plan based on that work.

The beneficiary can enroll in Part B anytime while the beneficiary has group health plan coverage based on current employment or during the 8-month period that begins the month after the employment ends, or the group health plan coverage ends, whichever happens first.

If the beneficiary has COBRA coverage, they must enroll during the 8-month period that begins the month after the employment ends. This Special Enrollment Period does not apply to people with End Stage Renal Disease.

If the beneficiary waited to enroll in Part B because they had health insurance while volunteering outside of the U.S. for a tax exempt organization for at least a year, the beneficiary can enroll during the 6-month period that begins the first month that any one of the following happens:

- The beneficiary is no longer volunteering outside the US;
- The sponsoring organization is no longer tax exempt; or
- The beneficiary no longer has health insurance coverage outside the US.

#### 7) Application for Conditional Part A Enrollment

Enrollment for Conditional Part A under QMB may occur at any time. When a monthly premium is required, some Part A applicants apply for Part A on the condition that their applications are deemed valid only if QMB eligibility is later approved.

After filing a conditional Part A application with SSA, the person must apply for the Medicare Savings Program with the SSI MAO Office.

Conditional Part A enrollment and entitlement does not apply to any Medicare Savings Program other than QMB. The Buy-In of Part A is not a benefit for the other Medicare Savings Programs. After QMB approval, the Part A premium is paid by the State (AHCCCS) through the Buy-In process.

#### 8) Verification of Conditional Part A Enrollment

Conditional Part A enrollment for a QMB applicant is verified by presentation of a notice or letter issued by an office of the Social Security Administration. This information is also found on the WTPY, in the Medicare ENTITLED Field; as code Z99.

#### 9) Enrollment Penalties

If a person does not enroll in Medicare when they are first entitled, an enrollment penalty is applied when the person applies for Medicare at a later date.

| Medicare                       | Penalty  |
|--------------------------------|--|
| Medicare Part A With a Premium | A penalty is assessed for the beneficiary who<br>enrolls late in Premium Part A. This penalty is a<br>premium surcharge.   |
|                                | The premium surcharge for late enrollment will<br>never be more than ten percent. This ten percent<br>surcharge will be payable for twice the number of<br>months in full 12-month periods during which the<br>beneficiary could have, but did not enroll in<br>Premium Part A. At the end of the penalty period,<br>the premium amount reverts to the non- penalty<br>rate. |
| Medicare Part B                | A penalty is assessed for late enrollment in Part<br>B. The penalty is an increase in the monthly<br>premium by 10 percent for each 12-month period<br>after the time the beneficiary was first eligible to<br>enroll. Once the penalty amount is established, it is<br>ongoing for as long as the beneficiary is enrolled in<br>Part B.                                     |
|                                | The penalty may be waived if the beneficiary has Creditable Coverage.  |
| Medicare Part D                | The beneficiary will be charged a late enrollment penalty (higher premiums) if they choose to enroll later if:   |
|                                | • The beneficiary decides not to join a Medicare drug plan when they are first eligible; and   |
|                                | • The beneficiary does not have other creditable prescription drug coverage.   |
|                                | The penalty assessed for late enrollment in<br>Medicare Part D is currently 1 percent for each full<br>month that the beneficiary did not have creditable<br>coverage after the beneficiary was eligible to join a<br>Medicare drug plan.  |
|                                | NOTE Part D penalties are waived for<br>persons enrolled in the Part D Extra Help<br>program.  |

|                     | People who have this kind of coverage when they<br>become eligible for Medicare can generally keep<br>that coverage without paying a penalty if they<br>decide to enroll in Medicare prescription drug<br>coverage later. |

### 206 State Buy-In and Buy-Out

#### 206 State Buy-In and Buy-Out

#### Revised 05/09/2018

Policy

When a person qualifies for the state to pay his or her Medicare Part B premium, AHCCCS sends a request to the Center for Medicare and Medicaid Services (CMS) to start paying the person's Part B premium. This is the buy-in process.

When a person no longer qualifies, AHCCCS sends a request to CMS to stop paying the person's Part B premium. This is the buy-out process.

1) Buy-in

It normally takes three months after a person is approved for an AHCCCS program that gets the Part B buy-in for the Social Security Administration (SSA) to stop taking the Part B premium amount out of the customer's SSA check.

AHCCCS sends buy-in requests to CMS once a month. The file goes to CMS on the 24th or 25th of each month. CMS processes the file and responds by the 5th of the following month with an acceptance or rejection for each individual request.

If the buy-in is accepted, the premium change will occur within a one month cycle. Delays may occur when there is a difference in the customer's identifying information between CMS' records and AHCCCS' records. Once the discrepancy has been resolved, the request is resubmitted to CMS the following month and the buy-in is processed.

Once the Social Security Administration (SSA) has been notified of the state buy-in, the regular SSA check will be increased to repay the customer for any premiums that were deducted after AHCCCS requested the buy-in.

The rebate may come in the form of a separate check depending on when the change is processed by SSA or if the individual does not receive Social Security benefits.

NOTE If another state is paying the customer's Medicare premiums, Arizona residency is questionable. See <u>MA531 Resident of Arizona</u> for more information.

#### 2) Buy-out

When a person no longer qualifies to have the State pay the Medicare Part B premium or other costs associated with Medicare, the customer is responsible for those costs. AHCCCS sends a letter to the customer explaining that buy-in will stop and the date Arizona will stop paying the Medicare costs for the customer.

AHCCCS sends notification of all buy-outs to CMS on the 24th or 25th of each month.

Since it may take one to three months for the buy-out to be processed, the customer may have two or three month's premiums withheld from one month's Social Security benefits when SSA completes the buy-out process.

Definitions

| Term    | Definition   |
|---------|--|
| Buy-in  | State payment of a customer's Medicare<br>Part B premium. In some instances, the<br>State may also pay the customer's<br>Medicare deductibles and co-payments. |
| Buy-out | The process of a State stopping the payment for a customer's Medicare Part B premiums or other Medicare costs.   |

### **302 Types of AHCCCS Medical Assistance Service Packages**

302 Types of AHCCCS Medical Assistance Service Packages

Policy

AHCCCS coverage is provided in the following service packages:

- AHCCCS Medical Assistance Service Package;
- ALTCS Service Package;
- Emergency Service Package;
- Medicare Savings Programs (QMB, SLMB and QI-1) Service Packages; and
- Transplant Extended Eligibility Program Medical Assistance Service Package.

See Chapter 1200 for information on customer costs.

#### 1) AHCCCS Medical Assistance Service Package

The AHCCCS Medical Assistance Service Package includes:

- Medical Services;
- Behavioral Health Services;
- EPSDT Services for Medicaid eligible children under age 21;
- Family Planning Services; and
- Payment of the Part B Medicare premium (for most persons receiving Medicare Part B).

Most customers receive all medically necessary services from a Prepaid Health Plan (PHP). This excludes payment of the Medicare Part B premium. AHCCCS Administration pays the Medicare Part B premiums of eligible customers. This is done through the buy-in process.

Native Americans living on-reservation have the option of receiving services by enrolling in the American Indian Health Program (AIHP). Services may be provided by:

- Indian Health Services (IHS);
- A tribally operated facility; or
- An Urban Indian Health Clinic.

AHCCCSA pays the Medicare Part B premiums (for eligible customers) through the buy-in process.

#### 2) ALTCS Service Package

ALTCS customers may be eligible for a:

- Full ALTCS service package; or
- Limited ALTCS service package.

The full ALTCS service package includes the following services:

- Case Management;
- Medical Services;
- Behavioral Health Services;
- Family Planning Services;
- Long Term Care Services;
- EPSDT Services for Medicaid eligible children under age 21; and
- Payment of the Part B Medicare premium (for persons receiving Medicare Part B, except those eligible under AHCCCS Freedom to Work).

The limited ALTCS service package includes all of the services listed above except Long Term Care Services.

A customer who is financially and medically eligible for ALTCS may qualify for the Limited ALTCS Service Package when:

- The customer resides in a living arrangement in which Long Term Care Services benefits cannot be provided (<u>MA521</u>);
- The customer has equity value in a home that exceeds the amount in MA705K; or

• The customer has made an uncompensated transfer that makes him or her ineligible to receive Long Term Care Services (<u>Chapter 900</u>).

NOTE In some cases, the type of care may impact the type of service package a customer receives:

Federal regulations specify that Medicaid funds cannot be used to pay a spouse for providing care to their spouse. However, AHCCCS received a waiver that allows the ALTCS Program Contractors to pay spouses for attendant, homemaker and personal care services provided to a spouse who receives ALTCS benefits. This waiver was implemented effective October 1, 2007.

Paid hours are based on the customer's needs but cannot exceed 40 hours in a 7 day period. Hours and wages vary by each individual case.

Member directed models or options allow members to have more control over how services are provided, including services like attendant care, personal care and housekeeping. The models are not a service, but rather define the way in which services are delivered. Member-directed options are available to most Arizona Long Term Care System members who live in their own home. Including Self Directed Attendant Care and Agency with Choice.

For information on Self Directed Attendant Care, see <a href="http://www.azahcccs.gov/shared/Downloads/MedicalPolicyManual/Chap1300.pdf">http://www.azahcccs.gov/shared/Downloads/MedicalPolicyManual/Chap1300.pdf</a>.

For information on Agency with Choice, see <a href="https://www.azahcccs.gov/PlansProviders/CurrentProviders/SDAC.html">https://www.azahcccs.gov/PlansProviders/CurrentProviders/SDAC.html</a>

3) Emergency Service Package

The emergency service package is limited to services that are required to treat an emergency medical condition.

All emergency services are paid by AHCCCS Administration on a fee-for-service basis.

4) Medicare Savings Program Packages

There are three Medicare Savings Plan (MSP) packages:

- Qualified Medicare Beneficiary (QMB);
- Specified Low-Income Medicare Beneficiary (SLMB); and
- Qualified Individual-1 (QI-1).

Each MSP program has its own set of benefits:

| Program | Benefits Paid   |  |
|---------|---|--|
| QMB     | <ul> <li>Medicare Part A premiums;</li> <li>Medicare Part B premiums;</li> <li>Medicare deductibles; and</li> <li>Medicare coinsurance</li> </ul> |  |
| SLMB    | Medicare Part B premiums  |  |
| QI-1    | Medicare Part B premiums  |  |

A customer's MSP benefits are paid by different entities. This depends on the following factors:

- What MSP the customer qualifies for (QMB, SLMB or QI-1);
- Whether or not the customer also qualifies for another service package; and
- Whether or not the customer is a Native American who has chosen to enroll with AIHP or a tribal contractor.

The table below provides an overview of payment administration.

5) Transplant Extend Eligibility Program – Medical Service Package

Customers eligible for the Transplant Extended Eligibility Program have two options as to when the customer will begin to receive medical services. The option chosen determines the amount and duration of services that will be provided:

• Option One – The customer can choose to receive one 12-month period of services. The period begins the effective date of the previous AHCCCS program discontinuance. These customers receive the full AHCCCS Medical Assistance Services package listed in section 1) of this policy.

• Option Two – The customer can choose to reapply for AHCCCS services closer to the time the transplant will be performed. If the customer is found to still be ineligible for any other AHCCCS program due to excess income, the customer will receive only transplant-related surgery and services. This include up to 100 days of post-transplantation care.

Customers who choose Option One receive all medically necessary services, except payment of the Medicare Part B premium, from a Prepaid Health Plan (PHP).

Persons choosing Option Two have transplant related medical expenses paid on a feefor-service basis.

## 405 Caretaker Relative

### 405 Caretaker Relative

Policy

The conditions of eligibility for the Caretaker Relative program are:

- Valid application (<u>MA533</u>);
- Deprived child in the household (<u>MA506</u>);
- Resident of Arizona (<u>MA531</u>);
- Social Security number (MA532);
- US citizen (MA507) or appropriate non-citizen status (MA524);
- Not incarcerated (MA525);
- Apply for potential benefits (MA526);
- Assignment of rights to medical benefits and cooperation (MA503); and
- Income at or below the limit in MA615.8.

The following programs are an extension of Caretaker Relative coverage:

- Transitional Medical Assistance; and
- Continuous Coverage.
- 1) Transitional Medical Assistance (TMA)

Caretaker relatives and the children they live with may become ineligible for Medical Assistance due to excess earned income. TMA allows these customers to have up to 12 months of additional coverage.

TMA customers can receive six months of TMA eligibility if:

- At least one member of the household received Medical Assistance as a Caretaker Relative in three of the last six months; and
- The household is ineligible for Medical Assistance because of earned income.

In addition to the conditions of eligibility listed above, TMA customers can receive an additional six months of TMA eligibility if:

- The customer whose earned income caused ineligibility continues to work; and
- The household has income at or below 185% of the FPL.

### 2) Continued Coverage (CC)

Caretaker relatives and the children they live with may lose eligibility due to an increase in alimony or spousal support payments. Continued Coverage (CC) allows these customers to have up to four months of additional coverage.

CC customers can receive up to four months of coverage if:

- At least one member of the household received Medical Assistance as a Caretaker Relative in three of the last six months; and
- The household is ineligible for Medical Assistance because of increased alimony or spousal support payments.

## 415 Transplant Extended Eligibility Program

### 415 Transplant Extended Eligibility Program

### Revised 09/07/2018

Policy

The Transplant Extended Eligibility Program is totally State funded and is not supported by any federal funding. The program is for people who are currently eligible for a medically necessary transplant under ARS § 36-2907 and are losing their AHCCCS Medical Assistance (MA) because their income is over the limit for the program.

Transplant Extended Eligibility Program eligibility is determined by AHCCCS.

The conditions of eligibility for the Transplant Program are:

- Was receiving full services MA in a group other than KidsCare, but MA is ending because of income over the program's income limit;
- Have too much income to qualify for any other MA program;
- Were approved for a medically necessary transplant and placed on a transplant waiting list before their MA eligibility ended;

• Enter into a contract with the transplant facility to pay the amount of income that is over the AHCCCS eligibility standards. This amount is called the Transplant share of cost (MA1205);

- Resident of Arizona (<u>MA531</u>);
- Social Security number (MA532);
- U.S. citizen (MA507) or eligible, qualified non-citizen (MA524);
- Not in a penal institution (MA525); and
- Assignment of rights to medical benefits and cooperation (MA503).

| Title IV-E foster care              | Foster care payments funded under Title<br>IV-E of the Social Security Act to help<br>reimburse foster families for the costs of<br>caring for a child placed in their care.  |
| SSI-Cash                            | Payments from the Social Security<br>Administration under Title XVI of the Social<br>Security Act to low-income people who are<br>at least age 65, blind or disabled.   |
|                                     | NOTE Some people do not receive a cash payment because their work income is too high, but SSA determines that it is not enough to replace both their SSI-Cash and the services they get through AHCCCS. These people are still considered to be receiving SSI-Cash. |

#### Proof

Proof that a person is receiving any of these payments includes:

- AHCCCS records that show the person is currently receiving medical assistance related to SSI-Cash or Title IV-E;
- Copies of check stubs for an SSI-Cash or Title IV-E payment;
- A letter from the agency providing the payment;
- Contact by telephone with the agency providing the payment, or
- For SSI-Cash payments, an electronic record from SSA.

## 503 Assignment of Rights to Medical Benefits and Cooperation

### 503 Assignment of Rights to Medical Benefits and Cooperation

### Revised 04/26/2018

Policy

A person's rights to medical support and to payment for medical care from any third party are assigned to AHCCCS when the person is approved for AHCCCS Medical Assistance (MA) or KidsCare.

To qualify for or to keep getting AHCCCS, a person must:

- Turn in any payments for medical support or medical services to AHCCCS;
- Provide information about any sources of medical coverage or third-party liability (TPL);
- Take any actions needed to get payment for medical services from a source of TPL; and
- Cooperate with the Division of Child Support Services (DCSS) to determine the paternity of a child in the home who is receiving MA, and take any actions needed to get medical support from an absent parent, unless the person has good cause not to cooperate.
- NOTE While she is pregnant, a woman does not have to cooperate with DCSS for any children she had when she was not married. Cooperation with DCSS is also not required for people on KidsCare.

Definitions

| Term | Definition  |
|------|---|
|      | Transfers rights to medical benefits and payment for medical services from the member to the AHCCCS Administration. |

| Division of Child Support Services (DCSS) | Division of the Department of Economic<br>Security responsible for getting medical<br>support orders in place and enforcing<br>those orders.  |
|---|---|
| Good cause not to cooperate with DCSS     | Good cause includes:  |
|   | • Cooperation in determining paternity<br>or getting a support order is<br>reasonably expected to result in<br>physical or emotional harm to the child<br>or the person with whom the child is<br>living; |
|   | <ul> <li>Legal proceedings for the child's<br/>adoption are pending before a court;</li> </ul>  |
|   | • The parent is working with a public or licensed private agency to give the child up for adoption, and discussions have not gone on for more than three months; or                                       |
|   | • The child was conceived as a result of incest or rape.  |
| Third-party liability (TPL)               | Responsibility of a person, entity or<br>program to pay for any of a person's<br>medical costs.   |
|   | Third-party liability includes:   |
|   | Health and dental insurance;  |
|   | <ul> <li>Payments from insurance;</li> </ul>  |
|   | <ul> <li>Payments from lawsuits;</li> </ul>   |
|   | <ul> <li>Other medical settlements, claims, or<br/>benefits; and</li> </ul>   |
|   | <ul> <li>Medical support for a child from an<br/>absent parent.</li> </ul>  |

Proof of good cause for not cooperating with DCSS, includes:

- Birth certificate that shows the child was conceived through incest;
- Medical or law enforcement records that show the mother was raped;
- Court or other legal documents showing that adoption proceedings are pending before a court;
- Written statement from the adoption agency that they have been working with the customer on giving up the child for adoption and for how long;
- Court, medical, criminal, child protective services, psychological, social services or law enforcement records showing that the absent parent might physically or emotionally harm the child or caretaker relative; or
- Sworn statements from friends, neighbors, clergy or other people who know the about the situation and can support the good cause claim.

When none of the above is available, ask the person to provide any information that would support further investigation.

Good cause must be reviewed at renewal and any time there is a change that shows good cause no longer exists.

### 504 Blind

504 Blind

Revised 11/25/2019

Policy

Blindness is one of three conditions (aged, blind, or disabled) that allow a person to qualify for SSI-MAO. A person must be determined blind under the rules for the Supplemental Security Income (SSI-Cash) program.

Definitions

| Term  | Definition   |
|-------|--|
| Blind | A customer is considered blind if there has<br>been a medical determination of the<br>following conditions:                |
|       | <ul> <li>Central visual acuity not more than<br/>20/200 in the better eye with use of a<br/>correcting lens; or</li> </ul> |
|       | <ul> <li>Tunnel vision, which is a limited visual<br/>field of 20 degrees or less at the widest<br/>diameter.</li> </ul>   |

Proof

Proof of blindness is limited to:

• A medical determination of blindness by the Disability Determination Services Administration (DDSA); or

• Records showing that the person is receiving SSA or SSI benefits based on blindness.

Legal Authority

This requirement applies to the following program:

### **506 Caretaker Relative**

### 506 Caretaker Relative

Policy

To qualify for the Caretaker Relative group, a person must be an adult relative living with and caring for a deprived child.

**Exception**: A person under the age of 18 can qualify as a Caretaker Relative when the person meets any of the following:

- Does not have any living parents
- The parents cannot be located
- Does not have a legal guardian
- Is legally emancipated
- The person's health or safety could be harmed by living with his or her parents.

If either parent is living with the deprived child, the parent is the caretaker relative, even if another relative is also in the home.

**Exception**: If the parent in the home is incapacitated and cannot care for the child, another relative can be the caretaker relative.

Definitions

| Term  | Definition   |
|-------|--|
| Child | • A person under the age of 18, or   |
|       | <ul> <li>An 18-year old who is a full-time<br/>student in high school or a trade<br/>school and expected to graduate<br/>before turning 19.</li> </ul> |

| Deprived child | A child is deprived when the budget<br>group's income is not over the income limit<br>for the number of people in the budget<br>group. |
|----------------|--|
| Incapacitated  | Unable to care for the child because of a physical or mental condition.  |
| Relative       | Means any of the following:  |
|                | <ul> <li>Parent (including step-parents)</li> </ul>  |
|                | <ul> <li>Grandparent (including great-<br/>grandparent)</li> </ul>   |
|                | <ul> <li>Brother or sister (including stepbrother<br/>or stepsister)</li> </ul>  |
|                | <ul> <li>Uncle or aunt (including great-aunt or great-uncle)</li> </ul>  |
|                | • Cousin (includes 1 <sup>st</sup> and 2 <sup>nd</sup> cousins)  |
|                | Nephew or niece  |
|                | <ul> <li>The spouse of any of the relatives<br/>listed above, even after the marriage is<br/>ended by death or divorce.</li> </ul>     |

Proof

Deprivation:

If the caretaker relative passes the income test the child is deprived. No further proof is needed unless the list of people living with the child is questionable. For example, the application lists one parent in the home, but other records show both parents are in the home.

Student Status:

If the only child living with the caretaker relative is 18 years old, proof of full-time student status and expected graduation date is needed. Use any of the following as proof:

- Written statement from the school
- Telephone contact with the school
- Completed "Verification of School Attendance" form
- Other documents that clearly indicate the child student status and graduation date.

### Relationship:

Accept the relative's statement of their relationship to the child unless it is questionable.

### 507 Citizen of the United States

### 507 Citizen of the United States

#### Revised 02/25/2020

Policy

To qualify for AHCCCS Medical Assistance (MA), a U.S. citizen or national must declare his or her U.S. citizenship. To declare U.S. citizenship, the customer must be listed as a U.S. citizen on the application, and the application must be signed by the customer or other person listed in MA1301.

U.S. citizens or nationals must also provide proof of citizenship, except for customers who:

- Receive Social Security Disability Insurance benefits (MA606DDD);
- Receive SSI Cash (<u>MA606III</u>);
- Qualify for Medicare (MA523);
- Are Deemed Newborns (MA407); or
- Receive Title IV-E foster care or adoption assistance payments (MA606A).

NOTE When a person claims U.S. citizenship but additional proof is needed, the person must provide proof within 90 days from the date it is requested. During this time, when the person meets all other eligibility requirements, MA is approved. This conditional approval is allowed one time per customer.

| Dual Citizenship              | A person may be a U.S. citizen and a<br>citizen of another country. A person<br>claiming dual citizenship can lose U.S.<br>citizenship only when the person<br>voluntarily abandons it. Dual citizenship<br>status does not affect the individual's U.S.<br>citizenship.   |
| Enhanced Driver's License     | A driver's license issued by a state that<br>requires proof of citizenship and<br>verification of Social Security Number<br>before issuing the license. Enhanced<br>driver's licenses have the word "Enhanced"<br>printed on the front.  |

Proof

Citizenship is verified electronically through matches with federal and state data sources when possible.

When citizenship cannot be verified electronically, the customer must provide proof of citizenship.

The following documents can be used by themselves as proof of citizenship:

- U.S. passport or passport card, regardless of its expiration date, as long as it is not a limited-validity passport;
  - Certificate of Naturalization;
  - Certificate of U.S. Citizenship;
  - Enhanced drivers license;
  - Any of the following documents issued by a federally recognized Indian Tribe:
    - Tribal enrollment card;
    - A Certificate of Degree of Indian Blood;
    - A Tribal census document; or

• Other document on tribal letterhead signed by a tribal official that includes the name of the Tribe issuing the document and confirms the customer's membership, enrollment, or affiliation with the Tribe.

NOTE When another State Medicaid agency or a Federal agency has verified the customer's U.S. citizenship on or after July 1, 2006, the other agency's decision can be accepted as proof.

When the person does not have one of the documents in the list above, proof of citizenship must include one document from List A and a different document from List B below:

| List A   | List B   |
|--|--|
| <ul> <li>U.S. Birth Certificate showing birth in one of the 50 states, the District of Columbia, Guam, American Samoa, Swain's Island, or the U.S. Virgin Islands;</li> <li>Certification of Report of Birth, issued to a citizen born outside the U.S.;</li> <li>Report of Birth Abroad of a U.S. Citizen;</li> <li>Certification of birth in the United States issued by the Department of State;</li> <li>U.S. Citizen ID card;</li> <li>Northern Marianas Identification Card</li> </ul> | <ul> <li>A WTPY or SOLQI if it indicates that<br/>the social security number is verified.</li> <li>Driver's license or ID card with a<br/>photo or identifying information issued by<br/>a federal, state or local government</li> <li>School ID card with photograph</li> <li>U.S. military draft card or draft record</li> <li>Military dependent's ID card</li> <li>Native American tribal document</li> <li>U.S. Coast Guard Merchant Mariner<br/>Card</li> <li>Court documents</li> </ul> |

### **508 Community Spouse**

### 508 Community Spouse

Revised 01/15/2020

Policy

1) Overview

Community Spouse policy allows a spouse who remains in the community to keep a greater share of the couple's income and resources. AHCCCS refers to this special treatment of resources, income, and share of cost as community spouse policy.

NOTE When both spouses are receiving or intend to receive HCBS, each is considered the other's community spouse.

To be able to use these special income and resource rules, all of the following must be met:

- The couple must be legally married (see MA520);
- The customer must be considered institutionalized; and
- The customer's spouse must be living in the community.
- For community spouse resource rules only, the customer's current continuous period of institutionalization started on or after September 30, 1989.

NOTE Community spouse rules must be used even if the spouse does not want to provide income or resource information. The law does NOT provide an undue hardship exception for a non-cooperative spouse.

Community spouse rules cannot be used when:

- The customer is not legally married or has no proof of legal marriage;
- The customer's spouse is in a medical institution for more than 30 days and has not lived in the community for at least one day in a month; or

- The customer is potentially eligible for ALTCS-Acute only because he or she has refused HCBS or lives in a setting where ALTCS services cannot be provided;
- The whereabouts of the customer's spouse are unknown; or
- For community spouse resource rules only, the current continuous period of institutionalization began before 9/30/89 (<u>MA707</u>).
  - 2) When to Use Community Spouse Policy

Community spouse policy may apply for some months and not others depending on living arrangements or changes in marital status:

| lf   | Then Community Spouse Policy  |
|--|---|
| Customer Marries   | Applies beginning with the month of marriage.   |
| Customer Divorces  | Applies for the month in which the divorce is granted. It stops in the following month.                       |
| Community Spouse Dies  | Applies for the month in which the community spouse dies. It stops in the following month                     |
|  | Stops the first full month in which the community spouse has not lived in the community for at least one day. |
| Community spouse<br>returns to the community<br>from a medical institution | Applies when the community spouse resides in the community for at least one day during the month              |
|  | (see Community Spouse for examples).  |

The income, resources and share-of-cost policies for Community Spouse are located in the following sections:

- •□□Income MA610;
- Resources MA707; and
- Share-of-cost MA1201.

## 509 Disabled

509 Disability

Revised 11/25/2019

Policy

Disability is a condition of eligibility for three Medical Assistance (MA) categories.

### <u>SSI-MAO</u>

Disability is one of three conditions (aged, blind, or disabled) that allow a person to qualify for SSI-MAO. To meet the disability condition, a person must be:

- Determined disabled under the rules for the Supplemental Security Income (SSI-Cash) program, or
- Diagnosed with a serious mental illness (SMI) by the Arizona Department of Health Services (ADHS).

### ALTCS and ALTCS-FTW

A person must be medically in need of long-term care services as determined by the Pre-Admission Screening (PAS).

### Freedom To Work

The customer must be determined to have a disability by the Disability Determination Services Administration (DDSA) to qualify for Freedom To Work under the Basic Coverage Group (MA402).

A person must be determined to have a severe impairment by the Disability Determination Services Administration (DDSA) to qualify for Freedom To Work under the Medically Improved Coverage Group (<u>MA402</u>).

Definitions

| Term              | Definition  |
|-------------------|---|
| Disabled          | Unable to engage in any substantial gainful<br>activity because of a medically<br>determinable physical or mental<br>impairment, which can be expected to<br>result in death or last for a continuous<br>period of 12 months or more. |
| Severe impairment | A medical condition that significantly limits<br>a person's physical or mental abilities to do<br>basic work activities.  |

Proof

## For ALTCS or FTW-ALTCS:

A Pre-Admission Screening (PAS) decision showing that the customer has been determined to be medically in need of long-term care.

### For SSI-MAO:

Records from SSA showing the person is receiving Social Security Disability payments, or has been determined to have a disability.

An SMI Determination Summary Report or SMI Eligibility Outcome form that includes a SMI determination of functional inability to live in an independent setting or risk of serious harm to self or others.

### For FTW:

Records from SSA showing the person is receiving Social Security Disability payments, or has been determined to have a disability.

Records from DDSA showing the person has been determined to have a Severe Impairment.

# 510 Employed

510 Employed

Revised 10/29/2019

Policy

A person must be employed to qualify for Freedom to Work (FTW).

The customer must:

- ●□□Be earning wages; and
- Pay Social Security and Medicare taxes.

With the exception of Medically Improved customers, FTW customers do not have to work a minimum number of hours during the month or earn a minimum rate of pay. Medically Improved customers must be earning an amount equal to 40 hours per month at the federal minimum wage. To determine if the customer's earnings meet this requirement use:

- o The customer's gross earnings; or
- o The gross receipts less business expenses for a self-employed customer.

Employed usually means working and receiving earned income during the month. However, the customer does not need to receive earned income during the month to meet this requirement. For example, a customer who works during the month, but will not be paid until the following month, meets the employment requirement.

When the customer stops working, FTW eligibility ends the month after the customer stops working, even when he or she continues to get paychecks in following months.

## Exceptions:

- A school employee who does not work during the summer months meets the work requirement during the summer when he or she has a signed contract to return to work in the fall.
- A person who is not currently working because of vacation or medical leave, but remains an employee is considered to meet the work requirement.

Definitions

| Term | Definition   |

|      | The person's medical condition has<br>improved to the point where he or she no<br>longer meets the DDSA's definition of<br>disabled; but DDSA determines that the<br>person still has severe impairment<br>( <u>MA509</u> ). |

Proof

### Employment:

Proof of employment includes:

- Proof of employment is collected from the Federal and State Data Services Hubs when available. When proof is not available electronically, other sources of proof include: Pay stubs;
- Letter from employer;
- A Request for Verification of Employment (DE-206) completed by the employer;
- Phone call with the employer;
- If self employed, a copy of the most current tax return; or
- If self employment just started, copies of current business records such as a business ledger or business account statements.

### Payment of Social Security and Medicare taxes:

Proof a person is paying taxes includes:

- Electronic Verification from Federal and State Data Services Hubs;
- Pay stubs showing tax withholding;

- A Request for Verification of Employment (DE-206) with the question about tax withholding completed by the employer;
- Letter from employer or a phone call with the employer verifying that Social Security and Medicare taxes are withheld from wages or paid by the employer; or
- If self-employed, the previous year's tax return showing payment of Medicare and Social Security taxes or copies of forms and cancelled checks used to make quarterly payments to the IRS.

## Employment status during an absence:

Proof that a person remains employed between contracts or while on leave includes:

- Paystubs showing the customer is currently receiving leave pay;
- Written statement from the employer that the customer remains an employee during the absence;
- Employment contract for the upcoming school year;
- Collateral contact with the employer to confirm the customer is still considered an employee while on leave or has accepted a new contract for the upcoming year;
- Other documents showing the customer remains employed during the absence.

### Aged out of an AZ foster care system:

Foster care information is often accessed automatically, and other proof may not be needed. However, if no record is found automatically that the person was in DCS or Tribal Foster Care when he or she turned 18, other proof includes:

• PMMIS records showing the person was enrolled in CMDP as of the person's 18<sup>th</sup> birthday

- Written statement from DCS or the Tribe's foster care agency.
- Telephone call to DCS or the Tribe's foster care agency.
- A copy of the YATI Turn-Around Document (TAD) or YATI Exparte Referral Form submitted when the child aged out of care.

Receiving AHCCCS Medical Assistance when aged out of care:

AHCCCS Medical Assistance information is accessed automatically and other proof should not be needed. However, if the proof is not found automatically and the customer says that he or she was covered, or there is other evidence in the file that the person had AHCCCS, the issue is elevated to AHCCCS for research.

# 515 Insurance Coverage (No Creditable Coverage)

### 515 Insurance Coverage (No Creditable Coverage)

### Revised 06/08/2015

Policy

People who have creditable health insurance coverage do not qualify for:

- Breast and Cervical Cancer Treatment Program (BCCTP);
- KidsCare.

### Exception:

A woman who has creditable coverage may qualify for BCCTP if:

- The insurance company will not cover the breast or cervical cancer treatment, because it is a pre-existing condition;
- She has exhausted her lifetime limit for all benefits under the insurance. This includes coverage for breast or cervical cancer treatment; or
- She is in a mandatory waiting period before she can get medical services through the policy. BCCTP eligibility ends once the waiting period is over

Evidence to the contrary may include but is not limited to:

- Social Security records showing the person has Medicare;
- Pay stubs that show deductions for group health insurance.
- The customer reported insurance coverage on a recent application.
- Health insurance listed in AHCCCS' PMMIS database on the RP 155 screen.

NOTE Health insurance on this screen may be out of date. Always call the insurance carrier to confirm the coverage is current and if there are any limits.

Proof of whether coverage is creditable and what is covers includes:

- A telephone call with the insurance company to confirm the coverage type and any limitations;
- A copy of the insurance policy.

## **516 Insurance Ended**

### 516 Insurance Ended

### Revised 01/15/2020

#### Policy

When a person chooses to end a child's creditable health insurance coverage, the child cannot qualify for KidsCare for three months. The three months begins the day after the creditable coverage ends.

#### Exceptions:

The three-month period does not apply when:

- The creditable coverage was from another insurance affordability program.
- The premium to cover the child was more than 5 percent of the household income.
- The child's parent is eligible for advance payment of the premium tax credit to enroll in a QHP because the coverage the family had through an employer is determined unaffordable.

• The cost of family coverage that includes the child is more than 9.5 percent of the household income.

- The employer stopped offering coverage of dependents (or any coverage).
- The child lost coverage because of a family member's job change.
- The child has special health care needs.
- The child lost coverage due to the death or divorce of a parent.

#### Definitions

| Term | Definition  |  |
|------|---|--|
|      | Health insurance coverage as defined under the Health<br>Insurance Portability and Accountability Act (HIPAA).  |  |
|      | NOTE Eligibility for services through Indian Health<br>Service (IHS) or a tribal organization is not considered |  |

|  | creditable coverage.   |
|--|--|
|  | Examples of creditable coverage include:   |
|  | • Medicare;  |
|  | Group health plans;  |
|  | • Health insurance coverage through a hospital or medical service policy, certificate or plan contract; or   |
|  | Armed forces insurance, for example Tricare).  |
| Insurance affordability<br>program         | AHCCCS Medical Assistance, Advance Premium Tax Credit (APTC) and Cost-Sharing Reductions (CSR)   |
| Children with special<br>health care needs | Children who have or are at risk for chronic physical,<br>developmental, behavioral or emotional conditions that need<br>health and related services of a type or amount beyond what<br>children generally need. |

#### Proof

When the customer provides a coverage end date, accept the statement as proof unless there is information or proof that contradicts the statement.

When there is a discrepancy, proof of coverage end date includes:

- Phone call to the insurance company or agent, or the previous employer; or
- Written statement or documents from the insurance company or employer.

Proof that a child meets an exception to the three-month period depends on the type of exception. See below for examples of proof for the different types of exceptions.

| Exception type   | Proof includes  |
|--|---|
| Coverage was from another insurance<br>affordability program, or qualified for APTC<br>because employer-sponsored insurance<br>was unaffordable. | Records from the Federally Facilitated<br>Marketplace showing that the person was<br>receiving APTC or CSR. |
| The child-only premium was more than 5% of household income, OR  | • Check stubs (for income amount as well as the cost of the insurance if deducted from the income)          |

| The family premium was more than 9.5% of household income.                          | • Phone call to the income source to confirm the amount  |

# 517 Insurance - State Employee Health Plan

### 517 Insurance - State Employee Health Plan

### Revised 04/09/2020

Policy

A child does not qualify for KidsCare if a parent, the child, or the child's spouse is a state employee and can get state employee health insurance.

# This requirement applies even when the child, child's spouse, or parent chooses not to enroll.

NOTE Some state employees do not qualify for state employee health insurance. When the person cannot get state employee health insurance, the child can qualify for KidsCare.

Even though they participate in the Arizona State Retirement System (ASRS), employees of school districts and charter schools are not state employees. Employees of school districts and charter schools cannot get state employee health insurance.

### EXCEPTION:

Employees of the the Arizona State Schools for the Deaf and the Blind are state employees, and can get state employee health insurance.

#### Definitions

| Term  | Definition  |
|---|---|
| State employees who do not qualify for State Employee health insurance. | <ul> <li>Employees who work less than 20 hours per week;</li> </ul>   |
|   | <ul> <li>Seasonal, temporary, emergency, and<br/>clerical pool employees;</li> </ul>  |
|   | • Patients or inmates employed in state institutions;   |
|   | <ul> <li>Employees in positions created for<br/>rehabilitation only; and</li> </ul>   |
|   | • Employees of a state college or<br>university who are hired to work for less<br>than six months, or are not part of a state<br>retirement plan. |

Proof

When the person lists coverage through state employee health insurance on the application or verbally, accept the statement as proof.

When the person is a state employee but does not list coverage on the application, proof of coverage includes:

- Pay stubs showing any deduction for health coverage. Dental and vision plans are deductions for health coverage.
- Work Number records showing the person has medical, dental or vision insurance.

• Phone call to the personnel office at the agency, department or university where the person works to confirm whether the employee qualifies for state employee health coverage.

### A Long-Term Care services

#### A Long-Term Care services

Revised 04/19/2018

Policy

An ALTCS customer's living arrangement can affect the services the customer receives, how income eligibility is determined, and the share of cost. When an ALTCS customer is married, the spouse's living arrangement can also affect the customer's eligibility and share of cost.

To receive the full ALTCS services package, including long-term care services, the customer's living arrangements must meet the requirements in the table below.

| Customer lives   | And  |
|--|--|
| In a Long-Term Care (LTC) Medical<br>Institution         | The living arrangement is:   |
|  | <ul> <li>Licensed, and</li> </ul>  |
|  | Registered with AHCCCS.  |
| In a Home and Community Based Services<br>(HCBS) setting | <ul> <li>The customer intends to receive Home<br/>and Community Based Services<br/>(HCBS)</li> </ul> |
|  | <ul> <li>The HCBS setting is licensed or<br/>certified, and</li> </ul>                               |
|  | The HCBS setting is registered with AHCCCS.  |
| At home  | The customer intends to receive Home and Community Based Services (HCBS)                             |

When the living arrangement does not meet one of the requirements above, the person cannot receive long-term care services. See MA521B ALTCS Acute Care.

#### **B ALTCS Acute Care**

#### B ALTCS Acute Care

Policy

Customers whose living arrangements do not allow them to get long-term care services only get the acute care services listed in  $\underline{MA301}$ .

When there is a change to a customer's living arrangement that allows for long-term care services to be approved, the long term care services start the date of the change. These changes include moving to a different facility, the current facility becoming certified, registered with AHCCCS, or a contracting with the program contractor.

If the ALTCS customer is only eligible for acute care services, income eligibility is determined using either the:

- Gross Income Test; or
- Net Income Test.

### 1) Gross Income Test

The Gross Income Test is used when a customer is in any of the following living arrangements for at least one day in the month:

- Non-certified medical facility;
- Long term care bed in a VA hospital; or
- Medical facility that does not have a contract with the program contractor.

#### 2) Net Income Test

The Net Income Test is used when the customer meets any of the following for all days in the month:

 Lives in an HCBS setting that is licensed or certified, but is not registered with AHCCCS;

- Lives at home or in an HCBS setting and refuses HCBS services; or
- Refuses to move from a non-contracted HCBS setting to a contracted setting.

|      | Gross countable income is compared to 300% of the Federal Benefit Rate (FBR). |
|      | Countable income minus allowable deductions is compared to 100% of the FBR.   |

#### Proof

Proof that a facility is licensed and registered with AHCCCS is generally obtained through an electronic data match.

When proof is not available through this match or the facility is not listed in the electronic records, other sources of proof include:

Contact with the facility to determine:

- The name and address of the facility;
- Whether the facility is licensed or certified.

#### **C** Hospitals

C Hospitals

### Revised 02/13/2018

Policy

A customer who is in a long-term care bed in a hospital is considered to be residing in a long term care medical institution. Eligibility and share of cost are determined as if the customer is residing in a nursing facility.

When the customer is in an acute care hospital during the month, the customer's living arrangement immediately before entering the hospital is considered the living arrangement during the hospitalization.

For example, the customer was living in a nursing facility before entering the hospital. The period spent in the hospital is considered as still living in the nursing facility. There is no change to the customer's eligibility or share of cost.

#### Proof

Proof that a hospital is licensed and registered with AHCCCS is generally obtained through an electronic data match.

To use PMMIS to verify a facility is licensed or certified, see Verifying a Setting is Licensed and Registered with AHCCCS.

When proof is not available through this match or the facility is not listed in the electronic records, other sources of proof include:

### A Overview

A Overview

### Revised 06/14/2018

Policy

To qualify for full AHCCCS Medical Assistance (MA) coverage, a noncitizen must:

- Be a qualified noncitizen; and
- Declare his or her qualified noncitizen status. The customer must be listed as having a qualified noncitizen status on the application, and the application must be signed by the customer or other person listed in MA1301.

Otherwise, the noncitizen can only get coverage for emergency medical services, and cannot qualify at all for the following categories:

- AHCCCS Freedom to Work (FTW)
- Breast and Cervical Cancer Treatment Program (BCCTP)
- ALTCS
- Medicare Savings Program (MSP)
- KidsCare

NOTE When a person claims a qualified noncitizen status but more proof is needed to verify the status through SAVE VIS or VLP, the person gets 90 days to provide the proof or resolve the issue with USCIS from the date it is requested. During this time, if the person meets all other eligibility requirements, MA is approved. This conditional approval is allowed one time per customer.

- Departure Record, I-94;
- Employment Authorization Card, I-766;
- Foreign Passport;
- Parole Notice;
- An approved Petition for Amerasian, Widow(er), or Special Immigrant, Form I-360;

### Exception:

Victims of Trafficking and Battered Alien statuses cannot be verified through either the SAVE VIS or VLP. The following documents can be used for proof of these statuses:

• A notice of "prima facie" approval of a pending self-petition under the violence against women act (VAWA);

• Victim of Trafficking Certification Letter or Eligibility Letter.

Proof

Proof of qualified noncitizen status for at least 5 years:

- USCIS documents showing a qualified noncitizen status and an entry date at least 5 years in the past.
- SAVE VIS or VLP records showing a qualified noncitizen status and an entry date at least 5 years in the past.

### Proof of a prior qualified noncitizen status other than LPR, Parolee or Battered Alien:

If the person has a Permanent Resident or Resident Alien (I-551) Card, the three-digit Class of Admission (COA) code can be used as proof of a prior qualified status. See the table below for the COA codes that prove a prior qualified status

| Prior Qualified Status | COA code on the I-551  |

| American Indian born in Canada    | S13, or may provide verification that the applicant is an American Indian born in Canada.   |
| Deportation or Removal Withheld   | There is no specific COA code for this status. The<br>person will need to present other proof that<br>deportation or removal is withheld as well as the I-<br>551 card.   |

When the person does not have an I-551 card or the COA code is not one listed in the table, the person must provide USCIS documentation of the prior qualified noncitizen status.

### Proof that the person has remained in the U.S. continuously since before August 22, 1996:

There are two parts to this proof. The person must provide a written statement listing the dates of any of absences from the U.S. (or state that they have not left the U.S.). Second, the person must provide any combination of the following documents and records that show the person has lived in the U.S. since before 08/22/1996:

- Rental or lease agreements listing the person as a tenant,
- Utility bills or payment records,
- School records,
- Employment records,
- Social Security wage records,
- Church attendance records,
- Public benefits records,

- Medical records, and
- Any other official document or record that shows the person was residing in the U.S. during the required period.

### Proof that the person has a military connection:

Military records (like a DD-214) showing current active duty or and honorable discharge.

When the customer is the spouse, widow, or dependent child of an active duty or honorably discharged member of the U.S. Armed Forces, that person must also provide proof of their relationship to the Armed Forces member or veteran. Proof of relationship includes:

- Birth certificate,
- Marriage records,
- Court documents,
- Military ID showing relationship, or
- Other official records that show relationship.

### 525 Not an Inmate

#### 525 Not an Inmate

Revised 08/14/2020

Policy

Generally, a customer who is an inmate of a public institution may apply and qualify for AHCCCS while incarcerated. The customer cannot receive AHCCCS covered services until they are released. Enrollment and services are suspended during any time the customer is considered an inmate.

### EXCEPTION:

Inmates of a public institution do not qualify for KidsCare.

When a customer is already receiving MA benefits and is incarcerated, see MA1502V for more information.

Definitions

| Term                           | Definition   |
|--------------------------------|--|
| Inmate of a Public Institution | <ul> <li>A person who is:</li> <li>An inmate of a federal or state prison;</li> <li>An inmate of a county, city, or tribal jail;</li> <li>An inmate of a prison or jail, prior to arraignment, conviction, or sentencing;</li> <li>Incarcerated but can leave prison on work release or work furlough, and must return at specific intervals;</li> </ul> |
|                                | <ul> <li>A child in a juvenile detention center due to criminal activity or held as a material witness;</li> <li>A person involuntarily placed in a secure treatment facility that is part of the criminal justice system.</li> </ul>  |

| Not an Inmate of a Public                  | A person who is:   |
|--|--|
| Institution                                | • After arrest, but before booking, escorted by police to a hospital for medical treatment and held under guard;   |
|  | <ul> <li>Voluntarily living in a public institution;</li> </ul>  |
|  | • Released on probation, parole, or a release order with the condition of home arrest, work release, community service, or medical treatment; or   |
|  | • Admitted as an inpatient to a medical institution;   |
|  | • A child held in a juvenile detention center for the care, protection, or in the best interest of the child, if there is a specific plan for that person that makes the stay at the detention center temporary; |
|  | • A child on intensive probation with the condition of home arrest, treatment in a psychiatric hospital, or a residential treatment center, or outpatient treatment;   |
|  | • A child in a juvenile detention center after<br>disposition when there is a plan to release the child to<br>the community, and the release is only pending<br>arrangements suitable to the child's needs.      |
| Public Institution                         | An institution that is the responsibility of a governmental<br>unit or over which a governmental unit exercises<br>administrative control. The term "public institution" does<br>NOT include:                    |
|  | Medical institutions;  |
|  | Intermediate care facilities;  |
|  | • Publicly operated community residence that serves no more than 16 residents; or  |
|  | • State-licensed child care institutions for foster children that house no more than 25 children.  |
| Voluntarily living in a public institution | Means living in a public institution by choice, not as an extension of incarceration. The person is free to leave the institution if they choose to.   |

Proof

If the customer is listed as an inmate on the application, accept the statement. No further proof is needed.

If current information or data matches show that the customer is an inmate, but the customer claims they are no longer an inmate, proof of release from incarceration is needed. Proof includes:

- Release papers;
- The customer shows up in person to a local office; and

• A telephone call to the jail, prison or detention facility confirming the person's release.

### **526 Potential Benefits**

### 526 Potential Benefits

#### Revised 07/10/2020

Policy

To qualify for AHCCCS Medical Assistance (MA), a customer must take all actions needed to get any cash benefits for which he or she might qualify. This includes:

- Making an application for benefits to the company or organization that pays the benefit;
- Providing the benefit source with all information needed to find out whether the person qualifies for the benefit;
- Asking for and accepting the largest amount of benefits for which he or she qualifies; and
- When there is a choice, having the benefits paid monthly or periodically instead of in a lump sum.

Only people who are applying for MA must apply for potential benefits. A customer's spouse, parent or child that is not applying for MA is not required to apply for potential benefits.

### 1) Who is potentially eligible for cash benefits?

For some benefit sources, like retirement pensions or state unemployment programs, the rules for who can qualify vary by employer or by state. However, federal cash benefits rules generally do not vary.

The following table provides common federal benefits and describes the most common reasons a customer may qualify:

2) Exceptions to applying for cash benefits

• There are some situations when a person does not have to apply for cash benefits to qualify for MA. A customer does not have to apply for cash benefits to qualify for MA when:

• The benefits are based on need. These types of benefits include SSI-Cash and Cash Assistance benefits.

• There is proof that the person does not qualify for the benefit. For example, the person was denied for long-term disability benefits a month ago, a military record shows that the person does not meet the definition of a wartime veteran, or a benefits update showing that the person has not reached the retirement age.

• The person is working and would have to retire from that job to qualify for the pension or retirement benefit.

• The person has not reached full retirement age and can only qualify for a reduced "early retirement" benefit. See the <u>SSA Retirement Chart</u> to check when a person will reach "full retirement age" for Social Security Retirement benefits.

NOTE This exception does not apply to Social Security Disability Benefits.

### 527 Pregnant

#### 527 Pregnant

#### Revised 06/30/2020

Policy

For the Pregnant Woman group, a woman must be pregnant.

#### Definitions

| Term | Definition  |
|------|---|
|      | Pregnant means that a woman is expecting the birth of one or more children or is in the postpartum period.  |
|      | The postpartum period begins the day the<br>pregnancy terminates and ends the last<br>day of the month in which the 60th day<br>following pregnancy termination occurs. |

#### Proof

Accept the woman's statement that she is pregnant unless there is strong reason to question the statement.

#### Example:

The customer states that she is pregnant, but AHCCCS records show that her Family Planning services were stopped 8 months ago when she had a tubal ligation surgery to prevent pregnancy.

If the statement is questionable, ask for proof of pregnancy from a health care professional. Do not assume that the woman cannot be pregnant. The proof may be written or received over the phone, and must including the following information:

- Name of the pregnant woman;
- Statement that she is pregnant;
- Estimated date of delivery;

- Number of babies expected;
- For written proof, the date and the health care professional's signature;

• For proof received over the phone the name and type of health care professional (for example Nurse Practitioner, Physician, Registered Nurse).

### A Overview

A Overview

Revised 09/14/2018

Policy

A person must be a resident of Arizona to qualify for AHCCCS Medical Assistance (MA).

Residency policy is covered in four sections:

- Special rules for state residence;
- General rules for state residence;
- Temporary absence from the state; and
- Customers moving into state.
- 1) Special Rules for State Residence

The following rules are used first when determining a person's state of residence:

- A person getting a State Supplementary Payment (SSP) is a resident of the state paying the SSP.
- A person getting Title IV-E Foster Care or Adoption Subsidy payments is a resident of the state where he or she is living.
- When a state agency places a person in an institution in another state, the person remains a resident of the original state.
- 2) General Rules for State Residence

For all other people, use the rules in the table below.

| If the person is  | And is  | Then  |
|---|---|---|
| An adult (18 or older)<br>OR                                | Able to say in what state he or she intends to live | The person is a resident of<br>the state where he or she is<br>living when the person:                                  |
| OK  |   | inving when the person.   |
| Under age 18, but is<br>married, divorced or<br>emancipated |   | <ul> <li>Intends to live in the<br/>current state (even<br/>without a fixed address);<br/>or</li> </ul>                 |
|   |   | <ul> <li>Entered the state with a<br/>job offer or looking for<br/>work.</li> </ul>                                     |
|   | Unable to indicate intent                           | The state of residence is where the person is living.   |
| A child under age 18 who is not emancipated and never       | Not in an institution                               | The state of residence is:  |
| married   |   | • The state of residence<br>of the parent or<br>caretaker with whom the<br>child lives; or                              |
|   |   | • The state where the child is physically living when not living with a parent or caretaker.                            |
|   | In an institution placed by a state agency          | <ul> <li>The state of residence is:</li> <li>The parent's or legal guardian's state of residence at the time</li> </ul> |
|   |   | the child was placed in the institution; or   |
|   |   | • The parent's or legal guardian's current state of residence if the individual is institutionalized in that state; or  |
|   |   | • The state of residence of a person who files an   |

| application, if the chil<br>has been abandoned<br>the parents, does not<br>have a legal guardiar<br>and is in an institutior | l by<br>t<br>n, |
|--|-----------------|
| that state.  | 1 1(1           |

### 3) Temporary absence from the state

A person who is only temporarily absent from the state is still a resident of that state. A customer is considered temporarily absent when he or she intends to return to the state when the reason for the absence is completed, and has not become a resident of another state.

NOTE Unless the customer was placed in an out of state institution by AHCCCS, the customer can only get emergency services when absent from Arizona.

### 4) Customers Moving into the State

A person can apply for AHCCCS MA before becoming an Arizona resident, but must become an Arizona resident before the application can be approved. When a person moves to Arizona, the earliest date benefits can start is the date the person arrived in the state.

When a person is applying for AHCCCS moved to Arizona but is receiving benefits in another state, the benefits must be discontinued in that state.

| Term                | Definition   |
|---------------------|--|
| Emancipated         | A minor freed from control by his or her<br>parents or guardians. The parents or<br>guardians are also freed from all<br>responsibility for the child. |
| Institution         | A place that provides food, shelter, and<br>some treatment or services to four or more<br>people who are not related to the owner.                     |
| Medical Institution | An institution that is licensed by the state to provide professional medical services.   |

Definitions

| State Supplementary Payments (SSP) | Payments made by a state to supplement SSI Cash benefits.   |
|------------------------------------|---|
| Unable to indicate intent          | <ul> <li>Meets any of the following:</li> <li>Has an I.Q. of 49 or less or has a mental age of 7 or less;</li> <li>Is judged legally incompetent; or</li> <li>Is found incapable of indicating intent based on medical documentation obtained from a physician, psychologist, or other person licensed by the State in the field of intellectual disability.</li> </ul> |

#### Proof

For ALTCS, the customer's declaration on the application is accepted as proof of Arizona residency, unless there is evidence to the contrary.

For all other programs, when Arizona residency is not verified electronically, the person must provide proof.

Proof of Arizona residency includes:

- Rent or mortgage receipts;
- Landlord statements;
- A statement from the nursing facility or other institution;
- An Arizona driver's license;
- Arizona vehicle registration;
- A statement from an employer; or
- Utility bills or receipts.

#### **B** Temporary Absence

**B** Temporary Absence

Revised 05/21/2018

Policy

Customers who are temporarily absent from Arizona are still Arizona residents. A customer is considered temporarily absent from Arizona if the customer:

- Intends to return to Arizona when the reason for the absence is completed; and
- Has not become a resident of another state.

NOTE Unless the customer was placed in an out of state institution by AHCCCS, the customer can only get emergency services when absent from Arizona.

If the customer does not intend to return to Arizona, or moves out of state to become a resident of another state or country, the absence is not temporary and the person is no longer an Arizona resident.

| Term                | Definition   |
|---------------------|--|
| Institution         | A place that provides food, shelter, and<br>some treatment or services to four or more<br>people who are not related to the owner. |
| Medical Institution | An institution that is licensed by the state to provide professional medical services.   |

Proof

Accept the customer's statement that the absence is temporary unless there is evidence that the person has become a resident of the other state or country.

Evidence that the customer has become a resident of another state or country includes:

- Buying a home;
- Getting a job;
- Getting a driver's license; or
- Applying for Medical Assistance or other public benefits.

If there is evidence that the person has become a resident of another state or country, the person must provide proof that they have not given up Arizona residency. Proof includes:

- Mortgage or current residential rental agreement showing that the person is maintaining a home in Arizona;
- Statement from the employer that the job is temporary or has a set end-date;
- Mortgage or title documents showing that the home is not the person's primary residence;
- Written or telephone confirmation from the other state or country that the person has not obtained a driver's license;
- Written or telephone confirmation from the other state or country that the person has not applied for or has withdrawn their application for public benefits.

### **532 Social Security Number**

### 532 Social Security Number

#### Policy

To qualify for benefits, a person must either:

- Give a valid Social Security number (SSN); or
- Give proof that the person has applied to the Social Security Administration (SSA) for an SSN or a replacement card.

### Exception:

A person does not have to give a valid SSN or apply for one if any of the following apply:

- Cannot legally get an SSN
- Is an active member of a recognized religious group that objects to getting an SSN
- Is not applying for benefits
- NOTE A person may voluntarily give the SSNs of family members who are not applying to help verify family income.

#### Definitions

The Social Security Number (SSN) is a unique number assigned by the United States Social Security Administration (SSA) to persons living in the United States and to persons who work in other countries for United States companies. A person must have a SSN to be employed, pay taxes, collect Social Security benefits and to qualify for credit accounts.

#### Proof

Proof of a person's SSN includes:

- An electronic response from SSA that says the SSN is assigned to that person;
- An official Social Security card issued by the SSA;
- An official document from SSA that contains the person's name and SSN;

A Medicare card, if it contains a Beneficiary Identification Code (BIC) of "A," "J," "T" or "M" following the SSN;

Proof that the person has applied for an SSN or replacement card includes:

- Receipt for an Application For a SSN (SSA-5028) form
- A Referral for Social Security Number (DE-129) form, completed by SSA
- For a newborn, Message from Social Security (SSA-2853-OP4) form

## 534 Verifying Non-Financial Conditions of Eligibility

### 534 Verifying Non-Financial Conditions of Eligibility

Policy

Non-financial conditions of eligibility must be verified for most AHCCCS Medical Assistance (MA) programs.

The agency uses information from electronic sources and other information in previous records before asking for proof from the customer.

#### Definitions

| Term | Definition  |

## **Chapter 600 Income Eligibility**

## 600 Introduction

For each eligibility requirement in this chapter, you will find:

- The policy for the requirement;
- Any definitions needed to explain the policy;
- What proof is needed; and
- A list of the federal and state laws that apply to the requirement by program.

### 601 General Information About Income

### 601 General Information About Income

For some AHCCCS Medical Assistance (MA) programs, the budget group's income must not be higher than the income limit for that program. How income is calculated and the income limits are not the same for all programs.

The income of budget group members may be considered available to the customer when determining eligibility. (See MA602 for information about income budget groups.)

#### Policy

1) Programs with Income Eligibility Requirements

The MA programs that have an income limit to qualify are:

- ALTCS;
- SSI-MAO;
- Medicare Savings Program (MSP);
- Freedom to Work (FTW);
- Adult;
- Caretaker Relative;
  - NOTE Including an income limit for the second six-month Transitional Medical Assistance (TMA) extension.
- Pregnant Woman;
- Child;
- KidsCare.

Some MA programs have an income limit, but income eligibility is determined by another agency (see MA400):

- SSI Cash;
- Breast and Cervical Cancer Treatment Program (BCCTP); and
- Title IV-E Foster Care and Adoption Subsidy.
- 2) Income Categories

Income is divided into two categories, earned and unearned:

- Earned income is received from employment or self-employment. It may be received as wages, salaries, commissions or profits.
  - NOTE Earned income may also be received as goods or services other than cash in return for work. Goods and services received in return for work are also known as bartering income or in-kind income. The value of the goods or services received is considered the income amount received.
- Unearned income is cash income received from sources other than employment or self-employment.

Within each category there are many types of income.

### 3) Treatment of Income

Depending on the program, each type of income is either counted or excluded. See <u>MA606</u> for treatment of each type of income.

4) Modified Adjusted Gross Income

Modified Adjusted Gross Income (MAGI) is a method for determining:

- How income is counted;
- Whose income is counted (the budget group); and
- The income limit based on the size of the budget group.

Beginning January 1, 2014, the following programs will use MAGI to determine income eligibility:

- Adult;
- Caretaker Relative;

NOTE Including Transitional Medical Assistance (TMA) and Continuous Coverage (CC).

- Pregnant Woman;
- Child; and
- KidsCare.

NOTE The programs that do not use MAGI rules are referred to as "Non-MAGI" throughout this Chapter.

Definitions

| Term                                     | Definition  |  |
|--|---|--|
| Budget Group                             | The people whose income is considered when determining eligibility.   |  |
| Gross Income                             | Income before taxes or other deductions.  |  |
| Modified Adjusted<br>Gross Income (MAGI) | MAGI is based on federal tax rules for determining adjusted gross income (AGI), with some modification.                               |  |
|  | MAGI includes the following sources of income that are not included in AGI:   |  |
|  | <ul> <li>Certain foreign investment income excluded from AGI<br/>by § 911 of the tax code;</li> </ul>                                 |  |
|  | <ul> <li>Tax exempt interest income; and</li> </ul>   |  |
|  | <ul> <li>Social security benefits excluded from AGI by § 86 of<br/>the tax code.</li> </ul>   |  |
|  | In addition to these modifications, for Medicaid purposes only, MAGI will exclude the following income even if it is included in AGI: |  |

|                                | <ul> <li>Scholarships, fellowship grants and awards used for<br/>educational purposes;</li> </ul>   |
|--------------------------------|---|
|                                | Certain American Indian/Alaska Native income; and   |
|                                | <ul> <li>Lump sum income (will only be counted in month of receipt).</li> </ul>   |
| Adjusted Gross<br>Income (AGI) | A measure of income used to determine how much of income is taxable. The AGI is gross income from taxable sources minus allowable deductions. |
| Non-MAGI Programs              | The following programs will not use MAGI methodology for determining household composition and income eligibility:                            |
|                                | • ALTCS;  |
|                                | • SSI-MAO;  |
|                                | <ul> <li>Medicare Savings Program (MSP); and</li> </ul>   |
|                                | Freedom to Work (FTW).  |
| Self-Employment                | Income from a person's own business, including:   |
|                                | Independent contracting;  |
|                                | • Taking in roomers or boarders, and other rental income;   |
|                                | Ranching or farming;  |
|                                | Can and bottle recycling collections;   |
|                                | • Baby-sitting;   |
|                                | <ul> <li>Blood and plasma sales;</li> </ul>   |
|                                | Providing services, like cleaning or accounting;  |
|                                | Any wholesale or retail sales.  |

#### Proof

The Agency uses the reasonable compatibility standard to verify income. Income information for the members of the budget group is collected through the Federal and State Data Services Hubs, if available, and then compared to the income information reported on the application to see if it is reasonably compatible. See <u>MA605</u>.A for details.

### 602 Budget Groups Income

### 602 Budget Groups Income

### Overview

When applying for or receiving AHCCCS Medical Assistance, the income and needs of other people may need to be counted. The people whose income and needs are counted make up the budget group.

Who is included in a person's budget group may depend on:

- The AHCCCS program a person is applying for or receiving;
- The age of the person;
- Whether or not the person is married;
- Who lives with the person; and
- Whether the person files taxes or is claimed as a tax dependent.

If needed, the customer must provide proof of income for everyone in the budget group.

NOTE Sometimes the customer may need to provide proof of income for people who are not in the budget group to:

- o See if they can get an income deduction (MA609); or
- o Determine a Share of Cost (MA1201).

If information about who is in the budget group is questionable or does not match other available information, the customer must explain and provide any proof needed for the difference. See Example - Questionable Information for more details.

#### Proof

### Proof of Income

If needed, the customer must provide proof of income for everyone in the budget group. See MA605 for more details on proof of income.

Sometimes the customer may need to provide proof of income for people who are not in the budget group to:

- See if they can get an income deduction (<u>MA609</u>); or
- Determine a Share of Cost (MA1201).

### Proof of Legal Marriage

The customer must provide proof of legal marriage for community spouse policy. See <u>MA520</u> - Legal Marriage for the type of proof needed for marriage.

### Proof of Parent/Child Relationship

A person's statement is accepted unless there is evidence to the contrary. A person's statement includes a completed application listing a relationship of parent or child.

When there is conflicting information or the relationship is questionable, the person is asked for other proof of relationship. Some items that show proof of relationship between a parent and child are:

• The child's birth certificate or other birth record;

- Court records; and
- Religious records.

### D Budget Groups for MAGI

### D Budget Groups for MAGI

Revised 12/14/2018

Policy

This policy applies to the following MA groups:

- Adult;
- Caretaker Relative (including TMA and CC);
- Pregnant Woman;
- Child; and
- KidsCare.

When a person's income is too high using the MAGI budget group and income rules, the Premium Tax Credit budget group and income rules are used. See section 2 below.

### 1) MAGI Budget Group

The people who must be included in the budget group depend on if the customer:

- Files taxes;
- Is claimed as a tax dependent; and
- Is living with a spouse, child, parent or sibling.

The person's income limit is based on the number of people in the MAGI Budget Group with one exception. The number of unborn children a pregnant woman is expecting are counted as part of her MAGI budget group only.

See Example – Pregnant Woman Budget Group

### 2) Premium Tax Credit Budget Group

If the income of the customer's MAGI budget group is higher than the income limit for the MAGI program, Premium Tax Credit rules are used.

The people who must be included in the budget group depend on if the customer:

- Files taxes; or
- Is claimed as a tax dependent.

The customer's income limit is based on the number of people in the budget group.

Proof

#### Proof of Income

A person will be asked to provide proof of income for everyone in the budget group as needed. See <u>MA605</u> for more details on proof of income.

Proof of Marriage

A person's statement of marital status is accepted unless there is evidence to the contrary.

Proof of Parent/Child Relationship

Accept a person's statement unless there is evidence to the contrary. A person's statement includes a completed application listing a relationship of parent or child.

When there is conflicting information or the relationship is questionable, ask for other proof of relationship. Some items that show proof of relationship between a parent and child are:

- The child's birth certificate or other birth record;
- Court records; and

• Religious records.

Proof of Tax Filing Status

A person's statement about whether or not they are a taxpayer or a tax dependent is accepted unless there is evidence to the contrary. A person's statement includes a completed application listing:

- Taxpayers and their tax dependent; and
- Household members who are not taxpayers or tax dependents.

When there is conflicting or questionable taxpayer or tax dependent information, the person is asked for proof that supports the person's statement. Supporting information may include but is not limited to:

- Court records;
- Statement from the other parent of a tax dependent; and
- Prior years' tax records.

See Example - Conflicting Tax Filing Information for more details.

### 603 What is Not Income?

#### 603 What is Not Income?

### Revised 07/06/2017

Policy

The following are not considered income when determining eligibility:

- Money from the sale of a resource;
- Money transferred between financial accounts that belong to the same person;
- Money a person receives to cover someone else's expenses and then uses to pay the expenses is not considered income to the customer;
- Replacement income;
- Return of incorrect payments; and
- Vendor payments.

Exceptions for vendor payments:

- Payments made directly to a vendor when the money is legally owed to the person (such as alimony) are considered income. For example, the person's ex-husband pays her rent with the alimony that he normally sends her. This is income; not a vendor payment.
- For ALTCS, payments made directly to a vendor from a Special Treatment Trust for food and shelter expenses are considered income, not a vendor payment. See <u>MA803E</u> for details.

### 604 Receipt of Income

### 604 Receipt of Income

There are many ways in which a person may receive income that can affect how it is counted. This section discusses the following:

- Income received outside of the regular schedule (advanced dated checks and deferred wages);
- Constructively received income;
- Electronic fund transfers and deposits to financial accounts;
- Frequency;
- Garnishments and overpayments; and
- Contract or seasonal income.

### A Income Received Outside of the Regular Schedule

A Income Received Outside of the Regular Schedule

Revised 06/14/2018

Policy

A person may receive income outside of the regular pay schedule. Income may be received as:

- Advance dated checks; and
- Deferred wages.
- 1) Advance Dated Checks

The income received from an advance dated check is considered available in the month it would normally have been received.

2) Deferred Wages

When the deferred wages are counted for eligibility depends on whether or not the deferred payment is due to circumstances beyond the control of the employee.

|  | Then the income is counted as earned income in the month |
|--|--|
| Due to circumstances beyond the control of the employee            | Received.  |
| At the employee's request or by mutual agreement with the employer | It would have been received had it not been deferred.    |

Definitions

| Term | Definition  |
|------|---|
|      | A check dated earlier than the normal<br>payment date because the regular<br>payment date falls on a weekend or<br>holiday. This results in a check being |

| received in advance of the month of normal receipt.                           |
|---|
| Wages are considered deferred if received later than the normal payment date. |

### **B** Constructively Received Income

#### **B** Constructively Received Income

### Revised 06/14/2018

Policy

How constructively received income is counted depends on whether:

- The assignment of income to another person is revocable or irrevocable; and
- If the income is assigned on a periodic or permanent basis:

| If the income is  | Then  |
|---|---|
| Revocably assigned  | Income is counted in each month it would have normally been received.   |
|   | Example – Revocably Assigned Income   |
| Irrevocably and permanently assigned (all future payments are assigned)         | Irrevocably assigned income is not counted.   |
|   | NOTE For ALTCS, the assignment is evaluated as a transfer (see Chapter <u>900</u> ).                            |
|   | Example – Irrevocably and Permanently<br>Assigned Income  |
| Irrevocably assigned on a periodic basis (not all future payments are assigned) | For ALTCS:  |
|   | Count the income in each month it would<br>have normally been received is counted<br>(constructively received). |
|   | Example – Irrevocably and Periodically<br>Assigned Income   |
|   | For all other programs the income for months it is irrevocably assigned is not counted.                         |

Definitions

### C Deposits to Financial Accounts

C Deposits to Financial Accounts

### Revised 06/14/2018

Policy

#### 1) Direct Deposit

When a person has income deposited directly to a bank account, the funds may be posted before or after the month in which they are payable. The funds are considered income in the month they would normally be received.

### 2) Treatment of Other Deposited Income

The following describes how other deposits to a person's financial account are treated:

| If deposits are made  | Then  |
|---|---|
| By the customer or their spouse   | All deposits are assumed to be countable<br>income to the budget group unless proof is<br>provided to show that the deposited money<br>is:  |
|   | <ul> <li>From an excluded income type,</li> </ul>   |
|   | <ul> <li>A transfer of resources, or</li> </ul>   |
|   | • Money from the sale of a resource.  |
|   | Exception:  |
|   | An ALTCS customer's deposits are not<br>counted as income to the spouse when the<br>spouses are not living together. Instead,<br>only the allocated amount is counted as<br>unearned income to the spouse. See<br><u>MA606.H</u> for details about allocated<br>income. |
| Into a person's joint account by a co-owner of the account or a third party | The deposits are considered contributions to the person unless proof is provided that the income is not available to, or used by the person. See <u>MA7051</u> for details on   |

|                             | rebutting ownership of a joint account.  |
|-----------------------------|--|
| On behalf of another person | Payments a person receives as an agent<br>for a minor child or incapacitated adult is<br>considered income to the child or<br>incapacitated adult. For example, this<br>would include receipt of child support as a<br>guardian or Social Security as a<br>representative payee. |
|                             | The deposit must be clearly identified as<br>the child or incapacitated adult's<br>income. The child or incapacitated adult's<br>name does not need to be on the account.<br>Example - Income received on behalf of<br>another person  |

### 3) Agent's Misuse of Ward's Funds

Moneys misused by an agent are considered unearned income to the agent in the month received unless restitution is made.

When the agent restores the misused funds to the ward, the restored funds are considered income in the month the ward receives the repaid moneys.

Definitions

| Term | Definition   |
|------|--|
|      | A person or organization acting in a<br>fiduciary capacity on behalf of another<br>person. An agent includes a power of<br>attorney, representative payee,<br>conservator, or guardian |
|      | A person legally appointed and authorized<br>to manage the income and resources for<br>the benefit of the other person rather than<br>for his or her own profit.                       |

#### Proof

Proof that a deposit was a resource transfer includes:

- Documentation showing the withdrawal of the funds from another account; or
- A bill of sale for a resource.

Proof that the deposit was from an excluded income type or belongs to a child or incapacitated adult includes

- Copies of check stubs;
- Letter from the agency providing the income; or
- Collateral contact with the agency providing the income.

### **D** Frequency of Payment

#### **D** Frequency of Payment

Revised 06/14/2018

Policy

Income eligibility is based on the income received during a calendar month or the monthly equivalent. In order to calculate the amount of income received during a specific month, the frequency of the payment must be determined. Income received other than monthly may be treated differently depending on the MA program. See the following table for how income is counted based on how often it is received:

| If income is received | Then   |
|-----------------------|--|
| Weekly                | MAGI coverage groups   |
|                       | The weekly amounts received are<br>averaged then multiplied by 4.3 to account<br>for the four extra pay periods per<br>year. This prorates the extra pay periods<br>over the year and provides a consistent<br>monthly equivalent.   |
|                       | Non-MAGI coverage groups   |
|                       | The amounts actually received in the month are totaled.  |
|                       | NOTE There are months when a person<br>may receive a fifth paycheck. Each<br>month needs to be determined<br>separately. The person may be denied<br>the month the five paychecks are<br>received due to excess income.<br>However, the person may qualify for<br>the months that only four paychecks<br>are received. |
|                       | See Example - Five weekly payments received in a month   |
| Every other week      | MAGI coverage groups   |

| The bi-weekly amounts received are<br>averaged then multiplied by 2.15 to<br>account for the two extra pay periods per<br>year. This prorates the extra pay periods<br>over the year and provides a consistent<br>monthly equivalent.  |
|--|
| Non-MAGI coverage groups   |
| The amounts actually received in the month are totaled.  |
| NOTE There are months when a person<br>may receive a third paycheck. Each<br>month needs to be determined<br>separately. The person may be denied<br>the month the three paychecks are<br>received due to excess income.<br>However, the person may qualify for<br>the months that only two paychecks<br>are received. |
| See Example - three bi-weekly payments received in a month   |
| The two amounts received for the month are added together.   |

Definitions

| Term               | Definition  |
|--------------------|---|
| Semi-monthly       | A payment received twice a month. This results in 24 payments in a year.  |
| Bi-weekly          | A payment received every other<br>week. This results in 26 payments in a<br>year.   |
| Weekly             | A payment received every week. This results in 52 payments in a year.   |
| Infrequent Income  | Income that is received no more than once<br>in a calendar quarter from a source. For<br>example, a cash gift from an adult child<br>every six months to help pay living<br>expenses. |
| Irregular Income   | Income that cannot reasonably be expected to be received. This is income that is:   |

### **E** Garnishments and Overpayments

#### E Garnishments and Overpayments

### Revised 06/14/2018

Policy

A person's gross income is used to determine eligibility and share of cost even when a garnishment or overpayment is being deducted from the income.

#### Exception:

The amount withheld to recover an overpayment is excluded when BOTH of the following apply:

- The person received AHCCCS Medical Assistance the entire time the other income was being overpaid; and
- The overpaid amount was included in the customer's counted income.

When a customer reports that his or her income is being garnished, the customer is asked to contact the source of the garnishment. The source may be willing to reduce or waive the garnishment.

One common type of garnishment is made by the IRS to collect a tax penalty. VA also places a garnishment to recover an over-payment. Both IRS and VA have processes for waiving or deferring garnishments.

### F Contract or Seasonal Income

F Contract or Seasonal Income

### Revised 06/14/2018

Policy

How contract or seasonal income is treated depends on the coverage group:

#### Non-MAGI groups:

Contract or seasonal income is counted in the month received.

#### MAGI groups:

- When the income is received at least monthly and will not fluctuate over the 12month period starting with the month of application or renewal, the income is counted based on how often it is received. See <u>MA604D</u> for details.
- When the income is expected to fluctuate, use the tables in sections 1 and 2 below to determine how to count the income.
- 1) Treatment of Contract Income for MAGI Groups

| If the contract is  | Then   |
|---|--|
| A one-time contract that ends between the<br>application or renewal month and the end<br>of the calendar year | Divide the income that will be received<br>from the application or renewal month<br>through the end of the calendar year by the<br>number of months in that period to get a<br>monthly equivalent. |
| For contracts that extend into the next calendar year, contract that are anticipated to be renewed            | Divide the income that will be received in<br>the 12 month period beginning with the<br>application or renewal month by 12 to get a<br>monthly equivalent.   |
|   | Example Contract periods that cover more than one calendar year  |
|   | Example Contract anticipated to be renewed   |

### 2) Treatment of Regular Seasonal Income for MAGI Coverage Groups

When seasonal income is anticipated to be about the same as in the past, the total anticipated amount for the year is divided by 12 to get a monthly equivalent.

#### **G** Projecting income

#### G Projecting income

#### Overview

This section discusses how to project income when current proof does not reflect ongoing income due to any of the following:

- Pay rate has increased or decreased;
- Work hours have increased or decreased;
- A person does not get paid every pay period (zero pay); or
- Income has just started or stopped.

Revised 06/14/2018

#### Policy

When all income for the budget month is known, it must be used for that month. When all income for the month is not known, the income received in the last 30 days is used when it is normal and expected to continue.

For future months, if the income received in the last 30 days is not the usual amount or there has been a recent change, the customer's income must be projected. Projecting income is predicting the future income based on the past or known information. Income received from at least the last 30 days and any known changes are reviewed to determine the income to be budgeted for future months.

#### 1) Pay rate has increased or decreased

When the person's new rate of pay is not included in all pay received in the past 30 days, project the income for the future months. When the person's work hours do not normally vary, multiply the numbers of hours worked by the new rate to get the projected pay amount. If the person's work hours normally vary, complete the following to project the income:

- Add up the number of hours from all the normal pay periods in the last 30 days;
- Divide the total hours by the number of pay periods used to get an average number of hours; and
- Multiply the average hours by the new pay rate to get the projected income amount per pay period.

See Changes in Pay Rate for examples

#### 2) Work hours have increased or decreased

When a person's new work hours are not reflected in all pay received in the past 30 days, project the income for the future months.

When the person's work hours normally vary, determine the range of hours the person may be expected to work. For example, the person's employer may state that the person will work between 20 and 30 hours per week.

| If the person is paid  | And                                    | Then   |
|------------------------|--|--|
| Weekly or<br>bi-weekly | Work hours are not<br>expected to vary | Multiply the expected hours<br>per pay period by the pay<br>rate to get a projected pay<br>amount.   |
|                        | Work hours are expected to<br>vary     | <ul> <li>Determine the range of hours the person is expected to work per pay period;</li> <li>Add the highest and lowest number of hours expected to work and divide by two to get an average; and</li> <li>Multiple the average hours by the pay rate to get a projected pay</li> </ul> |
|                        |  | amount.  |

|                                    | • | Multiply the expected<br>hours per week by 2.15<br>to get the average hours<br>per pay period; and                              |
|                                    | • | Multiply the average<br>hours per pay period by<br>the pay rate to get a<br>projected pay amount.                               |
| Work hours are expected to<br>vary | • | Determine the range of<br>hours the person is<br>expected to work per<br>pay period;  |
|                                    | • | Add the highest and<br>lowest number of hours<br>expected to work and<br>divide by two to get the<br>average hours per<br>week; |
|                                    | • | Multiply the average<br>hours worked per week<br>by 2.15 to get the<br>average hours per pay<br>period; and                     |
|                                    | • | Multiply the average<br>hours per pay period by<br>the pay rate to get a<br>projected pay amount.                               |

See Changes in Work Hours for examples

### 3) Zero Pay Period

A zero pay period is when a person is still employed but does did not earn any income for the scheduled pay period. This can happen when:

- The person is out sick or on vacation, but does not get paid for the time off work.
- The person works only as needed. For example, the person is employed with a temporary service.

When the person normally receives income every pay period, and the zero pay was an unusual event, only include it in the month it occurred. When the person works as needed and a zero pay is not an unusual event, also include the zero pay when projecting income for future months.

The table below shows how monthly income that includes a zero pay period is calculated for MAGI and non-MAGI programs.

| If the MA program type is | Then   |
|---------------------------|--|
| Non-MAGI                  | All of the pay amounts received during the income period are added together to get the monthly income.                           |
| MAGI                      | Add up the all of the pay amounts received during the income period;   |
|                           | Divide the total by the number of pay<br>periods there were in the income period to<br>get an average amount per pay period; and |
|                           | Multiply the average amount by one of the following depending on how often the person is paid:                                   |
|                           | • 4.3 for weekly;  |
|                           | <ul> <li>2.15 for bi-weekly; or</li> </ul>   |
|                           | • 2 for semi-monthly.  |

See Zero Pay Periods for examples.

4) Income has just started or stopped

How income that has just started or stopped is calculated depends on whether or not a full month's income will be received in the budget month. See the table below for details:

| lf   | Then   |
|--|--|
| A full month's income will be received.          | The standard policy applies based on frequency of payment. See <u>MA604D</u> .   |
| Less than a full month's income will be received | All of the pay amounts that will be received<br>during the budget month are added<br>together to get the monthly amount. |

Definitions

| Term          | Definition   |
|---------------|--|
| Income period | • When all pay amounts for the budget month are known, the income period is the same as the budget month.  |
|               | • When all pay amounts for the budget month are not known, the income period is the last 30 days.  |
|               | NOTE When all pay amounts<br>for the budget month are not<br>known AND all pay amounts in<br>the last 30 days are unusual, the<br>income period can be extended<br>further back to include usual pay<br>amounts. |

Proof

Proof of an income change or unusual pay amounts can include one or more of the following:

- Data from state and federal hubs;
- Written or verbal statement from the employer;
- Written job offer that includes details about pay rate and frequency or amount;
- Written termination letter that includes details about the date and amount of the final pay;

• Telephone call to the employer or income source confirming the income change details.

### 605 Verifying Income

### 605 Verifying Income

Revised 02/25/2020

Policy

The customer's income and income of financially responsible relatives must be verified for most AHCCCS Medical Assistance (MA) programs.

1) Reasonable Compatibility

When verifying income for eligibility, the reasonable compatibility standard is used before asking the customer for additional proof. If the income reported by the customer is reasonably compatible with the income information found in the hub, the customer does not have to provide any further proof.

NOTE Reasonable compatibility is specific to income eligibility. It does not apply to determining an ALTCS customer's Share of Cost.

Income information is first collected from the Federal and State Data Services Hubs, if available, and compared to the income reported by the customer.

When the customer reports income that is over the income limits for AHCCCS Medical Assistance (MA), no further proof is needed.

| If the customer reports                   | And  | Then   |
|---|--|--|
| Total income below the MA<br>income limit | <ul> <li>Information was<br/>available for each reported<br/>income source from the<br/>hubs; and</li> </ul> | The information is<br>reasonably compatible and<br>considered verified. No<br>further proof is needed. |
|   | <ul> <li>The total is below the<br/>MA income limit</li> </ul>   |  |
|   | Information was not<br>available for each reported<br>income source from the<br>hubs                         | The customer must provide proof of income.   |
|   | The hubs show total income above the MA income limit   | The customer is asked<br>clarifying questions.   |
|   |  | When the answers do not account for the difference,  |

|           |   | the customer must provide proof of income.   |
|-----------|---|--|
| No income | There is no information available from the hubs | The customer must provide<br>information about how living<br>expenses are being met.                             |
|           | The hubs show current income information.       | <ul> <li>The customer must provide:</li> <li>Information about how living expenses are being met; and</li> </ul> |
|           |   | <ul> <li>If not already verified,<br/>proof that the income<br/>shown in the hubs has<br/>ended.</li> </ul>      |

See Examples - Reasonable Compatibility

### 2) Other Methods of Proof

When the reasonable compatibility method cannot be used (or if the customer must provide proof), income may be verified using one of the following methods:

| Method             | Description  |  |
|--------------------|--|--|
| Physical Evidence  | <ul> <li>Physical evidence includes:</li> <li>Electronic records;</li> <li>Award letters</li> <li>Check stubs;</li> <li>Signed contracts;</li> <li>Signed statements from the income source, including completed agency forms.</li> </ul>        |  |
| Collateral contact | Verbal statements to the eligibility worker from an employer<br>or income source providing details of the customer's<br>income. A collateral contact is generally made by<br>phone. The details of the collateral contact must be<br>documented. |  |

The proof should include at least the following items:

• Name of the income source (also address and phone number when possible);

- Name of the person receiving the income;
- Date paid;
- Gross amount of the income; and
- How often the income is received.

Written statements, completed agency forms, or collateral contacts need the additional information listed in the following table:

| If the proof is     | Then the additional information needed is  |
|---------------------|--|
| Signed statement    | Signature of the person providing the information; and                                 |
| Agency verification | • Date the statement or agency form was completed.                                     |
| Collateral contact  | • The name, title and phone number of the individual who provided the information; and |
|                     | Date of the collateral contact.  |

### 606 Types of Income

### 606 Types of Income

### Overview

There are many types of income within each category of income. Different policy applies to each type of income.

Income definitions, income types, treatment, proof, expenses and calculations are addressed individually in this section for each type of income.

NOTE The Freedom to Work (FTW) program does not consider any unearned income types when determining income eligibility. The unearned income types described in this section will not include FTW in how they are counted or in the legal authorities.

### A Adoption Assistance (Adoption Subsidy)

### A Adoption Assistance (Adoption Subsidy)

### Revised 07/17/2020

Policy

How adoption assistance payments are counted may depend on the funding source or if the payment is based on the person's needs.

A child receiving Title IV-E adoption assistance is automatically eligible for AHCCCS Medical Assistance (MA).

How adoption assistance payments are treated depends on the following:

| If the adoption assistance is                                   | Then the treatment is   |
|---|---|
| Title IV-E  | Since the child automatically gets MA   |
|   | (acute care) this income is only counted as   |
|   | unearned income to the child for the  |
|   | ALTCS share of cost and Child Allocation  |
|   | for SSI-MAO and MSP.  |
| Title IV-B or Title XX  | Excluded for all programs.  |
| Not Title IV-E, Title IV-B or Title XX and is based on need     | Excluded for all programs.  |
| Not Title IV-E, Title IV-B or Title XX and is NOT based on need | Counted as unearned income for:   |
|   | ALTCS   |
|   | • SSI-MAO   |
|   | • MSP   |
|   | NOTE Part of the payment may be<br>counted to the parent depending on the<br>purpose. |

### **H** Allocated Income

#### H Allocated Income

### Revised 02/03/2020

Policy

Allocated income is income provided by an ALTCS customer living in an institution or residential facility to a spouse living at home. This income amount is also called the Community Spouse Monthly Income Allowance (CSMIA) and is calculated during the ALTCS customer's "share of cost" determination. Because the CSMIA calculation is based on standards, the spouse living in the institution may not have enough income actually available to pay the full CSMIA amount calculated. So, while the amount of allocated income is never more than the calculated CSMIA, it may be less.

Since the allocated income is not court ordered, this income is treated as a gift to the spouse living at home following the policy at <u>MA606AA</u>.

NOTE Allocated income is only considered as income to the spouse at home when the ALTCS customer actually gives the income to the spouse.

When the ALTCS customer is giving the allocated amount to the spouse, it is treated as income to the spouse as shown in the table below:

| If the customer is eligible for | Then the treatment is       |

### O Child Support

#### O Child Support

#### Policy

Voluntary or court ordered payments made by a parent for the support of a child. Child support income is treated as follows:

| Programs Treat |                    | Treatment                  |
|----------------|--------------------|----------------------------|
| •              | ALTCS              | Counted as unearned income |
| •              | SSI-MAO            |                            |
| •              | MSP                |                            |
| •              | Caretaker Relative | Excluded                   |
| •              | Child              |                            |
| •              | Pregnant Woman     |                            |
| •              | Adult              |                            |
| •              | KidsCare           |                            |

Child support may be received:

- Directly from the absent parent;
- Through the court;
- Through a private collection agency; or
- From the Division of Child Support Services.

For the ALTCS, SSI-MAO and MSP programs, how child support is counted depends on the age of the child and who gets the payment. See the table below:

| f the child is | AND the child support is | Then the treatment is |
|----------------|--------------------------|-----------------------|
|----------------|--------------------------|-----------------------|

| Under age 18; or                   | Received by the child; or  | Counted as the child's income.                                |
|------------------------------------|--|---|
| Age 18 and still in high<br>school | Received by a parent or<br>responsible adult living with<br>the child  |   |
|                                    | Received by a parent or<br>responsible adult who is not<br>living with the child; and<br>Is not giving the payment to<br>the child | Counted as income for the person who is getting the payments. |
| Age 18 or older                    | Back payments (arrearages)<br>that are not given to the<br>adult child   | Counted as income for the person who is getting the payments. |
|                                    | Back payments that are given to the adult child  | Counted as the adult child's income.                          |

When a single support payment is made for more than one child, count the amount listed in the court documents for each child. If there is no court document or the document does not list an amount per child, the payment is divided equally for all the children for whom it is intended.

NOTE Private collection agencies may keep a percentage of the income as a collection fee. Count the entire gross amount. Do not deduct the amount that is kept by the collection agency

### **P** Clinical Trial Compensation

P Clinical Trial Compensation

Revised 01/07/2016

Policy

Clinical Trial Compensation is payment received for taking part in a clinical trial researching and testing treatment of rare diseases or conditions that meets all of the following:

- Has been reviewed and approved by an Institutional Review Boards (IRB);
- It involves research and testing of medical treatments; and
- It targets a rare disease or condition.

Clinical trial compensation is treated as follows:

| If the MA Program is  | Then the treatment is   |
|-----------------------|---|
| ALTCS                 | The first \$2,000 paid during a calendar<br>year is excluded. |
| • SSI-MAO             |   |
| • MSP                 |   |
| All other MA programs | Counted as unearned income.                                   |

NOTE Reimbursements for costs related to the clinical trial are not considered Clinical Trial Compensation. They are treated like any other reimbursement (<u>MA606.YY</u>)

Definitions

Definition

| Clinical Trial Compensation       | Income received for participation in a clinical trial researching and testing treatment of rare diseases or conditions as defined in Section 5(b)(2) of the "Orphan Drug Act". |
|-----------------------------------|--|
| Institutional Review Boards (IRB) | An IRB is a committee of persons<br>responsible for ensuring that a clinical trial<br>is ethical and protects the participants.  |
| Rare disease or condition         | Generally refers to any disease or condition that affects less than 200,000 people in the United States.   |

#### Proof

Proof that the income meets the requirements to exclude the first \$2,000 includes:

- The "informed consent form" from the clinical trial, which provides most of the information needed to determine whether the income exclusion applies.
- An official letter from the administrator of the clinical trial that provides all the relevant information of the informed consent in a summarized format.

Proof of the income amount and frequency of payment includes:

- Check stubs;
- Payment receipts;
- Informed consent form; and
- Other documents from the clinical trial administrator.

### **Q** Corporation

**Q** Corporation

Revised 10/24/2014

Policy

How income received from a corporation is counted depends how it is paid. The corporation may withhold taxes from the payments, the payments may be self-employment (no taxes withheld), or the payments may be interest or dividends.

NOTE A Limited Liability Company (LLC) may be self-employment or a corporation. If the LLC elected to be classified as a corporation by filing an Entity Classification Election, IRS Form 8832, it is a corporation. If the LLC has not filed an IRS Form 8832, it is a self-employment (see <u>MA606CCC</u>)

See the table below for details on how each kind of corporation income is counted:

| lf                                       | Then the income is                            |
|--|---|
| Taxes are withheld from the payments     | Wages (see <u>MA606.VVV</u> )                 |
| Taxes are not withheld from the payments | Self-Employment (see <u>MA606.CCC</u> )       |
| The payments are dividends               | Interest and Dividends (see <u>MA606.KK</u> ) |

NOTE S Corporations are required to report each person's share of profits on their tax forms (Schedule E) even if the corporation did not give the money to the person. Only the income actually received is counted.

#### Definitions

| Term        | Definition  |
|-------------|---|
| Corporation | A corporation is a legally registered group of people that<br>own a business. A corporation is considered a separate<br>entity from its owners. |

### Proof

|                         | See Taxable Disability Insurance Example   |

Definitions

| Term                          | Definition  |
|-------------------------------|---|
| Disability Insurance Payments | Payments from group or individual<br>insurance policies to help pay the living<br>expenses of a person who becomes<br>disabled. Group disability insurance<br>through employers is the most common<br>type. Short-term disability coverage<br>provides benefits for a specified length of<br>time. Long-term disability coverage may<br>provide benefits up to age 65, or normal<br>retirement age. |

#### Proof

Income is first obtained through the Federal and State Data Services Hubs. If needed, other proof includes:

- Letter from the agency providing the benefit;
- Copies of check stubs; or
- Collateral contact with the company providing the payment.

NOTE If counting the full benefit amount does not impact eligibility, specific proof of the taxable portion is not needed.

Legal Authority

This requirement applies to the following programs:

Effective until 2020-09-25

### **T** Disaster Assistance

#### T Disaster Assistance

Policy

Disaster assistance provided to victims of a presidentially declared disaster is excluded for all MA programs.

### Exception:

For MAGI groups, disaster assistance payments for unemployment assistance or to replace loss of income are counted as unearned income.

Federal program and agencies, joint Federal and State programs, State or local government programs, or private organizations may provide these payments.

#### Definitions

| Term | Definition  |
|------|---|
|      | Payments provided to victims of natural<br>disasters through the Federal Disaster<br>Relief Act or similar state or local<br>assistance programs. |

#### Proof

Because this income is excluded, only the source of the income is verified. Types of proof include, but are not limited to:

- Letter from the agency providing the benefit;
- Copies of check stubs; or
- Collateral contact with the agency providing the information.

Presidential declarations of disaster are public information and can be verified by newspapers, television, radio announcements or the Federal Register.

### EE Indian Payments Excluded Under Public Law

EE Indian Payments Excluded Under Public Law

Policy

Certain payments and income of American Indians and Alaska Natives are not counted when determining eligibility for Medical Assistance programs.

1) Excluded payments

Payments made to American Indian Tribes or groups under Public Laws. See the Definitions section of this policy for a list of these payments.

#### 2) Excluded income

Income derived from resources and usage rights that are excluded under federal law, including:

- Indian Land Lease or Royalty Payments
- Income earned from the sale of products gathered or harvested under federally protected rights or from land held in trust by the Tribe or Secretary of the Interior.
- Income earned from the lease or use of resources that have unique religious, spiritual, traditional, or cultural significance, or the sale of products gathered from the resource.
- Income earned from rights that support subsistence or a traditional lifestyle according to tribal law or custom.

See Indian Income from Protected Rights and Resources for examples of these income types.

## **TT Pension and Retirement Income**

TT Pension and Retirement Income

Revised 10/29/2019

Policy

How pension and retirement income is treated depends on the type of pension or retirement income. This section describes most pension and retirement income, as well as special types like Federal, Military and Railroad Retirement.

NOTE Military retirement is not the same as VA benefits based on disability or need. See <u>MA606.RRR</u> for VA benefits.

The table below describes how pension and retirement income is counted:

| If the payment is                         | And the program is | Then  |
|---|--------------------|---|
| Railroad Retirement                       | ALTCS              | Counted as unearned income  |
|   | SSI-MAO            |   |
|   | MSP                | NOTE Any part of the<br>pension paid to an ex-<br>spouse as community<br>property under a divorce<br>decree is not counted to<br>the retiree. |
|   | Adult              | The Tier I; Social     Security Equivalent  |
|   | Caretaker Relative | Benefit is counted in full<br>as unearned income.   |
|   | Pregnant Woman     |   |

### 3) Prorating Expenses

If the person rents out only a part of a property, expenses must be prorated to determine the amount that is for the rented part of the property. The following are examples of how expenses are prorated.

| Scenario            | Example   |
|---------------------|---|
| Multiple Residences | The customer owns a four-unit apartment<br>building. She lives in one unit and rents<br>the other three. Three quarters of the<br>allowable expense are deducted from the<br>gross rental income. |
| Rooms for Rent      | The customer rents one bedroom out of<br>her six-bedroom house. One-sixth of the<br>allowable expenses are deducted from the<br>gross rental income.  |
| Acreage             | The customer rents one acre of the five<br>acres of land she owns. One-fifth of the<br>allowable expenses may be deducted from<br>the gross rental income.  |

### **CCC Self-Employment**

CCC Self-Employment

Revised 01/10/2020

Policy

Income from self-employment minus allowable business expenses is counted as earned income for all programs.

### Exception:

Self-employment income of American Indians or Alaska Natives that is generated from property held in trust, subject to Federal restrictions or from federally protected rights is not counted as income. Review the policy at <u>MA606EE</u> to determine whether self-employment of American Indian or Alaska Native customers meets the policy requirements to be excluded.

When a self-employment business is owned by more than one person, the net income or loss is divided among the partners based on each one's share of the business. Income and expenses for the year are added up and divided by 12 to get a monthly amount.

NOTE If the self-employment was started during the current calendar year, the income and expenses are added up and divided by the number of months it has been in business to get a monthly amount.

### 1) Expenses

Whether a business expense is allowed or not depends on the program. The following expenses are allowed for all programs:

- Cost of stock and inventory;
- Cost of operating machinery or equipment;
- Rent for the business property;
- Taxes on the business property, such as real estate and vehicle taxes;

- Mortgage interest, vehicle loan interest, and interest on loans made to the business;
- Fire, theft, flood, or similar insurance, liability insurance, and contributions to industrial compensation and unemployment insurance;
- Wages paid to employees;
- Costs of employee benefits, such as health insurance, dependent care assistance, and life insurance;
- Business transportation, such as lease payments, license and registration, vehicle insurance, gas, oil, tires, repair costs, garage rent, tolls, parking;
- Advertising costs; and
- Utilities.

Other business expenses allowed for tax purposes are treated differently depending on the MA program. See the table below:

## 2) Expenses that Exceed Income

A business may report a net loss for the year. This is when the business' expenses are higher than the income earned. How a loss is treated depends on the MA program:

| If the program is Then a loss is treated as follows |                    | Then a loss is treated as follows  |

| Schedule K-1                                   | The Schedule K-1 reports each partner's share of business income and expenses. It also states what percent of the business the partner owns.   |  |

Proof

Proof of self-employment income includes:

The most recent tax return when the self-employment income is expected to be about the same for the current year. The Schedule C or Schedule C-EZ, and Schedule E or Schedule F can be used for proof of self-employment income and expenses.

NOTE If the current tax return shows that the self-employment was not in business for the whole year, it can still be used as proof when it reflects normal, ongoing income for the months it was in business.

If the person does not have a current tax return or the tax return does not reflect what they expect to make for the current year, proof of self-employment income and expenses must be provided for at least the last 30 days. If the self-employment fluctuates from month to month, the person must provide proof for additional months as needed to support their stated annual income. Proof of self-employment income and expenses include the following:

- Business bank account statements showing income deposited and business expenses paid. The business expenses must be clearly identified and separated from any personal expense amounts ;
- For expenses, receipts, bills and electronic payment histories;
- For income, invoices and statements from the source of the income;
- Collateral contacts with the self-employed person's customers to confirm income;
- Collateral contacts verifying expense amounts.

### **DDD Social Security Benefits**

**DDD Social Security Benefits** 

Revised 08/31/2017

Policy

These benefits are sometimes referred to as Retirement, Survivors, and Disability Insurance (RSDI) or Title II. Social security benefits are counted for all MA programs as unearned income. Ongoing benefits are paid monthly.

For back pay received as a lump sum see MA604.D.

For treatment of overpayments taken from the gross benefit see MA604.E.

1) Dual Entitlement

A person can be entitled to more than one benefit. This is called dual entitlement. When there is dual entitlement, the beneficiary receives the smaller benefit in full plus the difference between the larger and the smaller benefit. For example, a person may be entitled to payments both as a retired worker and as a spouse.

2) Annual Cost of Living Adjustment (COLA)

This policy applies to MSP and SSI-MAO only.

In years when there is a COLA increase, Social Security benefits are increased in January. The increase is not counted for SSI-MAO or MSP until the Federal Poverty Level changes are implemented, usually in April. The previous year's benefit amount is used for the month of January and ongoing until the month the FPL update put into effect.

3) Rounding Down Social Security Values

The SOLQI or WTPY may show a gross benefit that includes cents. Since SSA does not actually issue the cents, the benefit is rounded down to the next whole dollar to get the correct gross benefit.

### III Supplemental Security Income (SSI)

### III Supplemental Security Income (SSI)

### Revised 07/17/2020

Policy

Supplemental Security Income (SSI) Cash payments are treated as follows

| Programs   | Treatment   |
|--|---|
| <ul><li>ALTCS</li><li>SSI-MAO</li><li>MSP</li></ul>  | Since customers who get SSI Cash automatically<br>get MA (acute care), this income is only counted as<br>unearned income for the ALTCS share of cost and<br>child allocation for SSI-MAO and MSP. |
| <ul> <li>Caretaker Relative</li> <li>Child</li> <li>Pregnant Woman</li> <li>Adult</li> <li>KidsCare</li> </ul> | Excluded  |

Customers receiving SSI-Cash in Arizona are automatically eligible for MA Acute Care services and do not need to apply separately.

Customers who receive SSI-Cash and have free Medicare Part A are also automatically eligible for QMB without a separate application.

NOTE When an ALTCS customer receives SSI-Cash and lives in a nursing facility, no more than \$30 of the customer's SSI-Cash payment is counted.

### **MMM Trust Income**

### MMM Trust Income

Policy

For MAGI programs, only the income added to or earned by the trust is counted as income for the trust owner. Any amount distributed from the trust that is more than the income added or earned is considered paid from the trust principal and is a resource conversion, not income.

For the non-MAGI programs, how trust income is counted depends on the type of trust and the specific MA program.

- •□□For the ALTCS program, see Chapter 800.
- For SSI-MAO and MSP, see the table below for how to count trust income:

| If the trust type is                       | Then the treatment is  |
|--|--|
| Medicaid Qualifying Trust                  | Income assigned to the trust is counted in the month it would have been received by the customer.  |
| Testamentary trusts and non-grantor trusts | When the beneficiary cannot access the trust principal:  |
|  | <ul> <li>Any disbursements made directly to<br/>the beneficiary are counted as<br/>unearned income. Disbursements not<br/>issued directly to the beneficiary are<br/>not counted.</li> </ul>   |
|  | • When the beneficiary has a right to the income produced by the trust, it is counted as it becomes available, whether it is actually paid to the beneficiary or not. When the beneficiary has no right to the income produced by the trust it is not counted. |
| All other trust types                      | Count the higher of the following amounts as unearned income:  |
|  | Income received by the trust, except   |

| for interest earned by the trust, or  |
|---|
| <ul> <li>Disbursements from the trust directly<br/>to or for the benefit of the customer</li> </ul> |

#### Definitions

| Term  | Definition  |
|-------|---|
| Trust | Any arrangement where money or property<br>is entrusted to one or more persons with<br>the intent that it be used for the benefit of<br>someone else. See Chapter 800 for more<br>detailed information and definitions for<br>trusts. |

### PPP Uniform Transfer to Minors Act (UTMA)

Policy

For MAGI programs, a gift to a minor under the Uniform Transfer to Minors Act (UTMA is not counted as income. However, any interest or dividends earned by the UTMA account is counted as unearned income.

For the non-MAGI programs, how UTMA payments are counted depends on the type of payment and the age of the child. See the table below for details:

| If the child is | And the payment is  | Then the treatment is  |
|-----------------|---|--|
| ls under age 21 | A transfer to the child under<br>UTMA   | Excluded   |
|                 | Disbursements from an<br>UTMA account to the child  | Counted as unearned income.  |
|                 | Disbursements from an<br>UTMA account used to<br>make vendor payments on<br>behalf of the minor | Excluded.  |
| Reaches Age 21  |   | The value of the UTMA<br>account is counted as<br>unearned income in the<br>month of the child's 21st<br>birthday. |

### **RRR Veterans Administration (VA) Benefits**

### **RRR Veterans Administration (VA) Benefits**

### Revised 08/16/2019

Policy

The Veterans Administration (VA) has numerous programs providing payments to veterans and their dependents. The most common types of VA payments are detailed in this section, but this list does not include all possible VA benefit types.

NOTE VA benefits are not the same as military retirement pay. See <u>MA606TT</u> for military retirement pay.

For MAGI programs, VA benefits are excluded as income.

For the non-MAGI programs, how VA benefits are counted depends on the type of payment. See the table below for details:

| lf                      | Then the treatment is  |
|-------------------------|--|
| VA Compensation         | Counted as unearned income.  |
|                         | NOTE Compensation payments<br>made to a veteran, or the<br>veteran's spouse or child are<br>not based on<br>need. Compensation<br>payments made to the<br>parents of a veteran based<br>on a service-connected death<br>are based on need. |
| Increase for dependents | Excluded as income to the veteran.<br>Excluded as income to the veteran and the<br>dependent when paid directly to the<br>veteran who is NOT living with the<br>dependent.   |
|                         | Counted as unearned income to the  |

|  | dependent, the customer<br>must ask that the VA pay the<br>benefit directly to him or her.   |
| Increase for unusual medical expenses        | Excluded.  |
| VA Pension                                   | Counted as unearned income.  |
|  | NOTE Most VA pension payments<br>are based on need, except<br>for VA pension payments due<br>to a Medal of Honor or a<br>special act of Congress.  |
| VA Reduced Pension (\$90)                    | Excluded.  |
| Aid and Attendance and Housebound allowances | Excluded.  |
| VA Clothing allowance                        | Excluded.  |
| VA Caregivers Payments                       | Excluded as income to the veteran.   |
|  | Counted as unearned income to the caregiver.   |

#### Definitions

| Term  | Definition  |
|---|---|
| VA Aid and Attendance and Housebound<br>Allowance | An allowance paid to veterans, spouses of<br>disabled veterans and surviving spouses<br>who are in regular need of the aid and<br>attendance of another person or who are<br>housebound. Increases in VA benefits for<br>aid and attendance or housebound<br>allowances are included in the pension or<br>compensation payment. |

| VA Pension                                   | Payments made on the basis of a combination of service and an age of 65 or over, a non service-connected disability or death.  |
|--|--|
| VA Reduced Pension                           | The VA may reduce the VA benefit to a<br>maximum of \$90.00 per month for veterans<br>or surviving spouses of veterans who meet<br>all three of the following criteria:  |
|  | <ul> <li>Resides in a certified nursing facility<br/>other than the Arizona State Veteran<br/>Home;</li> </ul>   |
|  | <ul> <li>Is receiving ALTCS; and</li> </ul>  |
|  | Has no spouse or dependents.   |
| VA Clothing Allowance                        | A lump sum allowance is paid in August of<br>each year to a veteran with a service-<br>connected disability who uses a prosthetic<br>or orthopedic appliance, including a<br>wheelchair. The clothing allowance is<br>intended to help pay the increased cost of<br>clothing due to the wear and tear caused<br>by the appliances. |
| VA Increase for Dependents                   | A VA payment to a veteran or a veteran's<br>surviving spouse that is increased because<br>of a dependent. Pensions, compensation,<br>and educational benefits can all be<br>increased for dependents.  |
|  | • An augmented benefit, which includes a portion for the dependent, is issued as part of the veteran's or surviving spouse's payment.  |
|  | <ul> <li>Payment of the dependent's portion by<br/>a separate check directly to the<br/>dependent is an apportionment.</li> </ul>  |
| VA Increases for Unusual Medical<br>Expenses | The VA considers unusual medical<br>expenses when determining some needs-<br>based pension and compensation<br>payments.   |
|  | Unusual medical expenses may result in a   |

|                      | lump sum payment, an increase in the ongoing VA pension or compensation payment, or both.   |
|----------------------|---|
| VA Caregiver Payment | Payments made to a family member for<br>providing caregiver services to a veteran<br>who has:                                     |
|                      | <ul> <li>Been medically discharged from<br/>service;</li> </ul>   |

## 608 Income Deeming

### 608 Income Deeming

#### Overview

Income deeming is the process of considering another person's income to be available to a customer, whether or not that income is actually contributed to the customer.

Deeming applies to:

- Parental deeming; and
- Sponsored non-citizen deeming.

### A Parental Deeming

### A Parental Deeming

### Revised 06/08/2017

Policy

This policy only applies to the ALTCS Acute, SSI-MAO and MSP programs.

When determining eligibility for a child under the age of 18 who lives with one or more ineligible parents, a portion of the income of the ineligible parent or parents is deemed to be the income of the child.

NOTE Income is only deemed to the child for the net income test. Income is not deemed from a parent for the ALTCS gross income test.

Only counted income types are included when deeming income. Along with the income types listed as excluded in MA606, the following income types are also excluded when deeming income from an ineligible parent to a child:

• Income received by the ineligible parent that was counted to determine the amount of a public benefit based on need. Such benefits include Cash Assistance, Tuberculosis Control and payments based on need provided by the VA or the Refugee Act of 1980; and

• Income received by the ineligible parent from a Federal, State or local government program to provide the customer with chore, attendant or homemaker services.

When calculating the amount to be deemed to a customer-child from an ineligible parent, the following deductions may be allowed:

• A deduction for child support paid under the terms of a court order or as enforced by the Division of Child Support Services (<u>MA609.B.1</u>);

- The Student Earned Income Exclusion (MA609.B.2);
- Infrequent or Irregular Income Exclusion (<u>MA609.B.9</u>)
- Child allocations (MA609.B.8);
- The \$20 general deduction (MA609.B.3);
- The \$65 standard work expense (MA609.B.4);

- Impairment Related Work Expenses (MA609.B.5);
- One-half remaining earned income deduction (MA609.B.6); or
- Blind Work Expenses (MA609.B.7).

### **B** Sponsored Non-Citizen Deeming

#### **B** Sponsored NonCitizen Deeming

#### Revised 02/03/2020

Policy

NonCitizens lawfully admitted into the United States for permanent residence under the Immigration and Nationality Act are qualified aliens. Some of these Lawful Permanent Residents (LPR) are sponsored by others who are responsible for their support.

A part of the sponsor's income may need to be deemed to an LPR customer when determining eligibility. If the sponsor is married and lives with his or her spouse, the spouse's income is also deemed. If the sponsor's income must be deemed, the deemed income is counted in determining:

- Income eligibility;
- ALTCS Share of Cost (SOC); and
- Premiums.

Income deemed from a sponsor is only counted toward the LPR. It is not counted for the LPR's spouse, children, or any other budget group member.

NOTE Sponsor deeming is not applied if the sponsor and the LPR customer are in the same budget group. For example, the LPR's husband is her sponsor and they live together.

1) NonCitizens Subject to Sponsor Deeming Rules

The sponsor deeming rules apply only to customers who:

- Are Lawful Permanent Residents (LPRs);
- Are eligible for full AHCCCS Medical Assistance services.;
- Were granted LPR status on or after December 19, 1997;
- The sponsor signed a USCIS-864, Affidavit of Support.
- NOTE If the sponsor signed any affidavit of support other than the USCIS-864, sponsor deeming does not apply.
- 2) NonCitizens NOT Subject to Sponsor Deeming

Customers who are Lawful Permanent Residents (LPRs) are not subject to the sponsor deeming rules when the LPR:

• Immigration status was adjusted to LPR from a status of refugee or asylee. Persons who adjusted from these classifications are exempt from sponsor deeming, even if they have sponsors;

- Qualifies only for Federal Emergency Services (FES);
- Is indigent;
- Is a victim of domestic violence or extreme cruelty; or
- Has 40 qualified quarters of coverage based on earnings.
- 3) When Does Sponsor Deeming Stop?

The sponsor deeming requirement stops when:

- The sponsor dies;
- The customer becomes a naturalized U.S. citizen; or
- The customer qualifies for an exemption:
  - o Becomes indigent;
  - o Becomes the victim of battery or extreme cruelty; or
  - o Can be credited with 40 qualifying quarters of coverage.
- 4) Sponsored Deeming Exception for Indigent Customers

A customer is indigent when the total income for the customer's budget group is less than or equal to 100% of the FPL for the size of the income group. The value of in-kind support, vendor payments, and contributions provided to the customer in cash or for food, clothing, shelter or utilities are included in the total income.

### Exception:

A customer is indigent only when he or she is unable to obtain food and shelter, therefore the customer is not indigent when:

• The customer is living with his or her sponsor. Assume that the sponsor is providing food and shelter and meeting the customer's food and shelter needs; or

• The customer is not living with his or her sponsor but is receiving free room and board.

If the customer is determined to be indigent, the sponsor's income and resources are not deemed to the customer for 12 months beginning with the application month. Only the amount of cash actually provided by the sponsor to the customer is counted. The customer must be determined indigent at renewal to continue to qualify for the sponsor deeming exception.

5) Sponsored NonCitizen Deeming Exception for Victims of Domestic Violence and Extreme Cruelty

Sponsor deeming does not apply (even when a sponsor has completed the I-864 Affidavit of Support) when a customer with Lawful Permanent Resident status is:

- A victim of domestic violence or extreme cruelty;
- The parent of a battered child; or
- The child of a battered parent.

All of the following must be met for the customer to qualify for the exemption:

- The abuser was the spouse or parent or other family member of the victim;
- The abuser was residing in the same household as the victim when the abuse occurred;
- The abuse occurred in the United States;
- The customer did not participate in the battery or cruelty; and
- The victim does not currently live with the abuser.

The exemption applies for a period of 12 months and must be re-verified at renewal.

6) Sponsor Deeming Exemption Due to Forty Qualifying Quarters of Work

When a sponsored LPR has 40 qualifying quarters of work credit, sponsor deeming does not apply.

A person can earn up to four qualifying quarters each year; one for each calendar quarter of the year. The income must have been earned in the U.S. or a U.S. territory by a U.S. citizen or a noncitizen authorized to work in the U.S. Any of the following can be used toward the customer's 40 quarters:

- Quarters that the customer worked;
- Quarters worked by the customer's spouse during their marriage, even if the spouse is deceased.
- NOTE The spouse's quarters cannot be used if the customer and spouse are divorced.
  - Quarters worked by the customer's parents while the customer was under age 18.

### Exception:

Beginning January 1, 1997, any quarter in which the wage-earner received a federal means-tested benefit cannot be counted as a qualifying quarter.

A person cannot get credit for future quarters. For the current year, credit can only be given for the current and past quarters, even if enough income has been earned to cover all four quarters.

Example - Counting Only Current and Past Quarters

A chart of the earnings needed by year to get credit for a qualifying quarter is available at <u>https://www.ssa.gov/oact/cola/QC.html#qcseries</u>

### 7) Deeming the Sponsor's Income

Deemed income is unearned income to the customer. The sponsor's income is deemed only to the person named on the Affidavit of Support. When the sponsor's income is deemed, actual cash contributions from the sponsor are not counted as income to the customer.

A person may sponsor more than one noncitizen. Similarly, a noncitizen may be sponsored more than one person. See the following table for treatment of multiple deeming situations:

| lf | Then   |
|----|--|
|    | The deeming rules are applied separately<br>to the income of each sponsor. Then the<br>amounts deemed from the sponsors are<br>added together to get the total deemed<br>income counted to the noncitizen. |

| groups  | The sponsor deeming rules are applied as<br>if each noncitizen were the only one<br>sponsored. The deemed income is<br>counted in full to each noncitizen. The<br>sponsor's income is not divided among the<br>noncitizens. |
|---|---|
| A person sponsors more than one person in the same income group | The deemed amount is counted only once.   |

Deeming Calculation:

Use the steps below to determine the income amount deemed to the customer:

| Step | Action   |
|------|--|
| 1    | <ul> <li>Add up the total gross income of:</li> <li>The sponsor; and</li> <li>The sponsor's spouse (if the sponsor and spouse are living together).</li> </ul>   |
| 2    | <ul> <li>Subtract 100% of the FPL for the sponsor's family size (MA615). Include the following people living with the sponsor in the family size: <ul> <li>The sponsor;</li> <li>The sponsor's spouse;</li> <li>The sponsor's dependent children; and</li> <li>The sponsor's spouse's dependent children.</li> </ul> </li> </ul> |
| 3    | The result is the amount of income deemed to the customer from the sponsor.  |

| Lag Quarters                               | Lag quarters are current year or preceding year's earnings that are not yet displayed in the SSA earnings record.   |

Proof

Proof of being sponsored:

In most cases, sponsorship is verified through the United States Citizenship and Immigration Services (USCIS) SAVE Verification Information System (VIS).

Proof of sponsorship is not needed when the customer became an LPR before 12/19/1997, or is exempt from sponsor deeming.

Affidavit of Support Form I-864, this form is accepted as proof of sponsorship. If the customer has any other Affidavit of Support Form, sponsor deeming does not apply.

Proof of Domestic Violence or Extreme Cruelty

The following documents are accepted to verify that the customer is a victim or the parent or child of a victim:

| Туре   | Description  |
|--|--|
| Petition for Ameriasian, Widow or Special<br>Immigrant (I-360) | The I-360 verifies that the noncitizen filed a petition with USCIS to establish that they are victims of battery or extreme cruelty.   |
| USCIS Form I-797   | The I-797 Form indicates USCIS approval of the I-360 petition.   |
| Other evidence   | Because of the nature of abusive<br>relationships, noncitizens may not have<br>copies of USCIS Forms that they have<br>filed.  |

Proof of Qualifying Quarters

The following documentation is accepted as proof when determining qualifying quarters:

• Social Security records showing qualifying quarters earned;

NOTE Social Security records may not include the most current qualifying quarters.

- Pay stubs;
- W-2 forms;
- Statements from employers; and
- Copy of a Federal or State tax return;
- Timely filed self-employment tax forms; or
- Union records

Proof of the Sponsor's Income:

When sponsor deeming applies, the customer must provide proof of income for:

- The sponsor; and
- If living with the sponsor, the sponsor's spouse.

See <u>MA606</u> for proof of income by income type.

## 609 Income Deductions

### 609 Income Deductions

For some AHCCCS Medical Assistance (MA) programs, certain expenses may be deducted to determine the amount of income used for determining a customer's:

- Eligibility;
- Share of cost; and
- Premium amount.

The deductions and amounts vary by program.

### A Costs Required to Obtain Income

A Costs Required to Obtain Income

Revised 01/01/2018

Policy

This policy applies ONLY to the following MA programs:

- ALTCS;
- SSI-MAO;
- AHCCCS Freedom to Work (FTW); and
- Medicare Savings Program (MSP).

Some expenses that a person must pay to get a type of income can be deducted from the gross income amount.

NOTE These expenses may be allowed even if incurred or paid in a month before the income was received.

Allowable expenses include:

- Attorney fees and court costs;
- Filing fees;
- Fees for birth or death certificates;
- Medical fees;
- Guardian fees;
- Fees for converting foreign money to U.S. dollars (USD);

- Rents; and
- Contract expenses.
  - NOTE If the person pays a fee, but could have gotten the income whether the fee was paid or not, the expense is not allowed.

The expense is deducted from the first and any following payments of the related income until all expenses are fully deducted.

NOTE Always use the gross amount of USD when determining eligibility and entering amounts into the system. The gross amount of income paid in foreign money can be converted to USD using the online calculator at <u>http://www.xe.com/currencyconverter/</u>.

### **B** Income Deductions for Non-MAGI Programs

B Income Deductions for Non-MAGI Programs

### Revised 07/17/2020

Policy

For the Non-MAGI programs, certain expenses may be deducted from gross income to determine the amount of income to count. The deductions in this section apply ONLY to the following MA programs:

- ALTCS Acute;
- SSI-MAO;
- AHCCCS Freedom to Work (FTW); and
- Medicare Savings Program (MSP).
- 1) Child Support Deductions

There are two different child support deductions:

• A deduction from child support income received by a child.

• A deduction for child support paid by an ineligible parent to a child who is not the in the home.

| Deduct | When   |
|--------|--|
|        | Determining the child's countable income for MA eligibility.                         |
|        | Determining the amount of an ineligible parent's income to deem to a customer child. |

#### 2) Student Earned Income Exclusion

The student earned income exclusion is deducted from the earned income of a person who is considered a student. To qualify for the student earned income exclusion, the person must:

• Be under age 22; and

• A part-time or full-time student regularly attending a school (includes accredited online school or homeschool) for grades 7 - 12, college, university or a course of vocational or technical training designed to prepare for gainful employment.

NOTE The person remains a student during a school vacation if he or she intends to return when classes resume.

If the customer qualifies for the income exclusion, the following is deducted from the customer's earned income:

| For calendar year: | A monthly amount of no more than: | With a total limit per<br>calendar year of: |
|--------------------|-----------------------------------|---|
| 2016               | \$1780                            | \$7180                                      |
| 2017               | \$1790                            | \$7200                                      |
| 2018               | \$1820                            | \$7350                                      |
| 2019               | \$1870                            | \$7550                                      |
| 2020               | \$1900                            | \$7670                                      |

### 3) General Income Deduction

The general income deduction of \$20 can be deducted from any earned or unearned income that is not based on need. The deduction is taken from unearned income first. Any amount remaining is then applied to earned income.

The \$20 General Deduction is not deducted from any payment based on need:

### 4) Standard Work Expense Deduction

The standard work expense deduction is \$65.00. The \$65.00 is deducted from earned income remaining after previous deductions.

The work expense deduction is applied to the counted earned income of:

- An individual customer;
- A couple, when one or both spouses are the customer, even when both spouses have earned income; and

• An ineligible parent of a customer child when deeming the parent's income.

### 5) Impairment Related Work Expenses (IRWE)

A person may get a deduction for the reasonable cost of certain impairment-related services and items that a disabled person needs in order to work.

To qualify for the IRWE deduction, the person

- must be under age 65 and have been determined disabled (but not blind), or
- Received SSI as a disabled person for the month before the month he or she reached age 65.

To get a deduction for these costs the person must actually pay for the items or services. A deduction cannot be given for costs covered by insurance, paid by another person, or that were paid for in-kind instead of with money.

The table below lists services and items that qualify for an IRWE deduction IF they are necessary for the person to be able to work:

| Payment is for          | Description   |
|-------------------------|---|
| Attendant care services | <ul> <li>Help with personal functions like<br/>bathing, dressing and taking medications<br/>to get ready for work.</li> <li>Help traveling to and from work, help<br/>at work with personal functions like eating<br/>or toileting, or help with work related<br/>functions like reading or communicating.</li> <li>Costs for a family member to provide<br/>attendant care is only allowed if the family<br/>member has to reduce work hours or stop<br/>work for another employer to provide the<br/>services, and loses income.</li> </ul> |
|                         | NOTE Only the costs for attendant care services specifically related to enabling the person to work can be deducted.  |
| Medical devices         | Durable medical equipment made for<br>repeated use and is normally used for<br>medical purposes. Examples include<br>wheelchairs, hemodialysis equipment,   |

|                             | canes, crutches, and artificial limbs (prosthetic devices).   |
|-----------------------------|---|
| Equipment                   | Costs for special equipment needed for the<br>person to do his job. Examples of special<br>equipment include one hand typewriters,<br>telecommunication devices for the deaf,<br>and other tools designed to accommodate<br>a person's impairments.   |
|                             | Equipment not normally used for medical<br>purposes is only deductible if there is<br>medically verified need for the item to<br>control the impairment and enable the<br>person to work. If the item was not<br>available it would immediately affect the<br>person's ability to work. For example, an<br>electric air cleaner is deductible for a<br>person with severe respiratory disease,<br>who cannot function in a non purified air<br>environment. |
|                             | NOTE Any cost deducted as a<br>business expense for the<br>self-employed in the<br>eligibility determination<br>process cannot be deducted<br>as an IRWE.   |
| Drugs and medical services  | Payments made for drugs or medical services, including diagnostic procedures, needed to treat or control an impairment.   |
| Other supplies and services | <ul> <li>Medical supplies like incontinence<br/>pads, catheters, bandages, elastic<br/>stockings, and face masks.</li> <li>Physical and occupational therapy.</li> </ul>  |
| Transportation costs        | Deductible transportation costs depend on<br>whether public transportation is available to<br>the person, and whether the person is able<br>to use available public transportation.   |
|                             | If the person's impairment does not<br>prevent him or her from using public<br>transportation and it is available, no<br>deduction is allowed for transportation<br>costs.  |

|   | <ul> <li>If public transportation is not available or the person's impairment prevents him or her from using public transportation, the following costs may be deducted: <ul> <li>If the person must use their own vehicle to get to and from work, a mileage allowance for the trip to and from work is deductible. The current IRS mileage rate for business miles is used to calculate the deduction.</li> <li>Modifications to a vehicle to allow the person to get to and from work. The modifications must be necessary for the person to use the vehicle and directly related to the person's impairment. Only the costs of the modifications are deductible; not the cost of the vehicle.</li> <li>When the person must have someone else drive them to work, the costs of taxicabs or other hired vehicles is deductible. | Home modifications                                      | <ul> <li>The location of the person's place of work determines which modifications to the home are deductible.</li> <li>When employed outside the home, only the cost of changes to the exterior to allow the person to get to his means of transportation are allowed. Example: an exterior wheelchair ramp.</li> <li>When employed at home, the costs of modifying the inside of the person's home to create a working space are deductible, but only to the extent that the changes are specifically to the space in which the person actually works. Example: enlarging the doorway into the work space for wheelchair access.</li> </ul>   |
| Installing, maintaining, and repairing deductible items | When a device, equipment, or appliance<br>would qualify as a deductible item as<br>described in the list above, the costs   |

See How to Apply the Impairment Related Work Expense (IRWE) Deduction for details.

### 6) One-Half Work Expense Deduction

For eligibility determined using the FBR test, one-half of the remaining earned income can be deducted after the previous deductions are applied.

NOTE MSP also receives the one-half work expense deduction, despite using the FPL test.

### 7) Blind Work Expenses (BWE)

Ordinary and necessary expenses related to earning income can be deducted from the earned income of a person who is blind. Expenses paid by someone else are not deductible. The person must pay the expense.

To qualify for a BWE deduction, the person:

- must be under age 65 and determined blind (but not disabled), or
- Received SSI as a blind person for the month before the month he or she reached age 65.

Expenses are deductible only in the month in which they are paid, and cannot be more than the person's total earned income for any month. Unused expenses cannot be carried over to another month. Ordinary and necessary expenses reasonably necessary for the earning of income are deductible.

The expense does not need to be directly related to the person's blindness, it need only be an expense related to working. There are three major categories of expenses.

The following are some examples of types of expenses:

| Type of Expense                 | Type of Expense Includes   |
|---------------------------------|--|
| Transportation to and from work | <ul> <li>Bus or cab fare;</li> <li>Guide dog, including upkeep; and</li> <li>Private vehicle mileage at IRS</li> </ul> |

|                                 | business miles rate.   |
|---------------------------------|--|
| Job performance and improvement | <ul> <li>Braille instruction, equipment and translation;</li> <li>Other work-related instruction or training, like computer training or stenotype instruction;</li> <li>Child care costs;</li> <li>Equipment and tools needed on the job;</li> <li>Licenses;</li> <li>Meals consumed at work;</li> <li>Work-related professional association dues or union dues;</li> <li>Durable medical equipment, like prosthetics or wheelchairs;</li> <li>Income taxes;</li> <li>Uniforms, including upkeep;</li> </ul> |

Daily living expenses are not work related and cannot be deducted. The following are some examples (but by no means all) of daily living expenses:

- Food;
- Personal care (haircuts, etc.);
- General educational development; and
- Life insurance.

### 8) Child Allocations

A person may get a deduction from income to account for the needs of their dependent child in the home. The child allocation deduction considers the financial responsibility of a parent to his or her child, when the child is not the customer.

The child allocation is calculated and applied to the income group members as follows:

| lf   | Then  |
|--|---|
| The customer is living with his or her child or step-child, including a spouse's step- | A child allocation amount is calculated for each child and the total is deducted from |

| child      | the combined income of the customer and spouse.   |
|------------|---|
| <b>o</b> , | A child allocation amount is calculated for<br>each child other than the customer and the<br>total is deducted from the income of the<br>ineligible parent when deeming the<br>parent's income to the customer child. |

#### Maximum Child Allocation Standards:

|                             |          |          | Effective 1/1/20 to 12/31/20 |
|-----------------------------|----------|----------|------------------------------|
| Maximum Child<br>Allocation | \$376.00 | \$386.00 | \$392.00                     |

#### How to Calculate the Child Allocation:

The child allocation is determined by subtracting the child's counted income from the Maximum Child Allocation Amount. A child's income must be verified in order to deduct a child allocation.

NOTE Since the child automatically gets MA (acute care), SSI payments and Title IV-E Adoption Assistance are only countable income for the Child Allocation.

The child allocation is calculated as follows:

| Step | Action                                     |
|------|--|
| 1    | Counted earned income of the child         |
|      | - Student earned income deduction (if any) |
|      | = Net earned income.                       |
| 2    | Counted unearned income of the child       |
|      | + Net earned income                        |
|      | = Total net income.                        |
| 3    | Maximum child allocation                   |
|      | <u>- Total net income</u>                  |

|   | = Child allocation (if a negative number results, the deduction is zero). |
|---|---|
| 4 | Total the individual allocations of each child.                           |

#### 9) Infrequent or Irregular Income Exclusion

Unearned Income

The first \$60 of unearned income that is received infrequently or irregularly in a calendar quarter is excluded.

#### Earned Income

The first \$30 of earned income that is received infrequently or irregularly in a calendar quarter is excluded.

The infrequent or irregular exclusion is not applied to an income type if another exclusion has already been applied.

NOTE Earned and unearned exclusions are determined separately, but both may be applied during the same month. As much as \$90.00 can be excluded in a calendar quarter.

| Term                      | Definition  |
|---------------------------|---|
| Ineligible parent         | A natural or adoptive parent, or stepparent who is NOT receiving SSI-Cash, ALTCS, Freedom to Work, MSP or SSI-MAO.  |
| Regular Attendance        | <ul> <li>Regular attendance means that the individual takes one or more courses of study and attends classes:</li> <li>In a college or university for at least 8 hours a week under a semester or quarter system;</li> <li>In grades 7-12 for at least 12 hours a week and taking standard academic or vocational courses;</li> <li>In a course of study to prepare him for gainful employment for at least 15 hours a week if the course involves shop practice, or 12 hours a week if it does not involve shop practice.</li> </ul> |
| Payments Based on<br>Need | The person must demonstrate financial need to qualify for the payment.  |
| Available public          | Public transportation is considered available only if it is within a  |

| transportation    | reasonable distance of the individual's place of work and that it runs when the person needs it.   |  |
|-------------------|--|--|
| Child             | <ul> <li>Means a person who:</li> <li>Is not married (including divorced); and</li> <li>Is under age 18; or</li> <li>For child allocation deductions only, is under age 22 and is a student regularly attending a school, college or university, or a course of vocational or technical training to prepare for gainful employment (MA610).</li> </ul> |  |
| Ineligible Parent | A natural or adoptive parent or stepparent who is NOT receiving SSI-Cash benefits, ALTCS, Freedom to Work, MSP or SSI-MAO.   |  |
| Infrequent income | Income that is received no more than once in a calendar<br>quarter from a single source (e.g., a cash gift received from the<br>customer's adult son every six months to help the customer<br>pay his living expenses).  |  |
| Irregular income  | Income that cannot reasonably be expected to be received because it is not paid on a scheduling or is unpredictable so that it cannot be counted on or budgeted for.   |  |

#### Proof

Federal and State Data Services Hubs are checked first for proof. If proof is not available, or more proof is needed to see if the person qualifies for a deduction, other items that can be used for proof are listed under each type of information:

#### Proof of child support received or paid:

Proof of child support income includes:

- Court documents;
- Division of Child Support Services (DCSS) documents;
- For child support income received, a signed statement from the absent parent; or
- Collateral contact with the DCSS.

#### Proof of student status

Proof of student status and school attendance includes:

- A Request for Verification of School Attendance form (DE-208) completed by the school;
- School records;
- Collateral contact with the school or program.

#### Proof of work expenses (for IRWE and BWE)

- Receipts;
- Bills;
- Employer statements;
- Any evidence that indicates:
  - The nature of the expense;
  - Payment of the expense; and
  - Date payment was made.

NOTE The customer's statement of transportation expenses and meals may be accepted without proof if they are reasonable.

#### Programs and Legal Authorities

This requirement applies to the following programs:

| Program                        | Legal Authorities  |
|--------------------------------|--------------------|
| ALTCS Acute                    | 20 CFR 416.1112(c) |
| SSI-MAO                        | 20 CFR 416.1124(c) |
| Medicare Savings Program (MSP) | 20 CFR 416.1166(b) |

#### **C** Income Deductions for MAGI Programs

#### C Income Deductions for MAGI Programs

#### Revised 05/13/2020

#### Policy

For the programs that use Modified Adjusted Gross Income rules for income eligibility, certain expenses may be deducted from gross income to determine the amount of income to count. The deductions in this section apply ONLY to the following MA programs:

- Caretaker Relative;
- Pregnant Woman;
- Child;
- Adult; and
- KidsCare.

There are three types of deductions for the MAGI programs:

| Deduction type              | Description   |
|-----------------------------|---|
| income                      | Deductions taken from income before taxes are<br>deducted. Common pre-tax deductions include<br>deductions for health insurance premiums, contributions<br>to 401(k) retirement plans, and life insurance premiums. |
| Adjustments to gross income | Expenses and adjustments allowed for tax purposes to determine Adjusted Gross Income (AGI) are also allowed when determining income eligibility using MAGI rules.   |
| MAGI 5% FPL Disregard       | A deduction equal to 5% of the Federal Poverty Level (FPL) for the size of the income group.  |

# NOTE Pre-tax deductions and adjustments to gross income that occur more or less often than monthly are budgeted the same way as income for MAGI programs. See the table in <u>MA604D</u> for details.

#### 1) Pre-tax Deductions from Gross Income

Verified deductions taken out of a person's income before taxes are allowed as a deduction from income for eligibility. The amount and the fact that it was taken out before taxes must be verified.

#### 2) Adjustments to Gross Income:

While proof of the expense or cost must be provided, the person does NOT have to file a tax return to get the deduction. Only "adjustments from gross income" are allowed as a deduction. While there are other credits and deductions allowed when filing a tax return, they are not allowed as a deduction from income. The following table gives an overview of each adjustment to gross income that may be allowed for MA:

NOTE The table does NOT include all of the IRS requirements for each adjustment. See IRS Publication 17 for full list of the requirements for each adjustment at <a href="http://www.irs.gov/publications/p17/index.html">http://www.irs.gov/publications/p17/index.html</a>

| Adjustment type   | Description   |
|---|---|
| Educator Expenses   | Eligible educators can deduct up to \$250 of qualified<br>expenses paid in the taxable year. The maximum<br>deduction is \$500 for spouses who are both educators<br>and filing jointly.  |
| Business Expenses of<br>Reservists, Performing Artists<br>and Fee-Basis Government<br>Officials | <ul> <li>These expenses include:</li> <li>Certain business expenses of National Guard and reserve members who traveled more than 100 miles from home to perform services as a National Guard or reserve member;</li> <li>Performing arts-related expenses as a qualified performing artist; and</li> <li>Business expenses of fee-basis state or local government officials.</li> </ul> |
| Health Savings Account<br>Deduction   | A deduction for contributions made from a person's income to a qualified HSA during the year.   |
| Moving Expenses   | For members of the Armed Forces, the costs of moving<br>as a result of military orders. The new work site must be<br>at least 50 miles further from the person's old home than<br>the old home was from the former workplace.   |

| Deductible Part of Self-<br>Employment Tax    | A deduction for the employer-equivalent portion of self-<br>employment tax.  |
|---|--|
| Self-Employed SEP, SIMPLE and Qualified Plans | A deduction for contributions to a qualified retirement plan for the self-employed and clergy members.   |
| Self-Employed Health<br>Insurance Deductions  | A deduction for the amount paid a self-employed person<br>paid for health insurance for him or herself, spouse and<br>dependents.  |
| Penalty on Early Withdrawal<br>of Savings     | A deduction for penalties paid for early withdrawal of savings from certain financial accounts.  |
| Alimony Paid                                  | <ul> <li>A deduction for payments to or on behalf of a spouse or former spouse under a spousal support agreement only when they meet both of the following conditions:</li> <li>Created on or before 12/31/2018; and</li> <li>Has not been modified after 12/31/2018 to specifically state that the Tax Cuts and Jobs Act treatment of spousal support now applies.</li> </ul>   |
| IRA Deduction                                 | Contributions made to a traditional IRA during the taxable year may be deducted. The person must have earnings in the year to qualify for the deduction.   |
| Student Loan Interest<br>Deduction            | <ul> <li>A person may take this deduction if all of the following apply:</li> <li>The person paid interest in the taxable year on a qualified student loan;</li> <li>The person is not married filing separately;</li> <li>The person's modified adjusted gross income is less than \$75,000 if single, head of household or qualified widow(er), or \$155,000 if married filing jointly; and</li> <li>The person is not claimed as a dependent on someone else's tax return.</li> </ul> |

#### 3) MAGI 5% FPL Disregard:

A customer may qualify for more than one MAGI program. When the customer's counted income is too high to qualify for the MAGI program with the highest income limit, a deduction equal to 5% of the FPL is given.

The following table lists the MAGI 5% FPL Disregard by budget group size:

| Number of people in the | 5% Disregard Amount | 5% Disregard Amount |
|-------------------------|---------------------|---------------------|
| Budget Group            | Effective 2/1/2019  | Effective 2/1/2020  |

| 1                                | \$53  | \$54  |
|----------------------------------|-------|-------|
| 2                                | \$71  | \$72  |

### 610 How to Calculate Income Eligibility for ALTCS

#### A Gross Income Test

A Gross Income Test

Revised 04/14/2016

Policy

The gross test means the gross counted income, minus any costs required to obtain the income described at <u>MA609</u>.A is used to determine the income eligibility.

| If the customer | Then  |
|-----------------|---|
|                 | Only the customer's counted income is used for the gross test.          |
| 5 1             | Both the customer's and the spouse's income is used for the gross test. |

1) Gross Income Test Calculation (Non-Community Spouse)

Follow the steps below to calculate income eligibility using the gross income test for a non-community spouse case:

| Step | Action  |
|------|---|
| 1    | The countable unearned income and countable earned income of the customer received in the control date are totaled. |
| 2    | The total is compared to the limit of 300% of the FBR.  |
|      | The customer passes the income test if the income is less than or equal to the income limit.                        |

See Example - ALTCS Gross Test - Non-Community Spouse

2) Gross Income Test Calculation (Community Spouse)

This section describes how to calculate income eligibility for ALTCS using the gross test when the customer has a community spouse.

NOTE If the customer refuses HCBS, community spouse policy is not applicable. The net income test is used to determine eligibility.

Income eligibility for community spouse cases is determined by using one of the following budgeting rules:

| Rule                     | Overview  |  |
|--------------------------|---|--|
| Community Property Rules | One-half of the couple's total countable income is counted for the customer.  |  |
| Name-on-Check Rules      | Only the income that is in the customer's<br>name or that the customer has ownership<br>rights to is counted as income to the<br>customer.<br>NOTE This is used only when the<br>customer is not eligible using the |  |
|                          | community property calculation.   |  |

Calculation Using Community Property Rules:

| Step | Action  |
|------|---|
| 1    | The gross countable unearned income of both spouses is combined.  |
| 2    | The gross countable earned income of both spouses is combined.  |
| 3    | The combined gross countable unearned<br>income from Step 1 and the combined<br>gross countable earned income from Step<br>2 are totaled. |
| 4    | The total calculated from Step 3 is divided by two.   |
| 5    | The result from Step 4 is compared to 300% of the FBR:  |
|      | The customer passes the income test if the income is less than or equal to the income limit.  |

See Example - Community Property Rules Calculation

#### Calculation Using Name-on-Check Rules

The steps below are used to calculate income eligibility using name-on-check rules:

| Step | Action   |
|------|--|
| 1    | The countable unearned income and countable earned income owned by the customer are totaled. |
| 2    | This amount is compared to 300% of the FBR.  |
|      | The customer passes the income test if the income is less than or equal to the income limit. |

See Examples – Name on Check rules

#### Important:

For the name-on-check rules, ownership of the income must be determined:

| If income is paid | AND payment is made   | Then  |
|-------------------|---|---|
|                   | In only one spouse's name   | The income is considered<br>available to the person in<br>whose name payment is<br>made, unless another<br>instrument specifies other<br>ownership rights to the<br>income. |
|                   | In the names of both<br>spouses   | One half of the income is<br>considered available to each<br>spouse, unless another<br>instrument specifies other<br>ownership rights to the<br>income.                     |
|                   | In the names of the<br>customer, the spouse or<br>both, and to another person | The income is considered<br>available to each spouse in<br>proportion with the spouse's   |

|                    |     | interest as shown by the instrument.   |
|--------------------|-----|--|
| With no instrument | N/A | One-half of the income is considered available to the each spouse.   |
|                    |     | NOTE When the<br>customer disagrees with<br>having the income split<br>evenly, it can be split<br>differently when there is<br>proof that the amount or<br>percent of the income<br>owned by each spouse is<br>not one-half. |

See Examples – Income Ownership

#### **B Net Income Test**

B Net Income Test

Revised 07/13/2018

Policy

The net test means the gross counted income, minus any allowable deductions described in <u>MA609.A</u> and <u>MA609.B</u> is used to determine the customer's income eligibility.

The income standard for the net income test is 100% of the Federal Benefit Rate (FBR) for either an individual or a couple, whichever is applicable (see <u>MA615.1</u>)

1) Net Income Calculation for the Customer Only

The following actions are taken to determine income eligibility when the customer is:

- Single; or
- Under age 18, unmarried and parental deeming does not apply because the child does not live with an ineligible parent; or
- Is married and does not live with the spouse or the legal spouse is in a medical institution.

The steps below are used to calculate income eligibility using the net income test:

| Step | Action  |
|------|---|
| 1    | To calculate the net unearned income:   |
|      | <ul> <li>The customer's counted unearned<br/>income, except needs based<br/>assistance, is totaled;</li> </ul>              |
|      | <ul> <li>If a customer child receives child<br/>support payments, subtract 1/3 of the<br/>child support payment;</li> </ul> |
|      | • The \$20.00 general income deduction  |

|   | is subtracted; and  |
|---|---|
|   | <ul> <li>Needs based assistance payments<br/>are added to get the total counted<br/>unearned income.</li> </ul>                                       |
| 2 | To calculate the net earned income:   |
|   | • The counted earned income of the customer is totaled;   |
|   | <ul> <li>Any Student Earned Income Exclusion<br/>is subtracted;</li> </ul>  |
|   | • The unused portion of the \$20.00 deduction is subtracted;  |
|   | <ul> <li>The \$65.00 work expense deduction is<br/>subtracted;</li> </ul>   |
|   | <ul> <li>Impairment Related Work Expenses<br/>are subtracted;</li> </ul>  |
|   | <ul> <li><sup>1</sup>/<sub>2</sub> of the subtotal of earned income is<br/>subtracted; and</li> </ul>   |
|   | • Blind Work Expenses are subtracted.   |
|   | NOTE If any of the<br>subtractions in this step<br>result in a \$0.00 subtotal or<br>negative subtotal, the net<br>earned income amount is<br>\$0.00. |
| 3 | The net unearned income from Step 1 is added to the net earned income from Step 2 to get the total net income.  |
| 4 | Calculate a child allocation amount for<br>each of the customer's children living in the<br>home (see <u>MA609B.8</u> for calculation<br>steps).      |
|   | Total the child allocation amounts and subtract from the total net income from step 3.  |

| 5 | The result is compared to 100% of the FBR for an individual:                                     |
|---|--|
|   | The customer passes the income test if the net income is less than or equal to the income limit. |

Net Income Calculation for Customer and Spouse

Take the following actions to determine income eligibility when the customer lives with a spouse:

| Step | Action   |
|------|--|
| 1    | To calculate the net unearned income:  |
|      | <ul> <li>Total the customer's and spouse's<br/>counted unearned income, except<br/>needs based assistance;</li> </ul>                  |
|      | <ul> <li>If the customer is a child and receives<br/>child support payments, subtract 1/3 of<br/>the child support payment;</li> </ul> |
|      | <ul> <li>Subtract the \$20.00 general income<br/>deduction; and</li> </ul>   |
|      | <ul> <li>Add any needs based assistance<br/>payments to get the total counted<br/>unearned income.</li> </ul>                          |
| 2    | To calculate net earned income:  |
|      | <ul> <li>Any Student Earned Income Exclusion<br/>for the customer is subtracted;</li> </ul>  |
|      | <ul> <li>Any Student Earned Income Exclusion<br/>for the customer's spouse is<br/>subtracted;</li> </ul>                               |

|          | <ul> <li>The unused portion of the \$20.00 deduction is subtracted;</li> </ul>   |
|          | <ul> <li>The \$65.00 work expense deduction is<br/>subtracted;</li> </ul>  |
|          | <ul> <li>The Impairment Related Work<br/>Expenses are subtracted;</li> </ul>   |
|          | <ul> <li>½ subtotal of earned income is<br/>subtracted; and</li> </ul>   |
|          | <ul> <li>The Blind Work Expenses are<br/>subtracted.</li> </ul>  |
|          | NOTE If any of the<br>remaining subtractions in<br>this step result in a \$0.00<br>subtotal or negative subtotal,<br>the net earned income<br>amount is \$0.00.                          |
| 3        | The net unearned income from Step 1 is<br>added to the net earned income from Step<br>2 to get the total net income.   |
| 4        | Calculate a child allocation amount for<br>each of the customer's children and the<br>customer's spouse's children living in the<br>home (see <u>MA609B.8</u> for calculation<br>steps). |
|          | Total the child allocation amounts and<br>subtract from the total net income from<br>step 3.   |
| 5        | The result is compared to 100% of the FBR for couple ( <u>MA615.1</u> ):   |
|          | The customer passes the income test if the net income is less than or equal to the income limit.   |

#### Calculation for Customer Child and Ineligible Parent

The income-eligibility determination for a customer child who resides with at least one ineligible parent includes three separate calculations.

- First, a child allocation is calculated for each of the ineligible parents' other children living in the home.
- Second, the amount of income to be deemed to the customer child from the ineligible parents is calculated.
- Third, the customer child's own income is calculated and added to any income deemed from the ineligible parents.

Follow the steps below to determine income eligibility when an unmarried customer child under age 18 resides with at least one ineligible parent.

| 1st Process: Determine Child Allocations |   |
|--|---|
| Step                                     | Action  |
| 1  | Calculate a child allocation amount for each<br>ineligible parent's children living in the<br>home (see MA609B.8 for calculation<br>steps).               |
| 2  | Combine all of the child allocation amounts to get the total Child Allocation.  |
| 2nd Process: Deeming Calculation         |   |
| Step                                     | Action  |
| 3  | Total the gross counted unearned income<br>of the ineligible parents and subtract the<br>total Child Allocation from Step 2.                              |
|  | <ul> <li>If the result is a negative number, this<br/>is the remaining unused Child<br/>Allocation. There is no remaining<br/>unearned income.</li> </ul> |
|  | • If the result is a positive number, this is the remaining unearned income. There is no unused Child Allocation.   |
|  | <ul> <li>If the result is exactly zero, there is no<br/>unused Child Allocation and no</li> </ul>   |

|   | remaining unearned income.  |
|---|---|
| 4 | For each ineligible parent under age 22 that meets the definition of a student, subtract the Student Earned Income Exclusion (MA609B.2).                                  |
| 5 | Total the earned income of the ineligible<br>parents from Step 4 and subtract any<br>unused Child Allocation from Step 3.   |
|   | <ul> <li>If the result is zero or a negative<br/>number there is no remaining earned<br/>income.</li> </ul>   |
|   | • If the result is a positive number, this is the remaining earned income.  |
| 5 | Determine if there is any remaining<br>unearned income or remaining earned<br>income to be deemed.  |
|   | <ul> <li>If there is no remaining income from<br/>Step 3 or Step 5, the amount of income<br/>deemed from the ineligible parents is<br/>\$0.00. Skip to step 10</li> </ul> |
|   | • If there is remaining unearned or<br>earned income from Step 3 or Step 5,<br>continue to Step 6   |
| 6 | Subtract the \$20.00 general income<br>deduction from any remaining unearned<br>income to get the net unearned income.  |
| 7 | Subtract the following deductions in order from any remaining earned income to get the net earned income:   |
|   | <ul> <li>Any unused portion of the \$20.00 deduction;</li> </ul>  |
|   | • The \$65.00 work expense deduction;   |
|   | <ul> <li>Any Impairment Related Work<br/>Expenses;</li> </ul>   |
|   | • <sup>1</sup> / <sub>2</sub> subtotal of earned income; and  |

|  | Any Blind Work Expenses.  |
|--|---|
| 8  | Add the net unearned income from Step 6                               |
| 0  | to the net earned income from Step 7 to get                           |
|  | the total net income.   |
| 9  | To get the total deemed income amount,                                |
|  | take the total net income from Step 8 and subtract:                   |
|  | Subtract.   |
|  | • The individual FBR amount if the                                    |
|  | customer has only one ineligible                                      |
|  | parent; or  |
|  | • The couple FBR if the customer has                                  |
|  | two ineligible parents.   |
| 3rd Process: Net Income Test Calculation | ņ   |
| Step                                     | Action  |
| 10                                       | To calculate the net unearned income:                                 |

|  | child support payment;  |
|  | <ul> <li>Subtract the \$20.00 general income</li> </ul>               |
|  | deduction; and  |
|  |   |
|  | Add in any needs based payments.                                      |
| 11                                       | To calculate the net earned income:                                   |
|  | <ul> <li>Total the counted earned income of the</li> </ul>            |

|  |   |
|  | <ul> <li>Subtract any student earned income<br/>ovelucion:</li> </ul> |
|  | exclusion;  |
|  | • Subtract and unused portion of the                                  |
|  | \$20.00 general deduction;  |
|  | <ul> <li>Subtract the \$65.00 work expense</li> </ul>                 |

|    | deduction;  |
|----|---|
|    | <ul> <li>Subtract any Impairment Related Work<br/>Expenses;</li> </ul>  |
|    | <ul> <li>Subtract ½ of remaining earned<br/>income; and</li> </ul>  |
|    | • Subtract any Blind Work Expenses.   |
| 12 | Add the net unearned income from Step 10 to the net earned income from Step 11 to get the total net income.   |
| 13 | Calculate a child allocation amount for each customer child's children living in the home (see <u>MA609B.8</u> for calculation steps) and subtract the total child allocations from the total net income from Step 12 |
| 14 | Compare the result from Step 13 to 100% of the FBR for an individual:   |
|    | The customer passes the income test if the income is less than or equal to the income limit.  |

#### Definitions

| Term       | Definition  |
|------------|---|
| Instrument | A written document that states the ownership of or right to the payment.  |
|            | Examples of instruments include check stubs, bank statements, contracts and trusts.   |
|            | There may be more than one instrument<br>for the payment. For example, income<br>paid by check may have another<br>instrument, like an annuity contract, which<br>provides more detailed information on who<br>owns the income. |

| No instrument | There is no written document showing ownership of the payment. For example a |
|---------------|--|
|               | cash payment made where there is no written contract or agreement.           |

### 611 How to Calculate Income Eligibility for SSIMAO

611 How to Calculate Income Eligibility for SSI-MAO

#### A How to Calculate Income Eligibility for SSI-MAO

A How to Calculate Income Eligibility for SSI-MAO

Revised 06/14/2018

#### Policy

Income eligibility for all SSI-MAO programs is determined by using a "net income test." "Net income test" means certain deductions and disregards are taken from the gross countable income.

Some SSI-MAO programs like Pickle, Disabled Adult Child (DAC) and Disabled Widow/Widower (DWW) have additional disregards to determine the amount of countable unearned income used to calculate income eligibility.

1) Net Income Test

The net income test is used to determine income eligibility under SSI-MAO.

To qualify, the customer's counted income minus any allowable deductions cannot be more than the income standard. The income standard for SSI-MAO is either:

- 100% of the Federal Benefit Rate (FBR); or
- 100% of the Federal Poverty Level (FPL).

The income test using the 100% FBR standard is done first. If the customer is not eligible using the 100% FBR standard, the net income test is completed using the 100% FPL standard. The only differences in the tests are:

- The deduction for 1/2 of earned income does not apply when using the 100% FPL standard; and
- The 100% FPL income standard is higher than the 100% FBR standard.
- 2) Deductions from Net Income

The table below shows the allowable income deductions used in the net income test in the order that they are deducted:

| Allowable Deduction | Amount |
|---------------------|--------|
|                     |        |

| Child Support  | Varies  |
|--|---------|
| Student Child Earned Income Deduction                              | Varies  |
| General Income Deduction   | \$20.00 |
| Standard Work Expense Deduction                                    | \$65.00 |
| Impairment Related Work Expenses<br>(IRWE)                         | Varies  |
| 1/2 Subtotal of Earned Income (allowed for the 100% FBR test only) | Varies  |
| Blind Work Expenses (BWE)  | Varies  |
| Child Allocations  | Varies  |

3) Calculation for the Customer Only

The following actions are taken to determine income eligibility when the customer is:

- Single; or
- Under age 18, unmarried and parental deeming does not apply because the child does not live with an ineligible parent; or
- Is married and does not live with the spouse.

| Net Income Test Using 100% FBR Standard |   |
|---|---|
| Step                                    | Action  |
|   | <ul> <li>To calculate the net unearned income:</li> <li>The customer's counted unearned income, except needs-based assistance, is totaled;</li> <li>If a customer child receives child support payments, subtract 1/3 of the child support payment;</li> <li>The \$20.00 general income deduction is subtracted; and</li> </ul> |

|   | <ul> <li>Needs-based assistance payments are<br/>added to get the total counted<br/>unearned income.</li> </ul>                                  |
|---|--|
| 2 | To calculate the net earned income:  |
|   | <ul> <li>The counted earned income of the<br/>customer is totaled;</li> </ul>  |
|   | <ul> <li>Any Student Earned Income Exclusion<br/>is subtracted;</li> </ul>   |
|   | <ul> <li>The unused portion of the \$20.00 deduction is subtracted;</li> </ul>   |
|   | <ul> <li>The \$65.00 work expense deduction is<br/>subtracted;</li> </ul>  |
|   | <ul> <li>Impairment Related Work Expenses<br/>are subtracted;</li> </ul>   |
|   | <ul> <li>1/2 of the subtotal of earned income is<br/>subtracted; and</li> </ul>  |
|   | <ul> <li>Blind Work Expenses are subtracted.</li> </ul>  |
|   | NOTE If any of the subtractions in<br>this step result in a \$0.00 subtotal or<br>negative subtotal, the net earned<br>income amount is \$0.00.  |
| 3 | The net unearned income from Step 1 is<br>added to the net earned income from Step<br>2 to get the total net income.                             |
| 4 | Calculate a child allocation amount for each<br>of the customer's children living in the<br>home (see <u>MA609B.8</u> for calculation<br>steps). |
|   | Total the child allocation amounts and<br>subtract from the total net income from<br>Step 3.   |
| 5 | The result is compared to 100% of the FBR  |

|   | for an individual ( <u>MA615.2</u> ):  |
|---|--|
|   | <ul> <li>If net income is less than or equal to the FBR standard, STOP. The customer is income eligible.</li> <li>If net income is more than the FBR</li> </ul>                |
|   | standard, continue to Step 6.  |
| 6 | Take the total net income from Step 3 and<br>add back in 1/2 of the subtotal of earned<br>income amount from Step 2 to get the total<br>net income for the 100% FPL test.      |
| 7 | Calculate a child allocation amount for each<br>of the customer's children living in the<br>home (see <u>MA609B.8</u> for calculation<br>steps).                               |
|   | Total the child allocation amounts and<br>subtract from the total net income from<br>Step 6.   |
| 8 | Compare the result to 100% of the FPL for an individual ( <u>MA615.2</u> ):  |
|   | <ul> <li>If net income is less than or equal to<br/>the FPL standard, the customer is<br/>income eligible.</li> </ul>  |
|   | <ul> <li>If net income is more than the FPL<br/>standard, the customer is not eligible<br/>for SSI-MAO due to excess income.</li> </ul>  |
|   | NOTE The customer may qualify for<br>MSP. The net test for QMB, SLMB and<br>QI-1 allows the 1/2 of earned income<br>deduction and uses the higher 100%<br>FPL income standard. |

See Calculation for the Customer Only Examples

4) Calculation for Customer and Spouse

The following actions are taken to determine income eligibility for a married customer who resides with his or her spouse.

First, the net test using FBR standards is completed. If the customer is not eligible using FBR standards, the net test is completed using FPL standards:

| Net Income Test Using 100% FBR Standard |  |
|---|--|
| Step                                    | Action   |
| 1                                       | To calculate the net unearned income:  |
|   | <ul> <li>Total the customer's and spouse's<br/>counted unearned income, except<br/>needs-based assistance;</li> </ul>                |
|   | • If the customer is a child and receives child support payments, subtract 1/3 of the child support payment;                         |
|   | <ul> <li>Subtract the \$20.00 general income<br/>deduction; and</li> </ul>   |
|   | <ul> <li>Add any needs-based assistance<br/>payments to get the total counted<br/>unearned income.</li> </ul>                        |
| 2                                       | To calculate net earned income:  |
|   | <ul> <li>Any Student Earned Income Exclusion<br/>for the customer is subtracted;</li> </ul>  |
|   | <ul> <li>Any Student Earned Income Exclusion<br/>for the customer's spouse is<br/>subtracted;</li> </ul>                             |
|   | • After the Student Earned Income<br>Exclusion has been subtracted, total<br>the customer's and spouse's remaining<br>earned income. |
|   | • The unused portion of the \$20.00  |

|   | de ducations in contrato du  |
|---|--|
|   | deduction is subtracted;   |
|   | <ul> <li>The \$65.00 work expense deduction is<br/>subtracted;</li> </ul>  |
|   | <ul> <li>The Impairment Related Work<br/>Expenses are subtracted;</li> </ul>   |
|   | <ul> <li>1/2 of the subtotal of earned income is<br/>subtracted; and</li> </ul>  |
|   | <ul> <li>The Blind Work Expenses are<br/>subtracted.</li> </ul>  |
|   | NOTE If any of the remaining<br>subtractions in this step result in a \$0.00<br>subtotal or negative subtotal, the net<br>earned income amount is \$0.00.                                |
| 3 | The net unearned income from Step 1 is<br>added to the net earned income from Step<br>2 to get the total net income.   |
| 4 | Calculate a child allocation amount for each<br>of the customer's children and the<br>customer's spouse's children living in the<br>home (see <u>MA609B.8</u> for calculation<br>steps). |
|   | Total the child allocation amounts and subtract from the total net income from Step 3.   |
| 5 | The result is compared to 100% of the FBR for a couple:  |
|   | <ul> <li>If net income is less than or equal to<br/>the FBR standard, STOP. The<br/>customer is income eligible.</li> </ul>  |
|   | <ul> <li>If net income is more than the FBR standard, continue to Step 6.</li> </ul>   |
| 6 | Take the total net income from Step 3 and add back in 1/2 of the subtotal of earned  |

|   | income amount from Step 2 to get the total net income for the 100% FPL test.   |
|---|--|
| 7 | Calculate a child allocation amount for each<br>of the customer's children living in the<br>home (see <u>MA609B.8</u> for calculation<br>steps).                               |
|   | Total the child allocation amounts and subtract from the total net income from Step 6.   |
| 8 | Compare the result to 100% of the FPL for a couple:  |
|   | <ul> <li>If net income is less than or equal to<br/>the FPL standard, the customer is<br/>income eligible.</li> </ul>  |
|   | • If net income is more than the FPL standard, the customer is not eligible for SSI-MAO due to excess income.  |
|   | NOTE The customer may qualify for<br>MSP. The net test for QMB, SLMB and<br>QI-1 allows the 1/2 of earned income<br>deduction and uses the higher 100%<br>FPL income standard. |

5) Calculation for Customer Child and Ineligible Parent

The income-eligibility determination for a customer child who resides with at least one ineligible parent includes three separate calculations.

- First, a child allocation is calculated for each of the ineligible parents' other children living in the home.
- Second, the amount of income to be deemed to the customer child from the ineligible parents is calculated.

• Third, the customer child's own income is calculated and added to any income deemed from the ineligible parents.

Follow the steps below to determine income eligibility when an unmarried customer child under age 18 resides with at least one ineligible parent.

| 1st Process: Determine Child Allocations |  |
|--|--|
| Step                                     | Action   |
| 1  | Calculate a child allocation amount for each ineligible parent's children living in the home (see <u>MA609B.8</u> for calculation steps).  |
| 2  | Combine all of the child allocation amounts to get the total Child Allocation.   |
| 2nd Process: Deeming Calculation         |  |
| Step                                     | Action   |
| 3  | <ul> <li>Total the gross counted unearned income of the ineligible parents and subtract the total Child Allocation from Step 2.</li> <li>If the result is a negative number, this is the remaining unused Child Allocation. There is no remaining unearned income.</li> <li>If the result is a positive number, this is the remaining unearned income. There is no unused Child Allocation.</li> <li>If the result is exactly zero, there is no unused Child Allocation and no remaining unearned income.</li> </ul> |
| 4  | For each ineligible parent under age 22 that meets the definition of a student, subtract the Student Earned Income Exclusion ( <u>MA609B.2</u> ).  |
| 5  | Total the earned income of the ineligible parents from Step 4 and subtract any unused Child Allocation from Step 3.  |

|    | 1   |
|----|---|
|    | <ul> <li>If the result is zero or a negative number there is no remaining earned income.</li> <li>If the result is a positive number, this is the remaining earned income.</li> </ul> |
| 6  | Determine if there is any remaining<br>unearned income or remaining earned<br>income to be deemed.  |
|    | <ul> <li>If there is no remaining income from<br/>Step 3 or Step 5, the amount of income<br/>deemed from the ineligible parents is<br/>\$0.00. Skip to Step 11.</li> </ul>            |
|    | <ul> <li>If there is remaining unearned or<br/>earned income from Step 3 or Step 5,<br/>continue to Step 7.</li> </ul>  |
| 7  | Subtract the \$20.00 general income<br>deduction from any remaining unearned<br>income to get the net unearned income.  |
| 8  | Subtract the following deductions in order from any remaining earned income to get the net earned income:   |
|    | <ul> <li>Any unused portion of the \$20.00 deduction;</li> </ul>  |
|    | • The \$65.00 work expense deduction;   |
|    | <ul> <li>Any Impairment Related Work<br/>Expenses;</li> </ul>   |
|    | <ul> <li>1/2 subtotal of earned income; and</li> </ul>  |
|    | Any Blind Work Expenses.  |
| 9  | Add the net unearned income from Step 7<br>to the net earned income from Step 8 to get<br>the total net income.   |
| 10 | To get the total deemed income amount,  |

|  | 1   |
|--|---|
|  | take the total net income from Step 9 and subtract:   |
|  | <ul> <li>The individual FBR amount if the<br/>customer has only one ineligible<br/>parent; or</li> </ul>                                      |
|  | <ul> <li>The couple FBR if the customer has</li> </ul>  |
|  | two ineligible parents.   |
| 3rd Process: Net Income Test Calculation | ו   |
| Step                                     | Action  |
| 11                                       | To calculate the net unearned income:   |
|  | <ul> <li>Add the deemed income amount to the<br/>customer child's counted unearned<br/>income except for needs-based<br/>payments;</li> </ul> |
|  | <ul> <li>If a customer child receives child<br/>support payments, subtract 1/3 of the<br/>child support payment;</li> </ul>                   |
|  | <ul> <li>Subtract the \$20.00 general income<br/>deduction; and</li> </ul>  |
|  | <ul> <li>Add in any needs-based payments.</li> </ul>  |
| 12                                       | To calculate the net earned income:   |
|  | <ul> <li>Total the counted earned income of the<br/>customer child;</li> </ul>  |
|  | <ul> <li>Subtract any student earned income<br/>exclusion;</li> </ul>   |
|  | <ul> <li>Subtract any unused portion of the<br/>\$20.00 general income deduction;</li> </ul>  |
|  | <ul> <li>Subtract the \$65.00 work expense<br/>deduction;</li> </ul>  |
|  | 1 1   |

|                                       | <ul> <li>Subtract any Impairment Related Work<br/>Expenses;</li> </ul>   |
|---------------------------------------|--|
|                                       | <ul> <li>Subtract 1/2 of remaining earned<br/>income; and</li> </ul>   |
|                                       | • Subtract any Blind Work Expenses.  |
| 13                                    | Add the net unearned income from Step 11<br>to the net earned income from Step 12 to<br>get the total net income.  |
| 14                                    | Calculate a child allocation amount for each customer child's children living in the home (see <u>MA609B.8</u> for calculation steps) and subtract the total child allocations from the total net income from Step 13. |
| 15                                    | Compare the result from Step 14 to 100% of the FBR for an individual:  |
|                                       | <ul> <li>If net income is less than or equal to<br/>the FBR standard, STOP. The<br/>customer is income eligible.</li> </ul>  |
|                                       | <ul> <li>If net income is more than the FBR<br/>standard, continue to Step 16.</li> </ul>  |

| 16                                    | • Take the total net income from Step 9;   |
|                                       | <ul> <li>Add back in 1/2 of the subtotal of<br/>earned income deduction from Step 8;<br/>and</li> </ul>  |
|                                       | • Subtract the 100% FPL amount for one person if the customer has only one ineligible parent; or the couple 100% FPL amount if the customer has two ineligible parents.  |

|  | <ul> <li>Total the counted earned income of the<br/>customer child;</li> </ul>  |
|  | <ul> <li>Subtract any Student Earned Income<br/>Exclusion;</li> </ul>   |
|  | <ul> <li>Subtract any unused portion of the<br/>\$20.00 general income deduction;</li> </ul>                                |
|  | <ul> <li>Subtract the \$65.00 work expense<br/>deduction;</li> </ul>  |
|  | <ul> <li>Subtract any Impairment Related Work<br/>Expenses; and</li> </ul>  |
|  | • Subtract any Blind Work Expenses.   |
| 19                                       | Add the net unearned income from Step 17<br>to the net earned income from Step 18 to  |

|    | get the total net income.  |
|----|--|
| 20 | Calculate a child allocation amount for each customer child's children living in the home (see <u>MA609B.8</u> for calculation steps) and subtract the total child allocations from the total net income from Step 13. |
| 21 | Compare the result to 100% of the FPL for one person:  |
|    | <ul> <li>If net income is less than or equal to<br/>the FPL standard, the customer is<br/>income eligible.</li> </ul>  |
|    | • If net income is more than the FPL standard, the customer is not eligible for SSI-MAO due to excess income.  |

B How to Calculate the Special Income Disregard for Pickle

Revised 06/14/2018

Policy

The Pickle disregard excludes Title II cost of living adjustment (COLA) increases from the date the person lost their eligibility for SSI-Cash or out-of-state State Supplemental Payment (SSP) benefits.

To get the Pickle disregard, the customer must:

- Currently receive Social Security Title II benefits;
- Have received SSI-Cash or out-of-state State Supplemental Payment (SSP) benefits in the past;
- Have received SSI-Cash or SSP benefits and received or were entitled to receive Social Security Title II for the same month in at least one month since April 1977; and
- Have lost SSI-Cash or SSP benefits.

NOTE The Pickle disregard is only given for the 100% FBR net income test. It is not allowed when determining eligibility using the 100% FPL income standard.

#### Definitions

| Term   | Definition   |
|--------|--|
| Pickle | People who are eligible under the Pickle<br>Amendment receive Title II Social Security<br>payments. These individuals previously<br>received both SSI-Cash and Title II<br>benefits at the same time and lost their<br>SSI-Cash. |

| Cost of Living Adjustment (COLA) | An increase intended to ensure that Social Security benefits are adjusted to account |

# 612 How to Calculate Income Eligibility for Medicare Savings Program (MSP)

612 How to Calculate Income Eligibility for Medicare Savings Program (MSP)

Policy

The net income test is used to determine income eligibility under the Medicare Savings Program (MSP) for:

- Qualified Medicare Beneficiary (QMB);
- Specified Low Income Medicare Beneficiary (SLMB); and
- Qualified Individual (QI-1).

Only the income of the customer and responsible relatives is used to determine net income. Income is counted in the month it is received, even if earned in the previous month.

The counted income available to a customer minus deductions cannot be more than the income standard.

#### 1) Income Standard

The income standard for MSP depends on the program:

| If the MSP is                        | Then the income standard is                                  |
|--------------------------------------|--|
| Qualified Medicare Beneficiary (QMB) | 100% of the Federal Poverty Level (FPL).                     |
|                                      | Greater than 100% but equal to or less than 120% of the FPL. |
|                                      | Greater than 120% but equal to or less than 135% of the FPL. |

#### 2) Deductions from Net Income

The table below shows the allowable income deductions used in net income budgeting for MSP:

| Allowable Deduction                                 | Amount  |
|---|---------|
| Child Support                                       | Varies  |
| Student Earned Income Exclusion                     | Varies  |
| General Income Deduction                            | \$20.00 |
| Standard Work Expense Deduction                     | \$65.00 |
| Impairment Related Work Expense<br>Deduction (IRWE) | Varies  |
| 1/2 Subtotal of Earned Income                       | Varies  |
| Blind Work Expenses                                 | Varies  |
| Child Allocations                                   | Varies  |

#### 3) Calculation for the Customer Only

The following actions are taken to determine income eligibility when the customer is:

- Single; or
- Under age 18, unmarried and parental deeming does not apply because the child does not live with an ineligible parent; or
- Is married and does not live with the spouse.

| Step | Action   |
|------|--|
| 1    | The net unearned income is calculated as follows:  |
|      | <ul> <li>The counted unearned income of the<br/>customer is totaled;</li> </ul>  |
|      | <ul> <li>If a customer child receives child<br/>support payments, 1/3 of the child<br/>support payment is subtracted;</li> </ul> |
|      | • The \$20.00 general income deduction   |

|   | is subtracted; and  |
|---|---|
|   |   |
|   | <ul> <li>Needs based assistance payments are<br/>added.</li> </ul>  |
| 2 | The net earned income is calculated as follows:   |
|   | <ul> <li>The counted earned income of the<br/>customer is totaled;</li> </ul>   |
|   | <ul> <li>The Student Earned Income Exclusion<br/>(only if under age 22) is subtracted;</li> </ul>   |
|   | <ul> <li>The unused portion of the \$20.00 deduction is subtracted;</li> </ul>  |
|   | <ul> <li>The \$65.00 work expense deduction is<br/>subtracted;</li> </ul>   |
|   | <ul> <li>Impairment Related Work Expenses<br/>are subtracted;</li> </ul>  |
|   | <ul> <li><sup>1</sup>/<sub>2</sub> subtotal of earned income are<br/>subtracted; and</li> </ul>   |
|   | Blind Work Expenses are subtracted.   |
|   | NOTE If any of the remaining<br>subtractions listed in this step<br>result in a \$0.00 subtotal or<br>negative subtotal, the net earned<br>income amount is \$0.00. |
| 3 | The total net income is calculated as follows:  |
|   | <ul> <li>The subtotal obtained from Step 1 is<br/>added to subtotal obtained in Step 2;<br/>and</li> </ul>  |
|   | <ul> <li>Child Allocations are subtracted.</li> </ul>   |
| 4 | The result is compared to the QMB, SLMB,<br>and QI-1 income standards for an<br>individual. If the income is:   |

| <ul> <li>Less than or equal to 100% of the<br/>FPL, the customer qualifies for QMB.</li> </ul>                        |
|---|
| <ul> <li>Greater than 100% but less than or<br/>equal to 120% of FPL, the customer<br/>qualifies for SLMB.</li> </ul> |
| <ul> <li>Greater than 120% but less than or<br/>equal to 135% of FPL, the customer<br/>qualifies for QI-1.</li> </ul> |

See Example - Customer Only

### 4) Calculation for Customer and Spouse

The following actions are taken to determine income eligibility for a customer who lives with a spouse:

| Step | Action   |
|------|--|
| 1    | The total gross unearned income is calculated as follows:  |
|      | • The counted unearned income of the customer and spouse is totaled;   |
|      | <ul> <li>If a customer child receives child<br/>support payments, 1/3 of the child<br/>support payment is subtracted;</li> </ul> |
|      | <ul> <li>The \$20.00 general income deduction<br/>is subtracted; and</li> </ul>  |
|      | <ul> <li>Needs based assistance payments are<br/>added.</li> </ul>   |
| 2    | The net earned income is calculated as follows:  |
|      | • The Student Earned Income Exclusion is subtracted from customer's counted earned income (only if under age 22);                |

|   | • The Student Earned Income Exclusion<br>is subtracted from spouse's counted<br>earned income (only if under age 22);   |
|---|---|
|   | <ul> <li>After the Student Earned Income<br/>Exclusion has been subtracted, the<br/>counted earned income of the<br/>customer and spouse is subtotaled;</li> </ul>  |
|   | NOTE If any of the remaining<br>subtractions listed in this step<br>result in a \$0.00 subtotal or<br>negative subtotal, the net earned<br>income amount is \$0.00. |
|   | The following are subtracted from the subtotal in this order:   |
|   | <ul> <li>The unused portion of the \$20.00 deduction;</li> </ul>  |
|   | <ul> <li>\$65.00 work expense deduction;</li> </ul>   |
|   | <ul> <li>Impairment Related Work Expenses;</li> </ul>   |
|   | • ½ subtotal of earned income; and  |
|   | Blind Work Expenses.  |
| 3 | The total net income is calculated as follows:  |
|   | <ul> <li>The subtotal obtained from Step 1 is<br/>added to the subtotal obtained in Step<br/>2; and</li> </ul>  |
|   | <ul> <li>Child Allocations are subtracted.</li> </ul>   |
| 4 | The result is compared to the QMB, SLMB,<br>and QI-1 income standards for a couple. If<br>the income is:  |
|   | <ul> <li>Less than or equal to 100% of the<br/>FPL, the customer qualifies for QMB.</li> </ul>  |
|   | <ul> <li>Greater than 100% but less than or</li> </ul>  |

| equal to 120% of FPL, the customer qualifies for SLMB.  |
|---|
| <ul> <li>Greater than 120% but less than or<br/>equal to 135% of FPL, the customer<br/>qualifies for QI-1.</li> </ul> |

See Example - Customer and Spouse

5) Calculation for Customer Child and Ineligible Parent

The income-eligibility determination for a customer child who resides with at least one ineligible parent includes three separate calculations.

- First, a child allocation is calculated for each of the ineligible parents' other children living in the home.
- Second, the amount of income to be deemed to the customer child from the ineligible parents is calculated.
- Third, the customer child's own income is calculated and added to any income deemed from the ineligible parents.

Follow the steps below to determine income eligibility when an unmarried customer child under age 18 resides with at least one ineligible parent.

| 1st Process: Determine Child Allocations |   |
|--|---|
| Step                                     | Action  |

### 613 How to Calculate Income Eligibility for Freedom to Work (FTW)

613 How to Calculate Income Eligibility for Freedom to Work (FTW)

Policy

The net income test is used to determine income eligibility under AHCCCS Freedom to Work (FTW). Only the customer's earned income is used. Unearned income is not counted in the FTW calculation. Income is counted in the month it is received, even if earned in the previous month.

The customer's counted earned income minus allowable deductions cannot be more than the income standard.

NOTE Only the customer's income is counted. The income of a spouse or other family members is not counted for income eligibility.

1) The Income Standard

The income standard for AHCCCS FTW is 250% of the Federal Poverty Level (FPL).

2) Deductions from Net Income

The table below shows the allowable income deductions used in net income budgeting for AHCCCS FTW:

| Allowable Deduction                                 | Amount  |
|---|---------|
| General Income Deduction                            | \$20.00 |
| Student Earned Income Exclusion                     | Varies  |
| Standard Work Expense Deduction                     | \$65.00 |
| Impairment Related Work Expense<br>Deduction (IRWE) | Varies  |
| One half of the Remainder of Earned Income          | Varies  |
| Blind Work Expenses                                 | Varies  |

### 3) Calculation for AHCCCS FTW

The following steps are used to determine income eligibility for Freedom to Work:

| Step | Action  |
|------|---|
| 1    | For the income eligibility determination,<br>disregard all unearned income received by<br>the customer. |
| 2    | To calculate the net earned income:   |
|      | <ul> <li>The counted earned income of the<br/>customer is totaled; and</li> </ul>                       |
|      | <ul> <li>The following are subtracted in this<br/>order:</li> </ul>                                     |
|      | o Student Earned Income Exclusion (only if under age 22);   |
|      | o The \$20.00 general income deduction;   |
|      | o The \$65.00 work expense deduction;   |
|      | o Impairment Related Work Expenses;   |
|      | o $\frac{1}{2}$ of subtotal of earned income; and   |
|      | o Blind Work Expenses.  |
| 3    | The result in Step 2 is compared to 250% of the FPL:  |
|      | The customer passes the income test if the net income is less than or equal to the income limit.        |

### 614 How to Calculate Income Eligibility Using MAGI

#### 614 How to Calculate Income Eligibility Using MAGI

#### Revised 11/16/2018

Policy

Modified Adjusted Gross Income (MAGI) policy is used for the following AHCCCS Medical Assistance (MA) programs:

- Caretaker Relative, including the second six months of Transitional Medical Assistance (TMA) and Continued Coverage;
- Pregnant Woman;
- Child;
- Adult;
- KidsCare.

To qualify, the counted income of the customer's MAGI budget group minus any allowable deductions cannot be more than the income standard for the MA program and the size of the budget group.

NOTE People living in the same home may have different budget groups and MA categories. Income eligibility is determined for each person based on their budget group and category.

See <u>MA602D</u> for MAGI budget group policy.

See <u>MA615</u> for the income limits for MAGI groups.

#### 1) Income Standards

The income standards for each coverage group are as follows:

| Program | Income Standard |
|---------|-----------------|
|         |                 |

*Effective until 2020-09-25* 

| Adult   | 133% of the Federal Poverty Level (FPL)  |
|---|--|
| Caretaker Relative  | 106% of the FPL  |
| Transitional Medical Assistance (TMA) – second 6-month period | 185% of the FPL  |
| Pregnant Woman  | 156% of the FPL  |
| Child   | <ul> <li>147% of the FPL for children under age 1.</li> <li>141% of the FPL for children ages 1 through 5.</li> <li>133% of the FPL for children ages 6 through 18.</li> </ul> |
| KidsCare  | 200% of the FPL  |

### 2) Whose Income is Counted?

In general, the counted income of everyone in the budget group is totaled and compared to the income standard for the size of the budget group. However, the income of children under age 19 and tax dependents are excluded in some situations. See the table below for details:

| If the budget group member   | Then exclude the income for   |
|--|---|
| <ul> <li>Is age 18 or under and is included in<br/>the budget group of his or her parent;<br/>AND</li> </ul> | Any budget group that includes both the child AND the child's parent or parents.<br>See Excluding Income of Children in the |

| • Will be claimed as a tax dependent by someone other than a spouse or parent; AND                           | Any budget group that includes both the tax dependent AND the tax payer.  |
| • Whose income for the current year is expected to be too low to have to file a tax return.                  | See Excluding Income of Tax Dependents example.   |

|---|---------------------------------------|
|   | endents for who has to file a return. |

#### 3) Income Eligibility Calculation

The MAGI income eligibility calculation may be a two-part process. If the income is too high using MAGI rules, a second income test is run using Premium Tax Credit rules. The income standard for the second test is 100% of the FPL.

The following steps are used to determine income eligibility for coverage groups that use MAGI:

| Step | Action   |  |
|------|--|--|
| 1    | Add up the monthly countable earned and unearned income of all members of the MAGI budget group whose income must be included.                                 |  |
| 2    | To calculate the budget group's total countable income:  |  |
|      | Subtract any pre-tax deductions from income.   |  |
|      | Subtract any adjustments to gross income.  |  |
|      | NOTE See <u>MA609C</u> for policy about these deductions.  |  |
| 3    | Compare the total countable income to the income standard for the budget group size and MAGI program.  |  |
|      | • If the income is less than or equal to the income standard, STOP. The customer is income eligible.   |  |
|      | • If income is more than the income standard, continue to Step 4.  |  |
| 4    | Subtracted the 5% FPL disregard amount for the budget group size from the remaining income from Step 3. See <u>MA609C.3</u> for the 5% FPL Table.              |  |
| 5    | Compare the remaining income from Step 4 to the income standard for the budget group size and MAGI program.  |  |
|      | • If the income is less than or equal to the income standard, STOP. The customer is income eligible.   |  |
|      | • If income is more than the income standard, continue to Step 6.  |  |
| 6    | Add up the countable earned and unearned income of all members of the Tax<br>Filing Group who expect to be required to file a tax return for the current year. |  |
| 7    | Any taxable income listed below that the Tax Filing Group got or expects to get  |  |

|   | during the current calendar year that was NOT already counted in Step 5 is added:   |  |
|---|---|--|
|   | Lump sum payments;  |  |
|   | Scholarships, awards, or fellowship grants; and   |  |
|   | • Taxable amounts of payments to American Indians or Alaska Natives from trusts, settlements, property rights, and use of natural resources.  |  |
|   | NOTE For any payments received less often than monthly, the total amount that will be received for the year will be divided by 12 to get a monthly amount before adding it to the total from Step 5.                          |  |
| 8 | The total monthly income from Step 7 is compared to 100% FPL for the number of people in the Tax Filing Group. If the total monthly income for the Tax Filing Group is less than 100% FPL, the person passes the income test. |  |

#### Definitions

### 615 Income Standards

#### 615 Income Standards

#### Revised 01/28/2020

Policy

This manual section provides the Federal standards that are used for the eligibility determinations.

NOTE Generally, the Federal Benefit Rate (FBR) standards change in January each year, and the Federal Poverty Level (FPL) standards change no later than April each year.

#### 1) ALTCS Standards

The table below provides the FBR amounts for 2018, 2019 and 2020:

|                              | Effective 1/1/2018 to 12/31/2018 |            | Effective 1/1/2020 to 12/31/2020 |
|------------------------------|----------------------------------|------------|----------------------------------|
| Individual (100%<br>FBR)     | \$750.00                         | \$771.00   | \$783.00                         |
| Couple (100%<br>FBR)         | \$1,125.00                       | \$1,157.00 | \$1,175.00                       |
| Individual (300% of the FBR) | \$2,250.00                       | \$2,313.00 | \$2,349.00                       |

#### 2) SSI-MAO Standards

Income eligibility for SSI-MAO can be determined either under FBR or FPL income limits. A person's monthly income must not exceed the appropriate income limits as set below:

| 100% of FBR |            |                                  |                                  |  |
|-------------|------------|----------------------------------|----------------------------------|--|
|             |            | Effective 1/1/2019 to 12/31/2019 | Effective 1/1/2020 to 12/31/2020 |  |
| Individual  | \$750.00   | \$771.00                         | \$783.00                         |  |
| Couple      | \$1,125.00 | \$1,157.00                       | \$1,175.00                       |  |

| 100% of FPL |                    |                    |                    |  |
|-------------|--------------------|--------------------|--------------------|--|
|             | Effective 2/1/2018 | Effective 2/1/2019 | Effective 2/1/2020 |  |
| Individual  | \$1,012.00         | \$1,041.00         | \$1,064.00         |  |
| Couple      | \$1,372.00         | \$1,410.00         | \$1,437.00         |  |

#### 3) QMB Income Standards

Monthly income must not exceed the appropriate percentage of the FPL below:

| 100% of FPL |                    |                    |                    |  |
|-------------|--------------------|--------------------|--------------------|--|
|             | Effective 2/1/2018 | Effective 2/1/2019 | Effective 2/1/2020 |  |
| Individual  | \$1,012.00         | \$1,041.00         | \$1,064.00         |  |
| Couple      | \$1,372.00         | \$1,410.00         | \$1,437.00         |  |

#### 4) SLMB Income Standards

Monthly income must not exceed the appropriate percentage of the FPL below:

| Greater than 100%, Equal to or Less than 120% of FPL |  |                        |                       |  |

### **Chapter 700 Resources**

### **700 Introduction**

This chapter provides information about how to determine resource eligibility for the Arizona Long Term Care System (ALTCS).

For each eligibility requirement in this chapter, you will find:

- The policy for the requirement;
- Any definitions needed to explain the policy;
- What proof is needed; and
- A list of the federal and state laws that apply to the requirement.

### 701 General Information about Resources

#### 701 General Information about Resources

#### Revised 02/25/2020

Policy

To qualify for ALTCS, the customer's counted resources must be less than or equal to the ALTCS resource limit at any time during a calendar month ( $\underline{MA706}$ ). If the customer's resources are within the resource limit at any time during the month, then he or she is resource-eligible for the entire calendar month.

1) Whose Resources Count

The resources of responsible relatives may be considered available to the customer in determining eligibility. The policy in  $\underline{MA702}$  describes whose resources are counted and when.

#### 2) Exceptions

Resource requirements do not apply or are limited in the following situations:

| If the customer                                | Then   |
|--|--|
| Qualifies for Freedom to Work (FTW) -<br>ALTCS | The requirements in this chapter do not apply in the customer's eligibility determination. |
| Receives:                                      | The only resources reviewed and considered in the eligibility determination                |
| SSI Cash;                                      | are trusts.  |
| Title IV-E Foster Care; or                     |  |
| Title IV-E Adoption Subsidy                    |  |

#### 3) Resource Eligibility

Resource eligibility is determined on a month-by-month basis. Generally, the equity value of a resource is used, unless an exception is noted for a specific type of resource. Equity value is the fair market value minus any liens, mortgages or other debts.

Generally, the proceeds from the sale of a resource are not income, but rather the conversion of one type of resource to another. The converted resource must be reviewed to determine its effect on eligibility.

Resources that are sold or transferred to someone else without receiving fair value in return, may result in the customer being unable to get long-term care services for a period of time. See <u>Chapter 900</u> for detailed policy about transfers and how they affect ALTCS eligibility.

Definitions

| Term      | Definition   |
|-----------|--|
| Resources | Items of real or personal property,<br>including cash, which may be used to meet<br>the customer's needs for food or<br>shelter. Resources are sometimes called<br>"assets."<br>NOTE Income received during the<br>month is never treated as a |
|           | resource. Any unspent amount of the income payment is not a resource until the following month.  |

#### Proof

In general, proof includes any documents showing:

- The type of resource;
- The value; and
- Who owns the resource.

Proof must come from the institution or third party knowledgeable about the resources in question. Knowledgeable entities are those that are responsible for administering, overseeing or dispensing the resource.

Each type of resource requires specific types of proof. See <u>MA705</u> for proof needed for each type of resource.

### 702 Resource Groups

### Revised 12/30/2019

Policy

To determine eligibility, the value of counted resources owned by each member of the customer's resource group is totaled and compared to the resource limit.

## Resource Group Members

The following chart shows who is in the customer's resource group:

Proof

#### Proof of Resources

If needed, the customer must provide proof of income resources for everyone in the budget group. See <u>MA705</u> for details about the proof needed for each type of resource.

#### Proof of Marriage

The customer must provide proof of legal marriage for eligibility to be determined using community spouse policy. See  $\underline{MA520}$  - Legal Marriage for the type of proof needed for marriage.

### Proof of Parent/Child Relationship

Proof of family relationships and who lives in the household is needed only when there is information that conflicts with the customer's statement.

A customer's statement includes information provided by the customer on a signed application.

Some items that show proof of relationship between a parent and child are:

- The child's birth certificate or other birth record;
- Court records; and
- Religious records.

## 703 Resource Treatment

### **703 Resource Treatment**

Overview

The following sections discuss how resources are treated for ALTCS in specific situations.

### A Resource Availability

#### A Resource Availability

Revised 06/14/2018

Policy

Resources must be reviewed to see if they are actually available to meet the customer's needs. A resource that is unavailable is not counted when determining resource eligibility. Resources that are available to the customer are either counted or excluded based on the resource type.

Resources are considered unavailable to the customer they meet any of the following conditions:

| A resource is unavailable when  | Examples  |
|---|---|
| The person does not have an ownership interest in it during the budget month.                       | There is a will or other legal document<br>dividing a deceased person's estate, but it<br>is being contested. The heir does not have            |
| NOTE This does not apply to resources held by an agent for the customer ( <u>MA704.D</u> ).         | an ownership interest until the estate is settled.  |
|   | Property ownership is being decided or<br>disputed in a divorce. Neither person has<br>an ownership interest until the ownership is<br>awarded. |
| The person cannot legally transfer the title to, or spend the resources for his or her own support. | A member of a tribe holds title to land on<br>an Indian reservation that may not be sold.   |
| There is a legal barrier to the sale of property.   | A co-owner, who is not part of the resource group legally blocks sale of jointly owned property.  |

When a customer says that a resource is unavailable to him or her, the customer's statement of why it is unavailable and supporting proof is referred for a legal review.

Definitions

| Term                                     | Definition           |
|--|----------------------|
| Have an ownership interest in a resource | Own fully or partly. |

| <ul> <li>Is listed on the title of real or personal property.</li> </ul>      |
|---|
| <ul> <li>Has possession of or the legal right to use the resource.</li> </ul> |

Proof

A customer who states that a resource is not available for his or her needs must provide proof to support the statement. Proof includes, but is not limited to:

• Financial account statements;

• Request for Proof of Financial Accounts (DE-203) form or a written statement from the financial institution that has the exact language used to establish the account and a description of any legal restrictions on the customer's access to the account.

- Vehicle titles;
- Real estate titles;
- Court documents; or

• Written statements from a co-owner who refuses to allow the resource to be sold or used for the customer's needs

### **B** Commingled Funds

#### **B** Commingled Funds

Revised 06/14/2018

Policy

When a financial account contains both counted funds and excluded funds, it is known as "commingled funds". For the excluded funds to remain excluded, they must be able to be identified separately from the other funds. However, in general they do not have to be kept in separate accounts.

**Exception:** Funds set aside for burial expenses must be kept separate from other nonburial-related resources and must carry a designation that the funds are to be used for burial (see <u>MA705.D</u>).

When withdrawals are made from an account containing commingled funds, the counted funds are considered withdrawn first, leaving as much of the excluded funds in the account as possible. See Commingled Funds for examples.

The amount of excluded funds in the account increases when either of the following happens:

- Funds that are excluded under the same rule are deposited; and
- Interest earned on the excluded funds is also excluded by law.

Definitions

#### Proof

A complete history of account transactions back to the initial deposit of excluded funds must be obtained, using the customer's own records, if possible (ex., bank statements).

The person's statement about the date and amount of a deposit of excluded funds is accepted if such statement agrees with the documents already provided showing that the customer received funds at that time.

### **C** Constructively Received Resources

#### C Constructively Received Resources

Policy

A resource is considered "constructively received" and is counted as if the person has actual possession of it when any of the following are met:

- The person makes advance payments to a nursing facility for the share of cost or other medical expenses that are not due yet.
- The person has refused to accept the resource in the past, but could still accept it.
- The person assigned the resource to someone else, but could revoke the assignment and get the resource back.

If the person can no longer accept the refused resource or it is irrevocably assigned, review it as a transfer. See <u>Chapter 900</u> for detailed policy about transfers.

See Constructively Received Resources for examples.

Proof of advance payments to a nursing facility includes check stubs, invoices or other documentation of the payment amount and the currently due charges.

Proof of refused or assigned resources

The customer or representative must provide proof that the resource is no longer available or has been irrevocably assigned to someone else, or proof of the resource value. See the specific proof requirements by income type in MA705.

### **D** Sponsor Deeming

#### D Sponsor Deeming

Policy

Non-citizen customers who have Lawful Permanent Resident (LPR) status may be sponsored by others who are responsible for their support.

A part of the sponsor's resources may need to be deemed to the LPR customer when determining eligibility. If the sponsor is married and lives with his or her spouse, the spouse's resources are also deemed.

Detailed policy related to sponsor deeming is found in MA608.B. Please see this section to determine:

- If the customer has a sponsor;
- If the customer is subject to the deeming rules;
- If the customer qualifies for an exemption from sponsor deeming;
- When the sponsor deeming requirement begins and ends;
- The customer's proof and reporting requirements; and
- The amount of resources deemed from the sponsor.

#### 1) Sponsor Deeming Rules

The sponsor's resources are deemed only to the non-citizens he or she sponsors who is named on the Affidavit of Support. If the sponsor lives with a spouse, the spouse's resources are also deemed. The following table describes when to apply sponsor deeming of resources:

| If the sponsor is… | Then  |
|--------------------|---|
|                    | Community Spouse Rules are used to calculate resource eligibility ( <u>MA707</u> ). Sponsor-deeming is not applied. |
| Anyone else        | The sponsor-deeming is applied unless   |

|---|
| <ul> <li>Eligibility is being determined for<br/>ALTCS Acute Care; and</li> </ul>   |
| <ul> <li>The sponsor's resources are<br/>already being deemed using<br/>spouse-to-spouse deeming or<br/>parent-to-child deeming (<u>MA703D</u>).</li> </ul> |

### 2) Resource Exclusions and Deductions for Sponsor Deeming

The resource exclusions that apply to the sponsor are the same as the resource exclusions allowed for the customer. This includes home property, household goods and personal effects, vehicles, burial funds, and burial plots.

Once the resource exclusions above have been applied, the remaining counted resources are deemed to the customer as described in the following table:

| If the sponsor              | And   | Then  |
|-----------------------------|---|---|
| Does not live with a spouse |   | Deduct \$2,000 from the<br>sponsor's counted<br>resources. Any remaining<br>amount is deemed to the<br>customer.  |
| Lives with a spouse         | The sponsor's spouse is not the customer's co-sponsor.  | Deduct \$3,000 from the<br>combined counted<br>resources of the sponsor<br>and the sponsor's<br>spouse. Any remaining<br>amount is deemed to the<br>customer. |
| Lives with a spouse         | The sponsor's spouse is<br>also listed on an affidavit of<br>support as the customer's<br>sponsor | Deduct \$4,000 from the<br>combined counted<br>resources of the sponsor<br>and the sponsor's<br>spouse. Any remaining<br>amount is deemed to the<br>customer. |

### E Good Faith Effort to Sell

#### E Good Faith Effort to Sell

Policy

If the value of a customer's non-liquid resources is the only reason he or she does not qualify for ALTCS, the resources may be excluded on the condition that the customer or the legal representative completes all of the following:

• Completes and signs an Agreement to Sell Property (DE-165); and

NOTE If the resource is jointly owned, all owners must sign the DE-165.

• Shows that he or she is making reasonable efforts to sell the resource.

A DE-165 must be completed even if the customer can prove that reasonable efforts to sell the property began before the application date.

More than one non-liquid resource may be conditionally excluded, but a separate Agreement To Sell Property (DE-165) must be completed for each resource and reasonable efforts to sell must be reviewed separately for each conditionally excluded resource.

NOTE The conditional exclusion can only be applied to property titled to a trust if no one has the legal ability to sell the property if it is removed from the trust. For example, this could happen when the trust beneficiary is incompetent and the trustee cannot legally sell the property if it is removed from the trust.

1) When the Conditional Exclusion Begins

The conditional exclusion starts the earlier of the following:

- The month the Agreement to Sell Property (DE-165) is completed and signed by all owners; or
- The month the customer began reasonable efforts to sell the resource if there has been no break in the efforts to sell. The customer must provide proof of the date reasonable efforts began, the types of reasonable efforts made, and proof that efforts to sell the property were made throughout the entire period before the DE-165 was signed. If reasonable efforts to sell stopped for longer than one week, the customer must have good cause (see #3 below).

### 2) Reasonable Efforts to Sell

To make a reasonable effort, the customer must take all necessary steps to sell the resource. Reasonable efforts include all of the following:

• Unless he or she has good cause, the customer must take all of the following actions within 30 days of getting notice that AHCCCS has accepted the DE-165:

o List the property with an agent; or begin to advertise it in at least one of the newspapers, shoppers guides or other local media where the resource is located;

o Place a "For Sale" sign on the property, if allowed;

o Begin to hold open houses or otherwise show the property to interested parties on a continuing basis; or

o Use any other suitable methods like posting notices on community bulletin boards or issuing fliers.

- Except for gaps of not more than one week, the customer must make continuous efforts to sell the property by listing it with an agent or by trying to sell it himself;
- Sell the property for as much as possible;
- Ask no more than the highest current market value (CMV) estimated by a knowledgeable unbiased third party; and
- Accept any reasonable offer to buy the property. An offer is reasonable if it is at least two-thirds of the estimated CMV unless the owner proves otherwise. The burden of proof rests on the owner to prove that a rejected offer was not reasonable.
- 3) Good Cause for Not Maintaining Continuous Efforts to Sell

When reasonable efforts to sell the resource are not made for more than a week, the customer must be given a chance to provide proof of good cause for not maintaining continuous efforts to sell the resource. Good cause exists when circumstances beyond the customer's control prevent him or her from making reasonable efforts to sell.

For example, good cause exists when the customer stops efforts to sell to accept a legitimate offer to buy the property, but then the buyer does not complete the purchase.

4) Failure to Establish Good Cause

If there is a gap of more than one week in the customer's efforts to sell the resource and the customer is unable to prove good cause, the conditional exclusion of the resource

no longer applies. The value of the resource is counted when determining resource eligibility. If the customer loses ALTCS benefits because of the value of the resource, the customer must prove that he or she has restarted reasonable efforts to sell before the resource can be conditionally excluded again. The conditional exclusion can be reapplied in the month following the month reasonable efforts to sell are restarted.

5) Ending the Conditional Exclusion

The conditional exclusion ends at the earliest of the following times:

- The resource is sold;
- The customer stops reasonable efforts to sell without good cause;
- The customer's provides a written request to cancel the agreement; or
- The total value of the customer's countable resources plus the value of the conditionally excluded resource falls below the resource limit.

### F Long Term Care Partnership Program Exclusion

### F Long Term Care Partnership Program Exclusion

Policy

Section 1917(b) of the Social Security Act allows states to develop Long-Term Care Partnership Programs (LTCPP) to increase the number of people buying private long-term care insurance. The Arizona Long-Term Care Partnership program began July 1, 2008.

The State Insurance Commissioner, or other state official charged with regulation and oversight of insurance policies sold in the state, determines whether a policy meets the State Insurance Department's LTCPP requirements.

### 1) Treatment

People with a qualifying policy get a resource exclusion equal to the amount of benefits paid out under the policy before the month the person applies for ALTCS.

- The resource exclusion is limited to the total amount of payments made by the insurance company through the month before the month of ALTCS application.
- The exclusion is not applied to resources that are already excluded under another ALTCS policy.
- The resource exclusion can be applied to any type of counted resource, including real property.
- The resource exclusion only applies to resources owned solely or jointly by the customer and community spouse. The resource exclusion is not applied to resources owned solely by a community spouse.

NOTE An amount equal to the resource exclusion is also excluded from collection by the Estate Recovery program.

See Long Term Care Partnership Program Exclusion for an example.

If the LTCPP policy is still paying for services during or after the month of the ALTCS application, the payments are treated as Medical Insurance Payments (see <u>MA606QQ</u>).

## 2) LTCPP Resource Exclusion and Transfers

The LTCPP resource exclusion is not tied to any specific resources. So, it cannot be used to exclude a resource transferred without receiving fair value and avoid a penalty period.

### 3) LTCPP Policies from Other States

Federal law allows states to enter into agreements to honor LTCPP policies purchased in another state. Arizona is a participating state. When a LTCPP policy was bought in another state, the case is referred to the Program Support Administration for review.

## 704 Ownership Resources

### 704 Ownership of Resources

The ownership of a resource must be reviewed to determine what part is available to the customer to meet his or her needs.

This section describes different types of ownership including:

- Sole and separate ownership;
- Joint ownership;
- Equitable ownership; and
- Ownership involving an agent.

### A Sole and Separate Ownership

#### A Sole and Separate Ownership

Revised 06/08/2017

Policy

A person with sole and separate ownership of a resource is the only person who may sell, transfer, or dispose of the property. The full value of the resource belongs to that person.

### **B** Joint Ownership

#### B Joint Ownership

### Revised 08/07/2020

#### Policy

There are three possible ways jointly owned property can be titled:

- "Or" between the owners' names;
- "And/or" between the owners' names; and
- "And" between the owners' names

If the resource title shows "or" or "and/or" between the owner's names, either owner can sell, transfer, or dispose of the property without the consent of the other owner. The full value of the resource is considered available to the each owner.

If the title shows "and" between the owners' names, all the owners must sign before the resource can be sold, transferred, or disposed of. If an owner who is not part of the customer's resource group cannot be located or refuses to sell, the resource is not considered available to the customer.

Resources that are jointly owned must be reviewed as a transfer. See <u>MA902.B</u> and <u>MA902.C</u>

#### Exception:

There are special rules that affect how jointly owned financial accounts are counted. See <u>MA705.1</u> for detailed policy.

#### Definitions

| Term | Definition   |
|------|--|
|      | Joint ownership designates real and personal property owned together with one or more individuals. |

Proof

Proof of joint ownership includes:

- A copy of the title to the property or a tax statement showing the owners of the property; or
- A phone contact with the appropriate county assessor's office to confirm ownership.

Proof that the resource is unavailable includes:

If the other owners can be located, proof of the following must be obtained:

- The other owner refuses to sell (via written statement or phone contact);
- The sale of the resource would create a undue hardship to the other owner in the form of loss of housing; and
- A legal barrier is preventing the customer from selling their portion of the resource.

If the other owners cannot be located, proof must be obtained of the following:

- Names of all owners;
- The reason the property is not available; and
- The reason a written statement of refusal to sell is not available from the other owners.

### C Equitable Ownership

#### C Equitable Ownership

### Revised 12/30/2019

Policy

A person may have an ownership interest in a resource even when he or she is not listed as an owner on the title or ownership document. This is described as having equitable ownership. Equitable ownership may affect a customer's counted resources in either of the following situations:

- The customer holds the legal title, but claims that someone else really owns the resource through equitable ownership; or
- The customer does not hold legal title to a resource, but does have an equitable interest.
- 1) Customer holds legal title, but someone else has an equitable interest

The value of the other person's equitable interest in the resource is not counted in the customer's resource determination. The actual ownership interest for each person must be determined. See Equitable Ownership for an example.

2) Customer does not hold legal title, but does have an equitable interest

The value of a customer's equitable ownership interest is considered in the resource determination. Common types of equitable ownership include the following:

- Ownership interest in an unprobated estate This may occur when a person is an heir or relative of the deceased and receives income from the property or received rights to the property due to the death.
- Beneficiary of a trust The beneficiary does not have legal title, but does have an
  equitable ownership interest in the assets held by the trust. See Chapter <u>800</u> for
  policies and procedures for trusts.

• Real Property – A person may gain an equitable ownership interest in real property by activities like making mortgage or property tax payments, building or paying for additions to or improvements on a structure.

#### Definitions

| Term                | Definition  |
|---------------------|---|
| Beneficiary         | A person for whom a trust was created, and who receives the benefits of that trust.   |
| Equitable ownership | An equitable ownership interest is a form of ownership or right of use that exists without legal title to the property.   |
|                     | For example, a person regarded as the real owner because<br>of his investment in the property, but the legal title is in<br>someone else's name has an equitable ownership interest in<br>the property. |

#### Proof

Proof of equitable ownership may vary depending on the reason for the equitable ownership and whether the customer or someone else has the ownership interest. See the following table for more details:

### D Ownership Involving an Agent

D Ownership Involving an Agent

### Revised 06/08/2017

Policy

Special rules may apply to how a person's resources are counted when:

- The person is a ward and the agent has access to the person's resources; or
- The person acts as an agent and has access to someone else's resources.
- 1) The Person is a Ward

In general, the resources are still considered the ward's, even though the agent has access to them. They are not the agent's resources, since the agent does not own them and only uses them for the ward's benefit. In many cases the ward's resources cannot legally be used for the agent's benefit. An action taken by the agent is treated the same as an action taken by the ward.

An agent may be holding resources owned by the ward. In this situation, the title must clearly show the ward's ownership interest, and that the agent is acting in a fiduciary capacity. If the title does not accurately show the ward's ownership interest, it must be corrected.

If the title is not corrected, the resource is counted as available to the ward based on the ownership interest listed on the current title. For example, if the title does not list the ward as an owner at all, the resource is not counted as available to the ward. However, the change in ownership must be reviewed as a transfer (MA900).

#### 2) The Person is an Agent

In general, even though the agent has access to a ward's resources, they are not considered available to the agent. However, if the title of a resource belonging to the ward incorrectly lists the agent as an owner and is not corrected, the resource is counted as available to the agent based on his or her ownership interest.

Definitions

| Term      | Definition  |
|-----------|---|
| Agent     | A person or organization acting in a<br>fiduciary capacity on behalf of another<br>person. The term "agent" applies whether<br>the authorization is formal or informal, and<br>includes power of attorney, representative<br>payee, conservator, or guardian. |
| Fiduciary | A person legally appointed and authorized<br>to manage the income and resources for<br>the benefit of another person rather than<br>for his or her own profit.  |
| Ward      | The person for whom an agent has<br>authority to act. This term is not limited to<br>"ward" in the legal sense.   |

#### Proof

Proof of ownership or an agent's fiduciary capacity includes:

- Title documents;
- Financial account statements; and
- Receipts and other records showing how the customer's assets have been used.

The agent/ward relationship between a customer and another person or organization must be clearly proven. Proof of the agent/ward relationship includes:

- Court documents showing appointment of a guardian or conservator;
- Power of Attorney;
- Records appointing or listing a Representative Payee.

## 705 Resource Types

### 705 Resource Types

### Overview

There are many different types of resources that may be owned by a customer or their spouse. Different policy applies to each type of resource.

Policy, definitions, proof, and legal authority are addressed individually in this section for each type of resource.

### A Animals

### A Animals

## Revised 01/01/2019

#### Policy

Animals that meet any of the following are excluded as a resource:

- Animals used for food or to produce items used for food;
- Livestock and other animals that produce income and meet the requirements at <u>MA705S</u>; and
- Service animals and pets

The value of all other animals is counted as a resource.

NOTE For animals used for transportation, use the policy for vehicles at <u>MA705AA</u>.

Definitions

| Term | Definition   |
|------|--|
|      | An animal trained to do work or perform tasks for the benefit of a person with a disability. |

#### Proof

The customer's statement as to the specific use of the animal is accepted unless there is other conflicting information.

Any of the following is used to establish the value of any animal that is counted as a resource:

- Bill of Sale;
- Receipt;
- Contract;
- Any other legal document that lists the current market value of the animal; or

• Appraisal from a breeder, pet dealer or other person who is knowledgeable about the animal and its value, if the appraisal contains enough information to determine the current market value of the animal.

### **B** Annuities

#### **B** Annuities

## Revised 01/01/2019

Policy

The resource value of an annuity depends on the type of annuity.

| If the annuity is | Then the treatment is  |
|-------------------|--|
| Revocable         | The amount, after any penalties, the<br>customer would get if the annuity were<br>cashed in is a counted resource. |
| Irrevocable       | Excluded as a resource.  |
|                   | NOTE To evaluate the annuity as a possible transfer, see <u>MA902G</u>   |

#### Definitions

| Term                | Definition   |
|---------------------|--|
| Annuitant           | The person or people entitled to payments from an annuity.   |
| Annuity             | A contract under which an investor makes<br>a lump-sum payment or a series of<br>payments to an insurance company, bank<br>or other financial institution that, in return,<br>agrees to give the investor either a higher<br>lump-sum payment in the future or a series<br>of guaranteed payments. |
| Annuitized          | When an annuity is issuing payments<br>according to the contract and has become<br>irrevocable. When a resource is annuitized,<br>it changes from a resource to a stream of<br>income.   |
| Beneficiary         | The person(s) entitled to any remaining pay-out of an annuity upon the death of the annuitant.   |
| Irrevocable Annuity | The annuity has been converted from a  |

| resource to a stream of income and cannot<br>be cashed in. Also called an "immediate"<br>annuity.         |
|---|
| The contract can be surrendered and the funds in the account withdrawn. Also called a "deferred" annuity. |

#### Proof

Proof that can be used to verify the annuitant, annuity beneficiary, current market value, and whether the annuity is revocable or irrevocable includes:

- A copy of the annuity application to verify the annuity beneficiary; AND
- A copy of the annuity contract and account statements from the annuity or insurance company; OR
- The AHCCCS Request for Proof of Annuity form (DE-235) form completed by the annuity company or life insurance company; OR
- A written statement from the annuity company or life insurance company with enough information to evaluate the annuity.

### C Bonds

### C Bonds

## Revised 01/01/2019

#### Policy

For most bonds the current market value is counted as a resource, unless there is proof that the owner cannot sell the bond. Most bonds can be sold and transferred.

### Exception:

U.S. Savings Bonds are excluded as a resource for the first 12 months after they are issued. After that period, the current market value is counted.

#### Definitions

| Term                     | Definition  |
|--------------------------|---|
| Bond                     | An investment in which an investor loans<br>money to a corporation or government<br>entity for a specific period of time at a<br>specified interest rate. |
|                          | Some bond types are corporate bonds, municipal bonds and government bonds.  |
| Minimum Retention Period | Savings bonds must be held for a minimum of 12 months after issuance before they can be converted into cash.  |
| Maturity Date            | The date on which the principal amount of<br>the bond is due to be repaid to the<br>investor, and the bond stops earning<br>interest.                     |
| U.S. Savings Bonds       | Debt securities issued by the U.S.<br>Department of Treasury to help pay for the<br>U.S. government's borrowing needs.                                    |

Proof

## Ownership:

Proof of who owns the bond is usually found on the bond itself. Other proof includes an account statement from the corporation or government entity that issued the bond.

## Current Market Value(CMV):

Proof of a bond's CMV includes:

- An account statement from the corporation or government entity that issued the bond;
- Collateral contact with the corporation or government entity that issued the bond; or
- Request for Proof of Financial Accounts (DE-203) completed by the bond issuer.

NOTE In addition to the proof listed above, the value of a U.S. Savings Bond may be verified by a bank or online through the U.S. Department of the Treasury's website at: <u>http://www.treasurydirect.gov/BC/SBCPrice</u>.

Since the CMV is the face value after it matures, do not request proof of the value of a series H or HH bond after the maturity date.

## **D** Burial Funds

### **D** Burial Funds

# Revised 01/01/2019

Policy

1) Types of burial funds

The counted value of burial funds depends on the type of burial fund and whether it is revocable or irrevocable.

See the table below for details of how burial funds are treated:

| Burial Fund…                   | Treatment  |
|--------------------------------|--|
| Irrevocable Burial Arrangement | Resources irrevocably assigned to fund a pre-need funeral arrangement are excluded when the customer does not have access to the funds.  |
|                                | NOTE The customer may still have access to funds in a burial arrangement even when he or she is no longer the listed owner or holder of the contract or certificate.                         |
|                                | See Irrevocable Burial Contract for an example.  |
|                                | When the customer has access to the<br>funds in the irrevocable funeral<br>arrangement use the policy for <b>revocable</b><br>burial arrangements to determine how to<br>count the resource. |
| Revocable Burial Arrangement   | When a burial arrangement can be revoked or sold, the following apply:   |
|                                | <ul> <li>Consider any amounts clearly<br/>identified for the purchase of burial plot<br/>items using the policy in <u>MA705E</u>;</li> </ul>   |
|                                | • Any remaining amount is counted based on the amount payable to the owner if revoked, or the current market   |

| value when the contract is not revocable but can be sold.  |
|--|
| Exception:   |
| When the burial arrangement cannot be<br>revoked or sold without significant hardship<br>to the customer, it is treated like an<br>irrevocable burial fund and excluded. An<br>example of a significant hardship would be<br>if the customer has to move out of state for<br>the contract to be revoked or liquidated. |

## 2) Burial Fund Exclusion

If the customer does not have an irrevocable burial arrangement, up to \$1,500 that is set aside to pay for the cost of a funeral is excluded as a resource. The customer and the customer's spouse are each eligible for their own \$1,500 burial fund exclusion, regardless of which spouse owns the funds. To qualify for the exclusion, these funds must be designated for burial expenses and kept separate from other non-burial related resources.

Designation may be done by the title of an account or by written declaration. Written declarations should be on the Burial Fund Designation (DE-157) form, which has a penalty clause for providing false information. A written declaration must show:

- The value and owner of the resources;
- How the resources are being held (burial contract, bank account, etc.);
- For whose burial the resources are set aside; and
- the date the owner first considered the funds set aside for the burial of the person named.
- 3) Burial Fund Exclusion Begin Date

The burial fund exclusion is applied to the value of the designated fund, including interest or appreciation, the month the exclusion begins. The exclusion begins the latest of the following months:

• The month the funds were first considered to have been set aside;

- The application month; or
- The month funds designated for burial are separated from other funds not related to burial.

See Examples Declaratively Designated Burial Funds.

Once a fund is separated and designated as set aside for burial, it remains a burial fund until one of the following occurs:

- The customer's ALTCS eligibility ends;
- NOTE When the customer has a temporary change in circumstances that lasts three months or less, eligibility may be suspended instead of ended. In this case, the burial fund and exclusion remain in place.
- The customer purchases an irrevocable burial contract;
- The customer uses the funds for another purpose; or
- The burial funds are mixed with other resources not intended for burial.

If a fund is no longer a burial fund, any part of it that was excluded under burial fund policy is now counted.

4) Interest Earned on Excluded Burial Funds

Once the burial fund exclusion is determined, any interest earned on the designated burial funds is also excluded if not withdrawn. This applies even when only a portion of the burial fund is excluded.

When the customer loses eligibility and reapplies later, the burial fund exclusion is applied as if it were being applied for the first time, and a new designation must be provided. The current value of the fund is used. Interest earned or appreciation since the prior time the exclusion was applied are no longer excluded.

See Examples Interest Earned on Burial Funds.

5) Adding to a Designated Burial Fund

If the total amount of the designated burial funds at the time the Burial Fund Exclusion was determined is less than \$1,500, the customer may add to the designated burial fund up the the maximum of \$1,500. See Example - Adding to a Designated Burial Fund.

| Burial funds                    | Burial contracts, burial insurance, burial<br>trusts, other burial arrangements such as<br>cash, financial accounts, or other financial<br>instruments that are clearly designated for<br>burial expenses and separated from any<br>resources not related to burial.  |
| Burial Insurance                | An insurance policy with terms that do not<br>allow the use of the proceeds for anything<br>other than payment of the insured's burial<br>expenses.   |
|                                 | NOTE If the policy has a cash<br>surrender value to which the owner has<br>access, it is considered life insurance<br>and not burial insurance.   |
| Declarative Designation         | A statement signed under the penalty<br>clause regarding fraud in which the person<br>who owns the resource states the purpose<br>for which the resource was set aside and<br>the date it was set aside. The Burial Fund<br>Designation (DE-157) form is used for this<br>purpose.  |
| Funeral Arrangement Expenses    | Funeral arrangement expenses are related<br>to preparing the body for burial and<br>services before burial. This includes<br>transporting the body, embalming,<br>cremation, funeral or memorial services,<br>flowers, clothing, the services of a funeral<br>director and staff, benefit of clergy.<br>NOTE These items are different than |

|------------------------------|--|
| Irrevocable Burial Trust     | An irrevocable Burial Trust is a trust that<br>does not fund a burial plan at a specific<br>funeral home.  |
| Pre-need Burial Contract     | An agreement whereby the buyer pays in<br>advance for funeral goods, services, and<br>burial plot items that the seller agrees to<br>furnish upon the death of the buyer or<br>other designated individual.          |
| Revocable Burial Arrangement | A burial fund that may be sold and some or<br>all of the value of the contract can be used<br>for non-burial expenses.   |

### Proof

Contract or Trust Terms:

Proof of burial funds and burial arrangements include Burial Contract, Trust or Arrangement papers when they contain the following information:

- The name of the contract owner or trust beneficiary;
- Date of the contract, trust or arrangement;
- Terms of the contract, including whether or not it is it is revocable;
- Name and address of the contractor or trustee; and
- Value of the contract or trust.

### Contract Value:

When there is an indication that the customer owes money on the contract or arrangement proof of the outstanding balance and payments includes:

• Billing statements;

- Written statement from contract issuer;
- Canceled checks for proof of payments;
- Collateral contact with the contract issuer.

Irrevocable Assignment of Insurance Policy:

When the burial arrangement is funded by the irrevocable assignment of the ownership of an insurance policy, proof needed includes:

- The burial contract;
- The insurance policy whose proceeds pay for the burial contract; and
- A document legally obligating the insurance policy as payment for the services specified in the burial contract.
- NOTE The burial contract itself may contain a clause legally obligating the insurance policy as payment for the services.

Declarative Designation of Burial Funds:

The statement on the Burial Fund Designation (DE-157) form must contain all of the following:

- The value and owner of the resource set aside for burial;
- For whose burial the resources are set aside;
- The form in which the resource is held (for example, life insurance policy, bank account, stocks); and
- The date on which the person considered the funds set aside for burial.
- NOTE The person's statement of the date he or she first considered the funds set aside for burial is accepted (even if it is before the application month) unless there is evidence that the funds were used and replaced after that date.

|                  | The term also includes needed and<br>reasonable improvements or additions to<br>such items like vaults, headstones,<br>markers, plaques, burial containers, and<br>arrangements for opening and closing the<br>grave site for burial.   |
|                  | Contracts for care and maintenance of the grave site, can also be excluded as a burial plot item.   |
| Held for         | An ownership situation in which the person<br>has title to or possesses a burial plot item<br>intended for another's use. This includes<br>when the person has purchased a pre-<br>need burial contract for specific burial plot<br>items as the agreement shows the<br>person's legal right to the items in the<br>contract.   |
|                  | NOTE A burial space is not held for<br>a person when making payments under<br>an installment sales contract since the<br>person will not own or have the right to<br>use the space until all payments have<br>been made. However, it is still entitled<br>to the conditional burial plot item<br>exclusion if regular payments are being<br>made as required by the contract. |
| Immediate Family | The immediate family includes a customer's spouse and any of the following related by blood, adoption or marriage:  |
|                  | • Children;   |
|                  | • Siblings; and   |
|                  | • Parents.  |
|                  | The person does not need to be dependent or live in the same household.   |

### Proof

The type of proof needed depends on what the customer owns. If the customer owns more than one of a type of burial plot item, the customer must also provide a statement regarding for whom it is being held. The statement must include the name of the person(s) and their relationship to the customer.

NOTE Only the value of non-excluded burial plot items must be proven.

Proof of the value if burial plot items includes legal documents, like sales contracts and purchase agreements or a collateral contact to the contractor when all of the following information is included:

- Name of the purchaser;
- Name and address of the seller;
- Description and location of the burial plot item;
- Date of the purchase;
- Cost of the burial plot item at time of purchase; and
- Current value of the burial plot item.
- When installment payments are still due, whether the payments are being made according to the contract terms..

### G Continuing Care Retirement Community Entrance Fees

## Revised 01/01/2019

Policy

The entrance fee a person paid to a continuing care retirement community (CCRC) or life care community contract (LCCC) is considered a resource for the eligibility determination if the person:

- Can use the entrance fee to pay for care; and
- Is eligible for a refund upon death or upon leaving the CCRC or LCCC; and
- The fee does not purchase an ownership interest in the CCRC or LCCC.

### **I Financial Accounts**

### I Financial Accounts

### Revised 07/10/2020

Policy

In general, the full amount of the funds in a financial account is counted as a resource to each person listed on the account title.

Accounts that are not formal checking or savings accounts, but can be used to purchase food or shelter for the customer, are treated as financial accounts.

### Exceptions:

Specific exceptions to the general policy on financial accounts are listed in the following table:

| lf  | Then  |
|---|---|
| It is a pooled account  | Only the customer's share of the funds are counted.   |
| The account is owned by more than one person applying for or receiving AHCCCS | The funds in the account are divided by the<br>number of account owners who are<br>applying for or receiving AHCCCS to<br>determine the customer's share.               |
| It is a conservatorship account   | Generally, counted for the ward, and not<br>counted for the conservator or<br>guardian. See <u>MA704C</u> for policy on<br>ownership involving an agent.                |
|   | NOTE The funds may be counted<br>even when withdrawals require court<br>approval. Denial of a specific<br>withdrawal does not mean that the<br>funds are not available. |
| It is a 529 Educational Savings Account (ESA)                                 | The funds are counted for the owner of the account  |
|   | NOTE Funds in an ESA are<br>excluded for the listed beneficiary,<br>because the beneficiary does not have<br>access to the money.                                       |

| It is a 530 Coverdell Education Savings<br>Account                       | The funds are completely excluded for the owner and the beneficiary.<br>NOTE The funds are not counted for the owner because they are acting as an agent for the beneficiary on the account.  |
|--|---|
| It is a Flexible Spending Arrangement (FSA)                              | Excluded.   |
| It is a Health Savings Account (HSA) or<br>Medical Savings Account (MSA) | Excluded when the funds in the account<br>may only be used for qualified medical<br>expenses, and receipts must be submitted<br>to the financial institution before funds can<br>be disbursed.<br>Counted for the owner of the account when<br>the owner may withdraw funds for non-<br>medical purposes. In this case,<br>disbursements from the account are<br>considered conversions of a resource<br>(MA701). |
| It is an ABLE account  | The full amount in the account is an excluded resource.   |
|  | NOTE An ABLE account does not need to be opened in Arizona to be excluded.  |
|  | The treatment of withdrawals from an ABLE account depends on the type of expense:   |
|  | • Funds withdrawn for a non-qualifying expense are counted as a resource in the month of the withdrawal;  |
|  | • Unspent funds withdrawn for a qualified housing expense are counted the month following the month of the withdrawal;  |
|  | • Unspent funds withdrawn for any other qualifying expense are excluded as long as they are identifiable from the customer's bank statement.  |
| The funds in the account are unavailable                                 | Excluded when the customer cannot legally access and use the funds for his or   |

| her own support (see <u>MA703A</u> for policy and proof).  |
|--|
| Excluded when the customer provides<br>proof that the funds belong to another<br>person AND that the customer can no<br>longer access those funds. |

NOTE There are certain funds that are excluded by law and are excluded when determining the value of a financial account. For a detailed list and policy see <u>MA705BB</u>.

|  | <ul> <li>Financial management and<br/>administrative services;</li> </ul>   |
|  | Legal fees;   |
|  | • Expenses for ABLE account oversight and monitoring;   |
|  | Funeral and burial; and   |
|  | Basic living expenses.  |
| Ward   | The person for whom an agent has<br>authority to act. This term is not limited to<br>"ward" in the legal sense.   |

Proof

## Proof of ownership and account balance

The customer must provide proof of ownership, and for counted financial accounts, the value of the funds in the account for each month. For excluded financial accounts, only proof of the account type is needed.

Proof of ownership and account value is first obtained through State Data Services Hubs.

• Bank statements, including on-line bank statements;

• Request for Proof of Financial Accounts (DE-203) form completed by the financial institution;

• Written statement from the financial institution;

• Account ledgers from a nursing facility, DDD Account Statement or Public Fiduciary account ledgers;

• A collateral contact to the financial institution; and

• An account balance slip from an ATM machine, which contains sufficient information to show account ownership, when combined with other proof identifying the account.

- For an ESA, the account details and terms, contract or form 1099-Q.
- For an FSA, an account statement or a current pay stub showing a salary deduction deposited into the FSA.
- For an HSA or MSA, a copy of the account terms.

### Proof of ABLE account withdrawals

The customer must provide proof of how funds withdrawn from an ABLE account were used or are their intended use. Proof includes:

• An accounting or written statement from a state program or institution administering ABLE accounts that monitors and validates withdrawals from the account;

- Receipts;
- Estimates;

• Written statement from the person or organization that received the funds that includes:

- Who received the funds;
- The date of the payment; and
- $\circ$  The purpose of the payment or the service that was provided.

## Proof rebutting account ownership

To rebut the assumption of full or partial ownership of and account, the customer and each other account owner must provide a written statement, under penalty of perjury, of all of the following:

- Who owns the funds in the account;
- Why there is a joint account;
- Who has made deposits to and withdrawals from the account; and
- How withdrawals have been spent.

NOTE If the only other account holder is incompetent or a minor, the customer must provide a statement that meets these requirements from the person who was aware of the circumstances surrounding the establishment of the account.

The customer must also provide all of the following:

- Account records showing deposits and withdrawals for all months in which ownership is being rebutted;
- Account records or statements from the financial institution showing the customer's portion of the funds (if any) have been removed from the account, and that the customer is no longer listed as an owner or signer.

### J HCBS and Nursing Facility Refunds

### J HCBS and Nursing Facility Refunds

## Revised 01/01/2019

Policy

After ALTCS approval, the nursing facility must refund the amount of payments made by the customer while waiting for the ALTCS approval that is more than the customer's share of cost for the approved months.

ALTCS Program Contractors are able to refund payments for some HCBS services provided while an ALTCS application was pending. The reimbursement for HCBS is determined by the Program Contractor and depends on whether the services were otherwise approvable.

Any of these refunds received after ALTCS is approved are excluded for six months starting with the month the refund is received.

NOTE While the refund is excluded for the six-month period it is not an "excluded resource" as described in <u>MA904</u>I. When the refund is paid to anyone other than the customer or the customer's spouse evaluate it as a potential transfer.

If the refund is kept in an account with money that counts as a resource, any withdrawals made are assumed taken from the counted money first. See <u>MA703B</u> for more details on commingled funds.

## K Home Property

### K Home Property

## Revised 08/14/2020

#### Policy

The policy for how a customer's home property is counted is covered in the following sections:

- General rules for home property;
- Home property equity value limit; and
- Sale of home property.
- 1) General Rules for Home Property

The value of real property or a life estate interest in real property is generally counted as a resource. However, the customer's home property or life estate interest in home property is excluded when any of the following conditions are met:

- The customer or spouse lives in the home property;
- The customer is absent from the home property due to institutionalization but the customer's spouse or dependent relative lives in the property as his or her principle residence; or

• The customer or spouse lived in the home property, is absent due to institutionalization, but intends to return to the home. For life estates, the customer must have lived in the home property before entering the institution.

### Exceptions:

The home property exclusion cannot be applied when the home property is:

- In a trust;
- Located out-of-state, even when the customer's spouse lives in the property. The property is considered real property. (MA705T)

See Life Estate Interests as Home Property for examples of how home property policy applies to life estates.

NOTE When the customer purchased a life estate in another person's home, it must be evaluated as a transfer (see MA903).

## 2) Home Property Equity Value Limit

If the equity value of the customer's ownership interest in the home property is over the limits in the following table, the customer qualifies for ALTCS Acute Care services only, and cannot receive long term care services:

| Home Equity Limit            |                              |                              |
|------------------------------|------------------------------|------------------------------|
| Effective 1/1/18 to 12/31/18 | Effective 1/1/19 to 12/31/19 | Effective 1/1/20 to 12/31/20 |
| \$572,000                    | \$585,000                    | \$595,000                    |

## Exceptions:

This policy does not apply to customers who meet anyof the following conditions:

- Approved for ALTCS before July 1, 2006 and have had no break in ALTCS eligibility since July 1, 2006;
- The customer's spouse lives in the home;
- The customer's child under age 21 lives in the home;
- The customer's child lives in the home and is blind or disabled, as determined by Supplemental Security Income (SSI-Cash) rules (see <u>MA504</u> and <u>MA509</u>).

## Undue Hardship for Home Equity Value

Ineligibility for long term care services based on equity value of home can be waived if the customer can demonstrate undue hardship. All of the following must be met to establish undue hardship:

- The customer must be otherwise eligible for ALTCS benefits;
- The customer must be unable to obtain medical care without receipt of ALTCS;
- The customer is incapacitated, as determined by a physician;
- The customer is unable to participate in the sale of the property; and

• There is no one with the legal authority to sell the property on the person's behalf.

## 3) Sale of Home Property with Intent to Replace

When a customer sells his or her home property the net proceeds may be excluded for up to three months when the customer plans to use money to buy another home property. Buying another home property includes any of the following costs:

- Down payment;
- Settlement costs;
- Loan processing fees and points;
- Moving expenses;
- Necessary repairs to or replacements of the new home's structure or fixtures that are identified and documented before moving into the home;
- Mortgage payments; and
- Other costs identified and documented before buying or moving into the new home. These costs must be directly related to the purchase.

If the customer received the proceeds from the sale of home property under an installment contract, the contract is excluded for as long as the customer plans to use the entire down payment and the entire principal portion of the installment payment to buy another home, and does so within three months of receiving any payment.

The proceeds from the sale of a home are excluded until the last day of the third full month following the month they were received. If the home is not replaced within the three-month period, proceeds from the sale are counted as a resource.

If the proceeds from the sale of the original home are more than the costs of buying the new home, the excess amount is counted as a resource.

### Exception:

The three-month exclusion does not apply when the home property is sold after the customer is institutionalized, unless the property was excluded because it was the principle residence of the customer's spouse or a dependent relative.

Definitions

| Term                         | Definition  |
|------------------------------|---|
| Home Property                | Property that serves as a person's principal<br>place of residence, and includes the<br>shelter in which the person lives, the land<br>on which the shelter is located and related<br>outbuildings. It can be real or personal<br>property, fixed or mobile, and may be<br>located on land or water.  |
|                              | This also includes property that is adjacent<br>or contiguous to the home property and<br>any other buildings located on that<br>land. Land parcels which are joined side-<br>by-side, corner-to-corner, or in any other<br>fashion are considered adjacent or<br>contiguous to each other. This means that<br>the properties are next to or connected to<br>each other and not separated by property<br>owned by someone else. |
|                              | NOTE Easements or public rights of<br>way (streets, roads, utility lines, etc.)<br>are not considered to separate<br>land. For example, two pieces of land<br>on opposite sides of a road are<br>considered adjacent. In the same<br>manner, watercourses, such as<br>streams and rivers, do not separate<br>land.  |
|                              | A person does not have to own the shelter<br>to consider the land part of the home<br>property. For example, the customer lives<br>on his own land in someone else's trailer.   |
| Principal Place of Residence | The residence established as the person's home.   |
| Dependent Relative           | A son, daughter, grandson, granddaughter,<br>stepson, stepdaughter, in-laws, mother,<br>father, stepmother, stepfather,<br>grandmother, grandfather, aunt, uncle,<br>sister, brother, stepbrother, stepsister, half-  |

| sister, half-brother, niece, nephew or<br>cousin, who is a dependent of the<br>customer. |
|--|
| Dependency may be of any kind (for<br>example, financial, medical, etc.)                 |

Proof

## Proof of ownership:

The following may be used for proof of property ownership:

- Deed;
- Assessment notice;
- Current tax bill;
- Current mortgage statement;
- Report of title search;

• Wills, court records, or relationship documents which show rights of an heir to the property after death of the former owner.

## Proof of Home Property equity value:

If the customer is exempt from the Home Property Equity Value Limit, proof of the property value is not needed. If the customer is not exempt, the following may be used for proof of the home property's equity value:

- County Assessor's Office records;
- Assessment notice;
- Current tax bill;
- Mortgage documents showing the loan balance;

• Court documents or County Recorder's Office records showing the balance of liens against the property.

## Proof of adjacent or contiguous property:

When there is information that part of the home property is not adjacent or contiguous to the home plot, the following may be used to determine if the property is separated from the home:

- The tax assessment;
- Property title;
- Deed;
- Collateral contact with the County Assessor's Office; or
- Other official document showing property boundaries.

## Proof of intent to return home:

The customer's statement is accepted as proof unless it contradicts itself. When the statement does not make the customer's intent clear, proof must be obtained from other sources, such as a physician, close relative, or person in a position to know.

## Proof of Home Property when more than one residence is owned:

Proof must be provided showing which residence is the home property. Proof includes:

- Voter registration or identification;
- Mailing address on recent tax forms;
- Address used by others to mail payments or benefits;
- Address from driver's license.

## Proof of customer's spouse or dependent relative living in the home property:

A signed statement must be provided by the customer, spouse or dependent relative that the customer's spouse or dependent relative currently lives in the home. If the relative is other than the spouse, the statement must also describe the relative's relationship to the customer and the cause of dependency. The statement is accepted without further proof unless there is reason to question it.

### Proof of intent to replace home property:

When the home property has been sold but will be replaced, a signed Intention to Replace Home Property (DE-168) form is used to show the intent to use the proceeds to purchase a new home.

Proof of the amount of the proceeds and the dates and amounts of any allowable costs or deductions must be obtained. Proof includes, but is not limited to, the following:

- Contracts;
- Bills;
- Receipts; or
- Settlement sheets.

## Revised 01/01/2018

Policy

The value of household goods and personal effects are excluded in the resource determination.

## EXCEPTION:

Items that are kept for their value, rather than for use, are counted as a resource. This may include stored or undisplayed artworks, gems, jewelry not worn or held for family significance, and collectibles.

NOTE Items purchased after the customer is institutionalized and primarily used by someone other than the customer should be reviewed as a transfer.

#### Policy

The following Tribal land and natural resources are excluded:

- Property located on a reservation
- Property held in trust,
- Property subject to Federal restrictions,
- Property under the supervision of the Secretary of the Interior.
- Indian allotments on or near a reservation as designated and approved by the Bureau of Indian Affairs of the Department of the Interior
- Ownership interests in rents, leases, royalties, or use of natural resources related to federally-protected rights. This includes extracting natural resources or harvesting timber, plants and plant products, animals, fish, and shellfish.
- Ownership interests in or rights to use items that have unique religious, spiritual, traditional, or cultural significance; or rights that support subsistence or a traditional lifestyle according to Tribal law or custom.

| Term                  | Definition  |
|-----------------------|---|
| Fishing Rights        | Rights to harvest fish or shellfish from designated fishing grounds.  |
| Grazing Rights        | Ownership interests in and usage rights to<br>land used under agreements between<br>Tribal officials or individual members and<br>livestock owners for grazing. |
| Indian Tribal Land    | Restricted allotted land owned by an enrolled member of an Indian tribe.  |
| Mineral or Oil Rights | Ownership interest in natural resources such as coal, oil, or natural gas extracted from the ground.  |

#### Definitions

| Located on a reservation | Any federally-recognized Indian Tribe's reservation, pueblo, or colony. This includes:   |
|--------------------------|--|
|                          | • Former reservations in Oklahoma,<br>Alaska Native regions established by<br>the Alaska Native Claims Settlement<br>Act and Indian allotments on or near a<br>reservation as designated and<br>approved by the BIA; and |
|                          | • For other federally recognized Tribes, property located within the most recent boundaries of a prior Federal reservation.  |
| Timber Rights            | Ownership interest permitting someone to cut and remove free standing trees.   |

#### Proof

Because these are excluded resources, only the source is verified.

Proof of Indian Tribal land and natural resources includes the following:

- Deeds;
- Titles;
- Tribal documents;
- Land use or rights contracts and permits;
- Written statement from the Tribe or the BIA; or
- Collateral contact with the Tribe or the BIA.

### P Life Insurance

#### P Life Insurance

### Revised 01/01/2019

Policy

In general, the equity value of life insurance policies is counted as a resource. The equity value of a life insurance policy is the cash surrender value (CSV) minus any outstanding loans on the policy.

### Exception:

If the total face value of all life insurance policies the customer owns on any person is \$1,500 or less, the equity value of the policies is excluded.

NOTE For policy on income from life insurance proceeds or death benefits see <u>MA606.OO</u>.

1) Determining Total Face Value

In determining whether the total face value of life insurance policies the customer owns on a person is \$1,500 or less, the face value of the following are excluded:

- Burial insurance policies and term insurance policies with no cash surrender value;
- An insurance policy that has been irrevocably assigned to fund a burial contract or irrevocably placed in a burial trust;
- An insurance policy with a funeral provider irrevocably named beneficiary when the policy owner has no access to the policy's CSV and cannot cancel the policy;
- An insurance policy revocably assigned to fund a pre-need burial arrangement; and
- An insurance policy declaratively designated as a burial fund.

NOTE Dividend accumulations left with the insurance company to accumulate interest are counted as a resource, even if the policy itself is excluded.

2) Determining Cash Surrender Value (CSV)

When an insurance policy is a countable resource, the value of any dividend additions is added to the policy's original CSV to determine the policy's current CSV.

The insurance company type determines whether the policy pays dividends. The type of company is usually identified on the face page of the policy after the firm's name.

- A policy issued by a non-participating or stock company generally does not pay dividends.
- A policy issued by a participating or mutual company usually does pay dividends.

Dividend additions are included in the CSV of the policy. Dividend accumulations that are not included in the face value or CSV of a policy, and are left with the insurance company to accumulate interest, are added to the CSV of the policy.

### 3) Treatment Based on Insurance Type

The table below provides specific policy for certain types of life insurance:

| If the policy is                   | Then   |
|------------------------------------|--|
| Burial Insurance                   | The treatment depends on whether the customer can access the CSV:  |
|                                    | • If the customer can access the CSV of the policy, it is treated as life insurance according to the policy in this section.   |
|                                    | <ul> <li>If the customer does not have access to<br/>the CSV, it is treated as a burial fund<br/>under <u>MA705D</u>.</li> </ul>   |
| Term Life Insurance                | Term life insurance usually does not<br>generate a cash surrender value. The face<br>value of the term insurance policy is not<br>included in the resource determination.<br>The equity value is only determined when it<br>is known that the policy has a potential<br>CSV (such as group policies contracted |
|                                    | through Navistar International).   |
| Accidental Death Insurance         | Accidental death policies do not have a CSV. Only the type of policy must be verified.   |
| Assigned to fund a burial contract | If the policy's owner has no access to the policy's CSV and cannot cancel the policy, the policy is treated as an irrevocable burial fund (see <u>MA705D</u> ).  |

| Declaratively designated as a burial fund | The policy is treated as a revocable burial fund (see <u>MA705D</u> ).  |
|---|---|
| Demutualized life insurance               | If the customer or spouse owns stock in an insurance company due to the demutualization of the insurance company, it is treated as stocks (see <u>MA705X</u> ). |
|   | If the customer or spouse received a cash<br>payment due to the demutualization of the<br>insurance company, any remaining cash is<br>a countable resource.     |

#### Definitions

| Term                    | Definition  |
|-------------------------|---|
| Accidental Death Policy | Accidental death policies pay only upon the death of the insured caused by sudden, unexpected or unintended external causes.  |
| Beneficiary             | The person named in the contract to receive the proceeds of the policy upon the death of the insured person.  |
| Burial Insurance        | An insurance policy with terms that prevent<br>it from being used for anything other than<br>payment of the insured's burial expense is<br>burial insurance and not life insurance.   |
| Cash Surrender Value    | The amount that the insurer will pay to the<br>policy owner upon cancellation of the<br>policy before the death of the insured<br>individual or maturity of the policy.   |
| Declarative Designation | A signed statement in which the individual<br>who owns the resource states the purpose<br>for which the resource is set aside and the<br>date on which it was set aside.  |
| Dividends               | <ul> <li>Payments of a share of any surplus company earnings to the policy owner.</li> <li>Dividend Additions - Amounts of insurance purchased with dividends and added to the policy, increasing its death benefit and CSV, but not the face value. The table of CSV that comes with an insurance policy does</li> </ul> |

|                                  | <ul> <li>not reflect the added CSV of any dividend additions.</li> <li>Dividend Accumulations - Dividends that the policy owner could have received but left in the custody of the insurer to accumulate at interest. They do not add value to the life insurance policy. The owner can obtain them at any time without affecting the policy's face value or CSV.</li> </ul> |
|----------------------------------|--|
| Face Value                       | The death benefit contracted for at the time<br>the policy is purchased or maturity amount<br>of the policy. The face value is shown on<br>the face of the policy. Face value does not<br>include:   |
|                                  | <ul> <li>The face value of any dividend<br/>addition which is added after the policy<br/>is issued;</li> </ul>   |
|                                  | <ul> <li>Additional sums payable in the event<br/>of accidental death or because of other<br/>special provisions; and</li> </ul>   |
|                                  | <ul> <li>The amounts of term insurance, when<br/>a policy provides whole life coverage<br/>to one family member and term<br/>coverage for others.</li> </ul>   |
| Life Insurance                   | A contract where the owner pays<br>premiums to the company that provides the<br>insurance. In return, the insurer agrees to<br>pay a specified sum to a designated<br>beneficiary upon the death of the insured.   |
| Mutual Company                   | A company that has no capital stock, is<br>owned by policy owners, is managed by a<br>board of directors chosen by the policy<br>owners, and usually issues participating<br>insurance only.   |
| Non-Participating Policy         | A policy for which a fixed guaranteed<br>premium is payable and which makes no<br>provision for the payment of any dividends<br>on the policy.   |
| Ordinary or Whole Life Insurance | A contract for which the insured individual  |

|                      | pays premiums for a period of time, and on<br>which the company pays the face amount<br>of the policy to the beneficiary upon the<br>death of the insured person. This type of<br>insurance usually has a CSV.   |
|----------------------|--|
| Participating Policy | A policy which shares in the distribution of dividends out of the surplus earnings of the company.   |
| Stock Company        | A company that is owned by shareholders<br>who share in the earnings of the company.<br>Stock companies may issue participating<br>and non-participating policies.   |
| Term Life Insurance  | A life insurance policy under which the<br>benefit is payable only if the insured<br>person dies during a specific period of<br>time. No benefit is paid if the insured<br>person survives to the end of the term.<br>Generally, term insurance policies do not<br>generate CSV. |

### Proof

Proof needed for life insurance policies is based on whether or not the policy generates a CSV:

### Policies that do not generate a CSV:

Proof of the policy type for accidental death policies and most term life insurance policies includes:

• A copy of the policy;

• A collateral contact with the insurance company confirming that it is an accidental death policy, or that a term life insurance policy does not have a CSV.

### Policies that generate a CSV:

Proof of ownership, CSV and equity value of life insurance includes:

- Request for Verification of Life Insurance Policies (DE-204) Form completed by the insurer;
- A letter of value provided by the life insurance policy; and

• Annual Dividend Statements.

See Proof for Group and Term Life Policies for more information.

A collateral contact or a life insurance policy is acceptable proof if it contains all of the following:

- Name and address of the life insurance company (insurer);
- Name of the policy owner;
- Name of the insured individual;
- Face Value;
- CSV of the policy (less any loans);
- Policy number; and
- Date the policy was issued.
  - NOTE When using insurance tables to determine the CSV of a policy, some tables specify a value per \$1,000 of coverage, meaning that the amount listed is multiplied by the appropriate factor.

### **R** Promissory Notes, Loans and Property Agreements

**R** Promissory Notes, Loans and Property Agreements

Policy

The principal balance of promissory notes, loan agreements and property agreements that are negotiable (can be sold) is counted. The current market value (CMV) may be used when the customer disputes the value of the agreement and provides proof of the actual CMV.

If the note, loan or agreement is not negotiable, it is not counted as a resource. Instead, it must be evaluated as a transfer under <u>MA903G</u>.

How cash proceeds are treated depends on whether the customer is the borrower or lender.

| If the customer is the | Then  |
|------------------------|---|
| Borrower               | The money is not counted in the month received, but any amount remaining in later months is counted as a resource.  |
| Lender                 | Payments received from the borrower are<br>treated as follows:<br>The part of a payment that is applied to the<br>loan principal is counted as a resource.                              |
|                        | NOTE The part of a payment for<br>interest owed is income, not a resource,<br>in the month of payment. (See<br><u>MA606KK</u> for more information on<br>treatment of interest income.) |

Definitions

| Term | Definition   |
|------|--|
|      | A negotiable agreement is a written order<br>or unconditional promise to pay a fixed<br>sum of money on demand or at a certain<br>time. A negotiable instrument can be |

|                    | transferred from one person to another.<br>Once the instrument is transferred, the<br>holder obtains full legal title to the<br>instrument. It does not contain terms<br>which make it unmarketable.<br>If any of these conditions are not met, the<br>agreement is not negotiable.   |
|--------------------|---|
| Promissory Note    | A written, unconditional agreement signed<br>by an individual who promises to pay a<br>specific sum of money at a specified time,<br>or on demand, to the person, company,<br>corporation, or institution named on the<br>note. A promissory note may be given in<br>return for goods, money loaned, or<br>services rendered. |
| Loan               | An agreement for one party to advance<br>money to another party who promises to<br>repay the debt in full, with or without<br>interest. A loan without a written<br>agreement is called an "oral loan".   |
| Oral Loan          | A loan agreement without a written<br>agreement of the terms of the loan and<br>repayment. Because there is no written<br>agreement, oral loans are not negotiable.   |
| Property Agreement | Pledge or security of a particular property<br>or properties for the payment of a debt or<br>the performance of some other obligation<br>within a specified time period. The<br>following are examples of real property<br>agreements:  |
|                    | Mortgages;  |
|                    | <ul><li>Installment contracts:</li><li>Land contracts; or</li></ul>   |
|                    | <ul><li>Contracts for deeds.</li></ul>  |
|                    | The following are examples of personal property agreements (chattel mortgages):   |

| Pledges on crops;       |
|-------------------------|
| Pledges on fixtures; or |
| Pledges on inventory.   |

Proof

### Proof of the loan or agreement terms:

The proof provided must include the following information:

- The amount of the loan;
- The date the loan was made;
- The date repayment is due in full, or when periodic payments start;
- Amount of payments;
- Frequency of payments; and
- Names of the borrower and the lender

A copy of the agreement or contract is the main source of proof. If there is no written agreement, then a written statement from both the borrower and the lender must be provided. The Request for Proof of Money Borrowed (DE-230) and the Request for Proof of Money Loaned (DE-231) forms should be used to ensure that complete information is received.

### Proof of the unpaid principle balance:

Proof of the unpaid principle balance is only needed if the agreement is a countable resource and using the face value would put the customer over the resource limit.

If the face value of the countable agreement or contract plus the value of other countable resources is less than the resource limit, no further action is required.

Otherwise, the unpaid principal balance of promissory notes, loans or property agreements must be verified. Proof includes:

- Written statement of both the borrower and lender of payments made and remaining principal balance;
- Payment books or ledgers;
- Financial statements showing payment deposits;
- Bank statements or letters from bank officers that provide the unpaid principal balance.

### Proof of CMV

Reliable proof of CMV is the appraised value obtained by the customer from a knowledgeable source, which includes any of the following:

- Banks;
- Savings and loan associations;
- Credit unions; and
- Licensed loan or mortgage brokers.

### Proof of negotiability

Written agreements or contracts are assumed to be negotiable unless they obviously do not meet the definition of "negotiable". Evidence of a legal barrier to assigning or selling the agreement is accepted as proof that it is not negotiable. If there is no written document, the agreement is not negotiable, further proof is not needed.

### S Property Essential to Self-Support

### S Property Essential to Self-Support

### Revised 08/14/2020

Policy

Certain property that generates income and can be considered "essential to selfsupport" is excluded when it is currently in use.

#### Exception:

The property may not be in use for reasons beyond the customer's control. In this situation it may still be excluded when:

- It has been in use before: and
- There is a reasonable expectation that it will be in use again within 12 months of the last use.

There are three kinds of property that may be partly or fully excluded as essential to self-support:

- Business property used in a trade or for employment;
- Non-business property that produces at least a 6% rate of return; and
- Property that produces goods or services for the customer's needs.

NOTE When home property is used in a trade or business, see Home Property policy in <u>MA705K</u>.

1) Business property used in a trade or for employment

The full value of property currently being used for a job or for self-employment is excluded. There are three main types of property covered by this policy:

- Trade or business property;
- Personal property used by a customer as an employee for work; and

• Property that represents governmental authority to engage in an income producing activity (for example a vendor's license).

See Business Property for an example.

2) Non-business property that produces a 6% rate of return

Up to \$6,000 of the equity value of non-business property is excluded if the property produces at least a 6% rate of return. The rate of return is calculated by dividing the net annual income from the property by the property's equity value (see Rate of Return for an example).

### Exception:

A property's rate of return for the current year may be lower than 6% for reasons beyond the customer's control. In this situation it may be still be excluded when:

- The property has produced at least a 6% rate of return in one of the last two years; and
- There is a reasonable expectation that the property will again produce at least a 6% rate of return within 24 months of the last year it produced a 6% rate of return.
  - NOTE If there is more than one property, the rate of return requirement applies to each property separately. For example, a customer owns two small rental spaces valued at \$2,500 each, each one would have to produce a 6% rate of return to be excluded.
- 3) Property that produces goods or services for the customer's needs

Up to \$6,000 of the equity value of property used to produce goods or services for the daily living needs of the customer or the customer's spouse is excluded.

### **T Real Property**

### T Real Property

### Revised 01/01/2018

Policy

In general, the equity value of real property is counted. For situations when real property may be excluded, see the following policy sections:

- •□□A Good Faith Effort to sell the property is being made (MA703E)
- Home Property (<u>MA705</u>)
- ●□□Property Essential to Self-Support (<u>MA705S</u>)
- •□□Indian Tribal Land (<u>MA705M</u>)

Ownership of real property can consist of an interest in the title or a right to the use of the property without title to the property. To determine what part of the real property is counted as a resource, the following must be considered:

- The customer's ownership interest (<u>MA704</u>); and
- $\Box$  The availability of the resource (<u>MA703A</u>).

NOTE There is separate policy for property assigned to a trust. See Chapter 800 for more information.

1) Determining Equity Value

The equity value of real property is calculated by subtracting the balance of any mortgages, loans or liens on the property from the current market value.

2) Undue Hardship

Jointly-owned real property that is available to the customer and would be counted may be excluded when sale of the property would cause an undue hardship to a coowner. Undue hardship may exist when all of the following apply:

- The property is the co-owner's principal place of residence;
- The co-owner would have to move if the property were sold; and

• The co-owner has no other readily available housing.

The value of the customer's ownership interest in the property is excluded for as long as the undue hardship exists for the co-owner.

| Term                           | Definition  |
|--------------------------------|---|
| Current Market Value (CMV)     | The CMV of real property is the amount<br>that property can be expected to sell for on<br>the open market in the surrounding<br>geographic area and under existing<br>economic conditions.                  |
| Life Estate with Powers        | A life estate where the owner retains the<br>power to sell the property, with a remainder<br>interest to someone else. The estate<br>holder can sell the property or revoke the<br>Life estate with Powers. |
| Life Estate without Powers     | A life estate without full title to the property,<br>but includes the use of the property for the<br>life estate owner's lifetime, or for a<br>specified period.  |
| Life Estate Remainder Interest | When an owner of property gives it to a<br>person in the form of a life estate, but<br>designates a second person to inherit it<br>upon the death of the life estate holder.                                |
|                                | The second person has a remainder<br>interest, but does not have the right to own,<br>occupy or otherwise use the property until<br>the life estate ends.   |

#### Definitions

Proof

### Proof of ownership:

Proof of ownership interest or a life estate interest may include:

- Deeds;
- Assessment notices;

- Current tax bills;
- Current mortgage statements;
- Report of title search;
- Wills, court records, or relationship documents.

### Proof of CMV:

Primary proof of a property's CMV is the assessed value from current tax bills or County Assessor records. However, these records cannot be used if the assessment meets any of the following:

- Was issued more than one year in the past;
- It is a special purpose assessment that does not include a full cash value assessment;
- It is under appeal; or
- It is based on a fixed rate per acre method.

If the assessment cannot be used or the customer disagrees with the assessed CMV, current written estimates of the property's CMV must be obtained from two knowledgeable sources. The estimates must identify the source of the estimate, the effective date and must be signed by the source. Knowledgeable sources include:

- Banks, savings and loan associations, mortgage companies, and similar lending institutions;
- An official of the local real property tax jurisdiction;
- The county Agricultural Extension Service;
- Real estate brokers;
- The local office of the Farmer's Home Administration for rural land.
  - NOTE The customer may submit any additional information that supports the claim that the value of the property is different than the assessed value.

### Proof for equity value:

Proof of mortgages, loans and liens on the property may include one or more of the following:

- Current mortgage statements that provide the outstanding loan amount or pay-off amount;
- County Recorder records of loans and liens on the property;
- Written statements from loan- or lien-holder with the outstanding balance;
- Other accounting or year-end statements or balance sheets.

### **U** Retirement Funds

#### U Retirement Funds

Policy

Generally the equity value of a retirement fund, pension plan or pension annuity is counted as a resource. The equity value is the amount available after any early-withdrawal penalty is deducted. However, taxes which may be due are not deducted in determining the fund's equity value.

The value of the fund counts as a resource from the first month the money in the fund was available for withdrawal. This applies even if the withdrawal is delayed for reasons beyond the customer's control, like an organization's processing time.

### Exceptions:

- III If the retirement or pension fund is issuing periodic benefit payments, it is not counted as a resource, but a stream of income (see <u>MA 606TT</u>).
- NOTE If eligible for periodic retirement benefit payments, a customer must apply for these benefits (see <u>MA526</u>).
- The value of the fund is excluded if the customer must end his or her employment to be able to withdraw funds from the account.

| Term                         | Definition   |
|------------------------------|--|
| Pension                      | Benefit payments based on a person's past<br>employment including age, years of service<br>or disability.  |
| Periodic Retirement Benefits | Benefit payments made to a person at a regular interval (often monthly) due to entitlement to retirement benefits.   |
| Retirement Funds             | Annuities or work-related plans for<br>providing income when employment<br>ends. This includes funds administered by<br>an employer or union, as well as individual<br>retirement accounts (IRAs) and Keough |

Proof

Proof of a retirement fund's value includes:

- Letter from the payor;
- Pay stub; or
- Collateral contact with the fund administrator;
- Written statement from the Office of Personnel Management, Retirement Operations Center (federal pensions).
- Letter from the service branch of DFAS (military retirement); or
- Award letter.

The proof must contain the following:

- Name of the fund owner;
- Name and address of the fund administrator;
- Terms and conditions of the fund, including the conditions for withdrawal; and
- Amount currently available.

NOTE The Request for Proof of Unearned Income (DE-207) form may be used to verify that the fund is paying periodic benefits and is excluded as a resource.

### V Reverse Mortgage Payments

#### V Reverse Mortgage Payments

Revised 01/01/2018

Policy

Payments from a reverse mortgage are a conversion of a resource from equity in real property to cash and are counted resources.

When a customer has a line of credit as the result of the reverse mortgage, the conversion does not occur until the funds are actually advanced.

#### Definitions

| Term | Definition   |

|      | A special type of mortgage which allows<br>homeowners age 62 and older to borrow<br>against the value of their home. |

#### Proof

Proof of reverse mortgages and payments may include one or more of the following:

- Department of Housing and Urban Development (HUD) documents like;
- o Home Equity Conversion Deed of Trust;
- o Home Equity Conversion Note
- o Home Equity Conversion Mortgage contract.
- "Home Keeper Mortgage" contract; or
- Account statements or ledgers from the lender.

### W SSI Funds in a Designated Account

#### W SSI Funds in a Designated Account

Policy

Supplemental Security Income (SSI) funds, and interest earned, kept in a dedicated account are excluded. The account must contain only the retroactive SSI-Cash payments to be excluded.

Definitions

| Designated Account | An account established at a financial institution which contains only past due SSI benefits.   |
|                    | • The customer must be under 18 years of age, receive SSI benefits and have a representative payee;  |
|                    | • The customer must have received a past-due SSI benefit payment of more than six times the Federal Benefit Rate (FBR) in December 1996, or later. |
|                    | Any past due benefit payment amounts<br>that total more than six times the FBR must<br>also be deposited directly into the<br>dedicated account.   |

Proof

The following documents may be used as proof of the initial direct deposit into the account and the account designation for the sole benefit of the customer:

- Bank statements;
- Request for Proof of Financial Accounts (DE-203) form completed by the financial institution;

- Written statement from the financial institution;

### X Stocks

### X Stocks

### Policy

The current market value of stock is counted as a resource. The current market value of stock is the closing price on the day for which it is evaluated. The "par value" or "stated value" may be shown on some stock certificates is not the CMV.

NOTE The customer may request an exclusion for stock that is not publicly traded based on good faith effort to sell (<u>MA703E</u>). Stock that is not publicly traded is not considered a liquid resource because it usually cannot be converted to cash within 20 working days.

#### **AA Vehicles**

**AA** Vehicles

### Revised 01/012019

Policy

In general, the equity value of vehicles is counted as a resource.

#### Exception:

One automobile per household is excluded regardless of its value if it is used for transportation of the customer or a member of the customer's household.

For other situations when vehicles may be excluded, see the following policy sections:

- •□□A Good Faith Effort to sell the vehicle is being made (MA703E)
- ●□□Property Essential to Self-Support (<u>MA705S</u>)

If the value of the vehicle adversely affects the customer's eligibility, the customer may rebut the value of the vehicle. The customer must provide a statement, at his or her own expense, from a disinterested knowledgeable source.

A disinterested knowledgeable source may be any of the following:

- Car or truck dealer;
- Vehicle insurance company; or
- State Motor Vehicle Department.

NOTE Animals which meet the criteria of a vehicle must have their value determined by contacting a knowledgeable source in the local geographic area.

Definitions

| Term | Definition  |
|------|---|
|      | A vehicle used to provide necessary transportation. Examples of automobiles |

| ir | nclude the following:   |
|----|---|
| •  | Passenger cars;   |
| •  | Trucks;   |
| •  | Animals (horses, donkeys, etc.);  |
| •  | Animal drawn vehicles (carts, wagons, etc.);  |
| •  | Motorcycles; and  |
| •  | Bicycles.   |
|    | NOTE Any vehicle used only for<br>recreation or for a purpose other than<br>transportation (for example, selling<br>parts or racing) is not considered an<br>automobile for purposes of the one<br>vehicle exclusion. |

Proof

Proof of use for transportation:

The customer's statement that an automobile is used for transportation by a household member is acceptable proof, unless there is conflicting evidence in the file.

NOTE Proof of the ownership, CMV, or equity value are not needed for the one vehicle excluded as transportation.

Proof of ownership:

Proof of ownership includes:

- Title or registration;
- Current insurance policy;
- Bill of sale or sales contract;

- Current car payment bill;
- Wills and court records.

### Proof of CMV:

Primary proof of a vehicle's CMV is the Kelley Blue Book (KBB) value. However, an estimated value from a disinterested, knowledgeable source may be used in either of the following situations:

- The vehicle is a historical or luxury vehicle and is older than the oldest KBB listing; or
- The customer disagrees with the KBB value,

The estimate must identify the source of the estimate, the effective date and must be signed by the source. A disinterested knowledgeable source may be any of the following:

- Car or truck dealer;
- Vehicle insurance company;
- State Motor Vehicle Department;
- Other dealer of the specific vehicle type.

NOTE The customer may submit any additional information that supports the claim that the value of the vehicle is different than the KBB listed value.

#### Proof for equity value:

Proof of loans or liens on the vehicle may include any of the following:

- Current loan payment statements or bills that provide the outstanding loan amount or pay-off amount;
- Written statements from loan- or lien-holder with the outstanding balance;
- Other accounting or year-end statements or balance sheets.

### Revised 12/30/2019

Policy

Any unspent part of an income payment becomes a resource in the month after the month it was received. Most types of income that remain unspent in the month after the payment was made are counted.

However, the unspent part of some income types may be excluded as a resource for a period of time beginning the month after the payment was received. The table below lists the exclusions and the unspent payment types to which they apply:

| Length of time excluded | Unspent payment type |

#### Proof

For counted unspent payments, follow the proof policy for either cash or financial accounts.

For most excluded unspent payments, only the source is verified. Types of proof include, but are not limited to:

- Copies of check stubs;
- Written statement or award letter from the source of the income;
- Federal income tax return (for refundable tax credits);
- Loan contract (for student loans);
- Written statement from the landlord (for housing assistance);
- Individual Indian Money Account Statements from BIA listing the payment type;and
- Collateral contact with the source of the income.

Some excluded unspent payments need more proof than just the source. See the table below for a list of the unspent payment type and the other proof needed for each one:

| Payment type   | Additional proof needed  |
|--|--|
| Clinical Trial Compensation  | That the clinical trial meets the requirements listed in the Definitions section above. Proof includes:  |
|  | • The "informed consent form" from the clinical trial, which provides most of the information needed to determine whether the income exclusion applies.  |
|  | <ul> <li>An official letter from the administrator of the<br/>clinical trial that provides all the relevant<br/>information of the informed consent in a<br/>summarized format.</li> </ul>   |
|  | Check stubs; and   |
|  | Payment receipts.  |
| Disaster Assistance Payments   | Proof that the payment received is due to a federal<br>disaster. Presidential declarations of disaster are<br>public information and can be verified by<br>newspapers, television, radio announcements or<br>the Federal Register. |
| Cash inheritance that will be used<br>to pay for the deceased person's<br>last illness and burial expenses | Proof of the amount of the inheritance that will be used to pay expenses related to deceased person's  |

| and outstanding debts | last illness, burial and outstanding debts.  |
|                       | Proof of the amount of the cash inheritance:   |
|                       | • A court order closing the estate;  |
|                       | • A copy of the will;  |
|                       | <ul> <li>Letter or written statement from the insurance<br/>company;</li> </ul>      |
|                       | • Collateral contact with the insurance company;                                     |
|                       | Copy of insurance check.   |
|                       | Proof of expenses:   |
|                       | • Bills;   |
|                       | Receipts;  |

### 706 Resource Budgeting

706 Resource Budgeting

### A Resource Budgeting Principles

#### A Resource Budgeting Principles

Policy

The actual value of a resource during the budget month is used to determine resource eligibility. If counted resources are within the resource limit at any time during the calendar month, the customer is resource-eligible for that month.

When the total value of the customer's resources is higher than the resource limit in a month, the following amounts are subtracted from the customer's cash resources and financial accounts:

- Income received in the calendar month; and
- If still over the limit, the amount of any uncashed checks issued against a financial account.

#### **B How to Calculate Resource Eligibility**

B How to Calculate Resource Eligibility

Policy

To qualify, the customer's counted resources cannot more than the resource standard.

#### 1) Customer Only Calculation

The following actions are taken to determine resource eligibility when the customer is not married and is either:

- Over age 18; or
- Under age 18 and does not live with an ineligible parent.

The customer's total counted resources are compared to the \$2,000 resource limit for a single person. If the total is less than or equal to the limit, the customer is resourceeligible for ALTCS. If the counted resources are more than the resource limit, the customer does not qualify for ALTCS.

#### 2) Customer Child Living with Parents Calculation

In general, a parents' resources are not counted when determining the child's eligibility for ALTCS, unless the parents refuse HCBS for the child.

The following table shows how to calculate a child's resource-eligibility, when a parent refuses HCBS for the child:

| Step | Action  |
|------|---|
| 1    | Determine if the child lives with at least one ineligible parent.   |
|      | <ul> <li>If YES, parent-to-child deeming<br/>applies. Continue to Step 2.</li> </ul>  |
|      | <ul> <li>If NO, parent-to-child deeming<br/>does not apply. Skip to Step 5 and<br/>use \$0 for the Parent-to-Child</li> </ul> |

|   | Deeming amount.   |
|---|---|
| 2 | Determine the total value of countable<br>resources owned by each ineligible parent<br>and ineligible spouse of a parent who lives<br>in the home.<br>NOTE Allow any resource exclusions<br>as if they were applying.   |
| 3 | <ul><li>Deduct the resource standard from the result from Step 2 as folows:</li><li>If living with just one ineligible</li></ul>  |
|   | <ul> <li>parent, deduct \$2,000 from the counted resources.</li> <li>If living with two ineligible parents, or with an ineligible parent and an ineligible stepparent, deduct \$3,000 from the counted resources.</li> </ul>  |
| 4 | Divide the resulting amount from Step 3 by<br>the number of eligible children in the home<br>to get the Parent-to Child Deeming<br>amount.  |
| 5 | Add the value of all resources owned by the customer child to the Parent-to-Child Deeming amount.   |
| 6 | Deduct the child's excluded resources.<br>NOTE Do not allow a home exclusion<br>unless there was not one given when<br>determining the parents' resources.<br>Only one home exclusion is allowed per<br>family.   |
| 7 | <ul> <li>Compare the result from Step 6 to the<br/>\$2,000 resource limit for a single person:</li> <li>If the result is less than or equal to<br/>the resource limit, the child is<br/>eligible for ALTCS Acute Care.</li> <li>If the result is more than the<br/>resource limit, the child is not<br/>eligible for ALTCS Acute Care.</li> </ul> |

### 3) Married with a Non-Community Spouse

In general, a spouse's resources are not counted when using non-community spouse rules, and the steps in section 1) Customer Only Calculation.

The spouse is only included in the customer's resource group and the resources counted when BOTH of the following are met:

- The spouse's are living together; and
- Eligibility is being determined for ALTCS Acute.

If the spouse is included in the resource group, then total the couple's countable resources and compare it to the \$3,000 resource limit.

#### 4) Married with a Community Spouse

When the customer has a Community Spouse the resources of the spouse may be counted even when the spouses are separated. See <u>MA508</u> for policy about when Community Spouse rules apply.

There are also certain resource deductions that are only allowed when using Community Spouse rules. See <u>MA707</u>, Community Spouse Resource Budgeting, for detailed policy and procedures for customer with a Community Spouse.

Definitions

| Term           | Definition   |
|----------------|--|
| Child          | A "child" means a person under age 18. A person is considered a child through the month the person turns age 18. |
| Eligible Child | A child under age 18 who is applying for or receiving any of the following:<br>• SSI-Cash                        |

|                   | SSI-MAO  |
|-------------------|--|
|                   | ALTCS  |
| Ineligible Parent | A parent, including a stepparent, in the home who is not applying for or receiving any of the following: |
|                   | • SSI-Cash   |
|                   | • SSI-MAO  |
|                   | ALTCS  |

#### Proof

Proof of a resource's value during the calendar month is used to determine resource eligibility for that month. When determining a customer's eligibility for more than one month, proof of the resource's value during each month is used.

Resources with a value that does not normally fluctuate and has not changed do not need separate proof of the value for each month. Common examples include real property and other non-liquid resources.

Resources with fluctuating values or that have had a change in value during the months being determined need proof of the value for each month of eligibility. Common examples include financial accounts and other liquid resources.

### 707 Community Spouse Resource Budgeting

### 707 Community Spouse Resource Budgeting

### Revised 12/20/2019

Policy

When a customer has a Community Spouse, a certain amount of the couple's combined resources is protected for the spouse living in the community when using initial rules.

This protected amount of the couple's resources is called the Community Spouse Resource Deduction (CSRD).

NOTE The customer must meet the specific Community Spouse requirements related to resources in <u>MA508</u> to qualify for the Community Spouse Resource Deduction.

Initial rules allow the CSRD to be deducted from the couple's combined countable resources for up to 12 consecutive months when determining the customer's resource eligibility. The 12-month period includes the 1st month eligibility is determined using community spouse rules and the next 11 consecutive months. The 12-month period may include months when the individual is ineligible or eligible for acute care. See Ineligible Month in Initial Period for an example.

This 12-month Initial Period gives the couple time to transfer countable resources owned by the customer solely to the Community Spouse. The resources left in the customer's name must not be more than the \$2,000 resource limit when post-initial rules begin. The customer must complete spousal transfers while initial rules are in effect to remain resource eligible when post-initial rules are applied.

The Initial Period may be shorter than 12 consecutive months when:

- The customer's resources over \$2,000 have been transferred to the community spouse before the end of the Initial Period.
- The couple's counted resources increase during the Initial Period and the customer no longer qualifies using initial rules. The couple is informed of the early conversion option and given 10 days to complete transfers to the Community Spouse needed to reduce the customer's resources to \$2,000 or less. See Ending the Initial Period Early – Resources Increased for an example.

• Eligibility is stopped before the end of the 12-month period.

### 1) When are Initial Rules applied?

For customers who are not currently receiving ALTCS, see the table below for when Initial and Post-Initial rules are used:

| If the customer   | Then   |
|---|--|
| Has never received ALTCS benefits   | Community spouse initial rules are used.<br>See MA707B.  |
| Received ALTCS in the past, but never using community spouse rules  | Community spouse initial rules are used.   |
| Received ALTCS in the past using<br>community spouse rules, but has not been<br>continuously institutionalized since last<br>receiving ALTCS. | Community spouse initial rules are used.   |
| Received ALTCS in the past using<br>community spouse rules, and remained<br>continuously institutionalized                                    | Post-initial rules are used; even when the customer did not get a full 12 months of ALTCS using initial rules. |

#### 2) CSRD Standards

The following standards are used in the Community Spouse Resource (CSRD) calculation process. They are Federal standards and generally change annually effective January 1.

|              | Effective 1/1/18 to 12/31/18 | Effective 1/1/19 to 12/31/19 | Effective 1/1/20 to 12/31/20 |
|--------------|------------------------------|------------------------------|------------------------------|
| Minimum CSRD | \$24,720.00                  | \$25,284.00                  | \$25,728.00                  |
| Maximum CSRD | \$123,600.00                 | \$126,420.00                 | \$128,640.00                 |

#### 3) Community Spouse Resource Assessment (CSRA)

Usually, a resource assessment is needed to determine of the value of the couple's resources for the month the customer's first continuous period of institutionalization (FCPI) began. .This is called the Community Spouse Resource Assessment

(CSRA). The result of the assessment is then used to calculate the Community Spouse Resource Deduction.

### Exception:

When the customer is resource eligible in the month of application using the minimum CSRD amount listed in section 2 above, the customer is resource eligible. There is no need to complete a resource assessment. The minimum CSRD amount is used for the Initial Period.

When a CSRA is needed, the steps in the table below are followed:

| Step | Action   |
|------|--|
|      | Information is collected about all of the periods of time that the customer has resided in a hospital, nursing facility, residential facility and/or received paid formal HCBS on or after September 30, 1989. |
| 2    | The first continuous period of institutionalization (FCPI) is determined.  |
|      | Information and proof is collected about the value of all resources the couple owned in the month the FCPI began.  |
| 4    | The value of all countable resources are totaled to determine the CSRA amount.   |

NOTE A customer can have a CSRA done without applying for ALTCS. A CSRA can be requested by the customer, the community spouse or the customer's representative. For example, a couple thinking about moving to Arizona, may request a CSRA to see if they might qualify before they move.

4) How to calculate the CSRD

When a CSRA was needed, the steps in the table below describe how it is used to calculate the customer's actual allowed CSRD:

| Step | Action  |
|------|---|
| 1    | Divide the CSRA amount by 2 to calculate the spouse's share of the resources.   |
|      | <ul> <li>Compare the spouse's share from Step 1 to the Maximum CSRD amount (<u>MA707</u>.2)</li> <li>If the Maximum CSRD is less than the spouse's share of the resources, STOP. The Maximum CSRD amount is allowed.</li> </ul> |
|      | <ul> <li>If the Maximum CSRD is more than the spouse's share of the resources,<br/>continue to Step 3.</li> </ul>   |

- 3 Compare the spouse's share from Step 1 to the Minimum CSRD amount (<u>MA707</u>.2)
  - If the Minimum CSRD is more than the spouse's share of the resources, the Minimum CSRD amount is allowed.
  - If the Minimum CSRD is less than the spouse's share of the resources, the spouse's share of the resources is allowed.

See Community Spouse Resource Deduction for examples.

NOTE Since resource policy varies from state to state, a resource assessment or determination from another state cannot be used for eligibility in Arizona.

### 5) Using the CSRD for Later Applications

Once a customer's Community Spouse Resource Deduction (CSRD) is determined, that amount is used for all later applications when initial rules are applied, with one exception.

The Minimum and Maximum CSRD amounts can increase from year to year. If the customer qualified for the Minimum or Maximum CSRD originally and applies again later, the Minimum or Maximum CSRD in effect for the month of the later application is used.

#### 6) Undue Hardship Exception

If Community Spouse rules are used and the customer's countable resources are over the resource limit, the customer may still qualify for ALTCS when it is determined that denying the customer would cause an undue hardship.

All of the following must be met to qualify under the undue hardship rules:

- Except for resources, the customer meets all of the ALTCS requirements;
- The applicant is unable to get medical care without these benefits;
- The property is legally unavailable without the signature of the community spouse, and the community spouse has refused to make the property available to the applicant; and

- There has been a break in marital ties.
- 7) Post-Initial Rules

Post-initial rules are used to determine resource eligibility when the initial rules have ended. When post-initial rules are used:

- The Community Spouse Resource Deduction (CSRD) is not used;
- None of the resources of the community spouse are considered available to the customer; and
- The resources of the customer are compared to the individual resource limit.

NOTE If the Community Spouse later transfers resources that are their sole property, it does not affect the customer's eligibility. However, if the community spouse applies for ALTCS in the future, the transfers may affect the spouse's eligibility at that time.

8) How to Calculate Community Spouse Resource Eligibility

How resource eligibility is determined for a customer with a Community Spouse depends on whether Initial Rules or Post-Initial Rules are being used.

#### Community Spouse Resource Calculation – Initial Rules

Determine the customer's resource eligibility using initial rules as follows:

| Step | Action  |
|------|---|
| 1    | Total the counted resources owned by the customer and community spouse.           |
| 2    | Subtract the amount of the couple's CSRD.   |
|      | Compare the remainder to the ALTCS resource limit for a single person of \$2,000. |

See Initial Rules Calculation for an example.

#### Community Spouse Resource Calculation – Post-Initial Rules

Determine the customer's resource eligibility using Post-initial rules as follows:

| Step | Action   |
|------|--|
|      | Total the counted resources owned by the customer. Do not include any resources that are only in the Community Spouse's name |
| 2    | Compare the total to the ALTCS resource limit for a single person of \$2,000.  |

See Post-Initial Rules Calculation for an example.

Definitions

| Term  | Definition  |
|---|---|
| Break in marital ties                                     | The customer and the community spouse<br>are physically separated and one of the<br>following is met:   |
|   | • A dissolution or annulment petition has been filed in court, even though a final decree has not been entered yet; or  |
|   | • The customer and the community spouse have entered into a court-approved legal separation agreement.  |
|   | NOTE When one spouse is<br>temporarily absent due to being in the<br>hospital or an institution, on vacation,<br>visiting, or away from home for work or<br>education, it is not a break in marital<br>ties |
| First Continuous Period of<br>Institutionalization (FCPI) | The first continuous period of 30 days or<br>more beginning on or after September 30,<br>1989 that the customer:  |
|   | • Was in a medical institution;   |
|   | Received paid formal HCBS; or   |
|   | <ul> <li>Received a combination of medical<br/>institutionalization and HCBS.</li> </ul>  |

|                      | Exception:  |
|----------------------|---|
|                      | If a customer does not have any prior<br>continuous periods of institutionalization,<br>but intends to receive HCBS, then an FCPI<br>can be established by being determined<br>medically eligible by a Resource<br>Assessment Medical Evaluation or a Pre-<br>Admission Screening (PAS). In this case<br>the FCPI begins with the month of<br>application or resource assessment. |
|                      | See Establishing the FCPI for an example.   |
|                      | NOTE When an ALTCS customer<br>marries a person who lives in the<br>community, the FCPI begins the month<br>the couple was married.   |
| Medical Institutions | Nursing facilities, hospitals, psychiatric hospitals and residential treatment centers.   |
| Paid Formal HCBS     | Services that meet all of the following:  |
|                      | <ul> <li>Provided by a licensed or certified<br/>person or entity that contracted with<br/>the customer to provide the services;</li> </ul>   |
|                      | <ul> <li>Covered by ALTCS (including care in<br/>a residential facility) and paid for by the<br/>customer, the customer's insurance or<br/>another person on behalf of the<br/>customer;</li> </ul>   |
|                      | • Prevented the customer from being institutionalized. The customer must have required the level of care provided in a medical institution, as determined by the AHCCCS PAS Assessor;   |
|                      | • Were not provided by the customer's   |

|  | spouse, or, if the customer is a minor child, parent; |
|--|---|
|--|---|

Proof

The proof needed for Community Spouse resource budgeting depends on the specific policy.

#### 1) Resource value

Proof of the value of all resources currently owned by the customer and community spouse is needed to determine current resource eligibility. If not eligible using the Minimum CSRD, the customer will also need to provide proof of the value of resources the couple owned during the month the FCPI began.

If the customer has a copy of a resource assessment completed in another other state, this document is acceptable proof of the resources the customer owned at the time the assessment was done. However, more proof may be needed if a different FCPI is determined or the value of a resource if it is determined differently based on Arizona policy. A copy of the resource assessment completed in the other state and all related documentation must be provided. Otherwise, for proof of resource values, see the proof section for that resource type in <u>MA705</u>.

#### 2) Post-Initial period resource value

The customer must provide proof of the value of the resources remaining in his or her name. Proof of the value of resources in the community spouse's name is not needed for the post-initial eligibility determination. However, proof may be needed that the resources were transferred to the community spouse and not to another person.

#### 3) FCPI determination

The customer must provide the following proof to establish the FCPI, and that it began on or after September 30, 1989:

- Medical institution admission and discharge dates;
- Proof of formal HCBS received and when. This includes proof that the person providing the services was licensed or certified to do so, and that the services were paid.

### 4) Undue Hardship

The customer must provide proof to support claim that a resource is legally unavailable without the spouse's signature and that the spouse refuses to make the resource available. This may include:

- Court documents,
- Titles or deeds,
- Spouse's signed statement (for refusal to make the resource available),
- Contracts or other documents that support the customer's claim.

Proof of a break in marital ties includes:

- A dissolution or annulment petition that has been filed with the court; or
  - A copy of a court approved Legal Separation Agreement.

### Chapter 800 Trusts

### **800 Introduction**

This chapter describes how trusts impact eligibility for ALTCS and explains how to identify and treat different trusts.

For each requirement in this chapter, you will find:

- The policy for the requirement;
- Any definitions needed to explain the policy;
- What proof is needed; and
- A list of the federal and state laws that apply to the requirement.

### 801 Trust Overview

#### 801 Trust Overview

Policy

A trust is a legal arrangement in which a person or organization, like a bank, manages assets for someone else. There are several different kinds of trusts. Income and resources that are assigned or titled to a trust may be counted differently when determining if someone qualifies for AHCCCS.

This Chapter focuses on how trusts impact eligibility for the ALTCS program. For information on how trust income or income assigned to a trust affects other AHCCCS programs, see <u>MA606MMM</u>.

Trusts are created for many reasons. Trusts can be used to transfer ownership of resources to someone to avoid probate, reduce estate taxes or provide for a person's future needs. There are also a group of trusts that can allow people who would not otherwise qualify due to excess resources or income to become eligible for ALTCS. These trusts must follow strict federal and state rules to qualify for this special treatment, which is why they are often called "Special Treatment Trusts" (STT).

How the trust's income, resources and disbursements are treated when determining ALTCS eligibility depends on:

- Whether the trust qualifies as a Special Treatment Trust;
- Whose income or resources were used to fund the trust;
- Who created the trust; and
- Whether the trust is revocable or irrevocable.

The chart below describes how to identify the common types of trusts:

| If the Trust   | Then the Trust Is Probably                               |
|--|--|
| Created before August 11, 1993 with the income or resources of the customer, the spouse, or both | Medicaid Qualifying Trust ( <u>MA802</u> .3)             |
| • Created on or after August 11, 1993;   | Revocable non-special treatment trust ( <u>MA802</u> .1) |
| • The customer or spouse is listed as the trustor, trustee, and beneficiary of                   |  |

|             | NOTE May be referred to as a<br>"special needs trust".   |  |
| •           | Created on or after August 11, 1993;   | Special Treatment Trust                                    |
| •           | Lists AHCCCS, Arizona or another State as a beneficiary of the trust;  | See <u>MA803</u> for policy on the three types of STT.     |
| •           | References 42 USC §1396p(d)(4) or<br>Section 1917(d)(4) of the Social<br>Security Act;   |  |
| •           | States that disbursements must not be made for purposes other than those described in ARS §36-2934.01; and                             |  |
| •           | Has conditions concerning the trust corpus, trust creator, trust manager, trust purpose, or the beneficiary's age.                     |  |

Trusts are reviewed for impact to eligibility, and sent for a legal review if needed.

NOTE All potential Special Treatment Trusts are sent for a legal review to see if the trust qualifies for special treatment.

Important!

Some financial accounts look like trusts and even include the word "trust" in the title, but are not actual trusts. Examples include patient trust accounts and accounts maintained by a representative payee or conservator. For these accounts see <u>MA704</u>.

| Term              | Definition  |
|-------------------|---|
| Beneficiary       | A person or entity entitled to receive the principal, income or both from a trust.  |
| Disbursement      | A payment or distribution from the trust corpus or trust earnings.  |
| Irrevocable       | Means the grantor or the grantor's representative may not end the trust after it is made.   |
|                   | NOTE A trust that states it is irrevocable but will end by some action taken by the grantor is a revocable trust.   |
| Non-grantor trust | A trust funded with the assets of someone<br>other than the beneficiary. For example, a<br>grandparent creates a trust funded with her<br>own money for the benefit of her<br>grandchild. Sometimes called Special<br>Needs Trusts. |
| Revocable         | Means the person who set up the trust has the right to end it. A revocable trust can be ended by:   |
|                   | <ul> <li>Withdrawal;</li> </ul>   |
|                   | • Recall;   |
|                   | Restatement;  |
|                   | <ul> <li>Reversal or revocation; and</li> </ul>   |
|                   | <ul> <li>Transferring all trust resources out of<br/>the trust.</li> </ul>  |
|                   | A trust that says it can be changed or ended by a court is considered a revocable   |

Definitions

|                | trust.  |
|----------------|---|
| Trust Corpus   | The income and resources that fund the<br>trust. The resources or income in the trust<br>corpus may be available to the customer,<br>but are no longer owned by the customer.                       |
|                | NOTE The trust corpus may also be called the trust principal.   |
| Trustee        | A person or organization that manages the trust resources and income for the benefit of the beneficiaries.  |
| Trust document | The formal document that created the<br>trust. It contains the powers of the trustees<br>and rights of the beneficiaries. It may be a<br>will, a deed in trust or a formal declaration<br>of trust. |
| Trustor        | One who creates a trust. Also called a settlor or grantor.  |

#### Proof

Proof needed to identify trusts and assets titled to the trust includes:

- The complete trust instrument or document setting up the trust. This includes all amendments, restatements and schedules to date;
- Court records relating to the trust;
- Court approved injury settlement;
- Will;
- Proof of income or resources assigned to the trust like a quit claim deed, vehicle title or bank statements showing accounts titled to the trust.

# 802 Non-Special Treatment Trusts

## 802 Non-Special Treatment Trusts

## Revised 11/13/2019

Policy

Trusts that were not created to qualify for special treatment or that do not meet all of the conditions to qualify as an STT are generally known as non-special treatment trusts.

The policy for counting the income and resources of these kinds of trusts apply regardless of any of the following:

- Purpose for which the trust was created;
- Whether or not the trustee has the ability to make payments to the customer, or the trustee actually makes any payments;
- Restrictions on when or if payments may be made; and
- Restrictions on the use of payments from the trust.

NOTE Trust policy in this section may be waived in cases of undue hardship. Undue hardship is determined on a case-by-case basis, and depends on whether the customer would be forced to go without life sustaining services because the trust funds cannot be made available to pay for the needed services.

### Trust Ownership:

Non-special treatment trusts may be jointly owned. When a trust is jointly owned, only the percentage owned by the customer and spouse is used to determine resource eligibility, even when the entire trust corpus could be paid to the customer, the spouse or both.

Disbursements from a jointly-owned trust must be made to or for the benefit of the customer in at least the same percentage as the customer's ownership interest. For example, if the customer owns 50% of the trust assets, 50% of any disbursements must be made to or for the benefit of the customer. When the customer receives less than his or her ownership percentage, the difference is reviewed as a transfer.

## Treatment of Trust Assets:

Excluded assets assigned to a trust remain excluded, except for home property. When home property is assigned to the trust the equity value is a counted resource (MA 705K1).

## Types of Non-special Treatment Trusts:

There are four kinds of non-special treatment trusts:

- Revocable;
- Irrevocable;
- Medicaid Qualifying Trusts (MQT); and
- Testamentary and Non-Grantor Trusts: Trusts funded with the income or resources of someone other than the customer or spouse.

The specific treatment and policy for each of the four types of trusts are discussed in the following sections.

## 1) Revocable Trusts

## **Resources**

The person's entire ownership interest in the trust corpus is counted as a resource.

NOTE Disbursements from the trust principal are considered a conversion of a resource. The treatment of the resource is determined per the applicable policy for that type of resource (see MA705).

## Income and Share of Cost

Income received by the trust or disbursements from the trust to or for the benefit of the customer, whichever is greater, is counted for the income test and when determining the customer's Share of Cost (SOC):

NOTE Trust income does not include dividends and interest earned by the trust corpus and added to the principal.

## 2) Irrevocable Trusts

## **Resources**

When payment can be made from the trust principal to or for the benefit of the customer, the maximum amount that is available for payment is a counted resource.

NOTE Disbursements from the trust principal are considered a conversion of a resource. See <u>MA705</u> for policy on how to treat specific resource types.

### Income and Share of Cost

Income received by the trust or disbursements from the trust to or for the benefit of the customer, whichever is greater, is counted for the income test and when determining the customer's Share of Cost (SOC):

NOTE Trust income does not include dividends and interest earned by the trust corpus and added to the principal.

3) Medicaid Qualifying Trusts (MQT)

A MQT is a trust created other than by a Will that meets all of the following:

- Created on or before August 10, 1993;
- Created and funded by the customer, the customer's spouse or both; and
- The customer or spouse is listed as beneficiary.

NOTE If the person who created and is the beneficiary of the trust does not contribute some of the income or resources that fund the trust, the trust is considered a testamentary or non-grantor trust, not an MQT.

Although called a Medicaid Qualifying Trust (MQT), this type of trust may actually cause a customer to not qualify for ALTCS.

### **Resources**

The maximum amount allowed by the terms of the trust to be paid to the customer is a counted resource.

The maximum amount considered available includes only amounts that can be distributed from the trust income or principal. This applies even if the trustee is not actually distributing these amounts.

## Income and Share of Cost

Trust income that is counted for the income test includes:

- Income assigned to the MQT that would have been paid to the customer if had it not been assigned;
- NOTE Since income assigned to the trust is already counted, it is not counted again when disbursed in the same month.
  - Payments made from trust principal that is NOT being counted in the resource test.
- NOTE Payment from trust principal that IS counted as a resource, is a conversion of a resource.

## Petition for Release of Funds

To qualify for ALTCS, the beneficiary of an MQT must petition the court for disbursements of trust funds when either of the following applies:

- The terms of the trust only allow trust funds to be paid to or for the benefit of the beneficiary under a court order, or
- The terms of the trust allow the beneficiary to petition the court for trust funds to be disbursed when the trustee refuses to disburse them.

## 4) Testamentary and Non-Grantor Trusts

Testamentary and non-grantor trusts are funded by the assets of someone other than the customer or the customer's spouse.

If the customer's or spouse's assets have funded any part of the trust, it is not a nongrantor trust. It is one of the trusts in sections 1) through 3) above.

NOTE For trusts created by a will, if the grantor is still living, the testamentary trust does not yet exist.

### **Resources**

Whether the trust principal is counted as a resource or not depends on whether the customer is the trustee or the beneficiary and the terms of the trust.

| If a customer is the | Then |
|----------------------|------|
|                      |      |

| Trustee     | • The trust is NOT a resource when the trustee cannot legally access the trust principal for personal use.   |
|-------------|--|
|             | • The trust IS a resource when the terms of the trust allow the trustee to use the income and resources for his or her own benefit. The maximum amount that can be accessed by the trustee for personal use is counted as a resource.  |
| Beneficiary | The trust is a resource when the<br>beneficiary can terminate the trust to<br>access the trust assets, or can access the<br>trust principal directly or through an order<br>to the trustee. The maximum amount that<br>can be accessed by the beneficiary is<br>counted as a resource. |
|             | NOTE If the beneficiary cannot<br>terminate the trust, directly access the<br>funds or order the trustee to make<br>payments, the trust principal is not a<br>resource, even if the trust otherwise<br>allows for payments from the principal.   |

## Income and Share of Cost

Whether or not trust income or disbursements are counted depends on whether the customer is the trustee or beneficiary, AND whether the trust principal is counted as a resource to that customer:

NOTE Any trust income or disbursements that are counted as income to the customer are counted for both the income test and for SOC.

|  | If a customer is the | And | Then |

|-------------|--|---|
|             |  | • Additions to principal from a third party are counted income.   |

| Beneficiary | Trust principal IS a counted resource to the beneficiary       | • Interest or dividends<br>earned by the trust<br>principal are counted as<br>income in the month<br>earned.  |
|             |  | • Additions to principal from a third party are counted income.   |
|             |  | Disbursements from the trust<br>principal are not counted as<br>income.   |

|  | • Interest or dividends<br>earned by the trust are not<br>counted as income unless<br>the terms of the trust state<br>that the beneficiary has a<br>right to the trust earnings. |

#### Definitions

| Term              | Definition  |
|-------------------|---|
| Beneficiary       | A person or entity entitled to receive the principal, income or both from a trust.  |
| Disbursement      | A payment or distribution from the trust corpus or trust earnings.  |
| Irrevocable       | Means the grantor or the grantor's representative may not end the trust after it is made.   |
|                   | A trust that states it is irrevocable but will<br>end by some action taken by the grantor is<br>a revocable trust.  |
| Non-grantor trust | A trust funded with the assets of someone<br>other than the beneficiary. For example, a<br>grandparent creates a trust funded with her<br>own money for the benefit of her<br>grandchild. Sometimes called Special<br>Needs Trusts. |

| Revocable          | <ul> <li>Means the person who set up the trust has the right to end it. A revocable trust can be ended by:</li> <li>Withdrawal;</li> <li>Recall;</li> <li>Restatement;</li> <li>Reversal or revocation; and</li> <li>Transferring all trust resources out of the trust.</li> <li>A trust that says it can be changed or ended by a court is considered a revocable trust.</li> </ul> |
|--------------------|--|
| Testamentary trust | A trust created by a will upon the person's death.   |
| Trust Corpus       | The income and resources that fund the<br>trust. The resources or income in the trust<br>corpus may be available to the customer,<br>but are no longer owned by the customer.<br>The trust corpus may also be called the<br>trust principal.   |
| Trustee            | A person or organization that manages the trust resources and income for the benefit of the beneficiaries.   |
| Trust document     | The formal document that created the trust. It contains the powers of the trustees and rights of the beneficiaries. It may be a will, a deed in trust or a formal declaration of trust.  |

#### Proof

The proof needed for non-special treatment trusts may depend on whose assets funded the trust and whether the customer or spouse has access to the trust funds.

Proof needed for non-special treatment trusts includes:

| If the trust is…                 | Then the proof needed is…  |
|----------------------------------|--|
| All Non-Special Treatment Trusts | • All of the pages of the trust document.<br>This includes all amendments,<br>restatements and schedules from the<br>date the trust was created to the current<br>month.                               |

# 803 Special Treatment Trusts

**803 Special Treatment Trusts** 

## A Special Treatment Trust Overview

### A Special Treatment Trust Overview

### Revised 04/20/2020

Policy

Special Treatment Trusts (STT) may allow people who would not otherwise qualify due to excess resources or income to become eligible for ALTCS. The assets in a STT are not counted for the income and resource tests. In return, AHCCCS is authorized to recover the cost of these benefits from the trust upon the death of the customer or termination of the trust.

There are three types of STT:

- Trusts for Individuals Under Age 65 with a Disability
- Income-Only Trusts; and
- Pooled Trusts.

The trust must meet certain conditions to qualify as a STT. Many of these conditions apply to all three STT types, and some are unique to a specific kind of STT. Failure to meet these conditions disqualifies the trust from special treatment. All STTs are reviewed by AHCCCS to ensure that they meet all conditions for special treatment.

The conditions that apply to all three STT types are listed in the table below:

| Condition  | Description   |
|--|---|
| Date of creation   | The trust must be created on or after August 11, 1993.  |
|  | NOTE A trust created before August 11, 1993 must be dissolved and recreated to qualify as a STT.  |
| Customer as beneficiary  | The customer must be designated as the beneficiary of the trust.  |
| AHCCCS or "State<br>Medicaid Agency" as<br>remainder beneficiary | <ul> <li>Irrevocable trusts must name AHCCCS or the State<br/>Medicaid Agency as the remainder beneficiary upon the<br/>death of the customer.</li> <li>Revocable trusts must name AHCCCS or the State<br/>Medicaid Agency as the remainder beneficiary upon the<br/>trust being revoked or terminated, or upon the death of the<br/>customer.</li> </ul> |

| h                                      |   |  |
|--|---|--|
| Restrictions on<br>disbursements       | The trust must state that disbursements cannot be made for purposes other than those described in ARS §36-2934.01.  |  |
| Restrictions on trust<br>expenses      | The trust must state that it will allow disbursements for reasonable and necessary administrative expenses as approved by AHCCCS, or by the Probate Court with advance notice to AHCCCS.  |  |
| Share of cost                          | The trust must state that on a monthly basis, the trustee is to pay any share of cost amount from the trust income.<br>NOTE This only applies when the trust receives income that is counted in the share of cost calculation.                                      |  |
| References to moves out of state       | To retain Arizona's beneficiary rights, the trust cannot<br>require all references to Arizona, ALTCS or AHCCCS to be<br>replaced by parallel references to a Medicaid agency in<br>another state.   |  |
| Direct deposit                         | The trust must require that all income assigned to the trust<br>by the grantor be directly deposited, when legally allowed,<br>into an account titled to the trust.   |  |
| Financial account with<br>trust assets | <ul> <li>Any financial account created with trust assets must be titled to show that the account is held by the trust.</li> <li><u>Example</u>:</li> <li>Bob Smith Income Only Trust- Mary Smith Trustee.</li> <li>Billy Jones Supplemental Needs Trust.</li> </ul> |  |
| Reference to federal law               | The trust must contain reference to:  |  |
|  | • Title 42 of the United States Code; 42 USC §1396p(d);<br>or   |  |
|  | <ul> <li>Section 1917(d)(4) of the Social Security Act.</li> </ul>  |  |

The conditions and proof that are unique to each type of STT are covered in

- MA803B Trusts for Individuals Under Age 65 with a Disability;
- <u>MA803C</u> Income-Only Trusts; and
- <u>MA803D</u> Pooled Trusts.

Definitions

| Term         | Definition   |
|--------------|--|
| Beneficiary  | A person or entity entitled to receive the principal, income or both from a trust.   |
| Disbursement | A payment or distribution from the trust corpus or trust earnings.   |
| Trust corpus | The income and resources that fund the<br>trust. The resources or income in the trust<br>corpus may be available to the customer,<br>but are no longer owned by the customer.<br>The trust corpus may also be called the<br>trust principal. |

#### Proof

The proof needed to show the trust document meets all of the conditions for special treatment includes:

- All pages of the trust document, including any schedules, amendments, restatements and signature pages;
- Power of Attorney, legal guardianship or conservatorship documents when someone other than the beneficiary, spouse, or parent of a minor beneficiary created the trust;
- Any court documents related to the trust;
- For any income assigned to the trust, a copy of the request to the income source for direct deposit to the trust account;
- For financial accounts containing trust assets, all account statements from the date the trust account was opened through the current month; and
- Documents like quit claim deeds, vehicle titles, and bank statements showing that items assigned to the trust have been titled to the trust.

Being listed on the Trust Assets Schedule does not automatically make an item an asset of the trust. It must also be legally titled to the trust.

# B Trusts for Individuals Under Age 65 with a Disability

B Trusts for Individuals Under Age 65 with a Disability

## Revised 08/24/2018

Policy

In addition to the conditions listed in <u>MA803A</u>, this type of trust has the following conditions:

| Condition    | Description  |
|--------------|--|
| Trustor      | The trust must be set up by one of the following:  |
|              | • the customer;  |
|              | <ul> <li>the customer's parent;</li> </ul>   |
|              | • the customer's grandparent;  |
|              | • the customer's legal guardian; or  |
|              | • a court.   |
| Trust corpus | The trust corpus contains only the customer's income and resources. A trust that contains income or resources of another person cannot qualify as a STT.   |
| Age          | The customer must have been under age 65 when the trust was created.   |
|              | NOTE When the trust meets all of the conditions and is created before the customer turns 65, the trust can keep its special treatment status after the customer turns 65. However, any additions to the trust after the customer turns 65 are reviewed as transfers (MA902 I). |
| Disability   | The customer must have a disability at the time that the trust is created. Disability can be determined by:  |

| <ul> <li>The Disability Determination Services<br/>Administration (DDSA) using the same<br/>criteria used for the SSI-Cash<br/>program;</li> </ul>                  |
|---|
| <ul> <li>A Medical Eligibility Specialist using<br/>the Preadmission Screening (PAS) to<br/>determine a medical need for long<br/>term care services; or</li> </ul> |
| <ul> <li>A diagnosis of Serious Mental Illness<br/>(SMI) determined by the Arizona<br/>Department of Health Services.</li> </ul>                                    |
| When the customer was not receiving SSI<br>or SSA disability benefits at the time the<br>trust was created, a retroactive disability<br>determination is requested. |

#### Definitions

| Term         | Definition   |
|--------------|--|
| Trust corpus | The income and resources that fund the<br>trust. The resources or income in the trust<br>corpus may be available to the customer,<br>but are no longer owned by the<br>customer. The trust corpus may also be<br>called the trust principal. |

#### Proof

The trust document itself is used for proof of who created the trust and the age of the customer at the time it was created.

In addition to the proof listed in <u>MA803A</u>, other proof needed for this type of trust includes:

### Proof of disability

The following items can be used for proof that the customer has a disability and the date the disability began:

- A Pre-Admission Screening (PAS) decision showing that the customer has been determined to be medically in need of long-term care.
- Records from SSA showing the person is receiving SSA or SSI disability payments, or has been determined disabled.
- An SMI Determination Summary Report or SMI Eligibility Outcome form that includes a SMI diagnosis of functional inability to live in an independent setting or risk of serious harm to self or others.

## Proof of the source of trust assets

Proof that the trust corpus contains only the customer's assets includes documents and written statements showing the customer owned the item before it was titled to the trust. Examples of some documents that may be used include:

- Deed and title transfer documents;
- Records from the County Assessor or County Recorder; and
- Financial account statements.

### C Income Only Trusts

C Income Only Trusts

Revised 08/24/2018

Policy

An Income-Only trust (IOT) can allow a customer to qualify for ALTCS when income eligibility is determined using the 300% Federal Benefit Rate (FBR) Gross Income Test. This includes when the customer only qualifies for acute care services due to a transfer penalty period or the customer's living arrangements. See <u>MA521B</u> for detailed policy on the income test used based on living arrangements.

NOTE An IOT cannot help a customer qualify for ALTCS when the Net Income Test is used or to qualify for any other AHCCCS program.

This kind of trust is sometimes known as a stream-of-income, income-cap, or Miller trust.

In addition to the conditions listed in <u>MA803A</u>, this type of trust has the following conditions:

| Condition    | Description  |
|--------------|--|
| Trustor      | The trust must be created by the:  |
|              | Customer;  |
|              | <ul> <li>Customer's spouse; or</li> </ul>  |
|              | <ul> <li>Legal representative, including a court<br/>or administrative body with legal<br/>authority to act on behalf of the<br/>customer or spouse.</li> </ul>  |
| Trust corpus | The trust can only be funded with the<br>customer's income. Resources cannot be<br>added to or used to fund the<br>trust. When resources are added to an<br>IOT, the trust loses its special treatment<br>until the resources are removed. |

|   | The IOT account must be set up with all or<br>a part of the customer's current monthly<br>income, and have a \$0 balance at the time<br>it is set up.   |
|---|---|
| Income assigned to an IOT                                   | An IOT should only be created when <i>counted</i> income is more than 300% of the FBR. Income that is not counted should not be assigned to or deposited into the trust. However, if it is deposited into the trust, it is subject to the same requirements as any other income deposited into the trust. |
|   | NOTE See <u>MA902.1</u> for policy on income transferred to an IOT.   |
| Assignment of gross income to the IOT                       | The full amount of any source of income<br>must be assigned to and deposited into the<br>trust account.   |
|   | The trust document or Schedule A must list<br>the customer's gross income from the<br>assigned source. The trust document or<br>Schedule A may state "gross" income is<br>assigned from the source instead of listing<br>the actual gross payment amount.   |
| Ending tax withholding                                      | Since tax payments are not an allowed<br>trust disbursement until there is an actual<br>tax liability, taxes may not be deducted<br>from income assigned to the trust. The<br>customer must ask the income source to<br>stop tax withholding.   |
| Ending other income deductions                              | Since union dues, life insurance premiums,<br>or insurance premiums to cover other<br>people are not allowed trust<br>disbursements, these expenses may not<br>be deducted from income assigned to the<br>trust. The customer must ask the income<br>source to stop deductions for these items.           |
| Income may not be higher than the Private<br>Pay Rate (PPR) | For an IOT to qualify for special treatment,<br>the customer's counted income not<br>assigned to the trust plus the income<br>assigned to the trust must be equal to or<br>less than the private pay rate for the<br>geographic area in which the customer  |

|   | lives (see <u>MA905</u> .6).<br>NOTE Interest and dividends earned<br>by the trust and added to the principal<br>are not counted.  |
|---|--|
| Undue hardship for income higher than the PPR | When the trust meets all other conditions<br>except the customer's total counted<br>income is higher than the PPR, an<br>exception may be made on a case-by-case<br>basis when the customer claims that the<br>private pay rate is not enough to meet his<br>or her needs. |

#### Definitions

| Term         | Definition   |

| Trust corpus | The income and resources that fund the<br>trust. The resources or income in the trust<br>corpus may be available to the customer,<br>but are no longer owned by the customer.<br>The trust corpus may also be called the |
|              | trust principal.   |

#### Proof

The trust document itself is used for proof of who created the trust and that the full amount of the gross income is assigned to the IOT.

In addition to the proof listed in MA803A, other proof needed for an IOT includes:

- A copy of the request to stop deductions for withholding taxes, life insurance premiums, and union dues from the income going into the trust, if applicable;
- The account statements from the date the trust account was opened to show that the account was funded with all or part of the customer's current monthly income and previously had a zero balance;
- For financial accounts containing trust assets, all account statements from the date the trust account was opened through the current month; and

• Proof of total countable income.

## **D** Pooled Trusts

### D Pooled Trusts

## Revised 07/10/2020

Policy

In addition to the conditions listed in <u>MA803A</u>, this type of trust has the following conditions:

| Feature      | Explanation  |  |
|--------------|--|--|
| Trustor      | The trust must be set up by the customer,<br>the customer's parent, grandparent, legal<br>guardian or a court.   |  |
| Trust corpus | The trust corpus contains only the customer's income and resources. A trust that contains income or resources of another person cannot qualify as a STT.     |  |
|              | NOTE Resources added to the trust<br>after the customer turns 65 are<br>considered to be an uncompensated<br>transfer.                                       |  |
| Age          | The customer can be any age when the trust is created.   |  |
| Disability   | The customer must have a disability at the time that the trust is created. Disability can be determined by:  |  |
|              | • The Disability Determination Services<br>Administration (DDSA) using the same<br>criteria used for the SSI-Cash program;                                   |  |
|              | • A Medical Eligibility Specialist using<br>the Preadmission Screening (PAS) to<br>determine a medical need for long term<br>care services; or               |  |
|              | <ul> <li>A diagnosis of Serious Mental Illness<br/>(SMI) determined by the Arizona<br/>Department of Health Services.</li> </ul>                             |  |
|              | • When the customer was not receiving SSI or SSA disability benefits at the time the trust was created, a retroactive disability determination is requested. |  |

| Management of the trust | The trust must be managed by a non-profit<br>association. While the income or<br>resources of all trust beneficiaries may be<br>pooled for investment and management<br>purposes, a separate trust account must |
|-------------------------|---|
|                         | be kept for each person.  |

#### Definitions

| Term        | Definition   |
|-------------|--|
| Beneficiary | A person or entity entitled to receive the principal, income or both from a trust.   |
|             | The income and resources that fund the<br>trust. The resources or income in the trust<br>corpus may be available to the customer,<br>but are no longer owned by the customer.<br>The trust corpus may also be called the<br>trust principal. |

#### Proof

The trust document itself is used for proof of who created the trust and the age of the customer at the time the trust was created.

In addition to the proof listed in MA803A, other proof needed for a pooled trust includes:

### Proof of disability

The following items can be used for proof that the customer has a disability and the date the disability began:

- A Pre-Admission Screening (PAS) decision showing that the customer has been determined to be medically in need of long-term care.
- Records from SSA showing the person is receiving SSA or SSI disability payments, or has been determined disabled.

• An SMI Determination Summary Report or SMI Eligibility Outcome form that includes a SMI diagnosis of functional inability to live in an independent setting or risk of serious harm to self or others.

### Proof of the source of trust assets

Proof that the trust corpus contains only the customer's assets includes documents and written statements showing the customer owned the item before it was titled to the trust. Examples of some documents that may be used include:

- Deed and title transfer documents;
- Records from the County Assessor or County Recorder; and
- Financial account statements.

## Proof of Pooled Trust Management

- Documents showing that the company or organization managing the Pooled Trust is a non-profit association; and
- Accounting statements showing that a separate trust account is being kept for the customer.

## E Special Treatment Trusts and ALTCS Eligibility

E Special Treatment Trusts and ALTCS Eligibility

## Revised 12/20/2019

#### Policy

This section covers the following ALTCS policies for Special Treatment Trusts (STTs):

- Disbursements;
- How income is counted for Special Treatment Trusts;
- Requirements for trustees;
- Penalties for late reporting; and
- Violations of Special Treatment Trust requirements.

## 1) Disbursements

Disbursements can only be made for the benefit of the customer and for purposes listed in state law at ARS §36-2934.01.

NOTE For household expenses or any other shared expense, only the customer's proportionate share is an allowed disbursement. The total expense divided by the number of people who share the benefit of the expense equals the customer's share.

The following table lists examples of allowed disbursements:

| Disbursement type | Description   |
|-------------------|---|
|                   | The amount an ALTCS customer must pay toward the cost of long term care services.                                     |
|                   | The amount allowed for the customer's personal needs (see MA1201C.1), and can only be made from an Income Only Trust. |
|                   | The PNA is considered a payment for food or shelter. It may be paid as a lump sum or for                              |

|   | individual items.   |
|---|---|
| Legal and professional expenses related to administering the trust or for the trust beneficiary | <ul> <li>Income taxes owed on income earned by the<br/>trust or assigned to the trust.</li> </ul>   |
|   | <ul> <li>Investment fees related to administering the trust.</li> </ul>   |
|   | <ul> <li>Reasonable professional expenses, for<br/>example accounting and attorney fees, related<br/>to administering the trust</li> </ul>  |
|   | <ul> <li>Guardianship and conservatorship fees for the<br/>trust beneficiary based on the fair market value<br/>of the services provided.</li> </ul>  |
| Medical expenses  | Health insurance premiums, medically necessary medical expenses and special medical needs of the customer, including:   |
|   | • Expenses to make the home accessible to the customer.   |
|   | • Purchase and maintenance of a specially equipped vehicle, if titled to the trust or a lien is placed on the title by the trust for the purchase price of the vehicle.                                   |
|   | Durable medical equipment.  |
|   | • Over the counter supplies and medications including diapers, lotions and cleansing wipes.   |
|   | • Personal care service when determined medically necessary by the beneficiary's physician. The services must be provided by an AHCCCS-registered provider, including a financially responsible relative. |
|   | NOTE Payments for personal care services<br>provided by a financially responsible<br>relative cannot be higher than the<br>AHCCCS fee for service rate.   |
| Spouse or family maintenance<br>allowance:  | Payment for the maintenance needs of a spouse or other dependent as described in MA1201C from the trust income.   |

| P   | T   |  |  |
|---|---|--|--|
| Burial expenses for the customer          | Disbursements for the customer's burial expenses are limited to one of the following: |  |  |
|   | •   | Purchase of a prepaid burial plan funded by an irrevocable life insurance policy, irrevocable burial account, irrevocable trust account or irrevocable escrow account. |  |
|   | •   | Any amount of the disbursement that exceeds<br>the itemized burial expenses is an<br>uncompensated transfer.   |  |
|   | •   | Purchase of life insurance to fund a burial plan<br>for the customer with a face value of not more<br>than \$1,500 after allowing deductions for burial<br>plot items. |  |
|   | •   | A burial fund account of not more than \$1,500.  |  |
| Other expenses for the customer's benefit | •   | Costs for food, clothing and shelter.  |  |
|   | •   | Home property and other real property purchased by and titled to the trust.  |  |
|   | •   | Items for entertainment, education or vocational<br>needs consistent with the customer's ability to<br>use these items.  |  |
|   | •   | Travel expenses for a companion, including a financially responsible relative, when a companion is needed to allow the customer to travel for non-medical reasons.     |  |
|   | •   | Other expenses personally approved by the Director.  |  |

Disbursements that do not meet the requirements in ARS §36-2934.01 are not allowed.

Some examples of disbursements that are not allowed from an STT include:

- Gifts, payments or loans to or for the benefit of anyone other than the beneficiary;
- Child support and alimony payments that are not garnished;

- Paying all of the shelter costs for a shared household;
- Income taxes when there is no actual tax liability;
- Vacation expenses for family members;
- Payments on past debts;
- Health insurance premiums for other people; and
- Burial funds that do not meet the requirements listed in the table above.

When non-allowed disbursements have been made, the trust may lose its entitlement to special treatment. The disbursements may also need to be reviewed as a transfer with uncompensated value (see <u>Chapter 900</u> – Transfers).

2) How Income is Counted for Special Treatment Trusts

Trust income and disbursements are counted as described in this section, regardless of the terms of the trust document.

The following table describes how income and disbursements are treated for income eligibility and for Share of Cost (SOC):

| Income Type  | Counted for the<br>income test? | Counted for<br>SOC? |
|--|---------------------------------|---------------------|
| • Counted income received by the customer that is not assigned to the trust; or  | Yes                             | Yes                 |
| • Counted income assigned to the trust but not deposited to the trust account in the month received.   |                                 |                     |
| Amounts from the trust paid directly to the customer for any reason.   | Yes                             | No                  |
| Any payments from the trust on behalf of the<br>customer for food or shelter. This includes room<br>and board in a boarding home or an alternative<br>Home and Community Based Services (HCBS)<br>arrangement. | Yes                             | No                  |
| Income assigned to the trust that is manually or direct deposited into the trust account in the month received.  | No                              | Yes                 |

| <b>Exception</b> :<br>Excluded income deposited into the trust is not counted for SOC.                                     |   |     |    |
|--|---|-----|----|
| Interest or dividends earned by the trust corpus and added to the trust principal.   |   | No  | No |
| Payments from the trust that are not paid directly to the customer or are not payments for the customer's food or shelter. |   | No  | No |
| Payments from the trust for the customer's PNA   |   | Yes | No |
| NOTE   | The increased portion of the PNA for<br>garnished child support or spousal<br>support is not counted for income<br>eligibility. |     |    |

For examples, see STTs and Income Calculations and STTs and SOC Calculations

3) Requirements for Trustees

The trustee of a STT has specific responsibilities related to providing proof and reporting changes. If the trustee fails or refuses to cooperate with these requirements, the trust can lose its special treatment status.

A trustee must:

- Provide proof needed to determine if the trust qualifies as a STT;
- Provide proof of disbursements and the related expenses;
- Report changes in trust income or disbursements;
- Report changes in trustees, as well as changes to an existing trustee's phone number or address;
- Report if the trust purchases real or personal property; and
- Report when the trust is revoked or terminated.

Other trustee responsibilities depend on whether or not the trust is still in its initial review to see if it qualifies as a STT, or it has already been approved as a STT.

### Initial Special Treatment Trust Review

The trustee must provide the following documents for the trust review.

- The entire trust document;
- Proof of trust assets and disbursements from the date the trust was created to the current month;
- Proof of the source of the initial funding of the trust; and
- The Acknowledgment of Responsibilities as Trustee for a Special Treatment Trust form (DE-522); and

The trustee must also provide one of the following forms:

- For trusts for individuals under age 65 with a disability or Pooled Trusts, the Special Treatment Trust Anticipated Disbursements (DE-312) form; or
- The Income Only Trust Anticipated Disbursements (DE-313)form.

The Anticipated Disbursement forms are used to state what costs and expenses will be paid from the trust.

For IOTs, the SOC MUST be paid from the trust. When the SOC is greater than the total income assigned to the trust, the full amount of the income assigned to the trust must be disbursed for the SOC. The SOC disbursement cannot be reduced to allow for other trust expenses.

## **Reporting Changes**

After the STT is approved, the trustee must report any new trust funding or changes to the planned disbursements listed on the DE-312 or DE-313 forms at least 45 days in advance.

When the trustee cannot report changes by this due date because of circumstances beyond his or her control, the trustee must report the change within 30 calendar days from the date of the change or emergency disbursement. However, the notice is still considered late. See section 4 below for penalties that may be applied.

A major change , such as the customer moving from an HCBS living arrangement to a nursing facility, may change the trust disbursements needed, especially with an IOT. When this happens, the trustee must provide trust account records and complete a new DE-312 or DE-313 form listing anticipated disbursements for the next 12 months.

## Reporting Requirements at a Renewal

At renewal, the trustee must provide information and update forms as described in the table below:

| Type of Trust   | Requirements  |
|---|---|
| Trusts for a Person Under Age 65<br>with a Disability | The trustee must report any changes to the trust corpus and provide all of the following:   |
| OR<br>Pooled Trust                                    | • Trust account records showing the actual trust income and disbursements since the last renewal;   |
|   | • A report of expected trust income and disbursements over the next twelve months, using the Special Treatment Trust Anticipated Disbursements form (DE-312). |
|   | • Titles for any new trust assets; and  |
|   | • Proof for any assets removed from the trust.  |
| Income-Only Trust                                     | The trustee must report the amount of the trust corpus at the time of the renewal and provide both of the following:  |
|   | • Trust account records showing the actual trust income and disbursements since the last renewal; and   |
|   | • A completed IOT Anticipated Disbursements form (DE-313) for the next 12 months.   |

Annual Accounting Statements Placed with the Court

Trustees of STTs with a large trust corpus (usually Trusts for Individuals Under Age 65 with a Disability) are sometimes required to file quarterly, semi-annual, or annual accounting statements with the court that approved the trust creation.

4) Penalties for Late Reporting

Changes to income or trust disbursements can result in the customer losing eligibility or paying an increased share of cost for one or more months.

The trustee of an STT must report changes in income assigned to the trust or to disbursements from the trust at least 45 calendar days before the change happens. This is to allow enough time, if needed, to process any change in the SOC or eligibility for the month the change will happen.

When the trustee reports these changes late, the change is reviewed to see if the SOC would have been higher or eligibility would have been affected for past months. If so, the adverse action that would have been applied if the change had been reported on time is applied to the next month possible allowing for advance notice.

When an adverse action is taken to stop ALTCS eligibility or increase the customer's SOC due to late reporting, the customer may appeal the decision. This may result in eligibility or SOC being continued at the previous level during the appeal. If the Agency decision is upheld at the hearing, the adverse action is applied for future months.

## 5) Violations of Special Treatment Trust Requirements

Violating the terms or conditions of a STT can result in the trust losing its Special Treatment status. Actions that violate the terms of a STT include:

- Depositing resources into an income-only trust;
- Depositing income or resources belonging to someone other than the customer into the trust;
- Breaches of "spendthrift" restrictions such as assigning, pledging, or otherwise obstructing the trust resources for certain personal debts or other obligations;
- Issuing disbursements from the trust that are not for the benefit of the customer;
- Giving false information about trust income or disbursements; and
- Failing to cooperate with trust reporting or proof requirements.

When a violation has occurred and the trust is no longer entitled to special treatment, it is treated as either a revocable or irrevocable non-special treatment trust (see <u>MA802</u>), until the trustee corrects the violation.

NOTE If counting the trust resources and income as available due to losing special treatment would cause an undue hardship, the situation is reviewed by the agency on a case-by-case basis.

Proof

#### Proof of disbursements

- Anticipated Disbursements form (DE-312 or DE-313) with all 12 months completed, signed by the trustee;
- Check registers or other records of payments that were made from the trust. The records should show the payments date, amount paid, and what was received. Include explanations for changes made to the trust assets, such as accounts closed, properties sold, or titles changed;
- Receipts, invoices or billing statements for any legal or professional services to be disbursed from the trust;

- Proof of health insurance premium amounts that will be paid from the trust;
- Proof of any shelter expenses that will be paid from the trust;
- For burial expenses, a quote or estimate from the burial provider showing the type of pre-need burial plan and costs, unless the request is for a life insurance policy or designated burial account of \$1,500 or less; and
- A written explanation of any planned medical expenses, entertainment, vocational, or transportation expense disbursements.

#### Proof of Trustee agreement to abide by the STT requirements

• Acknowledgement of Responsibilities as Trustee for a Special Treatment Trust form (DE-522) signed by the trustee.

### 804 Undue Hardship Claims for Trusts

Revised 02/14/2020

Policy

The trust provisions may be waived when denying eligibility for long term care services creates an undue hardship. Undue hardship exists when applying the trust provisions would deprive the customer of:

• Medical care such that his or her health or life would be endangered; or

• Food, clothing, shelter, or other necessities of life due to the customer's income at or below 100% of the federal poverty level (FPL). See <u>MA615.2 Income Standards</u> for FPL limits.

Undue hardship does not exist when application of the trust provisions only causes inconvenience or restricts the customer's lifestyle but would not put him or her at risk of serious deprivation.

To qualify for an undue hardship, ALL of the following conditions must be met:

- The customer does not have the income or resources to pay for the medical care that he or she needs;
- The customer does not have any other means of obtaining the medical care that he or she needs, including other insurance, benefits or third-party liability; and
- The customer qualifies for ALTCS except for trust policy.

Undue hardship decisions are made on a case-by-case basis.

### Chapter 900 Transfers

### 900 Introduction

This chapter explains how to evaluate transfers of income or resources that could impact a customer's eligibility to get long-term care services.

For each eligibility requirement in this chapter, you will find:

- The policy for the requirement;
- Any definitions needed to explain the policy;
- What proof is needed; and
- A list of the federal and state laws that apply to the requirement.

### 901 Transfers Overview

#### 901 Transfers Overview

Revised 07/17/2020

Policy

Transfer policy applies to customers who are applying for or receiving long-term care services, including customers who receive SSI Cash or Freedom to Work.

Transferring ownership of an asset for less than current market value may result in a period of time where the customer cannot get long-term care services. This period is called the "transfer penalty period".

This policy applies to all transfers made during the look-back period.

See Example Establishing the Look-Back Period.

A transfer that happened before the look-back period does not affect the customer's eligibility unless a penalty period was established by an earlier application and has not expired. In this case, the penalty period applies to the current application.

See Example - Previous penalty period in effect at new application.

Any transfers that occurred during the look-back period or after the application was submitted must be reviewed to see if the customer received compensation for the full value of the asset. If the customer did not receive compensation for the full value of the asset, it is considered an "uncompensated transfer". The uncompensated value is used to determine the length of any penalty period.

ALTCS eligibility is not stopped or denied due to an uncompensated transfer. If all other eligibility requirements are met, the customer will receive the limited ALTCS service package (<u>MA302</u>.2) during the penalty period.

#### Proof

When a countable income or resource has been transferred, documents need to be provided to prove:

- The date of the transfer. For transfers of real property, the date of transfer is the date the transfer document is signed and notarized, not the date the document is recorded;
- The person who owned the item both before and after the transfer;
- Any legal debts and liens against the transferred item at the time of the transfer;
- The CMV of the transferred item at the time of the transfer; and
- Any compensation received for the transfer.

NOTE For proof of a resource's CMV see the specific policy for that type of resource in <u>MA705</u>.

### 902 Transfers that may Affect Eligibility

### 902 Transfers that may Affect Eligibility

In general, a transfer assets may affect the customer's eligibility for long term care services under the ALTCS program when the transfer:

- Is made without receiving full compensation; and
- Is not described in <u>MA903</u> Transfers That Do Not Affect Eligibility.

The customer may still be eligible for acute medical services under ALTCS Acute Care if all other requirements are met.

The transfers described in the following sections may affect the customer's eligibility:

- Actions that would cause income or resources not to be received (MA902A);
- Creating joint ownership giving another person an ownership interest in the asset (<u>MA902B</u>);
- Withdrawal of funds from a financial account by a joint owner (<u>MA902C</u>);
- Adding a joint owner to home property (<u>MA902D</u>);
- Transferring home property (<u>MA902D</u>);
- Transferring real property and retaining a life estate interest (<u>MA902D</u>);
- Transferring the right to receive income (MA902E);
- Purchase of a life estate in another person's home (MA902F);
- Purchasing an Irrevocable Annuity (<u>MA902G</u>);
- •□□Loans, including promissory notes and property agreements (MA902H);
- •□□Transferring assets to certain types of trusts (<u>MA902I</u>); and
- Making disbursements from certain trusts that are not to or for the benefit of the customer (<u>MA902I</u>).

#### A Actions That Would Cause Income or Resources Not To Be Received

A Actions That Would Cause Income or Resources Not To Be Received

Policy

An action or failure to take action that results in the customer or customer's spouse not receiving income or resources may be a transfer with uncompensated value.

Examples of actions that would cause income or resources not to be received include:

- Waiving or refusing an inheritance;
- Waiving or assigning pension income;
- Refusing to take legal action to get a court ordered payment that is not being paid;
- Refusing to accept or receive an injury settlement; and
- Diverting insurance awards or court settlements into a trust or similar device to be held for the benefit of the person who won the settlement.

Actions or inactions of any of the following persons result in uncompensated transfers:

- The customer;
- The customer's spouse;
- A person, including a court or administrative body, with legal authority to act in place of or on behalf of the customer or the customer's spouse; and
- Any person, including a court or administrative body, acting at the direction of or upon the request of the customer or the customer's spouse.

#### EXCEPTION:

If the person cannot afford to take the action required to get the income or resource, or if the cost of getting the income or resource is greater than what the income or resource is worth, there may be no uncompensated value.

Definitions

| Term                     | Definition  |
|--------------------------|---|
| Equity value             | The asset's current market value (CMV)<br>less any outstanding loans, mortgages, or<br>other legal encumbrances.      |
| Uncompensated value (UV) | The difference between the asset's equity value, and the amount of compensation received as a result of the transfer. |

#### Proof

When there is action or failure to take action that causes income or resources not to be received by the customer or the customer's spouse, the following proof is needed:

- That the customer or customer's spouse was or is entitled to receive the income or resource; and
- The value of the resource or income at the time that it was refused.

If the customer claims that the cost to get the resource or income is greater than the its value, the customer will also need to provide proof of:

- The cost of getting the resource or income; or
- That the person cannot afford to take the action needed to get the resource or income.

#### **B** Creating Joint Ownership

#### **B** Creating Joint Ownership

Policy

Placing another person's name on an asset may limit the availability of the resource or the customer's right to sell or dispose of the resource. For example, this may happen when adding the other person's name requires that the person agree to the sale or disposal of the resource where no such agreement was needed before.

When the customer places another person's name on real property as a joint owner, the value of the other owner's interest in the property is a transfer.

NOTE Adding another person's name to the title of a financial account usually does not change the customer's access to the funds. However, the title change must be reviewed to ensure that the customer's access has not been restricted, and the actual use of the funds must be reviewed for possible transfers.

Review how resources are titled to determine whether or not a transfer has occurred. The following table includes common title language and how it may affect the customer's ownership and access to the resource:

| When       | the jointly owned asset is titled            | Then   |
|------------|--|--|
| • TI       | he customer "or" another person;             | The customer's right to sell or otherwise use or dispose of the asset has not been   |
| • TI<br>or | ···· ····· ····· ····· ····· ···· ····· ···· | limited, and does not result in a transfer with uncompensated value.   |
|            | o designation; just multiple names<br>sted.  | NOTE However, it is a transfer when the other person sells or uses up, the jointly titled resource.  |
| Custo      | mer "and" another person                     | There is a transfer. The customer's right to<br>sell or otherwise use or dispose of the<br>asset has been limited because the<br>customer must now get the other owner to<br>agree to the sale, use or disposal of the<br>asset. |
|            |  | NOTE The transfer occurs when the other person's name is added to the title.   |

#### Definitions

| Term | Definition   |
|------|--|
|      | More than one person has legal right to<br>use, sell or dispose of a resource. See<br><u>MA704B</u> for more policy on jointly owned<br>resources. |

#### Proof

- The date of the transfer. For transfers of real property, the date of transfer is the date the transfer document is signed and notarized, not the date the document is recorded;
- The person who owned the item both before and after the transfer;
- The Current Market Value (CMV) of the transferred item or the actual future cash value of income at the time of the transfer; and

#### C Withdrawals from Jointly Owned Accounts

C Withdrawals from Jointly Owned Accounts

Policy

A withdrawal of money from a financial account titled to the customer by a joint account owner other than the owner's spouse may be a transfer with uncompensated value.

The date of transfer is the date the funds were withdrawn or spent to make payments or purchases that were not for the benefit of the customer.

#### Exception:

Although funds held in a jointly owned account are considered the property of the customer, the customer has the opportunity to prove that the customer did not deposit some or all of the funds in the account.

A person who wants to rebut ownership of the funds in the account may present evidence to prove that all or part of the funds are the property of another person. See <u>MA7051</u> for more details.

If either the customer or the other owner can prove that the funds withdrawn were deposited into the account by the co-owner and did not belong to the customer, withdrawal of those funds is not considered a transfer.

Definitions

| Term | Definition   |
|------|--|
|      | An opportunity to provide proof of the actual ownership of funds in a financial account. |

#### Proof

The customer must also provide all of the following:

- Account records showing deposits and withdrawals for all months in which ownership is being rebutted;
- Proof of the source and ownership of the deposits;
- Account records or a statement from the financial institution showing that the customer's portion of the funds have been removed from the account, and that the customer is no longer listed as an owner or signer.

When the customer is rebutting account ownership, the customer and each other account owner must provide a written statement, under penalty of perjury, of all of the following:

- Who owns the funds in the account;
- Why there is a joint account;
- Who has made deposits to and withdrawals from the account; and
- How withdrawals have been spent.

NOTE If the only other account holder is incompetent or a minor, the customer must provide a statement that meets these requirements from a person who was aware of the circumstances surrounding establishment of the account.

#### **D** Transfers of Real Property

D Transfers of Real Property

Policy

1) Transfer of Home Property

Transfer of home property is not treated as a transfer of an excluded resource under  $\underline{MA905}J$ . Transferring ownership without full compensation may result in a penalty period.

2) Property Transfer with Retention of a Life Estate Interest

When the customer or spouse transfers property to another individual but retains a life estate interest in the transferred asset, a transfer has occurred. The current market value of the life estate interest (See <u>MA705</u>T) is subtracted from the equity value of the property. The difference is the amount of uncompensated value.

NOTE The value of the customer's life estate interest may be excluded as home property if the property is the customer's principal residence.

Definitions

| Term | Definition   |
|------|--|
|      | A life estate is ownership by a right to the use of the property without title to the property (see <u>MA705T</u> ). |

Proof

When real property has been transferred, the person must provide proof of:

• The date of the transfer; and ownership before and after the transfer. Some examples of proof include the following:

o Sales contracts;

- o Deeds;
- o Property titles.
- Documentation to prove the Current Market Value (CMV) of the property. Primary proof of a property's CMV is the assessed value from current tax bills or County Assessor records. If these assessments cannot be used or the customer disagrees with the assessment, current written estimates of the property's CMV must be obtained from two knowledgeable sources.

#### E Transfer of an Income Stream

E Transfer of an Income Stream

Policy

When a person gives up the right to a stream of income (for example, a pension), the amount of uncompensated value is the lifetime value of the income that would have been received.

The transfer date is the date that the income stream was assigned to someone else or otherwise given up.

Whether or not the assignment results in a transfer depends on whether the assignment is revocable or irrevocable.

A revocable assignment of income or resources is not a transfer. Instead, the assets are considered "constructively received".

- Constructively received resources (MA703C).
- Constructively received income (MA604B).

Irrevocable Assignment: "Irrevocably assigned" means a resource or income has been placed in another's name and only that person can take the action needed to make the resource or income available to the customer.

- If a customer irrevocably assigns a resource to another party, the assignment is a transfer. When a person irrevocably assigns the right to all future payments from a source, the total long-term value of the transferred income is added together to determine the amount of the transfer.
- When a person irrevocably assigns some income payments, but does not assign the right to all future payments from that source, the assigned payments are considered constructively received income and are counted as the customer's income.

#### F Purchase of a Life Estate in Another Person's Home

F Purchase of a Life Estate in Another Person's Home

Policy

The purchase of a life estate in another person's home is a transfer of assets for less than fair market value unless the purchaser resides in the home for 12 consecutive months after the date of the purchase.

NOTE The one year residency requirement does not replace other policy on how life estates are treated. The amount used to purchase the life estate will still need to be evaluated to determine if compensation is received for the purchase of the life estate.

For example, if the customer uses \$100,000 to purchase a life estate in another customer's home that provides the person with a life estate value of \$60,000, there is an uncompensated value of \$40,000.

#### Proof

- The date of the purchase;
- The amount paid to purchase the life estate; and

#### G Purchase of an Irrevocable Annuity

G Purchase of an Irrevocable Annuity

Policy

In general, an irrevocable annuity bought in the look-back period, or a revocable annuity that becomes irrevocable in the look-back period may be a transfer of assets for less than full value.

Exception:

Full value is considered to be received when the annuity meets the requirements in the table below:

The annuity must...

AND meet all conditions below...

| • | Name AHCCCS as the primary beneficiary; or   | • | Was created using funds in a ROTH<br>IRA, 408 or other employer sponsored<br>plan; OR   |
|---|--|---|---|
| • | If the owner has a spouse, disabled<br>child or minor child, AHCCCS must be<br>listed as beneficiary in the second<br>position after the spouse, disabled<br>child or minor child. | • | Was purchased from a life insurance<br>company or other commercial<br>company that sells annuities as part of<br>its normal course of business; AND   |
|   |  | • | Provides equal monthly payments with<br>no balloon, deferred or increasing or<br>decreasing monthly payments (small<br>differences due to changes in interest<br>rates are allowed);  |
|   |  | • | The annuitant is the customer or the customer's spouse;   |
|   |  | • | that that will return the full principal<br>and interest within the annuitant's life<br>expectancy as listed in the <u>Period Life</u><br><u>Table (from socialsecurity.gov)</u> ; and  |
|   |  | • | The number of months that annuity<br>payments will be issued should be less<br>than the number of months of the<br>person's life expectancy (multiply<br>figure from the <u>Period Life Table (from</u><br><u>socialsecurity.gov)</u> by 12). |

When the annuity does not meet all requirements above, the value of the annuity on the date it became irrevocable is a transfer with uncompensated value.

#### Proof

Proof of contract terms, including length of the contract, payment amounts, annuitant's name, and beneficiary, may include one or more of the following documents:

- Copies of the annuity contract and account statements from the annuity or insurance company;
- A Request for Verification of Annuity (DE-235) form, completed by the annuity company or life insurance company;
- A copy of the annuity application the customer signed at the time the annuity was purchased; or

NOTE Generally the beneficiary is listed in the annuity application and not in the annuity contract itself.

H Loans

H Loans

Policy

When a person loans money or other resources it is a transfer of that resource. Promissory notes, loan agreements and property agreements must be reviewed to see if the person received full value for the resource, or if the transfer was uncompensated. The date of the transfer is the date the note, loan or agreement was created or when it became non-negotiable, whichever is later.

How loan agreements are treated for transfer policy may depend on the type of loan and whether the person is the lender or the borrower.

See the following policy for more details:

Customer is the lender:

Promissory notes, loan agreements and property agreements that cannot be sold have no value as a resource, and the amount loaned is an uncompensated transfer.

Loans agreements may be in writing or oral. However, since they cannot be sold, oral loan agreements are all uncompensated transfers until the debt is paid back in full.

Customer is the borrower:

Under Arizona law, oral loans are only legally valid for a one year period. Any payments the customer makes after the one-year period is considered a transfer.

See example - Oral loan payments made more than a year after the agreement.

For more information about loans see MA705R.

Proof

#### Negotiable/Not negotiable

Proof may include, but it not limited to, any of the following:

- Court order saying that the resource may or may not be sold; or
- Language in the note, loan or agreement document that it cannot be sold, assigned or transferred to someone else.
- Written statement from a knowledgeable source that the note, loan or agreement can or cannot be sold.

NOTE No proof is needed that an oral loan is not negotiable.

#### Terms of an Oral Loan Agreement

For proof of the terms of an oral loan agreement, the person who made the loan must complete a Request for Verification of Money Loaned (DE-231) form. The person who received the loan must complete a Request for Verification of Money Borrowed (DE-230) form.

#### Unpaid Principal Balance of the Loan

Proof of the unpaid principal balance of a promissory note, loan or property agreement includes proof of the original principal balance **and** proof of any payments made on the principal.

Proof of the original principal balance includes but is not limited to the following types of documents:

- Bank notes;
- Bills of sale;
- Mortgage contracts;
- Sales agreements;
- Bank statements; or
- Letter from a bank officer.

Proof of payments includes but is not limited to the following types of documents:

- Payment books;
- Bank or other financial account statements; and
- Letter from bank officers that provide the unpaid principal balance or the original balance and all principal payments made.

#### I Assets Placed in a Trust

#### I Assets Placed in a Trust

Policy

When a counted resource or home property is placed in a trust, a transfer for less than fair market value is usually considered to have taken place. A person placing a resource in a trust generally gives up ownership of the resource to the trust. If the person does not receive fair compensation in return, a transfer penalty may be imposed.

How a transfer to a trust is treated depends on the type of trust. This section provides policy for reviewing trusts to determine whether a transfer with uncompensated value has happened and any transfer penalty period. This section discusses:

- Transfers to Special Treatment Trusts;
- Transfers to Revocable Trusts;
- Transfers to Irrevocable Trusts; and
- Irrevocable Burial Trusts.
- 1) Transfers to Special Treatment Trusts (STT)

The transfer of income or resources to a STT may affect the customer's ALTCS eligibility. The affect of a transfer depends on the type of Special Treatment Trust:

| If the trust is a                          | Then  |
|--|---|
| Trust for Disabled Individual Under Age 65 | Transfer policy does not apply to income or<br>resources transferred to the trust while the<br>customer is under age 65.<br>NOTE Any income or resources<br>added to the trust after the customer<br>turns 65 years of age must be reviewed<br>as a transfer. |
| Income-only Trust                          | Transfer policy applies to income<br>transferred to an Income-only trust. The<br>amount of uncompensated value is the<br>difference between the amount of monthly   |

|              | income put into the trust and the monthly<br>amount paid out on behalf of the customer.<br>See Example Income-only Trust.         |
|--------------|---|
| Pooled Trust | Transfer policy does not apply to income or resources transferred to the trust while the customer is under age 65.                |
|              | NOTE Any income or resources<br>added to the trust after the customer<br>turns 65 years of age must be reviewed<br>as a transfer. |

### 2) Transfers to Revocable Trusts

A transfer of resources into a revocable trust is not considered an uncompensated transfer because the resources in the trust are still available to the customer.

See Examples Transfers to Revocable Trusts.

3) Transfers to Irrevocable Trusts

When a customer creates an irrevocable trust where any part of the trust assets cannot be paid to or on behalf of the customer, that part is reviewed as a transfer for less than fair market value.

The date of transfer is the latest of the following:

- The date the trust was created;
- •□□The date when payments to could no longer be made from the trust; or
- The date the resource was assigned to the trust.

See Example Irrevocable Trust Transfers.

4) Irrevocable Burial Trust

Since the funds placed into a burial trust are not tied to specific good and services, they must be evaluated as a transfer. Up to \$9,000 in a burial trust may be considered a compensated transfer when the burial trust meets both of the following conditions:

• The individual does not already have an irrevocable burial plan; and

• The burial trust contract specifies that any amount not used for burial will revert to the person's estate, where it would be subject of the Estate Recovery program.

Any amount placed into a burial trust that does not meet both conditions shall be evaluated as a transfer with uncompensated value.

If the burial trust that meets both conditions but the amount in the trust is more than \$9,000, the amount over \$9,000 is a transfer with uncompensated value.

Definition

| Term        | Definition   |
|-------------|--|
| Revocable   | The person who establishes the trust reserves the right to revoke it. A revocable trust can be nullified by:   |
|             | Withdrawal;  |
|             | • Recall;  |
|             | A restatement of the trust   |
|             | Reversal or revocation; and  |
|             | • The transfer of all trust assets out of the trust.   |
|             | A trust, which provides that the trust can be<br>modified or terminated by a court, is<br>considered to be a revocable trust.  |
| Irrevocable | The trust may not be revoked after its creation, by the grantor or a representative.   |
|             | NOTE A trust instrument, which states<br>that the trust is irrevocable but which<br>will terminate by some action taken by<br>the grantor, is considered a revocable<br>trust. |

#### Proof

See  $\underline{MA802}$  for the proof needed for revocable and irrevocable trusts. See  $\underline{MA803}$  for the proof needed for Special Treatment Trusts (STT).

When assets have been placed in a trust, documents need to be provided to prove:

- The date of the transfer. Proof includes, but is not limited to, the following:
  - o Copy of the trust document;
  - o Court documents;
  - o Deeds; and
  - o Proof of disbursements.
- The equity value of the transferred item or the actual future cash value of income at the time of the transfer.

### 903 Transfers That Do Not Affect Eligibility

### 903 Transfers That Do Not Affect Eligibility

Revised 08/07/2020

In general, a transfer of assets may not affect the customer's eligibility for long term care services under the ALTCS program when the transfer:

- Was made before the lookback date (MA903A)
- Was made by certain other people (MA903B)
- Does not include the customer's resources (MA903C)
- Was adding another person's name to a financial account (MA903D)
- Was made to pay the customer's legal debt (MA903E)
- Was a transfer of an excluded resource, with some exceptions. (MA903F)
- Was a transfer of a home property to specific people (<u>MA903G</u>)
- Was a transfer of resources for the benefit of specific individuals (MA903H)

#### B Transfers Made By Certain Other People

#### B Transfers Made By Certain Other People

#### Revised 08/07/2020

Policy

A transfer does not affect the customer's eligibility for long term care services when made by someone other than:

- The customer;
- The customer's spouse;
- Any other person, with the legal authority to act on behalf of the customer or spouse; or
- A person or agency, including a court or administrative body, that was acting at the request of the customer or spouse.

NOTE A transfer ordered by a court as the result of a judgment against the customer does not affect eligibility for long term care services as the court's authority was not given by the customer and the court is not acting at the customer's request.

#### Definitions

| Term | Definition  |
|------|---|
|      | A government unit or agency that exercises a legal or regulatory authority. |

Proof

When a transfer is made by someone that did not have authority to act for and did not act at the request of the customer or spouse, proof of the following is needed.

#### Proof of who made the transfer

Proof includes the following documents when signed or authorized by the person who made the transfer:

• Court documents;

- Deeds; and
- Canceled checks and bank transactions.

### Proof of the person's relationship to the customer

Relationships include family relationships, Powers of Attorney (POA), guardians or conservators. Proof of relationships includes:

- POA documents;
- Court orders awarding guardianship or conservatorship; and

• Other documents that show a person's authority to act on behalf of the customer. For example, bank records adding the person as a signer to an account can be used as proof that the person was given authority to act on the customer's behalf.

### C Transfers That Do Not Include the Customer's Resources

#### C Transfers That Do Not Include the Customer's Resources

#### Revised 08/07/2020

Policy

Transfers that did not include resources of the customer or the customer's spouse do not affect the customer's eligibility for long term care services. See Transfers that Do Not Affect Eligibility Examples.

#### Proof

When a transfer was made that did not include the customer's resources, proof of who owned the resource at the time of the transfer is needed. Proof includes:

- Deeds;
- Purchase agreements;
- County Assessor or County Recorder records; and
- Bank statements.

NOTE A customer may have held legal title to a resource without having equity interest in the resource (MA704C.1). In this case, bank statements and canceled checks showing that someone else's funds were used to purchase the resource may be used as proof that the customer did not have any equity interest.

### D Adding a Person's Name to a Financial Account

#### D Adding a Person's Name to a Financial Account

### Revised 08/07/2020

Policy

Adding another person's name to a customer's financial account as a joint owner is usually not considered a transfer. The funds in the financial account still belong to and can be accessed by the customer (MA705I).

#### Exception:

If adding the other person's name to the account changes the customer's access to or right to use the money in the account, it is reviewed as a transfer (see MA902B and MA902C).

NOTE The customer is assumed to retain full access to the assets in the account unless there is evidence to the contrary.

#### Proof

When information or evidence indicates the customer's access to the account has been changed, proof of the customer's access to the account is needed. Examples of proof include bank records or court documents that show any changes to the customer's ability to access funds.

### **E** Purchases and Payment of Debts

#### E Purchases and Payment of Debts

### Revised 08/07/2020

Policy

A transfer does not affect the customer's eligibility for long term care services when the resource is used:

- To make a purchase at current market value (CMV) for the customer; or
- To pay the customer's valid debt.

NOTE Repayment of the customer's debt from a Special Treatment Trust is not allowed (<u>MA803E.1</u>).

#### Proof

Proof that funds were spent for the benefit of the customer includes:

- Receipts for purchases; or
- Bill payment records.

Proof of CMV is only needed when the purchased goods or services appear to be worth less than the customer paid. For proof of a resource's CMV, see the specific policy for that type of resource in <u>MA705</u>.

#### F Transfers of Excluded Resources or Income

#### F Transfers of Excluded Resources or Income

### Revised 08/07/2020

Policy

In general, the transfer of an excluded resource or income does not affect the customer's eligibility for long term care services. However, there are exceptions to the general rule. Transferring the following excluded resources may affect the customer's eligibility, unless the transfer meets the requirements in <u>MA903G</u> or <u>MA903H</u>:

- Home property (<u>MA705K</u>);
- Proceeds from the sale of home property (MA705K); or
- Refunds from HCBS or nursing facilities for services the customer self-paid before being approved for ALTCS (MA705J).

Proof

Proof that a resource is excluded depends on the resource type. See <u>MA705</u> for examples of proof by resource type.

### G Transfer of Home Property to Specific People

G Transfer of Home Property to Specific People

### Revised 08/07/2020

Policy

The transfer of home property to any of the people listed below does not affect eligibility for long term care services:

- The customer's spouse;
- The customer's child or stepchild, when the child is under 21 years of age;

• The customer's child or stepchild, of any age, who lived in the customer's home for at least two years immediately before the date the customer became institutionalized, AND provided care to the customer that allowed the customer to live at home rather than in a medical institution;

• The customer's sibling who has an equity interest (<u>MA704C</u>) in the home and who lived in the home with the customer for at least one year immediately before the date the customer became institutionalized; or

• The customer's child or stepchild, of any age, who has been determined to have a qualifying disability, including blindness (see <u>MA504</u> and <u>MA509</u>).

NOTE For the transfer policy in this section, a qualifying disability does NOT include a determination of severe impairment.

| Term              | Definition   |  |
|-------------------|--|--|
| Actuarially sound | For transfer policy, means that the full value of the transfer should be received by the person within his or her expected life span |  |
| Institutionalized | For purposes of the transfer of a home, a custome is considered institutionalized when the customer:                                 |  |
|                   | <ul> <li>Is living in a nursing facility;</li> </ul>   |  |

#### H Transfer of Resources to or for the Benefit of Specific Individuals

H Transfer of Resources to or for the Benefit of Specific Individuals

#### Revised 08/07/2020

Policy

A transfer of income or a countable resource other than home property does not affect the customer's eligibility for long term care services when the transfer is:

- To the customer's spouse, or to another person for the sole benefit of the customer's spouse;
- To the customer's child or stepchild, of any age, who has been determined to have a qualifying disability, including blindness (see <u>MA504</u> and <u>MA509</u>);
- To a trust established solely for the benefit of the customer's child or stepchild, regardless of age, who has been determined to have a qualifying disability, including blindness (see <u>MA504</u> and <u>MA509</u>); or
- To a trust established solely for the benefit of a person with a qualifying disability (<u>MA509</u>), who was under 65 years of age at the time of the trust's creation
  - NOTE For the transfer policy in this section, a qualifying disability does NOT include a determination of severe impairment.

### 904 Compensation Received for Transfers

### 904 Compensation Received for Transfers

#### Revised 08/28/2020

Policy

For transfers that are not exempt under <u>MA903</u>, the value of the compensation received determines whether the transfer affects long term care services. When the compensation received is equal to or more than the resource value, the transfer does not affect long term care services.

However, if less than full value is received for the transferred resource, the difference is the uncompensated value and may result in a transfer penalty period. During a penalty period, the customer cannot get long-term care services.

Compensation may be received in different ways. Each may have different rules and proof needed to show the amount of compensation received. The compensation may be received:

- In cash;
- As real or personal property;
- As the assumption of a legal debt;
- As personal care services; or
- As items or services before the date of the transfer.

The following sections give more details on the ways that compensation is received and counted, and proof needed.

### 1) Compensation in Cash

Compensation in cash is the total amount paid to the customer in exchange for a resource. The value of the cash compensation is the gross amount paid to the customer. The value is not reduced by valid expenses attributed to the sale (for example, closing costs or commissions for real estate sales).

### 2) Real or Personal Property as Compensation

When the compensation is real or personal property, the value of compensation is the equity value of the property in the month the customer received it or when a contract for sale was signed and notarized, if earlier.

### 3) Compensation in the Form of Assuming a Legal Debt

When a person pays or takes over a legal debt owed by the customer, the value of the compensation is the outstanding principal amount at the time it was taken over. Interest payments are not included.

### 4) Compensation in the Form of Personal Care Services

The value of personal care services provided to the customer can be considered as compensation only when:

- There is a valid personal care contract. The contract may be written or oral; and
- The contract is executed before the services are provided. A contract is not valid when services were provided before the agreement was made.

If the contract is not valid, the personal care services cannot be allowed as compensation. See definition for valid contract below.

### 5) Compensation Received Before the Transfer

Items or services received before the transfer may be considered as compensation only when Items or services were provided according to the terms of a valid contract.

A contract may be written or oral and must be in place before the items or services are provided. A contract is not valid when the items or services were provided before the agreement was made.

If the contract is not valid, the items or services received before the transfer cannot be allowed as compensation.

Definitions

| Term                       | Definition   |
|----------------------------|--|
| Assumption of a legal debt | The act of taking over payments for and being legally assigned for someone else's legal debt.  |
| Compensation               | Something given or received in exchange for services, property, debt, or loss.   |
| Equity Value               | Means the current market value of a resource less<br>any outstanding loans, mortgages, liens, or legal<br>debts.   |
| Oral Contract              | A legally binding agreement made verbally. Oral contracts are only legally binding for one year in Arizona.  |
|                            | NOTE To be considered valid, full payment must be received within one year of the date of the oral contract.   |
| Personal Care Services     | Also called Attendant Care services. A list of these services is available in section 1240 of the <u>AHCCCS Medical Policy Manual;</u>   |
| Valid Contract             | To be considered valid, a personal care contract must meet all of the following:   |
|                            | • Specify the items or type of services to be provided, how often they will be provided, and the amount of time to be spent providing each service;  |
|                            | • Was executed by the customer or the customer's legal representative;   |
|                            | NOTE A representative cannot sign the agreement and also be the one paid for providing services, unless the document that provides the representative's legal authority to act for the customer specifically states that the representative can self-contract to provide services; |
|                            | <ul> <li>Written contracts must be signed and dated by<br/>the person providing the items or services, and the<br/>customer or the customer's legal representative;</li> <li>Payments are or were made according to the<br/>terms of the contract;</li> </ul>                      |

| Personal care contracts must also meet both of the following:  |
|--|
| <ul> <li>Is not an agreement for a spouse to provide<br/>services to the other spouse, or for a parent to<br/>provide services for a minor child; and</li> </ul>   |
| • Provide for payment at least monthly while<br>services are being provided, unless the amount or<br>form of payment is not available at the time<br>services are provided — for example, if the<br>payment for the contract is a house. |

#### Proof

To determine whether full compensation was received for a transfer proof is needed of the following:

- The date of the transfer;
- The value of the resource on the date it was transferred; and
- Proof of the value of the compensation received.
- 1) Proof of the transfer date

Proof of the date a transfer was made includes:

- Sales receipts;
- Property deeds;
- Loan agreements;
- Financial account statements showing the transfer;
- Canceled checks;
- Trust documents; and
- Other documents and records showing the date of the change in ownership.

NOTE For real property, the date of transfer is the date the document transferring ownership is signed and notarized, not the date it is recorded.

2) Proof of the resource value on the date transferred

The proof needed to determine the equity value of the resource on the date of transfer depends on the type of resource. See MA705 for examples of proof by resource type.

3) Proof of the value of compensation received

The proof needed to determine the value of compensation received depends on the type of compensation. The following table gives examples of proof by type of compensation:

| If the compensation is    | Then proof is needed of   |
|---------------------------|---|
| Cash                      | The amount received. Documents that can be used for proof include:  |
|                           | <ul> <li>Financial account statements showing the<br/>deposited amount;</li> </ul>                                  |
|                           | <ul> <li>Canceled checks made out to the customer or<br/>the customer's spouse; and</li> </ul>                      |
|                           | • Other documents that show the customer received the cash compensation.  |
| Resources other than cash | Who previously owned the resource and that ownership was transferred to the customer. Proof includes:               |
|                           | <ul> <li>Sales receipts;</li> </ul>   |

### 905 Transfer Penalty Period

### 905 Transfer Penalty Period

Revised 08/07/2020

Policy

For transfers that are not exempt under <u>MA903</u> and the compensation received is less than the equity value of the transferred resource, the difference is the "uncompensated value". When a transfer results in uncompensated value, a transfer penalty period is calculated. During a transfer penalty period, the customer cannot get long-term care services.

NOTE There is no limit on the length of a transfer penalty period.

See Example - Length of the Transfer Penalty Period.

1) Transfer Penalty Calculation

The penalty period is calculated by dividing the uncompensated value by the Private Pay Rate (PPR) for the geographic area in which the customer lived as of the month the customer was first approved for ALTCS. Because the PPR varies by year and geographic area, the penalty period assessed for the same amount may vary by customer.

When the division does not result in an even number, the fraction of a month is not dropped. The fraction results in a partial penalty month. However, when calculating the partial penalty month, any fraction of a day is dropped.

The Transfer Penalty Period calculation steps are shown in the following table:

| Step | Action  |  |
|------|---|--|
| 1    | Divide the uncompensated value of the transfer by the customer's PPR.   |  |
| 2    | Multiply any fraction from Step 1 by 30.<br>NOTE For this calculation, 30 is used as the multiplier no matter how many days there are in the month. |  |
| 3    | When the result from Step 2 ends in a fraction, drop the fraction to get the  |  |
|      | number of whole days in the partial penalty month.  |  |

NOTE When the customer has a partial penalty month, the share of cost for that month prorated based on the number of days in that month the customer is eligible for full ALTCS benefits.

See Examples – Transfer Penalty Period Calculations

### 2) Transfer Penalty Period Begin Date

As a general rule, a transfer penalty period begins the month the uncompensated transfer occurs, or the first month the customer is approved for ALTCS, whichever is later.

### Exceptions:

- When a transfer was made before the application is approved, the penalty period begins the first month the customer qualifies for full ALTCS services.
- When the customer already has a transfer penalty period that has not ended, the new penalty period does not begin until the current penalty period ends.
  - NOTE Different transfer penalty periods are not applied to the same months and do not overlap.

See Examples - Transfer Penalty Period Begin Date.

### 3) Multiple Transfers Made in Different Months

All uncompensated transfers made during a month are added up to determine if they total more than \$500. If the total uncompensated value of transfers in a month is not more than \$500, they are viewed as not made to qualify for ALTCS, and do not result in a penalty period (MA906). When the uncompensated value is more than \$500 in a month, a penalty period must be determined.

The following table describes how to determine penalty periods when there are multiple months with total uncompensated transfers of more than \$500:

| If the Transfers                              | Then   |
|---|--|
| Are made before ALTCS is approved             | All transfers for the look-back period are added together, and one penalty period is assigned. |
|   | See Example Multiple Transfers Made Before ALTCS Approval.                                     |
| Are made in consecutive months after approval | The transfers are added together and one penalty period assigned.                              |

|  | See Example Multiple Transfers Made in Consecutive Months After ALTCS Approval.  |
|--|--|
| Are made or discovered after<br>approval, but were not made<br>in consecutive months | The earliest month with transfers is determined. The penalty period for the transfers made in that month and any consecutive months is calculated.   |
|  | <ul> <li>If the resulting penalty period extends to or past the next transfer in a non-consecutive month, the later transfer is added to the earlier transfers and one penalty period is calculated. The begin date is the month of the earliest transfer.</li> <li>If the resulting penalty period ends before the next transfer in a non-consecutive month, the penalty periods are calculated separately. The begin date of the second penalty period is the non-consecutive month in which the later transfer was made.</li> </ul> |
|  | See Example Multiple Transfers Made in Non-<br>Consecutive Months After ALTCS Approval.  |

### 4) Division of the Penalty Period Between Spouses

With one exception, when both spouses qualify for ALTCS the penalty period is equally divided between the two spouses as follows:

| lf  | Then  |
|---|---|
| Both spouses currently qualify<br>for ALTCS   | The penalty period is divided and applied equally between the spouses.  |
| The customer is in a transfer<br>penalty period when the<br>spouse applies and qualifies<br>for ALTCS   | The remaining penalty period is divided and applied equally between the spouses.  |
| The transfer penalty period<br>was divided between the<br>spouses, but one spouse dies<br>or becomes ineligible for<br>ALTCS before the end of the<br>penalty period. | The ineligible spouse's remaining penalty period is applied to the spouse who remains on ALTCS; extending that spouse's penalty period. |

See Example Dividing the Penalty Period Between Spouses

### Exception:

Transfers by the community spouse after ALTCS approval. After the initial rules period, the transfer of resources owned solely by the community spouse does not affect the customer's eligibility (see MA707.7).

### 5) Duration of the Penalty Period

Once the length of a transfer penalty period is established, it does not change unless the full amount of the transferred income or resources are returned to the customer. The penalty period continues to run even when the customer loses ALTCS eligibility during the penalty period.

See Changes in the Penalty Period Examples.

### 6) Private Pay Rates

The Private Pay Rates vary according to the county in which the customer resides. Private Pay Rates are generally updated once per year in October, but may be updated more frequently.

| Customer's County of Residence | 3/1/19 to 9/30/19 | 10/1/2019 to<br>12/31/2019 | 1/1/2020 to<br>9/30/2020 |
|--------------------------------|-------------------|----------------------------|--------------------------|
| Maricopa, Pima,<br>Pinal       | \$7,253.13        | \$7,429.58                 | \$7,533.59               |
| All other counties             | \$6,377.20        | \$6,592.52                 | \$6,684.82               |

See Prior Private Pay Rates for rates from 10/1/1988 to present.

Proof

When a countable income or resource has been transferred, documents need to be provided to prove:

- The date of the transfer. For transfers of real property, the date of transfer is the date the transfer document is signed and notarized, not the date the document is recorded;
- The person who owned the item both before and after the transfer;
- The Current Market Value (CMV) of the transferred item or the actual future cash value of income at the time of the transfer; and
- Any and all legal encumbrances such as debts and liens against the transferred item at the time of the transfer.

### 906 Rebutting the Transfer Penalty Period

### 906 Rebutting the Transfer Penalty Period

Revised 07/10/2020

Policy

A transfer penalty period may be ended or waived if the customer successfully demonstrates one of the following:

- All of the transferred income or resources have been returned to the customer;
- Full compensation was received for the transferred resource or income;
- The customer intended to sell or trade the resource or income for its current market value (CMV), or for other valuable consideration that would equal the CMV; or

• The income or resources were transferred exclusively for a purpose other than to qualify for ALTCS benefits.

### 1) Return of Transferred Income or Resource

When convincing proof is received that all of the transferred income or resource has been returned to the customer, the following policies are applied:

- The penalty period is ended the month in which all of the transferred income or resources were returned.
- The returned income or resource is counted as of the month of return.

### 2) Receipt of Compensation

The value of compensation received by the customer is determined according to the kind of compensation using the policy in MA904.

When convincing proof is received that the customer received full compensation, the following policy is applied:

- The penalty period is ended the month in which full compensation was received.
- The returned income or resource is counted as of the month it was received.

3) Intent to Sell or Trade for Current Market Value

The customer may have intended to get CMV for the income or resource, but was unable to, due to reasons outside of the customer's control. When convincing proof is received that the customer intended to sell or trade the income or resource for CMV, the penalty period is waived.

#### 4) Transfer Not Made to Qualify for ALTCS

Transfers are assumed to be made to qualify for ALTCS. To meet this condition, all of the following must be met:

- The customer must have a specific reason for the transfer that is completely unrelated to qualifying for ALTCS;
- None of the factors in the decision to transfer the item may be related to qualifying for ALTCS; and
- The customer must show that a need for ALTCS services could not have been anticipated at the time the transfer was made.

When convincing proof is received that the transfer was not made to qualify for ALTCS, the penalty period is waived.

The Public Information Brochure on Transfers (DE-818) provides information about transfers and rebuttals.

| Term                | Definition  |
|---------------------|---|
| Convincing Evidence | Supporting proof required to establish the customer's claim to the satisfaction of the state.           |
| Full compensation   | Compensation that is equal to or more than the market value of the item at the time it was transferred. |

#### Definition

| Rebuttal | A process to dispute the transfer penalty |
|----------|---|
|          | period.                                   |

Proof

When the customer wants to rebut the proposed transfer penalty period, the customer must provide proof that one of the rebuttal conditions was met. The burden of proof that the penalty period should not be applied rests with the customer.

The specific proof needed for each rebuttal reason is described below.

#### 1) Return of Transferred Item

To rebut the penalty period based on the return of the transferred income or resource, the customer must provide a written statement and proof that supports the written statement.

#### Written Statement

The statement must include all of the following information:

- A list of the income or resources returned; and
- The date that each item was returned to the customer.

NOTE The penalty period will not be reduced or ended when only a part of the transferred items are returned.

#### Supporting proof

Proof that the income or resources were returned will vary depending on the type of item, but examples include:

- Property deed signed and notarized after the initial transfer showing the customer as owner;
- Bank statement or deposit record showing return of cash to the customer's account; or
- Title document issued after the initial transfer showing the customer as owner.

### 2) Full Compensation Received

To rebut the penalty period based on full compensation being received, the customer must provide a written statement and proof that supports the written statement.

#### Written Statement

The statement must include all of the following information:

- The type of compensation received;
- The value of the compensation received; and
- The date that compensation was received.

#### Supporting proof

Proof that the customer has received full compensation for the transferred item will vary depending on the type of item. Examples include:

- When the compensation was in the form of real property, a deed showing the customer as owner, dated after the initial transfer;
- A bank statement or financial record showing cash compensation deposited to the customer's account;
- Other title documents or legal ownership records dated after the initial transfer showing the customer as the new owner of the item received as compensation; and
- When compensation was received in the form of bills or expenses paid on the customer's behalf, the person making the payments must provide proof that the expenses were paid from his or her own funds.
- 3) Intent to Dispose of Asset for Current Market Value

To rebut the penalty period based on intent to get CMV for the asset, the customer must provide a written statement and proof that supports the written statement.

### Written Statement

The statement must include all of the following information:

- Purpose for transferring the income or resource;
- Attempts made to dispose of resource or income at CMV;
- Reasons for accepting less than the CMV for the resource or income;
- Why the customer believes that adequate compensation was received;
- Customer's relationship, if any, to the person to whom the income or resource was transferred; and
- Customer's means of or plans for self-support after the transfer.

#### Supporting proof

Proof that the customer intended to get CMV for the transferred item will vary depending on the type of item. Examples include:

- Written offers for purchase;
- Declarations from the realtor contracted to sell the property; or
- Estimates of the value of the resource from professional, knowledgeable sources.

### 4) Transfer Not Made to Qualify for ALTCS

To rebut the penalty period based on the transfer not made to qualify for ALTCS, the customer must provide a written statement and proof that supports the written statement.

### Written Statement

The statement must include all of the following information:

• The specific reason for transferring the asset; and

• Why a need for ALTCS services could not have been anticipated at the time the transfer was made.

NOTE A verbal statement cannot be accepted. The customer must provide a signed, written statement.

### Supporting proof

Proof will vary depending on the situation. Examples include:

• Court documents showing the transfer was ordered by a court and none of the following people asked or petitioned the court to order the transfer:

- The customer;
- The customer's spouse;

• A person with legal authority to act on behalf of the customer or the customer's spouse; or

• A person acting at the direction or request of the customer or the customer's spouse.

• Medical records showing that the customer's current need for ALTCS services is solely due to the diagnosis of a disabling condition or a trauma, like an accident or injury that happened after the transfer;

• Legal and other written documents showing that after the transfer there was an unexpected loss of other income or resources that would have prevented the customer from qualifying for ALTCS;

• At the time of the transfer the customer could not have anticipated qualifying for ALTCS due to other circumstances that would have prevented ALTCS eligibility; or

• Proof that the customer's total counted income and resources would have been below the ALTCS limits standard at all times from the month of transfer through the present month, even if the transferred income or resource had been kept. This reason does not apply to the transfer of excluded resources or home property.

### 907 Undue Hardship Claims for Transfer Penalties

### 907 Undue Hardship Claims for Transfer Penalties

### Revised 07/10/2020

Policy

The transfer penalty period may be waived if denial of eligibility for long term care services creates an undue hardship. To request undue hardship, the customer must qualify for ALTCS except for transfer policy.

Undue hardship decisions are made on a case-by-case basis. The application must be approved for the limited service package due to a transfer penalty before undue hardship is requested. A customer must meet the requirements in section one or section two for undue hardship to be considered.

1) Undue hardship may be met

- A request for undue hardship will be considered when the transfer penalty would deprive the customer of:
  - Medical care to the point that the customer's life or health would be endangered; or
  - Food, clothing, shelter or other necessities of life as shown by the fact that the customer's income is less than or equal to 100% of the Federal Poverty Level (FPL). See <u>MA615.2</u> for the 100% FPL income standard.

2) Undue hardship is met

- A request for undue hardship will be granted when a violation of legal authority has occurred. The customer or representative will need to provide proof of all of the following:
  - The customer is incapacitated as established by the Court or by a physician;
  - The person who had the legal authority to handle the customer's finances has violated the terms of that legal authority; and
  - A person acting on the customer's behalf has exhausted all legal remedies to get the asset back, including filing a police report and seeking recovery through civil court.

3) Undue hardship is not met

The request for undue hardship will not be granted when:

• The customer was mentally competent and would have been aware of the consequences of the transfers at the time the transfers occurred; or

• The customer was mentally competent and gave another person the legal authority to make the transfers, and the person did not violate the limits of that authority in making the transfers..
