Comments/Questions:

1) What is actually new or different in the rules? ~~Is it the self-assessment? Is it the transparency with agencies? Is it something else?~~ Sounds like many "bells & whistles" are now required

2) Is there anything about residents holidays or closures? Week or two off as communicated in the lease.

3) Is there an example lease agreement in the 213pp doc?

4) What ~~is~~ does "intermediate care for ID" mean?

Please use the back of this page for additional comments. →

5) What if the agency has an enterprise and it is open to the public -- will that meet the community-based EMP goal

✓ Our group homes are all for medically fragile children. We have a couple of adults. None of our clients are capable of leaving home alone. The majority are non-verbal, non-ambulatory and under the age of 18. Our staff cannot leave the home unless at least 3 clients are away at school or an appointment. We are required to have 1 caregiver for every 3 clients. →

Please use the back of this page for additional comments. →

AHCCCS

Arizona Health Care Cost Containment System

We must have a nurse on duty 24/7. These rules are going to be quite difficult to follow in our unique setting. Will there be any exceptions for our homes? We don't have any clients able to work or be independent in the community. If we have a client who is able to make these sort of choices DDD moves them to a CDH or ADH.

A. Documentation on Plan to show N/A rights members can be engaged in. As long as documented, OK.

Comment If improves will move client, so it never applies, still need to incl.

A. Yes.

✓ When the DOL demands minimum wage for all consumers will this be a government program when the business world can't afford or won't hire?

✓ Are you aware that DD case managers can NOT recommend services for members?

✓ Day programs (DD) are very restrictive

Please use the back of this page for additional comments. →

AHCCCS
Arizona Health Care Cost Containment System

Many programs will not accept members who need a 1:1 staff or members with behaviors. This is very discriminatory. What will these unserved members do on a day to day basis?

✓ How will AHCCCS assure that members and families are included in workgroups?

✓ Unless developmental homes are run as a business, the rules for members living in a home must follow the home rules. If an allegation of abuse is reported, the member or members must leave unlike a group home, where staff is removed. Developmental homes are self-monitored [redacted] DD. Oversight is [redacted]

People under guardianship do not have the luxury of making many decisions. How will you deal with a guardian who does not allow the many choices in the plan?

Q: minimum wage?

A: Part of discussion but DOL will oversee. See Plan to Plan.

Note: When deciding to de-qualify Beh. Health Residential it was noted that this is different in that it is clinical, aim is to move to a less restricted setting. I find this framing interesting as I would suggest all setting should strive to provide clinical support to teach skills, increase independence and allow for a move to less restricted setting. I would suggest that this may not be the best way to differentiate the settings.

Comments/Questions: How is AHCCCS addressing the concept of settings that have the effect of isolating individuals receiving HCBS from the broader community – esp. related to Assisted Living Directed Care. Rule requires secure perimeter, allows for delayed egress – esp for wandering dementia care, memory care. CMS has specifically denied these facilities in California. Need to include R9-10-815-Directed Care Svcs and 36-401-definition of Directed Care Services (36-401.A.14)

ADH are privately owned homes - concern regarding how a "resident agreement" will be developed - individualized to respect the provider's rights & the individual's rights.

It seems most strategies are already included in existing documents, contracts, etc. Some wording in the strategies is concerning & needs clarification

Comments/Questions:

✓ Long term care providers - will there be more funding from state to help elderly receive more adequate care?

✓ currently elderly living in assisted living homes don't seem to have option to live with peers who can/can communicate. (Dementia vs. non dementia) - private pay only

✓ assisted living homes seem to have more caregivers on site than ALTCS contracted homes and have more adequate care

Please use the back of this page for additional comments. →

✓ Less Restrictive - at home ALTCS - not enough incentive per family to stay home and care for members.

Comments/Questions: one of the greatest hindrances to many medicaid recipients to receiving the various amenities & choices that should be available, is the low reimbursement rates to providers. Because of the low rates, many facilities decline to accept medicaid funds, or limit that availability for medicaid recipients, so there are very limited options for them. And those providers who offer the full facility's amenities for medicaid recipients operate on very low funding, decreasing the quality of experience for the resident.

Olmstead

INTERESTING THAT COOLIDGE ~~AND~~ IS ~~ARE~~ BEING EXCEPTED IN THIS STATE AND ~~THAT~~ IT IS TRULY A VIOLATION OF *OLMSTEAD!!!*

HAVE YOU THOUGHT ABOUT THE LAW OF INTENDED CONSEQUENCES?

good

My daughter will never be able to earn minimum wage and work in the community on her own. What will happen is that she will not have any employment and that's criminal!!!

I am not against having disabled persons working in the community. Indeed, I fought for my daughter to be integrated into the school setting when she was 5. She was the first disabled person integrated into the regular kindergarten in TUSD.

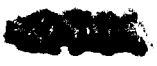
Wage

Also 14(c) of the Fair Labor Standards Act is essential for persons like my [redacted] She will never be able to do the work that a normal person does and therefore, no employer will hire her. If a person is qualified even tho they have a disability of course they should be paid minimum wage or more.

If you think that people like my Jennifer are being exploited then please come to Beacon Group in Phoenix or Tucson. You will quickly see, as did the Governor Doug Ducey, that we are providing a wonderful service; our employees are doing meaningful work and are being paid according to their ability. For my [redacted] that means below minimum wage.

Unfair Taxpayer

Have you done your homework on how this is working in other states - WA, VT, ME?
1/3rd of those previously working - working
2/3rds - no job
working 3-10 hrs./day at min. wage & then at home
If doesn't work where go after that?



Forum 66

I am [redacted]. I am a parent of a mentally retarded daughter. I am also an attorney.

I QUESTION THE RULE THAT SAYS THAT CENTER BASED EMPLOYMENT SHOULD BE LIMITED. WHY? WHAT IF I AS THE PARENTS WANT CENTER-BASED EMPLOYMENT FOR MY DAUGHTER?

AS HER GUARDIAN I HAVE TOTAL CONTROL OVER DECISIONS THAT ARE MADE FOR HER. THAT'S WHAT BEING A GUARDIAN MEANS. THE PERSON IS NOT CAPABLE OF MAKING THESE DECISIONS FOR HIM/HERSELF

① WHERE ARE THESE NEW RULES COMING FROM? WHY?

Olmstead TOTAL MISREADING AND MISINTERPRETATION OR MISUNDERSTANDING OF *OLMSTEAD*

THE CASE WAS ABOUT INSTITUTIONALIZATION, I.E. COOLIDGE TYPE FACILITY

RUTH BADER GINSBURG – 'states are required to place persons with mental disabilities in community settings rather than in institutions when the State's treatment professionals have determined that community placement is appropriate, the transfer from institutional care to a less restrictive setting is not opposed by the affected individual, and the placement can be reasonably accommodated, taking into account the resources available to the State and the needs of others with mental disabilities."

This case is not about employment and THE FACT THAT it's being relied on to push community based employment and close center based employment is a gross misuse of this case.

No where in the case does it mandate integration in employment.

Comments/Questions: The more choices that are available to each member (which I totally support) will require additional staff/resources to facilitate the additional resources that may be required. Will these additional funds be available? There seems to be a significant amount of focus on volunteer positions vs. paid positions - isn't it better for members to be paid for their work and isn't it illegal to have someone do volunteer work

In lieu of someone who would be paid for the same service. We at Beacon already do spend a significant amount of time working with our members to give them the choices that are available to anyone and to help them work on the barriers that would make it a challenge to work in competitive employment.

Goals will be evaluated, but how many times can the goals be changed if it seems the barriers are unsurpassable? Or does the goal stays the same and all evaluations are meant to reach it? Thank you for being flexible and understanding our side. ☺

Excellent Presentation!

The plan sounds wonderful. Will the state look at increasing funding for Residential / DDD services so they can create more of these ideals for individuals

Please use the back of this page for additional comments. →

AHCCCS
Arizona Health Care Cost Containment System

If they don't have the $ are the goals attainable?

We are concerned about lack of funding. Will facilities fail or be non-compliant.

ALF's & AFC's may need increase in rates to succeed.

[redacted]

Should we focus on Supervisory & Personal Care for employment in ALF & AFC.

I would be interested in a work group.

1). What if a member is in center-based employment but isn't making "progress".

2). What of members who choose not to work in the community due to prior bad experiences including bias + stigma

3). Is there a proposed ratio of non-disabled/disabled employees in a center-based environment?

Please use the back of this page for additional comments. →

AHCCCS

Arizona Health Care Cost Containment System

The important thing to consider, through all of this, is that the resident should be able to choose their future - if that is integrated employment and an integrated residential setting, then that is great; but if someone chooses to work in a center-based, group-supported or individually supported environment, then he/she should have that option.

AHCCCS
Arizona Health Care Cost Containment System

From: Steven Kmq / Beacon Group / Skmq@Beacongroup.org

1. Can a person choose not to be pressured into transitioning to an integrated work environment? If not, will they be forced into a DTA program?
2. Is there going to be a time limit for a person to be in Center-Based Employment?
3. If the majority of the PCP team decides that the individual should transition to an integrated work environment, but the member and/or guardian wants to remain in Center-Based Employment, will their wishes be considered? Will they matter?
4. If the transition to an integrated work environment is not successful, can the individual immediately return to Center-Based Employment?
5. Who will make up the "cadre" of volunteer certified PCP facilitators? It cannot be a person-centered process if the certified PCP facilitator has predetermined outcomes in mind.
6. Individual rights can be disregarded by the PCP team for health and safety concerns. Will parent concerns regarding their child's health and safety be given the same weight?
7. Is there going to be a ratio/percentage of an acceptable number of non-disabled individuals working alongside those individuals in Center-Based Employment? If so, can organizations continue to make decisions based upon sound business practices or will we be forced to make decisions based upon arbitrarily defined ratios/percentages? What about background checks and fingerprint clearances for non-disabled individuals?
8. Will the choice of Center-Based Employment or the proposed new "Pre-Employment Service" be limited to certain activities?

Comments/Questions: I got the whole time I was given over the transition plan when they were to focus only on employment issues. Ignored Person centered plans again (How can CMS rules be implemented without a PCP.) Most of the info was about the people who only receive work-goal people. The Arc of Arizona wants to be part of the conf going to provide input. 5 min on centered based employment + less than PCP. Need to change time frame from 6 weeks to 9 or 12 weeks for job training at companies. Need to change wages (Work at Vocational Rehab Center) community based Support employment) ✓

Please use the back of this page for additional comments. → would like an economic boost in AZ. Sheltered workshops are not a long retirement or regional choice!

Not changing continuum of services with the CMS final rule.

Need to change work employment HR department to make accommodations inclusive

I Don't like having to go through sheltered workshops to get a job →

Forum 110

I would love to be a workgroup volunteer. You need help on application.

You will force an employee to have community goals whether they can handle it or not- what if they are low functioning?

Your focus is on following rules not serving the needs of the individual.

No one should be in your position unless they have a disabled child.

Evaluation based "on paper" assessments?

√Is this a cyclical idea, like inclusion?

What was the baseline/who decided or judged? Individual needs/preferences??

_____

√Expand value and purpose of the day programs (to the families), so those entering center-based programs are vocationally oriented.

Please use the back of this page for additional comments. →

Providers need to inform consumers and Case managers families true purpose of both programs.

We did not need to know how to invent the wheel – just there is a wheel! For a forum related to employment we have spent 45 minutes so far, and not one word that applies to that subject. I look around the room and all I see is dismay on these faces that are not a sloog!

over

Please use the back of this page for additional comments. →

AHCCCS
Arizona Health Care Cost Containment System

Finally after one hour, we hear about employment. And the operative word is Could----. That leaves a big door that could go either way. This whole subject could have been summed up with - those who can perform in a public environment will be helped, trained, and otherwise assisted to obtain that work. Those who chose not to leave their existing environment or cannot leave will not be [redacted] to leave.

Pity the people who enter the system after 2021.
