

April 28, 2026

The Honorable Katie Hobbs  
Governor of Arizona  
1700 W Washington  
Phoenix, Arizona 85007

The Honorable Warren Petersen  
President, Arizona State Senate  
1700 W Washington  
Phoenix, Arizona 85007

The Honorable Steve Montenegro  
Speaker, Arizona House of Representatives  
1700 W Washington  
Phoenix, Arizona 85007

Dear Governor Hobbs, President Petersen, and Speaker Montenegro:

Pursuant to A.R.S. 36-2023(C)(6), AHCCCS is required to submit an annual report on its substance use disorder (SUD) treatment programs. This report for SFY2025 annual reporting includes the names and locations of each program, the amount and sources of funding for each program, the number of clients who received services during the preceding fiscal year, the demographic descriptions of clients served, and a population description of client problems addressed by the programs, including the types of substances used. This report also includes a summary of the types of services available and provided during the preceding fiscal year and an evaluation of the results achieved.

If you have any questions regarding this report, please feel free to contact Damien Carpenter, Chief Legislative Liaison at (602) 396-0767.

Sincerely,

Roberta Harrison  
Interim Director

Cc: Ben Henderson, Director, Governor's Office of Strategic Planning and Budgeting  
Richard Stavneak, Director, Joint Legislative Budget Committee  
Meaghan Kramer, Health Policy Advisor, Office of Governor

# Substance Use Treatment Programs

## State Fiscal Year 2025

### Background

The Arizona Health Care Cost Containment System (AHCCCS) is the single state Medicaid agency for the State of Arizona. In that capacity, it is responsible for operating the Title XIX and Title XXI programs through the State's 1115 Research and Demonstration Waiver, which was granted by the Centers for Medicare and Medicaid Services (CMS), U.S. Department of Health and Human Services (HHS). As of November 2025, AHCCCS provides coverage to approximately 2 million members in Arizona. AHCCCS also administers several Non-Title XIX programs through federal grant funds received from the Substance Abuse and Mental Health Services Administration (SAMHSA) under HHS.

AHCCCS has conducted an assessment of its Substance Use Disorder (SUD) treatment programs and services in accordance with the requirements outlined in Arizona Revised Statutes (A.R.S.) §36-2023(C)(6):

*Prepare an annual report on drug abuse treatment programs in this state that receive monies from the administration to be submitted by January 1 of each year to the governor, the president of the senate, and the speaker of the house of representatives and to be made available to the general public through the Arizona drug and gang prevention resource center. The report shall include:*

- (a) The name and location of each program.*
- (b) The amount and sources of funding for each program.*
- (c) The number of clients who received services during the preceding fiscal year.*
- (d) A description of the demographic characteristics of the client population served by each program, including age groups, gender and ethnicity.*
- (e) A description of client problems addressed by the programs, including the types of substances abused.*
- (f) A summary of the numbers and types of services available and provided during the preceding fiscal year.*
- (g) An evaluation of the results achieved by the programs.*

In preparation of this report, AHCCCS utilizes updated member billing information, using specific parameters to focus on substance use treatment programs and the services they provided within the report period from AHCCCS Complete Care (ACC) Plans, including AHCCCS Complete Care Plans with Regional Behavioral Health Agreements (ACC-RBHAs), and Tribal Regional Behavioral Health Authorities (TRBHAs). Information in this report includes but is not limited to demographic information for members utilizing SUD treatment services and levels of care during the reporting period (detoxification, residential, outpatient, medication-assisted treatment (MAT), etc.), and funding sources used to pay for SUD treatment services.

While Title XIX/XXI funds provide coverage for most of the treatment services, several Non-Title XIX/XXI funding sources are utilized to provide and expand coverage for services to individuals in need across the state. NTXIX/XXI funds are used to increase behavioral health services to Medicaid members and provide treatment services to individuals who otherwise would not have access to such care (i.e., uninsured or underinsured). Additionally, they fund critical efforts and outreach that remove barriers and create pathways to treatment, support retention, engagement, and success in treatment (e.g., gender-specific, family, and peer support efforts), and prevent overdose deaths through education, access to naloxone, and fentanyl test strips.

## Substance Use Treatment Programs State Fiscal Year 2025

In State FY 2025, AHCCCS revised the methodology used to gather SUD treatment services data to more accurately reflect members served by and specific SUD-related treatment services provided to those members during this report year. The methodology for State FY 2025 used AHCCCS billing data and financial reports to determine the number of members with a SUD diagnosis and the treatment provided to those members. SUD Legislative Reports prior to State FY 2024 utilized only billing data of SUD providers as reported and identified by the Managed Care Organizations (MCOs). Though this information provided some information, AHCCCS determined that it did not thoroughly reflect the true number of members receiving treatment for a SUD diagnosis(es) and the treatment setting. As such, AHCCCS evaluated enrolled members with an active (not in remission) SUD diagnosis and provider types utilizing SUD-specific treatment codes from claims and encounters data.

The data in this report demonstrates significant changes in the members living with a SUD diagnosis and receiving treatment to address their SUD from previous years due to changes in the manner in which data was pulled for this report. This methodology of identifying members and treatment services is a more accurate representation of the services provided to both TXIX/XXI and NTXIX/XXI members during State FY25. Methodological changes in data gathering are in response to improved understanding of data collection and analysis for this population. In addition, this legislative report provides demographic information for members who have a SUD diagnosis in any position.

The AHCCCS Office of Inspector General and the Arizona Attorney General’s Office launched a multiagency review and investigation of potential fraud, waste and abuse among behavioral health residential and outpatient behavioral health services between 2023 and 2024. This investigation and strategies to address fraud, waste, and abuse continue both by AHCCCS and the Arizona Attorney General’s Office. Ongoing strategies to address fraud, waste, and abuse have led AHCCCS to continually revise the methodology for assessing and accounting for treatment services and members involved in SUD-related treatment included in subsequent legislative reports.

Utilization data in this report are for dates of service in State FY 2025 from July 1, 2024, through June 30, 2025, and were extracted in November 2025. Due to the four-month claims and encounters submission lag from the last date of service, data may be slightly under-reported. Lag is related to billing delays of up to 90 days for health plan submission and time for AHCCCS to process billing. This lag is not likely to result in significant changes in the overall numbers included in this report, due to the 90-day timeline required for submissions to be paid in full.

### Location of Substance Use Disorder Treatment Programs

The locations of the state’s SUD treatment programs are divided into three distinct geographic service areas (GSAs) throughout the state with oversight provided by MCOs, including ACC-RBHAs, and TRBHAs. The GSA served by each ACC, ACC-RBHA, and TRBHA are indicated below.

ACC, ACC-RBHA and TRBHA	GSA
Arizona Complete Health - ACC-RBHA	Central & South
Banner University Family Care - ACC	Central & South
Care1st - ACC	Central & North
Gila River Indian Community - TRBHA	Central & South

## Substance Use Treatment Programs State Fiscal Year 2025

Health Choice Arizona - ACC	Central & North
Mercy Care - ACC-RBHA	Central
Molina Healthcare - ACC	Central
Pascua Yaqui Tribe - TRBHA	South
UnitedHealthcare - ACC	Central & South
White Mountain Apache Tribe - TRBHA	North & South

The MCOs are required to maintain a comprehensive network of behavioral health providers to deliver intervention and treatment services to members enrolled in the AHCCCS system. This structure allows communities to provide services in a manner appropriate to meet the unique needs of members and families residing within their local areas. Appendix A lists the names and locations of providers throughout the state that provided AHCCCS funded Substance Use Treatment Services during State FY 2025. The total number of contracted providers for each health plan are summarized below. AHCCCS registered providers may also provide services to AHCCCS members and bill AHCCCS directly; these providers are represented in the table below categorized by fund source.

Claim Health Plan Name (ACC, ACC-RBHA, TRBHA, etc.)	Number of SUD Providers by payor <sup>1</sup>
FEDERAL EMERGENCY SERVICE	13
FFS REGULAR	3
AHCCCS SLMB-PART B BUY-IN	9
AHCCCS QI1-PART B BUY-IN	1
FFS TEMPORARY	19
AHCCCS QMB - ONLY	84
FFS PRIOR QUARTER	11

SAN CARLOS APACHE	2
HOPI	1
AHCCCS AMERICAN INDIAN HP	1,103

### Program Funding

AHCCCS spent approximately \$582,342,402<sup>2</sup> on Substance Use Disorder Treatment Services for members and families during State FY25. Medicaid was the largest source of funding for SUD treatment. Other major sources of funding include the Substance Use Block Grant (SUBG) and federal discretionary funds awarded to the agency.

**Table I: Substance Use Disorder Treatment Funding Summary  
State FY 2025 - July 1, 2024, to June 30, 2025**

Fund Source <sup>3</sup>	Dollar Amount	Percentage
Medicaid Funding (State Match and Title XIX)	\$510,589,467	87.7%
Federal: Substance Use Block Grant (SUBG)	\$34,310,921	5.9%
Federal: Other (Discretionary Funds)	\$33,310,782	5.7%
State Appropriated	\$2,525,974	Less than 1%
Substance Use Disorder Services Fund	\$41,262	Less than 1%

<sup>2</sup> This number does not include treatment services funded under the American Rescue Plan Act (ARPA) (period of performance 09/01/2021-09/30/2025). These funds predominantly support non-encounterable SUD treatment and recovery services and activities that are reimbursed through a cost reimbursement mechanism outside of the AHCCCS claims and encounters system.

<sup>3</sup> Funding in Table I represents grant, state appropriated, and local funding through TRBHAs/ACC-RBHAs as well as Medicaid funding for all AHCCCS programs including ACC-RBHA, ALTCS-EPD, ACUTE, Children's Rehabilitative Services (CRS) and the American Indian Health Plan (AIHP). Funding includes administrative components and other amounts that will not be reflected in the provider level substance abuse utilization data in this report (Table VI) which is specific to the total claims associated with a provider. Federal Discretionary funding includes, but is not limited to, the SOR II and SOR III grants and the State Pilot Grant Program for Treatment of Pregnant and Postpartum Women (PPW-PLT). The State Appropriated line represents Crisis Services for individuals with a SUD which includes behavioral health services.

## Substance Use Treatment Programs State Fiscal Year 2025

Intergovernmental Agreements: Maricopa County; City of Phoenix Central City Addiction Recovery Center	\$1,489,871	Less than 1%
Liquor Fees	\$74,125	Less than 1%
<b>Total Funding:</b>	<b>\$582,342,402</b>	<b>100.0%</b>

### Enrolled and Served Demographics

AHCCCS policy requires that members with behavioral health needs undergo a clinical assessment to be reviewed by a clinician through a mental health or substance use treatment program. The information gathered during this assessment process includes several identifiable factors, such as race and ethnicity, gender, and reasons for seeking treatment. Members identified in this report include those with a SUD diagnosis listed in any position in a billing statement who were enrolled in AHCCCS and received a SUD treatment service (Appendix A) during State FY25.

The tables below detail the member demographics by GSA and provide statewide totals. In State FY 2025, there were 143,997 members enrolled in AHCCCS who received at least one SUD treatment service. The Central GSA has the largest AHCCCS population in the state and consistent with its overall AHCCCS membership, representing 62.2% of the members receiving SUD treatment services.

**Table II: Members Served with a Substance Use Disorder by GSA State FY 2025 - July 1, 2024 to June 30, 2025.**

GSAs	Count	Percentage
North	18,944	13%
South	38,220	26.5%
Central	89, 553	62.2%
<b>Statewide<sup>4</sup></b>	<b>143,997</b>	<b>100.0%</b>

<sup>4</sup> Members can and do move from one category, i.e. GSA, to another within the reporting period. Each row represents an unduplicated count of members, and the summary line is distinct in total across the entire table (statewide).

## Substance Use Treatment Programs State Fiscal Year 2025

**Table III: Gender of Members Served with a Substance Use Disorder by GSA State FY 2025 - July 1, 2024 to June 30, 2025.<sup>5</sup>**

### **Gender**

The percentage of males versus females served is consistent between GSAs and statewide, with the SUD treatment population comprising more men than women, which is consistent with previous years.

Gender <sup>6</sup>	North	South	Central
	Count	Count	Count
Female	8,033	15,941	36,295
Male	10,911	22,279	53,258

### **Race and Ethnicity**

Most members who were enrolled and received a SUD treatment service in State FY 2025 identified as White. As the table illustrates, African American and American Indian members comprised the second and third most frequent members utilizing SUD services. For a significant number of members, no race or ethnicity was reported during this period.

**Table IV: Race/Ethnicity of Members Served with a Substance Use Disorder by GSA State FY 2025 - July 1, 2024, to June 30, 2025<sup>7</sup>**

Race/Ethnicity <sup>8</sup>	North	South	Central
	Count	Count	Count
African American	309	2,009	9,527
Asian	72	213	565
Data Unavailable	2,920	10,222	24,708
Hispanic	48	480	1,059
Multiracial	1,079	1,493	154
Native American	5,178	3,064	8,979
Native Hawaiian/ Pacific Islander	31	109	266
White	9,307	20,630	44,295

<sup>5</sup> Members often have more than one substance use type diagnosis, often on the same claim. Overall totals are distinct/unique counts of members over the entire report.

<sup>6</sup> Data Source: AHCCCS enrollment data set.

<sup>7</sup> Members often have more than one substance use type diagnosis, often on the same claim. Overall totals are distinct/unique counts of members over the entire report.

<sup>8</sup> Data Source: AHCCCS enrollment data set. Per Federal law, members are not required to provide race or ethnicity in order to be eligible for Medicaid.

## Substance Use Treatment Programs State Fiscal Year 2025

### Age

An aggregate review of the age data indicates that the majority of members with a SUD diagnosis who received services in SFY2025 were adults age 18 and older, with the largest population falling between the ages of 25-44. The second most common age group served was adults aged 45-64. Very few members in the 5-11 age range appear in the data and entries for both the birth – 4 and 5-11 groups represent only a very small share of all members served. These younger age groups are included because the methodology captures members with any SUD diagnosis listed among the top five diagnoses on encounters; in these cases, the diagnoses reflect co-occurring mental health and substance use-related diagnostic coding rather than primary SUD diagnosis for young children. The data related to children aged birth-4 are presumed to be diagnostic coding errors and related to parental substance use.

**Table V: Age of Members Served with a Substance Use Disorder by GSA State FY 2025 - July 1, 2024 to June 30, 2025**

Age Distribution <sup>9</sup>	North	South	Central
	Count	Count	Count
Birth - 4 <sup>10</sup>	2	2	15
5-11	5	25	12
12 - 14	119	208	455
15 - 17	597	911	2,285
18 - 20	590	1,040	2,297
21 - 24	996	1,974	4,736
25 - 44	9,916	19,638	50,064
45 - 64	5,775	12,164	26,232
65+	944	2,258	3,457

### Substance Use Disorders Addressed by the Programs

Table VI below illustrates the number of members with each SUD diagnosis by substance use type as identified via provider billing. Alcohol and opiates were the most commonly reported substances used statewide by those in treatment in State FY 2025, followed by Methamphetamine/Other Stimulants and Marijuana/Hashish. The most abused substance used varied by GSA. In the North and Central GSAs, alcohol was the most commonly abused substance and Opiates were reported as the most commonly abused substance in the South GSA.

The total count in Table VI for each substance may represent members with multiple diagnostic codes based on substances used; however, total are de-duplicated members. Members are not de-duplicated by GSA and may be counted more than once if they received services in more than one GSA in the reporting period.

**Table VI: Substance Use Diagnosis(es) Type by GSA State FY 2024 - July 1, 2024, to June 30, 2025**

	North	South	Central
--	-------	-------	---------

<sup>9</sup> Data Source: AHCCCS enrollment data set.

<sup>10</sup> Children aged 11 years old and younger are included in this report and AHCCCS is following up with the providers to engage in education and training regarding appropriate diagnosis of children.

## Substance Use Treatment Programs State Fiscal Year 2025

Substance Type <sup>11</sup>	Count	Count	Count
Alcohol	8,896	11,222	29,022
Cocaine/Crack	251	2,276	4,287
Hallucinogen	83	304	549
Inhalants	23	34	93
Marijuana Hashish	3,991	8,529	23,128
Opiates	4,066	13,852	33,131
Other Psychoactive	677	1,873	4,852
Other Sedative	243	849	2,422
Methamphetamine/Other Stimulant	4,370	11,040	29,707

### Summary of Services

AHCCCS maintains a comprehensive service delivery network providing behavioral health prevention, intervention, and treatment programs to members with general mental health conditions, a designation of Serious Emotional Disturbances (SED) (among children and adolescents), Serious Mental Illness (SMI) (among adults), and/or SUD. AHCCCS covers a variety of age-appropriate SUD screening services.

With respect to SUD treatment, AHCCCS works with Contractors and TRBHAs to ensure the service delivery network presents individuals with a choice of multiple, highly qualified providers, each offering varying levels of care spanning multiple treatment modalities. AHCCCS continues to work with Contractors to ensure a robust network of SUD providers to serve members throughout Arizona.

Services are grouped into eight major categories: inpatient, support, medical/pharmacy, residential services, treatment, crisis, behavioral health day programs, and rehabilitation. Table VII details the array of SUD services offered.

**Table VII: Services Available to Members State FY 2025 - July 1, 2024, to June 30, 2025<sup>12</sup>**

Service Category <sup>13</sup>	Description
1. Inpatient Services	Inpatient detoxification and treatment services delivered in hospitals and subacute facilities, including Level I residential treatment centers that provide 24-hour supervision, an intensive treatment program, and on-site medical services.
2. Support Services	Case management, personal care services, home care training, family support, self-help/peer support and recovery coaching services, therapeutic foster care (TFC), unskilled respite care, permanent supportive housing, and transportation.

<sup>11</sup> Data Source: AHCCCS enrollment data set.

<sup>12</sup> Members can and do move from one category, i.e. GSA, to another within the reporting period. Each row represents an unduplicated count of members, and the summary line is distinct in total across the entire table (statewide).

<sup>13</sup> [AHCCCS Medical Policy Manual \(AMPM\) 310-B Title XIX/XXI Behavioral Health Services Benefit](#) and AHCCCS list of behavioral health service codes

## Substance Use Treatment Programs State Fiscal Year 2025

3. Medical and Pharmacy	Medications and medical procedures (e.g., laboratory/radiology and medical imaging, medical management, and electro-convulsive therapy [ECT]) that relieve symptoms of addiction and/or promote or enhance recovery from addiction. Pharmacy has been separated in the expenditure table below.
4. Residential Services	Residential treatment with 24-hour supervision. Skills training and development; psychosocial rehabilitation living in skills training, cognitive rehabilitation, health promotion, psychoeducational services.
5. Behavioral Health Day Programs	Skills training and ongoing support to improve the individual's ability to function within the community. Specialized outpatient substance abuse programs provided to a person, group of persons, and/or families in a variety of settings.
6. Treatment Services	Assessment, evaluation (non-court ordered), and screening services; behavioral health counseling and therapy; psychophysiological therapy and biofeedback, intensive outpatient behavioral health services
7. Crisis Intervention	Stabilization services provided in the community, hospitals, and residential treatment facilities (e.g., crisis call centers, crisis mobile teams, crisis observation and stabilization, etc.)
8. Rehabilitation Services	Living skills training, cognitive rehabilitation, health promotion, and ongoing support to maintain employment.

The services listed in Table VII are available to all AHCCCS members. Limitations may apply to grant-funded services and are covered based on each members' individualized treatment plan. Additional Non-Title XIX/XXI covered behavioral health services for members with SUD diagnosis(es) are outlined in the AHCCCS Medical Policy Manual (AMPM) Policy 320-T1<sup>14</sup> and Exhibit 300-2B.<sup>15</sup>

Table VIII shows utilization of these service categories via the number of claims, and amounts paid to providers, for AHCCCS members diagnosed with a SUD diagnosis(es) in any position for billing purposes. It should be noted that the data in Table VI represents all services included in Table V provided to members with a SUD diagnosis who received at least one paid service from any of the providers in Appendix A.

**Table VIII: Utilization by Service Category (Based on Number of Claims and Paid Amount)  
State FY 2025 - July 1, 2024, to June 30, 2025<sup>16</sup>**

### Summary of Medication-Assisted Treatment (MAT) Services

MAT services are defined in AMPM 660<sup>17</sup> as “The use of medications in combination with counseling and behavioral therapies for the treatment of substance use disorder.” MAT is considered a gold-standard, evidence-based treatment modality for SUD. According to SAMHSA,<sup>18</sup> research shows that this combination of medication and therapy can successfully treat SUD, help sustain recovery, and prevent or reduce opioid overdose. AHCCCS requires MCOs, TRBHAs, and Contracted Health Plans to maintain a comprehensive network of MAT providers throughout the state. In line with the evidence-based best practice for SUD treatment, MAT, Medications for Opioid Use Disorder (MOUD), and Medications for Alcohol Use Disorder (MAUD) treatment providers use a combination of counseling and ancillary support services with medications for the treatment of SUD. While MAT services are often focused on the Medications for OUD (MOUD) such as methadone, buprenorphine (Suboxone and/or Subutex), or naltrexone, it is important to recognize that MAT may also refer to MAUD. AHCCCS covers MAT medications and services to ensure the availability of necessary, safe, and cost-effective medications for the treatment of applicable SUDs.

Through AHCCCS’ response to the opioid epidemic, efforts have been focused toward enhancing the State’s multi-sector strategic plan to address the gaps in prevention, treatment, and recovery support. These specific initiatives include increasing access to OUD treatment by expanding access to OUD specific MAT, increasing public awareness through stigma reduction and education, enlisting new OUD specific MAT providers, and increasing access to peer support services and recovery support options. Arizona’s 24/7 access to care points, and approach that is unique to the state, ensure immediate, real-time access to services for individuals interested in treatment, regardless of the time or day. This model reduces barriers to care and supports rapid connection to treatment at critical moments of readiness. Additionally, AHCCCS maintains the [Opioid Services Locator](#), a real-time, public-facing digital platform to identify resources including MOUD availability, points of naloxone distribution, and treatment bed availability. Individuals may filter by type of services, ZIP code, agency, and/or population that a provider may serve.

<sup>17</sup> [AHCCCS Medical Policy Manual 660 Opioid Treatment Program](#)

<sup>18</sup> [SAMHSA Medications for Substance Use Disorders](#)

## Substance Use Treatment Programs State Fiscal Year 2025

Table IX details unique member counts for MAT utilization by GSA. Across the state, a total of 37, 685 members utilized MAT medication services, the majority in the Central GSA.<sup>19 20 21 22</sup> Internal AHCCCS analysis also indicated there was no overlap between inpatient and BHRF settings in conjunction with MAT Services.

---

<sup>19</sup> Data Source: AHCCCS Encounter and Claims Data.

<sup>20</sup> Utilization data used in this report are for dates of service in State Fiscal Year (SFY) 2025 from July 1, 2024 through June 30, 2025 and were extracted in November 2025. Due to the four-month lag from the last date of service, data may be slightly understated.

<sup>21</sup> Medication Assisted Treatment (MAT) in this report refers to members diagnosed with Opiate Use Disorder (OUD) (diagnosed within 90 days of the MAT) who are receiving medication to treat opioid dependence and addiction.

<sup>22</sup> Members can and do move from one category, (i.e., GSA, to another within the reporting period). Each row represents an unduplicated count of members, and the summary line is distinct in total across the entire table.

## Substance Use Treatment Programs State Fiscal Year 2025

**Table IX: MAT Utilization**

MAT Utilization	North	South	Central
	Number of Members Utilizing	Number of Members Utilizing	Number of Members Utilizing
Total	3,414	9,874	24,985

Table X details unique member counts utilizing MAT services as well as the additional services listed. Support Services were most frequently used in conjunction with MAT. Treatment and medical services were the second and third services used by members in conjunction with MAT Statewide. In each GSA, support and treatment services were consistently the most utilized services for members engaged in MAT treatment.

**Table X: Services in Conjunction with MAT**

Support Services Type	North	South	Central
	Number of Members Utilizing	Number of Members Utilizing	Number of Members Utilizing
Rehabilitation Services	403	526	2,305
Residential Services	104	215	1,795
Support Services	2,866	8,990	20,983
Treatment Services	2,740	8,228	20,022
Rehabilitation Services	403	526	2,305
Residential Services	104	215	1,795
Support Services	2,866	8,990	20,983
Treatment Services	2,740	8,228	20,022

Another key component of Arizona’s strategy for preventing overdose deaths from opioids is through increasing community access to naloxone, a lifesaving opioid overdose reversal medication. AHCCCS continues to partner with contracted network providers and first responders to enhance statewide naloxone distribution and accessibility. AHCCCS State Opioid Response (SOR) Grant and Substance Use Block Grant (SUBG) funds have supported this effort through partnerships with the Arizona Department of Health Services (ADHS) as well as Sonoran Prevention Works (SPW); each have acted as essential figures in the distribution of naloxone to several entities and the public. AHCCCS partners with ADHS and supplies naloxone to a variety of community organizations including county health departments, community health centers, coalitions, harm reduction organizations, colleges and high schools, faith-based organizations, and other organizations/agencies reaching populations at high risk of overdose. ADHS, in partnership with AHCCCS, also supplies naloxone to first responders and hospital emergency departments who encounter particularly vulnerable and overdose-susceptible populations. Naloxone administration data gathered by ADHS recorded that as of December 2025, 4,775 overdose reversals were reported by community partners, 73% of suspected non-fatal overdoses responded with naloxone administered, and 1.2 average naloxone doses administered per suspected non-fatal opioid overdose response.<sup>23</sup>

## Substance Use Treatment Programs State Fiscal Year 2025

### Evaluation

A full application/plan for the Substance Use Block Grant (SUBG) funds is due to the Substance Abuse Mental Health Services Administration (SAMHSA) every two years. As part of the application/plan, AHCCCS establishes goals and objectives related to SUD treatment and recovery services that include baseline measures and 1-year and 2-year targets for the planning period for each priority population or service as outlined by SAMHSA. Using these required focus areas, AHCCCS uses recent needs assessments, reports, and stakeholder engagement information to develop indicators and targets that are most relevant to our state. Progress on these goals and objectives is then reported annually to SAMHSA in the Annual SUBG Report in December. Once approved by SAMHSA, the finalized reports can be found on the [AHCCCS SUBG webpage](#).

The relevant goals, objectives and progress reported for the most recent fiscal year are as follows:

1. Increase the utilization of SUD treatment and related medical services for women, pregnant and postpartum women and their babies. Objectives and progress are as follows:
  - 1.1. *Increase the % of females with an SUD diagnosis who receive any SUD treatment service.* The percent of females with an SUD diagnosis who receive an SUD treatment service was sustained at 99.35% in SFY 2024 to SFY 2025.
  - 1.2. *Increase the % of pregnant and postpartum females with an SUD diagnosis who received an SUD treatment service.* The percent of pregnant and postpartum females with an SUD diagnosis who receive an SUD treatment service increased from 99.39% in SFY2024 to 99.49% in SFY 2025.
  - 1.3. *Increase the % of pregnant and postpartum females with an SUD diagnosis who received an OB, prenatal care, and/or postnatal care service.* The percent of pregnant and postpartum females with an SUD diagnosis who receive an OB, prenatal care, and/or postnatal care service reduced from 27.06% in SFY2024 to 25.64% in SFY 2025. Identified barriers include changes in funding related to the loss of ARPA dollars, transportation, childcare, stigma, lack of partner support, and the demands of parenting AHCCCS continues to collaborate with health plans, TRBHAs, and providers to minimize identified barriers to females receiving this important care.
  - 1.4. *Increase the % of babies with a diagnosis of Neonatal Abstinence Syndrome (NAS), Substance Exposed Newborns (SEN), or Neonatal Opioid Withdrawal Syndrome (NOWS) who received a treatment service within 30 days of birth.* The percentage of babies with a diagnosis of NAS, SEN, or NOWS who received a treatment service within 30 days of birth increased from 97.04% in SFY2024 to 97.41% in SFY2025.
2. Increase the implementation of the statewide harm reduction program to reduce harm associated with substance use.
  - 2.1. *Increase the number of unique individuals served by the statewide harm reduction program, from 73,696 (Jan 1 - Dec 31, 2023) to 77,381 (Jan 1 – Dec 31, 2024).* In the calendar year 2024, the statewide harm reduction program served 67,319 individuals. The program reports distributing 172,510 doses of naloxone statewide, engaging more than 13,636 community members in evidence-based harm reduction education training sessions at no cost to members, and referring nearly 5,319 individuals who use drugs to additional care and services related to mental health, substance use disorder, and infectious diseases. AHCCCS is working with programs providing harm reduction services to ensure alignment with the most recent presidential executive orders.
3. Provide access to services and supports that increase opportunities and success for recovery among SUD members

## Substance Use Treatment Programs State Fiscal Year 2025

- 3.1. *Increase the number of Oxford Houses in Arizona that are supported by the ACC-RBHAs from 112 in SFY2024 to 115 in SFY2025.* The number of Oxford Homes in Arizona was 131 at the end of SFY2025, which is an increase from 118 at the close of SFY2024. AHCCCS and the ACC-RBHAs continue to support the expansion of Oxford House to provide more affordable and supportive options for substance-free living environments that assist people to maintain their recovery.
- 3.2. *Increase the number of members served with SUD Recovery Housing through Project Health and Home (PHH) from 62 in FFY2024 to 123 in FFY2025.* The number of unique members served by the end of FFY2024 was 55 with a total of 136 for the entire length of the program. PHH was funded with SUBG ARPA for which the grant cycle ended September 30, 2025.

AHCCCS is also required to report on National Outcome Measures (NOMs) for treatment and recovery services within the SUBG annual report to SAMHSA. These outcomes are reported from the Treatment Episode Data Set (TEDS) system. NOMs include employment/education status, stability of housing, criminal justice involvement, change in abstinence from alcohol use, change in abstinence from other drug use, social support of recovery, and length of stay of clients completing treatment. TEDS data is self-reported from providers and is limited in the number of episodes reported. For more information, visit [SAMHSA TEDS Frequently Asked Questions](#).

AHCCCS recognizes its role and responsibility to engage in oversight and monitoring. In the coming year, AHCCCS plans to engage in enhanced oversight and monitoring of SUD services and treatment by augmenting the annual Behavioral Health Clinical Chart Audit (BHCCA) used by health plans to audit behavioral health providers (including SUD) on an annual basis. Currently the BHCCA does not specifically measure outcomes of services provided to members or member benefits from services they receive; however, the next iteration of the BHCCA for 2026 will measure outcomes in addition to the quality, appropriateness, effectiveness, and efficiency of services provided. Further, the BHCCA will assess the appropriateness of diagnoses, diagnostic assessment, and treatment based on best practices to address the member's diagnosis(es), functioning, and goals. These efforts, along with established activities to monitor and oversee services, will enable AHCCCS to better understand SUD treatment and services being provided, support the contractors and providers that provide SUD treatment and services, and improve the lives of members receiving these services.
