INDEPENDENT AUDITORS' REPORT

To the Management of

STEWARD HEALTH CHOICE ARIZONA, INC.

Report on the Schedule of Expenditures of Federal Awards

We have audited the accompanying schedule of expenditures of federal awards of **Steward Health Choice Arizona, Inc.** (the "Organization") for the year ended September 30, 2019, and the related notes (the financial statement).

Management's Responsibility for the Schedule of Expenditures of Federal Awards

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the expenditures of federal awards of **Steward Health Choice Arizona, Inc.** for the year ended September 30, 2019 in accordance with accounting principles generally accepted in the United States of America.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Year Ended September 30, 2019

(1) Organization operations

Steward Health Choice Arizona (the Plan or Health Choice) is a division of Steward Health Choice Arizona, Inc. (Parent), which is a wholly owned subsidiary of IASIS Healthcare LLC (IASIS). Effective September 29, 2017, Steward Health Care System LLC (Steward) acquired IASIS and its subsidiaries. As a result of the acquisition, Steward Health Choice Arizona, Inc. and IASIS are wholly owned subsidiaries of Steward.

The Parent is a provider-owned, managed care organization and insurer that delivers healthcare services to members through multiple health plans, accountable care networks and managed care solutions. The Plan provides high-quality physical and behavioral healthcare services to Medicaid eligible adults with serious mental illness in Northern Arizona under a Regional Behavioral Health Authority (RBHA) contract. This contract was originally awarded to Health Choice Integrated Care, LLC (HCIC) on December 18, 2014. This contract between HCIC and the Arizona Department of Health Services (ADHS) was effective October 1, 2015 and had an initial three-year term with two two-year renewal options for the potential maximum length of seven years. Effective July 1, 2016, the contract with ADHS was transferred to the Arizona Health Care Cost Containment System (AHCCCS). Effective October 1, 2018, HCIC's contract with AHCCCS was extended and assigned to the Parent, and governance over this RBHA contract assigned to the Plan was subcontracted to HCIC. Under the governance agreement, all permissible profit attributed to lives covered under the contract are distributable to the members of HCIC along with their relative ownership interests. Relative interests of the members of HCIC are as follows:

Health Choice of Northern Arizona	52%
Northern Arizona Regional Behavioral Health Authority (NARBHA)	48%

On October 31, 2019, Steward and Blue Cross Blue Shield of Arizona (Blue Cross) reached a definitive agreement for Blue Cross to acquire the Plan from Steward. On December 20, 2019, Blue Cross assigned their rights under the purchase agreement with Steward to their wholly owned subsidiary, Veritage LLC (Veritage). On December 30, 2019, AHCCCS approved the proposed change in ownership and Veritage completed the acquisition of the Plan.

(2) Basis of presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal award activity of **Steward Health Choice Arizona, Inc.** under programs of the federal government for the year ended September 30, 2018. The information in the Schedule of Expenditures of Federal Awards is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Because the Schedule of Expenditures of Federal Awards presents only a selected portion of the operations of **Steward Health Choice Arizona, Inc.**, it is not intended to and does not present the financial position, results of operations or cash flows of **Steward Health Choice Arizona, Inc.**

(3) Summary of significant accounting policies

Expenditures reported on the Schedule of Expenditures of Federal Awards are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. **Steward Health Choice Arizona, Inc.** has not elected to use the ten percent de minimus indirect cost rate allowable under the Uniform Guidance.

(4) Catalog of federal domestic assistance (CFDA) numbers

The program titles and CFDA numbers were obtained from the 2019 *Catalog of Federal Domestic Assistance*.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE AS REQUIRED BY THE UNIFORM GUIDANCE

To the Management of

STEWARD HEALTH CHOICE ARIZONA, INC.

Report on Compliance for Each Major Federal Program

We have audited **Steward Health Choice Arizona, Inc.'s** compliance with the types of compliance requirements described in the U.S. Office of Management and Budget ("OMB") Compliance Supplement that could have a direct and material effect on each of **Steward Health Choice Arizona, Inc.'s** major federal programs for the year ended September 30, 2019. **Steward Health Choice Arizona, Inc.'s** major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of **Steward Health Choice Arizona, Inc.'s** major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about **Steward Health Choice Arizona, Inc.'s** compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of **Steward Health Choice Arizona, Inc.'s** compliance.

Opinion on Each Major Federal Program

In our opinion, **Steward Health Choice Arizona, Inc.** complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2019.

Report on Internal Control Over Compliance

Management of **Steward Health Choice Arizona, Inc.** is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered **Steward Health Choice Arizona, Inc.'s** internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of **Steward Health Choice Arizona, Inc.'s** internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
