III. POLICY

A guiding principle of the ALTCS program is that members live in the most integrated/least restrictive setting. Placement goals shall be identified through the PCSP process and cost effectiveness standards shall be met in the Home and Community Based setting.

The Case Manager is responsible for facilitating placement and services based primarily on the member’s choice with additional input in the decision-making process from the member/Health Care Decision Maker (HCDM)/ and Designated Representative (DR), the Case Manager’s assessment, the Pre-Assessment Screening, and other members of the Planning Team.

Case Managers are prohibited from using referral agencies to identify placement options for members in lieu of the Contractor’s contracted network of providers. Refer to Title 42 U.S. Code 1320a-7b.

The Case Manager shall adhere to placement and service planning standards as follows:

1. After the PCSP (refer to AMPM Policy 1620-B) is completed, the Case Manager shall discuss the cost effectiveness and availability of needed services with the member/HCDM.

2. In determining the most appropriate service placement, the Case Manager and the member/HCDM and DR shall discuss the following as applicable:
   a. The member’s placement choice and preferences,
   b. Services necessary to meet the member’s needs in the most integrated/least restrictive setting. Refer to AMPM Chapter 1200 for information about the following types of services available:
      i. Home and Community Based Services (HCBS),
      ii. Institutional services,
      iii. Acute care services, and
      iv. Behavioral health services.
   c. The member’s interest in and ability to direct their own supports and services. If the member is unable to direct their own supports and services, a HCDM or Individual
Representative may be appointed to direct the member’s care. Member directed options for service delivery of designated services are specified in AMPM Policy 1310-A,
d. The availability of HCBS in the member’s community,
e. Cost effectiveness of the member’s placement and service choice,
f. Covered services which are associated with care in a nursing facility compared to services provided in the member’s home or another Alternative HCBS setting as specified in AMPM Chapter 1200, Section 1230,
g. The risks that may be associated with the member/HCDM’s choices and decisions regarding services, placements, caregivers, which would require a Managed Risk Agreement signed by the member/HCDM to document the situation,
h. If a Managed Risk Agreement is required and the member or the member’s HCDM refuses to sign the Managed Risk Agreement, the agreement shall be placed in the case file with documentation of the refusal,
i. The member’s Share of Cost (SOC) responsibility. The SOC is the amount of the member’s income that the member shall pay towards the cost of long-term care services. The amount of the member’s SOC is determined and communicated to the member by the local ALTCS Eligibility office,
j. The member’s Room and Board (R&B) responsibility, including the following:
i. The portion of the cost of the care in an Alternative HCBS setting that shall be paid by the member or other source such as the member’s family, because AHCCCS is prohibited from covering R&B in these settings,
ii. The monthly R&B amount is determined by, and will be communicated to the member by, the ALTCS Contractor, and
iii. Once the member has selected an Assisted Living Facility placement option and prior to the member residing in the facility, review, and signature by all parties of the Assisted Living Facility Residency Agreement is required. Refer to AMPM Chapter 1600 Exhibit 1620-15. Review and completion by the Contractor of the Assisted Living Facility Member Financial Change Agreement is required, when appropriate, to update the R&B amount whenever the member’s income or facility rate changes. Refer to AMPM Chapter 1600 Exhibit 1620-16.

3. Any member who lives in their Own Home shall be allowed to remain in their Own Home as long as HCBS are cost effective. Members cannot be required to enter an Alternative HCBS placement/setting that is “more” cost effective.

4. Members shall be informed that they have the choice to select their spouse to be the member’s paid caregiver for medically necessary and cost effective services (provided the spouse meets all the qualifications as specified in the attendant care section of AMPM Policy 1240.) The Case Manager shall be available to assist member/spouse with this decision but is not expected to contact the applicable agencies for the member to determine the impact of the change in the spouse’s income on eligibility for programs. The Spouse Attendant CareAcknowledgement of Understanding form (AMPM Chapter 1600 Exhibit 1620-12) shall be signed by the member and spouse prior to the authorization of the member’s spouse as the paid caregiver and at least annually thereafter.

5. Upon the member’s/HCDM’s agreement to the PCSP, the Case Manager is responsible for coordinating the services with appropriate providers.
A provider’s compliance with the U.S. Department of Labor, Fair Labor Standards Act, has no bearing on a member’s assessed needs and corresponding authorized services and service hours.

Placement within an appropriate setting and/or all services to meet the member’s needs shall be provided as soon as possible. A decision regarding the provision of services requested shall be made within 14 calendar days following the receipt of the request/order (three business days if the member’s life, health or ability to attain, maintain or regain maximum function would otherwise be jeopardized). Refer to Title 42 CFR 438.210 for more information.

Services determined to be medically necessary for a newly enrolled member shall be provided to the member within 30 calendar days of the member’s enrollment. Services for an existing member shall be provided within 14 calendar days following the determination that the services are medically necessary and cost effective.

Contractors shall develop a standardized system for verifying and documenting the delivery of services with the member/HCDM after authorization.

6. The Case Manager shall ensure that the member/HCDM understands that some long-term care services (such as home health services or Durable Medical Equipment [DME]) shall be prescribed by the PCP. A decision about the medical necessity of these services cannot be made until the PCP writes an order for the service. All orders for medical services shall include the frequency, duration, and scope of the service(s) required, when applicable.

7. If an ALTCS member does not have a PCP or wishes to change PCP, it is the Case Manager or designated staff’s responsibility to coordinate the effort to obtain a PCP or to change the PCP.

8. The Case Manager shall also verify that the needed services are available in the member’s community. If a service is not currently available, the Case Manager shall substitute a combination of other services in order to meet the member’s needs until such time as the desired service becomes available (for example, a combination of personal care or home health aide and homemaker services may substitute for attendant care). A temporary alternative placement may be needed if services cannot be provided to safely meet the member’s needs.

9. The Case Manager shall ensure members have access to transportation and support for the purpose of visiting potential licensed residential or non-residential settings specified in AMPM Policies 1230-A, 1230-C, 1240-B, 1240-E and 1240-J prior to making a decision on where to live or receive services.

10. The Case Manager is responsible for developing The PCSP utilizing AMPM Chapter 1600 Exhibit 1620-10. The PCSP shall identify the member’s strengths, goals, preferences, needs, and desired outcomes. The role of the Planning Team in developing the PCSP is to support the member in communicating their vision for the future. The PCSP shall include the full range of assessed services and supports identified to assist the member in achieving their
established goals. For each ALTCS covered service, the PCSP shall document the frequency/quantity of the service including any change to the service since the last PCSP meeting. Every effort shall be made to ensure the member/HCDM understands the PCSP, including if the member/HCDM agrees or disagrees with each service authorization. The Case Manager shall engage the Contractor in reasonable conflict resolution efforts to resolve issues related to member’s disagreement with the PCSP.

The PCSP shall be reviewed according to the timeframes specified in AMPM Chapter 1600 Exhibit 1620-1 or sooner if there is a change to the member’s functional needs, circumstances, individual goals, or at the member’s request. If the member is physically unable to sign, the Case Manager shall document how the member communicated their agreement/disagreement. If the member is unable to participate due to cognitive limitations and the member does not have a HCDM, the Case Manager shall leave the PCSP unsigned and document the circumstances. The Case Manager shall provide a copy of the PCSP to the member/HCDM and maintain a copy in the case file. The Case Manager shall also provide a copy of the PCSP to the individuals selected by the member/HCDM, as specified in the PCSP.

The Case Manager shall assess for risks, while considering the member’s right to assume some degree of personal risk and include measures available to reduce risks or identify alternate ways to achieve individual goals.  

11. If the member/HCDM disagrees with the PCSP and/or authorization of placement/services (including the amount and/or frequency of a service), the Case Manager shall provide the member/HCDM with a Notice of Adverse Benefit Determination (NOA) that explains the member’s right to file an appeal regarding the placement or PCSP determination. In addition to the grievance and appeals procedures described above, the Contractor shall also make available the grievance and appeals processes as specified in 9 A.A.C 21 Article 4, ACOM Policy 444, and ACOM Policy 446 for persons determined to have a Serious Mental Illness (SMI) under Arizona law refer to Inter Governmental Agreement.

Contractors shall ensure that all issues presented by the member in the appeal are fully addressed and explained in the Notice of Appeal Resolution (NOAR). It is further expected that the Contractor shall communicate with the member’s provider(s) before issuing the NOAR to ensure the Contractor has thorough, timely, and accurate information to adjudicate the appeal. For service-related decisions in which the appeal is not upheld, the NOAR shall clearly explain the specific treatment alternatives and services that are available for the member to consider such as step therapies or more cost effective, clinically appropriate treatment alternatives. Upon receipt of a request for hearing, Contractors are required to thoroughly review their determination to ensure that the decision is complete, is legally and factually accurate as well as relevant to the appealed matter, and that it supports the Contractor’s determination. The Contractor shall also promptly evaluate any new information that is submitted with the request for hearing. Sufficiently in advance of the date of the hearing, the Contractor shall contact the member to explain the reasons for the Decision and make reasonable efforts to resolve the member’s concerns outside of the hearing process.
12. For contingency planning requirements of provider agencies, refer to AMPM Policy 540. For contingency planning requirements of case managers for members utilizing the Self-Directed Attendant Care Member Directed Option, refer to AMPM Policy 1320-A.

13. Members who reside in “Own Home” settings should be encouraged and assisted, as indicated, by the Case Manager to have a disaster/emergency plan for their household that considers the special needs of the member. Case Managers shall document the discussion with the member/HCDM. Informational materials are available at the Federal Emergency Management Agency’s (FEMA) website at www.fema.gov or www.ready.gov.

14. Members who reside in out-of-home residential placements shall be regularly assessed to determine if they are in the most integrated setting possible for their needs. Members are permitted to change to a less restrictive placement, as long as needed services are available and cost effective in that setting.

15. If the member will be admitted to a nursing facility, the Case Manager shall ensure and document that a Pre-Admission Screening and Resident Review (PASRR) Level I screening and Level II evaluation, if indicated, have been completed prior to admission. Refer to AMPM Policy 680-C for more information.

16. If the member/HCDM does not intend to pursue receiving HCBS or institutional services, the Case Manager shall review the ALTCS member handbook and inform the member/HCDM on the process for voluntary withdrawal and guide the member/HCDM on seeking services through an AHCCCS Acute Care Contractor or other programs.

If the member refuses long term care services that have been offered or refuses to allow the Case Manager to conduct a review visit in accordance with the required timeframes and locations but does not wish to withdraw from the ALTCS program, the case shall be referred for an evaluation of Acute Care Only eligibility via the Electronic Member Change Report (EMCR) process. The member/HCDM shall be advised that the member may be disenrolled from the ALTCS program depending on the member’s income. The EMCR and documentation that further describes the circumstances of the member’s refusal to accept ALTCS services should be sent to the AHCCCS/Division of Health Care Management (DHCM) Medical Management (MM) Unit.

Refer to AMPM Chapter 1600 Exhibit 1620-2 for a hard copy of the ALTCS Member Change Report (MCR) form. AMPM Chapter 1600 Exhibit 1620-2 also provides guidelines on circumstances for which an EMCR is needed and AMPM Chapter 1600 Exhibit 1620-4 describes and gives examples of member situations for which an Acute Care Only “D” placement is appropriate.
