5. An agency’s justification and reason why a rule should be made, amended, repealed, or renumbered to include an explanation about the rulemaking:
The CRS program was administered by the Arizona Department of Health Services (ADHS) until SB1619 Arizona Laws 2011 Regular Session was enacted directing the Administration to administer the CRS program.
SB1619 specified that the existing CRS program rules adopted by ADHS were left in effect "until superceded by rules adopted by [AHCCCS]." The Legislature enacted this change as part of a larger initiative by ADHS and AHCCCS to better integrate conditions provided to medically eligible with CRS related conditions while at the same time streamlining the administration of the program. Therefore, AHCCCS finalized rules to transition the ADHS requirements under AHCCCS as published in the Arizona Administrative Register August 24, 2012 and Arizona Laws 2011, Regular Session, Ch. 31, § 34, exempted AHCCCS from the requirements of A.R.S. Title 41, Ch.6., these rules were promulgated under exemption repealed, then repromulgated.

SB1528 Laws 2012, Chapter 299, Section 7 repealed the rule-making exemption authority and Section 8 stipulated that rules adopted through the previous year’s authority would expire December 31, 2013, absent specific statutory authority for those rules.

Under this rulemaking AHCCCS is cross-referencing CRS services provided for an ALTCS member to the acute care CRS rules that apply.
