On or before July 1 in 2024, 2025 and 2026, the Arizona health care cost containment system administration shall submit a report to the joint legislative budget committee regarding the use of the monies from the on-call obstetrics and gynecological services line item, including the number of deliveries and emergency procedures provided by the on-call health care providers for which the monies were spent.

Below please find the Community Health Center (CHC) on-call obstetrics and gynecological statistics for calendar year 2025.

  - Little Colorado Health Clinic
  - Regional Center for Border Health (San Luis)
- The four community health centers have received a total of \$2,500,000 from the third year of the program.
