Children with CRS qualifying conditions have, in the past, received services through multiple managed care contractors depending on the nature of the service required. This rule, like the rules referred to in Title 9, Chapter 22, Article 13, reflect changes to the responsibilities of contractors to achieve greater integration of care; that is, more services will be provided by a single managed care contractor.

A study was not referenced or relied upon when revising the regulations.

8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:

No significant changes were made between the proposed rulemaking and the final rulemaking. Technical and grammatical changes have been made as a result of review from the Governor’s Regulatory Review Council.

13. **A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:**

14. Whether the rule was previously made, amended or repealed as an emergency rule. If so, cite the notice published in the Register as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:
