Tribal ALTCS Quarterly Meeting

Friday, February 28, 2020
WELCOME TO ALL!

Agenda Overview

- Rachel Hunter: New Staff, EVV, Person Centered Planning
- Kevin Hoy: Ice Breaker, Tribal ALTCS Webpage
- Soni Fisher: Case Manager’s Face to Face Discussion with Member, SOC, Provider Training Information
- Rachel Hunter: Audit Results, Future WIGS
- Lunch
- Shannon Shiver: QOC Overview
- Bandana Chetty & JD Simon: Home Modifications
- Rachel & Soni: Tribal Plan Recognitions
Purpose:
The purpose of this document is to describe the requirements necessary to be in compliance with the new (EVV) regulation designed around tracking the Medical Necessity Determination Date (MNDD) for long term care services.

Project Scope
To add the MNDD on each long term care service line on the CA165 panel in the Client Assessment and Tracking System (CATS). To add MNDD to LT-SER01R/U Table. To populate pre-EVV service plan records’ MNDD field with a placeholder date.
Add MNDD to Service Lines on CA165

Column header will be titled ‘MNDD’

- Date format will be MM/DD/YY
- Should not allow invalid dates (e.g. 13/02/89)
- Date cannot be greater than the ‘END DATE’ of the service
- MNDD will be a mandatory field
- MNDD can be edited until the ‘TOT USD’ field is populated (if value is greater than 0)

Additional Screen Information:

System Default Date:
AHCCCS will determine a default date prior to ‘Go Live Day’

Service plan line errors:
- EW14 - END DT REQ'D
- C019 - INVALID DATE
- EW13 - END DT < EFF DT
- TBD1 - MNDD > END DT

When a user receives an error message the cursor will be placed on the field with the error.
Support Rather Than Fix

Questions to help get there:

**Group 1** - What can others do to help you be successful?

**Group 2** - Has anyone ever said or done something to help you in the past?
  - What did they say or do?

**Group 3** - What has worked in the past to help your day go by better?

**Group 4** - What support have you had in the past?
What people want

Person-Centered Thinking (PCT)

Inspires and guides respectful listening which leads to actions, resulting in people who:

- Have positive control over the life they desire and find satisfying
- Are recognized and valued for their contributions (past, current and potential) to their communities
- Are supported in a web of relationships, both natural and paid, within their communities.

• Any other ideas?
SOC is usually associated with a member’s placement in a Skilled Nursing Facility (SNF).

In an Alternative HCBS setting, i.e. Assisted Living Facility (ALF), it is called the “Room and Board” amount.

It is uncommon for a member to have a SOC while residing at home and receiving LTC services. However, it is possible that Eligibility may require the member to have an Income Only Trust... IF... the member’s gross monthly accountable income exceeds the maximum allowable limit to qualify for the ALTCS program.
The CM supports members going through a difficult time.

CM’s are compassionate, problem solvers for their members.

CM’s create long term plans for their members, based upon the members functional abilities, medical conditions, etc.

CM’s advocate for their members.

Anything else you can think of?
The Case Manager’s Role
Successful Face-to-Face Discussions and Interactions with Your Member

• Having Face-to-Face communication with your members adds the “personal touch” and promotes a sense of community, with the ability of the member to interact and socialize.

• Explain your role to the member, with regards to their care; YOU are the member’s advocate, and you will be following every aspect of their medical care, while they are on ALTCS.

• Sets the foundation for Trust, and ultimately creates a better relationship between you and your member.
The Case Manager’s Role

Successful Face-to-Face Discussions and Interactions with Your Member

• Speak to your members in a *Respectful* tone.
• Be the person your member looks forward to seeing, not the one they dread seeing and try to avoid.
• Be a positive presence in your member’s life.
• Many members have multiple major medical conditions, and are home bound. You may be the person they look forward to seeing.
• Some medical conditions can result in the member suffering from depression, which may come across as anger. Be kind.
While helping someone with depression you may experience difficult emotions, including helplessness, frustration, anger, fear, guilt or sadness. These feelings are normal. However, keeping a positive attitude with the member can be crucial in their recovery.

People with depression don’t just “snap out of it” by sheer force of will.
When someone is depressed, it’s not that they are lazy. It’s just thinking about doing the things that may help them feel better can seem exhausting or impossible to put into action.

Have patience as you encourage your member to take the first small steps.
The Case Manager’s Role
Successful Face-to-Face Discussions and Interactions with Your Member

Helping someone with Depression, Con’t.

• Ways to start the conversation:
  – “I’ve been feeling concerned about you lately”.
  – “Recently, I have noticed some differences in you and wondered how you are doing”.
  – “I wanted to check in with you because you have seemed pretty down lately”.
The Case Manager’s Role

Successful Face-to-Face Discussions and Interactions with Your Member

Helping someone with Depression, Con’t.

• Questions you can ask:
  – “When did you begin to feel like this?”
  – “Did something happen that made you start feeling this way?”
  – “How can I best support you right now?”

• Remember, being supportive involves offering encouragement and hope.
The Case Manager’s Role
Successful Face-to-Face Discussions and Interactions with Your Member

Helping someone with Depression, Con’t.

• Things you can say that MAY help:
  – “You’re not alone. I’m here for you during this difficult time”.
  – “Even if I’m not able to understand exactly how you feel, I care about you and want to help”.
  – “You’re important to me. Your life is important to me”.
  – “Please tell me what I can do now to help you”.

AHCCCS
Alliance Health Care Connections System
The Case Manager’s Role
Successful Face-to-Face Discussions and Interactions with Your Member

Helping someone with Depression, Con’t.

• Things you should **AVOID** saying/doing:
  – “This is all in your head. You should be feeling better by now”.
  – “Everyone goes through tough times”.
  – “Try to look at the bright side”.
  – “I can’t do anything about your situation”.
  – “Just snap out of it”.
  – Do **NOT** raise your voice, as it will just escalate the situation.
The Case Manager’s Role
Successful Face-to-Face Discussions and Interactions with Your Member

Helping someone with Depression, Con’t.

• The risk of suicide is real.
  – If you believe the member is at risk for suicide, do NOT leave them alone.
  – Call 911 or call the National Suicide Prevention Lifeline at 1-800-273-TALK.
When a member has an urgent/emergent medical or mental health condition that has recently changed. Between scheduled visits, you should either:

– Call the member every 30 days; ask how they are doing, or if there is anything they need. Document the case file.

– Make home/facility visits on more frequent intervals, i.e. every 30 days, rather than every 90 days.

TIME FOR LUNCH
Home Modification Process

JD Simon - Tribal ALTCS RN
Bandana Chetty – Tribal ALTCS Specialist
Home Modifications

• Policy AHCCCS AMPM 1240-I

• Includes but not limited to: ramp, shower, grab bars, widen doors/lever handles, high rise toilet, roll under sink

• Purpose: Deter the risk of an increase in home and community based services or institutionalization

• Must have a specific adaptive purpose enabling the member to function with greater independence in the home

• Must be medically necessary and have an impact on member ability to independently perform Activities of Daily Living (ADLs)

• Exclusions: general maintenance, home improvement, repair
Home Modification Request Overview

• Bandana reviews initial packet
• FFS Medical Documentation Form (fax cover sheet)
• Uniform Assessment tool
• Service Assessment form
• Home Mod Request/Justification form
• Incomplete packet sent back to Case Manager with reason
• Complete packet reviewed for approval by Nurse
Review Process

- Nurse reviews documentation in packet for medical necessity
- If approved, bid notification letters sent to Case Manager and Contractors – 30 days to submit bids
- Bids reviewed and award letters sent to Case Manager and Contractor
- Contractor receives pended authorization – 90 days to complete approved modifications
- After project is complete Contractor submits completion docs to AHCCCS – member sign off and after pictures
- Authorization is approved and Contractor is able to submit for billing
Home Mod Request/Justification Form

Current Common Errors

• Missing Documentation
• Missing Maps
• Incomplete Forms
• Lack of resubmission of documents

Proposed Changes Coming

• Section A is going to include check boxes
• Case Manager & Supervisor will have to sign off on form
• Check boxes for the Modification Requested
• Ramps will now include ‘Landing’
• Walk-in and Roll-in Shower will now include ‘Handheld Shower Head’
