**B. AHCCCS RESPONSIBILITIES**

1. AHCCCS/Division of Health Care Management (DHCM) shall pull fully adjudicated and approved encounters with only the CPT codes listed above. These pulls shall be made for CYE 22 in March 2022, September 2022, and a final pull and settlement in September 2023. For CYE 23 these pulls will be made in March 2023, September 2023, and September 2024. The cost settlement shall be conducted and payments, including Premium Tax, shall be made after each data pull. The cost settlement shall be conducted multiple times to identify and settle any vaccine costs and Vaccine Administration Costs not previously settled. All COVID-19 encounters adjudicated and approved after the September 2023 and September 2024 data pull, shall not be cost settled and shall not be included in any reconciliations or other cost settlements.
2. AHCCCS shall provide the Contractor the data used for the cost settlement and provide written notice of the deadlines for review and comment by the Contractor. Upon completion of the review period, AHCCCS shall evaluate Contractor comments and make any adjustments to the data as warranted. AHCCCS shall then process a payment based on the total amount paid for COVID-19 vaccinations less the previous payments made including premium tax. Refer to Attachment A for an example cost settlement.
3. AHCCCS shall reimburse the Contractor the lesser of the amount paid by the Contractor to the provider, or the Fee-For-Services (FFS) rates for the vaccine cost and Vaccine Administration Costs. All cost settlements to the Contractor shall include premium tax.

**C. CONTRACTOR RESPONSIBILITIES**

1. The Contractor shall submit encounters for COVID-19 vaccine costs and Vaccine Administration Costs and those encounters shall reach fully adjudicated and approved status by the date required by AHCCCS. AHCCCS shall only utilize fully adjudicated and approved encounters reported by the Contractor to determine the cost settlement.
2. The Contractor shall maintain financial statements that separately identify COVID-19 cost settlements as required by Contract and in the format specified in the AHCCCS Financial Reporting Guide.
